- Added leave for reproductive loss in accordance with January 2024 law:
  - i. Reproductive loss definition: Reproductive loss includes but is not limited to miscarriage, ectopic pregnancy, molar pregnancy, stillbirth, neonatal loss, medical termination, abortion, or failed fertility treatment. Employees experience reproductive loss and may experience grief when their own, their partner's, a surrogate's, or a former partner's pregnancy ends or baby dies shortly after birth for which the employee would have been the parent, or when they would have become the parent through intended adoption of the child from a pregnancy or if such a child died shortly after birth.
  - ii. An employee may take up to five days of reproductive loss leave following a reproductive loss event. An employee has three months from the date of the entitling event to complete the reproductive loss leave; the days the employee utilizes for

reproductive loss leave need not be consecutive. If an employee experiences more than one reproductive loss event within a 12-month period, the employer is not required to provide leave time in excess of 20 days within the 12-month period.

- iii. Under the law, reproductive loss leave can be unpaid, but an employee may use available vacation, personal leave, accrued and available sick leave, or compensatory time off. The new law further specifies that it is unlawful for an employer to retaliate against an individual because of (1) the individual's exercise of the right to reproductive loss leave or (2) an individual's provision of information or testimony as to their own reproductive loss leave, or another person's reproductive loss leave, in an inquiry or proceeding related to rights guaranteed by FEHA. Further, an employer may not interfere with, restrain, or deny the exercise of, or the attempt to exercise, any reproductive loss right guaranteed by the law. Employers are also required to maintain the confidentiality of any employee requesting leave for a reproductive loss.

## INDEPENDENT AUDITORS' REPORT

To the Board of Directors of  
Clarksville Charter School  
El Dorado Hills, California

### **Report on the Financial Statements**

#### **Opinion**

We have audited the accompanying financial statements of Clarksville Charter School which comprise the statement of financial position as of June 30, 2023, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Clarksville Charter School as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Clarksville Charter School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Change in Accounting Principle**

As discussed in section O of Note 1 to the financial statements, in 2022-23 Clarksville Charter School adopted new accounting guidance, ASU No. 2016-02, *Leases (Topic 842)*. Our opinion is not modified with respect to this matter.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Clarksville Charter School's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists.

### **Auditor's Responsibilities for the Audit of the Financial Statements (continued)**

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Clarksville Charter School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Clarksville Charter School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2023, on our consideration of Clarksville Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Clarksville Charter School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Clarksville Charter School's internal control over financial reporting and compliance.

**CLARKSVILLE CHARTER SCHOOL  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2023**

---

**NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

Clarksville Charter School (the “Charter”) was formed as a nonprofit public benefit corporation on May 24, 2017 for the purpose of operating as a California public school located in El Dorado County. The Charter is numbered by the State Board of Education as California Charter No. 1891. The mission of Clarksville Charter School is to develop the individual gifts of students in El Dorado, Amador, Alpine, Sacramento and Placer Counties to become critical thinkers, responsible citizens and innovative leaders prepared for academic and real-life achievement in the 21st Century. Clarksville Charter School provides nonclassroom-based instruction to students in grades TK to 12.

Clarksville Charter School is authorized to operate as a charter school through the Buckeye Union School District (the “authorizing agency”). In 2020, the Board of Education of Buckeye Union School District approved a charter petition renewal for a five-year term beginning July 1, 2020 and expiring on June 30, 2025. As a result of AB 130 and SB 114, the charter petition end date is extended to June 30, 2028. Funding sources primarily consist of state apportionments, in lieu of property tax revenues, and grants and donations from the public.

**B. Basis of Accounting**

The Charter’s policy is to prepare its financial statements on the accrual basis of accounting; consequently, revenues are recognized when earned rather than when cash is received and certain expenses and purchases of assets are recognized when the obligation is incurred rather than when cash is disbursed.

**C. Financial Statement Presentation**

The financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958 dated August 2016. Clarksville Charter School reports information regarding its financial position and activities according to two classes of net assets:

*Net assets without donor restrictions* – These net assets generally result from revenues generated by receiving contributions that have no donor restrictions, providing services, and receiving interest from operating investments, less expenses incurred in providing program-related services, raising contributions, and performing administrative functions.

*Net assets with donor restrictions* – These assets result from gifts of cash and other assets that are received with donor stipulations that limit the use of the donated assets, either temporarily or permanently, until the donor restriction expires (that is until the stipulated time restriction ends or the purpose of the restriction is accomplished) the net assets are restricted. When a restriction expires, restricted net assets are reclassified to net assets without donor restrictions.

As a public charter school, Clarksville Charter School also accounts for its financial transactions in accordance with the policies and procedures of the Department of Education’s *California School Accounting Manual* presented in Procedure 810 Charter Schools. Fund accounting is not used in the Charter’s financial statement presentation.

**D. Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures, such as depreciation expense and the net book value of capital assets. Accordingly, actual results could differ from those estimates.

**CLARKSVILLE CHARTER SCHOOL  
NOTES TO FINANCIAL STATEMENTS, continued  
JUNE 30, 2023**

---

**NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)**

**E. Contributions**

Unconditional contributions are recognized when pledged and recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Gifts of cash and other assets are reported with donor restricted support if they are received with donor stipulations that limit the use of the donated assets.

When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported on the statement of activities as “net assets released from restrictions.” Donor-restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restriction support. Contributions restricted for the acquisition of land, buildings, and equipment are reported as net assets without restriction upon acquisition of the assets and the assets are placed in service.

Non-cash contributions of goods, materials, and facilities are recorded at fair value at the date of contribution. Contributed services are recorded at fair value at the date of contribution if they are used to create or enhance a non-financial asset or require specialized skills, are provided by someone possessing those skills, and would have to be purchased by the organization if not donated.

**F. In Lieu of Property Tax Revenue**

Secured property taxes attach as an enforceable lien on property as of March 1. Taxes are payable in two installments on December 10 and April 10. Unsecured property taxes are payable in one installment on or before August 31. The County bills and collects the taxes for the authorizing agency. In lieu of distributing funds out of property tax proceeds, the authorizing agency makes monthly payments to Clarksville Charter School. Revenues are recognized by the Charter when earned.

**G. Functional Expenses**

The costs of providing services have been summarized on a functional basis in the statement of activities and detailed in the statement of functional expenses. Certain costs and expenses have been allocated between program and supporting services based on management’s estimates.

**H. Cash and Cash Equivalents**

Clarksville Charter School considers all highly liquid deposits and investments with an original maturity of less than ninety days to be cash equivalents.

**I. Investments**

The Charter’s method of accounting for most investments is the fair value method. Fair value is determined by published quotes when they are readily available. Gains and losses resulting from adjustments to fair values are included in the accompanying statement of activities. Investment return is presented net of any investment fees.

**J. Receivables and Allowances**

Accounts receivable are stated at the amount management expects to collect from outstanding balances. An allowance for doubtful accounts is established, as necessary, based on past experience and other factors which, in management’s judgment, deserve current recognition in estimating bad debts. Such factors include the relationship of the allowance for doubtful accounts to accounts receivable and current economic conditions.

**CLARKSVILLE CHARTER SCHOOL  
NOTES TO FINANCIAL STATEMENTS, continued  
JUNE 30, 2023**

---

**NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)**

**J. Receivables and Allowances (continued)**

Based on review of these factors, the Charter establishes or adjusts the allowance for specific revenue sources as a whole. At June 30, 2023, an allowance for doubtful accounts was not considered necessary as all accounts receivable were deemed collectible.

**K. Capital Assets**

Clarksville Charter School has adopted a policy to capitalize asset purchases over \$5,000. Lesser amounts are expensed. Donations of capital assets are recorded as contributions at their estimated fair value. Such donations are reported as net assets without donor restrictions. Capital assets are depreciated using the straight-line method over the estimated useful lives of the property and equipment or the related lease terms.

**L. Deferred Revenue**

Deferred revenue arises when potential revenue does not meet the criteria for recognition in the current period and when resources are received by the organization prior to the incurrence of expenses. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the statement of financial position and revenue is recognized.

**M. Income Taxes**

Clarksville Charter School is a 509(a)(1) publicly supported nonprofit organization that is exempt from income taxes under Section 501(a) and 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. The Charter is exempt from state franchise or income tax under Section 23701(d) of the California Revenue and Taxation Code. As a school, the Charter is not required to register with the California Attorney General as a charity.

The Charter's management believes all of its significant tax positions would be upheld under examination; therefore, no provision for income tax has been recorded. The Charter's information and/or tax returns are subject to examination by the regulatory authorities for up to four years from the date of filing.

**N. Fair Value Measurements**

The Fair Value Measurements Topic of the *FASB Accounting Standards Codification* establishes a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)**

**O. New Accounting Principle**

**ASC 842 Leases**

In February 2016, FASB issued ASU No. 2016-02, *Leases (Topic 842)*. The objective of the ASU is to increase transparency and comparability in financial reporting by requiring balance sheet recognition of leases and note disclosure of certain information about lease arrangements. The new FASB ASU topic on leases consists of five subtopics: overall, lessee, lessor, sale and leaseback transactions, and leveraged lease arrangements. ASU No. 2016-02 is applicable to any entity that enters into a lease. The new lease standard is effective for private nonprofits with fiscal years beginning after December 15, 2021.

The Charter has determined the impact and has reflected the significant change from this accounting principle within its financial statements for the 2022-23 fiscal year. Refer to Note 14 for additional information regarding the operating lease and the related right-of-use asset and operating lease liability held by the Charter.

**NOTE 2 – CASH AND CASH EQUIVALENTS**

Cash and cash equivalents, as of June 30, 2023, consists of cash in banks of \$4,031,760 held in noninterest-bearing accounts. As of June 30, 2023, \$4,234,045 of the Clarksville Charter School's bank balance was exposed to custodial credit risk as there were deposits over \$250,000 in accounts held at one or more banks. Custodial credit risk is the risk that in the event of a bank failure, an organization's deposits may not be returned to it. Clarksville Charter School does not have a policy for custodial credit risk for deposits. The FDIC insures up to \$250,000 per depositor per insured bank.

**NOTE 10 – EMPLOYEE RETIREMENT PLANS**

Qualified employees are covered under multiple-employer a defined benefit pension plan maintained by an agency of the State of California. In accordance with *California Education Code 47605*, charter schools have the option of participating in such plans if an election to participate is specified within the charter petition. The Charter has made such election. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS). The Charter also offers social security as an alternative plan to all employees who may not qualify for CalSTRS.

**California State Teachers' Retirement System (CalSTRS)**

**Plan Description**

Clarksville Charter School contributes to the California State Teachers' Retirement System (CalSTRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 7667 Folsom Boulevard; Sacramento, California 95826.

**Funding Policy**

Active plan members are required to contribute 10.25% or 10.205% of their 2022-23 salary depending on the employee's membership date in the plan. The required employer contribution rate for fiscal year 2022-23 was 19.10% of annual payroll. The contribution requirements of the plan members are established by state statute. The Charter's contributions to CalSTRS for the fiscal year ended June 30, 2023 were \$1,718,418; 100% of the required contribution.

**On-Behalf Payments**

The State of California makes direct on-behalf payments for retirement benefits to CalSTRS on behalf of all school agencies in California. The amount of on-behalf payments made for Clarksville Charter School is estimated at \$563,487. The on-behalf payment amount is computed as the proportionate share of total 2021-22 State on-behalf contributions.

**NOTE 11 – COMMITMENTS AND CONTINGENCIES**

**Charter School Authorization**

As mentioned in Note 1A, Clarksville Charter School is approved to operate as a public charter school through authorization by the Buckeye Union School District. As such, the Charter is subject to the risk of possible non-renewal or revocation at the discretion of its authorizing agency if certain criteria for student outcomes, management, and/or fiscal solvency are not met.

On July 9, 2021, the Governor of California approved Assembly Bill 130 (AB 130). Effective July 1, 2021, AB 130 added a provision within the California Education Code whereby all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years. As a result, the charter petition end date was extended to June 30, 2027. Refer to Note 15 for information regarding an additional one-year extension.

The Charter makes payments to the authorizing agency to provide required services for oversight. Fees associated with oversight consisted of 1% of revenue from local control funding formula sources. Total fees for oversight amounted to \$62,595 for the fiscal year ending June 30, 2023.

---

**NOTE 11 – COMMITMENTS AND CONTINGENCIES (continued)**

**Governmental Funds**

Clarksville Charter School has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursements would not be material.

**Multiemployer Defined Benefit Plan Participation**

Under current law on multiemployer defined benefit plans, the Charter's voluntary withdrawal from any underfunded multiemployer defined benefit plan would require the Charter to make payments to the plan, which would approximate the Charter's proportionate share of the multiemployer plan's unfunded vested liabilities. CalSTRS has estimated that the Charter's share of withdrawal liability is approximately \$7,013,950 as of June 30, 2022. The Charter does not currently intend to withdraw from CalSTRS. Refer to Note 10 for additional information on employee retirement plans.

**Pending or Threatened Litigation**

The Charter is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the Charter as of June 30, 2023.

**NOTE 12 – DONATED GOODS AND SERVICES**

During the year, many parents, administrators and other individuals donated significant amounts of time and services to Clarksville Charter School in an effort to advance the Charter's programs and objectives. These services have not been recorded in the Charter's financial statements because they do not meet the criteria required by generally accepted accounting principles. The Charter did not receive any donated items during the year ended June 30, 2023.

**NOTE 13 – RELATED PARTY TRANSACTIONS**

**Sequoia Grove Charter Alliance**

Clarksville Charter School participates in a joint venture with the Sequoia Grove Charter Alliance (SGCA). SGCA is a separate nonprofit organization and an independent service provider providing task-related administrative support services specific to the operation of public charter schools. The relationship between the Charter and the SGCA is such that the SGCA is not financially inter-related to the Charter for financial reporting purposes. The Charter holds an administrative support services agreement with SGCA as a member charter school that was initially entered into in June 2021. There were three member schools with SGCA during 2022-23: Clarksville Charter School, Lake View Charter School, and Feather River Charter School.

The service agreement covering the 2022-23 fiscal year calls for compensation equal to an annual fee of \$1,697,137 due in twelve monthly installments. The annual fee consists of 70% for instructional services and 30% for a management fee. The annual fee is to be reviewed and renegotiated with SGCA and the members schools annually at the end of each fiscal year.

During the fiscal year ended June 30, 2023, the Charter recorded \$1,697,137 in service fees to SGCA. The Charter also reimbursed SGCA throughout the year for incurring costs on behalf of the Charter. As of June 30, 2023, \$4,671 was due to the Charter from SGCA or other member schools for cost reimbursements. Also as of June 30, 2023, \$121,272 was payable to SGCA and other member schools from Clarksville Charter School for unpaid service fees and reimbursement of incurred costs.

**NOTE 14 – OPERATING LEASE**

In April 2020, Clarksville Charter School entered into a lease agreement for the use of facilities located at 4818 Golden Foothill Parkway, Suite 9 in El Dorado Hills, California. The lease term commenced May 20, 2020 and ends May 30, 2025. At June 30, 2023, the right-of-use asset was \$105,211 and the operating lease liability was \$103,339. The Charter has accounted for its lease agreements using an implied discount rate of 5%. The associated asset and liability are amortized over the term of the lease as follows:

<u>Fiscal Year Ending June 30,</u>	Operating Lease Liability	Right-of-Use Asset
2024	\$ 50,923	\$ 48,718
2025	48,385	48,718

**NOTE 15 – SUBSEQUENT EVENTS**

Clarksville Charter School has evaluated subsequent events for the period from June 30, 2023 through December 12, 2023, the date the financial statements were available to be issued.

On July 10, 2023, the Governor of California approved Senate Bill 114 (SB 114), which amended California Education Code (EC) 47607.4. The EC was amended to add “all charter schools whose term expires on or between January 1, 2024, and June 30, 2027, inclusive, shall have their term extended by one additional year.” As a result, the charter petition end date is extended to June 30, 2028.

Management did not identify any other transactions or events that require disclosure or that would have an impact on the financial statements.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER  
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Independent Auditors' Report

To the Board of Directors of  
Clarksville Charter School  
El Dorado Hills, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Clarksville Charter School (the "Charter") as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Charter's basic financial statements and have issued our report thereon dated December 12, 2023.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Charter's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Charter's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Charter's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## REPORT ON STATE COMPLIANCE AND ON INTERNAL CONTROL OVER COMPLIANCE FOR STATE PROGRAMS

### Independent Auditors' Report

To the Board of Directors of  
Clarksville Charter School  
El Dorado Hills, California

#### **Report on State Compliance**

##### **Opinion on State Compliance**

We have audited Clarksville Charter School's compliance with the requirements specified in the *2022-23 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, applicable to Clarksville Charter School's state program requirements for the fiscal year ended June 30, 2023.

In our opinion, Clarksville Charter School complied, in all material respects, with the laws and regulations of the applicable state programs for the year ended June 30, 2023, as identified in the table in the Auditor's Responsibilities for the Audit of State Compliance section of our report.

##### **Basis for Opinion on State Compliance**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2022-23 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed by Title 5, *California Code of Regulations*, section 19810 as regulations (the K-12 Audit Guide). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of State Compliance section of our report.

We are required to be independent of Clarksville Charter School and to meet certain ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on state compliance. Our audit does not provide a legal determination of Clarksville Charter School's compliance with the compliance requirements referred to above.

##### **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of internal control over compliance with the requirements of the laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Clarksville Charter School's state programs.

##### **Auditor's Responsibilities for the Audit for State Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the state compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Clarksville Charter School's compliance based on our audit.

**Auditor’s Responsibilities for the Audit for State Compliance (continued)**

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the K-12 Audit Guide will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user of the report on compliance about Clarksville Charter School's compliance with the requirements of the applicable state programs as a whole.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, and the K-12 Audit Guide, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Clarksville Charter School's compliance with compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Clarksville Charter School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the K-12 Audit Guide, but not for the purpose of expressing an opinion on the effectiveness of Clarksville Charter School's internal control over compliance. Accordingly, no such opinion is expressed; and
- Select and test transactions and records to determine Clarksville Charter School’s compliance with the state laws and regulations to the following items:

Description	Procedures Performed
<b>School Districts, County Offices of Education and Charter Schools</b>	
California Clean Energy Jobs Act	Not applicable
After/Before School Education and Safety Program	Not applicable

“Not applicable” is used in the table above to indicate that the Charter either did not receive program funding or did not otherwise operate the program during the fiscal year.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies or material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of State Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the K-12 Audit Guide. Accordingly, this report is not suitable for any other purpose.

## Reproductive Loss Leave added to SGCA Employee Handbook pg 36

### REPRODUCTIVE LOSS

**Reproductive loss definition:** Reproductive loss includes but is not limited to miscarriage, ectopic pregnancy, molar pregnancy, stillbirth, neonatal loss, medical termination, abortion, or failed fertility treatment. Employees experience reproductive loss and may experience grief when their own, their partner's, a surrogate's, or a former partner's pregnancy ends or baby dies shortly after birth for which the employee would have been the parent, or when they would have become the parent through intended adoption of the child from a pregnancy or if such a child died shortly after birth.

An employee may take up to five days of reproductive loss leave following a reproductive loss event. An employee has three months from the date of the entitling event to complete the reproductive loss leave; the days the employee utilizes for reproductive loss leave need not be consecutive. If an employee experiences more than one reproductive loss event within a 12-month period, the employer is not required to provide leave time in excess of 20 days within the 12-month period.

Under the law, reproductive loss leave can be unpaid, but an employee may use available vacation, personal leave, accrued and available sick leave, or compensatory time off. The new law further specifies that it is unlawful for an employer to retaliate against an individual because of (1) the individual's exercise of the right to reproductive loss leave or (2) an individual's provision of information or testimony as to their own reproductive loss leave, or another person's reproductive loss leave, in an inquiry or proceeding related to rights guaranteed by FEHA. Further, an employer may not interfere with, restrain, or deny the exercise of, or the attempt to exercise, any reproductive loss right guaranteed by the law. Employers are also required to maintain the confidentiality of any employee requesting leave for a reproductive loss.

- Enrollment now at 2158 students vs. budgeted amount of 2000 students. With a waiting list of around 400 kids, we believe this enrollment level will continue through the remainder of the year.
- Year-end surplus currently projected at \$3.115M for the year. This will decrease as the school moves to come closer to compliance with SB740, but we still expect a surplus of around \$2.8M - \$2.9M.

Attn: Dr. Ed Manansala

Subject: Clarksville Charter School Response to FCMAT AB139 Audit

Dear Superintendent Manansala,

Clarksville Charter School acknowledges the recent release of the FCMAT Extraordinary Audit report on November 20, 2023. We maintained a cooperative relationship with FCMAT throughout the audit process and proactively implemented corrective actions over the past three years, beginning with the separation from Inspire Charter Schools, to address concerns highlighted by the county superintendents. This letter intends to provide a comprehensive overview of the steps taken to identify potential vulnerabilities in these areas and the changes made to enhance transparency, fiscal practices, attendance reporting, and enrollment procedures at our school.

**Transparency Enhancements:**

- In July 2019, Clarksville Charter School board transitioned away from Inspire Charter Schools as the sole member entity was removed, placing the decision-making authority solely in the hands of our Board of Directors and administrative leaders.
- Developed robust policies and procedures in collaboration with school staff, consultants, and legal experts, subsequently approved by the board.
- Regularly published financial reports in board packets, board meeting agendas and minutes, and school policies on our website.
- Conducted open forums and meetings to foster information dissemination, address concerns, and solicit feedback.
- Implemented a transparent communication strategy to ensure educational partners are informed about school decisions and activities.
- Provide ongoing documentation to the authorizing district as requested and report out at authorizer board meetings as requested, further reinforcing the commitment to transparency and accountability.

### **Fiscal Practices (Expenditures & Purchasing):**

- Developed and maintained a comprehensive Fiscal Policies and Procedures Manual, subject to annual review and updates (see Appendix A for full manual, last update 1/23).
- Assumed control of school bank account, cash management, and school divvy card, conducting weekly meetings with the back office to monitor expenditures and ensure compliance with established requirements.
- Added an internal Chief Financial Officer to our staff to oversee financial operations and work with the back office, in alignment with regulatory compliance.
- Established a rigorous multi-step approval process for financial transactions, accompanied by staff training to ensure strict adherence to procurement guidelines.
- Meticulously document all financial transactions, detailing their educational purpose and alignment with approved budgets as well as state and federal spending requirements.
- Engage independent auditors annually to scrutinize financial records and procedures, with a transition to a new auditor starting the 22-23 school year.

### **Attendance Practices:**

- Assumed responsibility for overseeing attendance collection and guiding compliance measures for our state reporting team in our Charter Service Organization.
- Established a solid attendance claiming, review, reporting, and data archiving processes for each learning period.
  - Attendance claims are entered and reviewed, using a three tiered approach involving members of the Educational Team, Compliance Team and State Reporting Team each Learning Period.
- Continued training and provided support to teams involved in compliance-related tasks to ensure best practices and compliance.
  - The State Reporting team attends training sessions that are held by the California Department of Education (CDE), Local County of Education (COEs) and various related professional organizations.
- Created an internal attendance anomaly and claim error correction workflow that involves the review and approval of the Educational, Compliance and State Reporting Teams.
  - Homeschool teacher (HST) and Compliance Specialist/Coordinator are included in all attendance correction requests initiated by the State Reporting Team. The relevant data is communicated to the HST regarding the claim issue. HST then makes the correction in the SIS or communicates potential issues with the State Reporting Team for analysis and/or resolution.

- Attendance is reviewed again, in preparation for each Principal Apportionment reporting period.
- Solidified the attendance related workflows for Short-Term Medical Absences and Disciplinary Absences.
- Maintained and ensured access to the school's attendance records.

#### **Enrollment Procedures:**

- Adopted a Residency Policy in 2019, reviewed and updated annually as needed (See Appendix B for full Residency Policy, updated 9/23).
- Developed an updated Admissions & Enrollment Policy in 2021, outlining procedures aligning with our charter petition and relevant laws, including protocols for public random drawing/lottery (see Appendix C for Admissions & Enrollment Policy, updated 10/23).
- Obtain annual board and authorizer approval of enrollment numbers
- Strictly adhered to enrollment guidelines and regulations, prioritizing fairness and equity in the enrollment process.
- Collect Proof of Residency documents annually to verify student residence within the boundaries of counties served by the school.
- Implemented a procedure where students residing outside the boundaries served by the school are withdrawn through the formal withdrawal process to maintain compliance and accurate enrollment records.

Clarksville Charter School maintains an unwavering commitment to upholding the highest standards of accountability, transparency, and fiscal responsibility. We remain committed to the regular review and updating of policies, ensuring adherence to best practices and alignment with any legal updates. Through these ongoing efforts, we strive for continuous improvement to better serve our students, families, and community.

We eagerly welcome any further guidance or recommendations from the El Dorado County Office of Education to further strengthen our operations. Thank you for your continued support and guidance.

Sincerely,

Jenell Sherman  
Executive Director

The School will develop and monitor its budget in accord with the annual budget development and monitoring calendar as specified below.

#### *January - April*

Charter Impact works with the Executive Director and Chief Fiscal Officer to review Governor's proposed state budget for the upcoming fiscal year, and identify the likely range of revenues for the school's upcoming fiscal year (July 1 - June 30) based on projected enrollment. Once the revenue estimates are complete, Charter Impact, the Executive Director, and the Chief Fiscal Officer will develop the remainder of the budget including staffing levels, review of fixed costs and discretionary spending. Then a five-year budget projection is developed in accordance with the schools' established strategic and growth plans.

Funds will be deposited in non-speculative accounts including federally-insured savings or checking accounts or invested in non-speculative federally-backed instruments or in the County's Pooled Money Investment Fund. If funds are held in accounts outside of the County Treasury, the Board must appoint and approve all individuals authorized to sign checks or warrants in accord with these policies. ### **Fundraising, Grant Solicitation, and Donation Recognition**

Fundraising or grant solicitation activities over \$100,000 on behalf of the school must be approved in advance by the Board. The Board shall be informed of any conditions, restrictions, or compliance requirements associated with the receipt of such funds, including grants or categorical programs sponsored by the state or federal government. The Board shall be notified no later than the next regular board meeting of the award or receipt of any funds and shall approve the receipt of any grants, donations, or receipts of fundraising proceeds prior to their deposit in the school's accounts.

### **Contracts**

## **Clarksville Charter School Fiscal Policies and Procedures**

Consideration will be made of in-house capabilities to accomplish services before contracting for them. Except as otherwise provided in these policies, the Executive Director may enter into contracts and agreements not to exceed \$50,000 without Board approval, provided funds sufficient for the contract or agreement are authorized and available within the school's board-adopted budget. Contracts and agreements in excess of \$50,000 must be submitted for board approval and may be executed by the Executive Director or other person specifically designated by the Board after the Board has duly approved the contract or agreement.

Staff designee will keep and maintain a contract file evidencing the competitive bids obtained (if any) and the justification of need for any contracts over \$25,000. Competitive bids will be obtained where required by law or otherwise deemed appropriate and in the best interests of the school.

Written contracts clearly defining work to be performed will be maintained for all contract service providers (i.e. consultants, independent contractors, subcontractors). Contract service providers must show proof of being licensed and bonded, if applicable, and of having adequate liability insurance and worker's compensation insurance currently in effect. The Executive Director may also require that contract service providers list the school as an additional insured.

If the contract service provider is a sole proprietor or a partnership (including LP, and LLP), the School will obtain a W-9 from the contract service provider prior to submitting any requests for payments to Charter Impact.

The Executive Director will approve proposed contracts and modifications in writing. Contract service providers will be paid in accordance with approved contracts as work is performed. The Executive Director will be responsible for ensuring the terms of the contracts are fulfilled. ### **PURCHASING AND VENDOR PAYMENT**

#### **Segregation of Duties**

The School will develop and maintain a system to document the authorization of non-payroll expenditures. All proposed expenditures must be approved by the Executive Director and/or designated staff, who will review the proposed expenditure to determine whether it is consistent with the Board-adopted budget. In the absence of a vendor invoice, the School will develop and maintain a check request form to document the approval of payment for specific items.

All transactions will be posted in an electronic general ledger maintained by Charter Impact. To ensure segregation of recording and authorization, the bookkeeper may not co-sign check requests for purchase orders.

#### **General Purchasing Procedures**

All purchases over \$25,000 must include documentation of a good faith effort to secure the lowest possible cost for comparable goods or services. The Executive Director shall not approve purchase orders or check requests lacking such documentation. Documentation shall be attached to all check and purchase order requests showing that at least three vendors of similar type were contacted and such documentation shall be maintained for three years. All purchases in excess of \$25,000 must be bid by a board-approved process, except in the cases:

1. In case of emergencies that necessitate the purchase of emergency response supplies, equipment, or services.
2. The supplier is the Original Equipment Manufacturer for which no equivalent competition exists.

In such cases, the school shall document the reason why the purchase was done without a competitive bidding process, and why the pricing was determined to be reasonable. The Executive Director may authorize expenditures and may sign related contracts within the approved budget. The Governing Board must review all expenditures. This will be done via approval of a check register which lists all checks written during a set period of time and includes check #, payee, date, and amount. The Governing Board must also approve contracts and non-budgeted expenses over \$50,000.

When approving purchases, the Executive Director or designee must:

- a. Determine if the expenditure is budgeted
- b. Determine if funds are currently available for expenditures (i.e. cash flow)
- c. Determine if the expenditure is allowable under the appropriate revenue source

## **Clarksville Charter School Fiscal Policies and Procedures**

- d. Determine if the expenditure is appropriate and consistent with the vision, approved charter, school policies and procedures, and any related laws or applicable regulations

Any individual making an authorized purchase on behalf of the school must provide Charter Impact with appropriate documentation of the purchase. Individuals other than those specified above are not authorized to make purchases without pre-approval.

Individuals who use personal funds to make unauthorized purchases will not be reimbursed. Authorized purchases will be promptly reimbursed by a bank check upon receipt of appropriate documentation of the purchase.

The Executive Director may authorize an individual to use a school credit card, if the school elects to use a credit card, to make an authorized purchase on behalf of the school, consistent with guidelines provided by the Executive Director and/or Governing Board. The following provisions apply to credit card purchases:

1. All credit card purchases must have prior approval.

2. The numbered PO is then logged and uploaded into Smartsheets which lists all issued PO's.
3. The PO is then sent to the Executive Director or Admin Designee For approval signature.

The documentation will then be sent to the Executive Directors and/or Admin Designee for review and approval.
3. The Executive Director or Admin Designee will carefully review each invoice and supporting documentation prior to approval.
4. Approval from the Executive Director or Admin Designee will be indicated by a signature on an invoice, email, or other electronic documentation process. The invoice and supporting documentation including any new W-9 will be sent to Charter Impact on at least a weekly basis (Executive Director should be aware of invoice due dates to avoid late payments). Charter Impact will then process the invoices with sufficient supporting documentation. Payment will not occur if a W-9 is required and not on file with Charter Impact.
5. The Executive Director and/or Chief Fiscal Officer may authorize Charter Impact to pay recurring expenses (e.g. utilities) without the Executive Director's formal approval (signature) on the invoice when dollar amounts fall within a predetermined range. A list of the vendors and the dollar range for each vendor must be provided to Charter Impact in writing and updated on an annual basis.

### **Accounts Payable Checks**

The Governing Board will approve, in advance, the list of authorized signers on the school account. The Executive Director and any other employee authorized by the Governing Board may sign bank checks within established limitations.

# Residency Policy

## Clarksville Charter School

BP 5111.1

Adopted: 10/24/19

Revised: 09/13/23, v9

---

California law requires that certain residency requirements be established in order for a student to be enrolled in an independent study charter school for which average daily attendance may be claimed. California law requires that a student be a California resident and requires that the student be a resident of the county in which the apportionment claim is reported or of a county immediately adjacent to the county in which the apportionment claim is reported. [EC §§ 47612(b), 51747.3]

The purpose of the Clarksville Charter School Governing Board approving this Residency Policy is to accomplish the following:

1. Define Residency
2. Outline Residency for a Student on an Extended Vacation
3. Establish the Location Materials Will Be Mailed To
4. Outline the Procedures When a Student's Residency is in Question
5. Establish Process of Proof of Residency if Document or Student Residency Questionnaire Not Provided at Beginning of the School Year
6. Outline the Parent/Guardian/Education Rights Holder's Right Regarding Determination of Non Residency
7. Outline the Procedures for Military, Homeless, Foster Youth, and Migratory students.

**Definition of Residency:** A student has residency in the state and county of the residence of the parent/guardian with whom that student maintains their place of abode. Residence denotes any factual place of abode of some permanence that is more than a mere temporary sojourn. Owning a home in California or in a particular county does not qualify a student to attend Clarksville Charter School unless it can be shown that the student is also living in the home at least three school days per week (Monday through Friday) during the academic year.

**Residency for a Student on an Extended Vacation:** A student who maintains residence in a county served by Clarksville Charter but is on an extended vacation not lasting longer than 20 school days, will not be deemed to have lost California residency. During this travel, the student will meet virtually with the teacher and complete assigned work and assessments. The family is responsible for notifying their HST (if applicable, the Education Specialist and any other staff who participate in the education of the student) for the first and last day of the Extended Vacation. If a student has the need for an extension of the 20 school days, the approval of the school's Executive Director or designee is required in a written communication.

**The Location Material(s) Will Be Mailed To:** The Location Instructional Material(s) Will Be Mailed To:

All instructional materials will be mailed to the address identified in the student's records at the physical address provided in the approved Proof Of Residency document.

## **Residency Policy**

### **Clarksville Charter School**

BP 5111.1

Adopted: 10/24/19

Revised: 09/13/23, v9

---

With the Executive Director's or designee's approval, the following may be approved:

#### **GUIDELINES-**

- P.O. Box within the same county as the physical address
- Address provided by military order
- Property address listed on Student Residency Questionnaire
- Homeschool Teacher's address
- Alternate property address within the same county as the approved POR or a contiguous country served by the charter

If the special circumstance does not fall within the guidelines (as stated above), a request may be made via the POR/Residency Questionnaire form. A decision will be made by the Executive Director or designee.

**Student's Residency is in Question:** If there is reason to believe that a student's residency is in question, Clarksville Charter School may investigate in order to determine the authenticity of the home address. When it is determined that a student lives outside of California and/or an authorized county, Clarksville Charter School will provide written notice of the determination of nonresidency within five days of Clarksville's intention to disenroll the student.

**Proof of Residency Document/Student Residency Questionnaire Not Provided by the Beginning of the School Year:** A student who has not provided an approved Proof of Residency or Student Residency Questionnaire by the start of their enrollment for each school year will have 5 school days to provide the Proof of Residency or Student Residency Questionnaire. If the student has still not provided the Proof of Residency or Student Residency Questionnaire by the fifth day of enrollment, the School will provide written notice of the School's intention to disenroll the student effective five school days later.

**Parent/Guardian/Education Rights Holder's Right Regarding Determination of Nonresidency:** The notice shall contain an explanation of the parent/guardian/education rights holder's right to request a hearing adjudicated by a neutral officer within 5 school days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine witnesses, and at which the pupil has the right to bring legal counsel or an advocate to dispute the finding of nonresidency. If the parent/guardian/educational rights holder does not request a hearing within five days of receipt of the notice, the right to a hearing is waived, and the student will be immediately disenrolled. If the student's parent, guardian, or educational rights holder initiates the hearing, the student shall remain enrolled and shall not be disenrolled until Clarksville Charter School issues a final decision.

**Children of Military Families:** Clarksville Charter School will serve children of military families, as defined by Education Code Section 49701, as follows:

1. Allow the student to continue their education in Clarksville Charter School, regardless of

change of residence of the military family during that school year, for the duration of the student's status as a child of a military family; or

2. For a student whose status changes due to the end of military service by their parent during a school year, comply with either of the following, as applicable:

- a. If the student is enrolled in TK through 8th grade, allow the student to continue their education in Clarksville Charter School through the duration of that academic school year.
- b. If the child is enrolled in high school, allow the student to continue their education at Clarksville Charter School through graduation.

Once Clarksville Charter School is notified that a student is identified as a child of a military family, Clarksville Charter School will require the parent/guardian to submit the following documentation:

1. Written proof of the transfer, including the time period for the transfer and location of the transfer
2. A signed affidavit that states that the student is only enrolled in Clarksville Charter School and not in any other full-day educational program and that the student qualifies as a child of a military family as defined in Education Code Section 49701

For high school students, the aforementioned documentation will need to be resubmitted on an annual basis. Clarksville Charter School reserves the right to re-verify all of the above at any time throughout the school year.

# Admissions & Enrollment Policy

## Clarksville Charter School

BP5111

Adopted: 01/19/21

Revised: 10/11/23, v5

---

Clarksville Charter School (“School”) is committed to providing quality education to all students who wish to attend in accordance with applicable law. Based on available resources, it may be necessary to limit admissions, and in that event, a Public Random Drawing/Lottery will be held to determine admission.

The School will implement this policy in compliance with Education Code Section 220. In addition, admission preferences will not limit enrollment access for pupils with disabilities, academically low achieving pupils, English Learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation.

The purpose of the Clarksville Charter School Governing Board approving the Admissions and Enrollment Policy is to accomplish the following:

1. Establish the procedures for admissions and enrollment in Clarksville Charter School (“School”) in accordance with School’s charter petition and applicable law.
2. Establish the procedures under which Clarksville Charter School (“School”) will conduct the School’s public random drawing/lottery in the event that applications for enrollment exceed the School’s capacity.

**Application and Enrollment:** The School is a nonclassroom-based charter school that operates solely as an independent study program. Admission to the School is open to any student who resides within the boundaries of El Dorado County or an adjacent county. The School will accept all students who wish to attend, so long as it has the capacity to serve them in accordance with Education Code Section 47605(e).

1. **Determining Capacity:** The School’s Board or Executive Director will annually determine the maximum enrollment by “grade level” (by specific grade level or encompassing all grade levels served) for each school year based on, among other factors, the annual budget, staffing, applicable legal requirements, and available resources prior to the start of the Open Enrollment Period. The Executive Director may update the School’s capacity throughout the year as needed to meet the school's needs.
2. **Open Enrollment Period and Application Deadline:** The Board or Executive Director will set an Open Enrollment Period each year. Applications will be accepted during the publicly advertised Open Enrollment Period each year for enrollment in the following school year.
3. No student who resides outside of the granting agency county or a county directly adjacent thereto will be admitted to the School, unless a legal exception applies.
4. No student who does not meet the minimum age for admission in accordance with

California law will be admitted to the School. According to *EC 48000[a]*, a child shall be admitted to a kindergarten maintained by the school district at the beginning of a school year or at a later time in the same year if the child will have his or her fifth birthday on or before September 1 for the 2014-15 school year and **thereafter**.

- In the 2023–24 school year, children who will turn five years old between September 2 and April 2\* are eligible for TK.
- In the 2024–25 school year, children who turn five years old between September 2 and June 2\* are eligible for TK.
- In the 2025–26 school year, and in each school year thereafter, children who will turn four years old by September 1\* are eligible for TK.

**\*Inclusive of these dates**

5. Authorization for the School to request and receive student records from all schools the student has previously attended or is currently attending;
6. Proof of full immunization or exemption from the requirement;
7. Proof of health examinations required by the Health and Safety Code;
8. Proof of age with the application for admission through documents such as the following: birth records, statements by the local registrar or a county recorder certifying the date of birth, baptism certificate duly attested, a declaration from the parent/guardian or a passport;
9. Proof of residency through documents such as the following: parent or guardian's drivers' license, ID card or DMV printout, a copy of a lease, utility bill or similar showing the address of the residence; California tax returns giving California as the home address (within acceptable dates); car registration and/or car insurance; California health insurance or Medi-Cal ID;
10. If any information provided by the parents/guardians could indicate immigration status, citizenship status, or national origin information, the School shall not use the acquired information to discriminate against any students or families or bar children from enrolling in or attending the School. If parents or guardians choose not to provide information that could indicate their children's immigration status, citizenship status, or national origin information, the School shall not use such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school; [Note: These statements relating to immigration, citizenship status and national origin information are required by Education Code section 234.7.]

**Current Families Required to Confirm Intent to Return:** Families with currently enrolled students must submit a form/application to confirm their intent to return to the school next year and/or continue with their current teacher by the end of the Open Enrollment Period to remain enrolled in the School for the following school year. If an enrolled student fails to provide this form/application, they will not have guaranteed admission for the following school year as a currently enrolled student. This means the student loses their spot and will have to submit another application if they are interested in

enrolling in the School for the following school year.

1. Determine if a lottery is Needed: Applications will be accepted during a publicly advertised open enrollment period each year for enrollment in the following school year. Following the open enrollment lottery each year, applications shall be counted to determine whether the School has received more applications than capacity.

- If there are more spots available than applicants, the School will not conduct a lottery. The School will enroll all applicants and inform them that they are enrolled.
- If the School receives more applications than spaces available, the School will hold a public random drawing conducted in accordance with the procedures set forth in this Policy, the School's charter, and applicable law to determine admission for the impacted grade level or levels, with the exception of existing students,<sup>1,2</sup> who are guaranteed admission in the following school year.

**Lottery Procedures:** If a Lottery is necessary, the School will conduct a Lottery during the spring semester before the academic year for which enrollment is sought.

1. Enrolling Current Students: Students currently enrolled in the school at the close of the Open Enrollment period<sup>1</sup> and who have completed the Intent to Return Form are exempt from the lottery and guaranteed admission.

Admission preferences in the case of a public random drawing shall be given to students in the following order:

1. Siblings of students admitted to or attending the School<sup>2</sup>;
2. Students who are the children of teachers and staff of the School; and
3. Students who reside within the Buckeye Union School District boundaries.

2. Notice about Lottery

Public notice of the Open Enrollment Period and public random drawing rules, deadlines, dates, and times will be communicated in the enrollment applications and on the School's website. A public notice for the date and time of the public random drawing will also be posted once the application deadline has passed. The School will inform parents/guardians of all applicants and all interested parties of the rules to be followed during the public random drawing process via mail or email at least two weeks prior to the lottery date. This information will also be included in application forms. The School will provide sufficient notice to applicants if it finds it necessary to change the Lottery date.

---

<sup>1</sup> *Enrolling Current Students: Students currently enrolled in the school at the close of Open Enrollment Period 1 and who have completed the Intent to Return Form are exempt from the lottery and guaranteed admission.*

<sup>2</sup> *Sibling" is defined as an applicant (1) who has at least one biological or adoptive parent in common with an admitted pupil; or (2) who has been legally adopted by or placed under the legal guardianship of at least one biological or adoptive parent of an admitted pupil. Step-siblings are only considered siblings if they reside at the same address as the admitted pupil.*

### 3. Lottery Preferences

There is no weighted priority assigned to most preference categories; rather, students will be drawn from pools beginning with all applicants who qualify for the first preference category and continuing with that preference category until all vacancies have been filled. If there are more students in a preference category than there are spaces available, a random drawing will be held from within that preference category until all available spaces are filled. If all students from the preference category have been selected and there are remaining spaces available, students from the second preference category will be drawn in the lottery, and the drawing shall continue until all spaces are filled and preference categories are exhausted in the order provided above. Students who reside in the District will be grouped with students who reside outside the District, and the former will be given a weighted priority in that drawing.

### 4. Lottery Procedures

*Randomly Drawing Applicants:* Admission spaces are pulled by the designated lottery official (appointed by the Executive Director). Unique identifiers will be assigned to each applicant. The lottery will be open to the public, and families are encouraged but not required to attend.

*Creation of Lottery Waitlist:* Once the enrollment cap has been reached, all students who were not granted admission due to capacity shall be given the option to put their name on a waitlist according to their draw in the lottery. This waitlist will allow students the option of enrolling in the event of an opening during the current school year. In no circumstance will a waitlist carry over to the following school year.

*Supporting Siblings:* The Board recognizes that schools that serve families are more effective because of the enhanced ability for parents and children to align around a single, unified set of learning and behavioral objectives. If multiple children from the same family apply, the family will be assigned one total number to ensure equity with other applicants. If the family number is pulled, all siblings will be admitted in furtherance of the School's mission to effectively serve families.

### 5. Notifying Applicants After Lottery

The School will notify applicants who were successfully drawn from the Lottery to offer admission. Following the Lottery, parents/guardians have three business days to confirm the enrollment offer via email. Students who are offered admission at the School at the time of the Lottery will have five business days, or another deadline as may be set by the Executive Director, to complete the registration process. If the Executive Director establishes a different deadline, this deadline will be communicated to families when admission is offered after the Lottery. If a student fails to timely complete the registration process, the spot will be filled from the waitlist, and the student will be presumed to no longer have interest in enrolling with the School.

If a student is offered admission due to one of the preferences noted in this policy and the

School's charter, the School may request supporting documentation as part of the enrollment process. The School will conduct a verification of such documentation before finalizing the student's enrollment and may disqualify an applicant who submitted materially false information. After the Lottery process, and once an offer has been accepted by the family, additional information may be requested as part of the registration process in accordance with applicable law. The School shall not request a pupil's academic records or require the family to submit the pupil's academic records before enrollment in accordance with Education Code Section 47605(e).

Enrollment offers are valid only for the academic year for which the Lottery is conducted. There is no option to defer an offer of enrollment. Students accepting enrollment must generally complete the required independent study agreements within seven (7) days of the beginning of the school year, unless otherwise advised by the School.

#### 6. Master Agreement and Communication

- a. From the original date the Master Agreement was emailed, the parent/guardian/caregiver and student have five school days to sign and complete the document. If, after the fifth school day, the Master Agreement is not signed by both the parent/guardian/caregiver and the student, the student will be disenrolled by the school.
- b. If, after three communication attempts (phone & email) over a period of five school days, the HST has not received communication returned from the parent/guardian/caregiver, the HST will disenroll the student from the school.

**Waitlist Management:** If a spot becomes available because an accepted student declines enrollment or fails to timely complete the enrollment process, a student leaves the School after the start of the academic year, or as spots become available, the School may notify families on the waitlist in the order they appear on the waitlist.

Students drawn from a waitlist will have three business days to confirm the enrollment offer via email. Students who are offered admission will have five business days, or another deadline as may be set by the Executive Director, to complete the registration process. 10 calendar days, or another deadline as may be set by the Executive Director, to complete the registration process. Applicants must complete the registration process by the deadline given by the School to confirm enrollment.

If a student is offered a spot in writing three times and does not respond or does not complete the application in full with the required enrollment documents by the deadline given, the student shall be removed from the waitlist. Students who did not meet the enrollment document deadline may resubmit an application to the school.

Students who are not offered a spot for the academic school year for which the Lottery was held may remain on the waitlist for that academic year unless the parent or guardian requests that the student be removed from the waitlist earlier.

If there is no waitlist and there is capacity during the school year, School shall admit applicants in accordance with the School's charter petition and applicable law. If School did not conduct a Lottery because spots were available but got oversubscribed during the school year, School should create a waitlist and add students to the waitlist on a first come, first served basis.

School waitlists shall not carry over from one year to the next. Students who have not been admitted will be required to submit a new enrollment application for the next school year and are required to participate in the Lottery if space is limited.

*This Policy serves as a technical amendment to Element 8 of the School's charter petition effective for the 2020-21 school year.*

We will focus on programs for students who are not demonstrating proficiency in ELA and Math from prior CAASPP and STAR 360. This action will improve services for our unduplicated groups and students with disabilities because it will add to our current program. This action will be implemented schoolwide; however, we believe our unduplicated student groups will benefit principally because these groups are less likely to have academic support at home. These are the best use of funds because our data demonstrates that these students need additional support which, as a school we will be able to closely monitor with a data driven model to focus target instruction to mitigate a potential increase in student learning loss. This action aligns with Clarksville's Special Education Plan Element 3c.</p>		Partially Implemented	We purchased the STAR 360 Platform for our formative and interim assessment. ## General Information about the School Accountability Report Card (SARC)

### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

### ABOUT OUR SCHOOL

Clarksville Charter School (CCS) opened in the fall of the 2017-18 school year. Clarksville Charter School is a WASC accredited, non-classroom based public charter school authorized by Buckeye Union School District in El Dorado County serving students in El Dorado, Amador, Alpine, Sacramento & Placer counties from transitional kindergarten through 12th-grade. CCS provides flexible, personalized learning experiences through a diverse range of unique and dynamic programs. CCS values and actively supports parental choice and personalized learning for all students.

CCS Home School Teachers (HSTs) are credentialed California educators who collaborate with families to foster, guide, and enhance students' educational needs. Emphasizing collaboration with academic achievement and holistic child development through personalized learning is central to our approach.

At Clarksville Charter School, we have established Schoolwide Learner Outcomes (SLOs) as goals for our students. These outcomes are integral to our school culture, reflecting our vision, College and Career Readiness standards, and a commitment to educating the whole child.

CCS has continued to increase offerings in the Junior High Virtual Academy (JHVA) and High School Virtual Academy (HSVA). JHVA and HSVA are offerings that are dedicated to providing direct instruction as additional support for students. Both programs provide live online instruction with standards-aligned courses facilitated by credentialed teachers.

CCS teachers collaborate with parents/guardians/caregivers to develop learning plans for students. During each learning period, the teacher collaborates to review lessons to be completed within a specified timeframe. Students have access to comprehensive online curricula aligned with educational standards. Benchmark diagnostic assessments, administered in fall, winter, and spring for grades TK-12, offer crucial proficiency data across various subjects. This data, coupled with learning styles, informs the development of individualized learning paths, enabling students to target specific objectives and standards. Regular assessment determines mastery levels, and personalized learning plans expedite student progress. Teachers deliver instruction and support in person or online through web-conferencing platforms. This flexibility allows for collaboration and instruction using video, voice, text, and shared writing space. With 24-hour access to all curricula, learning can occur at various locations, including libraries and students' residences, according to individual preferences.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 Career Technical Education Programs

Career Technical Education (CTE) at Clarksville Charter School stands as a dynamic program that seamlessly integrates core academic knowledge with technical and occupational expertise. Our commitment to evolving alongside the swiftly changing demands of the workplace is reflected in the ongoing development and implementation of various CTE pathways.

In adherence to the statewide Doing What Matters Initiative (DWMI), we are dedicated to crafting a CTE program that is finely tuned to the requirements of regional economies. Collaborating proactively with local colleges and industry representatives, we strive to introduce CTE course pathways, internships, and industry certificates that equip students for the dynamic regional labor market. Upon successfully completing a CTE pathway, students are awarded a CTE Completer Certificate, a testament to their readiness for the workforce.

Our diverse range of pathways serves as a comprehensive approach, with some designed to provide students with the knowledge necessary to excel in industry certification exams. Others seamlessly integrate certifications into the coursework, offering students a direct pathway to apply for career-ready positions. Importantly, our CTE program is not only a bridge to the professional world but also a stepping stone to higher education. Actively aligning our courses with the University of California A-G subject-area requirements, several of our offerings facilitate dual enrollment as a capstone course.

Inclusivity is at the heart of our CTE program, ensuring access for all students regardless of gender, socio-economic status, special needs, or English proficiency. Currently, we proudly offer 10 CTE pathways spanning eight industry sectors, including Arts, Media and Entertainment, Business & Finance, Health Science & Medical Technology, Marketing, Sales and Services, Public Service, Hospitality, Information & Communication Technologies, Engineering, and Architecture.

As part of our ongoing commitment to student satisfaction and success, we actively seek feedback to refine and expand our program, tailoring CTE pathways and courses to match the interests and aspirations of our students.

**2023-24 Opportunities for Parental Involvement**

Clarksville Charter School is committed to fostering active engagement with parents, guardians, caregivers and teachers through a diverse range of platforms, media, and events. Information about board meetings, parent education workshops, weekly Community Connection events can be accessed through our school websites, social media platforms, and the weekly newsletters that are emailed to families.

The Board of Directors at Clarksville Charter School is comprised of parents/guardians/caregivers of current or past students and community members who actively influence the governance of the school. Our parents and students contribute valuable insights pertaining to program planning, design, and implementation. In alignment with the essence of our program, parents/guardians/caregivers play a direct role in their child's education and often lend their support to community events, park days, as well as other school-related activities.

To comprehensively gauge parent/guardian/caregiver satisfaction, we administer electronic surveys annually in the spring. These surveys are thoughtfully crafted to specifically assess parent/guardian/caregiver satisfaction on the effectiveness of all aspects of the school.

Our commitment to communication and support is further exemplified through our Family Liaisons. Serving as a vital bridge between school, home, and community. They work directly with families, facilitating communication and offering support. Our families can easily communicate their needs and provide feedback to our family liaison through various channels, including social media platforms. Contact information for our family liaison is readily available in our weekly newsletter and directly through our school phone number: (916) 526-3794.

Furthermore, Clarksville Charter School has established partnerships with local community organizations and businesses. Through these collaborations, we provide educational workshops, lessons, classes, and outreach programs that significantly

## 2023-24 School Safety Plan

Clarksville Charter School prioritizes the safety and well-being of its students and staff through a meticulously crafted Comprehensive Safety Plan. This plan undergoes a thorough review, update, and discussion each fall before the commencement of the school year. Approved on December 6, 2022, the Comprehensive Safety Plan serves as a robust framework for emergency procedures, evacuation routes, incident command system procedures, and an injury and illness prevention plan for the upcoming 2023-2024 school year.

Within the CCS Resource Center, readily available "Readiness and Emergency Plans" outline schoolwide crisis protocols, ensuring preparedness for any unforeseen events. Recognizing the importance of mental health support during crises, Clarksville Charter School employs qualified School Psychologists and Counselors to assist students and staff in navigating challenging situations.

The Governing Board of CCS is dedicated to creating and maintaining a safe and secure environment for everyone on campus. To reinforce this commitment, board policies specifically tailored to support student safety have been established and can be accessed on the school's website.

Ensuring that every staff member is well-equipped to respond to safety concerns, CCS mandates annual comprehensive safety training aligned with essential educational content. This includes but is not limited to Mandated Reporting, Universal Precautions for Bloodborne Pathogens, Bullying Prevention, Sexual Harassment, and Suicide Prevention. As part of an ongoing commitment to safety, Clarksville Charter School remains proactive in enhancing training programs and adapting board policies as necessary to address the evolving needs of both students and staff.
