CLARKSVILLE - Compliance Reporting

Due Date	Description	Completed By
Feb-20	Certification of the First Principal Apportionment - The Principal Apportionment includes funding for the Local Control Funding Formula, the primary source of an LEA's general purpose funding; Special Education (AB 602); and funding for several other programs. The First Principal Apportionment (P-1), certified by February 20, is based on the first period data that LEAs report to CDE in November through January. P-1 supersedes the Advance Apportionment calculations and establishes each LEA's monthly state aid payment for February through May.	Charter Impact
Mar-05	CALPADS - Fall 2 deadline - Please be mindful that Level-2 certification within CALPADS means that these data have been reviewed and approved by your superintendent or IRC administrator. Failure to properly review and amend these data in CALPADS within the allotted amendment window will result in the improper certification of official Fall 2 data within CALPADS, which can impact a number of things, including LCFF funding, student course enrollments, staff assignments and English learner education services.	Charter Impact submits with data provided by CV
Mar-15	2nd Interim Financial Report - Local educational agencies (LEAs) are required to file two reports during a fiscal year (interim reports) on the status of the LEA's financial health. The first interim report is due December 15 for the period ending October 31. The second is due March 15 for the period ending January 31	Charter Impact
Mar-19	El Dorado SELPA Pre-Test for Year-End Maintenance of Effort (Special Education) - Report due to Charter school's SELPA. Maintenance of Effort (MOE) is a requirement that you spend each year at least what you spent last year in the area of special education (with some exceptions). If you reduce your special education budget (or expenditures) in a given year, you need to be careful to ensure that you have met the MOE requirement. This does not mean you can't reduce costs, but you must do so within the guidelines of federal MOE.	Charter Impact
Mar-31	Annual Audit Review and Board Approval - Charter Schools are required to submit an independent audit report to the CDE, the State Controller's Office (SCO), the local County Superintendent of Schools, and, if applicable, the chartering entity, by December 15 of each year. Note that the audit report due date was automatically extended to March 31, 2021, due to COVID-19.	CV with Charter Impact support

Practical Considerations

- Student allotments can only be accounted for as an expense when goods or services are received (i.e. they can't simply be "earmarked" to be spent in a future year).
- Reductions in spending of student allotments triggers the need to spend the funds on other instructional costs in order to meet 40/80 requirement.
- Spending of "rollover" student allotments in any year reduces the budgeted surplus and available funds.
 - Note: this impact is reduced by students who do not fully spend current allotment.

Title IX Sexual Harassment Policy and Grievance Procedures

Title IX is a federal civil rights law that protects people from discrimination based on sex in education programs or activities that receive federal financial assistance. While many associate Title IX strictly with equity in access to sports and facilities irrespective of sex, it also applies to sexual harassment, including sexual violence.

Title IX regulations found in 34 C.F.R. Part 106 require extensive standards and grievance procedures for complaints of sexual harassment. This Title IX policy is intended to comply with those standards and procedures. The Title IX regulations apply to complaints of sexual harassment made by employees or by students.

Title IX regulations define sexual harassment more narrowly than the school's code of conduct or employee handbook. Some complaints of sexual harassment will not fall within the sexual harassment definitions of Title IX's regulations but will fall within the sexual harassment definitions within the student code of conduct or employee handbook. Each complaint a school receives alleging sexual harassment should be examined to determine which grievance procedures need to be followed. Some complaints might implicate multiple grievance procedures.

The purpose of the Clarksville Charter School Governing Board approving this Title IX Sexual-Harassment Policy and Grievance Procedures is to accomplish the following:

1. Define Terms Outlined in the Policy
2. Outline the General Response to Sexual Harassment
3. Outline the Grievance Process for Formal Complaints of Sexual Harassment
4. Establish a Process for Hearings
5. Outline Determination Regarding Responsibility
6. Establish a Process for Appeals
7. Outline Informal Resolution
8. Outline Recordkeeping

1. Definitions:

Accused means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Actual knowledge means notice of sexual harassment or allegations of sexual harassment to the School's Title IX Coordinator or any official of the School who has authority to institute corrective measures on behalf of the School, or to any other employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the School with actual knowledge is the individual accused of harassment ("Accused"). The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the School. "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator as described in 34 C.F.R. § 106.8(a).

Complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

"Education program or activity" includes locations, events, or circumstances over which the School

exercised substantial control over both the accused and the context in which the sexual harassment occurs.

Formal complaint means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against an accused and requesting that the School investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the School with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator, and by any additional method designated by the School.

The phrase “**document filed by a complainant**” means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the School) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party.

Accused means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

- (1) An employee of the School conditioning the provision of an aid, benefit, or service of the School on an individual's participation in unwelcome sexual conduct;
- (2) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the School's education program or activity; or
- (3) “Sexual assault” as defined in 20 U.S.C. 1092(f)(6)(A)(v), “dating violence” as defined in 34 U.S.C. 12291(a)(10), “domestic violence” as defined in 34 U.S.C. 12291(a)(8), or “stalking” as defined in 34 U.S.C. 12291(a)(30).

Supportive measures means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the accused before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the School's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the School's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The School must maintain as confidential any supportive measures provided to the complainant or accused, to the extent that maintaining such confidentiality would not impair the ability of the School to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

2. **General Response to Sexual Harassment:** If the School has actual knowledge of sexual harassment in an education program or activity of the School against a person in the United States, the School must respond promptly in a manner that is not deliberately indifferent. A School is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.

A School's response must treat complainants and respondents equitably by offering supportive measures to a complainant, and by following a grievance process that complies those processes identified herein before the imposition of any disciplinary sanctions or other actions that are not supportive measures against an accused.

The Title IX Coordinator must promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

Response to a Formal Complaint

In response to a formal complaint, a School must follow a grievance process outlined below. With or without a formal complaint, a School must comply with the School's General Response to Sexual Harassment process identified above.

Emergency Removal

The School may remove an accused from the School's education program or activity on an emergency basis, provided that the School undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the accused with notice and an opportunity to challenge the decision immediately following the removal.

Administrative Leave

The School may place an accused non-student employee on administrative leave during the pendency of a grievance process identified below.

3. Grievance Process for Formal Complaints of Sexual Harassment: Discrimination on the Basis of Sex

The School's treatment of a complainant or an accused in response to a formal complaint of sexual harassment may constitute discrimination on the basis of sex under Title IX.

Grievance Process Generally

The School shall treat complainants and those accused equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the accused, and by following a grievance process that complies with this policy before the imposition of any disciplinary sanctions or other actions that are not supportive measures against an accused. Remedies are to be designed to restore or preserve equal access to the School's education program or activity. Such remedies may include the same individualized services described above as "supportive measures"; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the accused.

The School shall require an objective evaluation of all relevant evidence—including both inculpatory and exculpatory evidence—and provide that credibility determinations may not be based on a person's status as a complainant, accused, or witness.

Title IX Coordinator: Any individual designated by the School as a Title IX Coordinator, investigator, decision-maker, or any person designated by the School to facilitate an informal resolution process, shall not have a conflict of interest or bias for or against complainants or those accused generally or an individual complainant or accused. The School shall ensure that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receive training on the definition of sexual harassment, the scope of the School's education program or activity, how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. The

School shall ensure that decision-makers receive training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, as set forth below. The School also shall ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence, as set forth below. Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

Presumption: The School shall include a presumption that the accused is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Time Frames: The School shall include reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the School offers informal resolution processes, and a process that allows for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the accused of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

1. Disciplinary Sanctions and Remedies: Following the determination of responsibility, the following reflect the range of possible disciplinary sanctions and remedies the School may implement

Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process may be subject to disciplinary action up to and including expulsion from Clarksville Charter School or termination of employment. The Coordinator is responsible for effective implementation of any remedies ordered by Clarksville Charter School in response to a formal complaint of sexual harassment.

Standard of Evidence: For all formal complaints of sexual harassment against students, employees, and faculty, the standard of evidence to be used to determine responsibility is:

The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Appeals: The following include the procedures and permissible bases for the complainant and accused to appeal:

Should the reporting individual find Clarksville Charter School's resolution unsatisfactory, the reporting individual may, within five (5) business days of notice of Clarksville Charter School's decision or resolution, submit a written appeal to the Governing Board President of Clarksville Charter School Board, who will review the investigation and render a final decision.

The following appeal rights and procedures will also apply to formal complaints of sexual harassment:

- The complainant and the respondent shall have the same appeal rights and Clarksville Charter School will implement appeal procedures equally for both parties.
- Clarksville Charter School will notify the other party in writing when an appeal is filed.
- The decision-maker for the appeal will give both parties a reasonable, equal opportunity to submit a

written statement in support of, or challenging, the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

Supportive Measures: The following supportive measures are available to complainants and those accused:

Upon the receipt of an informal or formal complaint of sexual harassment, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures. The Coordinator will consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint of sexual harassment, and explain the process for filing a formal complaint of sexual harassment.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint of sexual harassment or where no formal complaint of sexual harassment has been filed. Such measures are designed to restore or preserve equal access to Clarksville Charter School's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or Clarksville Charter School's educational environment, or deter sexual harassment. Supportive measures available to complainants and respondents may include but are not limited to counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. Clarksville Charter School will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of Clarksville Charter School to provide the supportive measures.

Privileged Evidence: When making a determination of responsibility, the School will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

Notice of allegations: When the School receives a formal complaint, the School will provide written notice to the parties who are known. Such written notice will contain the following:

- 1) Notice of the School's grievance process, including any informal resolution process;
- 2) Notice of the allegations of sexual harassment potentially constituting sexual harassment as defined above, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview.

Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known.

The written notice shall include a statement that the accused is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process.

The written notice shall inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence. The written notice must inform the parties of any provision in the School's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the School decides to investigate allegations about the complainant or the accused that are not included in the notice provided above, the School must provide notice of the additional allegations to the parties whose identities are known.

Dismissal of a Formal Complaint:

The School shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined above even if proved, did not occur in the School's education program or activity, or did not occur against a person in the United States, then the School must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under title IX and implemented regulations; such a dismissal does not preclude action under another provision of the School's code of conduct.

The School may dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing: A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the accused is no longer enrolled or employed by the School; or specific circumstances prevent the School from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal described above, the School must promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties.

Consolidation of Formal Complaints. A School may consolidate formal complaints as to allegations of sexual harassment against more than one accused, or by more than one complainant against one or more accused, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances. Where a grievance process involves more than one complainant or more than one accused, references in this policy to the singular "party," "complainant," or "respondent" include the plural, as applicable.

Investigation of a Formal Complaint. When investigating a formal complaint and throughout the grievance process, the School shall:

- 1) Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the School and not on the parties provided that the School cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the School obtains that party's voluntary, written consent to do so for a grievance process under this policy. If a student is under the age of 18, the School must obtain the voluntary, written consent of the student's parent/guardian/education rights holder.

- 2) Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.
- 3) Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.
- 4) Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or the accused in any meeting or grievance proceeding
- 5) Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- 6) Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the School does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the School must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report. The School must make all such evidence subject to the parties' inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination; and
- 7) Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to a hearing (if a hearing is required under this policy or otherwise provided) or other time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

4. Hearings:

After the School has sent the investigative report to the parties and before reaching a determination regarding responsibility, the decision-maker(s) must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the accused committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the accused and are offered to prove consent. The

decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

- 5. Determination Regarding Responsibility:** The decision-maker(s), who cannot be the same person(s) as the Title IX Coordinator or the investigator(s), must issue a written determination regarding responsibility applying the standard of evidence described above.

The written determination must include—

- 1) Identification of the allegations potentially constituting sexual harassment as defined above.
- 2) A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held.
- 3) Findings of fact supporting the determination.
- 4) Conclusions regarding the application of the School's code of conduct to the facts.
- 5) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the School imposes on the accused, and whether remedies designed to restore or preserve equal access to the School's education program or activity will be provided by the School to the complainant; and
- 6) The School's procedures and permissible bases for the complainant and the accused to appeal.

The School shall provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the School provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The Title IX Coordinator is responsible for effective implementation of any remedies.

- 6. Appeals:** The School shall offer both parties an appeal from a determination regarding responsibility **within five (5) days of the issuance of the Written Decision**, and from the School's dismissal of a formal complaint or any allegations therein, on the following bases:
- 1) Procedural irregularity that affected the outcome of the matter;
 - 2) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
 - 3) The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against a complainant or an accused generally or the individual complainant or accused that affected the outcome of the matter.

The Title IX Appeals Officer (not Decision-Maker, Title IX Coordinator, or Investigator) shall issue written decision of an appeal within thirty (30) days from the receipt of the appeal.

As to all appeals, the School shall:

- 1) Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
- 2) Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
- 3) Ensure that the decision-maker(s) for the appeal complies with the conflict of interest and bias standards set forth above;
- 4) Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
- 5) Issue a written decision describing the result of the appeal and the rationale for the result; and
- 6) Provide the written decision simultaneously to both parties.

7. Informal Resolution: The School may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment consistent with this policy. Similarly, the School may not require the parties to participate in an informal resolution process under this policy and may not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility the School may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the School—

- 1) Provides to the parties a written notice disclosing: The allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
- 2) Obtains the parties' voluntary, written consent to the informal resolution process; and
- 3) Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

8. Recordkeeping:

A School must maintain for a period of seven years records of—

- i. Each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript of any hearing (if applicable), any disciplinary sanctions imposed on the accused, and any remedies provided to the complainant designed to restore or preserve equal access to the School's education program or activity;
- ii. Any appeal and the result therefrom.
- iii. Any informal resolution and the result therefrom; and

- iv. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The School must make these training materials publicly available on its website, or if the School does not maintain a website the School must make these materials available upon request for inspection by members of the public.

For each response to a formal complaint required by this policy, the School must create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the School must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the School's education program or activity. If a School does not provide a complainant with supportive measures, then the School must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the School in the future from providing additional explanations or detailing additional measures taken.

Transgender and Gender Nonconforming Students Policy

Clarksville Charter School (the “Charter School”) is committed to fostering an educational environment that is safe, welcoming, and free from stigma and discrimination for all students, regardless of gender identity or expression; facilitating compliance with local, state and federal laws concerning bullying, harassment, privacy and discrimination; and ensuring that all students have the opportunity to express themselves and live authentically.

The purpose of the Clarksville Charter School Governing Board approving this Transgender and Gender Nonconforming Students Policy is to accomplish the following:

1. Define Gender, Gender Identify, Gender Expression, Gender Nonconforming, Intersex, Nonbinary/Genderqueer, Sex, Sexual Orientation, Transgender, and Transition
2. Outline Guiding Principles and Requirements of the Charter School
3. Establish Privacy and Confidentiality
4. Outline the Requirements of Pupil Records
5. Establish the Authorization to Use Name and Gender With Which the Student Identifies
6. Outline the Requirements of the Student’s Preferred Name and Pronoun
7. Outline the Requirements of Student Safety
8. Establish Restroom Accessibility
9. Outline Sports, Athletics, and Physical Education Requirements
10. Establish Access to School Activities and Programs
11. Establish Course Accessibility and Instruction
12. Outline the Training and Publication of the Transgender and Gender Nonconforming Students Policy

1. Definitions: These definitions are provided not for the purpose of labeling students but rather to assist in understanding this policy and the legal obligations of the school. Students may or may not use these terms to describe themselves or their experiences.

- Gender: A person's actual or perceived sex, including a person's gender identity and gender expression.
- Gender Identity: A person’s gender-related identity, appearance or behavior, whether or not different from that traditionally associated with the person’s physiology or assigned sex at birth. Gender identity may include being female, male, another gender or no gender. The responsibility for determining an individual’s gender identity rests with the individual. Children typically begin to understand their own gender identity by age four, although the age at which individuals come to understand and express their gender identity may vary based on each person’s social and familial development.
- Gender Expression: A person’s gender-related appearance and behavior whether or not stereotypically associated with the person’s assigned sex at birth. Gender expression refers to external cues that one uses to represent or communicate one’s gender to others, such as behavior, clothing, hairstyles, activities, voice, mannerisms, or body characteristics.

- **Gender Nonconforming**: One’s gender expression, gender characteristics or gender identity that does not conform to gender stereotypes “typically” associated with one’s legal sex assigned at birth, such as “feminine” boys, “masculine” girls, and those who are perceived as androgynous. Students who adopt a presentation that varies from the stereotypic gender expectations sometimes may describe themselves as gender nonconforming, gender queer, gender fluid or nonbinary.
 - **Intersex**: An umbrella term used to describe natural bodily variations, which can include external genitalia, internal sex organs, chromosomes or hormonal differences that transcend typical ideas of male and female.
 - **Nonbinary/Genderqueer**: An umbrella term for people with gender identities that fall somewhere outside of the traditional conceptions of strictly either female or male. People with nonbinary gender identities may or may not identify as transgender, may or may not have been born with intersex traits, may or may not use gender-neutral pronouns, and may or may not use more specific terms to describe their genders, including but not limited to agender, genderqueer, gender fluid, Two Spirit, bigender, pangender, gender nonconforming or gender variant.
 - **Sex**: It includes, but is not limited to, a person’s sex assigned or presumed at birth based on physical characteristics commonly associated with males or females, and is inclusive of a person’s gender.
 - **Sexual Orientation**: It means heterosexuality, homosexuality, and bisexuality and is considered to be a person’s romantic, emotional, mental and/or sexual attraction to another person based on the gender of the other person.
 - **Transgender**: An umbrella term used to describe people whose gender identity or gender expression is different from the gender they were assigned or presumed at birth. Some individuals who identify as transgender have medically transitioned, are undergoing gender affirming surgeries and hormonal treatments, while others do not choose any form of medical transition. There is no uniform set of procedures that are sought. Individuals may identify as female, male or nonbinary, may or may not have been born with intersex traits, may or may not use gender-neutral pronouns and may or may not use more specific terms to describe their genders, including but not limited to agender, genderqueer, gender fluid, Two Spirit, bigender, pangender, gender nonconforming or gender variant. A transgender girl is a girl who was thought to be a male when she was born. A transgender boy is a boy who was thought to be female when he was born.
 - **Transition**: The unique process in which one goes from living and identifying as one gender to live in alignment with one or more dimensions of the gender with which one identifies. Gender transition can occur at any age and can include social, medical and/or a legal transition.
- 2. Guiding Principles and Requirements:** The school shall accept the gender identity that each student asserts. There are no medical or mental health diagnoses or treatment thresholds that students must meet in order to have their gender identity recognized and respected. Students may initiate a process to change their name, pronoun, attire and access to School programs, activities and facilities. The school shall customize support to optimize each student’s access according to their gender identity.
- 3. Privacy and Confidentiality:** All persons, including students, have a right to privacy. This includes keeping a student’s actual or perceived gender identity and expression private. Such private information shall be shared only on a need to know basis.

Students have the right to openly discuss and express their gender identity and expression, and to decide when, with whom, and how much information to share.

School personnel may encounter situations where students have not publicly disclosed their gender identity; therefore, school personnel must be mindful of the confidentiality and privacy rights of students when communicating with others, so as to not reveal, imply or refer to a student's gender identity or expression. To ensure confidentiality when discussing a particular concern such as conduct, discipline, grades, attendance or health, school personnel should focus on the concern, not the student's gender identity or expression. For example, describe the matter in terms of the underlying issue (behavior/conduct, grade issue, attendance issue, health concern) without referring or linking to gender identity or expression.

When communicating with a student's parent, legal guardian, or educational rights holder ("parent"), school personnel should be aware that the student may not have disclosed their gender identity to their parents. When school personnel find it important to discuss a student's gender identity or expression with parents (if, for example, the student is being bullied based on their gender identity or expression), school personnel should consult and work closely with the student to assess the degree to which, if any, the parent is aware of the student's gender identity or expression and is supportive of the student, and school personnel shall take into consideration the safety, health and well-being of the student in deciding whether to disclose the student's gender identity or expression to parents.

4. **Pupil Records:** The School is required to maintain in perpetuity mandatory permanent pupil records which include the legal name and sex of the student as indicated on official government issued documents such as birth certificates, passports and identification cards/permits. Mandatory interim pupil records may include, but are not limited to, progress and grade reports, transcripts, assessment data, health records, Individualized Education Programs (IEP) and Section 504 Plans. Permitted pupil records may include, but are not limited to, objective counselor and/or teacher ratings, standardized test scores older than three years, routine discipline data and verified reports of relevant behavior patterns. Per California law, student enrollment forms allow a parent to designate their child's gender as male, female or nonbinary.

The School will change a student's name and gender, or that of a former student, on pupil records when the name and/or gender of the student are changed. The student or former student may document the gender change by any of the following: State issued driver's license, birth certificate, passport, social security card, court order indicating a name change or a gender change or both. The new name and/or gender are the student's legal name and gender for all purposes, including school registration. Upon the submission of proper evidence of the aforementioned documentation, the student's legal name and/or gender in all school records shall be changed to reflect the legal name and/or gender change.

5. **Authorization to Use Name and Gender With Which the Student Identifies:** The School shall permit students to use the name and gender with which they identify on school records, including pupil records. The records may include, but are not limited to, identification badges, classroom and homeroom rosters, certificates, programs, announcements, office summons and communications, team and academic rosters, diplomas, newspapers, newsletters, yearbooks and other site-generated records.

Upon authorization, the School shall input the student's name and gender with which they

identify in the appropriate fields of the School's electronic data system to indicate how the student's name and/or gender will appear on documents issued by the school. If the authorization does not amount to a legal change in name or gender, the change will be reflected in the preferred name section of the School's electronic data system.

After the school receives and verifies the contents of the completed legal authorization, the School shall change the name and/or gender of the student in the School's electronic data system and enter or cross-reference the name as AKA in the cumulative folder and registration card. This change is effective for School records only. If a student were to transfer to another school, the student should inquire at that school about a similar process.

- 6. Names/Pronouns:** Students shall be addressed by the name and pronoun that corresponds to their gender identity asserted at school without obtaining a court order, changing their pupil records or obtaining parent/legal guardian permission.

Students shall be known by their name and gender of identity. However, there may be situations (e.g., communications with the family, state or federal records, pupil records where a name or gender with which the student identifies isn't authorized, and assessment data) where it may be necessary and recommended for staff to be informed of the student's legal name and gender. In these situations, staff should prioritize safety, confidentiality and respect of the student in a manner consistent with the law.

If school personnel are unsure how a student wants to be addressed in communications to home or in conferences with parents/legal guardians/educational rights holders, they may privately ask the student how they want to be referred to when communicating with parents/legal guardians. For communications with a student's parent/legal guardian, educational rights holders, school personnel should refer to this policy's prior section on "Privacy and Confidentiality."

Every effort should be made to use names and pronouns consistent with a student's gender identity. While inadvertent slips or honest mistakes may occur, the intentional and persistent refusal to respect a student's gender identity is a violation of School policy and may constitute discrimination under State law.

- 7. Student Safety:** School staff must ensure that students are provided with a safe school environment that is free of discrimination, harassment, bullying or intimidation, which may include providing interim safety and emotional support measures. School staff and families should work together to resolve complaints alleging discrimination, harassment, bullying or intimidation based on a student's actual or perceived gender identity or expression.

School staff shall take all reported incidents of bullying seriously and take appropriate measures to ensure that the bullying stops.

School administration shall respond immediately to incidents of discrimination, harassment, bullying or intimidation by taking actions that include, but are not limited to the following: a) intervening to stop the behavior; b) investigating and documenting the matter; c) determining and enforcing appropriate interim measures and corrective actions; and d) monitoring to ensure that the behavior does not reoccur.

School staff should take all reasonable steps to ensure safety and access for students and support students' rights to assert their gender identity and expression. Interim safety measures may include increased monitoring of the parties, providing options for the parties to avoid or minimize contact in academic and extracurricular settings, safety plans, training and educational materials to address climate, and provision of support resources (e.g., academic support, counseling, health and mental health services).

Students shall not be disciplined on the basis of their actual or perceived gender identity or expression.

Students shall be informed they have the responsibility to report incidents of discrimination, harassment, bullying or intimidation to the designated site administrator or Title IX/Bullying Complaint Manager in cases where they may be a target or witness.

Students shall be informed of their role in ensuring a school environment that is free from discrimination, harassment, bullying or intimidation.

In addition to or instead of filing a complaint at a site, any student or their duly authorized representative has the right to file a discrimination, harassment, bullying or intimidation complaint involving gender identity and expression under the Uniform Complaint Procedures with the School's Principal, Jenell Sherman, jenell@inspireschools.org Jenell.sherman@clarksvillecharter.org

Title IX provides for separate processes and procedures for sexual harassment and sexual assault when the type of conduct falls within the definitions of sexual harassment and sexual assault as provided in 34 C.F.R. § 106.30. In addition, the conduct must have taken place at school locations, events, or circumstances over which the School exercised substantial control over both the individual who has been accused of sexual harassment and/or assault and the context in which the sexual harassment occurs. For these types of complaints, the School will follow the Title IX policy processes and procedures, which may be found in the School's Title IX grievance policy. If the conduct does not fall within Title IX, this policy will be followed. There may be instances where the conduct falls within both policies and the School will follow both policies. The School's Title IX Coordinator is:

Title IX Coordinator - Jenell Sherman

Phone Number – (916) 532-5923

- 8. Restroom Accessibility:** Schools may maintain separate restroom facilities for male and female students. Students shall have access to restrooms that correspond to their gender identity. Students who identify as nonbinary should be granted access to the facility which they find best aligns with their gender identity.

If a student desires increased privacy, regardless of the reason, the administrator shall make every effort to provide the student with reasonable access to an alternative restroom such as a single-stall or all-gender restroom. The use of a restroom should be determined by the student's choice; no student shall be compelled to use an alternative restroom. For safety reasons, students should be given access to a restroom that allows reasonable access for appropriate supervision by staff. Regardless, all students are expected to exemplify appropriate behavior in restrooms.

- 9. Sports, Athletics and Physical Education:** When conducting physical education classes and

fitness evaluations, teachers will address and evaluate students by their gender identity.

Performance on the state physical fitness test (Fitnessgram) is evaluated by the State of California in accordance with the sex reported. Students are to be tested according to their gender identity when students identify with a gender different from that in their pupil records. Test administration on this instrument allows for a designation of nonbinary or for students to not disclose their gender to the test administrator. However, the Healthy Fitness Zone charts, or health-related standards used to evaluate performance, are based on female and male genders only. In these events, physical education teachers shall make every effort to maintain confidentiality of student information.

Participation in competitive athletics, intramural sports, athletic teams, competitions and contact sports shall be facilitated in a manner consistent with the student's gender identity and in accordance with the California Interscholastic Federation constitution and bylaws. Students who identify as nonbinary should be granted the opportunity to participate in athletic activities they find best align with their gender identity.

10. School Activities and Programs: Students have the right to equitable access to activities and programs in their school. Students may not be excluded from participation in, be denied the benefits of, or be subjected to harassment or other forms of discrimination on the basis of their actual or perceived gender identity or expression in any program or activity. These activities and programs may include, but are not limited to, cheer class, homecoming, prom, spirit day, celebrations, assemblies, acknowledgments, field trips, afterschool activities and programs, and all extra-curricular activities.

Anti-Harassment / Discrimination / Intimidation / Bullying / Retaliation Policy

Clarksville Charter School is committed to ensuring a professional work and learning environment without discrimination, harassment, intimidation, or bullying on the basis of race or ethnicity (including ancestry, color, ethnic group identification and ethnic background; race is inclusive of traits historically associated with race, including, but not limited to, hair texture and protective hairstyles, which includes, but is not limited to, such hairstyles as braids, locks and twists), religious creed (including religious dress and grooming practices), color, national origin (including language use restrictions), immigration status, citizenship status, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex (including pregnancy, childbirth, breastfeeding and medical conditions related to pregnancy or childbirth), gender, gender identity, gender expression, age, sexual orientation, military and veteran status, or association with a person or group with one or more of the aforementioned characteristics or any other legally protected category. Clarksville Charter School prohibits any such discrimination, harassment, intimidation, or bullying.

The purpose of the Clarksville Charter School Governing Board approving this Anti-Harassment/Discrimination/Intimidation/Bullying/ Retaliation Policy is to accomplish the following:

1. Define Harassment, Discrimination, Intimidation, and Bullying
2. Identify Who the Policy Applies to
3. Identify Where the Policy Applies
4. Establish the Responsibility of Reporting
5. Identify Reporting Procedures
6. Identify Investigation/Complaint Procedures
7. Identify the Consequences of Retaliation
8. Outline the Protection of Individuals with Immigration Status
9. Outline the Procedures for Notifying Parents of Their Children's Right to a Free Public Education, Regardless of Immigration Status or Religious Beliefs

1. Definitions:

- **Harassment:** Harassment is unwelcome verbal or physical conduct prohibited by law directed toward, or differential treatment of, a student or staff member because of his/her membership (or perceived membership) in any protected group or on any other prohibited basis. The harasser can be a student, a School official or employee, or someone who is not an employee of the School, such as a vendor or parent. Examples of such conduct include, but are not limited to:
 - Offensive or degrading remarks, verbal abuse, or other hostile behavior such as insulting, teasing, mocking, name calling, degrading, or ridiculing another person or group
 - Racial slurs, derogatory remarks about a person's accent, or display of racially offensive symbols

- Unwelcome or inappropriate physical contact, comments, questions, advances, jokes epithets or demands
- Physical assault or stalking
- Displays or electronic transmission of derogatory, demeaning or hostile materials or statements
- Graphic and written offensive or derogatory statements, which may include use of cell phones or the Internet

Harassment does not have to include intent to harm, be directed at a specific target or involve repeated incidents. Harassment creates a hostile environment when the conduct is sufficiently severe, pervasive or persistent so as to interfere with or limit a student's ability to participate in or benefit from the services, activities or opportunities offered by the School.

- **Sexual Harassment:** Sexual harassment is a form of harassment based on sex, including sexual harassment, gender harassment and harassment based on pregnancy, childbirth or related medical conditions. It generally involves unwanted sexual advances, or visual, verbal, or physical conduct of a sexual nature. This definition includes many forms of offensive behavior and includes gender-based harassment of a person of the same sex as the harasser. The following is a partial list of violations:
 - Unwanted sexual advances
 - Offering educational benefits in exchange for sexual favors
 - Making or threatening reprisals after a negative response to sexual advances
 - Visual conduct: Leering, making sexual gestures, displaying of suggestive objects or pictures, cartoons or posters
 - Verbal conduct: Making or using derogatory comments, epithets, slurs and jokes
 - Verbal sexual advances or propositions
 - Verbal abuse of a sexual nature, graphic verbal commentaries about an individual's body, sexually degrading words used to describe an individual, suggestive or obscene letters, notes or invitations
 - Physical conduct: Touching, assault, impeding or blocking movements

Title IX provides for separate processes and procedures for sexual harassment and sexual assault when the type of conduct falls within the definitions of sexual harassment and sexual assault as provided in 34 C.F.R. § 106.30. In addition, the conduct must have taken place at school locations, events, or circumstances over which the School exercised substantial control over both the individual who has been accused of sexual harassment and/or assault and the context in which the sexual harassment occurs. For these types of complaints, the School will follow the Title IX policy processes and procedures, which may be found in the School's Title IX grievance policy. If the conduct does not fall within Title IX, this policy will be followed. There may be instances where the conduct falls within both policies and the School will follow both policies. The School's Title IX Coordinator is

- **Intimidation:** Intimidation includes adverse actions intended to fill another with fear, to overawe or cow, as through force of personality or by superior display of wealth, talent, etc., or to force another into or deter from some action by inducing fear.
- **Bullying:** Bullying may take place in a variety of hostile acts that are carried out repeatedly over time. The acts involve a real or perceived imbalance of power, with the more powerful child or group attacking those who are less powerful. It may be physical (hitting, kicking, spitting, pushing), verbal (taunting, malicious teasing, name calling, threatening), or psychological (spreading rumors, manipulating social relationships, or promoting social exclusion, extortion or intimidation). Bullying is any severe or pervasive action or conduct directed toward one or more students that have the effect of one or more of the following: 1) places a reasonable student in fear of harm to that student's person or property; 2) causes a reasonable student to experience a substantially detrimental effect on his or her physical or mental health; 3) causes a reasonable student to experience substantial interference with his or her academic performance; 4) causes a reasonable student to experience interference with his or her ability to participate in or benefit from the services, activities or privileges provided by the School.

Other types of bullying:

- Sexual bullying includes many of the actions typical of bullying behavior with the added actions of exhibitionism, voyeurism, sexual propositioning, sexual harassment and sexual abuse (touching, physical contact, sexual assault).
- Bias or hate-motivated bullying is a basic bias against or hate for a person or group. Examples include taunting one's race, religion, national origin, sexual orientation, or physical or mental disabilities. The bullying behavior may also be aggressive, antagonistic, and assaultive.
- Hazing is a form of aggressive behavior that usually involves intimidation and humiliation during an initiation for a student organization or body, club, group or sports team. It may involve conduct that is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current or prospective pupil. Hazing does not include athletic events or school-sanctioned events.
- Cyberbullying involves bullying conduct that is created or transmitted by means of an electronic device, including, but not limited to, a telephone, wireless telephone or other wireless communication device, computer or pager communicating any of the following: 1) a message, text, sound or image; 2) a post on a social network Internet Web site, including a "Burn Page," an impersonation of another student, and a false profile.
- Cyber sexual bullying involves dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more effects described in (1) – (4) above. A photograph or other visual recording shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording or other electronic act.
- Social media bullying involves bullying through forums for social media, such as internet websites with free registration and ease of registration, internet websites offering peer-to-peer instant messaging (such as Snapchat, Tox, FireChat, Orbit, Bleep), internet websites offering comment forums (such as FaceBook, Twitter,

Reddit) and internet websites offering image or video posting platforms (such as YouTube, Instagram, Twitch, Imgur).

- **Retaliation:** Retaliation is any adverse action taken against a student because he or she filed a charge of harassment, discrimination, intimidation or bullying complaint to the School or another agency or participated in an investigation about the same (such as an internal investigation or lawsuit), including as a witness. Retaliation also includes adverse action taken against someone who is associated with the individual opposing the perceived harassment, discrimination, intimidation or bullying.
2. **Who the Policy Applies to:** It shall be a violation of this policy for any student, teacher, administrator or other employee of Clarksville Charter School to discriminate against, harass, intimidate or bully another student, teacher, administrator, other employee or anyone associated with Clarksville Charter School through conduct or communication. This policy applies to all applicants and employees, whether related to conduct engaged in by fellow employees or someone not directly connected to Clarksville Charter School (e.g. an outside vendor, consultant or customer).
 3. **Where the Policy Applies:** Conduct prohibited by these policies is unacceptable in the workplace and in any work-related setting outside the workplace, such as during business or field trips, meetings and business or school-related social events.
 4. **Responsibility:** All Clarksville Charter School employees have a responsibility for keeping our work environment free of discrimination, harassment, intimidation, and bullying.
 5. **Reporting:** Clarksville Charter School encourages reporting of all perceived incidents of discrimination, harassment, intimidation, bullying, or retaliation, regardless of the offender's identity or position. Individuals who believe that they have been the victims of such conduct should discuss their concerns with their immediate supervisor, the Executive Director, or the Deputy Executive Director. In addition, Clarksville Charter School encourages individuals who believe they are being subjected to such conduct to promptly advise the offender that his or her behavior is unwelcome and request that it be discontinued. Often this action alone will resolve the problem. Clarksville Charter School recognizes, however, that an individual may prefer to pursue the matter through formal complaint procedures. Every effort will be made to keep such reports as confidential as possible, although it is understood that an investigation will normally require the involvement of third parties. Clarksville Charter School is serious about enforcing its policy against harassment; however, Clarksville Charter School cannot resolve a harassment problem that it does not know about. Therefore, employees are responsible for bringing any such problems to Clarksville Charter School's attention so it can take whatever steps are necessary to correct the problems.
 6. **Investigation/Complaint Procedure:** All complaints of harassment or discrimination will be promptly investigated. If the investigation substantiates the accusations, the appropriate corrective action will be taken. This may include, but not be limited to, reprimand, suspension or dismissal, depending on the nature and severity of the offense. Appropriate action will also be taken in the event the accusations are intentionally false or malicious in intent.

Individuals who believe they have been the victims of conduct prohibited by this policy statement or believe they have witnessed such conduct should discuss their concerns with their

immediate supervisor, the Executive Director, or the Deputy Executive Director. Clarksville Charter School encourages the prompt reporting of complaints or concerns so that rapid and appropriate remedial action can be taken before relationships become irreparably strained. Therefore, while no fixed reporting period has been established, early reporting and intervention have proven to be the most effective method of resolving actual or perceived incidents of harassment.

Any reported allegations of harassment, discrimination or retaliation will be investigated promptly. The investigation may include individual interviews with the parties involved and, where necessary, with individuals who may have observed the alleged conduct or may have other relevant knowledge. Confidentiality will be maintained throughout the investigatory process to the extent consistent with adequate investigation methods and appropriate corrective actions. Misconduct constituting harassment, discrimination or retaliation will be dealt with appropriately. Responsive action may include, for example, training, referral to counseling and/or disciplinary action such as warning, reprimand, withholding of a promotion or pay increase, reassignment, temporary suspension without pay or termination, as Clarksville Charter School believes appropriate under the circumstances. Willful false and malicious complaints of harassment, discrimination or retaliation may be subject to appropriate disciplinary action.

7. **Consequences for Retaliation:** Retaliation against an individual who has a complaint or has formally reported discrimination, harassment, intimidation, or bullying or has participated in an investigation of such a complaint is a serious violation of this policy and, like discrimination, harassment, intimidation, or retaliation itself, will be subject to disciplinary action. Acts of retaliation should be reported immediately and will be promptly investigated and addressed.
8. **Immigration Status:** If the Charter School possesses information that could indicate immigration status, citizenship status or national origin information, the School shall not use the acquired information to discriminate against any students or families or bar children from enrolling in or attending school. If parents or guardians choose not to provide information that could indicate their or their children's immigration status, citizenship status or national origin information, the School shall not use such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school.

Each year, the School shall educate students about the negative impact of bullying other students based on their actual or perceived immigration status or their religious beliefs or customs. The School shall also train teachers, staff and personnel to ensure that they are aware of their legal duty to take reasonable steps to eliminate a hostile environment and respond to any incidents of harassment based on the actual or perceived characteristics noted above. Such training shall provide School personnel with the skills to do the following:

- Discuss the varying immigration experiences among members of the student body and school community;
- Discuss bullying-prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims;
- Identify the signs of bullying or harassing behavior;
- Take immediate corrective action when bullying is observed; and

- Report incidents to the appropriate authorities, including law enforcement in instances of criminal behavior.

9. Parental Notification: Each year, the School shall notify parents and guardians of their children’s right to a free public education, regardless of immigration status or religious beliefs. This information shall include information related to the “Know Your Rights” immigration enforcement established by the California Attorney General. The School shall also inform students who are the victims of hate crimes of their right to report such crimes.

10. Sexual Harassment Poster: The School shall create a poster that notifies pupils of the applicable written policy on sexual harassment. The poster shall display, at a minimum, all of the following: 1) The rules and procedures for reporting a charge of sexual harassment; 2) The name, phone number and email address of an appropriate school official to contact to report a charge of sexual harassment; 3) The rights of the reporting pupil, the complainant, and the respondent and the responsibilities of the School in accordance with the School’s written policy on sexual harassment.

This poster will be prominently and conspicuously displayed in each bathroom and locker room at the schoolsite. It may be prominently and conspicuously displayed in public areas at the schoolsite that are accessible to, and commonly frequented by students, including, but not limited to classrooms, classroom hallways, gymnasiums, auditoriums and cafeterias. The governing board of the School shall have full discretion to select the appropriate public areas to display the poster at the schoolsite.

11. Posting: This policy shall be posted on the School’s internet website in a manner that is easily accessible to parents/guardians/students.

Section A: General Information – School Safety - Includes Employee Fingerprint/Background Check - Ed Code 44237
Part 3: Maintaining a Safe and Orderly Environment

It is a priority of the administration and staff at Clarksville Charter School that every student who attends our school will be provided with an environment in which the students not only feel physically safe, but that there is also a positive school climate in all activities.

Our administration and staff desire to provide an orderly, caring, and nondiscriminatory learning environment in which all students can feel comfortable and take pride in their school and their achievements.

Our administration encourages staff to teach students the meaning of equality, human dignity, and mutual respect, and to employ cooperative learning strategies that foster positive interactions among students from diverse backgrounds.

Students shall have opportunities to voice their concerns about school policies and practices and to share responsibility for solving problems that affect their school. Staff shall encourage and reward success and achievement, participation in community projects, and positive student conduct.

Our school network promotes nonviolent resolution techniques in order to encourage attitudes and behaviors that foster harmonious relations. Staff shall receive training which implements and supports conflict resolution.

Clarksville Charter School remains in compliance with existing laws related to school safety. This plan outlines several elements critical to maintaining a safe school environment.

Resource Center Visitors

All visitors to the resource center, except students of the school and staff members, must sign in at the reception desk immediately upon entering any school building or ground and return to the reception desk to sign out before leaving the resource center.

Comprehensive School Safety Plan

Clarksville Charter School
Section A: General Information – School Safety - Includes Employee Fingerprint/Background Check - Ed Code 44237
Part 4: Criminal Background Check

CRIMINAL BACKGROUND CHECK

Clarksville Charter School recognizes the importance of maintaining a safe workplace with employees who are honest, trustworthy, qualified, reliable, and nonviolent, and do not present a risk of harm to students, coworkers or others. Clarksville Charter School will perform applicant background checks and employee investigations as required by Education Code section 47605(c)(5)(F)(i), which requires that “each employee of the charter school furnish the charter school with a criminal record summary....”

All employees must have Live Scan fingerprint results on file with Clarksville Charter School. Proof of Live Scan fingerprinting is a requirement of employment and the results must be provided to Clarksville Charter School prior to the first day of work. Live Scan fingerprinting will be required of all job applicants, employees, and volunteers as required by California and federal law. Background checks may also be required of employees whose job duties involve care of students, handling of money, valuables or confidential information, or as otherwise deemed prudent by the school. These background checks are performed through a fingerprinting service coordinated by the California Department of Justice (DOJ) and the Federal Bureau of Investigation (FBI). Any and all information obtained by Clarksville Charter School may be taken into consideration in evaluating one’s suitability for employment, promotion, reassignment, or retention as an Employee.

Clarksville Charter School shall also request subsequent arrest notification from the Department of Justice and take all necessary action based upon such further notification.

Clarksville Charter School may occasionally find it necessary to investigate current employees, where behavior or other relevant circumstances raise questions concerning work performance, reliability, honesty, trustworthiness, or potential threat to the safety of coworkers, students or others. Employee investigations may, where appropriate, include credit reports and investigations of criminal records, including appropriate inquiries about any arrest for which the employee is out on bail. In the event that a background check is conducted, Clarksville Charter School will comply with the federal Fair Credit Reporting Act and applicable state laws, including providing the employee with any required notices and forms. Employees subject to an investigation are required to cooperate with Clarksville Charter School’s lawful efforts to obtain relevant information, and may be disciplined up to and including suspension without pay and/or termination for failure to do so.

Employees with adverse background information (such as certain specific criminal conviction) may be ineligible for employment with Clarksville Charter School.

Section B: Child Abuse Reporting Procedures - Penal Code 11164, <i>et seq.</i>
Part 1: Child Abuse Reporting Procedures

Child abuse reporting law (Penal Code Section 11166) requires that a Clarksville Charter School employee who has reason to believe that a child has been subjected to abuse, report the incident to the proper authorities.

At Clarksville Charter School, protecting children from child abuse is a major priority. Each year the administration sets aside time to meet with staff to discuss child abuse indicators and to remind teachers of the procedures to follow when abuse is suspected and provide annual training regarding the required procedures for mandated reporters.

Employees of Clarksville Charter School are familiar with Penal Code Section 11166 and understand the requirement that certificated and classified personnel report suspected child abuse immediately or as soon as practically possible to Children's Protective Services by telephone. They are aware that a call must be followed within at least 36 hours by a written report to the child protective agency.

All staff is aware of the location of a Child Abuse Information Folder that is kept on file and updated regularly. It includes informational literature, guidelines for recognizing abuse and specific directions for reporting it.

The determination as to who should be contacted will depend greatly upon the situation at hand. The local law enforcement agency will dispatch a unit to the school as soon as possible. Children's services may take much longer to respond. School personnel should always take into consideration the severity of the abuse and the extent to which the student's safety is at risk.

Section B: Child Abuse Reporting Procedures - Penal Code 11164, <i>et seq.</i>
Part 1: Child Abuse Reporting Procedures

The requirements of school personnel and the identification and reporting of known or suspected child abuse to a protective agency is mandated by the State of California Penal Code. In fact, failure to do so on the part of school personnel could lead to penalties which might be imposed on these individuals. Clarksville Charter School board policies are continually updated to reflect appropriate legislation. Excerpts from the California Penal Code and Clarksville Charter School Board Policy are presented below.

From California Penal Code Section 11166

...a mandated reporter shall make a report to an agency...whenever the mandated reporter, in the mandated reporter's professional capacity or within the scope of the mandated reporter's employment, has knowledge or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. The mandated reporter shall make an initial report by telephone to the agency immediately or as soon as is practicably possible, and shall prepare and send, fax, or electronically transmit a written followup report within 36 hours of receiving the information concerning the incident.

Clarksville Charter School
– Child Abuse Prevention Programs

Recognizing that our responsibility to students includes the protection of their physical and mental well-being, the Governing Board desires to provide whatever opportunities or resources may be available for the prevention of child abuse.

The Board agrees with the Legislature that:

1. Child abuse and neglect is a severe and increasing problem in California.
2. Charter schools, school districts and preschools are able to provide an environment for training of children, parents, and all school staff.
3. Primary prevention programs in charter schools and school districts are an effective and cost-efficient method of reducing the incidence of child abuse and neglect and for promoting healthy family environments.

2. “Mandated Reporters” are those people defined by law as “child care custodian,” “medical practitioners” and non-medical practitioners” and include virtually all school employees. The following school personnel are required to report:

Teachers, administrators, supervisors of child welfare and attendance, certificated pupil personnel employees, employees of a child care institution, head start teachers, school psychologists, licensed nurses, counselors, presenters of child abuse prevention programs and those instructional aides or other classified employees trained in child abuse reporting.

3. “Child Protective Agencies” are those law enforcements and child protective services responsible for investigating child abuse reports, including the local police or sheriff department, county welfare or juvenile probation department and child protective services.
4. “Reasonable Suspicion” means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. (California Penal Code 11166)

Reporting Procedures

1. To report known or suspected child abuse, any employee (as defined above) shall report by telephone to the local child protective agency.

The telephone report must be made immediately, or as soon as practically possible, upon suspicion. The verbal report will include:

- a. The name of the person making the report.
- b. The name of the child.
- c. The present location of the child.
- d. The nature and extent of any injury.
- e. Any other information requested by the child protective agency, including the information that led the mandated reporter to suspect child abuse.

At the time the verbal report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

2. Within thirty-six (36) hours of making the telephone report, the mandated reporter will complete and mail, fax or electronically transmit a written report to the local child protective agency.

The written report shall include completion of the required standard Department of Justice form (DOJ SS 8572).

The mandated reporter may request and receive copies of the appropriate form either from the charter school or directly from the local child protective agency.

Detailed instructions for completion of the form are on the back sheet of the form. Reporters may request assistance from the site administrator in completing and mailing the form; however, the mandated reporter is still responsible for ensuring that the written report is correctly filed.

3. Employees reporting child abuse to a child protective agency are encouraged, but not required, to notify the site administrator or designee as soon as possible after the initial verbal report by telephone. The site administration, when notified, shall inform the Executive Director.

Administrators so notified shall provide the mandated reporter with any assistance necessary to ensure that the verbal or written reporting procedures are carried out according to state law and regulations. If requested by the mandated reporter, the Executive Director may assist in the completion and filing of these forms.

Legal Responsibility and Liability

1. Mandated reporters have absolute immunity. School employees required to report are not civilly or criminally liable for filing a required or authorized report of known or suspected child abuse.

2. A mandated reporter who fails to report an instance of child abuse, which he/she knows to exist or reasonably should know to exist, is guilty of a misdemeanor and is punishable by confinement in jail for a term not to exceed six (6) months or by a fine of not more than one thousand dollars (\$1,000) or both. The mandated reporter may also be held civilly liable for damages for any injury to the child after a failure to report.
3. When two (2) or more persons who are required to report jointly, have knowledge of suspected instance of child abuse, and when there is agreement, and a single report may be made and signed by the person selected. However, if any person who knows or should know that the person designated to report failed to do so, that person then has a duty to make the report.
4. The duty to report child abuse is an individual duty and no supervisor or administrator may impede or inhibit such reporting duties. Furthermore, no person making such a report shall be subject to any sanction.

Release of Child to Peace Officer

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse, the Executive Director shall not notify the parent or guardian as required in other instances of removal of a child from school, but rather shall provide the peace officer with the address and telephone number of the child's parent or guardian.

It is the responsibility of the peace officer to notify the parent or guardian of the situation. Peace officers will be asked to sign an appropriate release or acceptance of responsibility form (cf. 5145.11 – Questioning and Apprehension).

When School Employees are Accused of Child Abuse

Regardless of who child abusers may be, the major responsibilities of mandated reporters are to (1) identify incidents of suspected child abuse, and (2) comply with laws requiring reporting of suspected abuse to the proper authorities. Determining whether or not the suspected abuse actually occurred is not the responsibility of the school employee. Such determination and follow-up investigation will be made by a child protective agency.

Parent/guardians or members of the public accusing school employees of child abuse should be made aware of the ramifications of making false reports and should be provided with information regarding child abuse and child abuse reporting.

Pending the outcome of an investigation by a child protective agency and prior to the filing of formal charges, the employee may be subject to reassignment or a paid leave of absence.

Disciplinary action resulting from the filing of formal charges or upon conviction shall be in accordance with policies, regulations and/or collective bargaining agreements. The Executive Director or designee should consult with legal counsel in implementing either suspension or dismissal.

Section C: Disaster Procedures, Routine and Emergency - Ed Code 32282; CCR Title 8, Sec 3220 ADA
Part 1: General Information – Disaster

Clarksville Charter School will take all necessary measures to keep students, staff and visitors safe in the event of a disaster. The following sections of this plan outline basic responsibilities for all staff for specific incidents

The Clarksville Charter School has developed a Standardized Emergency Management System (SEMS) Plan that outlines in more detail, specific responsibilities for Emergency Response Teams at this school.

This Emergency Action Plan is being developed to provide information to the staff at Clarksville Charter School to ensure pertinent information is available in the case of an incident that warrants a response. It is written in accordance with California Code of Regulations, Title 8, Section 3220 which outlines the components required for a plan. There are also components of the Standardized Emergency Management System (SEMS) and National Incident Management System (NIMS), including the Incident Command System incorporated in this plan. The purpose for the inclusion is that while Clarksville Charter School may not have students on site, it will serve as an Emergency Operations Center if a multi-site incident occurs and support is needed for school or local community. At that time, the role of Clarksville Charter School would be to serve as a resource and clearinghouse for information.

The plan is developed with a multi-hazard perspective to make it applicable to the widest range of emergencies and disasters, both natural and human caused. However, Administrators retain the flexibility to modify procedures and/or organization structure as necessary to accomplish the emergency response and recovery missions in the context of a particular hazard scenario.

9-1-1 should be called in an emergency.

PLAN IMPLEMENTATION

A key component to this plan is the Incident Command System (ICS). The five basic functions of: Management, Operations, Logistics, Planning/Intelligence and Finance/Administration must remain consistent, but the formation of the teams within those sections can be flexible to meet each school's needs.

To properly complete the EOP, the school needs to: (1) Assign roles for Management staff and Section Chiefs (2) form the site emergency teams, (3) provide the appropriate training for all staff (4) conduct exercises to test the plan, and (5) update the plans as needed.

Employees shall be offered training on the specifics of this plan when it is initially developed and when new employees are hired. Employees should be retrained when the plan changes due to a change in the layout or design of the facility, when new equipment, hazardous materials, or processes are introduced that affect evacuation routes, or when new types of hazards are introduced that require special actions. It would also be helpful to provide annual awareness training as a reminder. General training for employees should address the following:

- Individual roles and responsibilities.
- Threats, hazards, and protective actions.
- Notification, warning, and communications procedures.
- Emergency response procedures.
- Evacuation, shelter, and accountability procedures.
- Location and use of common emergency equipment.
- Emergency shutdown procedures.

Additional training may also need to be provided (i.e. first-aid procedures, portable fire extinguisher use, etc.) depending on the responsibilities of allocated employees in the plan.

Once the emergency action plan has been reviewed with employees and everyone has had the proper training, it is a good idea to hold practice drills as often as necessary to keep employees prepared. Include outside resources such as fire and police departments when possible. After each drill, gather management and employees to evaluate the effectiveness of the drill. Identify the strengths and weaknesses of your plan and work to improve it.

ABOUT EMERGENCY MANAGEMENT SYSTEMS

Through the years, those agencies responsible for disaster response have come up with several different models for coordinating that response. Although these models differ, they share a common background: The Incident Command System (ICS). As a member of your school's emergency response team, you will need to be familiar with ICS and the emergency management systems used in California.

Incident Command System (ICS) Developed in the 1970's by Southern California Fire Protection Agencies, this system was designed to coordinate multi-jurisdictional response. The beauty of ICS is that it is based upon common terminology and on the division of response activities into five

functional units that essentially eliminates the possibility of the duplication of efforts. ICS became the model for the state's system.

Standardized Emergency Management System (SEMS) Developed in response to the lack of agency and multi-jurisdictional coordination during the Oakland Fires of 1991, SEMS became the state-wide standard for coordinated emergency response. All agencies involved in emergency response are legally required to use SEMS. In fact, the **STATE** reimbursement of local costs incurred for emergency response/recovery is tied to the use of SEMS.

National Incident Management System (NIMS) After the national tragedy on September 11, 2001, it became clear that the country needed an emergency response system to address incidents that affected the entire nation. The national government looked at the system used in California and used it as a model to develop a national response system called NIMS. It is a FEMA approved emergency response system and will become the national model. National compliance was expected by 2006 but is still in progress. **FEDERAL** funding for emergency response/recovery grants is tied to the use of NIMS.

SCHOOL RESPONSE

Education Code section 32282(a)(2)(B)(i) requires schools to establish an earthquake emergency procedure system in every public school building having an occupant capacity of 50 or more pupils or more than one classroom. The charter school may work with the Office of Emergency Services and the Alfred E. Alquist Seismic Safety Commission to develop and establish the earthquake emergency procedure system.

WHAT SPECIFIC LAWS* APPLY TO SCHOOLS

THE FIELD ACT

(Garrison Act and Riley Act)

Sets building code standards for construction and remodeling of public schools and assigns the responsibility for assuring building code compliance to the **Division** of the State Architect.

Earthquake Emergency System

Requires schools to establish an earthquake emergency system:

- Develop a disaster plan
- Conduct periodic drop and cover drills, evacuation procedures and emergency response actions—once each quarter in elementary schools and once each semester in secondary schools
- Provide training to students and staff in emergency response procedures
- Be prepared to have the charter school serve as a possible public shelter
- Take mitigation measures to ensure the safety of students and staff—such as securing equipment and furniture.

PUBLIC EMPLOYEES ARE DISASTER SERVICE WORKERS

California Government Code Section 3100

All school employees are considered disaster service workers when:

- A local emergency has been proclaimed
- A state emergency has been proclaimed
- or,**
- A federal disaster declaration has been made

NOTE: During a declared disaster, school employees are required, by law, to serve as disaster service workers and cannot leave their school site until formally released.

- Certificated employees risk losing their teaching credentials
- Classified employees may be charged with a misdemeanor

*This is not a legal opinion, confirmation is required to determine if your organization is exempt from any regulations targeting schools. The assumption is that the laws apply to all public schools.

POST-DISASTER SHELTERS

Schools are required by both federal statute and state regulation to be available for shelters following a disaster.

- The American Red Cross has access to schools to set up shelters
- Local governments have access to schools to set up shelters
- Plan and make arrangements in advance to assure that you are prepared.

THE PETRIS BILL

California Government Code Section 8607

Requires schools to respond to disasters using the Standardized Emergency Management System (SEMS) by December 1996. 

- ICS - (Incident Command System) organizing response efforts into five basic functions: Management, Operations, Logistics, Planning/Intelligence and Finance/Administration
- EOC - (Emergency Operations Center) setting up a central area of control using the five basic functions
- Coordinate all efforts with the operational area (county) EOC, city EOC and county office of education EOC
- Incorporation of SEMS into all school plans, training and drills
- Documentation of the use of SEMS during an actual emergency

HOMELAND SECURITY PRESIDENTIAL DIRECTIVE HSPD-5

February 28, 2003

On February 28, 2003, President George W. Bush issued Homeland Security Presidential Directive 5 (HSPD-5). HSPD-5 directed the Secretary of Homeland Security to develop and administer a National Incident Management System (NIMS).

HSPD-5 requires Federal departments and agencies to make the adoption of NIMS by state and local organizations a condition for Federal preparedness assistance (grants, contracts and other activities) by Fiscal Year 2005.

NIMS training requirements: All school employees (as designated Disaster Services Workers) are to complete ICS100, ICS200 and IS700.)

USING SEMS AND NIMS IN YOUR SCHOOL - AN OVERVIEW

Within SEMS and NIMS, an emergency response organization, known as the Incident Command System, consists of five Sections:

Management: responsible for policymaking with respect to disaster planning and preparedness and for the overall coordination of emergency response and recovery activities. This section has four members, the EOC Director/Incident Commander (IC), the Public Information Officer (PIO), the Safety Officer, and the Liaison Officer (LO). In short: they are ***the leaders***.

Planning/Intelligence: responsible for creating the action plans and checklists that will be used by all of the sections during crisis response and recovery. The section is comprised of two teams: the Situation Status Team and the Documentation Team. During an emergency, these teams gather, analyze, disseminate, and record information critical to the functioning of the Management Section. Planning/Intelligence are often referred to as ***the thinkers***.

Operations: responsible for response preparedness of the Assembly/Shelter, Communications, Crisis Intervention, Light Search and Rescue, First Aid, Student Release/Staff Accounting, and Maintenance/Fire/Site Security Teams. During a disaster, this section directs response activities of all of these teams and coordinates that response with the Management Section. These folks represent ***the doers***.

Logistics: prior to a disaster, this section is in charge of creating a transportation plan, and ensuring that there are adequate supplies of food, water, and equipment for crisis response. During an emergency, the section's two teams, the Supplies/Staffing Team and the Transportation Team provide services, personnel, equipment, materials, and facilities, as needed. They are ***the getters***.

Finance/Administration: in charge of creating policies and procedures for documenting costs associated with emergency response. This section has one team, called the Recordkeeping Team. During a disaster, they activate contracts with vendors, keep time records, track receipts, and account for expenditures. Their efforts make it possible for schools to reclaim costs associated with response and recovery activities from the state. They also gather all paperwork and documentation at the end of the incident for inclusion in the After Action Report (AAR). They are called ***the payers***.

THE EMERGENCY OPERATIONS CENTER

During an emergency, the Management Section gathers together in an area/room to set-up a "command center" also known as the Emergency Operations Center (EOC). In the EOC, the Management Section makes decisions affecting response activities based upon information coming in from the Section Chiefs.

A Word About Unified Command

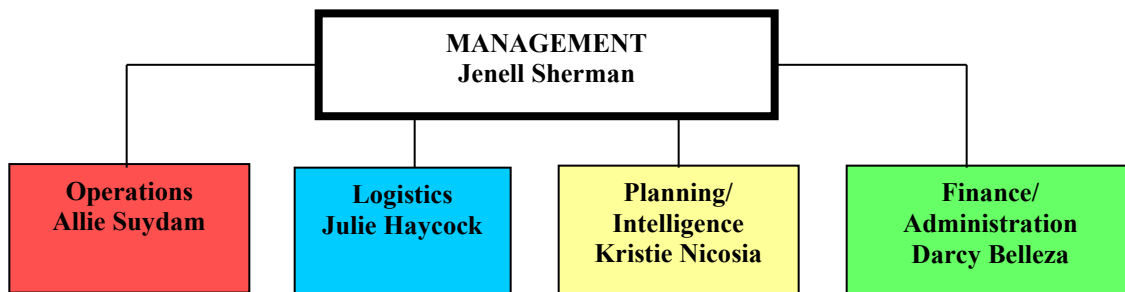

The control of and response to emergencies is the sole responsibility of the site teams *until* first responders arrive. Once they arrive, incident command transitions to **“Unified Command.”** This transition is immediately facilitated by an on-site briefing of first responders by the Management Staff and Section Chiefs. Following the initial briefing, the site’s Incident Commander will begin to work closely with representatives of each response agency to plan and carry out response activities. Other employees may be asked to participate as well, depending upon the incident at hand and the available staffing of emergency responders. All staff should be prepared to participate if necessary.

In the EOC, this means that first responder representatives will essentially be running response activities in consultation with the organization’s Management Staff and Section Chiefs. In the field, Team Leaders and Team Members will work alongside first response teams, *unless* the EOC Director/Incident Commander has deemed it is too dangerous or unsafe for them to do so. *Remember*, first responders are professionals. Work with them and take your cues from them.

The Dual Role of the School Office

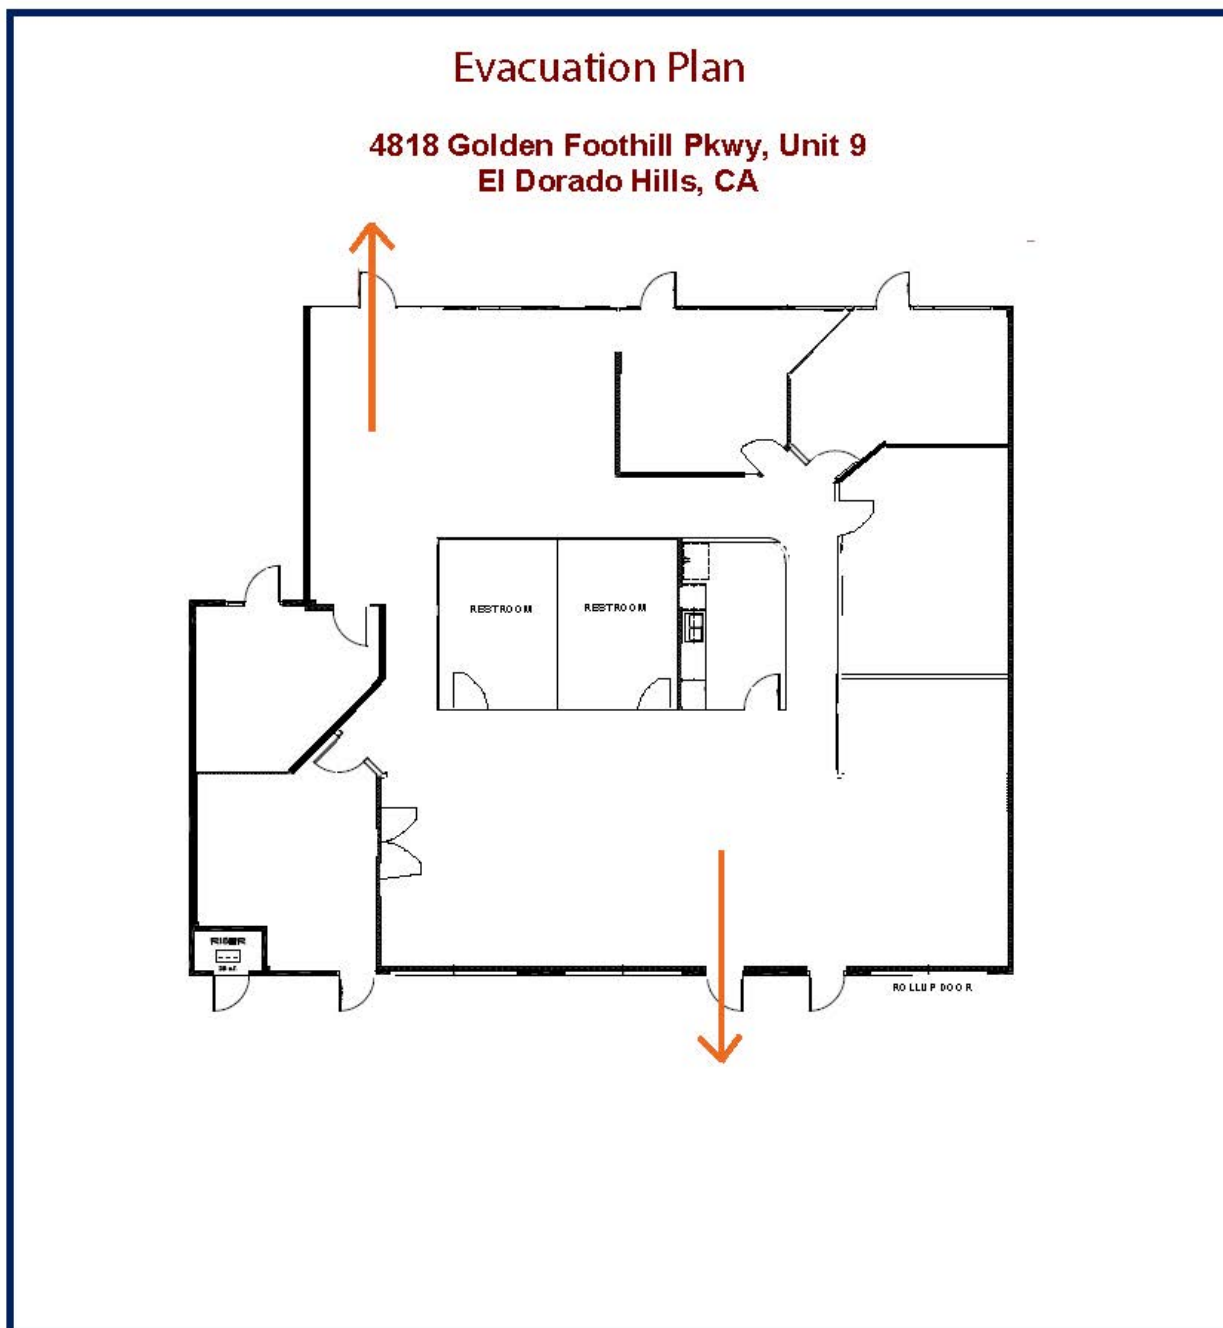

- The School must organize to respond to incidents that occur at their location
 - Ensure that the School has a functional Emergency Action Plan
 - Ensure that School staff are trained and well prepared
- The School office must also organize to provide support when the incident happens at school sites within the organization
 - Provide leadership
 - Provide assistance with response and recovery, when needed
 - Ensure that school staff are trained and well prepared
 - Ensure that each school has a functional Emergency Operations Plan

INCIDENT COMMAND SYSTEM AND DIVISION OF LABOR

Divisions of Labor

Each one of the five functions have certain roles and responsibilities during a disaster or school emergency. The Management Section oversees response activities in consultation with the Chiefs of the Operations, Logistics, Planning/Intelligence, and Administration/Finance Sections. Each of these sections in turn, has a team or teams tasked with implementing very specific components of the emergency response plan.

The following Standard Operating Procedures have been developed to address a multitude of incidents that could occur at a school office or student location. This is a living document that should be updated and modified as additional information is acquired. A hazard assessment should be conducted to identify specific areas of concern for your location in order to maximize the number of response situations included in this plan.

EVACUATION PROCEDURES

Earthquakes, fire, bomb threats, hazardous chemical spill, or an incident on or near the campus are just a few examples of an emergency incident situation that may require that portions of a building or an entire school building be evacuated.

The building Emergency Preparedness Committee should identify evacuation areas on site and alternative off-sites areas should it be necessary to evacuate.

A safe evacuation route must be able to accommodate moving a large number of people, while not exposing employees to danger. The location and type of emergency necessitates evaluation and possible adjustments to the usual evacuation routes. This evaluation will determine if the building should be evacuated in segments or if stationing a person at certain exits is necessary so that staff can be re-routed away from danger.

The movement of staff out of buildings requires accounting for every employee. In order to account for staff, work area supervisors must have available employee lists so that missing or extra staff can be reported immediately to the Command Posts (school; law enforcement; fire). When evacuating their work area, work site supervisors must bring with them the location roster and emergency supplies.

During an evacuation, the following procedures must be followed:

- ✓ Move staff to the designated Evacuation Area.
- ✓ Take roll by completing Staff Accountability Form
- ✓ Runners collect Staff Accountability Report from classroom or work areas.
- ✓ If an employee has an assignment on the Emergency Management Team Organizational Chart, report to the Command Post (CP) and sign in.
- ✓ Report to Incident Commander (IC) for briefing and assignment.

LOCKDOWN/REVERSE EVACUATION PROCEDURES

Some emergencies may prevent safe evacuation and require steps to isolate staff from danger by instituting a lockdown. Other emergencies may occur prior to the work day, during break or lunch periods, or after the work day. When staff may be outside the school building or work site, a reverse evacuation should be initiated.

All employees must be familiar with the specific actions they must take during a lockdown or reverse evacuation. Discussions, training, and practice drills are essential to make these procedures workable.

In the event of a lockdown or reverse evacuation, work area supervisors must utilize the following procedures:

- ✓ If outside, move to the nearest building or room providing it is a safe route and that you are not moving in the direction of danger.
- ✓ If inside, stay inside.
- ✓ Lock door(s) to buildings and or work areas.
- ✓ If possible, quickly close all windows and then move away from the windows.
- ✓ Use caution when allowing late reporting staff to enter into a classroom.

- ✓ Have staff hide, if appropriate.
- ✓ Take roll using Staff Accountability Form.

Report any “extra” staff that sought cover in your work area. Take this form with you if you are directed by the Incident Commander to evacuate your work area at a later time.

- ✓ Await further instructions from the Incident Commander via public address system, phone or an e-mail notification to all staff.
- ✓ **DO NOT** use the telephone to call out as all lines must be kept open, unless there is a dire emergency in your work area.
- ✓ Remain in the room/office until a member of the Emergency Management Team or a law enforcement officer arrives with directions.

PROCEDURES FOR CONDUCTING A “SIZE-UP”

A “**SIZE-UP**” is a nine-step continual data gathering process that determines if it is safe to perform a certain emergency task, whether fire suppression, search and rescue, facilities assessment, etc. A size-up enables first responders to make decisions and respond appropriately in the areas of greatest need. The nine steps in a “**size-up**” are:

1. Gather Facts:

- What has happened?
- How many people are involved?
- What is the current situation?
- Does the time of day or week affect this situation?
- Do weather conditions affect the situation (e.g. forecast, temperature, wind, rain)?
- What type(s) of structures are involved?
- Are buildings occupied? If yes, how many?
- Are there special considerations involved (e.g. children, elderly, disabled)?
- Are hazardous materials involved at or near the situation?
- Are other types of hazards likely to be involved?

2. Assess and Communicate the Damage:

- Take a lap around each building and try to determine what has happened, what is happening now, and what may happen next.
- Are normal communications channels functioning (e.g. ICS, radios, e-mail, phones)?

3. Consider Probabilities:

- What is likely to happen?
- What is the worst-case scenario?

4. Assess Your Own Situation:

- Are you in immediate danger?
- Have you been trained to handle this situation?
- What resources are available which can assist with your current situation?

5. Establish Priorities:

- Are lives at risk? Remember, life safety is the first priority!
- Can you and available resources handle this situation SAFELY without putting others at risk?
- Are there more pressing needs at the moment? If yes, what are they?

6. Make Decisions:

- Base decisions on the answers to Steps 1 through 3 and the priorities that your team has established.
- Where will deployment of resources do the most good while maintaining an adequate margin of safety?

7. Develop an INCIDENT ACTION PLAN:

- Develop a plan that will help you accomplish your priorities.
- Simple plans may be verbal, but more complex plans should always be written.
- Determine how personnel and other resources should be deployed.

8. Take Action:

- Execute your plan, documenting deviations and status changes so that you can accurately report the situation to first responders, the Incident Command Post, the EOC, or other agencies that respond to the scene (e.g. fire, law enforcement, medical, media, coroner, parents).

9. Evaluate Progress:

- At reasonable intervals, evaluate progress in accomplishing the objectives in the plan of action (Incident Action Plan) to determine what is working and what changes you may have to make to stabilize the situation

BOMB THREAT

TELEPHONE BOMB THREAT

- During the call, complete the bomb threat checklist found on the next page.
- Stay on the line with the caller as long as possible, continuing to try and obtain more information about the threat.
- Have someone else call **911** (dial 9 is to obtain outside line) and notify the School office.
- Without using portable radios or cell phones, organize a meeting with the school's Emergency Management Team (EMT). Radio and cell phone usage can resume once you are 300 feet away from school premises as a bomb could be hidden outside.
- If necessary, implement the ICS with only those positions deemed necessary.
- Assign a recorder to document events as they take place.
- Any search of the site should be done under the direction of law enforcement.
- The decision to evacuate the location is the responsibility of the Executive Director or his/her designee.
- If an evacuation is ordered, do not touch anything while leaving the building. Report any suspicious items to the Incident Commander.
- Follow off-site evacuation procedures.
- If the caller identifies a location where the device has been placed, avoid evacuating through the identified area.
- EMT members responsible for off-site evacuation and student accounting should begin making preparations for an orderly transition of the students/staff to the evacuation site.
- If an announcement is made over the school PA to evacuate, remind teachers and site supervisors to bring their class or work area rosters and emergency supplies.

- When the off-site evacuation location is reached, account for all students and staff. Report missing students/staff to the Incident Commander. The Incident Commander will report missing students/staff to the law enforcement agency assisting with the evacuation.
- Re-entry onto the school campus can only take place at the direction of Incident Commander.

E-MAIL BOMB THREAT

- Save the e-mail message.
- Print a copy of the message and give to the Executive Director, law enforcement, and the Technology Department.
- Follow applicable procedures from above.

FIRE/EXPLOSION

Apart from arson, major causes of fires include improper handling and storage of flammable liquids, overloaded electrical outlets, and excessive accumulation of rubbish.

FIRE DRILL PROCEDURES

- NO advance notice of fire drills should be given to building occupants.
- All drills shall be conducted using the same procedures that would be followed in case of an actual fire.
- Fire drills should be conducted at different hours of the day.
- An appropriate number of staff members should know how to reset the fire alarm.
- Immediately after the alarm has sounded for the drill, call the Fire Department non-emergency number to advise that this is only a drill.
- Keep documentation for each drill and record notable events for future consideration/improvement.

POSTING OF EVACUATION ROUTES

- A map, showing the primary and secondary evacuation routes shall be posted inside each room. The evacuation map shall have the office location highlighted and be placed on the wall so that an arrow indicating the exit route is pointing in the direction of the exit from the room.
- The map shall be labeled “**EVACUATION PLAN**” in bold letters and prominently posted in hallways, offices, bathrooms, cafeterias, lounges.

FIRE/EXPLOSION CHECKLIST

- If fire or smoke is detected, or a burning odor is sensed, pull the closest fire alarm to initiate building evacuation procedures.
- Call **911** to report all known information about the incident.
- Site administration should assign a recorder to begin documentation of the event.
- Before leaving a work area, the work area supervisor or their designee should make sure all windows are closed.
- Procedures for anyone with special-needs should be planned in advance and practiced.
- Administration should initiate the Incident Command System (ICS) and the designee assumes the role of the Incident Commander (IC) and establishes a Command Post staging area.
- Supervisors are to complete the Staff Accountability Report.
- Data collected from the **Staff Accountability Form** will determine if the Incident Commander needs to activate additional portions of the ICS, such as First Aid, Medical, Search and Locate/Rescue, etc.
- Establish contact with fire and law enforcement agencies.
- The fire department will give clearance to site administration when it is OK for staff to re-enter the building or an alternative plan if the building will not be able to be occupied.

EARTHQUAKE

An earthquake’s effect on facilities will vary from building to building. Fire alarm or sprinkler systems may be activated by the shaking. Elevators and stairways will need to be inspected for damage before they can be used. Another major threat during an earthquake is from falling objects and debris. Injuries may be sustained during the earthquake while evacuating the building(s) or upon re-entry. Use the following guidelines/procedures to manage the incident:

IF INDOORS

- **DROP, COVER AND HOLD ON** by getting under a desk or table. Protect eyes, head and neck.
- Move away from windows and objects that could fall.
- Stay under the desk or table until shaking stops.
- Listen for emergency instructions.

- Evacuate building if necessary and stay away from buildings, utility poles and large objects while transferring to the assembly area.
- Account for all staff using Staff Accountability Report.

IF OUTDOORS

- Move away from buildings, utility poles and large objects.
- Avoid all downed electrical lines.
- Do not touch any wire or any metal objects.
- Sit down in a safe area.
- Move to the assembly area and begin accounting for all staff.

IN VEHICLE:

- Stop vehicle in a safe location away from power lines, overpasses or buildings.
- Stay in the vehicle and establish radio contact with the School office.

GENERAL GUIDELINES (AFTER THE QUAKE):

- Be prepared for aftershocks and ground motion.
- Evaluate immediate area for earthquake related hazards (fire, building collapse, gas leaks, downed electrical lines, wires, etc.).
- Account for all staff.
- Activate necessary portions of the ICS in collaboration with the site emergency team.
- Determine injuries and provide basic first aid via Medical/First Aid Group.
- Call **911** if there is a major emergency that is life threatening. You may not get a response from **911** if a major disaster has occurred affecting a large local area. **As we have been warned, we may be on our own for several hours or days.**
- Establish communication with your Supervisor and Incident Commander
- Assist any law enforcement or fire units that may respond to your site.
- Control internal and external communications, including contact with school sites and city agencies by use of telephones, cell phones, radios, runners, e-mail, text messages, or other means.
- Refer all media inquiries to the PIO.
- In communication with the school sites, assess the overall situation, how long students and staff might be at school, how supplies might be distributed and sheltering of students and staff.

SHOOTING/STABBINGS

No single warning sign can predict that a dangerous act will occur; however, certain warning signs may indicate that someone is close to behaving in a way that is potentially dangerous to self and/or others. Imminent warning signs usually are present as a sequence of overt, serious, or hostile behaviors or threats directed at peers, staff (usually more than one staff member), as well as the person's immediate family.

IMMINENT WARNING SIGNS REQUIRE AN IMMEDIATE RESPONSE AND MAY INCLUDE THE FOLLOWING

- Physically fighting with peers or family members.
- Hostile interactions with law enforcement that involve a number of recorded incidents.
- Hostile interactions with staff and administration.
- Destruction of property (school, home, community).
- Severe rage for seemingly minor reasons.
- Detailed (time, place and method) threats (written and/or oral) to harm or kill others.
- Possession and/or use of firearms and other weapons.

- Self-injurious behaviors or threats of suicide.
- Is carrying a weapon, particularly a firearm, and has threatened to use it.

WHAT TO DO IF A SHOOTING/STABBING OCCURS AT THE SCHOOL OFFICE

- The first indications of a shooting may include: sound of gunfire, loud cracking sounds, banging noises, windows shattering, glass exploding, bullets ricocheting or a report of a stabbing incident on campus
- Call **911**. Identify your address, and succinctly explain the emergency incident and exact location. Stay on the line until the **911** dispatcher has all the information needed to respond to the situation.
- Activate Incident Command System (ICS) with Emergency Management Team.
- Establish Command Post and appoint Incident Commander and communicate location to law enforcement and fire/rescue units.
- Notify appropriate individuals, i.e. Administrators, Policy Group.
- Provide information, when practicable, about the incident to staff via PA system, e-mail or by phone.
- Account for all staff members by using phone or e-mail or other communication means. Attempt to determine if the shooter/stabber is still on the work site.
- Attempt to determine if the weapon has been found or secured.
- Attempt to determine if the shooter/stabber has been identified.
- Assign a liaison (preferably an administrator) to interface with law enforcement and fire department.
- Liaison can supply law enforcement with radio or phone communication, phone numbers, maps, keys, and other information deemed pertinent to the safe operation of the incident.
- Gather witnesses in a secure room for law enforcement questioning. DO NOT allow witnesses to talk to one another (to protect the investigation). Assign staff to stay with witnesses until law enforcement arrives.
- Develop plan to evacuate staff to an off-site or alternate evacuation area should it be necessary to evacuate the building.
- Gather information of staff members involved in the incident.
- Prepare written statements for telephone callers and media in cooperation with law enforcement and the Executive Director. Can a message be placed on the website?
- Provide a liaison representative for family members for any injured staff members.
- Provide Crisis Response Team to provide counseling and to help deal with any psychological factors.

IF STAFF ARE OUTSIDE, THEY SHOULD BE TRAINED AND/OR INSTRUCTED TO

- Move or crawl away from gunfire, trying to put barriers between you and the shooter.
- Understand that many barriers may visually conceal a person from gunfire but may not be bulletproof.
- Try to get behind or inside a building. Stay down and away from windows.
- When reaching a relatively safe area, stay down and do not move. Do not peek or raise your head.
- Listen for directions from law enforcement.
- Provide your name to the work area supervisor who is accounting for all staff.
- Help others by being calm and quiet.
- Provide law enforcement with as much information as possible, such as:
 - ✓ Is the suspect still on site and do you know the current location?
 - ✓ Where was the specific location of occurrence?
 - ✓ Are there wounded staff members? How many?
 - ✓ Description of all weapons (hand gun, shotgun, automatic, dangerous objects, explosive devices, other).

- ✓ Describe sound and number of shots fired.

SCENE OF INCIDENT

- The scene of an incident/crime shall be preserved.
- With the exception of rescue and law enforcement personnel, no one is allowed to enter the immediate area or touch anything.
- Any witnesses, including staff members, should be held near the area of the incident and be made available to law enforcement for questioning.
- Law enforcement responding to the incident will coordinate activities at the scene of the incident and release the area to school officials when finished.

DEATH AND/OR SUICIDE

Death at a workplace is rare; however, you should be prepared in the event of a death whether it be caused by earthquake, explosion, building collapse, fire, choking, heart attack, seizure, or an incident such as a shooting/stabbing, fight, suicide, etc.

Organizations should also be prepared for the sudden, unexpected death of a staff member or a family member that does not occur on the school campus (automobile accident, sudden death, drive by shooting, gang violence, etc.).

Guidelines to utilize in the event of a death are outlined below.

DEATH OCCURS AT SCHOOL

- Call **911**. Identify your address and briefly outline the emergency and location on campus.
- Notify the school administration.
- Activate the Incident Command System if necessary and contact the school Emergency Management Team. Assign staff as needed.
- Notify the Managing Director's office.
- Isolate other staff from scene.
- If there is a death, do not move body. Law enforcement will contact the coroner's office so that the body can be removed, and any personal items of the victim can be returned to family or secured as evidence.
- DO NOT disturb or touch anything if the event is declared a crime scene.
- Secure area with yellow caution tape and assign staff to guard area.
- Gather all witnesses and place them in a secure location. Tell witnesses not to discuss any part of their observations until law enforcement arrives to interview or release them. Assign staff to monitor witnesses.
- Consider impact on staff. Activate the Crisis Response Team as appropriate.
- If the deceased is an employee, the Executive Director must notify Cal-OSHA within the 8-hour time requirement. Law enforcement or fire department may inform you they will contact Cal-OSHA; however, the School still must make certain it calls Cal-OSHA.
- Monitor staff emotional responses. Following a death there may be:
 - ✓ Self-referrals
 - ✓ Parent referrals
 - ✓ Reports and concerns expressed by relatives or good friends
 - ✓ Students who have experienced a recent loss.
- Develop a list of students and staff members that are having emotional symptoms.

HOSTAGE SITUATIONS

In any hostage situation, the primary concern must be the safety of staff.

Individuals who take hostages are frequently disturbed and the key to dealing with them is to make every attempt to avoid antagonizing them. Communication and demeanor with a hostage taker must be handled in a non-threatening, non-joking manner, always remembering that it may take very little to cause an individual to become violent.

IF THE OFFICE IS TAKEN HOSTAGE

- Do not use words such as “hostage,” “captives,” or “negotiate.”
- Stay calm.
- No heroics, challenges or confrontation.
- Obey all commands.
- When safe, call **911**. Identify your work site and give the exact location in the building of the incident. Stay on the phone until law enforcement arrives to assume control of the situation.
- If possible, assign another staff member to notify the Site administrator.
- If possible, initiate a work site lockdown to stabilize areas around the incident and make for an easier evacuation.
- The work site emergency team shall activate the Incident Command System and make needed assignments including staging a Command Post (CP) and appointing an Incident Commander (IC).
- If possible, the emergency team should provide law enforcement with a liaison from the work site. The liaison can assist in providing name of IC, location of CP and obtaining maps, keys, radio and phone numbers, etc.
- Keep all radios, television sets, and computers turned off to minimize any possibility that suspect can hear or see “NEWS REPORTS.”
- Make an effort to establish rapport with suspect. Provide your first name. Find out his/her first name and use first names, including those of other staff members involved in the situation. If you do not know first names, refer to the hostages(s) as men, and women.
- Be calm and patient and wait for help. Keep in mind that the average hostage incident lasts approximately six (6) to eight (8) hours, and the average barricade incident lasts approximately three (3) hours. **TIME IS ON YOUR SIDE.**
- Anticipate a point of law enforcement entry, rescue and how suspects will be apprehended.

WHEN THE HOSTAGE LOCATION IS OTHER THAN AN OFFICE

- Immediately call **911**. Identify your address and the situation, providing the exact location of the incident. **STAY ON THE LINE UNTIL LAW ENFORCEMENT ARRIVES.**
- While on the phone with the **911** dispatcher report the following if known:
 - ✓ Number of suspect(s)
 - ✓ Names(s) of suspect(s) (if known)
 - ✓ Description of suspect(s):
 - Male or Female
 - Race
 - Weight (Light; Lean; Heavy; Obese) stay away from using lbs.
 - Height (short; medium; tall) avoid using feet/inches
 - Hair
 - Eyes

- Approximate age
- Description of clothing
- Anything special or unusual, like:
 - Scars
 - Tattoos
 - Burn marks
 - Birthmarks
 - Pierced body parts
 - Jewelry
- ✓ Exact location of suspect (building, room) and include North, South, East or West in your directions.
- ✓ Approximate number of staff in hostage area.
- ✓ Are weapons or explosive devices involved?
- ✓ Have any shots been fired? If yes, describe sound and number of shots fired.
- ✓ Are there reports of any injuries or emergency medical needs (medication)? Describe exact location and condition of victim(s).
- ✓ Are there any demands the suspect has made?
- ✓ Is there any other background information, past problems with suspect, demeanor, possible motive, or vendettas against staff or particular staff member?

If the hostage situation is on one side of the building, law enforcement will likely want to enter from the other side. Inform law enforcement exactly where the “Hostage Situation” is located and advise law enforcement what you consider to be the best “other side” entrance for law enforcement response.

- If possible, assign another staff member to notify the Site Administrator.

WHILE WAITING FOR LAW ENFORCEMENT

- If you can safely communicate to other offices by phone, implement lockdown procedures. For this situation, **DO NOT** set off any alarms as the bell may cause staff to panic and rush into a dangerous area.
- **DO NOT EVACUATE** until instructed or escorted by law enforcement.
- Complete Staff Accountability Report.

ONCE LAW ENFORCEMENT ARRIVES

- Law enforcement will need assistance in identifying witnesses. Gather witnesses in a secure location but do not let them talk with one another (to protect the investigation).

THE SITE EMERGENCY TEAM SHOULD MAKE PLANS TO

- Establish their Command Posts and assignment of necessary personnel.
- Record all events.
- Account for all staff.
- Prepare for a possible off-site evacuation route and location.
- Establish a media staging area.
- Alert Crisis Response Team for possible counseling of staff.

HOSTILE VISITOR

A hostile visitor could be an irate parent, a staff member, a neighbor, or an acquaintance of a staff member. The situation may begin in the front office; however, the individual may bypass the office and go directly to the

target of his/her hostility. It is the responsibility of staff to protect staff, attempt to defuse the situation, and, if necessary, notify law enforcement.

UNDERSTANDING NONVERBAL MESSAGES

Body language plays a role in communication. Nonverbal cues are especially crucial when dealing with a person who is upset and potentially violent. Pay attention to signs that a person is angry or frightened. These include:

- Trembling
- Sweating
- A red face
- Crossed arms
- Clenched jaw or fists
- Shallow breathing
- Glaring or avoiding eye contact
- Pacing the floor
- Sneering
- Crying
- Ranting

SEND THE RIGHT NONVERBAL MESSAGES

Don't get too close. An angry or upset person feels threatened by someone who stands too close. Give the person two to four feet distance from you.

Avoid doing any of the following:

- Glaring or staring at the visitor
- Threatening mannerisms such as clenched fists and a raised voice.
- Getting angry

Consider doing the following:

- Be courteous and confident
- Do not touch the individual
- Protect yourself at all times
- Find another staff member to join you or keep the meeting in an open area
- Listen to the visitor, giving him/her the opportunity to vent
- Do not disregard the person's opinion or blame the person.

ATTEMPT TO USE PHRASES SUCH AS:

- What can we do to make this better?
- I understand the problem and I am concerned.
- We need to work together on this problem.

WHAT TO DO:

- As soon as possible, call **911** and stay on the line. State your address, and exact location of hostile visitor. Identify building by letter (A, B, C, D, etc.) or number and use directions (North, South, East or West) for law enforcement as they enter the grounds. Give a description of the hostile visitor.
- If possible, assign a staff member to meet law enforcement and direct them to the location.
- The staff member should unlock any gate that makes access to campus easier and faster.
- If possible, notify the Site Administrator.

- If necessary, activate the Incident Command System, using only those parts of ICS as determined by the information at hand. Expand ICS as needed.
- Use staff members to keep staff away from the location of the hostile visitor.

CHEMICAL RELEASE/ HAZARDOUS MATERIAL SPILL

A chemical release or hazardous material spill could affect one classroom, an entire worksite or larger area.

HOW SHOULD THE SCHOOL OFFICE PREPARE?

- The Emergency Management Teams should discuss and review plans to “Shelter in Place” or to “Evacuate the Area” using an alternative evacuation staging area.
- Staff should be trained to know what type of Personal Protective Equipment (PPE) and clothing to wear when handling hazardous material. The type of PPE to be worn, if any, is contained in the Safety Data Sheet (SDS).
- Staff utilizing or handling any hazardous material, should know the symptoms of exposure, emergency first aid and treatment for exposure.
- All hazardous materials should be stored in a manner prescribed on the SDS.

HOW SHOULD THE SCHOOL RESPOND?

- If a hazardous spill or chemical release occurs within any area of the School office, immediately notify **911**. Inform the dispatcher of your school/address and a brief summary of the problem including the name of the hazardous material/chemical, location of the spill and a report of any injuries, illnesses, fire, explosion, etc.
- Approach incident from upwind.
- Stay clear of all spills (vapors, fumes, smoke, fire, possibility of explosion, other).
- Notify Site Administrator.
- Activate necessary portions of Incident Command System (ICS) and appoint Incident Commander. Expand ICS as needed and make necessary assignments appropriate to incident.
- Begin documentation of events.
- The situation or advice from law enforcement, fire department or a hazardous materials unit deployed to the scene of the spill will determine whether to “Shelter-In-Place” or to “Evacuate” the building. If evacuation is ordered, instruct staff to always move crosswind and upwind. Never move downwind into a chemical. To check wind direction, look at movement of trees or flag.
- If “Sheltering-In-Place” and, if possible, shut off all air-conditioning and heating units. Close all windows and door openings and try to seal gaps under doorways and windows with wet cloth or towels.
- Close all shades or drapes. Instruct staff to stay away from windows.
- If gas or vapors have entered the building, take shallow breaths through a cloth or towel.
- Keep telephone lines clear for emergency calls.
- If an evacuation is ordered, follow all instructions.
- Upon reaching alternative evacuation area, take head count and report missing or ill staff to Incident Commander and/or law enforcement.

MEDICAL EMERGENCY

Occasionally a medical emergency will occur, and personnel must be prepared to respond quickly, effectively, and efficiently.

SOME EMERGENCY PREVENTION/PREPAREDNESS GUIDELINES

- Insist that all accidents be reported, even if no visible harm or injury occurred.
- Follow established procedures for issuing medication.

WHAT TO DO IF A MEDICAL EMERGENCY OCCURS

- Assess seriousness of injury and/or illness by doing START (Simple Triage and Rapid Treatment, commonly called Thirty-Two-Can Do). If a staff member fails any of the three simple tests (Respirations, Perfusion, and Mental), their medical status is IMMEDIATE (RED). Administer first aid or CPR as needed.
- Call **911** and be prepared to provide:
 - ✓ Your address, building letter (A, B, C, D, etc.), room or floor number
 - ✓ Describe illness or type of injury
 - ✓ How the illness or type of injury occurred
 - ✓ Age of ill or injured staff member
 - ✓ Quickest way for ambulance to enter location on site
- Notify the Executive Director.
- Assign a staff member to meet and direct rescue services to location of injured party.
- Notify staff member's family of situation, including type of injury/illness, medical care being given and location where staff has been transported.
- When appropriate, advise other staff of situation.
- Follow-up with staff member's family.

GAS ODOR/LEAK

Natural gas has an additive that gives off a distinct odor allowing you to detect (smell) a leak. In most cases, handling a gas leak involves:

- Isolating the area and moving staff to safety.
- Eliminating potential ignition sources.
- Securing the leak.

The primary responsibility of the worksite staff is to determine how to safely house or evacuate staff and to protect property. The following agencies should be contacted:

- Fire Department (Call **911**)
- Site Administrator. Have a phone number for a point of contact if a leak is detected after business hours. (see emergency contact list)
- Local Gas Company

GAS ODOR OR LEAK INSIDE A BUILDING

- Evacuate the building(s) and move to a safe assembly area as far away as possible from the targeted building.
- Assign Emergency Management Team members to direct staff evacuating other buildings to stay away from the building with odor/leak.
- If necessary, activate the Incident Command System and establish Command Post.
- Begin completing Staff Accountability Report.
- Report any missing students and staff to Command Post.
- Assign a liaison to interact with Fire Department, Gas Company or law enforcement.

IF GAS ODOR OR LEAK IS DETECTED OUTSIDE THE BUILDING

- It may not be necessary to evacuate the building. Evacuation is called for only if odor seeps into a building.

SHELTER-IN-PLACE PROCEDURES**Why You Might Need to Shelter-In-Place**

Chemical, biological, or radiological contaminants may be released accidentally or intentionally into the environment. Should this occur, information will be provided by local authorities, TV or radio on how to protect staff. Because information will most likely be provided on television and radio, it is important to keep a TV or radio on, even during the workday or instructional time. The important thing is for you to follow instructions of local authorities.

Following Are Actions to Follow at Your Worksite:

- Follow reverse evacuation procedures to bring students and staff indoors.
- If there are visitors in the building, provide for their safety by asking them to stay. When authorities provide directions to “shelter-in-place”, they want everyone to take those steps now, where they are, and not drive or walk outdoors.
- Provide for answering telephone inquiries by having at least one telephone available in the room selected to provide shelter for the Office Manager, or the person designated to answer these calls. This room should also be sealed. There should be a way to communicate among all rooms where staff are sheltering-in-place.
- Ideally, provide a way to make announcements over the public address system from the room where the site administrator takes shelter.
- Provide directions to close and lock all windows, exterior doors and any other openings to the outside.
- If there is danger of an explosion, direct that window shades, blinds, or curtains be closed.
- Have employees familiar with the building’s mechanical system turn off all fans, heating and air conditioning systems. Some systems automatically provide for exchange of inside air with outside air – these systems, in particular, need to be turned off, sealed, or disabled.
- Gather essential disaster supplies, such as nonperishable food, bottled water, battery-powered radios, first aid supplies, flashlights, batteries, duct tape, plastic sheeting and plastic garbage bags.
- Designate interior rooms(s) above the ground floor with the fewest windows or vents. The room(s) should have adequate space for everyone to be able to sit in. Avoid overcrowding by selecting several rooms if necessary. Large storage closets, utility rooms, meeting rooms, or conference room without exterior windows will also work well.
- Call emergency contacts and have the phone available if you need to report a life-threatening condition.
- Bring everyone into the rooms that have been designated. Shut and lock the door.
- Use duct tape and plastic sheeting (heavier than food wrap) to seal all cracks around the doors and any vents into the room. Consider precutting plastic sheeting to seal windows, doors, and vents. Each piece should be several inches larger than the space you want to cover so that it lies flat against the wall or ceiling/. Label each piece with the location of where it fits.

EXTENDED POWER LOSS

In the event of extended power loss to a facility certain precautionary measures should be taken depending on the geographical location and environment of the facility:

- Unnecessary electrical equipment and appliances should be turned off in the event that power restoration would surge causing damage to electronics and effecting sensitive equipment.
- Facilities with freezing temperatures should turn off and drain the following lines in the event of a long-term power loss.
 - Fire sprinkler system
 - Standpipes
 - Potable water lines
 - Toilets
- Add propylene-glycol to drains to prevent traps from freezing
- Equipment that contain fluids that may freeze due to long term exposure to freezing temperatures should be moved to heated areas, drained of liquids, or provided with auxiliary heat sources.

Upon Restoration of heat and power:

- Electronic equipment should be brought up to ambient temperatures before energizing to prevent condensate from forming on circuitry.
- Fire and potable water piping should be checked for leaks from freeze damage after the heat has been restored to the facility and water turned back on.

GUIDELINES FOR SPEAKING TO THE MEDIA

When speaking to the media about emergencies, it is extremely important to adhere to the following guidelines:

- **Executive Director READ** all press statements
- **Re-state** the nature of the incident; its cause and time of origin
- **Describe** the size and scope of the incident
- **Report on the *current*** situation
- **Speak about the resources** being utilized in response activities
- **Reassure** the public that everything possible is being done
- **DO NOT release any names**
- **When answering questions** be truthful; but consider the emotional impact the information could have upon listeners
- **Avoid speculation**; do not talk “off the record”
- **Do not use** the phrase “no comment”
- **Set up** press times for updates
- **Control** media location

Part 2: Biological/Chemical Weapons Assault

Biological and chemical weapons are unconventional warfare tactics that can be deployed upon the public with little or no notice. Such weapons typically involve microscopic materials that may be organic or synthetically manufactured in laboratories. Biological or chemical weapons can be in powder form, liquid, or vaporous. Agents used in biological/chemical attacks include, but are not limited to: anthrax, smallpox, other harmful viruses, various forms of nerve gas, tear gas, and other vaporous irritants. Pranks using stink bombs should also be considered a chemical weapons attack.

There are several possible dispersion techniques to deliver biological and chemical agents. The following procedures should be utilized in the event of an assault involving biological or chemical weapons.

Any possible biological/chemical weapons assault should be reported immediately to the Executive Director.

The Executive Director should notify law enforcement authorities immediately.

As necessary alert all site employees of the situation by intercom.

If the agent is delivered via aircraft:

- All staff and students should be moved indoors.
- Keep students inside and take roll.
- Close and secure all doors and windows.
- Ensure that the HVAC is shut down.
- Cover vents with plastic or thick paper using tape to create a seal.
- Inspect all windows and doors for cracks, gaps, or holes. Cover any with plastic or thick paper using tape to create a seal.
- Remain in this area until notified to leave by the Executive Director, Executive Director's designee or officers of emergency response agencies.
- Immediately report any injuries or illnesses to the Executive Director, Executive Director's designee or officers of emergency response agencies.

- All staff and students should be moved indoors.
- Keep students inside and take roll.
- Close and secure all doors and windows.
- Ensure that the HVAC is shut down.
- Cover vents with plastic or thick paper using tape to create a seal.

- Remain in this area until notified to leave by the Executive Director, Executive Director's designee or officers of emergency response agencies.
- Immediately report any injuries or illnesses to the Executive Director, Executive Director's designee or officers of emergency response agencies.

If the agent is delivered via dispersion device that is indoors:

- All staff and students should be evacuated to the school's normal outdoor evacuation assembly area unless that area may be affected by the assault. Role should be taken.
- Remain in this area until notified to leave by the Executive Director, Executive Director's designee or officers of emergency response agencies.
- The HVAC system should be shut down.

If the agent is delivered via the school's HVAC system:

- All staff and students should be evacuated to the school's normal outdoor evacuation assembly area unless that area may be affected by the assault. Role should be taken.
- Remain in this area until notified to leave by the Executive Director, Executive Director's designee or officers of emergency response agencies.
- The HVAC system should be shut down.

In any situation involving biological or chemical weapons the Executive Director and staff must follow all instructions given by officers of emergency response agencies. Clarksville Charter School EOC will develop an action plan to handle telephone inquiries, rumor control, media relations, public information, employee/student crisis counseling, and facility damage assessment/control

Part 3: Bomb Threat Procedures

If you observe a suspicious object or potential bomb on property, DO NOT HANDLE THE OBJECT, IMMEDIATELY NOTIFY 911.

1. Receiving the Call

Make every attempt to keep the caller on the phone as long as possible to gain information. Try if possible, to determine the gender and age of caller. Try if possible, to get the caller to tell you the exact location of the bomb and the time of threatened detonation.

2. Notification Procedures

School Location communicate the above information to the following in this order:

- School Executive Director/Administrator
- Assistant Executive Directors
- Regional Coordinators

The Executive Director/Administrator will notify local law enforcement and the Buckeye School District office.

The Executive Director will communicate the above information to notify local law enforcement.

Strictly follow the above notification procedures and do not discuss or notify others of the bomb threat since this may create an unwarranted panic response at the facility.

3. Action Plan Procedures

If required to develop an action plan, the Executive Director/Administrator may consult with the following: Executive Directors and other administrators utilizing their expertise.

If the location of the bomb is not specifically designated, students will be kept in a secure location.

The Executive Director will make the decision to evacuate the building. However, if possible, this decision should be made in conjunction with law enforcement authorities after they arrive at the location.

The decision to search the building will be made in conjunction with law enforcement authorities and performed by them.

Reoccupation of an evacuated building will be authorized by the Executive Director only after consulting with law enforcement authorities.

Section I: Suspension/Expulsions rules and procedures - Ed Code 47605
Part 1: Rules and Procedures of School Discipline/Process and Procedures

Suspension Procedure: Suspensions shall be initiated according to the following procedures:

- Conference: Suspension shall be preceded, if possible, by a conference conducted by the Executive Director or designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Clarksville Charter School employee who referred the student to the Executive Director or designee.

The conference may be omitted if the Executive Director or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Clarksville Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student’s parent or guardian to attend a conference with Clarksville Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student’s parent or guardian at the conference.

Notice to Parents/Guardians: At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Clarksville Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

- Suspension Time Limits/Recommendation for Expulsion: Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of Expulsion by the Director or Director's designee, the student and the student's guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. This determination will be made by the Director or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

Authority to Expel: A student may be expelled either by the Clarksville Charter School Board following a hearing before it or by the Clarksville Charter School Board upon the recommendation of an Administrative Panel to be assigned by the Board as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student or a Board member of the Clarksville Charter School's governing board. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

Expulsion Procedures: Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Executive Director or designee determines that the Student has committed an expellable offense.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under FERPA) unless the Student makes a written request for a public hearing three (3) days prior to the hearing.

- c. A copy of the Clarksville Charter School's disciplinary rules which relate to the alleged violation;

- f. The right to inspect and obtain copies of all documents to be used at the hearing;
- g. The opportunity to confront and question all witnesses who testify at the hearing;
- h. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses:

The Clarksville Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Clarksville Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days' notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

- The Clarksville Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
- At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
- The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
- The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
- Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.

If one or both of the support persons is also a witness, the Clarksville Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Clarksville Charter School. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

If one or both of the support persons is also a witness, the Clarksville Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Clarksville Charter School.

The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

- The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
- Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
- Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing:

- A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence: While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to his/her educational program.

Written Notice to Expel: The Executive Director or designee, following a decision of the Board to expel, shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: (a) Notice of the specific offense committed by the student; and (b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Clarksville Charter School.

The professional development will include additional information regarding groups of students at elevated risk for suicide, including those living with mental and/or substance use disorders, those who engage in self-harm or have attempted suicide, those in out-of-home settings, those experiencing homelessness, LGBTQ students, students bereaved by suicide and those with medical conditions or certain types of disabilities.

Youth Suicide Prevention Programming:

Developmentally-appropriate, student-centered suicide prevention education may be incorporated into classroom curricula. The content of these age-appropriate materials may include, but is not limited to: the school’s suicide prevention, intervention, and referral procedures, the importance of safe and healthy choices and coping strategies, how to recognize risk factors and warning signs of mental disorders and suicide in oneself and others, help-seeking strategies for oneself or others, including how to engage school resources and refer friends for help. In addition, schools may provide supplemental small group suicide prevention programming for students.

Publication and Distribution:

The administrative regulations will be distributed annually and included in all student and teacher handbooks and on the school website.

Employee Qualifications and Scope of Services

Employees must act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, and to prevent the immediate risk of a suicidal behavior, treatment of suicidal ideation is typically beyond the scope of services offered in the school setting. In addition, treatment of the mental health challenges often associated with suicidal thinking typically requires mental health resources beyond what schools are able to provide. **Specialized Staff Training (Assessment)**

Additional professional development in suicide risk assessment and crisis intervention shall be provided to mental health professionals including, but not limited to the following: school counselors, school psychologists, employed by Clarksville Charter School.

Parents, Guardians, and Caregivers Participation and Education

To the extent possible, parents/guardians/caregivers should be included in all suicide prevention efforts. At a minimum, the suicide prevention policy shall be prominently displayed in the parent handbook.

All parents/guardians/caregivers should have access to suicide prevention training that includes, but is not limited to the following: suicide risk factors, warning signs, and protective factors, How to talk with a student about thoughts of suicide, how to respond appropriately to the student who has suicidal thoughts.

Intervention, Assessment, Referral

Staff

When a student is identified by a staff person as having experienced:

- A catastrophic event happened which affects their attendance
 - Natural Disaster i.e fire, flood, earthquake, tornado, etc.
- A victim of a family crisis
 - Domestic Violence
 - Sexual Abuse
 - Chronic Illness
 - Loss (Death, divorce, relocation)
- Placement Change

- Juvenile Hall
- Residential Treatment Center
- Student is potentially suicidal (has attempted and/or commented about having suicidal thoughts or a plan to harm themselves or others)
 1. The staff member will fill out a referral survey (Student in Crisis/Suicide Risk Survey).
 2. The Mental Health Team will contact the reporting school staff, the student, and the parent or guardian and will complete the Student in Crisis or Suicide Risk Assessment. If the referral is for possible suicide or self harm the school staff may recommend that the student is continuously supervised to ensure their safety.
 3. The Mental Health Team will develop a Parent Support Plan with the family and will provide community-based resources and recommendations. When appropriate, this may include calling emergency services or bringing the student to the local hospital emergency department
 4. The Director, Executive Director, and school psychologist will be alerted of the situation as soon as reasonably possible.

Designated members of the Mental Health Team should conduct a suicide risk assessment. The purpose of the assessment is to determine the level of risk and to identify the most appropriate actions to ensure the immediate and long-term safety and well-being of the student. This should be done by a team that includes a school-employed mental health professional.

Caregiver notification is a vital part of suicide prevention. The appropriate caregiver(s) must always be contacted when signs of suicidal thinking and behavior are observed. Typically this is the student's parent(s); however, when child abuse is suspected protective services should be contacted. Even if a child is judged to be at low risk for suicidal behavior, schools may ask caregivers to sign a form to indicate that relevant information has been provided. Regardless, all caregiver notifications must be documented. Caregivers also provide critical information in determining level of risk. Whether a student is in imminent danger or not, it is strongly recommended that lethal means (i.e. guns, poisons, medications, and sharp objects) are removed or made inaccessible.

Refer to community services if warranted. Referral options to 24 hour community-based services should be identified in advance. It is best to obtain a release from the primary caregiver to facilitate the sharing of information between the school and community agency.

Risk Level I (Low):

Definition: Does not pose imminent danger to self; insufficient evidence for suicide potential.

Indicators: Passing thoughts of suicide; no plan; no previous attempts; no access to weapons or means; no recent losses; support system is in place; no alcohol/substance abuse; some depressed mood/affect; evidence of thoughts found in notebook, internet postings, drawings; sudden changes in personality/behavior (e.g., distracted, hopeless, academically disengaged)

Risk Level II (Moderate)

Definition: May pose imminent danger to self, but there is insufficient evidence to demonstrate a viable plan of action to do harm.

Indicators: Thoughts of suicide; plan with some specifics; unsure of intent; previous attempts and/or hospitalization; difficulty naming future plans; past history of substance use, with possible current intoxication; self-injurious behavior; recent trauma (e.g., loss, victimization)

Risk Level III (High):

Definition: Poses imminent danger to self with a viable plan to do harm; exhibits extreme and/or persistent inappropriate behaviors; sufficient evidence for violence potential; qualifies for immediate arrest or hospitalization.

Indicators: Current thoughts of suicide; plan with specifics, indicating when, where and how; access to weapons or means in hand; finalizing arrangements (e.g., giving away prized possessions, good bye messages in writing, text, on social networking sites); isolated and withdrawn; current sense of hopelessness; previous attempts; no support system; currently abusing alcohol/substances; mental health history; precipitating events, such as loss of loved one, traumatic event or bullying.

Risk Level Interventions and Follow-Up

DO NOT LEAVE THE STUDENT UNSUPERVISED

RL I Action (Low):

1. CONSULT WITH A MENTAL HEALTH PROFESSIONAL.
2. Contact parent/guardian/caregiver and give resources when appropriate.
3. Implement Interventions I.E., Student no harm promise and Plan, identify support systems on and off campus.
4. Document student and parent contact and place in confidential file.
5. Contact CPS if suspected abuse.

8. Consider whether student may have a disability and/or may need referral for additional services.
9. Contact CPS if suspect abuse.
10. Follow procedures for re-entry to School After a Suicide Attempt.

As appropriate, consider an assessment for special education or a 504 Accommodation plan for a student whose behavioral and emotional needs affect their ability to benefit from their educational program.

Document all actions

The Mental Health Team shall maintain records and documentation of actions taken at the school for each case.

Notes, documents and records related to the incident are considered confidential information and remain privileged to authorized personnel. These documents should be kept in a confidential file separate and apart from the student’s cumulative records.

If the student transfers to a school within or outside the sending school may contact the receiving school to share information and concerns, as appropriate, to facilitate a successful supportive transition.

Supporting Students after a Mental Health Crisis

It is crucial that careful steps are taken to help provide the mental health support for the student and to monitor their actions for any signs of suicide. The following steps should be implemented after the crisis:

Treat every threat with seriousness and approach with a calm manner; make the student a priority. Listen actively and non-judgmental to the student. Let the student express his or her feelings.

Acknowledge the feelings and do not argue with the student.

Offer hope and let the student know they are safe and that help is provided. Do not promise confidentiality or cause stress.

Explain calmly and get the student to a trained professional, school psychologist, school counselor, or designated staff to further support the student.

Keep close contact with the parents/guardians/caregivers and mental health professionals working with the student.

Students

Each school site and program within shall identify, disseminate and prominently display a process for students to safely notify a staff member when they are experiencing emotional distress or suicidal ideation, or when they suspect or have knowledge of another student's emotional distress, suicidal ideation, or attempt.

Parental Notification and Involvement

Each school within shall identify a process to ensure continuing care for the student identified to be at risk of suicide. The following steps should be followed to ensure continuity of care:

After a referral is made for a student, school staff shall verify with the Parent/guardian/caregiver that follow-up treatment has been accessed. Parents/guardians/caregivers will be required to provide documentation of care for the student prior to returning to school.

If parents/guardians/caregivers refuse or neglect to access treatment for a student who has been identified to be at-risk for suicide or in emotional distress, the suicide prevention coordinator, administrator or other mental health professional will meet with the parents/guardians/caregivers to identify barriers to treatment (e.g., cultural stigma, financial issues) and work to rectify the situation and build understanding of the

importance of care. If follow-up care for the student is still not provided, school staff should consider contacting Child Protective Services (CPS) to report neglect of the youth.

A written authorization to exchange/release information should be completed by the parents/guardians/caregivers and appropriate school staff (e.g., school psychologist, school counselor and/or nurse) should consult with outside mental health or medical treatment team.

Action Plan for In-School Suicide Attempts

Each school site and program within shall follow the following action plan to immediately address in school suicide attempts. If a suicide attempt is made during the school day on campus, it is important to remember that the health and safety of the student and those around him/her is critical. The urgency of the situation will dictate the order and applicability in which the subsequent steps are followed:

Remain calm, remember the student is overwhelmed, confused, and emotionally distressed.

Move all other students out of the immediate area.

Immediately contact the administrator and suicide prevention coordinator.

Call 911 and give them as much information about the situation as possible.

If needed, provide medical first aid until a medical professional is available.

Parents/guardians/caregivers should be contacted as soon as possible.

Do not send the student away or leave them alone, even if they need to go to the restroom.

Listen and prompt the student to talk.

Review options and resources of people who can help.

Be comfortable with moments of silence as you and the student will need time to process the situation.

Provide comfort to the student.

Promise privacy and help, and be respectful, but do not promise confidentiality.

Student should only be released to parents/guardians/caregivers or to a person who is qualified and trained to provide help.

Follow procedures for re-entry to School After a Suicide Attempt.

Action Plan for Out-of-School Suicide Attempts

If a suicide attempt by a student is outside of property, it is crucial to protect the privacy of the student and maintain a confidential record of the actions taken to intervene, support, and protect the student. The following steps should be implemented:

Contact the parents/guardians/caregivers and offer support to the family.

Discuss with the family how they would like the school to respond to the attempt while minimizing widespread rumors among teachers, staff, and students.

Obtain permission from the parents/guardians/caregivers to share information to ensure the facts regarding the crisis is correct.

Designate a staff member to handle media requests.

Provide care and determine appropriate support to affected students.

Follow procedures for re-entry to School After a Suicide Attempt.

Re-Entry to School After a Suicide Attempt

A student who threatened or attempted suicide is at a higher risk for suicide in the months following the crisis. Having a streamlined and well planned re-entry process ensures the safety and wellbeing of students who have previously attempted suicide and reduces the risk of another attempt. An appropriate re-entry process is an important component of suicide prevention. Involving students in planning for their return to school provides them with a sense of control, personal responsibility, and empowerment.

A student returning to school following hospitalization, including psychiatric and drug or alcohol inpatient treatment, must have written permission by the health care provider in order to attend school.

A written authorization to exchange/release information should be completed by the parents/guardians/caregivers and appropriate school staff (e.g., school psychologist, school counselor and/or nurse) should consult with the outside mental health or medical treatment team.

Comprehensive School Safety Plan

Clarksville Charter School
Section J: Mental Health Guidelines
Part 2: Suicide Prevention, Intervention and Postvention Protocol

If the student has been out of school for any length of time, including mental health hospitalization, the school site administrator or designee should hold a re-entry meeting with key support staff, parent/guardian/caregiver and student to facilitate a successful transition back into school.

The re-entry meeting should include a review of the authorization for return and documentation provided by the outside mental health or medical treatment team.

The documentation provided should be considered in the development of a student safety plan for re-entry.

The school team should confer with student and parents/guardians/caregivers about any specific requests on how to handle the re-entry.

Inform the student's teachers about possible days of absences.

Allow accommodations for student to make up work (be understanding that missed assignments may add stress to student).

Mental health professionals or trusted staff members should maintain ongoing contact to monitor student's actions and mood as part of the student safety plan.

Work with parents/guardians/caregivers to involve the student in an aftercare plan.

POSTVENTION

A death by suicide in the school community (whether by a student or staff member) can have devastating consequences on students and staff. Therefore, it is vital to be prepared ahead of time in the event of such a tragedy. The following are general procedures for the school administrator/ Executive Director in the event of a completed suicide:

Gather pertinent information

Confirm cause of death is the result of suicide, if this information is available.

Identify staff member to be the point of contact with the family of the deceased.

Information about the cause of death should not be disclosed to the school community until the family has been consulted and has consented to disclosure.

Clarksville Charter School
Section J: Mental Health Guidelines
Part 2: Suicide Prevention, Intervention and Postvention Protocol

Assemble school crisis response team

School crisis response team to determine initial response procedures and obtain consultation regarding number of personnel needed for initial response. It is helpful to have the following information available for consultation:

- Demographic information
- Siblings (If any within)
- School Profile
- Known friends/groups
- Identification of additional high risk students

Staff notification

Concerns and wishes of family members regarding disclosure of the death and cause of death should always be taken into consideration when providing facts to students, staff and parents. Some actions to consider:

Assess the extent and degree of psychological trauma and impact to the school community

Establish a plan to notify staff of death, once consent is obtained by the family of the deceased.

Notification of staff is recommended as soon as possible (In person if possible).

To dispel rumors, share accurate information and all known facts about the death.

Emphasize that no one event is to blame for suicide. Suicide is complex and cannot be simplified by blaming individuals, drugs, music and/or school.

Allow staff to express their own reactions and grief; identify anyone who may need additional support and provide resources.

Student notification and support

Concerns and wishes of family members regarding disclosure of the death and cause of death should always be taken into consideration when providing facts to students, staff and parents. Some actions to consider:

Notification of students should be done in small group settings, such as in the classroom. Do not notify students using a public announcement system.

To the extent possible, students should be notified in the same time period to minimize rumors.

When possible, the news should be delivered by staff with whom the students are most familiar and comfortable.

Provide staff with a scripted notification of death for students and

Prepare staff for potential reactions and questions. Review student support plan making sure to clarify procedures and locations for crisis counseling.

Define triage procedures for students and staff who may need additional support in coping with the death.

Identify a lead crisis response staff member to assist with coordination of crisis counseling and support services.

Identify locations on campus to provide crisis counseling to students, staff and parents, as needed.

Identify a mental health professional (School psychologist or school counselor) to check in with students previously identified to be at risk for suicide.

Request substitute teachers, as needed.

Maintain sign-in sheets and documentation on individual's services for follow up, as needed.

Provide students, staff or parents/guardians/caretakers with after-hours resource numbers such as the 24/7 Suicide Prevention Crisis Line.

Refer students or staff who require a higher level of care for additional services such as a community mental health provider, or their health care provider. Indicators of students and staff in need of additional support and/or referral may include the following:

Comprehensive School Safety Plan

Persons with close connections to the deceased.

Persons who have experienced a loss over the past six months to a year, a traumatic event, have witnessed acts of violence, or have a history of suicide (Self or family member).

Persons who appear emotionally over-controlled (e.g., a student who was very close to the deceased but who is exhibiting no emotional reaction to the loss) or those who are angry when majority are expressing sadness.

Persons unable to control crying

Persons with multiple traumatic experiences may have strong reactions that require additional assistance.

Document

School administration shall maintain records and documentation of actions taken at the school site.

Monitor and manage

School administration with support from the school crisis team should monitor and manage the situation as it develops to determine follow up actions and continued support plans.

Communicate with the larger school community about the suicide death;

Consider funeral arrangements for family and school community;

Respond to memorial requests in respectful and non-harmful manner; responses should be handed in a thoughtful way and their impact on other students should be considered. Memorials or dedications to a student who has died by suicide should not glamorize or romanticize either the student or the death.

Identify and monitor social media platforms students are using to respond to the suicide. Encourage parents to monitor internet postings regarding the death, including the deceased personal profile pages.

Clarksville Charter School
Section L: COVID-19 Reporting AB 685
Part 1: Increased COVID-19 Reporting Requirements

AB 685 mandates increased COVID-19 reporting requirements. School employees must be notified within one business day of any potential exposure to COVID-19 in the workplace with specific information regarding their rights in response to the exposure, as well as the employer's disinfection/safety plan. The local public health agency must be notified within forty-eight hours in the event of an outbreak in the workplace.

School:

- The school will notify all employees at a worksite of potential exposures, COVID-19-related benefits and protections, and disinfection and safety measures that will be taken at the worksite in response to the potential exposure.
- The school will provide a written notice to all employees, and the employers of subcontracted employees, who were on the premises at the same worksite as the person who was infectious with COVID-19 or who was subject to a COVID-19-related quarantine order within one business day.
- The school will notify local public health agencies of all workplace outbreaks, which are defined as three or more laboratory-confirmed cases of COVID-19 among employees who live in different households within a two-week period.
- The school will notify local public health agencies of outbreaks within 48 hours of becoming aware of the number of cases that meet the definition of an outbreak. The school will notify the local public health agency in the jurisdiction of the worksite of the names, phone number, occupation, and worksite of employees who may have COVID-19 or who are under a COVID-19 isolation order from a public health official.
- The school will provide staff who may have been exposed with information regarding COVID-19 related benefits available under federal, state, and local laws. This information would include workers compensation benefits, COVID-19-related leaves, company sick leave, state-mandated leave, supplemental sick leave, and anti-retaliation and antidiscrimination protections.
- The school will notify all employees of the disinfection and safety plan that the employer plans to implement and complete in accordance with the guidelines of the Centers for Disease Control.
- The school will report the business address and NAICS industry code of the worksite where the infected or quarantined individuals work.
- The school will provide information about access to COVID-19 testing.
- The school will provide information about COVID-19 hazards to staff and anyone that comes into contact with the school workplace.
- From January 1, 2021 until January 1, 2023, Cal/OSHA can issue an Order Prohibiting Use (OPU) to shut down an entire worksite or a specific worksite area that exposes employees to an imminent hazard related to COVID-19.
- From January 1, 2021 until January 1, 2023, Cal/OSHA can issue citations for serious violations related to COVID-19 without giving employers 15-day notice before issuance.

Staff:

- Staff need to report to the school, without fear of reprisal, COVID-19 symptoms, possible COVID-19 exposures, and possible COVID-19 hazards at the workplace.
- Staff with medical or other conditions that put them at increased risk of severe COVID-19 illness shall inform Human Resources.

AB 685 (Reyes) – COVID-19: imminent hazard to employees: exposure: notification: serious violations
 Clarksville Charter School has developed a COVID-19-Prevention Plan and the COVID-19 School Guidance Checklist. Along with, CCS participates in the Cal/OSHA Notice and Reporting Obligations (AB 685.) AB 685 is effective January 1, 2021 and expires January 1, 2023.

CCS under the Cal/OSHA regulations, will follow the Employer Notice and Reporting Requirements in AB 685. CCS must inform staff who may have been exposed to COVID-19. If independent contractors were onsite during the potential exposure period, they also would need to be notified. Notice must be given within one business day, without revealing the identity of the person who may have spread the virus. CCS within 48 hours will report an “outbreak” to the local public health agency.

Clarksville Charter School will

- Notify the Local Health Department.
- Exclude from school for 10 days from symptom onset date or, if asymptomatic, for 10 days from specimen collection date.
- Identify school contacts (+), inform the LHD of identified contacts, and exclude contacts (possibly the entire stable group (++) from school for 10 days after the last date the case was present at school while infectious.
- Recommend testing asymptomatic contacts 5-7 days from last exposure and immediate testing of symptomatic contacts (negative test results will not shorten 10- day exclusion)
- School community notification of a known case.
- Notification of persons with potential exposure if case was present in school while infectious day exclusion).
- Disinfection and cleaning of classroom and primary spaces where case spent significant time.

COVID-19 Notification Requirements

	Outbreak Presumption (LC 3212.88)	Employee Notification (LC 6409.6(a))	Local Reporting (LC 6409.6(b))	OSHA (LC 6409.1)
Who	Claims Administrator	Employees	Local public health agency	OSHA
Requisite Knowledge	Positive COVID-19 test	Potential exposure to COVID-19	COVID-19 outbreak	Work related illness resulting in hospitalization within 24 hours, or death within 30 days
When	Three business days	One business day	48 hours	Five days (eight hours for serious injury or death)
How	Email or fax	In writing (including email or text message)	Unspecified	5020 Form

"COVID-19 exposure" is defined as being within 6 feet of an infected person, for a cumulative total of at least 15 minutes within 24 hours, during the high-risk exposure period. Cal/OSHA's notice requirements differ in some ways from those imposed by AB 685, a state law that took effect on Jan. 1. AB 685 requires employers to notify workers of potential exposure when they become aware of:

- A confirmed COVID-19 case.
- A positive COVID-19 diagnosis.
- A COVID-19-related order to isolate.
- A death due to COVID-19.

Under AB 685, notice must be provided within one business day to all employees who may have been exposed. If subcontracted employees potentially were exposed, their employers would need to be notified.

COVID-19 RELATED EMPLOYMENT LEAVE POLICIES

EMERGENCY PAID SICK LEAVE ("COVID-PSL")

Purpose

Clarksville Charter School ("School") enacted this policy in accordance with the Families First Coronavirus Response Act ("FFCRA") to provide emergency paid sick leave ("COVID-PSL") to eligible employees.

Eligible Employees

All employees (including part-time and temporary employees) who work for the School are eligible to use COVID-PSL beginning on the first day of employment as set forth in this policy.

Definitions

For purposes of this policy, the following definitions are incorporated:

"Caring for an individual" relates to the care for an employee's immediate family member, a person who regularly resides in the employee's home, or a similar person with whom the employee has a relationship that creates an expectation that the employee would care for the person if he or she were quarantined or self-quarantined.

"Health care provider" means a doctor of medicine or osteopathy who is authorized to practice medicine or surgery (as appropriate) by the State in which the doctor practices; or any other health care provider as authorized by statute.

"Seeking a medical diagnosis" for COVID-19 is limited to time the employee is unable to work or telework because the employee is experiencing symptoms such as a fever, dry cough, shortness of breath or any other symptoms identified by the U.S. Centers for Disease Control and Prevention and the employee is taking affirmative steps to obtain a medical diagnosis, such as making, waiting for, or attending an appointment for a test for COVID-19.

The definitions of "child care provider," "school," and "son or daughter" are the same as those set forth in the School's E-FMLA policy below.

Permitted Use

Eligible employees may use COVID-PSL to take paid time off if an employee is unable to work (or telework) due to any of the six qualifying reasons set forth below:

1. The employee is subject to a Federal, State, or local quarantine or isolation order related to COVID-19.
2. The employee has been advised by a health care provider to self-quarantine due to concerns related to COVID-19. This includes situations in which the employee has been advised to self-quarantine because the employee has COVID-19, it is believed the employee may have COVID-19 due to known exposure or symptoms or the employee is deemed particularly vulnerable to COVID-19.
3. The employee is experiencing symptoms of COVID-19 and seeking a medical diagnosis.
4. The employee is caring for an individual who is subject to an order as described in subparagraph (1) or has been advised as described in subparagraph (2).
5. The employee is caring for a son or daughter of such employee if the school or place of care of the son or daughter has been closed, or the child care provider of such son or daughter is unavailable, due to COVID-19 precautions. This may be taken if no other suitable person is available to care for the child during the period of the leave.
6. The employee is experiencing any other substantially similar condition specified by the Secretary of Health and Human Services in consultation with the Secretary of the Treasury and the Secretary of Labor.

Hours of Paid Leave Received

Full-time employees are entitled to 80 hours of COVID-PSL.

Part-time employees are entitled to the number of hours they work on average over a two-week period. For those with varying schedules, the School will determine the number of hours, which generally includes a backward looking calculation of hours worked in the previous six months.

Caps on Amount of Paid Leave Received

For qualifying reasons 1-3, the employee will receive their regular rate of pay up to \$511 daily and an aggregate total of \$5,110. For qualifying reasons 4-6, the employee will receive their regular rate of pay up to \$200 daily and an aggregate total of \$2,000.

Limits on Use

COVID-PSL is only available for use while qualifying reasons exist or through December 31, 2020, whichever is earlier. If an otherwise eligible employee received COVID-PSL from a prior employer, the employee may not be entitled to COVID-PSL under this policy.

Intermittent Leave

If the School and the employee agree, an employee may take the leave intermittently for any qualifying reason.

Use Of Paid Benefits

Employees may elect to use other accrued unused School paid leave benefits pursuant to those applicable policies before using COVID-PSL, although employees are not required to do so. If the School and the employee agree, employee's accrued unused paid benefits through applicable School policies may supplement the amount the employee receives under COVID-PSL up to the full amount of the employee's regular compensation for time taken off under this policy.

Maintenance of Health Benefits

The School will provide continued coverage under the School's group health plan if employee participates in the group health plan at the time leave is taken. The employee is responsible for paying the same portion of the premium costs the employee paid prior to COVID-PSL. Unless otherwise noted, the employee's portion of contributions will be deducted from the employee's pay.

Notification

The employee must completely fill out and submit a Request for Leave Form and provide reasonable advance notification of the need to use COVID-PSL, if foreseeable. Additional documentation supporting the need for leave may be requested. If the need to use COVID-PSL is not foreseeable, the employee must submit the Request for Leave Form as soon as practicable. However, paid leave may not be provided until the requested certification is submitted and approved. If you need assistance in completing or submitting your form, please contact Human Resources.

Termination

Employees will not receive pay in lieu of unused COVID-PSL. Unused COVID-PSL will not be paid out upon termination.

No Discrimination or Retaliation

The School prohibits discrimination or retaliation against employees for using their COVID-PSL.

This COVID-PSL policy may be modified, altered, or otherwise amended or deleted in the School's sole and absolute discretion.

Value for fees

We move far beyond simply checking boxes and meeting compliance requirements. To us, value means forward-thinking services to help you compete and adapt in a growing industry. Value means using compliance work as an engine for organizational transformation to make Clarksville more lean, more nimble and more impactful. Value means choosing to work with Baker Tilly.

We prepared fee estimates based on the needs you shared with us, as well as on our experience leading similar engagements with not-for-profit schools in the area. Our estimate allows for insightful advice and thorough services from experienced professionals without unnecessary add-on charges. We do not bill for overhead administrative charges and work hard to keep any out-of-pocket expenses to a minimum.

Services	2021	2022	2023
Audit of the financial statements for the year ended June 30	\$21,995	\$22,995	\$23,995
Preparation of Form 990	\$2,000	\$2,250	\$2,500

Assumptions

We based our fees on the assumptions below. If a unique issue arises, we will work with you to determine the level of assistance required and arrange an appropriate fee at that time. No surprise billing. Ever.

- Adequate support, preparedness and cooperation from management
- Organized books and timely response to inquiries or requests
- No major business or scope changes, including changes to accounting and tax standards or laws

An all-inclusive, transparent fee structure

Routine phone calls, emails and quick consultations are included in your fee estimate because we do not believe in billing for every question, comment or concern. We communicate with clients year-round and encourage clients to share any new and unusual transactions with us so we can determine how they will impact the engagement. We will always tell you if the assistance required is out of scope and never perform additional work without explicit approval.

Continued conversations and an open discussion around fees

We believe our fees are competitive based on our estimate of the professional time necessary to complete the requested services. However, should our fees (or anything else) not be in line with your expectations, we would appreciate the opportunity to have an open discussion with you.

We are pleased to have this opportunity to present you with a proposal for independent audit services. As a firm with extensive experience auditing California local education agencies, we understand the requirements of this engagement for Clarksville Charter School (the School) and the importance of providing the School with reports by the required deadlines. Wilkinson Hadley King & Co. is committed to meeting all of the School's requirements and timelines for successful completion of the annual audit engagement.

Throughout this proposal, we identify the many reasons why we feel that the strengths of Wilkinson Hadley King & Co. LLP create the optimal model to provide the auditing and financial compliance services required by the School. We feel the most important of these strengths are as follows:

- **Charter Schools are a strategic industry for Wilkinson Hadley King & Co. LLP.** We are on the forefront of issues impacting charter schools in California, and we look forward to sharing this knowledge with your school. As a show of our commitment to the education industry, we are actively involved in the California Association of School Business Officials, the Government Audit Quality Center, and the Audit Guide Committee which aids the Education Audit Appeals Panel in writing the annual Audit Guide for California local education agencies. Our objective is to add value beyond the basic financial statement audit by sharing knowledge gained from our vast experience and professional associations.

Part IV: Scope of Services

Audits to be Completed

We propose to provide the following services to Clarksville Charter School:

1. Audit of the financial statements for Clarksville Charter School, inclusive of reporting on state and federal compliance as outlined in the RFP.

Audit Requirements to Be Followed

Due to our team's experience in auditing California local education agencies, Wilkinson Hadley King & Co. LLP is knowledgeable of the applicable audit requirements. We therefore can assure the School that this engagement will adhere to the audit requirements of the California K-12 Local Education Agency Audit Guide, as prepared by the Education Audit Appeals Panel, and Uniform Grants Guidance, 2 CFR Part 200, Subpart F.

Financial and Compliance Areas to Be Audited

Typically, our firm will select various departments of the School for sampling purposes and will test the internal controls on other various departments of the School during each audit. The departments to be tested will be based on the risk assessment completed during the planning phase of the audit. Concerns indicated by the School's management during audit planning are factors considered during the risk assessment process.

In addition, the following are objectives for the financial statement audit of the School. During the audit planning stage, we may identify additional objectives specific to the School. More detailed information about the approach to the audit is provided later in this proposal.

- All cash and investments on the balance sheet are on hand, in transit, or on deposit with third parties (depositories) in the name of the School.
- Cash balances reflect a proper cutoff of receipts and disbursements and are stated at the correct amount.
- Payroll (wages, salaries, and benefits) disbursements are made only for work authorized and performed.
- Payroll is computed using rates and other factors in accordance with contracts and relevant laws and regulations.

Audit Procedures

Certain core audit procedures will be performed at the School during scheduled fieldwork dates; however our firm also minimizes disruption for District operations by conducting audit procedures from our office when appropriate and practical. Audit Approach Details

Financial Statements

Audit procedures necessary to complete our audit objectives are dependent upon an extensive risk assessment process performed during the planning phase of the audit in which we will gain an understanding of the School and its operations, evaluate internal controls, and assess risks of misstatement for account balances and transaction classes. While it is difficult to provide a complete description of the detailed audit procedures to be performed, the following provides some examples of procedures that are commonly performed by our firm.

- Cash on deposit – review and re-perform reconciliation procedures to the County Treasurer
- Property tax receivables – confirm balances to the County Treasurer
- Due from other governments – confirm balances to supporting documentation
- Capital assets – test amounts recorded to supporting documentation
- Accounts payable – analytical procedures to prior and current year activity, test amounts to supporting documentation
- Accrued payroll – analytical procedures, test amounts to supporting documentation
- Bonded Debt – agree amounts to debt amortization schedules, test transactions to county treasurer records
- Pension/OPEB liabilities – agree amounts to supporting schedules, analytical procedures to District records
- Property tax revenue – analytical procedures, confirm amounts to county treasurer
- Intergovernmental revenue – analytical procedures, confirm amounts, agree to supporting documentation
- Payroll – detail test of controls performed on a sample of transactions, analytical procedures, comparison to IRS form 941, data analytic procedures including vendor/employee fuzz logic test
- Disbursements – detail test of controls performed on a sample of transactions, data analytic procedures including Benford’s analysis
- Depreciation – analytical procedures, recalculation of detail asset postings
- Journal entries – detail test of controls performed on a sample of transactions, data analytic procedures including keyword search analysis

Financial Statements Sampling for Detail Tests

Wilkinson Hadley King & Co. LLP will select sample sizes derived from the entire population of transactions within the major transaction cycles considering both quantitative and qualitative factors. Statistical sampling will typically be utilized for larger, significant transaction classes such as payroll, disbursements, and certain cash receipts. Statistical sampling will be completed utilizing CaseWare IDEA Data Analysis Software. Nonstatistical haphazard or judgmental selections will be utilized for smaller populations that do not provide for the application of statistical sampling, or populations that have attribute testing considerations. Typical sample sizes for a particular control test range from 25 to 60 transactions; however sample sizes are modified based on our assessment of the controls and risk of misstatement.

Single Audit Requirements

If federal award expenditures exceed \$750,000 a Single Audit will be required. We will complete procedures under Uniform Guidance if required to do so. While all the detailed procedures required under Uniform Guidance will be properly completed, the following provides information about some of the more significant procedures and steps in conducting a Single Audit.

- Determination of low-risk auditee status
- Identification of high-risk programs
- Determination of major federal programs to be tested
- Identification of direct and material compliance requirements
- Development of program materiality
- Documentation of internal controls over each major program
- Assessment and documentation of program risk
- Performance of tests of internal controls over compliance
- Performance of compliance tests for major programs
- Review the schedule of expenditures of federal awards for presentation requirements
- Audit reporting on compliance of each major program, internal controls over compliance and the schedule of expenditures of federal awards
- Completion of the data collection form

Federal Programs Sampling for Detail Tests

Nonstatistical judgmental selection sampling is generally utilized for tests of compliance in order to ensure items selected meet the specific objectives of Uniform Guidance compliance requirement of the program or other applicable compliance requirement. Sampling for tests of compliance for a Single Audit requires a planned low level of control risk. In addition, dual purpose samples will be utilized for Uniform Guidance audit procedures when deemed appropriate to test both the operating effectiveness of controls over compliance as well as compliance with a particular compliance requirement. Typical sample sizes for a particular compliance requirement test range from 25 to 60; however sample sizes are modified based on our assessment of the controls and risk of noncompliance.

Gaining an Understanding of Internal Controls

Auditing standards require us to obtain an understanding of internal controls to plan the audit and to assist in determining the nature, timing and extent of audit procedures to be performed. Our understanding of the School's internal control framework will primarily be obtained through inquiry and discussions with management. In addition, an understanding of the School's internal controls over financial reporting will be completed and documented through a series of internal control questionnaires. Key controls will be tested through observation, inspection of documents and detail tests of transactions. Resources such as the School's budget, organizational charts, policy and procedure manuals, and assessment of information technology systems will be utilized accordingly to gain an understanding of the School's internal control structure.

Customer Service Philosophy

Our firm is committed to keeping an open communication with management throughout the audit process. Our client relationships rely upon open and regular communication. We know that your time is valuable and you often need assistance quickly. Due to our specialization in the school district industry, the Santa Monica-Malibu Unified School District will receive knowledgeable assistance throughout the year. The Engagement Partner and Audit Manager will be available continuously throughout the engagement period for consultation or discussion.

Our goal is to respond to all client questions within one workday. Full contact information for your audit team, including emails and cell phone numbers, will be provided to the School. If your audit supervisors happen to be unavailable, the School also may request assistance from other members of our firm. Due to our extensive experience working with school district, you can be assured that all members of our team will provide knowledgeable assistance to the School.

Use of Data Analytics Audit Methodology

CaseWare IDEA software, a comprehensive, powerful tool that allows for faster and more effective auditing techniques over various audit areas, will be utilized for this audit engagement. The use of data analytics will allow for audit procedures to be focused on those items which appear to be anomalies as identified through this analysis. In some instances, the use of data analytics will allow for the testing of complete sets of data rather than the sampling of a limited number of transactions.

Data analytics procedures applied in the audit may include:

- Analyzing month-to-month and year-to-year audit data to identify trends and anomalies
- Examining all weekend, holiday and off hour general ledger activity
- Technology controls checks by comparing established user roles with user activity
- Applying Benford's Law to examine frequency distribution of transactions
- Identifying fluctuations and anomalies in bank account reconciliations
- Using "fuzzy logic" to identify addresses shared by employees and vendors
- Identifying and examining anomalies in payroll-related transactions

Additional audit requests for data analytic procedures may include, but are not limited to, the following data files:

- Detail payroll data file
- Adjusting journal entries
- Employee maintenance files
- Vendor maintenance files
- Invoice processing file
- Banking and credit card reports

- Emily Allen, Jenell Sherman, and Bryanna Brossman met to discuss resources that are available to Boards.
- Emily Allen requested that Jenell Sherman and Bryanna Brossman work together to bring forth some options for the Board Members to discuss at the February Meeting.

Resources

- The CSDC had some resources available to its members that included the following:
 - A Board of Directors Self Evaluation Template
 - A Board Duties and Responsibility Policy that staff took and made into a Self-Evaluation Template
- Staff also took the Executive Director Evaluation Timeline and attempted to align that timeline with a Board Self Evaluation Timeline.

Discussion / Potential Action

- The point of this agenda item is to give the Board time to discuss the three documents that were presented and to give feedback to staff on what they would like to do moving forward.
- Options could include the following:
 - Adoption of one or both evaluation documents and timeline with time set aside at a future meetings for the Board Members to start the Self-Evaluation Process.
 - Provide feedback on one or both evaluations and the timeline to be updated and presented at a future Board Meeting.

Board Committee Discussion

— Jenell Sherman & Emily Allen —

Background

- There are times when it would be helpful to have a Board Committee where selected Board Members and possibly can work with staff to advise on a particular matter.
- Common Board Committees are:
 - Budget Committee
 - Audit Committee
 - New Board Member Recruitment Committee
 - Finance Committee (Ongoing)
 - Executive Director Search Committee

Background

- There are two kinds of Board Committees:
 - Standing Committees - Committees that would be considered ongoing or have continuing subject matter jurisdiction. Standing Committees are subject to the Brown Act, regardless of composition.
 - Ad hoc Committee - A committee that is created for a particular action and for a specific amount of time. Ad hoc committees are not subject the Brown Act as long as the composition is less than a quorum of Board Members.

Background

- There is a third option called a Working Group:
 - A working group would consist of one Board Member who can be part of the conversation with staff for a specific topic. It can only consist of one Board Member, and this Board Member is not allowed to communicate with other Board Members about these items outside of a Board Meeting.

Discussion / Potential Action

- The point of this agenda item is to give the Board time to discuss the topic of Board Committees or Working Groups and to see if there is a desire of the Board to create either a Committee or Working Group to assist with the Budget Process.

Resources - Brown Act

- The Ralph M. Brown Act (“Brown Act”) (Govt. Code § 54950 et seq.) open meeting requirements apply to all “legislative bodies” as defined by the Brown Act. In addition to the governing body of a local agency, the term “legislative body” includes committees of the governing board, whether permanent or temporary, decision-making or advisory, created by resolution of formal action of the governing board. (Govt. Code § 54952 (b)) “Formal action” is not limited to a formal resolution or a formal vote by the body.
- Exception: Advisory committees composed solely of the members of the legislative body that are less than a quorum of the legislative body are not legislative bodies. (Govt. Code § 54952(b))Limitation:
- This exception does not apply to standing committees, regardless of composition, which:
 - Have continuing subject matter jurisdiction (e.g. budget, finance), or
 - A meeting schedule fixed by charter, ordinance, resolution or formal action of the legislative body. (Govt. Code § 54952(b))
