B. Title I State Audit Follow Up

Ms. Jackson presented on Kestrel Heights' first year as a Title 1 school. Ms. Jackson discussed the federal monitoring process and the findings and recommendations Kestrel received from this process. There were four areas where improvements are recommended: (1) Plan for the use of funds; (2) Collaboration with Local or State Welfare Agencies; (3) Approval, Evaluation and Content of Targeted Support & Improvement Plan; and (4) School Plan Implementation. Ms. Jackson asked for formal Board approval for previously-shared plans for the Parent & Family Engagement Plan, the School-Parent-

Student Compact, and the TSI School Plan draft. Kestrel needs to have formal Board approval for these plans for the federal monitoring process.

A. Davis made a motion to Approve the Parent and Family Engagement Policy and the School-Parent-Student Compact.

C. Marketing Update

Jennifer Lucas provided a marketing update. We have gotten 100 applications for Kestrel, which is an improvement, but still lower than our target. The first lottery is coming up in a few days, and there is a new system that has been created, which should make the process easier for the administration. Next, we plan to have two school videos created and will also continue to advertise for open enrollment.

The Board asked about second language for postcards, the website and social media. Ms. Lucas agreed to check on the postcards in Spanish, and she noted that the application and online media are either in Spanish or are available to be converted to another language.

D. 2020-21 Accreditation Process

Mr. Touchette presented that the accreditation committee is on-track to complete the accreditation process.

E. Return to School Planning

Dr. Tracy presented on the Return to School Plan. Almost 20% of parents indicated that their children would return to school in-person on March 1, and 80% of parents would prefer to remain in virtual school. Dr. Tracy also indicated that the Durham County stayed in the orange level for the NC DHHS county alert system, which met the Board's criteria for a return to school. Greenlight provided Kestrel staff survey data, which indicated that 25% of staff will not or probably would not return to school with another 40% concerned about returning.

The Board asked questions about the data as presented as well as the NC Legislature bill (S37) that may require schools to offer in-person instruction. The Board asked about BOGs, and Kestrel administration noted that if we return to in-person instruction prior to March 12 that 3rd grade students will be required to take an in-person Beginning of Grade test.

D. Wimberly made a motion to begin to offer in-person instruction as outlined in return-to-school plan on April 27, 2021.

The timeline would involve the development of a subcommittee and an amendment to the school charter in May 2021 with the state certification of mind brain education during the 2021-22 school year.
