BACKGROUND:

AB 361 provides that if a state of emergency remains in place, a local agency must make the following findings by majority vote every 30 days, in order to continue using the bill's exemption to the Brown Act teleconferencing rules:

(B) Either of the following circumstances exists:

1. the state of emergency continues to directly impact the ability of board members to meet safely in person, or
2. State or local officials continue to impose or recommend social distancing measures.

Charter school boards are required to vote every 30 days to make the required findings regarding the continuing emergency and vote to continue using the law's exemptions.

RECOMMENDATION:

The School Board has met the finding that a state of emergency continues to directly impact the ability of the members to meet safely in person. Motion to continue the School Board meetings virtually pursuant to AB 361.

CLARKSVILLE
CHARTER SCHOOL

Residency Policy

California law requires that certain residency requirements are established in order for a student to be enrolled in an independent study charter school for which average daily attendance may be claimed. California law requires that a student be a California resident and requires that the student is a resident of the county in which the apportionment claim is reported or of a county immediately adjacent to the county in which the apportionment claim is reported. [EC §§ 47612(b), 51747.3]

The purpose of the Clarksville Charter School Governing Board approving this Residency Policy is to accomplish the following:

1. Define Residency
2. Outline Residency for a Student on an Extended Vacation
3. Establish the Location Materials Will Be Mailed To
4. Outline the Procedures When a Student's Residency is in Question
5. Establish Process of Proof of Residency if Document or Affidavit Not Provided at Beginning of the School Year
6. Outline the Parent/Guardian/Education Rights Holder's Right Regarding Determination of Non Residency
7. Outline the Procedures for Military, Homeless, Foster Youth, and Migratory students.

1. **Definition of Residency:** A student has residency in the state and county of the residence of the parent/guardian with whom that student maintains his or her place of abode. Residence denotes any factual place of abode of some permanency that is more than a mere temporary sojourn. Owning a home in California or in a particular county does not qualify a student to attend Clarksville Charter School, unless it can be shown that the student is also living in the home at least three days per week during the school year.

2. **Residency for a Student on an Extended Vacation:** A student who maintains residence in a county served by Clarksville Charter, but is on an extended vacation not lasting longer than 20 school days, will not be deemed to have lost California residency. During this travel, the student will meet virtually with the teacher and complete assigned work. The family is responsible for notifying their HST (if applicable, Education Specialist and any other staff who participate in the education of the student) for the first and last day of the Extended Vacation. If a student has the need for an extension of the 20 school days, approval of the school's Executive Director or designee is required in a written communication.

3. **The Location Material(s) Will Be Mailed To:** All materials will be mailed to the address identified in the student's records in his/her proof of residence documentation.

4. **Student's Residency is in Question**: If there is reason to believe that a student's residency is in question, Clarksville Charter School may investigate in order to determine the authenticity of the home address. When it is determined that a student lives outside of California and/or an authorized county, Clarksville Charter School will provide written notice of the determination of nonresidency within five days of Clarksville Charter

School's intention to disenroll the student.

5. **Proof of Residency Document/Affidavit Not Provided by Beginning of School Year:** A student that has not provided an updated Proof of Residency or affidavit by the start of his or her enrollment for each school year, will have 5 school days to provide the Proof of Residency or affidavit. If the student has still not provided the Proof of Residency or affidavit by the fifth day of enrollment, the School will provide written notice of the School's intention to disenroll the student effective five school days later.

6. **Parent/Guardian/Education Rights Holder's Right Regarding Determination of Nonresidency:** The notice shall contain an explanation of the parent/guardian/education rights holder's right to request a hearing adjudicated by a neutral officer within 5 school days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine witnesses and at which the pupil has the right to bring legal counsel or an advocate to dispute the finding of nonresidency. If the parent/guardian/educational rights holder does not request a hearing within five days of receipt of the notice, the right to a hearing is waived and the student will be immediately disenrolled. If the student's parent, guardian or educational rights holder initiates the hearing, the student shall remain enrolled and shall not be disenrolled until Clarksville Charter School issues a final decision.

7. **Children of Military Families:** Clarksville Charter School will serve children of military families, as defined by Education Code section 49701, as follows:
    1. Allow the student to continue his or her education in Clarksville Charter School, regardless of change of residence of the military family during that school year, for the duration of the student's status as a child of a military family; or
    2. For a student whose status changes due to the end of military service of his or her parent during a school year, comply with either of the following, as applicable:
        a. If the student is enrolled in TK through 8th grade, allow the student to continue his or her education in Clarksville Charter School through the duration of that academic school year;
        b. If the child is enrolled in high school, allow the student to continue his or her education in Clarksville Charter School through graduation.

    Once Clarksville Charter School is notified that a student is identified as a child of a military family, Clarksville Charter School will require the parent/guardian to submit the following documentation:

    1. Written proof of the transfer, including the time period for the transfer and location of the transfer.
    2. A signed affidavit that states that the student is only enrolled in Clarksville Charter Schooland not in any other full-day educational program and that the student qualifies as a child of a military family as defined in Education Code section 49701.

Our Messaging to Families:

5 REASONS TO participate in testing

CA REQUIRES IT

As a CA public school, we are required to administer the CAASPP test to our students each year in the spring. Thanks to COVID, we've had a few years off. However, testing is back and it is crucial that our students participate and do well.

THE STAKES ARE HIGH

CA places steep penalties on schools that fail to perform well on the CAASPP. As a charter school, the stakes are even higher. Poor performance could lead to more oversight, more regulations, and the risk of losing our charter.

WE NEED YOU

It is extremely important that we reach a participation rate of 95%. The CDE places a huge point penalty on our dashboards for *each student* below 95% that does not test. This practice unfairly impacts schools like ours making it all the more important for every able student to test.

PARENT CHOICE IS AT RISK

When schools are low performing due to lack of participation or poor student performance, the State adds even MORE oversight to what we're doing. They could even go so far as to mandate curriculum and take away the parent choice that we enjoy.

WE'RE IN THIS TOGETHER

We know testing can be a challenge, but it's the number one thing we can do to ensure the health of our schools and allow for the continued use of public funds to carry out our vision of parent choice in education.

Take the test and do your best!

What is the Local Control Funding Formula (LCFF)?

Base Grants

Every student generates a base grant which funds basic educational costs, such as: employee salaries, building costs, and instructional materials.

Supplemental Grants

Low income, English learners, and foster youth/homeless, generate more funding above the base grant (20%).

Funding is to increase and improve services for the specified groups above to improve achievement.

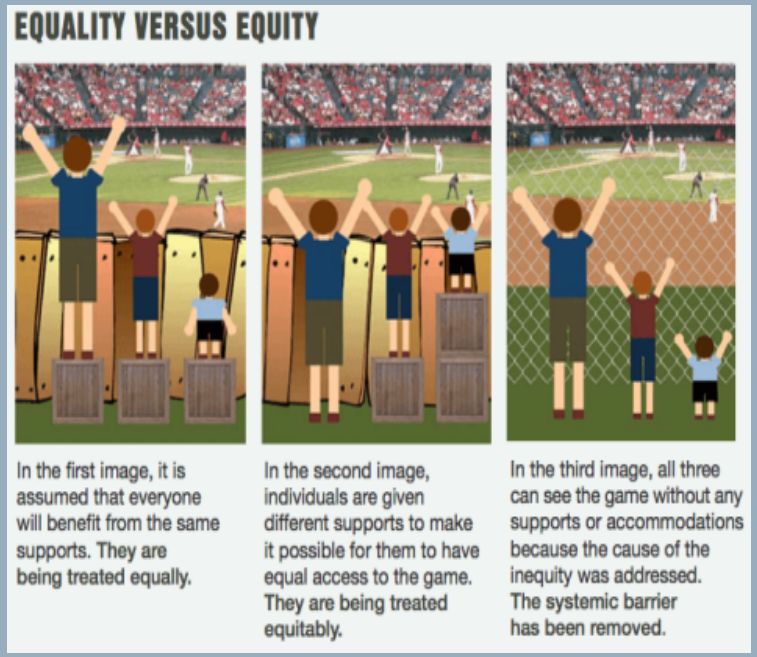

Concentration Grants

Districts with more than 55% low income, English learners, or foster youth/homeless receive an additional 50% of the base grant.

Our school does not qualify for concentration grants

The “WHY” for UPK

- Research demonstrates that an early and strong foundation of learning opportunities before kindergarten, give our children an advantage in school and in life.

- Children who attend quality preschool programs are more prepared for school in terms of their early literacy, language and math skills, their executive function, and social emotional development.

- Some preschool participants are less likely to be identified for special education services or to be held back in elementary school.

- California is poised to realize universal prekindergarten for all four year old children and to expand services for three year old children through unprecedented investments through the Budget Act of 2021.
