IV. School Year 2021-2022 Budget Review

A. School Year 2021-2022 Budget Review

Kevin T. Taylor, Chief Executive Officer, shared that the School Year 2021-22 Budget was reviewed in detail by the Finance Committee and voted on to recommend the approval of the budget to the full Board. Taylor then shared a summary of the School Year 2021-22 Budget with the Board.

Taylor walked the Board through the revenue portion of the budget, including but not limited to, state revenue, entitlement grants, and foundation grants. Beth Sears, Finance Manager, shared that state revenue numbers are based on a 3.9% increase from FY21 budgeted tuition for \$19,900 per pupil, while entitlement grants are based on the actual allocations from Fiscal Year 2021 with an 11% reduction year-over-year.

Taylor then highlighted each section of City on a Hill's School Year 2021-22 expenses, which include personnel, administrative, instructional, student and facilities expenses.

Sears directed the Board's attention to the fact that philanthropy is not built into the budget, as City on Hill is continuing to budget conservatively for next school year.

Members of the Finance Committee shared their confidence in the solvency of the budget based off their review in their May 2021 meeting. The Board discussed the recommendation of the Finance Committee and called for a vote.

B. Vote to Approve the School Year 2021-2022 Budget

Andres Tejeda Soto made a motion to Vote to Approve the School Year 2021-2022 Budget.

Edelyn Contreras seconded the motion.

The board **VOTED** to approve the motion.

V. The CoaH Effect

A. The CoaH Effect

Taylor shared the purpose of the CoaH Effect, a snapshot of school data that can be read like a dashboard. It is created to allow for understanding of key measures at the school and steps the organization is taking to move forward towards school year goals.

Taylor walked through COAH Effect dashboard and provided explanation of the progress towards each goal, including additional context for goals that do not have data available currently such as the Massachusetts Comprehensive Assessment System data (MCAS),

which will be taken the week of May 24, and the student and staff climate survey data, which is being collected to share at the June 2021 Board Meeting.

The discussion concluded with the Board discussing staff retention and the hiring process for next school year. Taylor shared that 75% of staff are returning and the majority of staff who are not returning moving out of state, as well as shared that there is only one remaining teaching position for School Year 2021-2022 that has not yet been fully hired.
