

Independent Study Policy

While ARISE High School (ARISE) is primarily dedicated to offering a class-room based program, circumstances may require for the option of independent study. Because of these special circumstances, the ARISE Board of Directors authorizes Independent Study as an optional instructional strategy for students enrolled at ARISE. Independent Study provides a means for students in certain circumstances to pursue curriculum objectives outside the regular classroom.

The length of an independent study program shall be a minimum of 1 day and not more than 90 school days. A request for independent study must be received at least three (3) school days before the commencement of the absence, ***except as otherwise approved by the Administrator***. Independent study is conducted solely for the educational benefit of the students attending ARISE as a means to encourage daily engagement in school work even during times of extended absence.

The ARISE Board has adopted the following policies in accordance with [California Education Code Section 51747](#):

- a) The independent study program shall allow a maximum of five (5) school days for grades 9-12 from the time an assignment is made until the assignment must be completed and returned to the teacher for evaluation unless extenuating circumstances arise.
- b) The School shall not provide independent study students or their parents/guardians with funds or items of value that are not provided for other students and their parents/guardians.
- c) A written independent study master agreement for each student shall be maintained on file. Each agreement shall be signed and dated and in effect prior to the start of reporting attendance (ADA) pursuant to that agreement. The agreement shall include the following:
 1. A statement regarding the maximum length of time allotted between the assignment and the completion of a student's assigned work (5 days).
 2. The expected duration of the independent study agreement, including the beginning and ending dates for the student's participation in independent study under the agreement. No independent study agreement shall be valid for any period longer than 90 school days unless extenuating circumstances arise.
 3. An evaluation by a committee made up of the student's teacher and the Administrator as to whether it is in the student's best interest to participate in the independent study program at ARISE during an extended absence whenever the student is missing three (3) or more independent study assignments. A written record of the findings of this evaluation shall be placed

in the student's permanent record and shall be maintained for a period of three years from the date of the evaluation. If the student transfers to another California public school, the record shall be forwarded to that school.

4. A statement that independent study is an optional educational alternative in which no student may be required to participate.
 5. Each written agreement shall be signed and dated, prior to the commencement of independent study, by the student, the student's parent, legal guardian, or caregiver, if the student is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and all other persons who have direct responsibility for providing instructional assistance to the student.
- d) Attendance Accounting:
ARISE recognizes that families may not evenly distribute student's work assignments over weekdays. However, due to strict State law requirements for charter school attendance, ARISE expects each student to be engaged in an educational activity required of them in the assignment on each weekday that ARISE is in session, and asks that this "daily engagement" be done on a daily basis. This should not be read to prohibit schoolwork on weekends and should not be read to dictate the manner in which a family distributes the assignments over the independent study period.

Administration of Independent Study

1. Each student's independent study shall be coordinated, evaluated and carried out under the general supervision of a certificated employee.
2. The responsibilities of the independent study administrator shall be to:
 - a. Ensure that the School's independent study option is operated in accordance with law and ARISE Board Policy.
 - b. Facilitate the completion of independent study written agreements.
 - c. Complete or coordinate the preparation of all necessary records and reports.

Independent Study Records

1. School records shall identify all students participating in independent study, and records shall be maintained at the School.
2. Records shall be maintained for audit purposes and shall include the following:
 - a. A copy of the ARISE Board Policy and Procedures related to independent study.
 - b. A file of all agreements, with representative samples of each student's work products bearing signed or initial and dated notations by the supervising teacher indicating that he/she has personally evaluated the work.
