II. Key Agenda Items & Presentations

A. Marketing Update

Dr. Tracy noted that Ms. Lucas was unable to attend the meeting. The updated report was included in the agenda. There are 362 returning scholars, and a 45% acceptance rate for new applicants. Kestrel would be at 445 scholars if this data stays the same, which is below our goal but exceeds last year's enrollment. We need to get at least 100 more applicants in order to get 50 seats filled. Highest growth was in kindergarten and sixth grade, which were our targeted grades. The school will continue to do in-person recruitment activities now that the campus has reopened.

B. Strategic Planning Update

Dr. Tracy provided an update from Ten Square on the school's strategic plan. The committee discussed the Strengths, Weaknesses, Opportunities and Threats (SWOT) analysis that will be used in the development of the 5-year plan.

C. Mind Brain Education

Dr. Tracy provided an update on the Mind Brain Education. The next track for teacher and staff enrollment opened yesterday.

D. Blended Learning Update

Dr. Tracy provided an update on the blended learning committee. They have identified model classrooms and professional development topics for the next school year.

E. 2020-21 Accreditation Process

Mr. Touchette covered the 2020-21 accreditation process, and he shared the final report with the Board, which had been sent out prior to the meeting. Kestrel received the highest marks (blue) for many of the categories in the accreditation process. The report identified areas of improvement, including providing experiences that cultivate and improve leadership effectiveness as well as having learning and resource capacity standards. Parents, students, staff and board members were interviewed as part of the accreditation process. Kestrel Heights Charter School earned a score of 334, which was higher than the average of 278, and was recommended for full accreditation.

F. Facilities Sub-Committee

Brandon Paris and Robin Clement provided an update from the facilities committee, and they shared that the next step was to confirm a price for the facility before going to a bond issuance. The committee and consultant was able to negotiate a purchase price of \$10.5 million for the current facility and the debts incurred for delayed lease payments related to the closure of the high school. The Board would need to authorize the agreement included in the agenda to approve this purchase, which covers the purchase price, conditions for purchase, and contingency for school to secure bond.

B. Paris made a motion to approve the general terms of the Kestrel Heights Charter School purchase for \$10.5 million pending attorney review of the agreement.

S. McGarrah seconded the motion.

The board **VOTED** unanimously to approve the motion.

G. Annual Medical Insurance (First Read/Vote)

Ms. Buckholz provided an overview of the annual medical insurance negotiations. The Board will have to meet later in the month to discuss final numbers once they come back.

The Board will meet on June 22 at 6 pm to discuss.

III. Academics

A. End of Year iReady Results

Dr. Tracy presented on end of the year iReady results. 56% of Kestrel's scholars are proficient in reading, and 44% are proficient in math. Kestrel is hiring 6 title 1 reading tutors to assist students. While scholars experienced growth, the growth rates were lower than previous years likely due to remote learning.

IV. Operational Reports

A. Executive Director Report

Dr. Tracy provided an overview of his monthly report. The Kestrel Summer Camp is being run by Mr. Price and Ms. Hart along with Ms. Villegas and Mr. Touchette. 85 scholars have enrolled in Camp Kestrel this summer, and the enrollment period will be extended.

B. Monthly Budget Report

Dr. Tracy provided an overview of the monthly budget report. The school is 92% into the fiscal year with 95% of revenues received and only 80% of expenses incurred.

C. Budget Request: LED Sign for School

Dr. Tracy shared that he is requesting taking money that was previously approved by the Board to repurpose the learning cottage for a parent resource center. The costs for the overhaul of the learning cottage came back well over-budget given the coronavirus-related building challenges. Instead, Dr. Tracy is requesting that the Board use the money to purchase a new LED sign for the school.

A. Davis made a motion to approve the budget allocation from the parent resource center to a new digital sign.

D. Wimberly seconded the motion.

The board **VOTED** unanimously to approve the motion.

D. Return to School 2021-22

Dr. Tracy covered the return to school plan for the 2021-22 academic year. It includes a plan to return in-person to the greatest extent possible given ABC Collaborative, CDC and state guidance. There is also a plan for families that want to attend remotely. The option will be asynchronous only with no hybrid plan, and the asynchronous option would involve a third-party vendor that the school has previously used for students that needed that option for other reasons.

The Board asked questions about the plan, and Dr. Tracy noted the intent of the school to send out a survey to families asking about their plans for the next school year.

E. Monthly Epi Center Report

Dr. Tracy provided an update on the monthly epi center report to the State of NC Department of Public Instruction. Kestrel is meeting all of our requirements.
