Assessment Update

We have been granted permission by the US Department of Education to use our local assessments - the Star Assessment

- **ALL** grades must take the Star during the Spring Window (April 12-May 25)
- We need to have a 95% participation rate - it's the only measure that our families, boards, and authorizers will have to determine academic achievement for our schools for the 2020-2021 school year
- Students **CAN** still take the CAASPP/CAST **in addition** to the Star Assessment

Assessment Update

Although it is optional, we are advising that 11th graders still take the CAASPP **in addition** to the Star for the following reasons:

- College course placement for both Community Colleges and CSU
- The CAASPP affects our CCI on the CA State Dashboard - we aren't sure if they will allow local assessments for those yet
- Currently, local assessments will **not** be accepted for the State Seal of Biliteracy for grade 11 students (Class of 2022). The CAASPP assessment results are the **only** results that can be used for this program.
- Students are not required to take the CAA or the CAST, as it is not a "viable option" at this time for our schools

Sequoia Grove Charter Alliance

Board Update April 29, 2021

Robert “Bob” McGuire
Board Secretary

A quick introduction...

- **Reside in Rancho Cordova with my wife and 10 year old grandson**
- **Primary homeschool teacher of my grandson**
 - The past 4 years
 - always with the charter organization that has become Clarksville Charter School
- **Enjoy meeting other homeschool families and learning about their methods and experiences**

What's happening in the Grove...

- **Currently the SGCA Board meets twice per month**
- **One major focus the past few months has been staffing**
 - Currently 90% classified staff hired for a July 1 start date
- **The SGCA team is excited about the school's adopted "growth budget"**
 - SGCA is currently exploring increased staffing to meet that added demand and provide the excellent service we all expect.

Also in the Grove...

- **Working closely with the schools, SGCA is currently budgeting at just 9% to the schools!**
 - The original budget was based on the 10.25% that we are currently paying
- **The SGCA tech department is already working on Google account migration and establishing our new fresh online presence.**

Report on the Financial Statements

We have audited the accompanying financial statements of Clarksville Charter School, which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Clarksville Charter School as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information identified in the table of contents, as required by the *2019-20 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed in Title 5, *California Code of Regulations*, Section 19810 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 29, 2021, on our consideration of Clarksville Charter School’ internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School’s internal control over financial reporting and compliance.

Notes to the Financial Statements
Year Ended June 30, 2020

A. Principal Activity and Summary of Significant Accounting Policies*Organization*

Clarksville Charter School (the School) was formed on May 24, 2017 as a charter school pursuant to California Education Code §47600 under a charter agreement with Buckeye Union Elementary School District (the District). The School became a nonprofit public benefit corporation on December 12, 2017. The charter agreement was approved by Buckeye Union Elementary School District and submitted to the California Board of Education in May 2017. The school began operations on July 1, 2017.

Clarksville Charter School is a tuition-free, K-12 independent study charter school. The School offers an online and offline based curriculum, academically accelerated instructional program with thematic units, project-based learning, and enriched to support students who have the desire to work ahead or work deeper in their studies.

Basis of Accounting

The financial statements were prepared in accordance with accounting principles generally accepted in the United States of America as applicable to not-for-profit organizations. The School uses the accrual basis of accounting, under which revenues are recognized when they are earned, and expenditures are recognized in the accounting period in which the liability is incurred.

Cash and Cash Equivalents

The School considers all cash and highly liquid financial instruments with original maturities of three months or less, which are neither held for nor restricted by donors for long-term purposes, to be cash and cash equivalents.

Accounts Receivable

Accounts receivables consist primarily of noninterest-bearing amounts due to the School for federal, state, and local grants and contracts receivable. The amounts in accounts receivable are considered fully collectable and as such there has not been an allowance for uncollectable accounts or discount established for the School.

Property and Equipment

The School records property and equipment additions over \$5,000 at cost, or if donated, at fair value on the date of donation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets ranging from 3 to 30 years, or in the case of capitalized leased assets or leasehold improvements, the lesser of the useful life of the asset or the lease term. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any resulting gain or loss is included in the statements of activities. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed in the current period.

CLARKSVILLE CHARTER SCHOOL

Notes to the Financial Statements

Year Ended June 30, 2020

The School reviews the carrying values of property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the year ended June 30, 2020.

Investments

The School records investment purchases at cost, or if donated, at fair value on the date of donation. Thereafter, investments are reported at their fair values on the statement of financial position. Net investment return/(loss) is reported in the statement of activities and consists of interest and dividend income, realized and unrealized capital gains and losses, less external and direct internal investment expenses.

Net Assets

Net assets, revenues, gains and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenue and Revenue Recognition

The School recognizes revenue from sales when the products are transferred, and services are provided. The school records special events revenue equal to the cost of direct benefits to donors, and contribution revenue for the difference. Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met. The School's federal, state, and local contracts and grants are conditioned upon certain performance requirements and the incurrence of allowable qualifying expense. Consequently, at June 30, 2020 there were no conditional contributions, federal, state and local contracts recognized in the accompanying financial statements.

Donated Services and In-Kind Contributions

Volunteers contribute significant amounts of time to the School's program services, administration, and fundraising and developing activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles.

CLARKSVILLE CHARTER SCHOOL
Notes to the Financial Statements (Continued)
Year Ended June 30, 2020

Advertising

Advertising costs are expensed as incurred and approximated \$750 during the year ended June 30, 2020.

Functional Allocation of Expenses

The costs of program and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the program and supporting services benefited.

Income Taxes

The School is a 509(a)(1) publicly supported non-profit organization that is exempt from income taxes under Sections 501(a) and 501(c)(3) of the Internal Revenue Code. The School is also exempt from California franchise or income tax under Section 23701d of the California Revenue and Taxation Code. The School may be subject to tax on income which is not related to its exempt purpose. For the year ended June 30, 2020, no such unrelated business income was reported and, therefore, no provision for income taxes has been made.

The School follows provisions of uncertain tax positions as addressed in ASC 958. The School recognizes accrued interest and penalties associated with uncertain tax positions as part of the income tax provision, when applicable. There are no amounts accrued in the financial statements related to uncertain tax positions for the year ended June 30, 2020.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the School to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, and those differences could be material.

Financial Instruments and Credit Risk

The School manages deposit concentration risk by placing cash with financial institutions believed by the School to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, the School has not experienced losses in any of these accounts. Credit risk associated with contributions receivable is considered to be limited due to high historical collection rates and because substantial portions of the outstanding amounts are due from board members and individuals supportive of the Schools mission.

LCFF Revenues and Payments in Lieu of Property Taxes

The School's primary funding source is a combination of local property taxes and state revenues. The California Department of Education computes the local control funding formula (LCFF) on statewide charter school rates multiplied by the School's average daily attendance (ADA) as reported at the second principal apportionment period (P2). The result is then reduced by property tax revenues transferred from the District to the School, which is funding in lieu of property taxes, and education protection account funds paid by the state under Proposition 30. The remaining balance is paid from the state general fund, in the form of LCFF State Aid. LCFF funding sources, inclusive of state and local sources, made up 92.33% of the School's revenue.

CLARKSVILLE CHARTER SCHOOL
Notes to the Financial Statements (Continued)
Year Ended June 30, 2020

The School is not at risk of losing these funding sources, as long as the schools maintain a steady level of ADA, as these funding sources are mandated by the California State Constitution to fund schools.

J. Employee Retirement System

Qualified employees are covered under a multiple-employer defined benefit pension plan by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS). The risks of participating in this multi-employer plan are different from single-employer plans in the following aspects:

- a. Assets contributed to the multi-employer plan by one employer may be used to provide benefits to employees of the other participating employers.
- b. If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.
- c. If the Schools choose to stop participating in some of its multi-employer plans, the Schools may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

The School's participation in this plan for the fiscal year ended June 30, 2020, is outlined in the table below. The "EIN/Pension Plan Number" column provides the Employee Identification Number (EIN) and the three-digit plan number, if applicable. Unless otherwise noted, the most recent Pension Protection Act (PPA) zone status available in 2020, 2019 and 2018 is for the plan's year-end at June 30, 2020, 2019 and 2018, respectively. The zone status is based on information that the School received from the plan and is certified by the plan's actuary. Among other factors, plans in the red zone are generally less than 65% funded, plans in the yellow zone are less than 80% funded, and plans in the green zone are at least 80% funded. The "FIP/RP Status Pending/Implemented" column indicates plans for which a financial improvement plan (FIP) or a rehabilitation plan (RP) is either pending or has been implemented.

Period to Period Comparability:

Clarksville Charter School for the Arts and Sciences decreased in CalSTRS contributions from 2018 to 2019 by 29.34% followed by an increase in 2020 of 184.27%. The increase in 2020 were in large due to rising contribution rates and completion of extra hiring.

CalSTRS:

The School contributes to the California State Teachers' Retirement System (CalSTRS), a cost-sharing multiple employer public employee retirement system defined benefit pension plan administered by CalSTRS. Required contribution rates are set by the California Legislature and detailed in Teachers' Retirement Law. Contribution rates are expressed as a level of percentage of payroll using the entry age normal actuarial cost method. CalSTRS also uses the level of percentage of payroll method to calculate the amortization of any unfunded liability. Copies of the STRS annual report may be obtained from the STRS, 7667 Folsom Boulevard, Sacramento, California 95826.

For the fiscal year ended June 30, 2020, active plan members were required to contribute between 10.205% and 10.25% of their salary, depending on their hire date. The employer contribution rate was 17.1% of annual payroll. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. The School made contributions as noted above. For the year ended June 30, 2020 the State contributed \$463,029 (10.328% of certificated salaries plus a supplemental on behalf amount) on behalf of the School.

M. COVID-19 Impact and Considerations

In March 2020 the World Health Organization declared the outbreak of the novel coronavirus COVID-19 a global pandemic. The nature of the pandemic resulted in a mandatory school property closure affecting the Clarksville Charter School from March 29, 2020 and continuing into the Fall of 2020-21 school year. California Governor Gavin Newsom issued a state-wide executive order mandating that schools remain closed until the county in which the school is located is off the COVID-19 watch list for fourteen consecutive days. The 2020-21 fiscal year opened in a fully distance learning model, until such time as campuses can be re-opened. At this point in time the Clarksville Charter School campuses remain closed until Kern County meets the benchmark requirements.

In addition to school closures, new regulations and safety measures were required to be put in place by all schools in California as part of a re-opening plan. The Clarksville Charter School has established a re-opening plan that they believe will provide a safe environment for the students and teachers.

The federal and state government have established temporary funding to assist in the additional costs that resulted from the COVID-19 pandemic. All California schools are eligible for these funds. Due to timing of the grant disbursements, the Clarksville Charter School did not expend any of the funds in the 2019-20 fiscal year. The funds remain available for the 2020-21 fiscal year. Additionally, for the 2019-20 fiscal year, the state placed all schools in a hold harmless state shifting attendance reporting periods to a point prior to the pandemic to prevent sudden losses of attendance from impacting funding for the 2019-20 fiscal year. Finally, funding for the 2020-21 fiscal year is frozen at amounts provided in 2019-20 for all California schools, with adjustments based on the Governor's budget. The School has established their 2020-21 budget with this in consideration.

The 2020-21 fiscal year budget projects a decrease in net assets of \$70,415 (28.83%) and no change in ADA.

Other Independent Auditors' Reports

Independent Auditor's Report on Internal Control Over Financial Reporting and on
 Compliance and Other Matters Based on an Audit of Financial Statements
 Performed in Accordance with *Government Auditing Standards*

To the Board of Education
 Clarksville Charter School
 El Dorado Hills, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Clarksville Charter School (School), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 29, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Clarksville Charter School's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Clarksville Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of Clarksville Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Clarksville Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each applicable program as identified in the State's Audit Guide *2019-20 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance*, prescribed in Title 5, *California Code of Regulations*, Section 19810. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the comptroller General of the United States; and the State's audit guide *2019-20 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed in Title 5, *California Code of Regulations*, Section 19810. Those standards and audit guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on the state programs noted below. An audit includes examining, on a test basis, evidence about each school's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the School's compliance with those requirements.

In connection with the audit referred to above, we selected and tested transactions and records to determine the School's compliance with state laws and regulations applicable to the following items:

Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed, unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources;

however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Clarksville Charter School is a tuition-free, public charter school serving transitional kindergarten through 12th-grade students. As a non-classroom-based independent study charter school, we take great pride in offering our students flexible, personalized learning experiences. Families select the combination of systems that best suit student learning needs and interests, including Place-Based Learning that immerses students in local cultures, landscapes, and resources to contextualize our curriculum. We offer online and in-person courses led by credentialed teachers (when appropriate based on COVID restrictions). Of our approximately 1,167 students, approximately 38% are English Learners, live in poverty or foster care. About 9% of our students have exceptional learning needs. Further, 74% of our students are White, 14% are Hispanic or Latino, 6% are Two or More Races, 2% are Black, and 1% are Asian.

Although the state did not technically report results in the California Schools Dashboard for 2020 (SB98), it did publish valid and reliable data collected in 2019-20 that would have been included in the 2020 Dashboard. This data demonstrates our 2020 cohort high school graduation rate is 90%, higher than the statewide average of 86.6%. Our numerically significant subgroups' graduation rates are as follows: White 93%, and low-socio-economic status 85%. The data collected in 2019-20 that would have been reported in 2020 Dashboard also applies to Career and College Readiness. Based on the 2020 results, the percent of our students scoring at Prepared for Career or College is 13%. 15% of White students and 22% of low-income students scored at Prepared. We are making a concerted effort to improve our performance on the California Schools Dashboard indicator related to college and career readiness.

Further, our English Learner (EL) reclassification rate for the 2019-20 school year 10%, the same as the county average. We had less than 11 English Learners, thus the 2019 Dashboard did not report our results on the English Progress Learner Indicator.

The 2019 Dashboard also indicates our Distance from Standard Points (DFS) for English Language Arts is 31.7 points below standard. Although we improved from the previous year, our Dashboard

color score is Yellow. 51% of our students scored at Met or Exceeded the Standard for ELA. Achievement results demonstrate 13% of English Learners, 22% of Black students, 33% of Latino students, and 39% of low-income students scored at Met or Exceeded for ELA compared to 45% of White students.

Our schoolwide DFS is 87.9 points below standard in math, and our Dashboard color score is Orange. 15% of our students scored at Met or Exceeded the Standard for Math. Each of our significant subgroups need to improve their math performance. However, achievement results demonstrate a significantly greater need to improve our math achievement results in grades 3 through 6. For example, nearly 60% of our grade 11 student scored at Met or Exceeded the Standard for Math compared to 31% of students in grade 3, 37% of students in grade 4, 41% in grade 5, and 41% in grade 6. We are keenly aware of our performance on the Dashboard and working to improve our results.

To improve student performance, we will use federal funds to implement the following strategies:

Title I, Part A

1) We will supplement our mathematics curriculum and instruction. As described in the previous paragraph, we are keenly aware of our math performance on the Dashboard for all subgroups. For example, we will increase the amount of teacher professional development focused on understanding state academic standards, teacher resources, instructional material, and educational support. Professional development will focus on the standards for mathematical practice, appropriate instructional support, and formative assessments. We will focus on low-income students who are not performing At Standard in math.

2) We will supplement our English Language Arts (ELA) curriculum. As described in the previous paragraph, we need to improve our ELA performance, particularly for English Learners. Given the integration of ELA and English Language Development (ELD) standards, we will increase teacher professional development focused on understanding this overlap. Professional development will focus on the standards for ELA and ELD, appropriate instructional support, and formative assessments. We will focus on low-income students who are not performing At Standard in ELA.

3) We will supplement strategies intended to facilitate college and career readiness, including partnerships with local colleges and employers. Supplemental strategies include exploring the possibility of establishing work-based internships and establishing agreements for dual enrollment courses.

4) Establish a digital library program to provide students an opportunity to develop digital literacy skills and improve academic achievement. A digital library will emulate college approaches to creating centers of technology and information literacy, allowing students to access a vast array of books online and includes English Learner supports such as audiobooks and those written in their native language.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

We use our LCAP as the foundation for schoolwide (we are a single school charter) conversation and reflection to ensure our goals and state priorities are aligned and guide our focus. Our LCAP includes

actions paid with Title I, II, and III funds. Specifically, LCAP actions that address Local Control Funding Formula (LCFF) priorities 1, 2, 4, 7, and 8 are aligned with monitoring student performance and achievement outcomes. LCAP actions aligned with LCFF priorities 2,4 and 7 are aligned with career technical and work-based opportunities. Further, we align funding sources such that federally funded actions supplement our state-funded base programs. By integrating addressing state priorities in our LCAP and including both state and federal-funded actions, we build upon success while simultaneously address areas of concern.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

TITLE I, PART A

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(4)	N/A

Describe the poverty criteria that will be used to select school attendance areas under Section 1113.

ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed**, unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

TITLE I, PART A

Educator Equity

ESSA SECTION 1112(b)(2)

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Not applicable to charter schools.

Parent and Family Engagement

ESSA SECTIONS 1112(b)(3) and 1112(b)(7)

Describe how the LEA will carry out its responsibility under Section 1111(d).

Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Collaboration is our first strategy will involve collaborating with parents as leaders, encouraging them to participate in various forms of governance in our school. Parent leaders assume essential roles in our school as volunteers supporting school programs or different governance structures. Parents will be given opportunities to participate in the English Learner Advisory Committee, ELAC, District English Learner Advisory Committee, DELAC, and our Parent Advisory Committee (PAC). These school groups will provide input into programs and expenses related to federal categorical funding. Our parents' consistent and informed participation will enable meaningful consultation with them as stakeholders. Efforts will be made to encourage the parents of underrepresented and underserved families, like the families of special needs students and homeless students, on the ELAC, DELAC, and Parent Advisory Committee. In partnership with school staff, parent leaders will develop and approve our school's Title I Parent and Family Engagement Policy. The evidence demonstrating that

our school addresses these requirements for parent participation will be uploaded onto an online school portal. Parents will learn about the available opportunities for participation in May for the following year to plan for increasing their engagement with school staff. We have created various policies to guide and strengthen our parent and family engagement programs. These policies will be reviewed annually by the Directors of Community and School Accountability and Compliance in partnership with parents to ensure stakeholder input and consistency in establishing the policies. One of the policies will include a summary of the Local Control and Accountability Plan Federal Addendum to disseminate to all families. Communication A second strategy will involve establishing multiple communication modes between the families and school to address families' diverse needs and interests. Special attention is provided to support parents and family members with disabilities, homeless and foster families, migratory families, and families with limited English proficiency. Communication from school to families will be provided through online postings and Weekly Wednesday Newsletters and translated into languages parents can understand. Families will receive text messages if they opt-in and email phone calls providing them with critical school information. Our communications will be provided in; parent-friendly language and graphic form for parents with low literacy levels when possible. For our English Learner parents of students with special needs, each school identifies and provides bilingual staff who can assist with oral interpretation at Individualized Education Plan meetings and enrollment. Our parents have access to an online Parent Portal to learn about their students' daily attendance, report cards, test scores, class schedules, resources for our forms, and contact information. Gaining access to their children's school information through the Portal allows families and school staff to have the same foundational information about their students to better focus on coordinating strategies for targeted support. Capacity Building A third strategy will involve building both parents' and school staff's capacity to partner with one another. To address this strategy, we will offer parent training for utilizing Smarter Balanced Assessment and Parent Portal resources, social-emotional support on physical, emotional, and online safety and gang awareness, and how to get help for students with special needs. Parents serving on a committee or council will be trained to understand and provide feedback on the committee or council's specific content. When parents are informed about what is being discussed, they can make connections and reinforce the learning at home. Title I meeting will be held annually to share detailed information about our Title I programs with families. Workshops will be posted online in multiple languages for parents who cannot attend school meetings to ensure families have various opportunities to learn. To build staff's capacity, all school personnel levels will be trained, paying particular attention to our team working with parents. Additionally, we will provide workshops for parents to learn more about school matters. Our school administrators will train either certificated or classified staff twice each year in how to partner effectively with parents, focusing on the value and utility of contributions of parents and their assets. When possible, this training will occur with parents as partners. Our workshops will enable parents to support their schools around budget development, instructional strategies, and social-emotional support, including building self-esteem and improving school attendance.

Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children

ESSA SECTIONS 1112(b)(5) and 1112(b)(9)

Describe, in general, the nature of the programs to be conducted by the LEA's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted

assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Target assistance school

Title I funds are utilized to supplement funds used to support students in meeting our challenging academic standards. A comprehensive needs assessment based on State and local data is used to determine the appropriate use of Title I funds. Each year, we conduct a comprehensive data analysis of student achievement, including multiple student performance measures. At the end of the year, we use the California Assessment of Student Performance and Progress (CAASPP) data to analyze student achievement. To assess student achievement needs on an ongoing, formative basis, the administrators and teachers use benchmark common core standards-based assessments and teacher diagnostics to assess students' mastery of the Common Core Content Standards taught. The needs assessment is included in our charter's process for the cycle of continuous improvement. This process consists of the following elements:

- Analyzing data from the California Dashboard, benchmark, and local assessments
- Identifying evidence-based actions/strategies to impact student outcomes
- Identifying measurable outcomes as a means to evaluate progress toward accomplishing the goal.
- Plan differentiate supports for our students.
- Identify the gaps in performance across student groups, allowing for narrowing gaps and accelerating academic performance.
- Strategies are targeted intensive supports, including academic intervention and support, parent and community engagement, and social-emotional intervention and support.

The school's academic support program includes opportunities for low-performing students to meet academic standards. Our students have access to tutoring services, personalized educational plans, personalized curriculum selections, intervention instructors, virtual academy instructors, Instructional Administrators, online academic support and instructional materials, technology, curriculum development, academic incentive programs, Career & Technical Education (CTE) Pathways, and college and career preparation, and other evidence-based intervention programs. Parent engagement strategies meet the needs of all students in the school with a specific focus on the lowest-achieving students and student groups who are at risk of not meeting grade-level proficiency. Parent and Community Engagement are provided in our community connections opportunities, parent education meetings, workshops and classes, multiple communication methods, and incentives for engagement. These strategies include counseling, additional teacher Professional Development, parent engagement opportunities, and supplemental curricular materials. Social-Emotional Learning (SEL) classes are provided for students weekly, curriculum development, professional development, parent meetings and training, SEL specialists, and psychologists. Title 1 funding is used to provide more intensive targeted support to close the achievement gap of the students who are considered unduplicated, high need students. Based on the California Longitudinal Pupil Achievement Data System (CALPADS), Home Language Surveys (HLS), Household Data Collection (HDC) forms, and Housing Questionnaires, we can identify students in the greatest need of support. Our identified socioeconomically disadvantaged, English Learners, and Foster youth students are not making adequate progress towards achieving grade-level academic standards. We believe that providing these students with targeted supports will help these students meet academic goals. Targeted intensive supports include academic intervention and support, social-emotional intervention and support, and parent and community engagement.

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

THIS ESSA PROVISION IS ADDRESSED BELOW:

We currently serve 5 (0.4%) homeless students and 1 (0.1%) foster student. We are careful to ensure that none of our homeless and foster students experience enrollment delays in school or classes or any other services. When a family is identified as homeless, we do not require anything substantive to enroll. Homeless students will be enrolled and provided a full and equal opportunity to succeed in school and various programs. Enrollment disputes are mediated in accordance with the law, Board policy, and procedure. Further, any family who identifies as homeless or foster may continue to enroll in our school should they move out of our district. Our McKinney-Vento Homeless Liaison, in collaboration with school administrators, teachers, and paraprofessionals, will coordinate to monitoring the attendance/engagement of homeless students, including their academic, behavioral, and social/emotional progress and needs. We will use Title I funds to supplement programs and supports aligned with the McKinney-Vento Homeless Act provisions and ensure that each child of a homeless individual and homeless youth has equal access to the same free, appropriate public education provided to other children and youths. We will provide specific information in outreach materials, websites, and social media platforms notifying parents that the school is open to enroll and provide services to all students, including contact numbers to access additional enrollment information. Our McKinney-Vento Homeless liaison coordinates with all staff to ensure homeless students are provided with technology, supplies, and counseling to support them academically and social-emotionally. These needs could include academic, attendance, or social-emotional support. In particular, our liaison ensures families of homeless students are aware of opportunities to adjust graduation requirements (including the impact on college enrollment requirements).

Student Transitions

ESSA SECTIONS 1112(b)(8) and 1112(b)(10) (A–B)

Describe, if applicable, how the LEA will support, coordinate, and integrate services provided under this part with early childhood education programs at the LEA or individual school level, including plans for the transition of participants in such programs to local elementary school programs.

Describe, if applicable, how the LEA will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:

- (A) through coordination with institutions of higher education, employers, and other local partners; and
- (B) through increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills.

THIS ESSA PROVISION IS ADDRESSED BELOW:

We do not plan to use Title 1, Part A funds to support student transitions. Actions related to student transitions are outlined in our LCAP and funded with state LCFF funds. Pertinent LCAP actions ensure all students transition successfully from elementary school to middle school, from middle

school to high school, and from high school to postsecondary education and careers. For example, our LCAP actions including increasing the number of Career Technical Education (CTE) Pathways.

Additional Information Regarding Use of Funds Under this Part

ESSA SECTION 1112(b)(13) (A–B)

THIS ESSA PROVISION IS ADDRESSED BELOW:

We will use Title I, Part A funds to establish a digital library program to provide students an opportunity to develop digital literacy skills and improve academic achievement. A digital library will emulate college approaches to creating centers of technology and information literacy, allowing students to access a vast array of books online and includes English Learner supports such as audiobooks and those written in their native language.

TITLE II, PART A

Professional Growth and Improvement

ESSA SECTION 2102(b)(2)(B)

Provide a description of the LEA's systems of professional growth and improvement, such as induction for teachers, principals, or other school leaders and opportunities for building the capacity of teachers and opportunities to develop meaningful teacher leadership.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Title II funds supplement school funds used for professional development for teachers and other school leaders. Professional development is currently focused on closing the achievement gap and improving the performance of underperforming student groups: improving our Multi-Tiered Systems of Support; Universal Design for Learning to help teachers design lessons that engage students of all performance levels; Positive Behavioral Interventions and Supports to decrease disciplinary incidents and increase the amount of time students spend learning; Professional development training for intervention specialists and special education teachers to support students who are not successful in learning to read and current intervention programs; trauma-informed practice to build teacher understanding of how to support students in crisis; professional learning communities where teachers

analyze data and plan instructional improvements to increase student success; and new teacher induction to help teachers new to the profession become effective as quickly as possible. We use Title II to support PBIS work in our school, where data shows more support is needed. Some of our staff members are struggling with an effective response to trauma-affected students. We provide PBIS (Positive Behavior Intervention & Supports)/MTSS (Multi-tiered Systems of Support) training with county offices of education and in-house offerings. Data used for Planning: Our professional development planning begins with analyzing student performance and needs, educators' capabilities and needs, progress in our school, and data about current professional development effectiveness. Our focus is on equity. We use internal benchmark data to identify individual students and student groups not meeting expectations in English language arts, mathematics, socio-emotional development, behavior, and progression toward college and career success. Surveys of teachers, conversations with leadership, and observations help us identify areas in which professional development would help teachers meet student needs. We identify needs for our leaders as we analyze school data and identify focus areas for improvement. Our professional development (PD) can be divided into two primary categories: academic/pedagogical/technical and socio-emotional/behavioral. It is important to us to address both areas. Our data shows that it is often socio-emotional factors, not just academic factors, that are interfering with some students' ability to master academic standards and thus our ability to close the achievement gap. An example is our current focus on inclusion, which includes supporting PD in Universal Design for Learning and training in meeting students' socio-emotional needs. Multiple areas must be addressed if our students are to be successful. PD is a work in progress, with more data being made available. We realize that we need to narrow our PD focus and become more systematic and deliberate with implementation to achieve lasting results. Content and pedagogy We use teacher surveys to measure our progress in implementing state standards, including the Common Core ELA and math standards, ELD standards, Next Generation Science Standards (NGSS), other California standards. These survey results are reported to the Executive Director and discussed in our leadership meetings. Examples: In math, instructional strategies need work. In NGSS, some teachers have implemented the new standards effectively, but other teachers still need PD on the standards we have planned for the next school year. Additional growth areas that emerge from the data are differentiated instructional approaches such as UDL (Universal Design for Learning). On the socio-emotional side, the staff is learning how to support students in crisis. We are providing training in EverFi and ways to help students calm themselves. We have reviewed the data of our students who are not reading proficiently by the end of second grade, which has led to PD on multi-sensory reading approaches and evidence-based programs to help students before they fall behind begin to think reading is not for them. Design and Structure the school provides our teachers with a range of learning options. EverFi, our socio-emotional curriculum, has online training that based on teacher feedback and implementation observations is very effective. We provide virtual training sessions and send staff to workshops and conferences when it is safe and available. For our teacher induction program, CTI, the Riverside County Office of Education teacher induction program. CTI is focused on teachers' most essential needs, with embedded structures to help our new teachers focus on high-leverage learning that will have a broad impact on their practice. Collaboration and shared accountability

Prioritizing Funding

ESSA SECTION 2102(b)(2)(C)

Provide a description of how the LEA will prioritize funds to schools served by the agency that are implementing comprehensive support and improvement activities and targeted support and improvement activities under Section 1111(d) and have the highest percentage of children counted under Section 1124(c).

THIS ESSA PROVISION IS ADDRESSED BELOW:

We are a single-school charter.

Data and Ongoing Consultation to Support Continuous Improvement

ESSA SECTION 2102(b)(2)(D)

Provide a description of how the LEA will use data and ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Professional Development Teacher training is differentiated and matched to career stages. Training for teachers participating in induction might focus on routines and procedures and classroom management at the beginning of the year. More experienced teachers might be focused on practice problems, such as helping all students master operations with fractions in fourth grade. We have teachers interested in promotion, and their learning experiences might include managing a program or running a summer school. The most significant number of teacher training hours were focused on mathematics, technology, mindfulness and working with trauma-affected students, social emotional support, and PBIS. English language arts continue to be a significant area of focus for students, along with mathematics. There was also a great deal of training for Special Education teachers and general education teachers to develop all students' inclusion. Professional Development for Administration Staff that is new to leadership receives coaching through an administrator coach. We are fortunate to have a strong leadership experience serving our new administrators, and we have ample evidence that the coaching helping all become effective more quickly. The coach supports the new administrator in setting both school and professional growth goals, the pair meets periodically for check-ins. Communication is open, and principals report that they feel this support is effective. We believe there is excellent value in administrators participating in training alongside their teachers, which frequently happens. Administrators who participate in training are better equipped to support and coach implementation, making the training more effective. Our administrative team acts as a PLC, using executive meetings to analyze our schools and student group data. These sessions also allow the Executive Director to share information about the state's evolving accountability system with school leadership. The process for using data to analyze professional development effectiveness is described in detail above. Our consultation structure is the LCAP process, where we consult with all stakeholders as we develop our plan. Consultation with parents often leads to areas of focus for professional development. An example is a recent meeting of our Parent Advisory Group, where parents talked about wanting information about the path to college earlier. Our families expressed that they value the high school's FAFSA and college applications workshops but think disseminating that information should start earlier. For implementation, we provide them with training with a team of people who have presented workshops. Even initial workshops will be successful. LCAP consultation with staff and all stakeholders also adds PD topics to the list. Our team is very open about sharing their struggles and their ideas for training that would be helpful, and the information is beneficial. Our analysis of PD data yields information about what was effective, what was ineffective, and the changes we need to make for the subsequent year. We use that information to plan the PD activities for the next school year. The school is involved in the implementation of improvement in all curricular areas. Through the professional learning for teachers described above, both our leadership and training specialists work with groups of teachers using improvement science methods and tools. Through the use of teachers' teams, training specialists and site leaders are answering three essential questions: 1. What is it that we are trying to accomplish? (How much, for whom, by when) 2. What changes might we try and why? 3. How will we know if a change is an improvement? In answering these three questions, teachers' teams set up their metrics of success for continuous

improvement. Each team identifies data sources for the short, medium, and long term. As an example, a long-term measure could be CAASPP or ELPAC results; a medium-term measure could be a unit assessment project-based learning objective. Lastly, a short-term measure could be the specific change idea that teachers decided to try, such as how many students draw a picture to help solve a math problem. Each of these measures is agreed upon by the teacher team trying out the change. The teacher team can then use the data to adapt their plans as needed. We have put most of our staff development into our LCAP, which helps manage funds while also creating a natural place to include a report of PD effectiveness in our Annual Report for that LCAP area. We use a variety of communicating our upcoming PDs.

TITLE III, PART A

Title III Professional Development

ESSA SECTION 3115(c)(2)

Describe how the eligible entity will provide effective professional development to classroom teachers, principals and other school leaders, administrators, and other school or community-based organizational personnel.

THIS ESSA PROVISION IS ADDRESSED BELOW:

We plan to use Title III, Part A funds to supplement professional development related to English Learner needs. The leadership team, including administrators, will engage in monthly professional learning focused on best practices that are successful with English Learners, such as effective instructional methods and strategies. Best practices are based on evidence-based successful approaches.

Teachers also engage in monthly professional development focused on analyzing data from formative and interim supports and academic support reflection. We take a Professional Learning Community (PLC) approach wherein all teachers are welcome to participate and contribute to professional learning. Teachers are empowered to provide feedback to their colleagues in supporting English Learner success. Our PLC approach facilitates the identification of instructional successes and needs and thus the adjustment of professional development.

Enhanced Instructional Opportunities

ESSA SECTIONS 3115(e)(1) and 3116

Describe how the eligible entity will provide enhanced instructional opportunities for immigrant children and youth.

THIS ESSA PROVISION IS ADDRESSED BELOW:

We do not receive Title III, Immigrant funding.

Title III Programs and Activities

ESSA SECTION 3116(b)(1)

Describe the effective programs and activities, including language instruction educational programs, proposed to be developed, implemented, and administered under the subgrant that will help English learners increase their English language proficiency and meet the challenging State academic standards.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Our Tier 1 English Language Development (ELD) curriculum (integrated and dedicated) includes a range of information systems (e.g., graphic organizers, diagrams, videos, or other media) and improved language models (e.g., sentence frames and stems) to provide comprehensible input and structure. These instructional supports are aligned with our core instructional approach, emphasizing multiple means of engagement, representation, and expression. We use Title III, Part A funds to supplement our Tier 1 ELD curriculum, including synchronous online leveled designated ELD classes composed of approximately 20 students, additional dedicated ELD, twice a week in 45-minute synchronous sessions, and access to online programs such as BrainPop, MobyMax, and Babble.

English Proficiency and Academic Achievement

ESSA SECTION 3116(b)(2)(A-B)

Describe how the eligible entity will ensure that elementary schools and secondary schools receiving funds under Subpart 1 assist English learners in:

- (A) achieving English proficiency based on the State's English language proficiency assessment under Section 1111(b)(2)(G), consistent with the State's long-term goals, as described in Section 1111(c)(4)(A)(ii); and
- (B) meeting the challenging State academic standards.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Achieving English proficiency

We use various tools available to retrieve achievement data on the ELPAC and CAASPP. School Student information system's (Pathways) dashboard make relevant data available to all staff with multiple data points reported, including English learner progress. These dashboard assists us in identifying students who are not making expected progress for early identification and intervention. Each school year and throughout the year, our teachers are presented with relevant data on their students, including English learners. Our school staff reviews the data and determines the intervention levels required for students not making satisfactory growth. During collaborative meetings, teachers analyze grade-level data to collectively determine students' needs and devise strategies, including English learners' interventions. Teachers and other staff meet regularly to track student progress, including English learners, and adjustments are made in levels of instruction needed and appropriate instructional strategies. Our English Language Learner Coordinator monitors English learner student progress regularly, establishes the need(s) for direct instruction or curricular changes as needed. Communication between the Coordinator and staff is frequent and specific to English learner students who are not making progress. The Coordinator identifies English learner students who are at-risk of becoming Long term English learners (LTELs) or are already considered LTEL. In collaboration with Intervention Coordinators and ELD teachers, the Coordinator devises a plan for each LTEL and at-risk LTEL, including appropriate placement, instructional materials, supplemental materials, communication with parents, and graduation requirements for high school

students. This plan is implemented and revised as needed to ensure student growth. Our expectation is that English learner students will progress by at least one level each year on the ELPAC. For EL students scoring at the lowest level, level 1, the assessment means that they should reach English proficiency and be eligible for reclassification within 4 to 5 years. Progress for English learner students on the ELPAC assessment is monitored annually with the expectation that all EL students will show at least one growth level. For those EL students who do not show growth, the Coordinator helps identify these students and collaboratively devises an individual learning plan tailored to EL student's need. The English Language Learner Coordinator has processes to monitor English learner students and ELs who have been reclassified. We examined each EL and reclassified (RFEP) student's progress three times a year. Data (grades, CAASPP scores, benchmark scores, ELD assessment data) and feedback are gathered from teachers, Intervention Coordinators, Special Education staff, and other support staff. To ensure that teachers monitor their EL student's progress, the EL Coordinator reviews the progress monitoring reports. This review process provides the school leadership with information about which ELs are not making progress and require modifications in instruction, in materials used, and other interventions that might be needed. Progress monitoring forms are provided to parents also to support at-home activities to assist EL students. The progress monitoring forms, when completed, are forwarded to the Coordinator, who reviews each one and then collaborates with staff to modify instruction and interventions to ensure EL student success as necessary. Of particular importance in this process are long-term English learners (LTEL). Frequent monitoring of long-term ELs by the school helps LTEL students make satisfactory English progress to be eligible for reclassification. English learner students who become LTELS present a tough challenge in determining how we can move these students to English proficiency. The effects of being an LTEL are far-reaching as they affect these students through high school and beyond. Teachers frequent monitoring LTEL students and we have data-driven monitoring meetings at least three times or more per year to focus on our LTEL students. The result is a comprehensive plan to move LTEL students toward English proficiency.

TITLE IV, PART A

Master Plan for Services to English Learners

2020-2021

Clarksville Charter School aims for outstanding programs for all our students. English Learners have enormous challenges but also have the opportunity to develop the asset of bilingualism within a global community. They face the double task of learning the challenging state standards and mastering a new language.

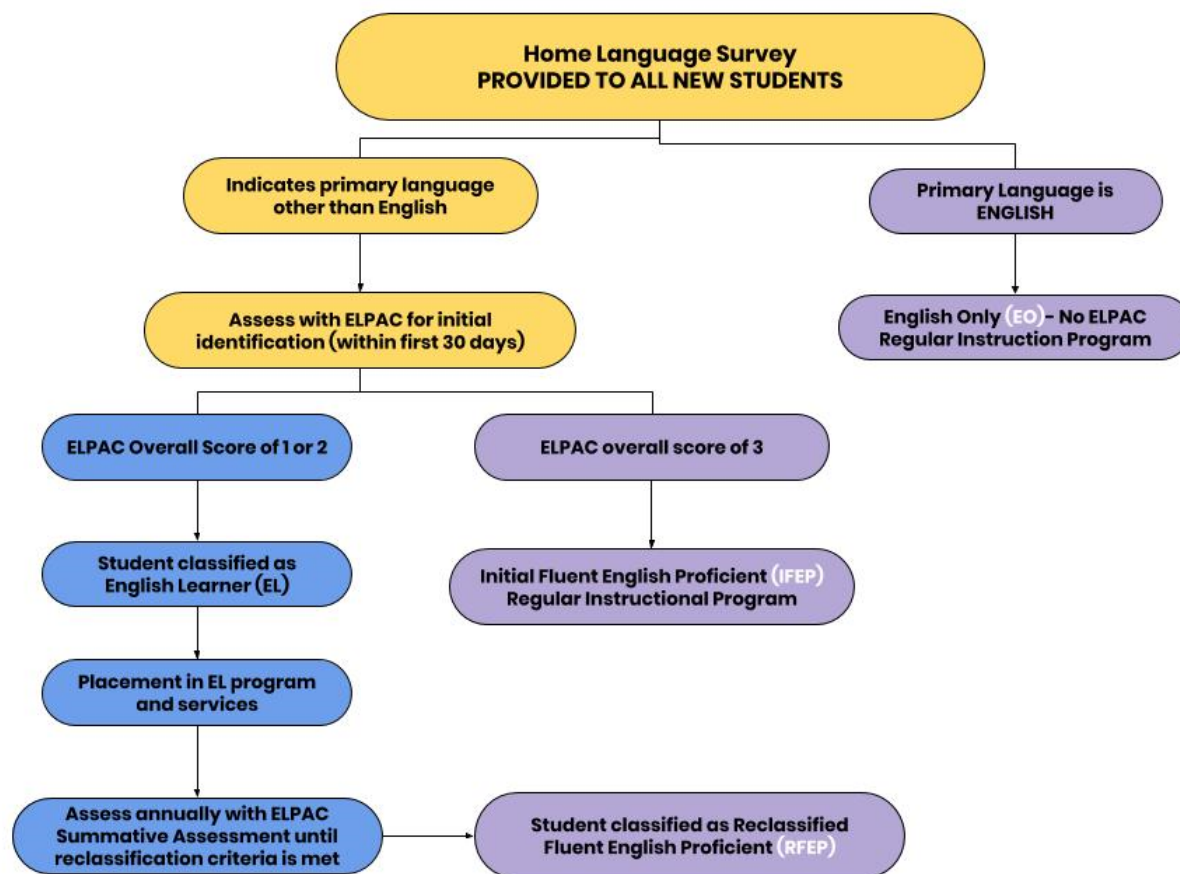

To make sure we reach optimal results for English Learners we developed this Master Plan to ensure that they learn English, have full access to a challenging academic curriculum, and that they build the multicultural proficiency that is necessary in today's complex and challenging world. This plan is a practical guide for all staff to ensure that we provide consistent, coherent services to each and every English Learner in our school. We are all expected to follow the plan, and it provides specific ways for us to hold ourselves accountable for obtaining optimal results.

This plan describes how we identify, serve and support students who initially enroll in our school with limited proficiency in the English language. The plan sets forth six goals for this work:

1. English Learner (EL) programs will be fully implemented.
2. Parents of English Learners and Reclassified Fluent English Proficient Students (RFEPs) will participate meaningfully in their children's education.
3. English Learners will master the English language as efficiently and effectively as possible.
4. English Learners will achieve academic success comparable to English Only (EO) students.
5. English Learners and Reclassified Fluent English Proficient Students will be at no greater risk for school failure than English Only Students.
6. Form an English Learners Advisory Committee to foster a better involvement of EL parents, thereby increasing academic achievement of the EL population, advise the School Board, principal, and EL Coordinator, on issues pertaining to English Learners (ELs), assist in the development of the school's needs assessment and Language Census Report, and provide input on formal school plans, such as WASC self study and LCAP.

Identification Tools:

- Home Language Survey upon enrollment
- Additionally, look in CALPADS and cumulative folders

Step 1: Registration, including Completion of the Home Language Survey

Upon enrollment, parents complete a Home Language Survey or HLS as required by state law. This survey is completed the first time the parent enrolls the child in Clarksville Charter School and the results are maintained thereafter in the charter school’s student information system and the English Learner folder in the child’s cumulative record (CUM).

If the answers to Items 1, 2, 3 on the HLS are “English”, the child is classified as English Only or EO. The parent is notified of the result and is given an explanation of the placement options open to the student. The default option is Mainstream English.

If Item 1, 2, or 3 on the Home Language Survey is answered with a language other than English, the child is tested for English proficiency. (Continue to Step 2)

However, if the parent’s response to the first three questions on the HLS is English, and the response to the fourth question is other than English, then reasonable doubt may exist as to the student’s home language. If there is evidence of significant non-English exposure, then the pupil must be administered the state English language proficiency assessment, currently known as the English Language Proficiency Assessments for California (ELPAC). The parent will be consulted by a certificated staff member regarding the need to administer the assessment, the results, and the subsequent program placement of the child.

NOTE: When reasonable doubt is established, the school must annotate the HLS to document the reasons for ELPAC administration. The school administrator/designee must sign and date the annotations provided.

The parent has the right to amend the HLS at any time. However, if the student has already been administered the initial ELPAC, any changes to the HLS will not affect the student’s official language classification. If the parent amends the HLS prior to initial ELPAC administration, the school must honor the changes made while continuing to take reasonable doubt into consideration, given the probable impact of the change relative to the parent’s or student’s observed linguistic behavior.

Parents who enroll their child in Pre-Kindergarten must complete the HLS as part of the enrollment process. The first HLS (e.g., Pre-K) on file for a student supersedes all HLS forms completed at later times. Therefore, the answers provided on the **initial** HLS are documented permanently in CALPADS.

Assessment		
Initial ELPAC	Within 30 days of enrollment: pending possible extension from the state.	July 1-May 30
Initial ELPAC score report and Notification Letter will be mailed, after testing. See Appendix 1		
Summative ELPAC	Given to current EL students	Feb 1- May 30

Step 2: English Language Proficiency Assessment

State regulations require that if the student’s Home Language Survey indicates that a language other than English is used at home in Item 1, 2, or 3, the student’s English language

proficiency level must be assessed and given the results (pending an extension from the state) within 30 calendar days of initial enrollment.

The ELPAC is a standardized language proficiency test designed to measure the English proficiency of non-native speakers in four areas: Listening, Speaking, Reading and Writing. The child receives a score for each part of the test that is taken (Listening, Speaking, Reading, and Writing) as well as an overall score. The score types include scale scores and proficiency levels.

School staff calculates a preliminary score for the purpose of determining the default program and placement options. These results, including proficiency level results for each subtest, are communicated to the parent on the Parent Notification of English Language Testing Form. The assessment is also forwarded by the EI Coordinator for official scoring. These official results override the informal scoring if the scores differ. The official results are sent to the parent within 30 days of receipt by the school. ELPAC results are maintained in the student's English Learner folder inside the cumulative folder, and in the school's student information system for future use in the monitoring of student progress and in the program evaluation.

If an Individual Education Plan (IEP) team has determined that a student is unable to take all or part of the ELPAC, the student will be given a California Department of Education (CDE) approved alternative assessment.

The School will annually assess the ELP and academic progress of each English learner. The School shall administer the ELPAC summative assessment during the annual summative assessment window.

When administering an initial or summative ELPAC assessment to a pupil with a disability, the School shall provide designated supports or accommodations, in accordance with the student's individualized education plan (IEP) or Section 504 plan. When a student's IEP or Section 504 plan specifies that the student has a disability that precludes assessment such that there are no appropriate accommodations for assessment in one or more of the listening, speaking, reading, and writing domains, the student shall be assessed in the remaining domains in which it is possible to assess the student.

When a student's IEP team determines that the student has a significant cognitive disability such that the student is unable to participate in the initial or summative assessment, or a Section of either test, even with resources, the student shall be assessed as specified in the student's IEP.

On the basis of the English language assessment, students are classified as either English Learner (EL) or Initially Fluent English Proficient (IFEP).

Criteria for reasonable fluency in English

Level	Description
-------	-------------

Initial Fluent English Proficient [IFEP]	<p>Students at this level have well developed oral (listening and speaking) and written (reading and writing) skills. They can use English to learn and communicate in meaningful ways that are appropriate to different tasks, purposes, and audiences in a variety of social and academic contexts. They may need occasional linguistic support to engage in familiar social and academic contexts; they may need light support to communicate on less familiar tasks and topics. This test performance level corresponds to the upper range of the “Bridging” proficiency level as described in the <i>2012 California English Language Development Standards, Kindergarten Through Grade Twelve (2012 ELD Standards)</i>.</p>
Intermediate English Learner	<p>Students at this level have somewhat developed to moderately developed oral (listening and speaking) and written (reading and writing) skills. This level captures a broad range of English learners, from those who can use English only to meet immediate communication needs to those who can, at times, use English to learn and communicate in meaningful ways in a range of topics and content areas. They may need some degree of linguistic support to engage in familiar social and academic contexts (depending on the student, the level of support needed may be moderate, light, or minimal); they may need substantial-to-moderate support to communicate on less familiar tasks and topics. This test performance level corresponds to the entire “Expanding” proficiency level and to the lower range of the “Bridging” proficiency level as described in the <i>2012 ELD Standards</i>.</p>
Novice English Learner	<p>Students at this level have minimally developed oral (listening and speaking) and written (reading and writing) English skills. They tend to rely on learned words and phrases to communicate meaning at a basic level. They need substantial-to-moderate linguistic support to communicate in familiar social and academic contexts; they need substantial linguistic support to communicate on less familiar tasks and topics. This test performance level corresponds to the “Emerging” proficiency level as described in the <i>2012 ELD Standards</i>.</p>

NOTE: Students classified as IFEP are not eligible to receive EL services and will receive grade-level instruction in an instructional program designed for Native-English and Fluent-English speakers.

IFEP Students - The parents of IFEP students are informed of the results and given the same program options as those given EO students- the default program is Mainstream English. Placement is made on the same basis as for EOs.

English Learners proceed to primary language assessment. Parents of ELs will be notified each year of their child's current language classification along with the annual assessment results. A student will remain an EL until he or she has met the criteria for reclassification.

Parent Notification

- Results of assessments
- Student Placement

Step 3: Parent Notification of Results

Parent Notification of Initial Assessment Results and Program Placement

Parents of students (ELs and IFEPs) who are administered the **initial** ELPAC will receive official notification informing them of their child's:

- Initial English language proficiency level and how it was assessed
- Official language classification
- Instructional program placement

In addition to the above, parents must also receive information regarding the:

- Various instructional program options, educational strategies, and educational materials to be used in each program
- Reclassification, or program exit, criteria
- Instructional program for ELs with a disability (with an IEP) and how such a program will meet the objectives of the IEP
- Expected rate of graduation for ELs

Parent Notification of Annual Assessment Results and Program Placement

Program Placement/Instructional

- **English Language Mainstream (ELM)**—A classroom setting for English learners who have acquired reasonable fluency in English, as defined by the school district. In addition to ELD instruction, English learners continue to receive additional and appropriate educational services in order to recoup any academic deficits that may have been incurred in other areas of the core curriculum as a result of language barriers.
- **Core Instruction in English**

- **Daily Leveled ELD** for 30 – 60 minutes based on the student need and level independently at home through BrainPop ELL program with teacher monitoring progress.
- **SDAIE** strategies/vocabulary development will be embedded in curriculum and enhanced with teacher support in person or during online sessions. (SDAIE Strategies for English Learner Intervention is attached).
- Monitor student progress and evaluate programs regularly.
- Designated ELD Direct Instruction Classes—via a virtual online platform.
- **BrainPop ELL**- brings English language learning to life in your classroom! To help you make the most of this product, explore this rich collection of support resources, from ELL-specific graphic organizers and action images to learning strategies, lesson plans, vocabulary activities, and more. Proficiency-based English language learning program appropriate for all ages, at no cost to students.
- **Reading Eggs**- provides a comprehensive range of research-based online reading lessons, activities and books that teach children aged 2–13 the literacy skills needed for a lifetime of reading success. The comprehensive reading program is grounded in solid educational research and covers the five pillars of reading – phonics, phonemic awareness, vocabulary, comprehension, and fluency. Provided with a minimal cost.
- **Mathseeds/Mathletics**- It is a comprehensive online mathematics program for children aged 3-13. It offers a vast range of carefully structured lessons and activities that build mathematical skills over a broad range of numbers, shapes, and measurement topics. This program can be used for intervention in math. This eligibility is dependent on their STAR360 scores and is only given to students who score in the yellow intervention or red urgent intervention categories.
- In addition, any other school-provided online programs.

Step 4: Program Placement

The following process is used to identify the most appropriate program for the English Learner. ELPAC results indicate whether the student is *reasonably fluent in English* or not.

The criteria for reasonable fluency in English are the same as the criteria for “Probably English Proficient” in the ELPAC Scoring Guide. They include:

1. Student’s *overall* proficiency level is Early Advanced or higher, *and*
2. Proficiency in *each* skill area is Intermediate or higher. The skill areas are Listening, Speaking, Reading, and Writing (Kindergarten through 12th grade).

If the child is *reasonably fluent in English* by these criteria, then the default placement is the *mainstream English program*. Additional support services may be recommended, as appropriate. The child will normally continue in this placement until reclassified. Support services in the mainstream program must include English Language Development and may include one or more of the following:

- Content instruction using SDAIE strategies

- Specialized instruction by an English Learner Development teacher
- Participation in Benchmark, Strategic, or Intensive interventions in variety of setting based on student need
- McGraw Hill Flex Curriculum (EL supports based on Level)

AT RISK EL STUDENTS & LTEL's (Long Term English Learners)

Clarksville will annually run a list of the at risk ELs (4-5 years as an EL) and our LTELs (6+ years as EL) and work with HSTs to strongly encourage the following supports:

- * Automatic access to BrainPop ELL
- *Virtual Reading Comprehension virtual classes offered by qualified instructors
- *Reading Horizons option
- *ELD Support Class option
- *School's EL designee will collaborate with HSTs and parents to determine best practices to encourage and support each student to show English fluency and be able to reclassify

STAFFING

Per state and federal law all teachers of our EL students hold a valid CA teaching credential with authorization to instruct English Learners. This CLAD or English Learner authorization is met through coursework completion, passing scores on the 3 CTEL examinations. EL students are not assigned to teachers who have not yet earned this authorization, or, as in the case of a new teacher, with a preliminary credential, who is still working to clear their credential. Clarksville will:

- Ensure appropriate assignments of teachers for English Learners
- Recruit qualified EL certified teachers through position postings
- Assure that teachers hold proper California Teacher Credentialing (CTC) authorizations
- Provide opportunities for teachers who do not hold appropriate certification to enroll in training

PROFESSIONAL DEVELOPMENT FOR STAFF AND ADMINISTRATORS ON INITIAL IDENTIFICATION, PLACEMENT, AND RELATED PARENTAL RIGHTS/INFORMED CONSENT

Clarksville Charter School is committed to providing ongoing annual professional development for administrators and staff, including special education teachers and staff, on legal requirements and school procedures relating to the implementation of the identification and placement requirements of this *English Learner Master Plan*, including but not limited to:

- Initial identification
- Placement options and procedures
- Communicating assessment results to families effectively
- Parental rights and informed consent regarding initial identification and placement, including the parental exception waiver process.

Those who must participate in the training include but are not limited to: administrators, teaching staff, counselors, Enrichment Center staff, staff members who work with ELs' student records, office staff members responsible for registration, special education teachers, paraprofessionals and specialists, and other support staff as necessary. The training places special emphasis on sensitivity to parents, including how to make parents feel welcome, and how to ensure that they are truly informed and able to take an active role in the process of determining the appropriate instructional program for their child.

The professional development offered will be designed to improve the instruction and assessment of ELs; designed to enhance the ability of teachers, principals and other school leaders to understand and implement curricula, assessment practices and measures and instructional strategies for ELs; effective in increasing the student's English language proficiency or substantially increasing the teacher's subject matter knowledge, teaching knowledge and teaching skills as demonstrated through classroom observation.

INITIAL ELPAC-ELAS CORRECTION POLICY AND PROCESS

Local Educational Agencies are allowed to make one correction per student per lifetime to an English Language status. This process can be used if a parent/guardian or certificated employee of the LEA requests a review of the student's classification on the basis of the results of the Initial ELPAC. Typically, the process will be used if a parent/guardian or certificated employee can provide evidence that a student who was classified as English Learner (EL) after taking the Initial ELPAC should be classified as Initially Fluent English Proficient (IFEP). This process must occur before the first administration of the Summative ELPAC starting in February.

If a student was tested with the initial ELPAC and was designated EL but, based on evidence and observation, you feel that they are proficient in English, the HST can request a status correction to IFEP (Initially Fluent English Proficient).

1. HST submits the Google Survey--ELAS Correction Request for Initial ELPAC; found in the EL Resources Folder.
2. If the request is approved for further review, HST will receive an Evidence Form and info sheet.
3. HST and family review the examples of possible evidence for student's grade span.
4. HST and family gather appropriate, grade-level evidence in all domains to illustrate student's English Language Proficiency
5. Complete the Evidence Form, signed by HST and Parent, then email, along with evidence, the EL Coordinator.

RECLASSIFICATION

Clarksville Charter School reclassifies EL students to Reclassified English Fluent Proficient (RFEP) at the point when specialized language and academic support services are deemed no longer needed for ELs to be successful in their educational program at a level commensurate to non-ELs. This decision is made using criteria that include assessment of English language proficiency using the ELPAC, Smarter Balanced Assessment Consortium (SBAC) or California Alternative Assessment (CAA) scores in English-Language Arts, teacher evaluation, and parent consultation.

Once ELs are reclassified, they retain RFEP status for the rest of their educational careers. However, the academic progress of RFEP students must be monitored for a minimum of four years, as required by state and federal guidelines, and if their continued linguistic and academic performance declines or stalls, interventions are provided to ensure that these students reach and maintain grade level academic proficiency. A full description of the reclassification process is detailed below.

ELPAC proficiency level, in addition, common, grade-level standards-based assessments and English language development (ELD) assessments are examined to determine if the student is able to function at a level commensurate with his or her English-speaking peers.

Reclassification Policy, Criteria, and Process:

Clarksville Charter School's Director of ELD, in conjunction with teacher input, will specifically evaluate students who are potentially qualified for reclassification. This will occur upon release of ELPAC scores by the state.

Per California Department of Education recommendations and requirements, EL Reclassification will be based on the following four criteria:

- 1) ELPAC Score - Student must have an Overall Performance Level score of 4 (the statewide standardized ELP criterion), with no more than one subscore of 2.
- 2) Teacher Evaluation - Student progress as observed by the teacher, as well as student's grades/progress indicators in math and English. Grade must be a C or higher in both courses. Progress in standards must be Meeting or Exceeding Expectations.
- 3) Parent Opinion and Consultation - Parents will be invited to and are strongly encouraged to participate in a phone conference, as noted in Parent Notification Letter of Reclassification.
- 4) English Language Proficiency - EL student's English language proficiency will be compared with that of an English Proficient Student. This will take the form of the AR

STAR Assessment **or** **and** SBAC scores. The cut score requirements/criteria are indicated in the chart below.

- ~~5) Math Proficiency – EL students should be performing at or above grade level in math.
 – Student should perform at standard nearly met on SBAC math and/or have a
 – Min. Math score for STAR 360 that is provided in the chart, per grade level.~~

Process

1. The ELD coordinator will complete the Reclassification Form for students who meet the first criteria. (Appendix 2).
2. Form will then be sent to the teacher for further input and completion of grades, test scores, etc.
3. If a student meets criteria 1, 2, and 4, a Parent Notification Letter of Reclassification will be sent to the parents, inviting them to a phone conference where they can consult with the Director of ELD and/or teacher, and their child. See Appendix 3

4. At this point, if everyone is in agreement, student is then redesignated RFEP.
5. If a student has not met criteria 1, 2, or 4, they will remain EL and will be reevaluated the next school year.

RECLASSIFYING ENGLISH LEARNERS WITH DISABILITIES

The reclassification criteria and process are the same for Special Education students being considered for reclassification, except in those cases where the IEP team feels that the student's disability, more so than a language barrier, is the reason why the student is not qualifying for reclassification. In such cases, it is the responsibility of the IEP team, case carrier, or teacher to initiate contact with the Director of ELD to consider the alternative reclassification criteria and form. The IEP team, to include parent and the Director of ELD, will discuss and complete the form. If the student is found to meet these criteria, he/she will then be reclassified to RFEP and four-year monitoring will commence, as with all other RFEP students. See Appendix 4

RFEP Monitoring

Per the California Department of Education requirements, once a student is reclassified as RFEP, they are no longer required to take the summative ELPAC, but there is a requirement for four years of continued monitoring of that student.

Clarksville Charter School will monitor RFEP's curriculum, interventions and assessments quarterly. RFEPs will also have a formal **yearly monitoring check** each year over the four years, using the Reclassification Monitoring form. Below is the RFEP Monitoring Schedule, based on student last name:

Annual RFEP Monitoring Schedule

Student's Last Name	Monitoring Month, Annually for Four Years	Student's Last Name	Monitoring Month, Annually for Four Years
A-C	October	M-O	February
D-F	November	P-R	March
G-H	December	S-V	April
I-L	January	W-Z	May

If at any point the student is scoring below grade level, intervention measures will be put in place, so as to ensure that the student is receiving as much support as possible, toward maintaining English language proficiency and academic growth. See Appendix 5

INITIAL ELPAC NOTIFICATION LETTER

To the parent(s)/guardian(s) of: <Last_Name>, <First_Name> Date: <Date_Testing_Completed>

SSID: <SSID> Date of Birth: <Date_of_Birth> Grade: <Tested_Grade>

Dear Parent(s) or Guardian(s): When your child enrolled in our school, a language other than English was noted on your child's Home Language Survey. The law requires us to assess your child and notify you of your child's proficiency level in English. In California, the name of the test is the Initial English Language Proficiency Assessments for California (ELPAC). This letter also explains the criteria for a student to exit, or reclassify out of, the English learner program. (20 United States Code Section 6312[e][3][A][i],[v],[vi])

Language Assessment Results

See enclosed Student Score Report

Based on the results of the English language proficiency assessment, your child has been identified as an <Calculated_ELAS> student.

Program Placement

If your student was identified as **IFEP**, he/she is assigned to a regular academic program, will not need to participate in an English language instructional support program, will not be designated as an English Learner (EL student), nor will he/she need to take the ELPAC exam again. Please note, that this does not change your student's homeschool teacher.

If your student was identified as an **English Learner (EL)**, he/she has been assigned to an appropriate English language instructional support program based on the results. The goal of this program is to help your child become proficient in English and succeed in the school's academic curriculum. Instructional support is added by your child's teacher as needed, according to the ELPAC results. Please note, that this does not change your student's homeschool teacher.

Exit (Reclassification) Criteria

The goal of language acquisition programs is for students to become proficient in English as rapidly as possible and to meet state academic achievement measures. This district's exit (reclassification) criteria are listed below.

(20 U.S.C. Section 6312[e][3][A][vi])

Required Criteria (California <i>Education Code [EC]</i> Section 313[f])	LEA Criteria Clarksville Charter School EL Master Plan
English Language Proficiency Assessment	Overall Performance Level score of 4 (the statewide standardized ELP criterion) with no more than one subscore of 2 in the domains of reading, writing, listening and speaking.
Teacher Evaluation	Student progress as observed by teacher, as well as student's grades/progress indicators in math and English. Grade must be a C or higher in both courses. Progress in standards must be Meeting or Exceeding Expectations.
Parental Opinion and Consultation	Parents will be invited to and are strongly encouraged to participate in a phone conference, as noted in Parent Notification Letter of Reclassification.
Comparison of Performance in Basic Skills	EL student's English language proficiency will be compared with that of an English Proficient Student. This will take the form of the STAR 360 Assessment and SBAC scores.

Intervention and Support Options

In addition to the instructional support provided by your homeschool teacher, Clarksville Charter School offers MTSS and other programs to help your student with their English fluency and academic achievement goals through a multi-tiered system of supports (MTSS).

Response to Instruction and Intervention through the Multi-Tiered System of Supports (MTSS)

The school will provide intervention for all students TK-12. The following descriptors provide an overview of specific interventions to support ELs. Intervention for Long Term ELs is the responsibility of the Home School Teachers as well as the entire intervention team.

Tier 1 intervention: Provided until proficiency goal is reached

- The general education teacher begins and/or provides Tier 1 level supports on a class/roster-wide basis. Additionally, the teacher ensures that the students are working in an evidence-based curriculum. To complement the evidence-based curriculum, parents and students have access to high quality, school created direct instruction video libraries. The video libraries meet the needs of academic intervention and success. Video libraries are also offered for speech production, stuttering (fluency) and spoken language. These video libraries educate the parents/learning coach on developmental milestones. They also guide the parent/learning coach or HST specifically on how to support the student within the general education program with strategies they can start using immediately.

Tier 2 Intervention: Provided for students who have not yet reached proficiency through Tier 1 interventions

- Tier 1 plus online Interventions, as well as video libraries and direct instruction offered through Tier 2.
- Long Term ELs will continue to receive intensive intervention during direct virtual English Language Development instruction.
- Students receive direct virtual instruction.

Tier 3 Interventions: Provided for students who have not reached proficiency through Tier 2 strategies

- Tiers 1 and 2 Interventions, plus
- Direct Individual virtual instruction and intervention program
- Long Term ELs receive additional small group direct virtual or one-on-one assistance during the virtual intervention instruction.
- Long Term ELs receive additional intervention through an online program

Tier 4 Intervention: Provided for students who have not reached proficiency through previously administered intervention strategies

- Students who do not show progress after a designated time will be recommended to a Student Study Team with possible recommendation for Special Education testing.

Additional Online Programs:

1. **BrainPop**—BrainPOP ELL brings English language learning to life in your classroom! To help you make the most of this pr ELL is organized in three levels, corresponding to beginning, intermediate, and advanced. Each level consists of six units, and each unit includes five movies with associated features. We recommend that absolute beginners start with the first Level 1, Unit 1 movie. oduct, explore this rich collection of support resources, from ELL-specific graphic

organizers and action images to learning strategies, lesson plans, vocabulary activities, and more.

2. **Curriculum supplemental support**—check with student’s chosen curriculum platform, as some have a built-in ELD/intervention component. For example, Edgenuity students can access MyPath.
3. **MathSeeds/Mathletics**—It is a comprehensive online mathematics program for children aged 3-13. It offers a vast range of carefully structured lessons and activities that build mathematical skills over a broad range of numbers, shapes and measurement topics. This program can be used for intervention in math. This eligibility is dependent on their STAR360 scores and is only given to students who score in the yellow intervention or red urgent intervention categories
4. **Reading Horizons**--When a student is more than 2 grade levels behind in ELA. This is also a great support for EL students
5. **Learning Ally**—this program is an audiobook program that reads books to students so that they can hear what it should sound like, as it is read by an English fluent person.
6. **Reading Eggs**--instructs students in the five core literacy areas outlined by the National Reading Panel as essential components of reading instruction. These include: Phonemic Awareness, Phonics, Fluency, Vocabulary, and Comprehension. It develops essential reading skills in a progression that will take a non-reader through to a grade 2 reading level.

Dear Parent/Guardian of _____

State and federal laws require all school districts in California to give a state assessment of English proficiency each year to every student who is identified as an English Learner. The assessment is called “English Language Proficiency Assessments for California (ELPAC).” The results of the ELPAC help to measure how each student is progressing toward proficiency in English in the areas of listening, speaking, reading, and writing.

Your child has been given the ELPAC for this year. Scores are in and based on your child’s performance on this test, your child may be Reclassified as Fluent English Proficient (RFEP). In addition to the ELPAC scores, criteria used to make this decision include:

- an evaluation of your child’s academic performance by the teacher,
- your child’s English proficiency as measured by Smarter Balance Assessment (SBAC), Star 360 and/or iReady assessment
- your opinion as the parent/guardian regarding your child’s proficiency in English and readiness to be reclassified.

You are invited to contact me on the number below for a phone conference, so that we may discuss and decide on your child’s readiness and overall qualification for reclassification. Questions regarding the ELPAC or your child’s results may be directed to me as well.

We urge you to make this contact and hold this conference as soon as possible. Together we can make decisions that are in the best interest of your child.

Sincerely,

State Measures

Six state measures allow for comparisons across schools and districts based on information collected statewide.

- High School Graduation Rate
- Academic Performance
- Suspension Rate
- English Learner Progress
- College/Career Readiness
- Chronic Absenteeism

Results are presented for all districts, schools, and defined student groups (e.g., racial groups, low income, English learners, homeless, foster youth, students with disabilities).

Schools and districts receive one of five color-coded performance levels on each of the six state measures.

The performance level (color) is based on current and prior year data.

Goal: Improve the percentage of our students who are deemed “Prepared.”

Where Are We
Now?

Clarksville Charter School CCI Indicator	Prepared	Approaching Prepared	Not Prepared
2020 (cohort of 56)	12.5%	21.4%	66.1%
2019 (cohort of 28)	35.7%	17.9%	46.4%
2018 (cohort of 19)	5.3%	47.4%	47.4%

These are the current numbers that we will work on improving.

How Is It Judged?

College/Career Readiness

The College/Career measure shows how well local educational agencies (LEAs) and schools are preparing students for likely success after graduation. Only graduates can be classified as Prepared or Approaching Prepared. For schools and LEAs to demonstrate success on this state measure, high school graduates must meet at least one of the criteria in the Prepared level.

Child Abuse Prevention and Reporting Policy (p. 197-202)

Section: V. Academic Excellence
Item: C. Child Abuse Prevention and Reporting Policy (p. 197-202)
Purpose: Vote
Submitted by: Darcy Belleza
Related Material: Child Abuse Prevention and Reporting Policy_-_Clarksville.pdf

BACKGROUND:

The Child Abuse Prevention and Reporting Policy is currently housed within the Comprehensive Safety Plan. To ensure our stakeholders can easily have access to the policy, it is being brought forward to be placed on the Governance page of our school website.

RECOMMENDATION:

Recommending Board approval.

Child Abuse Prevention and Reporting Policy

The Clarksville Charter School Governing Board is committed to supporting the safety and well-being of Clarksville students and desires to facilitate the prevention of and response to child abuse and neglect. The Executive Director or designee shall develop and implement strategies for preventing, recognizing, and promptly reporting known or suspected child abuse and neglect. This policy is also in the board-approved Comprehensive Safety Plan.

The Executive Director or designee may provide a student who is a victim of abuse with school-based mental health services or other support services and/or may refer the student to resources available within the community as needed.

The purpose of the Clarksville Charter School Governing Board approving the Child Abuse Prevention and Reporting Policy is to accomplish the following:

1. Summary of child abuse reporting law and requirements
2. Duty to Report
3. Definitions
4. Reporting Procedures
5. Legal Responsibility and Liability
6. Release of Child to Peace Officer

Child abuse reporting law (Penal Code Section 11166) requires that a Clarksville Charter School employee who has reason to believe that a child has been subjected to abuse, report the incident to the proper authorities.

At Clarksville Charter School, protecting children from child abuse is a major priority. Each year the administration sets aside time to meet with staff to discuss child abuse indicators and to remind teachers of the procedures to follow when abuse is suspected and provide annual training regarding the required procedures for mandated reporters.

Employees of Clarksville Charter School are familiar with Penal Code Section 11166 and understand the requirement that certificated and classified personnel report suspected child abuse immediately or as soon as practically possible to Children's Protective Services by telephone. They are aware that a call must be followed within at least 36 hours by a written report to the child protective agency.

All staff is aware of the location of a Child Abuse Information Folder that is kept on file and updated regularly. It includes informational literature, guidelines for recognizing abuse and specific directions for reporting it.

The determination as to who should be contacted will depend greatly upon the situation at hand. The local law enforcement agency will dispatch a unit to the school as soon as possible. Children's services may take much longer to respond. School personnel should always take into consideration the severity of the abuse and the extent to which the student's safety is at risk.

The requirements of school personnel and the identification and reporting of known or suspected child abuse to a protective agency is mandated by the State of California Penal Code. In fact, failure to do so on the part of school personnel could lead to penalties which might be imposed on these individuals. Clarksville Charter School board policies are continually updated to reflect appropriate legislation. Excerpts from the California Penal Code and Clarksville Charter School Board Policy are presented below.

From California Penal Code Section 11166

...a mandated reporter shall make a report to an agency...whenever the mandated reporter, in the mandated reporter's professional capacity or within the scope of the mandated reporter's employment, has knowledge or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. The mandated reporter shall make an initial report by telephone to the agency immediately or as soon as is practicably possible, and shall prepare and send, fax, or electronically transmit a written follow-up report within 36 hours of receiving the information concerning the incident.

Recognizing that our responsibility to students includes the protection of their physical and mental wellbeing, the Governing Board desires to provide whatever opportunities or resources may be available for the prevention of child abuse.

The Board agrees with the Legislature that:

1. Child abuse and neglect is a severe and increasing problem in California.
2. Charter schools, school districts and preschools are able to provide an environment for training of children, parents, and all school staff.
3. Primary prevention programs in charter schools and school districts are an effective and cost efficient method of reducing the incidence of child abuse and neglect and for promoting healthy family environments.

The Executive Director shall explore funding and assistance available for the establishment of programs directed toward preventing the occurrence of child abuse, including physical abuse, sexual assault, and child neglect, and reducing the general vulnerability of children, including coordination with and training for parents and school staff.

Parents shall be given notice of, and may refuse to have their children participate in, prevention training program.

Duty to Report

Certificated employees and classified employees trained in child abuse identification and reporting shall report known or suspected child abuse to a child protective agency by telephone immediately or as soon as practically possible and in writing within thirty-six hours. The reporting duties are individual and cannot be delegated to another individual.

Definitions

1. "Child Abuse," as defined by law, includes the following:

- a. Physical abuse resulting in a non-accidental physical injury or death.
- b. Physical neglect, including both severe and general neglect, resulting in negligent treatment or maltreatment of a child.
- c. Sexual abuse including both sexual assault and sexual exploitation.
- d. Emotional abuse and emotional deprivation including willful cruelty or unjustifiable punishment.
- e. Severe corporal punishment.

2. "Mandated Reporters" are those people defined by law as "childcare custodian," "medical practitioners" and non-medical practitioners" and include virtually all school employees. The following school personnel are required to report:

Teachers, administrators, supervisors of child welfare and attendance, certificated pupil personnel employees, employees of a childcare institution, head start teachers, school psychologists, licensed nurses, counselors, presenters of child abuse prevention programs and those instructional aides or other classified employees trained in child abuse reporting.

3. "Child Protective Agencies" are those law enforcements and child protective services responsible for investigating child abuse reports, including the local police or sheriff department, county welfare or juvenile probation department and child protective services.

4. "Reasonable Suspicion" means that it is objectively reasonable for a person to entertain such a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect.
(California Penal Code 11166)

Reporting Procedures

1. To report known or suspected child abuse, any employee (as defined above) shall report by telephone to the local child protective agency.

The telephone report must be made immediately, or as soon as practically possible, upon suspicion. The verbal report will include:

- a. The name of the person making the report.
- b. The name of the child.
- c. The present location of the child.
- d. The nature and extent of any injury.
- e. Any other information requested by the child protective agency, including the information that led the mandated reporter to suspect child abuse.

At the time the verbal report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

2. Within thirty-six (36) hours of making the telephone report, the mandated reporter will complete and mail, fax or electronically transmit a written report to the local child protective agency.

The written report shall include completion of the required standard Department of Justice form (DOJ SS 8572).

The mandated reporter may request and receive copies of the appropriate form either from the charter school or directly from the local child protective agency.

Detailed instructions for completion of the form are on the back sheet of the form.

Reporters may request assistance from the site administrator in completing and mailing the form; however, the mandated reporter is still responsible for ensuring that the written report is correctly filed.

3. Employees reporting child abuse to a child protective agency are encouraged, but not required, to notify the site administrator or designee as soon as possible after the initial verbal report by telephone. The site administration, when notified, shall inform the Executive Director.

Administrators so notified shall provide the mandated reporter with any assistance necessary to ensure that the verbal or written reporting procedures are carried out according to state law and regulations. If requested by the mandated reporter, the Executive Director may assist in the completion and filing of these forms.

Legal Responsibility and Liability

1. Mandated reporters have absolute immunity. School employees required to report are not civilly or criminally liable for filing a required or authorized report of known or suspected child abuse.
2. A mandated reporter who fails to report an instance of child abuse, which he/she knows to exist or reasonably should know to exist, is guilty of a misdemeanor and is punishable by confinement in jail for a term not to exceed six (6) months or by a fine

- of not more than one thousand dollars (\$1,000) or both. The mandated reporter may also be held civilly liable for damages for any injury to the child after a failure to report.
3. When two (2) or more persons who are required to report jointly, have knowledge of suspected instance of child abuse, and when there is agreement, and a single report may be made and signed by the person selected. However, if any person who knows or should know that the person designated to report failed to do so, that person then has a duty to make the report.
 4. The duty to report child abuse is an individual duty and no supervisor or administrator may impede or inhibit such reporting duties. Furthermore, no person making such a report shall be subject to any sanction. Release of Child to Peace Officer When a child is released to a peace officer and taken into custody as a victim of suspected child abuse, the Executive Director shall not notify the parent or guardian as required in other instances of removal of a child from school, but rather shall provide the peace officer with the address and telephone number of the child's parent or guardian. It is the responsibility of the peace officer to notify the parent or guardian of the situation. Peace officers will be asked to sign an appropriate release or acceptance of responsibility form (cf. 5145.11 – Questioning and Apprehension).

When School Employees are Accused of Child Abuse Regardless of who child abusers may be, the major responsibilities of mandated reporters are to (1) identify incidents of suspected child abuse, and (2) comply with laws requiring reporting of suspected abuse to the proper authorities. Determining whether or not the suspected abuse actually occurred is not the responsibility of the school employee. Such determination and follow-up investigation will be made by a child protective agency. Parent/guardians or members of the public accusing school employees of child abuse should be made aware of the ramifications of making false reports and should be provided with information regarding child abuse and child abuse reporting. Pending the outcome of an investigation by a child protective agency and prior to the filing of formal charges, the employee may be subject to reassignment or a paid leave of absence.

Disciplinary action resulting from the filing of formal charges or upon conviction shall be in accordance with policies, regulations and/or collective bargaining agreements. The Executive Director or designee should consult with legal counsel in implementing either suspension or dismissal.

AUTHORIZATION FOR MASTER CONTRACT AND GENERAL PROVISIONS

1. MASTER CONTRACT

This Master Contract (or “Contract”) is entered into on July 1, 2021, between _____, hereinafter referred to as the local educational agency (“LEA”), a member of the _____ SELPA and _____ (nonpublic, nonsectarian school or agency), hereinafter referred to as NPS/A or “CONTRACTOR” for the purpose of providing special education and/or related services to students with exceptional needs under the authorization of California Education Code sections 56157, 56361 and 56365 *et seq.* and Title 5 of the California Code of Regulations section 3000 *et seq.*, AB490 (Chapter 862, Statutes of 2003) and AB1858 (Chapter 914, Statutes of 2004). It is understood that this agreement does not commit LEA to pay for special education and/or related services provided to any student, or CONTRACTOR to provide such special education and/or related services, unless and until an authorized LEA representative approves the provision of special education and/or related services by CONTRACTOR.

Upon acceptance of a student, LEA shall submit to CONTRACTOR an Individual Services Agreement (hereinafter referred to as “ISA”). Unless otherwise agreed in writing, these forms shall acknowledge CONTRACTOR’s obligation to provide all relevant services specified in the student’s Individualized Education Program (hereinafter referred to as “IEP”). The ISA shall be executed within ninety (90) days of a student’s enrollment. LEA and CONTRACTOR shall enter into an ISA for each student served by CONTRACTOR. As available and appropriate, the LEA shall make available access to any electronic IEP system and/or electronic database for ISA developing including invoicing.

Unless placement and/or services is made pursuant to an Office of Administrative Hearings (hereinafter referred to as “OAH”) order, a lawfully executed settlement agreement between LEA and parent or authorized by LEA for a transfer student pursuant to California Education Code section 56325, LEA is not responsible for the costs associated with NPS placement or NPS/A services until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student’s parent.

2. CERTIFICATION AND LICENSES

CONTRACTOR shall be certified by the California Department of Education (hereinafter referred to as “CDE”) as a NPS/A. All NPS/A services shall be provided consistent with the area of certification and licensure specified by CDE Certification and as defined in California Education Code, section 56366 *et seq* and within the professional scope of practice of each provider’s license, certification and/or credential. A current copy of CONTRACTOR’s NPS/A certification or a waiver of such certification issued by the CDE pursuant to Education Code section 56366.2 must be provided to LEA on or before the date this Agreement is executed by CONTRACTOR. This Master Contract shall be null and void if such certification or waiver is expired, revoked, rescinded, or otherwise nullified during the effective period of this Master Contract. Total student enrollment shall be limited to capacity as stated on CDE certification and in Section 24 of the Master Contract.

In addition to meeting the certification requirements of the State of California, a CONTRACTOR that operates a program outside of this State shall be certified and all staff persons providing services to pupils

shall be certified and/or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

If CONTRACTOR is a licensed children's institution (hereinafter referred to as "LCI"), CONTRACTOR shall be licensed by the state, or other public agency having delegated authority by contract with the state to license, to provide nonmedical care to children, including, but not limited to, individuals with exceptional needs. The LCI must also comply with all licensing requirements relevant to the protection of the child, and have a special permit, if necessary, to meet the needs of each child so placed. If the CONTRACTOR operates a program outside of this State, CONTRACTOR must obtain all required licenses from the appropriate licensing agency in both California and in the state where the LCI is located.

With respect to CONTRACTOR's certification, failure to notify the LEA and CDE in writing of any changes in: (1) credentialed/licensed staff; (2) ownership; (3) management and/or control of the agency; (4) major modification or relocation of facilities; or (5) significant modification of the program may result in the suspension or revocation of CDE certification and/or suspension or termination of this Master Contract by the LEA.

3. COMPLIANCE WITH LAWS, STATUTES, REGULATIONS

During the term of this Master Contract, unless otherwise agreed, CONTRACTOR shall comply with all applicable federal, state, and local statutes, laws, ordinances, rules, policies and regulations. CONTRACTOR shall also comply with all applicable LEA policies and procedures unless, taking into consideration all of the surrounding facts and circumstances, a policy or policies or a portion of a policy does not reasonably apply to CONTRACTOR. CONTRACTOR hereby acknowledges and agrees that it accepts all risks and responsibilities for its failure to comply with LEA policies and shall indemnify LEA under the provisions of Section 16 of this Agreement for all liability, loss, damage and expense (including reasonable attorneys' fees) resulting from or arising out of CONTRACTOR's failure to comply with applicable LEA policies (e.g., those policies relating to; the provision of special education and/or related services, facilities for individuals with exceptional needs, student enrollment and transfer, student inactive status, corporal punishment, student discipline, and positive behavior interventions).

CONTRACTOR acknowledges and understands that LEA may report to the CDE any violations of the provisions of this Master Contract; and that this may result in the suspension and/or revocation of CDE nonpublic school/agency certification pursuant to California Education Code section 56366.4(a).

The parties acknowledge that any subsequent Master Contract is to be re-negotiated prior to June 30, 2022. In the event the contract negotiations are not agreed to by June 30th, the most recently executed Master Contract will remain in effect for 90 days. (Title 5 California Code of Regulations section 3062(d)) No Master Contract will be offered unless and until all of the contracting requirements have been satisfied. The LEA may require additional information as applicable. If the application packet is not completed and returned to District, no Master Contract will be issued. If CONTRACTOR does not return the Master Contract to LEA duly signed by an authorized representative within ninety (90) calendar days of issuance by LEA, the new contract rates will not take effect until the newly executed Master Contract is received by LEA and will not be retroactive to the first day of the new Master Contract's effective date. If CONTRACTOR fails to execute the new Master Contract within such ninety-day period, all payments shall cease until such time as the new Master Contract for the current school year is signed and returned to LEA by CONTRACTOR. (California Education Code section 56366(c)(1) and (2)). CONTRACTOR shall provide any and all subsequent compensatory service hours awarded to student as a result of lack of provision of services while student was served by the NPS/A.

If a parent or LEA contests the termination of an ISA by initiating a due process proceeding with the OAH, CONTRACTOR shall abide by the "stay-put" requirement of state and federal law unless the parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code. CONTRACTOR shall provide all services under this Contract as an independent contractor, and neither party shall have the authority to bind or make any commitment on behalf of the other. Nothing contained in this Contract shall be deemed to create any association, partnership, joint venture or relationship of principal and agent, master and servant, or employer and employee between the parties or any affiliates of the parties, or between the LEA and any individual assigned by CONTRACTOR to perform any services for the LEA.

If the LEA is determined to be a partner, joint venture, co-principle, employer or co-employer of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that holding.

This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report is prepared (i.e., before or after the student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the student is performed or a report is prepared in the normal course of the services provided to the student by CONTRACTOR. To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may, in its discretion, not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may, in its discretion, not fund services through the evaluator whose IEE the LEA agrees to fund. When no other appropriate assessor is available, LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall provide to LEA a written description of the services and location provided prior to the effective date of this Master Contract. CONTRACTORS providing Behavior Intervention services must have a trained behaviorist or trained equivalent on staff. It is understood that Behavior Intervention services are limited per CDE Certification and do not constitute as an instructional program.

When CONTRACTOR is a NPA, CONTRACTOR shall not provide transportation nor subcontract for transportation services for students unless the LEA and CONTRACTOR agree otherwise in writing.

23. INSTRUCTIONAL MINUTES

When CONTRACTOR is a NPS, the total number of instructional minutes per school day provided by CONTRACTOR shall be at least equivalent to the number of instructional minutes per school day provided to students at like grade level attending LEA schools and shall be specified in the student's ISA developed in accordance with the student's IEP.

For students in grades kindergarten through 12 inclusive, unless otherwise specified in the student's IEP and ISA, the number of instructional minutes, excluding breakfast, recess, lunch and pass time shall be at the same level that Ed. Code prescribes for the LEA.

The total number of annual instructional minutes shall be at least equivalent to the total number of annual instructional minutes provided to students attending LEA schools in like grade level unless otherwise specified in the student's IEP.

When CONTRACTOR is a NPA and/or related services provider, the total number of minutes per school day provided by CONTRACTOR shall be specified in the student's ISA developed in accordance with the student's IEP.

24. CLASS SIZE

When CONTRACTOR is a NPS, CONTRACTOR shall ensure that class size shall not exceed a ratio of one teacher per twelve (12) students, unless CONTRACTOR and LEA agree otherwise in writing. Upon prior written approval by an authorized LEA representative, class size may be temporarily increased by a ratio of 1 teacher to fourteen (14) students when necessary during the regular or extended school year to provide services to students with disabilities.

In the event a NPS is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the California Department of Education Certification of that school, the NPS shall develop a plan to ensure appropriate coverage of students by first utilizing existing certificated

staff. The NPS and the LEA may agree to one 30 school day period per contract year where class size may be increased to ensure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a NPA.

CONTRACTOR providing special education instruction for individuals with exceptional needs between the ages of three and five years, inclusive, shall also comply with the appropriate instructional adult to child ratios pursuant to California Education Code sections 56440 et seq.

25. CALENDARS

When CONTRACTOR is a NPS, CONTRACTOR shall submit to the LEA/SELPA a school calendar with the total number of billable days not to exceed 180 days, plus extended school year billable days equivalent to the number of days determined by the LEA's extended school year calendar. Billable days shall include only those days that are included on the submitted and approved school calendar, and/or required by the IEP (developed by the LEA) for each student. CONTRACTOR shall not be allowed to change its school calendar and/or amend the number of billable days without the prior written approval of the LEA. Nothing in this Master Contract shall be interpreted to require the LEA to accept any requests for calendar changes.

Unless otherwise specified by the students' IEP, educational services shall occur at the school site. A student shall only be eligible for extended school year services if such are recommended by his/her IEP Team and the provision of such is specifically included in the ISA. Extended school year shall consist of twenty (20) instructional days, unless otherwise agreed upon by the IEP Team convened by the LEA. Any days of extended school year in excess of twenty (20) billable days must be mutually agreed to, in writing, prior to the start of the extended school year.

Student must have actually been in attendance during the regular school year and/or during extended school year and actually received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPS service. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

CONTRACTOR shall observe the same legal holidays as LEA. Those holidays are Labor Day, Veteran's Day, Thanksgiving Day, Christmas Day, New Year's Day, Martin Luther King Jr. Day, President's Day, Memorial Day and Independence Day. With the approval of LEA, CONTRACTOR may revise the date upon which CONTRACTOR closes in observance of any of the holidays observed by the LEA.

When CONTRACTOR is a NPA, CONTRACTOR shall be provided with a LEA-developed/approved calendar prior to the initiation of services. CONTRACTOR herein agrees to observe holidays as specified in the LEA-developed/approved calendar. CONTRACTOR shall provide services pursuant to the LEA-developed/approved calendar; or as specified in the LEA student's IEP and ISA. Unless otherwise specified in the LEA student's ISA, CONTRACTOR shall provide related services to LEA students on only those days that the LEA student's school of attendance is in session and the LEA student attends school. CONTRACTOR shall bill only for services provided on billable days of attendance as indicated on the LEA calendar unless CONTRACTOR and the LEA agree otherwise, in writing. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

26. DATA REPORTING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is

understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate software, user training and proper internet permissions to allow adequate access.

Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

28. STATEWIDE ACHIEVEMENT TESTING

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all Statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

29. MANDATED ATTENDANCE AT LEA MEETINGS

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition services, data collection, and standardized

testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS

CONTRACTOR shall comply with the requirements of Education Code section 49005, *et seq.*, 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with the federal law and its implementing regulations. If the Individualized Education Program (“IEP”) team determines that a student’s behavior impedes his or her learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan (“BIP”), the IEP team may conclude it is sufficient to address the student’s behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR’s pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the schoolday, and annually to all staff who have any contact or interaction with pupils during the schoolday. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency occurs that is defined as a serious, dangerous behavior that staff has determined to present a clear and present danger to others. It requires a non-violent physical intervention to protect the safety of student, self, or others and a physical intervention has been used; or a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. Emergencies *require* a behavior emergency report form be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall notify Parent within twenty-four (24) hours via telephone. If the student’s IEP does not contain a Behavior Intervention Plan (“BIP”) or Positive Behavior Intervention Plan (“PBIP”), an IEP team shall schedule a meeting to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If the student already has a BIP, the IEP team shall review and modify the BIP if a new serious behavior has been exhibited or existing behavioral interventions have proven to be ineffective. CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following: (1) Any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock (2) An intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual. (3) An intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities. (4) An intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma. (5) Restrictive

interventions that employ a device, material, or objects that simultaneously immobilize all four extremities, including the procedure known as prone containment, except that prone containment or similar techniques may be used by trained personnel as a limited emergency intervention. (6) Locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room. (7) An intervention that precludes adequate supervision of the individual. (8) An intervention that deprives the individual of one or more of his or her senses. (b) In the case of a child whose behavior impedes the child's learning or that of others, the individualized education program team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of a District student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

31. STUDENT DISCIPLINE

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

When CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth (10th) day of suspension.

32. IEP TEAM MEETINGS

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052; (2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document, if appropriate, a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of his or her IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team

meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. CONTRACTOR shall provide to LEA assessments and written assessment reports by service providers upon request and/or pursuant to LEA policy and procedures. It is understood that attendance at an IEP meeting is part of CONTRACTOR'S professional responsibility and is not a billable service under this Master Contract.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

33. SURROGATE PARENTS AND FOSTER YOUTH

CONTRACTOR shall comply with LEA surrogate parent assignments. Surrogate parents shall serve as the child's parent and have all the rights relative to the student's education that a parent has under the Individuals with Disabilities Education Act pursuant to *20 USC 1414-1482 and 34 CFR 300.1-300.756*. A pupil in foster care shall be defined pursuant to California Education Code section 42238.01(b). The LEA shall annually notify the CONTRACTOR who the LEA has designated as the educational liaison for foster children. When a pupil in foster care is enrolled in a NPS by the LEA any time after the completion of the pupil's second year of high school, the CONTRACTOR shall schedule the pupil in courses leading towards graduation based on the diploma requirements of the LEA unless provided notice otherwise in writing pursuant to Section 51225.1.

34. DUE PROCESS PROCEEDINGS

CONTRACTOR shall fully participate in special education due process proceedings including mediations and hearings, as requested by LEA. Participation further includes the willingness to make CONTRACTOR's staff available for witness preparation and testimony as is necessary to facilitate a due process hearing. CONTRACTOR shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency. Full participation shall include, but in no way be limited to, cooperating with LEA representatives to provide complete answers raised by any investigator and/or the immediate provision of any and all documentation that pertains to the operation of CONTRACTOR's program and/or the implementation of a particular student's IEP/Individual and Family Service Plan ("IFSP").

35. COMPLAINT PROCEDURES

CONTRACTOR shall maintain and adhere to its own written procedures for responding to parent complaints. These procedures shall include annually notifying and providing parents of students with appropriate information (including complaint forms) for the following: (1) Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations section 4600 *et seq.*; (2) Nondiscrimination policy pursuant to Title 5 of the California Code of Regulations section 4960 (a); (3) Sexual Harassment Policy, California Education Code 231.5 (a) (b) (c); (4) Title IX Student Grievance Procedure, Title IX 106.8 (a) (d) and 106.9 (a); and (5) Notice of Privacy Practices in compliance with Health Insurance Portability and

Accountability Act (“HIPAA”). CONTRACTOR shall include verification of these procedures to the LEA. CONTRACTOR shall immediately notify LEA of any complaints filed against it related to LEA students and provide LEA with all documentation related to the complaints and/or its investigation of complaints, including any and all reports generated as a result of an investigation.

36. STUDENT PROGRESS REPORTS/REPORT CARDS AND ASSESSMENTS

Unless LEA requests in writing that progress reports be provided on a monthly basis, CONTRACTOR shall provide to parents at least four (4) written progress reports/report cards. At a minimum, progress reports shall include progress over time towards IEP goals and objectives. A copy of the progress reports/report cards shall be maintained at the CONTRACTOR’s place of business and shall be submitted to the LEA and LEA student’s parent(s) quarterly.

The CONTRACTOR shall also provide an LEA representative access to supporting documentation used to determine progress on any goal or objective, including but not limited to log sheets, observation notes, data sheets, pre/post tests, rubrics and other similar data collection used to determine progress or lack of progress on approved goals, objectives, transition plans or behavior intervention plans. The LEA may request such data at any time within five (5) years of the date of service. The CONTRACTOR shall provide this data supporting progress within five (5) business days of request. Additional time may be granted as needed by the LEA.

CONTRACTOR shall complete academic or other evaluations of the student ten (10) days prior to the student’s annual or triennial review IEP team meeting for the purpose of reporting the student’s present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. CONTRACTOR shall provide sufficient copies of its reports, documents, and projected goals to share with members of the IEP team five (5) business days prior to the IEP meeting. CONTRACTOR shall maintain supporting documentation such as test protocols and data collection, which shall be made available to LEA within five (5) business days of request.

The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA’s sole discretion.

It is understood that all billable hours must be in direct services to pupils as specified in the ISA. For NPA services, supervision provided by a qualified individual as specified in Title 5 Regulation, subsection 3065, shall be determined as appropriate and included in the ISA. Supervision means the direct observation of services, data review, case conferencing and program design consistent with professional standards for each professional’s license, certification, or credential.

CONTRACTOR shall not charge the student’s parent(s) or LEA for the provision of progress reports, report cards, evaluations conducted in order to obtain present levels of performance, interviews, and/or meetings. It is understood that all billable hours have limits to those specified on the ISA consistent with the IEP. It is understood that copies of data collection notes, forms, charts and other such data are part of the pupil’s record and shall be made available to the LEA upon written request.

37. TRANSCRIPTS

When CONTRACTOR is a NPS, CONTRACTOR shall prepare transcripts at the close of each semester, or upon student transfer, for students in grades nine (9) through twelve (12) inclusive, and submit them on LEA approved forms to the student’s school of residence for evaluation of progress toward completion of diploma requirements as specified in LEA Procedures. CONTRACTOR shall submit to the LEA names of students and their schools of residence for whom transcripts have been submitted as specified by the LEA.

38. STUDENT CHANGE OF RESIDENCE

Within five (5) school days from the date CONTRACTOR becomes aware of a student's change of residence, CONTRACTOR shall notify LEA, in writing, of the student's change of residence as specified in LEA Procedures. Upon enrollment, CONTRACTOR shall notify parents in writing of their obligation to notify CONTRACTOR of the student's change of residence. CONTRACTOR shall maintain, and provide upon request by LEA, documentation of such notice to parents.

If CONTRACTOR had knowledge or should reasonably have had knowledge of the student's change of residence boundaries and CONTRACTOR fails to follow the procedures specified in this provision, LEA shall not be responsible for the costs of services delivered following the student's change of residence.

39. WITHDRAWAL OF STUDENT FROM PROGRAM

CONTRACTOR shall immediately report electronically and in writing to the LEA within five (5) business days when an LEA student is withdrawn without prior notice from school and/or services, including student's change of residence to a residence outside of LEA service boundaries, and student's discharge against professional advice from a NPS/RTC.

40. PARENT ACCESS

CONTRACTOR shall provide for reasonable parental access to students and all facilities including, but not limited to, the instructional setting, recreational activity areas, meeting rooms and student living quarters. CONTRACTOR shall comply with any known court orders regarding parental visits and access to LEA students.

CONTRACTOR operating programs associated with a NPS/RTC shall cooperate with a parent's reasonable request for LEA student therapeutic visits in their home or at the NPS/RTC. CONTRACTOR shall require that parents obtain prior written authorization for therapeutic visits from the CONTRACTOR and the LEA at least thirty (30) days in advance. CONTRACTOR shall facilitate all parent travel and accommodations and for providing travel information to the parent as appropriate. Payment by LEA for approved travel-related expenses shall be made directly through the LEA consistent with LEA Procedures.

CONTRACTOR providing services in the student's home as specified in the IEP shall ensure that at least one parent of the child, or an adult caregiver with written and signed authorization to make decisions in an emergency, is present. The names of any adult caregiver other than the parent shall be provided to the LEA prior to the start of any home based services, including written and signed authorization in emergency situations. The parent shall inform the LEA of any changes of caregivers and provide written authorization for emergency situation. The adult caregiver cannot also be an employee or volunteer associated with the NPS/NPA service provider.

All problems and/or concerns reported to parents, both verbal and written, shall also be provided, in writing, to the LEA.

An LCI shall not require that a pupil be placed in its NPS as a condition of being placed in its residential facility.

If CONTRACTOR is a NPS/RTC, CONTRACTOR shall adhere to all legal requirements under the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. section 1412(a)(1)(A) and Education Code

section 56000, et seq.; amended and reorganized by the Individuals with Disabilities Education Improvement Act of 2004 (IDEIA), 20 U.S.C. section 1401(29); Education Code section 56031; Cal. CONTRACTOR shall meet all monitoring requirements as noted in Section 43 below.

If CONTRACTOR is a NPS that is owned, operated by, or associated with a LCI, CONTRACTOR shall provide to LEA, on a quarterly basis, a list of all students, including those identified as eligible for special education. For those identified as special education students, the list shall include: 1) special education eligibility at the time of enrollment and; 2) the educational placement and services specified in each student's IEP at the time of enrollment. A copy of the current IEP shall be provided to the LEA.

Unless placement is made pursuant to an Office of Administrative Hearings order or a lawfully executed agreement between LEA and parent, LEA is not responsible for the costs associated with NPS placement until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent or another adult with educational decision-making rights.

In addition to meeting the certification requirements of the State of California, a CONTRACTOR that operates a program outside of this State shall be certified or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

The monitoring visit shall include, but is not limited to, a review of services provided to the pupil through the ISA between the LEA and the NPS, a review of progress the pupil is making toward the goals set forth in the pupil's individualized education program, a review of progress the pupil is making toward the goals set forth in the pupil's behavioral intervention plan, if applicable, an observation of the pupil during instruction, and a walkthrough of the facility. The LEA (or SELPA) shall report the findings resulting from the monitoring visit to the California Department of Education within 60 calendar days of the onsite visit.

The LEA (or SELPA) shall conduct an onsite visit to the NPS before placement of a pupil if the LEA does not have any pupils enrolled at the school at the time of placement.

CONTRACTOR shall allow LEA representatives access to its facilities for additional periodic monitoring of each student's instructional program. LEA shall have access to observe each student at work, observe the instructional setting, interview CONTRACTOR, and review each student's records and progress. Such access shall include unannounced monitoring visits. When making site visits, LEA shall initially report to CONTRACTOR's site administrative office. CONTRACTOR shall be invited to participate in the review of each student's progress.

If CONTRACTOR is also an LCI and/or NPS/RTC, the CDE shall annually evaluate whether CONTRACTOR is in compliance with Education Code section 56366.9 and Health and Safety Code section 1501.1(b).

The State Superintendent of Public Instruction ("Superintendent") shall monitor CONTRACTOR'S facilities, the educational environment, and the quality of the educational program, including the teaching

CONTRACTOR shall conduct any follow-up or corrective action procedures related to review findings.

CONTRACTOR understands that LEA reserves the right to institute a program audit with or without cause. The program audit may include, but is not limited to, a review of core compliance areas of health and safety; curriculum/instruction; related services; and contractual, legal, and procedural compliance.

LEA shall make payment to CONTRACTOR based on the number of billable days of attendance and hours of service at rates specified in this contract within forty-five (45) days of LEA's receipt of properly submitted hard copy of invoices prepared and submitted as specified in California Education Code Section 56366.5 and the LEA. CONTRACTOR shall correct deficiencies and submit rebilling invoices no later than thirty (30) calendar days after the invoice is returned by LEA. LEA shall pay properly submitted re-billing invoices no later than forty-five (45) days after the date a completely corrected re-billing invoice is received by LEA.

If the billing or re-billing error is the responsibility of the LEA, then no limit is set provided that the LEA and CONTRACTOR have communicated such concerns in writing during the 12-month period following the close of the fiscal year. LEA will not pay mileage for NPA employee.

57. RIGHT TO WITHHOLD PAYMENT

LEA may withhold payment to CONTRACTOR when: (a) CONTRACTOR has failed to perform, in whole or in part, under the terms of this contract; (b) CONTRACTOR has billed for services rendered on days other than billable days of attendance or for days when student was not in attendance and/or did not receive services; (c) CONTRACTOR was overpaid by LEA as determined by inspection, review, and/or audit of its program, work, and/or records; (d) CONTRACTOR has failed to provide supporting documentation with an invoice, as required by EC 56366(c)(2); (e) education and/or related services are provided to students by personnel who are not appropriately credentialed, licensed, or otherwise qualified; (f) LEA has not received prior to school closure or contract termination, all documents concerning one or more students enrolled in CONTRACTOR's educational program; (g) CONTRACTOR fails to confirm a student's change of residence to another district or confirms the change or residence to another district, but fails to notify LEA within five (5) days of such confirmation; or (h) CONTRACTOR receives payment from Medi-Cal or from any other agency or funding source for a service provided to a student. It is understood that no payments shall be made for any invoices that are not received by six (6) months following the close of the prior fiscal year, for services provided in that year.

Final payment to CONTRACTOR in connection with the cessation of operations and/or termination of a Master Contract will be subject to the same documentation standards described for all payment claims for regular ongoing operations. In addition, final payment may be withheld by the LEA until completion of a review or audit, if deemed necessary by the LEA. Such review or audit will be completed within ninety (90) days. The final payment may be adjusted to offset any previous payments to the CONTRACTOR determined to have been paid in error or in anticipation of correction of documentation deficiencies by the CONTRACTOR that remain uncorrected.

The amount which may be withheld by LEA with respect to each of the subparagraphs of the preceding paragraph are as follows: (a) the value of the service CONTRACTOR failed to perform; (b) the amount of overpayment; (c) the entire amount of the invoice for which satisfactory documentation has not been provided by CONTRACTOR; (d) the amount invoiced for services provided by the individual not appropriately credentialed, licensed, or otherwise qualified; (e) the proportionate amount of the invoice related to the applicable pupil for the time period from the date the violation occurred and until the violation is cured; or (f) the amount paid to CONTRACTOR by Medi-Cal or another agency or funding source for the service provided to the student.

If LEA determines that cause exists to withhold payment to CONTRACTOR, LEA shall, within ten (10) business days of this determination, provide to CONTRACTOR written notice that LEA is withholding payment. Such notice shall specify the basis or bases for LEA's withholding payment and the amount to be withheld. Within thirty (30) days from the date of receipt of such notice, CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies that form the basis for LEA's withholding payment or submit a written request for extension of time to correct the deficiencies. Upon receipt of CONTRACTOR's written request showing good cause, LEA shall extend CONTRACTOR's time to correct deficiencies (usually an additional thirty (30) days), otherwise payment will be denied.

If after subsequent request for payment has been denied and CONTRACTOR believes that payment should not be withheld, CONTRACTOR shall send written notice to LEA specifying the reason it believes payment should not be withheld. LEA shall respond to CONTRACTOR's notice within thirty (30) business days by indicating that a warrant for the amount of payment will be made or stating the reason LEA believes payment should not be made. If LEA fails to respond within thirty (30) business days or a dispute regarding the withholding of payment continues after the LEA's response to CONTRACTOR's notice, CONTRACTOR may invoke the following escalation policy.

After forty-five (45) business days: The CONTRACTOR may notify the Authorized LEA's Representative of the dispute in writing. The LEA Authorized Representative shall respond to the CONTRACTOR in writing within fifteen (15) business days.

Dear Families of Clarksville Charter School,

We would like to take a moment to thank you for your continued participation in the Star Assessment benchmark testing this year. Even in the face of challenging circumstances, our school continues to come through with fantastic participation and continued academic growth.

We as a school, have been positioned well in comparison to the brick and mortar schools during this time of pandemic and distance learning. We are continuing to see academic growth, and our data shows that our students have not suffered additional learning loss. Our students are continuing to flourish, and this is something to celebrate!

And there is more good news!

Because of Covid, California has been granted permission by the U.S. Department of Education to use local assessments in place of the CAASPP test that is normally administered in the Spring. We are thrilled that we are able to utilize this option, which is already familiar to our students and families.

However we aren't quite done yet, and we need you to help us finish strong!

California State **still** requires 95% of testing age students to participate in this assessment. **This is the only data accepted by the state that we will have available to measure student growth for the 2020-2021 school year.**

Additionally, this assessment will also provide us with real-time, actionable data that will help our school plan and thoughtfully build out programs targeted at student growth and achievement -- something our authorizers look very closely at when considering charter renewals.

We cannot stress enough the importance of students in all grades making every effort to participate in the Star Assessment during this Spring testing window, or Clarksville Charter School could face severe penalties on the California Dashboard - the states' measurement of school accountability. This in turn, could impact our ability to renew our charter and continue operations.

As always, we appreciate your collaborative effort to best support your child and our school as we move into the home stretch of this unprecedented school year.

Sincerely,

The Board of Clarksville Charter School
