II. School Year 2020-21 CEO Goals Discussion

A. School Year 2020-21 CEO Goals Discussion

Jacqueline Bennett, Chair, asked that Kevin Taylor, Chief Executive Officer, share context around each of his proposed academic measures in the absence of MCAS Scores. Taylor shared each of his nine metrics that are published on the Department of Elementary and Secondary Education's website.

Through year over year data, comparing School Year 18-19 and School Year 19-20, these nine data points were considered: Enrollment, Attendance, Selected Populations, Mobility, Attrition, Teacher Data, Staffing Data, Staffing Retention, and Retention.

The Committee discussed consideration around the fact that Taylor maintained stability across these metrics related to academic performance to the extent that the Committee believe's was possible during a year of upheaval (i.e., school closure, consolidation, and the COVID-19 pandemic).

Bennett also shared that the Committee would take into consideration his other 19-20 Annual Goals that were related to academic performance (i.e., advancing steps to charter renewal) that have all had been completed to the Committee's satisfaction.

The Committee concluded discussion with agreeing upon on the fact that Taylor performed very highly on metrics and year over year data during a difficult time in City on a Hill's history. Even in the acknowledgment in decreasing numbers in data, the Committee agreed upon the stabilization that Taylor brought to the organization's academics in School Year 19-20.
