VI. Organizational Goals Dashboard

A. Organizational Goals Dashboard

Finally, the Board turned its attention to the Organizational Goals Dashboard. Pratt began sharing updates focusing on educational outcomes such as passing rates and graduation projections for different classes. She shared there has been a dip in passing rates compared to the previous quarter, which is typical for midterms. However, it's noted that the performance in Science, especially Biology, had significant discrepancies between different sections. Laura Edouard, Principal, is investigating the factors contributing to these discrepancies and plans to address the issue effectively.

Pratt stated The Class of 2024 is projected to have a graduation rate of 91%, indicating strong performance throughout the year. Additionally, she noted a significant portion of the class (65%) has been accepted into two or four-year post-secondary institutions. Overall, Pratt noted the data reflects positive trends in Organizational Performance.

VII. Closing Items

A. Adjourn Meeting

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 6:03 PM.

Respectfully Submitted,
