II. Key Agenda Items & Presentations

A. Marketing and Enrollment Update

Ms. Vargas shared the Marketing and Enrollment Update. Kestrel's current enrollment is 442 students. In the past month, there were four withdrawals (all because of students moving), but those seats were filled with new students. New scholar application flyers went out along with open enrollment postcards to targeted zip codes. We are getting more in-person elementary tours than the middle school tours.

Ms. Hernandez asked what our follow-up process from the tours. Kestrel staff shared their processes, and Ms. Davis let the board know that we will be hiring an enrollment consultant as part of our bond covenants.

B. 2024-2025 Calendar Review

Ms. Vargas shared the 2024-25 school calendar with the board. Durham released their school calendar in November, so Kestrel is following suit in December. There are the same amount of days with fall and spring breaks. The calendar complies with the NC school calendar legislation.

There was a discussion around accommodating religious holidays. Families are able to take those days off if they do not align with current workdays.

S. McGarrah made a motion to approve the Kestrel Heights 2024-25 school calendar as presented.

C. Facilities Sub Committee

Mr. Powe provided an update that he talked with the security vendor. There would be a requirement of \$14,000 payment up front and then a second payment of \$14,000 within 30 days followed by an annual payment of around \$6,800. The school staff will take that information and advise the Board on the budget implications.

III. Curriculum & Assessment

A. School Culture Report

Mr. Price shared the School Culture report, including a basketball tournament, arts and music performances, progress reports and parent-teacher conferences. There were 44 referrals for discipline from August through December. Mr. Touchette shared information on reading programs and encouraging attendance.

B. NC Check-in Data Review

Ms. Villegas and Mr. Touchette provided an overview of the NC Check-in data, including reading and math data for grades 3-8. There was some discussion about the scores and what it tells us in terms of how to support students with instruction and intervention.

Scores for science tests for grades 5 and 8 were also shared. The school staff discussed the data and how to improve growth for their students. The school staff is also sharing the message with the parents.

IV. Operational Reports

A. Executive Director Report

Ms. Jackson shared the Executive Director's report. Kestrel is up-to-date on compliance and reporting with NC DPI (Epicenter report), including the charter renewal self-study.

Kestrel will be monitored by DPI's Office of Federal Programs for ESSER and GEER funds.

B. Monthly Budget Report

Ms. Jackson shared the school's monthly budget report. The budget is projecting a year-end surplus of \$200,780. There were some areas of the budget that were trending high, including rent and debt service, technology, administrative services, insurance and

facilities. Some of the categories, such as technology, are high because expenses are front-loaded in the school year. Kestrel is meeting our covenants for our bonds for days cash on hand (requirement is 45 days, and the school has 123 days on hand) and debt service coverage ratio (requirement is 1.05, and the school's ratio is 1.35).

C. Budget Amendment FY24 - REVISED

Ms. Jackson shared that she revised the budget amendment for FY 2023-24 that was presented last month to address the average daily membership (ADM) of 436 being lower than projected for the school year (budget was based on 505 ADM). The proposed FY 2023-24 amendment now shows a surplus of \$188.70 to accommodate for the ADM shifts and the increase in rent and debt service.

D. Patterson made a motion to accept budget amendment as presented.

S. McGarrah seconded the motion.

The board **VOTED** unanimously to approve the motion.

They may also cover the cost of replacement for the rest of the older school building roof at a later date.

There was a minor fender-bender with the mini-bus. No one was injured, but there has been a claim filed against the school's insurance. Repairs continue to be needed to the compressors and heat exchangers.

No report from the academic subcommittee at this time.

B. Governance Committee - Policy Review
