Biggest Metrics to Measure:

1. LEAP Scores

- Results for the previous year are given in August.
- 5-10% growth in all subjects & Grades on LEAP.
- Maybe there's a longer term goal for leap that is school based grade is maintained or moved every three years?

2. MAP Scores

- Occurs 3x a year in August, December and March. Take about a week to do with results in 48 hours.

Ideas to measure across both spectrums are:

- Effective proficient- Grade level (B >)

A. Simulated scores from last year

- Reviewed the Simulated School Performance Scores between Orleans & Jefferson Parish.
- We sit at about 17/100 on the list
- Identifying schools to target to learn from: Hynes & Audubon.
    - Wants to know what's in front of kids, what are they learning, how are they performing.
    - Prioritizing grades 1, 3, 5, 8
    - Would really love to see some student work and tour if possible.

B. Upcoming Testing

- About 3/4 of the way through STEP testing. Should be done by this week.
- There's a lot more growth from the most recent wave to this one as compared to the initial to the first wave.
- There is some variations between teachers. Will plan on using that data to help drive coaching.
- LEAP is coming up in about four weeks.

C. Staffing

- Have an idea of who is returning and who is not.
- Went to a hiring fair on Saturday and has a strong pool of resumes as a result.
- Going to think about crafting a teacher profile to hire around.
- Enrollment for students who are coming back is already looking strong.
- Put out some yard signs & instagram posts and have some apps.
- About halfway there in regards to new applications goal.

D. Summer School Planning
