Anna shared the methodology, and total rewards philosophy and the intention will be for a clearer placement system. Anna gave overviews of types of roles that may need market corrections or modest adjustments.

The board asked how many staff are in the 10%+ adjustment range. Anna responded it is a small anticipated amount, about 10 staff or fewer.

The board asked about the budgetary impact for next year versus the original financial budget. Rich responded that LCPS would need to make some adjustments and add \$40K to the budget, but feels confident in allocating funding.

The board asked how this scale and change is being communicated to staff. Anna replied that LCPS is finalizing communications with Stronger Consulting and other aspects before rolling out the week before non-teacher addendums. Anna asks for final board feedback before the end of next week.

The board advised caution for whatever becomes publicized and being able to follow through. Then the board praised Anna for the work put into the document embodying equity and transparency.
