The retreat will be held on July 21st. Part of that retreat will be board member orientation.

Brandon Paris asked that we set a calendar to review the policies quarterly, in chunks so we take a deeper look.

The goals being setting a consistent process to follow for years to come and set into the agenda.

Dr. Tracy will provide a draft of what this might look like next meeting.

D. Board on Track

Mr. Paris shared the purpose of this investment is to create consistency and systems to develop a more structured board and clarity in our processes, where we keep critical documents.

Dr. Miller will serve as the board and executive director's coach and consultant for the year. The goal being housing the board's critical document in one place while creating a systemic plan for the future.

B. Expense Request

Dr. Tracy noted that this purchase will not impact the budget as the line item was previously approved.

Mr. Paris asked that there is no increase in the per pupil cost with growth in enrollment.

Any expense over \$5,000 needs Executive Committee approval, there was no meeting for the EC. This is coming to the full board for approval.

J. Featherstone made a motion to Approve the iReady expense request (\$7,680).

Y. Powell seconded the motion.

The board **VOTED** unanimously to approve the motion.

C. Performance Framework

Dr. Tracy noted that all Performance Framework information was sent on time. There were a six items that were sent back (previous year there were zero) posting of letter grade, lottery application, COI, nepotism policy, board membership addresses and insurance term expired in April. They also asked that the SBE are added to the insurance policy.

All six items are now addressed.

There was a question regarding the SBE being on the insurance policy from the chair and board attorney. No further comments were made.

D. Executive Director Monthly Report

Updates on enrollment were provided. The report can be found in the packet.

E. Academics

April Goff provided an overview of the data presented in the board packet.

The report provided a plan of how the school will be making adjustments to increase overall achievement.

One area will be the use of the approved iReady curriculum and assessment tools. There has been some shifting of staff.

Questions Asked:

JF: How many beginning teachers do we have? Only one brand new beginning teacher to the school.

BP: Some concerns with the downward trend in some academic areas in grade levels. It will be very important for the board to understand how these will be mitigated. Brandon would like to make sure there is a communication prepared prior to the NC Report Card going out (two versions of the press release).

Dr. Tracy: There is an updated academic plan in the packet. One of the keys will be the ongoing performance tracking program (iReady).

There was additional discussion regarding the school's expected growth, also in the meeting packet.

F. Accident Insurance

Ms. Bucholz provided a draft of the policy that will cover the school (example student accidents) and will pay the medical expenses.

No questions from the board.

B. Charter Renewal Process

Question; JF: Is there funding for the gym floor to be done? (Dr. Tracy noted that this is discussed each year and it is not as easy as thought. It is continued to look at)

Additional note: Walk through pictures have been sent out on social media.

There will be an opportunity to walk through the renovated campus for open house.
