## **V. Committee Reports**

### **A. Governance - Finance Policy Review**

Mr. Paris presented proposed changes to the Financial Policy.

Board discussed the language and requested to add the phrase "per expenditure" to each proposal's dollar limits. The final proposals are:

#### **1. Section 4.30 Division of Duties, Executive Committee subsection, Bullet #2**

• *Can authorize expenditures in excess of \$5,000 but do not exceed \$10,000 per expenditure, over the fiscal year. Such authorizations will be presented to the board no later than the next regularly scheduled Board meeting.*

- **Proposed Change:** replace in excess of \$5,000, with a range between \$5,000 - \$10,000. Added requirement that such authorizations must be presented back to the full Board on or before the next regularly-scheduled Board meeting.
- **Rationale:** The original language ["Authorizes expenditures in excess of \$5,000"] conflicts with Section 4.30 Division of Duties, Board of Directors subsection, Bullet #3, which presently states the Board of Directors approves all contracts that exceed \$5,000. This change, along with the second proposed change clarify these responsibilities, while adding a requirement that such authorizations be reported back to the full board in a timely fashion.

#### **1. Section 4.30 Division of Duties, Board of Directors subsection, Bullet #3**

- *Reviews and approves all contracts for goods and services that will exceed \$10,000 per expenditure over the fiscal year.*
- Proposed Change: replaced “exceed \$5,000” with “exceed \$10,000”. Replace “year” timeframe with more-explicit “fiscal year”.
- Rationale: The combination of this with the prior proposed change clarifies the authorization powers provided to the Executive Committee vs. the full Board with the intent of balancing urgent needs/decisions with effective fiscal governance.
