She confirmed that changes included removing references to a network and multiple schools, but all other operating principles of the Board were identical to the previous version.

III. COVID-19 Response, Distance Learning & End of Year Update

A. COVID-19 Response, Distance Learning and End of Year Update

Next, Cara Stillings-Candal, Chair, directed the attention of the Board to the School's COVID-19 Response, Distance Learning, and End of Year Update. Sonya Pratt, Chief Schools Officer, shared that while Boston Public Schools (BPS) hasn't announced what their school year 2020-2021 reopening plans are, they have a lot of influence as the largest district on a variety of factors that affect charter schools like City on a Hill, including transportation for many of our students. Pratt shared that City on a Hill's guiding principle for reopening is what is in the best interest of CoaH students rather than just following the district.

Board members inquired as to current feelings towards returning to school in-person in the fall. Pratt shared that anecdotally, school leaders have heard all options (remote learning, hybrid learning, and in-person learning) requested from parents and will need to seek additional feedback. Taylor also reiterated that City on a Hill will be negotiating with the Boston Teachers Union (BTU) on the model for instruction, and further teacher perspective will be sought there.

Jacqueline Bennett left.

Andres Tejeda Soto arrived.

IV. SY2019-20 Academic Results Discussion

A. SY2019-20 Academic Results Discussion

Then, Stillings-Candal directed the attention of the Board to the school year 2019-2020 Academic Results discussion. Pratt reviewed quarterly data, including passing rates and interim scores for the 2019-2020 school year, and discussed trends. As noted in previous iterations of The CoaH Effect throughout the year,

Pratt also noted all of the considerations that school leaders kept in mind when reviewing academic results, including the rapid shift to virtual learning during the COVID-19 Global Pandemic, the merging of City on a Hill Circuit Street and City on a Hill Dudley Square, the closure of City on a Hill New Bedford, and having a high percentage of early career teachers. She also shared that the Principal Team (Chief Schools Officer, Lower School Principal, and Upper School Principal) held individual great checkout meetings with teachers where every student's performance was evaluated to ensure that students were being best supported as they enter school year 2020-2021.

Board members probed as to how many students did not meet City on a Hill's mastery target of 70% passing rate. Pratt shared that roughly 100 students did not, but City on a Hill is offering both credit recovery and summer school, and planning both with the considerations of virtual learning in mind. Trustees also asked how this number compared to previous years' passing rates. Pratt reiterated that this year's extenuating circumstances make it hard to compare to previous years, but the Board would be updated on credit recovery and summer school at upcoming Board meetings.

V. Committee Updates

A. Academic Excellence Committee Update

Due to the earlier discussion, there was no additional update from the Academic Excellence Committee.

B. Governance Committee Update

Melisa Lemire, Committee Chair, provided an update on continued Board growth, including three new possible candidates for Trustees. She also confirmed that the Board will have their annual retreat virtually on August 14, with a majority of the time being dedicated to Governance Training as required by City on a Hill Circuit Street's probationary renewal conditions.

C. Finance Committee Update

Due to the earlier discussion, there was no additional update from the Finance Committee.

D. Development Committee Update

Cara Stillings-Candal, Chair, shared that Development Committee will be evaluating how to safely pursue a City on Hill Annual Gala in school year 2020-2021, among other fundraising initiatives. She also encouraged all Board of Trustees members to donate if they are able to at this time.

E. CEO Support Committee Update

Cara Stillings-Candal, Chair, announced that the CEO Support Committee completed the school year 2019-2020 Chief Executive Officer Evaluation, and were pleased with the results of their review of results of the CEO self-evaluation, direct report feedback, and Committee discussion on progress to individual goals.

VI. The COAH Effect

A. The COAH Effect

Kevin Taylor, Chief Executive Officer, reintroduced the purpose of The COAH Effect to the Board and guests as a progress monitoring tool. Taylor walked through the final dashboard of school year 2019-2020 and provided explanation of the result of each goal, including additional context for goals that were not able to be met due to the COVID-19 Global Pandemic, including executing annual Family and Student Surveys and some non-essential College Counseling goals in order to prioritize rapid response to current needs of families.

VII. Closing Items

A. Adjourn Meeting

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 11:02 AM.

Respectfully Submitted,
Cara Stillings-Candal
