C. Public Comment

Anonymous: GoGuardian is spyware. Pali High should not be participating in the digital surveillance of students.

GoGuardian collects an alarming amount of information about students, including: name, email address, Google Profile ID, Google Image URL, Microsoft Profile ID, and organizational unit as well as device identifiers; activity information such as chats, video conferencing recordings, a student's browsing history, IP address, online content, screenshots, and key percentage variance; grade, attendance, and assignment information; location information; and other information based on which product has been implemented. GoGuardian also states they share student information with their affiliates and others.

I am concerned about how monitoring software may be misused for disciplinary purposes and result in increased contact with law enforcement. I am concerned that monitoring software disproportionately targets students from marginalized groups, such as LGBTQ+ and minorities. I am concerned about the overall lack of privacy for all students.

Which GoGuardian product(s) has Pali implemented? What information is Pali looking for? When will it be looking (e.g. beyond school hours)? Does GoGuardian also collect information from any device that has logged into the school account? Does Pali intend to use students' online data, including social media, to detect such things as suicidal thoughts or drug use? What will be blocked? How do we opt out?

Anonymous: I would like to request that PCHS update its website regarding current Covid-19 policies and procedures. The website was last updated in August 2022, and the dashboard is not current. I would also like to request that the school make home tests available. Thank you.

VIII. Governance

A. BOT Goal Setting Retreat (Recap)

Sara Margiotta: I just wanted to do a recap of the goals we set at the BOT Goal Setting Retreat on September 9, 2023.

Food budget for sociocultural groups is problematic because if we do it for one or a few groups, we would need to provide that for all groups. Most groups have parent provided snacks, self-funded, or can potentially go to Booster Club or ASB.

Students need a place to publicize and increase a social media presence through Pali High's social media platforms. We need to connect with the moderators of these groups.

Field trips can be funded through funding requests at Booster Club.
