**A. Finance & Operations Committee Report**

**B. Admin Buiding project**

There was a discussion about the admin building project and bond financing. D. Alexander advised that construction costs and interest rates have risen. It is \$5.7 million for the admin building. Due to other debt that we have (more than \$7 million), the total borrowing would be \$14.7 million in the bond market to do the admin building. Interest rates have been up, but in the past month, they have fallen back. Based on the information reviewed on the 23rd, it would cost \$1 million dollars to finance this each year in principal and interest payments. It is \$60,000 more than we projected in the charter renewal budget. It would be spread over 40 years with the option of pre-paid. Discussion of alternatives to the admin building such as mobile classrooms, offsite addresses, or becoming a K - 6 school. D. Alexander provided a list of the pros and cons of these alternatives.

A. Gray made a motion to recommend RBC as the underwrite for bond financing.  
S. Bennett seconded the motion.

The fee is part of the capital budget, and the fee is only paid if there is a closing.  
The board **VOTED** unanimously to approve the motion.
