III. Operations

A. Harassment, Discrimination, Intimidation and Bullying Prevention Policy

B. 2020-21 Auditor Selection

JD Luckesen made a motion to Approve Wilkinson Hadley King.

Amanda McArthur seconded the motion.

PCA is currently at the end of their contract with Wilkinson who has been our auditor for several years. Went out and got additional bids. Administration would like to recommend Wilkinson for the following reasons:

-- We have a good working relationship with them.

-- Main concern with FCMAT audit . Wilkinson has been working with FCMAT closely since they have been our auditor the last several years.

--- Very reputable auditor.

Due to the fact that we are continuing this process we are recommending a two year contract with Wilkinson given that we are in the middle of an audit and don't want to disrupt that with a change in auditor.

The board president clarified the price differences as the following:

Wilkinson \$12,200 this year, \$12,700 next year

CLA \$21,475

Others are more than that.

Kelly would also like to recommend that we don't change the firm in the middle of an audit.

The board **VOTED** unanimously to approve the motion.

C. Public Random Drawing/Lottery Policy

Amanda McArthur made a motion to Approve Public Random Drawing/Lottery Policy.

Johnny Tran seconded the motion.

We are revising our current lottery policy for the 2021-22 school year. Historically we haven't needed to do a lottery. However, with a state budget cap and authorizer growth limit we will be limited to how many we can enroll for 2021-22.

The new policy outlines the first spots would go to siblings, then to the open public (2 spots to each in Dehesa school boundaries). The lottery could also be based on grade level and county.

Amanda McArthur asked when the lottery would take place. There is not yet a specific date determined but will be posted on website and advertised when determined.

The board **VOTED** unanimously to approve the motion.

The Board took a 5 minute break at 6:38

IV. Other Business

A. Executive Director Support and Evaluation Policy and Procedure & Timelines

Johnny Tran made a motion to Approve Procedure, April to April timeline and transition timeline.

JD Luckesen seconded the motion.

Job Description

Current years Job description in the packet (page 334)

Process for revision and refinement

- Started with ED's job description from last year and articles from Board on Track
- Met with governance coaches BOT
- Met with Bradley Johnson (authorizer)

Reviewed by industry professionals and C-Suite executives. Committee asked for comments, feedback, questions on job description before finalized. They adjusted the evaluation timeline by 3 months. This timeline first better with Executive Director's school year schedule for goal setting. This also makes budgeting for next year more exact with compensation in April.

Timeline

Check-ins will now also be adjusted. Originally had two but now dropped to one. June report on annual goals to include wrap-up of annual goals as the final evaluation takes place in March. There will be monthly, informal check-ins. Committee asked if the board had any feedback/questions on timeline.

Compensation Procedure

Conferred on procedure with legal counsel and Charter Impact.

CSEC is working on comparability data compilation and recommends hiring a third-party this year. There will be self-reflection and request for compensation by

Executive Director. CSEC will make salary and benefit recommendation to Board at April Board meeting.

Open Session vs. closed session

- All discussion of compensation for the ED needs to happen in open session.
- Any discussion of compensation that is tied to ED's performance or evaluation can happen in closes session, but no decisions or votes may be made.

The suggestion would be made to get 3rd party data only every 2-3 years. JD Luckesen suggested to do it more frequently, if we were posting the job it would help us to be more competitive with other job offerings.

Amanda McArthur shared out the Timeline as per Procedure (April to April) for the Executive Director Evaluation

Amanda McArthur shared out about the Timeline for next year (page 348 in packet)

Amanda McArthur shared the timeline for current year.

- Krystin's parent survey is due March 12th. Krystin will aggregate and submit a report through BOT
- Customize questions for evaluations
- Krystin will complete her evaluation and upload her evidence to Board on Track
- Direct Reports and applicable staff complete evaluation on Board on Track

Amanda McArthur showed where to locate evaluation documents on Board on Track.

Committee asked if the board had any feedback/questions before voting.

The board **VOTED** unanimously to approve the motion.

Report on the Financial Statements

We have audited the accompanying financial statements of Pacific Coast Academy, which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Pacific Coast Academy as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters*Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information identified in the table of contents, as required by the *2019-20 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed in Title 5, *California Code of Regulations*, Section 19810 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 24, 2021, on our consideration of Pacific Coast Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

PACIFIC COAST ACADEMY

Notes to the Financial Statements

Year Ended June 30, 2020

A. Principal Activity and Summary of Significant Accounting Policies*Organization*

Pacific Coast Academy (the School) was formed on May 2, 2017 as a charter school pursuant to California Education Code §47600 under a charter agreement with Dehesa Elementary School District (the District). The School became a nonprofit public benefit corporation on November 8, 2017. The charter agreement was approved by Dehesa Elementary School District and submitted to the California Board of Education in April 2017. The school began operations on July 1, 2017.

Pacific Coast Academy is a tuition-free, K-12 independent study charter school. The School offers an online and offline based curriculum, academically accelerated instructional program with thematic units, project-based learning, and enriched to support students who have the desire to work ahead or work deeper in their studies.

Basis of Accounting

The financial statements were prepared in accordance with accounting principles generally accepted in the United States of America as applicable to not-for-profit organizations. The School uses the accrual basis of accounting, under which revenues are recognized when they are earned, and expenditures are recognized in the accounting period in which the liability is incurred.

Cash and Cash Equivalents

The School considers all cash and highly liquid financial instruments with original maturities of three months or less, which are neither held for nor restricted by donors for long-term purposes, to be cash and cash equivalents.

Accounts Receivable

Accounts receivables consist primarily of noninterest-bearing amounts due to the School for federal, state, and local grants and contracts receivable. The amounts in accounts receivable are considered fully collectable and as such there has not been an allowance for uncollectable accounts or discount established for the School.

Property and Equipment

The School records property and equipment additions over \$5,000 at cost, or if donated, at fair value on the date of donation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets ranging from 3 to 30 years, or in the case of capitalized leased assets or leasehold improvements, the lesser of the useful life of the asset or the lease term. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any resulting gain or loss is included in the statements of activities. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed in the current period.

PACIFIC COAST ACADEMY

Notes to the Financial Statements

Year Ended June 30, 2020

The School reviews the carrying values of property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the year ended June 30, 2020.

Investments

The School records investment purchases at cost, or if donated, at fair value on the date of donation. Thereafter, investments are reported at their fair values on the statement of financial position. Net investment return/(loss) is reported in the statement of activities and consists of interest and dividend income, realized and unrealized capital gains and losses, less external and direct internal investment expenses.

Net Assets

Net assets, revenues, gains and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenue and Revenue Recognition

The School recognizes revenue from sales when the products are transferred, and services are provided. The school records special events revenue equal to the cost of direct benefits to donors, and contribution revenue for the difference. Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met. The School's federal, state, and local contracts and grants are conditioned upon certain performance requirements and the incurrence of allowable qualifying expense. Consequently, at June 30, 2020 there were no conditional contributions, federal, state and local contracts recognized in the accompanying financial statements.

Donated Services and In-Kind Contributions

Volunteers contribute significant amounts of time to the School's program services, administration, and fundraising and developing activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles.

Advertising

Advertising costs are expensed as incurred and approximated \$0 during the year ended June 30, 2020.

Functional Allocation of Expenses

The costs of program and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the program and supporting services benefited.

Income Taxes

The School is a 509(a)(1) publicly supported non-profit organization that is exempt from income taxes under Sections 501(a) and 501(c)(3) of the Internal Revenue Code. The School is also exempt from California franchise or income tax under Section 23701d of the California Revenue and Taxation Code. The School may be subject to tax on income which is not related to its exempt purpose. For the year ended June 30, 2020, no such unrelated business income was reported and, therefore, no provision for income taxes has been made.

The School follows provisions of uncertain tax positions as addressed in ASC 958. The School recognizes accrued interest and penalties associated with uncertain tax positions as part of the income tax provision, when applicable. There are no amounts accrued in the financial statements related to uncertain tax positions for the year ended June 30, 2020.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the School to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates, and those differences could be material.

Financial Instruments and Credit Risk

The School manages deposit concentration risk by placing cash with financial institutions believed by the School to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, the School has not experienced losses in any of these accounts. Credit risk associated with contributions receivable is considered to be limited due to high historical collection rates and because substantial portions of the outstanding amounts are due from board members and individuals supportive of the Schools mission.

LCFF Revenues and Payments in Lieu of Property Taxes

The School's primary funding source is a combination of local property taxes and state revenues. The California Department of Education computes the local control funding formula (LCFF) on statewide charter school rates multiplied by the School's average daily attendance (ADA) as reported at the second principal apportionment period (P2). The result is then reduced by property tax revenues transferred from the District to the School, which is funding in lieu of property taxes, and education protection account funds paid by the state under Proposition 30. The remaining balance is paid from the state general fund, in the form of LCFF State Aid. LCFF funding sources, inclusive of state and local sources, made up 91.55% of the School's revenue.

PACIFIC COAST ACADEMY
Notes to the Financial Statements (Continued)
Year Ended June 30, 2020

The School is not at risk of losing these funding sources, as long as the schools maintain a steady level of ADA, as these funding sources are mandated by the California State Constitution to fund schools.

These updates were issued to provide clarification and simplification in accounting for certain transactions. In addition, they provide for additional note disclosures to create transparency involving these transactions. The updates effective during the 2019-20 fiscal year did not impact the financial accounting or presentation for the School.

Subsequent Events

In preparing these financial statements, the School has evaluated events and transactions for potential recognition or disclosure through March 24, 2021, the date the financial statements were available to be issued.

PACIFIC COAST ACADEMY
Notes to the Financial Statements (Continued)
Year Ended June 30, 2020

B. Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

Cash and cash equivalents	\$ 3,978,337
Accounts receivable	5,703,993
Accounts receivable - related entities	5,320,076
	<u>\$ 15,002,406</u>

C. Fair Value Measurements and Disclosures

The School reports certain assets and liabilities at fair value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal, or most advantageous, market at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available. A three-tier hierarchy categorizes the inputs as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that we can access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs.
- Level 3: Unobservable inputs for the asset or liability. In these situations, the School develops inputs using the best information available in the circumstances

In some cases, the inputs used to measure the fair value of an asset or a liability might be categorized within different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the measurement. Assessing the significance of a particular input to entire measurement requires judgment, taking into account factors specific to the asset or liability. The categorization of an asset within the hierarchy is based upon the pricing transparency of the asset and does not necessarily correspond to the School's assessment of the quality, risk, or liquidity profile of the asset or liability.

The Organization has funds at the San Diego County Treasury which invests funds in various markets such as CDs, money market, and U.S. government obligations. Those CDs and U.S. government obligations are valued by the custodians of the securities using pricing models based on credit quality, time to maturity, stated interest rates, and market rate assumptions and are classified within Level 2.

Total cash and cash equivalents	<u>\$ 3,978,337</u>

Cash in County Treasury

The Organization is a voluntary participant and therefore maintains a portion of its cash in the San Diego County Treasury as part of the common investment pool (\$602,837 as of June 30, 2020). The County Treasury is restricted by Government Code §53635 pursuant to §53601 to invest in time deposits, U.S. Government Securities, state registered warrants, notes or bonds, State Treasurer's investment pool, banker's acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse agreements.

The fair value of the Organization's investment in this pool is reported in the accompanying financial statements at amounts based upon the Organization's pro-rata share of the fair value provided by the County Treasury for the entire County Treasury portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasury, which are recorded on an amortized cost basis. Cash may be added or withdrawn from the investment pool without limitation.

Cash in Bank

The School's remaining cash (\$3,375,500 as of June 30, 2020) is held in financial institutions which are either insured by the Federal Deposit Insurance Corporation (FDIC) up to a limit of \$250,000 per depositor or certain non-interest-bearing accounts that are fully insured by the FDIC. As of June 30, 2020, the School held \$3,526,741 in excess of the FDIC insured amounts. The School reduces its exposure to risk by maintaining such deposits with high quality financial institutions. The School has not experienced any losses in such accounts and believe it is not exposed to any significant credit risk.

I. Notes Payable

Paycheck Protection Program

On April 29, 2020 Pacific Coast Academy was approved for \$3,093,725 in Paycheck Protection Program (PPP) Loan from the Small Business Administration. The PPP, established as part of the Coronavirus Aid, Relief and Economic Securities Act (CARES Act), provides for loans to qualifying businesses for amounts up to 2.5 times of the average monthly payroll expenses of the qualifying business. The loans and accrued interest are forgivable after 24 weeks as long as the borrower uses the loan proceeds for eligible purposes, including payroll, benefits, rent and utilities, and maintains its payroll levels. The amount of loan forgiveness will be reduced if the borrower terminates employees or reduces salaries.

The unforgiven portion of the PPP loan is payable over two years at an interest rate of 1%, with a deferral of payments for the first six months. The School intends to use the proceeds for purposes consistent with the PPP. While the School currently believes that its use of the loan proceeds will meet the conditions for forgiveness of the loan, there is not a guarantee that the School will not take actions that could cause the School to be ineligible for forgiveness of the loan, in whole or in part.

Note Payable

Pacific Coast Academy entered into a RAN loan agreement during the 2019-20 fiscal year for cash flow purposes. The loan was paid back during the year except for a final interest amount of \$2,698, which will be paid in the 2020-21 fiscal year.

Short Term Loan Payable

During the 2019-20 year the School entered into agreements with Charter School Capital (CSC), whereby CSC provided discounted cash up front secured by future accounts receivables. The receivables get collected by the School following which a payment is made to CSC. The total face value and discount of receivables is shown below.

K. Employee Retirement System

Qualified employees are covered under a multiple-employer defined benefit pension plan by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS). The risks of participating in this multi-employer plan are different from single-employer plans in the following aspects:

- a. Assets contributed to the multi-employer plan by one employer may be used to provide benefits to employees of the other participating employers.
- b. If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.
- c. If the Schools choose to stop participating in some of its multi-employer plans, the Schools may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

The School's participation in this plan for the fiscal year ended June 30, 2020, is outlined in the table below. The "EIN/Pension Plan Number" column provides the Employee Identification Number (EIN) and the three-digit plan number, if applicable. Unless otherwise noted, the most recent Pension Protection Act (PPA) zone status available in 2020, 2019 and 2018 is for the plan's year-end at June 30, 2020, 2019 and 2018, respectively. The zone status is based on information that the School received from the plan and is certified by the plan's actuary. Among other factors, plans in the red zone are generally less than 65% funded, plans in the yellow zone are less than 80% funded, and plans in the green zone are at least 80% funded. The "FIP/RP Status Pending/Implemented" column indicates plans for which a financial improvement plan (FIP) or a rehabilitation plan (RP) is either pending or has been implemented.

Period to Period Comparability:

Pacific Coast Academy for the Arts and Sciences decreased in CalSTRS contributions from 2018 to 2019 by 29.34% followed by an increase in 2020 of 184.27%. The increase in 2020 were in large due to rising contribution rates and completion of extra hiring.

CalSTRS:

The School contributes to the California State Teachers' Retirement System (CalSTRS), a cost-sharing multiple employer public employee retirement system defined benefit pension plan administered by CalSTRS. Required contribution rates are set by the California Legislature and detailed in Teachers' Retirement Law. Contribution rates are expressed as a level of percentage of payroll using the entry age normal actuarial cost method. CalSTRS also uses the level of percentage of payroll method to calculate the amortization of any unfunded liability. Copies of the STRS annual report may be obtained from the STRS, 7667 Folsom Boulevard, Sacramento, California 95826.

For the fiscal year ended June 30, 2020, active plan members were required to contribute between 10.205% and 10.25% of their salary, depending on their hire date. The employer contribution rate was 17.1% of annual payroll. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. The School made contributions as noted above. For the year ended June 30, 2020 the State contributed \$2,334,685 (10.328% of certificated salaries plus a supplemental on behalf amount) on behalf of the School.

L. Related Party Transaction

Related parties as defined by generally accepted accounting standards include:

1. Affiliates of the entity,
2. Management and members of their immediate families, or
3. Other parties that can significantly influence management or operating policies.

Cabrillo Charter School, Clarksville Charter School, Feather River Charter School, Heartland Charter School, Inspire Charter School Los Angeles, Pacific Coast Academy, The Cottonwood School, Triumph Academy, Winship Community School, Yosemite Valley Charter School, Inspire District Office, Inspire Charter Services, Inspire Foundation and Jitterbug Learning are related parties through common executive leadership and activities. These organizations utilize efficiency in purchasing and payroll through macro transactions that benefit all the schools within the Inspire umbrella and then having each individual school be responsible for their portion. This saves money through eliminating extra intermediary costs and lets the group utilize discounted bulk purchasing options.

N. COVID-19 Impact and Considerations

In March 2020 the World Health Organization declared the outbreak of the novel coronavirus COVID-19 a global pandemic. The nature of the pandemic resulted in a mandatory school property closure affecting the Pacific Coast Academy from March 24, 2020 and continuing into the Fall of 2020-21 school year. California Governor Gavin Newsom issued a state-wide executive order mandating that schools remain closed until the county in which the school is located is off the COVID-19 watch list for fourteen consecutive days. The 2020-21 fiscal year opened in a fully distance learning model, until such time as campuses can be re-opened. At this point in time the Pacific Coast Academy campuses remain closed until San Diego County meets the benchmark requirements.

In addition to school closures, new regulations and safety measures were required to be put in place by all schools in California as part of a re-opening plan. The Pacific Coast Academy has established a re-opening plan that they believe will provide a safe environment for the students and teachers.

The federal and state government have established temporary funding to assist in the additional costs that resulted from the COVID-19 pandemic. All California schools are eligible for these funds. Due to timing of the grant disbursements, the Pacific Coast Academy did not expend any of the funds in the 2019-20 fiscal year. The funds remain available for the 2020-21 fiscal year. Additionally, for the 2019-20 fiscal year, the state placed all schools in a hold harmless state shifting attendance reporting periods to a point prior to the pandemic to prevent sudden losses of attendance from impacting funding for the 2019-20 fiscal year. Finally, funding for the 2020-21 fiscal year is frozen at amounts provided in 2019-20 for all California schools, with adjustments based on the Governor's budget. The School has established their 2020-21 budget with this in consideration.

For the purpose of preventing losses of attendance-based funding as a result of reductions in average daily attendance (ADA) due to COVID19, this legislation provided that the ADA used for both the second period (P2) and the Annual period apportionment include all full school months from July 1, 2019 to February 29, 2020 for all local education agencies (LEAs).

Independent Auditor's Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

To the Board of Education
Pacific Coast Academy
Bakersfield, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Pacific Coast Academy (School), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 24, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Pacific Coast Academy's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Pacific Coast Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of Pacific Coast Academy's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Pacific Coast Academy's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Those standards and audit guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on the state programs noted below. An audit includes examining, on a test basis, evidence about each school's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the School's compliance with those requirements.

In connection with the audit referred to above, we selected and tested transactions and records to determine the School's compliance with state laws and regulations applicable to the following items:

Part 3: Maintaining a Safe and Orderly Environment

It is a priority of the administration and staff at Pacific Coast Academy that every student who attends our school will be provided with an environment in which the students not only feel physically safe, but that there is also a positive school climate in all activities.

Our administration and staff desire to provide an orderly, caring, and nondiscriminatory learning environment in which all students can feel comfortable and take pride in their school and their achievements.

Our administration encourages staff to teach students the meaning of equality, human dignity, and mutual respect, and to employ cooperative learning strategies that foster positive interactions among students from diverse backgrounds.

Students shall have opportunities to voice their concerns about school policies and practices and to share responsibility for solving problems that affect their school. Staff shall encourage and reward success and achievement, participation in community projects, and positive student conduct.

Our school network promotes nonviolent resolution techniques in order to encourage attitudes and behaviors that foster harmonious relations. Staff shall receive training which implements and supports conflict resolution (~~California Education Code Sections 32230-32239, 35160, 35160.1, 44806~~).

Pacific Coast Academy remains in compliance with existing laws related to school safety. This plan outlines several elements critical to maintaining a safe school environment.

Comprehensive School Safety Plan

Pacific Coast Academy
Section A: General Information – School Safety - ~~Includes Employee Fingerprint/Background Check – Ed Code 44237~~
Part 4: Criminal Background Check

CRIMINAL BACKGROUND CHECK

Pacific Coast Academy recognizes the importance of maintaining a safe workplace with employees who are honest, trustworthy, qualified, reliable, and nonviolent, and do not present a risk of harm to students, coworkers or others. Pacific Coast Academy will perform applicant background checks and employee investigations as required by Education Code section 47605 (c)(5)(F)(i) ~~to~~ ~~the~~ ~~school~~, which requires that “each employee of the school furnish the ~~charter~~ school with a criminal record summary”.

All employees must have Live Scan fingerprint results on file with Human Resources. Proof of Live Scan fingerprinting is a requirement of employment and the results must be provided to Pacific Coast Academy prior to the first day of work. Live Scan fingerprinting will be required of all job applicants, employees, and volunteers as required by California and federal law. Background checks may also be required of employees whose job duties involve care of students, handling of money, valuables or confidential information, or as otherwise deemed prudent by the school. These background checks are performed through a fingerprinting service coordinated by the California Department of Justice (DOJ) and the Federal Bureau of Investigation (FBI). Any and all information obtained by Pacific Coast Academy may be taken into consideration in evaluating one’s suitability for employment, promotion, reassignment, or retention as an Employee.

Pacific Coast Academy shall also request subsequent arrest notification from the Department of Justice and take all necessary action based upon such further notification.

Pacific Coast Academy may occasionally find it necessary to investigate current employees, where behavior or other relevant circumstances raise questions concerning work performance, reliability, honesty, trustworthiness, or potential threat to the safety of coworkers, students or others. Employee investigations may, where appropriate, include credit reports and investigations of criminal records, including appropriate inquiries about any arrest for which the employee is out on bail. In the event that a background check is conducted, Pacific Coast Academy will comply with the federal Fair Credit Reporting Act and applicable state laws, including providing the employee with any required notices and forms. Employees subject to an investigation are required to cooperate with Pacific Coast Academy’s lawful efforts to obtain relevant information, and may be disciplined up to and including suspension without pay and/or termination for failure to do so.

Employees with adverse background information (such as certain specific criminal conviction) may be ineligible for employment with Pacific Coast Academy.

Section B: Child Abuse Reporting Procedures - Penal Code 11164, <i>et seq.</i> ~~5.5 & 6~~
Part 1: Child Abuse Reporting Procedures

Child abuse reporting law (Penal Code Section 11164, *et seq.* 6) requires that a Pacific Coast Academy employee who has reason to believe that a child has been subjected to abuse, report the incident to the proper authorities.

At Pacific Coast Academy, protecting children from child abuse is a major priority. Each year the administration sets aside time to meet with staff to discuss child abuse indicators and to remind teachers of the procedures to follow when abuse is suspected and provide annual training regarding the required procedures for mandated reporters.

Employees of Pacific Coast Academy are familiar with Penal Code Section 11166 and understand the requirement that certificated and classified personnel report suspected child abuse immediately or as soon as practically possible to Children's Protective Services by telephone. They are aware that a call must be followed within at least 36 hours by a written report to the child protective agency.

All staff is aware of the location of a Child Abuse Information Folder that is kept on file and updated regularly. It includes informational literature, guidelines for recognizing abuse and specific directions for reporting it.

The determination as to who should be contacted will depend greatly upon the situation at hand. The local law enforcement agency will dispatch a unit to the school as soon as possible. Children's services may take much longer to respond. School personnel should always take into consideration the severity of the abuse and the extent to which the student's safety is at risk.

Part 1: Child Abuse Reporting Procedures

The requirements of school personnel and the identification and reporting of known or suspected child abuse to a protective agency is mandated by the State of California Penal Code. From California Penal Code Section 11166

The mandated reporter shall make an initial report by telephone to the agency immediately or as soon as is practicably possible, and shall prepare and send, fax, or electronically transmit a written follow up report within 36 hours of receiving the information concerning the incident. ~~shall report the known or suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report thereof within 36 hours of receiving the information concerning the incident.~~

~~Pacific Coast Academy~~ ~~—Child Abuse Prevention Programs~~

When School Employees are Accused of Child Abuse

Regardless of who child abusers may be, the major responsibilities of mandated reporters are to (1) identify incidents of suspected child abuse, and (2) comply with laws requiring reporting of suspected abuse to the proper authorities. Determining whether or not the suspected abuse actually occurred is not the responsibility of the school employee. Such determination and follow-up investigation will be made by a child protective agency.

Parent/guardians or members of the public accusing school employees of child abuse should be made aware of the ramifications of making false reports and should be provided with information regarding child abuse and child abuse reporting.

Pending the outcome of an investigation by a child protective agency and prior to the filing of formal charges, the employee may be subject to reassignment or a paid leave of absence.

Disciplinary action resulting from the filing of formal charges or upon conviction shall be in accordance with ~~district~~ School policies and/or, regulations ~~and/or collective bargaining agreements~~. The Executive Director or designee should consult with legal counsel in implementing either suspension or dismissal.

Section C: Emergency ~~Procedures, Routine and Emergency-Disaster Plans~~ - Ed Code 3228 ~~27~~ ; CCR Title 8, Sec 3220 ADA
Part 1: General Information - Disaster

Pacific Coast Academy will take all necessary measures to keep students, staff and visitors safe in the event of a disaster. The following sections of this plan outline basic responsibilities for all staff for specific incidents

The Pacific Coast Academy has developed a Standardized Emergency Management System (SEMS) Plan that outlines in more detail, specific responsibilities for Emergency Response Teams at this school.

This Emergency Action Plan is being developed to provide information to the staff at Pacific Coast Academy to ensure pertinent information is available in the case of an incident that warrants a response. It is written in accordance with California Code of Regulations, Title 8, Section 3220 which outlines the components required for a plan. There are also components of the Standardized Emergency Management System (SEMS) and National Incident Management System (NIMS), including the Incident Command System incorporated in this plan. The purpose for the inclusion is that while Pacific Coast Academy may not have students on site, it will serve as an Emergency Operations Center if a multi-site incident occurs and support is needed for school or local community. At that time, the role of Pacific Coast Academy would be to serve as a resource and clearinghouse for information.

The plan is developed with a multi-hazard perspective to make it applicable to the widest range of emergencies and disasters, both natural and human caused. However, Administrators retain the flexibility to modify procedures and/or organization structure as necessary to accomplish the emergency response and recovery missions in the context of a particular hazard scenario.

PLAN IMPLEMENTATION

A key component to this plan is the Incident Command System (ICS). The five basic functions of: Management, Operations, Logistics, Planning/Intelligence and Finance/Administration must remain consistent, but the formation of the teams within those sections can be flexible to meet each school's needs.

To properly complete the EOP, the school needs to: (1) Assign roles for Management staff and Section Chiefs (2) form the site emergency teams, (3) provide the appropriate training for all staff (4) conduct exercises to test the plan, and (5) update the plans as needed.

Employees shall be offered training on the specifics of this plan when it is initially developed and when new employees are hired. Employees should be retrained when the plan changes due to a change in the layout or design of the facility, when new equipment, hazardous materials, or processes are introduced that affect evacuation routes, or when new types of hazards are introduced that require special actions. It would also be helpful to provide annual awareness training as a reminder. General training for employees should address the following:

- Individual roles and responsibilities.
- Threats, hazards, and protective actions.
- Notification, warning, and communications procedures.
- Emergency response procedures.
- Evacuation, shelter, and accountability procedures.
- Location and use of common emergency equipment.
- Emergency shutdown procedures.

Additional training may also need to be provided (i.e. first-aid procedures, portable fire extinguisher use, etc.) depending on the responsibilities allocated to employees in the plan.

Once the emergency action plan has been reviewed with employees and everyone has had the proper training, it is a good idea to hold practice drills as often as necessary to keep employees prepared. Include outside resources such as fire and police departments when possible. After each drill, gather management and employees to evaluate the effectiveness of the drill. Identify the strengths and weaknesses of your plan and work to improve it.

ABOUT EMERGENCY MANAGEMENT SYSTEMS

Through the years, those agencies responsible for disaster response have come up with several different models for coordinating that response. Although these models differ, they share a common background: The Incident Command System (ICS). As a member of your school's emergency response team, you will need to be familiar with ICS and the emergency management systems used in California.

Incident Command System (ICS) Developed in the 1970's by Southern California Fire Protection Agencies, this system was designed to coordinate multi-jurisdictional response. The beauty of ICS is that it is based upon common terminology and on the division of response activities into five functional units that essentially eliminates the possibility of the duplication of efforts. ICS became the model for the state's system.

Standardized Emergency Management System (SEMS) Developed in response to the lack of agency and multi-jurisdictional coordination during the Oakland Fires of 1991, SEMS became the state-wide standard for coordinated emergency response. All agencies involved in emergency response are legally required to use SEMS. In fact, the **STATE** reimbursement of local costs incurred for emergency response/recovery is tied to the use of SEMS.

National Incident Management System (NIMS) After the national tragedy on September 11, 2001, it became clear that the country needed an emergency response system to address incidents that affected the entire nation. The national government looked at the system used in California and used it as a model to develop a national response system called NIMS. It is a FEMA approved emergency response system and will become the national model. National compliance was expected by 2006 but is still in progress. **FEDERAL** funding for emergency response/recovery grants is tied to the use of NIMS.

SCHOOL RESPONSE

Education Code section 32282(a)(2)(B)(i) requires schools to establish an earthquake emergency procedure system in every public school building having an occupant capacity of 50 or more pupils or more than one classroom. The charter school may work with the Office of Emergency Services and the Alfred E. Alquist Seismic Safety Commission to develop and establish the earthquake emergency procedure system. ~~In 1994 the State of California legislators passed the Petris Bill. This bill requires schools (who are considered to be special districts) to use the SEMS model in planning for, and responding to, school emergencies and disasters. HOMELAND SECURITY PRESIDENTIAL DIRECTIVE HSPD-5, which mandated the development and implementation of NIMS, now requires schools to integrate that system into their plans as well.~~

WHAT SPECIFIC LAWS* APPLY TO SCHOOLS

~~THE FIELD ACT~~ (~~Garrison Act and Riley Act~~)

~~Sets building code standards for construction and remodeling of public schools and assigns the responsibility for assuring building code compliance to the Division of the State Architect.~~

~~THE KATZ ACT~~ Earthquake Emergency System

Requires schools to establish an earthquake emergency system:

- Develop a disaster plan
- Conduct periodic drop and cover drills, evacuation procedures and emergency response actions—once each quarter in elementary schools and once each semester in secondary schools
- Provide training to students and staff in emergency response procedures
- Be prepared to have ~~your~~ the charter school serve as a possible public shelter
- Take mitigation measures to ensure the safety of students and staff—such as securing equipment and furniture

~~PUBLIC EMPLOYEES ARE DISASTER SERVICE WORKERS~~

~~California Government Code Section 3100~~

~~All school employees are considered disaster service workers when:~~

- ~~○ A local emergency has been proclaimed~~
- ~~○ A state emergency has been proclaimed~~
- ~~or,~~
- ~~○ A federal disaster declaration has been made~~

~~NOTE: During a declared disaster, school employees are required, by law, to serve as disaster service workers and cannot leave their school site until formally released.~~

- ~~○ Certificated employees risk losing their teaching credentials~~
- ~~○ Classified employees may be charged with a misdemeanor~~

~~*This is not a legal opinion, confirmation is required determine if your organization is exempt from any regulations targeting schools. The assumption is that the laws apply to all public schools.~~

POST-DISASTER SHELTERS

Schools are required by both federal statute and state regulation to be available for shelters following a disaster.

- The American Red Cross has access to schools to set up shelters
- Local governments have access to schools to set up shelters
- Plan and make arrangements in advance to assure that you are prepared.

~~THE PETRIS BILL~~

~~California Government Code Section 8607~~

~~Requires schools to respond to disasters using the Standardized Emergency Management System (SEMS) by December 1996.~~

- ~~▪ ICS (Incident Command System) organizing response efforts into five basic functions: Management, Operations, Logistics, Planning/Intelligence and Finance/Administration~~
- ~~▪ EOC (Emergency Operations Center) setting up a central area of control using the five basic functions~~
- ~~▪ Coordinate all efforts with the operational area (county) EOC, city EOC and county office of education EOC~~
- ~~▪ Incorporation of SEMS into all school plans, training and drills~~
- ~~▪ Documentation of the use of SEMS during an actual emergency~~

~~HOMELAND SECURITY PRESIDENTIAL DIRECTIVE HSPD-5~~

~~February 28, 2003~~

~~On February 28, 2003, President George W. Bush issued Homeland Security Presidential Directive 5 (HSPD-5). HSPD-5 directed the Secretary of Homeland Security to develop and administer a National Incident Management System (NIMS).~~

~~HSPD-5 requires Federal departments and agencies to make the adoption of NIMS by state and local organizations a condition for Federal preparedness assistance (grants, contracts and other activities) by Fiscal Year 2005.~~

~~**NIMS training requirements:** All school employees (as designated Disaster Services Workers) are to complete ICS100, ICS200 and IS700.)~~

~~USING SEMS AND NIMS IN YOUR SCHOOL—AN OVERVIEW~~

~~Within SEMS and NIMS, an emergency response organization, known as the Incident Command System, consists of five Sections:~~

~~**Management:** responsible for policymaking with respect to disaster planning and preparedness and for the overall coordination of emergency response and recovery activities. This section has four members, the EOC Director/Incident Commander (IC), the Public Information Officer (PIO), the Safety Officer, and the Liaison Officer (LO). In short: they are *the leaders*.~~

~~**Planning/Intelligence:** responsible for creating the action plans and checklists that will be used by all of the sections during crisis response and recovery. The section is comprised of two teams: the Situation Status Team and the Documentation Team. During an emergency, these teams gather, analyze, disseminate, and record information critical to the functioning of the Management Section. Planning/Intelligence are often referred to as *the thinkers*.~~

~~**Operations:** responsible for response preparedness of the Assembly/Shelter, Communications, Crisis Intervention, Light Search and Rescue, First Aid, Student Release/Staff Accounting, and Maintenance/Fire/Site Security Teams. During a disaster, this section directs response activities of all of these teams and coordinates that response with the Management Section. These folks represent *the doers*.~~

~~**Logistics:** prior to a disaster, this section is in charge of creating a transportation plan, and ensuring that there are adequate supplies of food, water, and equipment for crisis response. During an emergency, the section's two teams, the Supplies/Staffing Team and the Transportation Team provide services, personnel, equipment, materials, and facilities, as needed. They are *the getters*.~~

~~**Finance/Administration:** in charge of creating policies and procedures for documenting costs associated with emergency response. This section has one team, called the Recordkeeping Team. During a disaster, they activate contracts with vendors, keep time records, track receipts, and account for expenditures. Their efforts make it possible for schools to reclaim costs associated with response and recovery activities from the state. They also gather all paperwork and~~

documentation at the end of the incident for inclusion in the After Action Report (AAR). They are called *the payers*.

THE EMERGENCY OPERATIONS CENTER

During an emergency, the Management Section gathers together in an area/room to set up a “command center” also known as the Emergency Operations Center (EOC). In the EOC, the Management Section makes decisions affecting response activities based upon information coming in from the Section Chiefs.

A Word About Unified Command

The control of and response to emergencies is the sole responsibility of the site teams *until* first responders arrive. Once they arrive, incident command transitions to **“Unified Command.”** This transition is immediately facilitated by an on-site briefing of first responders by the Management Staff and Section Chiefs. Following the initial briefing, the site’s Incident Commander will begin to work closely with representatives of each response agency to plan and carry out response activities. Other employees may be asked to participate as well, depending upon the incident at hand and the available staffing of emergency responders. All staff should be prepared to participate if necessary.

In the EOC, this means that first responder representatives will essentially be running response activities in consultation with the organization’s Management Staff and Section Chiefs. In the field, Team Leaders and Team Members will work alongside first response teams, *unless* the EOC Director/Incident Commander has deemed it is too dangerous or unsafe for them to do so. *Remember*, first responders are professionals. Work with them and take your cues from them.

The Dual Role of the School Office

- The School must organize to respond to incidents that occur at their location
 - Ensure that the School has a functional Emergency Action Plan
 - Ensure that School staff are trained and well prepared
- The School office must also organize to provide support when the incident happens at school sites within the organization
 - Provide leadership
 - Provide assistance with response and recovery, when needed
 - Ensure that school staff are trained and well prepared
 - Ensure that each school has a functional Emergency Operations Plan

INCIDENT COMMAND SYSTEM AND DIVISION OF LABOR

Divisions of Labor

Each one of the five functions have certain roles and responsibilities during a disaster or school emergency. The Management Section oversees response activities in consultation with the Chiefs of the Operations, Logistics, Planning/Intelligence, and Administration/Finance Sections. Each of these sections in turn, has a team or teams tasked with implementing very specific components of the emergency response plan.

INSERT SITE MAP

Site map located in hard copy held on site.

(include life and fire safety elements, i.e. fire extinguishers, first aid kits, emergency supplies, etc.)

INSERT STAFF ROSTER

Staff roster located in hard copy held on site.

The following Standard Operating Procedures have been developed to address a multitude of incidents that could occur at a school office or student location. This is a living document that should be updated and modified as additional information is acquired. A hazard assessment should be conducted to identify specific areas of concern for your location in order to maximize the number of response situations included in this plan.

EVACUATION PROCEDURES

Earthquakes, fire, bomb threats, hazardous chemical spill, or an incident on or near campus are just a few examples of an emergency incident situation that may require that portions of a building or an entire school building be evacuated.

The building Emergency Preparedness Committee should identify evacuation areas on site and alternative off-sites areas should it be necessary to evacuate.

A safe evacuation route must be able to accommodate moving a large number of people, while not exposing employees to danger. The location and type of emergency necessitates evaluation and possible adjustments to the usual evacuation routes. This evaluation will determine if the building should be evacuated in segments or if stationing a person at certain exits is necessary so that staff can be re-routed away from danger.

The movement of staff out of buildings requires accounting for every employee. In order to account for staff, work area supervisors must have available employee lists so that missing or extra staff can be reported immediately to the Command Posts (school; law enforcement; fire). When evacuating their work area, work site supervisors must bring with them the location roster and emergency supplies.

During an evacuation, the following procedures must be followed:

- ✓ Move staff to the designated Evacuation Area.
- ✓ Take roll by completing Staff Accountability Form
- ✓ Runners collect Staff Accountability Report from classroom or work areas.
- ✓ If employee has an assignment on Emergency Management Team Organizational Chart, report to the Command Post (CP) and sign in.
- ✓ Report to Incident Commander (IC) for briefing and assignment.

LOCKDOWN/REVERSE EVACUATION PROCEDURES

Some emergencies may prevent safe evacuation and require steps to isolate staff from danger by instituting a lockdown. Other emergencies may occur prior to the work day, during break or lunch periods, or after the work day. When staff may be outside the school building or work site, a reverse evacuation should be initiated.

All employees must be familiar with the specific actions they must take during a lockdown or reverse evacuation. Discussions, training, and practice drills are essential to make these procedures workable.

In the event of a lockdown or reverse evacuation, work area supervisors must utilize the following procedures:

- ✓ If outside, move to the nearest building or room providing it is a safe route and that you are not moving in the direction of danger.
- ✓ If inside, stay inside.
- ✓ Lock door(s) to buildings and or work areas.
- ✓ If possible, quickly close all windows and then move away from the windows.
- ✓ Use caution when allowing late reporting staff to enter into a classroom.
- ✓ Have staff hide, if appropriate.
- ✓ Take roll using Staff Accountability Form.

Report any “extra” staff that sought cover in your work area. Take this form with you if you are directed by the Incident Commander to evacuate your work area at a later time.

- ✓ Await further instructions from the Incident Commander via public address system, phone or an e-mail notification to all staff.
- ✓ **DO NOT** use the telephone to call out as all lines must be kept open, unless there is a dire emergency in your work area.
- ✓ Remain in the room/office until a member of the Emergency Management Team or a law enforcement officer arrives with directions.

PROCEDURES FOR CONDUCTING A “SIZE-UP”

A “**SIZE-UP**” is a nine-step continual data gathering process that determines if it is safe to perform a certain emergency task, whether fire suppression, search and rescue, facilities assessment, etc. A size-up enables first responders to make decisions and respond appropriately in the areas of greatest need. The nine steps in a “**size-up**” are:

1. Gather Facts:

- What has happened?
- How many people are involved?
- What is the current situation?
- Does the time of day or week affect this situation?
- Do weather conditions affect the situation (e.g. forecast, temperature, wind, rain)?
- What type(s) of structures are involved?
- Are buildings occupied? If yes, how many?
- Are there special considerations involved (e.g. children, elderly, disabled)?
- Are hazardous materials involved at or near the situation?
- Are other types of hazards likely to be involved?

2. Assess and Communicate the Damage:

- Take a lap around each building and try to determine what has happened, what is happening now, and what may happen next.
- Are normal communications channels functioning (e.g. ICS, radios, e-mail, phones)?

3. Consider Probabilities:

- What is likely to happen?
- What is the worst-case scenario?

4. Assess Your Own Situation:

- Are you in immediate danger?
- Have you been trained to handle this situation?
- What resources are available which can assist with your current situation?

5. Establish Priorities:

- Are lives at risk? Remember, life safety is the first priority!
- Can you and available resources handle this situation SAFELY without putting others at risk?
- Are there more pressing needs at the moment? If yes, what are they?

6. Make Decisions:

- Base decisions on the answers to Steps 1 through 3 and the priorities that your team has established.
- Where will deployment of resources do the most good while maintaining an adequate margin of safety?

7. Develop an INCIDENT ACTION PLAN:

- Develop a plan that will help you accomplish your priorities.

- Simple plans may be verbal, but more complex plans should always be written.
- Determine how personnel and other resources should be deployed.

8. Take Action:

- Execute your plan, documenting deviations and status changes so that you can accurately report the situation to first responders, the Incident Command Post, the EOC, or other agencies that respond to the scene (e.g. fire, law enforcement, medical, media, coroner, parents).

9. Evaluate Progress:

- At reasonable intervals, evaluate progress in accomplishing the objectives in the plan of action (Incident Action Plan) to determine what is working and what changes you may have to make to stabilize the situation

BOMB THREAT

TELEPHONE BOMB THREAT

- During the call, complete the bomb threat checklist found on the next page.
- Stay on the line with the caller as long as possible, continuing to try and obtain more information about the threat.
- Have someone else call **911** (first 9 is to obtain outside line) and notify the School office.
- Without using portable radios or cell phones, organize a meeting with the school's Emergency Management Team (EMT). Radio and cell phone usage can resume once you are 300 feet away from school premises as a bomb could be hidden outside.
- If necessary, implement the ICS with only those positions deemed necessary.
- Assign a recorder to document events as they take place.
- Any search of the site should be done under the direction of law enforcement.
- The decision to evacuate the location is the responsibility of the Executive Director or his/her designee.
- If an evacuation is ordered, do not touch anything while leaving the building. Report any suspicious items to the Incident Commander.
- Follow off-site evacuation procedures.
- If the caller identifies a location where the device has been placed, avoid evacuating through the identified area.
- EMT members responsible for off-site evacuation and student accounting should begin making preparations for an orderly transition of the students/staff to the evacuation site.
- If an announcement is made over the school PA to evacuate, remind teachers and site supervisors to bring their class or work area rosters and emergency supplies.
- When the off-site evacuation location is reached, account for all students and staff. Report missing students/staff to the Incident Commander. The Incident Commander will report missing students/staff to the law enforcement agency assisting with the evacuation.
- Re-entry onto the school campus can only take place at the direction of Incident Commander.

E-MAIL BOMB THREAT

- Save the e-mail message.
- Print a copy of the message and give to the Executive Director, law enforcement, and the Technology Department.

- Follow applicable procedures from above.

FIRE/EXPLOSION

Apart from arson, major causes of fires include improper handling and storage of flammable liquids, overloaded electrical outlets, and excessive accumulation of rubbish.

FIRE DRILL PROCEDURES

- NO advance notice of fire drills should be given to building occupants.
- All drills shall be conducted using the same procedures that would be followed in case of an actual fire.
- Fire drills should be conducted at different hours of the day.
- An appropriate number of staff members should know how to reset the fire alarm.
- Immediately after the alarm has sounded for the drill, call the Fire Department non-emergency number to advise that this is only a drill.
- Keep documentation for each drill and record notable events for future consideration/improvement.

POSTING OF EVACUATION ROUTES

- A map, showing the primary and secondary evacuation routes shall be posted inside each room. The evacuation map shall have the office location highlighted and be placed on the wall so that an arrow indicating the exit route is pointing in the direction of the exit from the room.
- The map shall be labeled “**EVACUATION PLAN**” in bold letters and prominently posted in hallways, offices, bathrooms, cafeterias, lounges.

FIRE/EXPLOSION CHECKLIST

- If fire or smoke is detected, or a burning odor is sensed, pull the closest fire alarm to initiate building evacuation procedures.
- Call **911** to report all known information about the incident.
- Site administration should assign a recorder to begin documentation of the event.
- Before leaving a work area, the work area supervisor or their designee should make sure all windows are closed.
- Procedures for anyone with special-needs should be planned in advance and practiced.
- Administration should initiate the Incident Command System (ICS) and the designee assumes the role of the Incident Commander (IC) and establishes a Command Post staging area.
- Supervisors are to complete the Staff Accountability Report.
- Data collected from the **Staff Accountability Form** will determine if the Incident Commander needs to activate additional portions of the ICS, such as First Aid, Medical, Search and Locate/Rescue, etc.
- Establish contact with fire and law enforcement agencies.
- The fire department will give clearance to site administration when it is OK for staff to re-enter the building or an alternative plan if the building will not be able to be occupied.

EARTHQUAKE

An earthquake's effect on facilities will vary from building to building. Fire alarm or sprinkler systems may be activated by the shaking. Elevators and stairways will need to be inspected for damage before they can be used. Another major threat during an earthquake is from falling objects and debris. Injuries may be sustained during the earthquake while evacuating the building(s) or upon re-entry. Use the following guidelines/procedures to manage the incident:

IF INDOORS

- **DROP, COVER AND HOLD ON** by getting under a desk or table. Protect eyes, head and neck.
- Move away from windows and objects that could fall.
- Stay under desk or table until shaking stops.
- Listen for emergency instructions.
- Evacuate building if necessary and stay away from buildings, utility poles and large objects while transferring to the assembly area.
- Account for all staff using Staff Accountability Report.

IF OUTDOORS

- Move away from buildings, utility poles and large objects.
- Avoid all downed electrical lines.
- Do not touch any wire or any metal objects.
- Sit down in a safe area.
- Move to assembly area and begin accounting for all staff.

IN VEHICLE:

- Stop vehicle in a safe location away from power lines, overpasses or buildings.
- Stay in vehicle and establish radio contact with School office.

GENERAL GUIDELINES (AFTER THE QUAKE):

- Be prepared for aftershocks and ground motion.
- Evaluate immediate area for earthquake related hazards (fire, building collapse, gas leaks, downed electrical lines, wires, etc.).
- Account for all staff.
- Activate necessary portions of the ICS in collaboration with the site emergency team.
- Determine injuries and provide basic first aid via Medical/First Aid Group.
- Call **911** if there is a major emergency that is life threatening. You may not get a response from **911** if a major disaster has occurred affecting a large local area. **As we have been warned, we may be on our own for several hours or days.**
- Establish communication with your Supervisor and Incident Commander
- Assist any law enforcement or fire units that may respond to your site.
- Control internal and external communications, including contact with school sites and city agencies by use of telephones, cell phones, radios, runners, e-mail, text messages, or other means.
- Refer all media inquiries to the PIO.
- In communication with the school sites, assess the overall situation, how long students and staff might be at school, how supplies might be distributed and sheltering of students and staff.

SHOOTING/STABBINGS

No single warning sign can predict that a dangerous act will occur; however, certain warning signs may indicate that someone is close to behaving in a way that is potentially dangerous to self and/or others. Imminent warning signs usually are present as a sequence of overt, serious, or hostile behaviors or threats directed at peers, staff (usually more than one staff member), as well as the person's immediate family.

IMMINENT WARNING SIGNS REQUIRE AN IMMEDIATE RESPONSE AND MAY INCLUDE THE FOLLOWING

- Physically fighting with peers or family members.
- Hostile interactions with law enforcement that involve a number of recorded incidents.
- Hostile interactions with staff and administration.
- Destruction of property (school, home, community).
- Severe rage for seemingly minor reasons.
- Detailed (time, place and method) threats (written and/or oral) to harm or kill others.
- Possession and/or use of firearms and other weapons.
- Self-injurious behaviors or threats of suicide.
- Is carrying a weapon, particularly a firearm, and has threatened to use it.

WHAT TO DO IF A SHOOTING/STABBING OCCURS AT THE SCHOOL OFFICE

- The first indications of a shooting may include: sound of gunfire, loud cracking sounds, banging noises, windows shattering, glass exploding, bullets ricocheting or a report of a stabbing incident on campus.
- Call **911**. Identify your address, and succinctly explain the emergency incident and exact location. Stay on the line until the **911** dispatcher has all the information needed to respond to the situation.
- Activate Incident Command System (ICS) with Emergency Management Team.
- Establish Command Post and appoint Incident Commander and communicate location to law enforcement and fire/rescue units.
- Notify appropriate individuals, i.e. Administrators, Policy Group.
- Provide information, when practicable, about the incident to staff via PA system, e-mail or by phone.
- Account for all staff members by using phone or e-mail or other communication means. Attempt to determine if the shooter/stabber is still on the work site.
- Attempt to determine if the weapon has been found or secured.
- Attempt to determine if the shooter/stabber has been identified.
- Assign a liaison (preferably an administrator) to interface with law enforcement and fire department.
- Liaison can supply law enforcement with radio or phone communication, phone numbers, maps, keys, and other information deemed pertinent to the safe operation of the incident.
- Gather witnesses in secure room for law enforcement questioning. **DO NOT** allow witnesses to talk to one another (to protect the investigation). Assign staff to stay with witnesses until law enforcement arrives.
- Develop plan to evacuate staff to an off-site or alternate evacuation area should it be necessary to evacuate the building.
- Gather information of staff members involved in the incident.
- Prepare written statements for telephone callers and media in cooperation with law enforcement and the Executive Director. Can a message be placed on the website?
- Provide a liaison representative for family members for any injured staff members.
- Provide Crisis Response Team to provide counseling and to help deal with any psychological factors.

IF STAFF ARE OUTSIDE, THEY SHOULD BE TRAINED AND/OR INSTRUCTED TO

- Move or crawl away from gunfire, trying to put barriers between you and the shooter.

- Understand that many barriers may visually conceal a person from gunfire but may not be bulletproof.
- Try to get behind or inside a building. Stay down and away from windows.
- When reaching a relatively safe area, stay down and do not move. Do not peek or raise head.
- Listen for directions from law enforcement.
- Provide your name to work area supervisor who is accounting for all staff.
- Help others by being calm and quiet.
- Provide law enforcement with as much information as possible, such as:
 - ✓ Is suspect still on site and do you know current location?
 - ✓ Where was the specific location of occurrence?
 - ✓ Are there wounded staff members? How many?
 - ✓ Description of all weapons (hand gun, shotgun, automatic, dangerous objects, explosive devices, other).
 - ✓ Describe sound and number of shots fired.

SCENE OF INCIDENT

- The scene of an incident/crime shall be preserved.
- With the exception of rescue and law enforcement personnel, no one is allowed to enter the immediate area or touch anything.
- Any witnesses, including staff members, should be held near the area of the incident and be made available to law enforcement for questioning.
- Law enforcement responding to the incident will coordinate activities at the scene of the incident and release the area to school officials when finished.

DEATH AND/OR SUICIDE

Death at a workplace is rare; however, you should be prepared in the event of a death whether it be caused by earthquake, explosion, building collapse, fire, choking, heart attack, seizure, or an incident such as a shooting/stabbing, fight, suicide, etc.

Organizations should also be prepared for the sudden, unexpected death of a staff member or a family member that does not occur on the school campus (automobile accident, sudden death, drive by shooting, gang violence, etc.).

Guidelines to utilize in the event of a death are outlined below.

DEATH OCCURS AT SCHOOL

- Call **911**. Identify your address and briefly outline the emergency and location on campus.
- Notify the school administration.
- Activate the Incident Command System if necessary and contact the school Emergency Management Team. Assign staff as needed.
- Notify the Managing Director's office.
- Isolate other staff from scene.
- If there is a death, do not move body. Law enforcement will contact the coroner's office so that the body can be removed, and any personal items of the victim can be returned to family or secured as evidence.
- DO NOT disturb or touch anything if the event is declared a crime scene.
- Secure area with yellow caution tape and assign staff to guard area.
- Gather all witnesses and place them in a secure location. Tell witnesses not to discuss any part of their observations until law enforcement arrives to interview or release them. Assign staff to monitor witnesses.
- Consider impact on staff. Activate the Crisis Response Team as appropriate.
- If the deceased is an employee, the Executive Director must notify Cal-OSHA within the 8-hour time requirement. Law enforcement or fire department may inform you they will contact Cal-OSHA; however, the School still must make certain it calls Cal-OSHA.
- Monitor staff emotional responses. Following a death there may be:
 - ✓ Self-referrals
 - ✓ Parent referrals
 - ✓ Reports and concerns expressed by relatives or good friends
 - ✓ Students who have experienced a recent loss.
- Develop a list of students and staff members that are having emotional symptoms.

HOSTAGE SITUATIONS

In any hostage situation, the primary concern must be the safety of staff.

Individuals who take hostages are frequently disturbed and the key to dealing with them is to make every attempt to avoid antagonizing them. Communication and demeanor with a hostage taker must be handled in a non-threatening, non-joking manner, always remembering that it may take very little to cause an individual to become violent.

IF THE OFFICE IS TAKEN HOSTAGE

- Do not use words such as “hostage,” “captives,” or “negotiate.”
- Stay calm.
- No heroics, challenges or confrontation.
- Obey all commands.
- When safe, call **911**. Identify your work site and give the exact location in the building of the incident. Stay on the phone until law enforcement arrives to assume control of the situation.
- If possible, assign another staff member to notify the Site administrator.
- If possible, initiate a work site lockdown to stabilize areas around the incident and make for an easier evacuation.
- The work site emergency team shall activate the Incident Command System and make needed assignments including staging a Command Post (CP) and appointing an Incident Commander (IC).
- If possible, the emergency team should provide law enforcement with a liaison from the work site. The liaison can assist in providing name of IC, location of CP and obtaining maps, keys, radio and phone numbers, etc.
- Keep all radios, television sets, and computers turned off to minimize any possibility that suspect can hear or see “NEWS REPORTS.”
- Make an effort to establish rapport with suspect. Provide your first name. Find out his/her first name and use first names, including those of other staff members involved in the situation. If you do not know first names, refer to the hostages(s) as men, and women.
- Be calm and patient and wait for help. Keep in mind that the average hostage incident lasts approximately six (6) to eight (8) hours, and the average barricade incident lasts approximately three (3) hours. **TIME IS ON YOUR SIDE.**
- Anticipate a point of law enforcement entry, rescue and how suspects will be apprehended.

WHEN THE HOSTAGE LOCATION IS OTHER THAN AN OFFICE

- Immediately call **911**. Identify your address and the situation, providing the exact location of the incident. **STAY ON THE LINE UNTIL LAW ENFORCEMENT ARRIVES.**
- While on the phone with the **911** dispatcher report the following if known:
 - ✓ Number of suspect(s)
 - ✓ Names(s) of suspect(s) (if known)
 - ✓ Description of suspect(s):
 - Male or Female
 - Race
 - Weight (Light; Lean; Heavy; Obese) stay away from using lbs.
 - Height (short; medium; tall) avoid using feet/inches
 - Hair
 - Eyes
 - Approximate age

- Description of clothing
- Anything special or unusual, like:
 - Scars
 - Tattoos
 - Burn marks
 - Birthmarks
 - Pierced body parts
 - Jewelry
- ✓ Exact location of suspect (building, room) and include North, South, East or West in your directions.
- ✓ Approximate number of staff in hostage area.
- ✓ Are weapons or explosive devices involved?
- ✓ Have any shots been fired? If yes, describe sound and number of shots fired.
- ✓ Are there reports of any injuries or emergency medical needs (medication)? Describe exact location and condition of victim(s).
- ✓ Are there any demands the suspect has made?
- ✓ Is there any other background information, past problems with suspect, demeanor, possible motive, or vendettas against staff or particular staff member?

If the hostage situation is on one side of the building, law enforcement will likely want to enter from the other side. Inform law enforcement exactly where the “Hostage Situation” is located and advise law enforcement what you consider to be the best “other side” entrance for law enforcement response.

- If possible, assign another staff member to notify the Site Administrator.

WHILE WAITING FOR LAW ENFORCEMENT

- If you can safely communicate to other offices by phone, implement lockdown procedures. For this situation, **DO NOT** set off any alarms as the bell may cause staff to panic and rush into a dangerous area.
- **DO NOT EVACUATE** until instructed or escorted by law enforcement.
- Complete Staff Accountability Report.

ONCE LAW ENFORCEMENT ARRIVES

- Law enforcement will need assistance in identifying witnesses. Gather witnesses in a secure location but do not let them talk with one another (to protect the investigation).

THE SITE EMERGENCY TEAM SHOULD MAKE PLANS TO

- Establish their Command Posts and assignment of necessary personnel.
- Record all events.
- Account for all staff.
- Prepare for a possible off-site evacuation route and location.
- Establish a media staging area.
- Alert Crisis Response Team for possible counseling of staff.

HOSTILE VISITOR

A hostile visitor could be an irate parent, a staff member, a neighbor, or an acquaintance of a staff member. The situation may begin in the front office; however, the individual may bypass the office and go directly to the target of his/her hostility. It is the responsibility of staff to protect staff, attempt to defuse the situation, and, if necessary, notify law enforcement.

UNDERSTANDING NONVERBAL MESSAGES

Body language plays a role in communication. Nonverbal cues are especially crucial when dealing with a person who is upset and potentially violent. Pay attention to signs that a person is angry or frightened. These include:

- Trembling
- Sweating
- A red face
- Crossed arms
- Clenched jaw or fists
- Shallow breathing
- Glaring or avoiding eye contact
- Pacing the floor
- Sneering
- Crying
- Ranting

SEND THE RIGHT NONVERBAL MESSAGES

Don't get too close. An angry or upset person feels threatened by someone who stands too close. Give the person two to four feet distance from you.

Avoid doing any of the following:

- Glaring or staring at the visitor
- Threatening mannerisms such as clenched fists and a raised voice.
- Getting angry

Consider doing the following:

- Be courteous and confident
- Do not touch the individual
- Protect yourself at all times
- Find another staff member to join you or keep the meeting in an open area
- Listen to the visitor, giving him/her the opportunity to vent
- Do not disregard the person's opinion or blame the person.

ATTEMPT TO USE PHRASES SUCH AS:

- What can we do to make this better?
- I understand the problem and I am concerned.
- We need to work together on this problem.

WHAT TO DO:

- As soon as possible, call **911** and stay on the line. State your address, and exact location of hostile visitor. Identify building by letter (A, B, C, D, etc.) or number and use directions (North, South, East or West) for law enforcement as they enter the grounds. Give a description of the hostile visitor.
- If possible, assign a staff member to meet law enforcement and direct them to the location.
- The staff member should unlock any gate that makes access to campus easier and faster.
- If possible, notify the Site Administrator.
- If necessary, activate the Incident Command System, using only those parts of ICS as determined by the information at hand. Expand ICS as needed.
- Use staff members to keep staff away from the location of the hostile visitor.

CHEMICAL RELEASE/ HAZARDOUS MATERIAL SPILL

A chemical release or hazardous material spill could affect one classroom, an entire worksite or larger area.

HOW SHOULD THE SCHOOL OFFICE PREPARE?

- The Emergency Management Teams should discuss and review plans to “Shelter in Place” or to “Evacuate the Area” using an alternative evacuation staging area.
- Staff should be trained to know what type of Personal Protective Equipment (PPE) and clothing to wear when handling hazardous material. The type of PPE to be worn, if any, is contained in the Safety Data Sheet (SDS).
- Staff utilizing or handling any hazardous material, should know the symptoms of exposure, emergency first aid and treatment for exposure.
- All hazardous materials should be stored in a manner prescribed on the SDS.

HOW SHOULD THE SCHOOL ~~OR DISTRICT~~ RESPOND?

- If a hazardous spill or chemical release occurs within any area of the School office, immediately notify **911**. Inform the dispatcher of your school/address and a brief summary of the problem including the name of the hazardous material/chemical, location of the spill and a report of any injuries, illnesses, fire, explosion, etc.
- Approach incident from upwind.
- Stay clear of all spills (vapors, fumes, smoke, fire, possibility of explosion, other).
- Notify Site Administrator.
- Activate necessary portions of Incident Command System (ICS) and appoint Incident Commander. Expand ICS as needed and make necessary assignments appropriate to incident.
- Begin documentation of events.
- The situation or advice from law enforcement, fire department or a hazardous materials unit deployed to the scene of the spill will determine whether to “Shelter-In-Place” or to “Evacuate” the building. If evacuation is ordered, instruct staff to always move crosswind and upwind. Never move downwind into a chemical. To check wind direction, look at movement of trees or flag.
- If “Sheltering-In-Place” and, if possible, shut off all air-conditioning and heating units. Close all windows and door openings and try to seal gaps under doorways and windows with wet cloth or towels.
- Close all shades or drapes. Instruct staff to stay away from windows.
- If gas or vapors have entered the building, take shallow breaths through a cloth or towel.
- Keep telephones lines clear for emergency calls.
- If an evacuation is ordered, follow all instructions.
- Upon reaching alternative evacuation area, take head count and report missing or ill staff to Incident Commander and/or law enforcement.

MEDICAL EMERGENCY

Occasionally a medical emergency will occur, and personnel must be prepared to respond quickly, effectively, and efficiently.

SOME EMERGENCY PREVENTION/PREPAREDNESS GUIDELINES

- Insist that all accidents be reported, even if no visible harm or injury occurred.
- Follow established procedures for issuing medication.

WHAT TO DO IF A MEDICAL EMERGENCY OCCURS

- Assess seriousness of injury and/or illness by doing START (Simple Triage and Rapid Treatment, commonly called Thirty-Two-Can Do). If a staff member fails any of the three simple tests (Respirations, Perfusion, and Mental), their medical status is IMMEDIATE (RED). Administer first aid or CPR as needed.
- Call **911** and be prepared to provide:
 - ✓ Your address, building letter (A, B, C, D, etc.), room or floor number
 - ✓ Describe illness or type of injury
 - ✓ How the illness or type of injury occurred
 - ✓ Age of ill or injured staff member
 - ✓ Quickest way for ambulance to enter location on site
- Notify the Executive Director.
- Assign a staff member to meet and direct rescue services to location of injured party.
- Notify staff member's family of situation, including type of injury/illness, medical care being given and location where staff has been transported.
- When appropriate, advise other staff of situation.
- Follow-up with staff member's family.

GAS ODOR/LEAK

Natural gas has an additive that gives off a distinct odor allowing you to detect (smell) a leak. In most cases, handling a gas leak involves:

- Isolating the area and moving staff to safety.
- Eliminating potential ignition sources.
- Securing the leak.

The primary responsibility of the worksite staff is to determine how to safely house or evacuate staff and to protect property. The following agencies should be contacted:

- Fire Department (Call **911**)
- Site Administrator. Have a phone number for a point of contact if a leak is detected after business hours. (see emergency contact list)
- Local Gas Company

GAS ODOR OR LEAK INSIDE A BUILDING

- Evacuate the building(s) and move to a safe assembly area as far away as possible from the targeted building.
- Assign Emergency Management Team members to direct staff evacuating other buildings to stay away from the building with odor/leak.
- If necessary, activate the Incident Command System and establish Command Post.
- Begin completing Staff Accountability Report.
- Report any missing students and staff to Command Post.
- Assign a liaison to interact with Fire Department, Gas Company or law enforcement.

IF GAS ODOR OR LEAK IS DETECTED OUTSIDE THE BUILDING

- It may not be necessary to evacuate the building. Evacuation is called for only if odor seeps into a building.

SHELTER-IN-PLACE PROCEDURES

Why You Might Need to Shelter-In-Place

Chemical, biological, or radiological contaminants may be released accidentally or intentionally into the environment. Should this occur, information will be provided by local authorities, TV or radio on how to protect staff. Because information will most likely be provided on television and radio, it is important to keep a TV or radio on, even during the workday or instructional time. The important thing is for you to follow instructions of local authorities.

Following Are Actions to Follow at Your Worksite:

- Follow reverse evacuation procedures to bring students and staff indoors.
- If there are visitors in the building, provide for their safety by asking them to stay. When authorities provide directions to “shelter-in-place”, they want everyone to take those steps now, where they are, and not drive or walk outdoors.
- Provide for answering telephone inquiries by having at least one telephone available in the room selected to provide shelter for the Office Manager, or the person designated to answer these calls. This room should also be sealed. There should be a way to communicate among all rooms where staff are sheltering-in-place.
- Ideally, provide a way to make announcements over the public address system from the room where the site administrator takes shelter.
- Provide directions to close and lock all windows, exterior doors and any other openings to the outside.
- If there is danger of an explosion, direct that window shades, blinds, or curtains be closed.
- Have employees familiar with the building’s mechanical system turn off all fans, heating and air conditioning systems. Some systems automatically provide for exchange of inside air with outside air – these systems, in particular, need to be turned off, sealed, or disabled.
- Gather essential disaster supplies, such as nonperishable food, bottled water, battery-powered radios, first aid supplies, flashlights, batteries, duct tape, plastic sheeting and plastic garbage bags.
- Designate interior rooms(s) above the ground floor with the fewest windows or vents. The room(s) should have adequate space for everyone to be able to sit in. Avoid overcrowding by selecting several rooms if necessary. Large storage closets, utility rooms, meeting rooms, or conference room without exterior windows will also work well.
- Call emergency contacts and have the phone available if you need to report a life-threatening condition.
- Bring everyone into the rooms that have been designated. Shut and lock the door.
- Use duct tape and plastic sheeting (heavier than food wrap) to seal all cracks around the doors and any vents into the room. Consider precutting plastic sheeting to seal windows, doors, and vents. Each piece should be several inches larger than the space you want to cover so that it lies flat against the wall or ceiling/. Label each piece with the location of where it fits.

EXTENDED POWER LOSS

In the event of extended power loss to a facility certain precautionary measures should be taken depending on the geographical location and environment of the facility:

- Unnecessary electrical equipment and appliances should be turned off in the event that power restoration would surge causing damage to electronics and effecting sensitive equipment.
- Facilities with freezing temperatures should turn off and drain the following lines in the event of a long-term power loss.
 - Fire sprinkler system
 - Standpipes
 - Potable water lines
 - Toilets
- Add propylene-glycol to drains to prevent traps from freezing
- Equipment that contain fluids that may freeze due to long term exposure to freezing temperatures should be moved to heated areas, drained of liquids, or provided with auxiliary heat sources.

Upon Restoration of heat and power:

- Electronic equipment should be brought up to ambient temperatures before energizing to prevent condensate from forming on circuitry.
- Fire and potable water piping should be checked for leaks from freeze damage after the heat has been restored to the facility and water turned back on.

GUIDELINES FOR SPEAKING TO THE MEDIA

When speaking to the media about emergencies, it is extremely important to adhere to the following guidelines:

- **READ** all press statements
- **Re-state** the nature of the incident; its cause and time of origin
- **Describe** the size and scope of the incident
- **Report on** the *current* situation
- **Speak about the resources** being utilized in response activities
- **Reassure** the public that everything possible is being done
- **DO NOT release any names**
- **When answering questions** be truthful; but consider the emotional impact the information could have upon listeners
- **Avoid speculation;** do not talk “off the record”
- **Do not use** the phrase “no comment”
- **Set up** press times for updates
- **Control** media location

Agents used in biological/chemical attacks include, but are not limited to: anthrax, smallpox, other harmful viruses, various forms of nerve gas, tear gas, and other vaporous irritants. Pranks using stink bombs should also be considered a chemical weapons attack.

There are several possible dispersion techniques to deliver biological and chemical agents. The following procedures should be utilized in the event of an assault involving biological or chemical weapons.

Any possible biological/chemical weapons assault should be reported immediately to the Executive Director. The Executive Director should notify law enforcement authorities immediately.

As necessary alert all site employees of the situation by intercom.

If the agent is delivered via aircraft:

- Keep students inside and take roll.
- Close and secure all doors and windows.
- Ensure that the HVAC is shut down.
- Cover vents with plastic or thick paper using tape to create a seal.
- Inspect all windows and doors for cracks, gaps, or holes. Cover any with plastic or thick paper using tape to create a seal.

Part 11: Suspicious Mail/Packages

All incoming mail and packages should be handled with caution.

Below are Indicators of suspicious mail and steps to take in the event that suspicious mail is received.

Mail that ...

- ... is unexpected or from an unfamiliar source
- ... has excessive postage
- ... is addressed to someone who no longer works in Pacific Coast Academy
- ... is addressed to a current employee but with the wrong title
- ... contains several misspelled words on the envelope
- ... marked with restrictive endorsements such as “Personal” or “Confidential”
- ... has no return address or an address that cannot be verified
- ... mail that is from a foreign country
- ... shows a city or state in the postmark that doesn’t match the return address
- ... is lopsided, oddly shaped, or has an unusual weight, given its size
- ... has protruding wires, strange odors or stains
- ... has powdery substance on the outside
- ... has an unusual amount of tape on it
- ... is ticking or making unusual sounds

Not all mail comes perfectly packaged or with accurate information on it, so it is important that employees handling mail remain sensible in the screening of mail. However, prudent scrutiny conducted in a reasonable manner can greatly reduce the school’s chances of becoming the victim of attack by mail.

Part 11: Suspicious Mail/Packages

What to do with suspicious mail (general response):

- Do not try to open the package or envelope.
- Do not sniff, taste or shake the package.
- Isolate the package.
- Evacuate the immediate area; close the door.
- Contact your supervisor and call **911**.

Response to mail suspected of delivering biological/chemical agents in powder form:

- Do not open an envelope or package with powder on the outside.
- If powder is spilled from an envelope or package, do not try to clean up the powder.
- Cover the spilled contents immediately with anything (clothing, paper, trash can).
- Do not remove this cover.
- Leave the room and close the door or otherwise prevent access to the room.
- Wash your hands with soap and hot water.

If a student has been recommended for expulsion for any of the actions listed above, the student will be afforded the due process provided for all students facing expulsion from Pacific Coast Academy, as identified in Pacific Coast Academy's Suspension and Expulsion policy. If a student is expelled for committing any of the acts listed above, Pacific Coast Academy shall refer the student back to the student's district of residence for continuation of that student's education. That school system may refer the pupil to a program of student that meets all of the following conditions: 1) is appropriately prepared to accommodate pupils who exhibit discipline problems; 2) is not provided at a comprehensive middle, junior, or senior high school, or at any elementary school; 3) is not housed at the school site attended by the pupil at the time of suspension.

Board Policy for Suspensions and Expulsions

Philosophy of Student Discipline

Our focus for all students is to be respectful and supportive of each other.

Comprehensive School Safety Plan

Pacific Coast Academy
Section D: Suspension/Expulsions ~~Rules Policies~~ and Procedures - Ed Code 476058915
Part 1: Definitions/Due Process/Rules and Procedures of School Discipline/Process and Procedures

Process and Procedures

Level I - Immediate Redirection and Verbal Reprimand

Minor issues that are resolved by the supervising adult; behavior is seen as a learning opportunity and is expected to be corrected with no additional interventions; office referral is only needed if the student fails to correct behavior (mostly classroom managed behavior)

Level II - Learning Opportunity~Office Referral, Parent contact, Counselor

Common misbehaviors needing redirection; again seen as a learning opportunity to be handled between the student and supervising adult; in some cases office referral and parent notification is required (mostly managed with teacher)

Level III – Immediate Administrative referral; Parent Contact/Written Documentation, suspensions, Law Enforcement

Severe misbehaviors with potentially strong consequences including school suspensions and legal involvement; supervising adult is not expected to engage in any learning, but rather immediately refer student to the office and insure the safety of staff and students (managed by director)

Administrative Referral

In some cases, student behaviors do not get corrected, or are so severe that they do not allow for a safe and purposeful learning environment. By referring a student to an administrator, the teacher is seeking additional resources to assist in the correction of the behavior. At this point, parents and school administration join the teacher in attempts to meet the behavioral needs of the student.

The following process will be used for all office referrals:

- Student is referred to Administration by supervising adult
- Student completes reflection questions related to incident
- Referral form is returned to the teacher for comments
- Parental contact is made by the student or staff member to explain incident and schedule detention
- Referral form is returned to the Executive Director or designee
- Student conference with the Executive Director is scheduled

Pacific Coast Academy
Section D: Suspension/Expulsions ~~Rules Policies~~ and Procedures - Ed Code 476058915
Part 1: Definitions/Due Process/Rules and Procedures of School Discipline/Process and Procedures

- Follow-up phone call from Administration is made when necessary
- Harassment Complaints- Students are occasionally the victim of bullying or harassing behaviors. While common in the school setting, such behaviors are not acceptable and will not be tolerated at any function of our school community.

The following process is designed to assist students who believe they are the victim of such behaviors:

- Student informs teacher or staff person of situation
- Student reports to the office to complete a confidential “Harassment Complaint Form”
- Administrator investigates allegations

Typical consequences for a bully/harasser are as follows:

Warning- conference with Executive Director or designee discussing allegations, perceived intentions and future consequences; student is informed that such behavior, as well as any retaliation, will not be tolerated.

Parental Conference- Sharing the dangers of bully/harassing behaviors for both parties.

Suspension- To insure the safety of staff and students, various forms of suspension may be used in efforts to correct student behavior.

Expulsion- If bullying/harassment continues or if any given incident is so severe that a safe learning environment cannot exist, the Executive Director will recommend the expulsion of the offending student.

- Pacific Coast Academy is committed to promoting learning and protecting the safety and well-being of all students at the Charter School. In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the non-charter schools’ list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

~~The purpose of the Pacific Coast Academy Governing Board approving this Suspension and Expulsion Policy is to accomplish the following:~~

- ~~1. Establish the Responsibility of the Charter School~~
- ~~2. Identify the Grounds for Suspension and Expulsion of Students~~
- ~~3. Identify Enumerated Offenses~~
- ~~4. Outline Suspension Procedures~~
- ~~5. Outline the Authority to Expel~~
- ~~6. Outline Expulsion Procedures~~
- ~~7. Outline Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses~~
- ~~8. Identify the Record of Hearing~~
- ~~9. Identify the Presentation of Evidence~~
- ~~10. Outline the Written Notice to Expel~~
- ~~11. Outline the Maintenance of Disciplinary Records~~
- ~~12. Identify a Student's Right to Appeal~~
- ~~13. Outline Expelled Students/Alternative Education~~
- ~~14. Outline Rehabilitation Plans~~
- ~~15. Outline the Readmission Process~~

- 1. Responsibility of the Charter School:** When the policy is violated, it may be necessary to suspend or expel a student from the Charter School. This policy shall serve as the Charter School's policy and procedures for student suspension and expulsion and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary rules and procedures fairly and consistently among all students. This Policy and its Procedures will be printed and distributed as part of the Parent-Student Handbook and will clearly describe discipline expectations. Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff, or other persons or to prevent damage to school property.

~~A student has the right to be free from the use of seclusion and behavioral restraints of any form imposed as a means of coercion, discipline, convenience, or retaliation by staff. This right includes, but is not limited to, the right to be free from the use of a drug administered to the student in order to control the student's behavior or to restrict the student's freedom of movement, if that drug is not a standard treatment for the student's medical or psychiatric condition. School staff may use seclusion or a behavior restraint only to control behavior that poses a clear and present danger of serious physical harm to the pupil or others that cannot be immediately prevented by a response that is less restrictive. School staff shall avoid, whenever possible, the use of seclusion or behavioral restraint techniques.~~

School staff shall not do any of the following:

- Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
- Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
- Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places his or her body weight against the pupil's torso or back.
- Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
- Place a pupil in a facedown position with the pupil's hands held or restrained behind the pupil's back.
- Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

Part 1: Definitions/Due Process/Rules and Procedures of School Discipline/Process and Procedures

Notice to Parents/Guardians: At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

- Suspension Time Limits/Recommendation for Expulsion: Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of Expulsion by the Director or Director's designee, the student and the student's guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. This determination will be made by the Director or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing. **Due process will be held in accordance with law for any suspension extending beyond 10 days.**
- 2. **Authority to Expel:** A student may be expelled either by the Charter School Board following a hearing before it or by the Charter School Board upon the recommendation of an Administrative Panel to be assigned by the Board as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student or a Board member of the Charter School's governing board. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.
- 6. **Expulsion Procedures:** Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Director or designee determines that the Student has committed an expellable offense.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the Charter School's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

7. **Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses:**
The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

Section D: Suspension/Expulsions ~~Rules Policies~~ and Procedures - Ed Code 476058915
Part 1: Definitions/Due Process/Rules and Procedures of School Discipline/Process and Procedures

The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days' notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

- The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
- At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
- The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
- The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
- Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.

If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

- The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
- Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
- Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

8. **Record of Hearing:** A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.
9. **Presentation of Evidence:** While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to his/her educational program.

The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to the Charter School for readmission.
15. **Readmission:** The decision to readmit a student or to admit a previously expelled student from another school district or charter school shall be in the sole discretion of the Board following a meeting with the Director or designee and the student and guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. Sexual harassment is a form of harassment based on sex, including sexual harassment, gender harassment and harassment based on pregnancy, childbirth or related medical conditions. It generally involves unwanted sexual advances, or visual, verbal, or physical conduct of a sexual nature. This definition includes many forms of offensive behavior and includes gender-based harassment of a person of the same sex as the harasser. The following is a partial list of violations:

- Unwanted sexual advances
- Offering educational benefits in exchange for sexual favors
- Making or threatening reprisals after a negative response to sexual advances
- Visual conduct: Leering, making sexual gestures, displaying of suggestive objects or pictures, cartoons or posters
- Verbal conduct: Making or using derogatory comments, epithets, slurs and jokes
- Verbal sexual advances or propositions
- Verbal abuse of a sexual nature, graphic verbal commentaries about an individual's body, sexually degrading words used to describe an individual, suggestive or obscene letters, notes or invitations

- Physical conduct: Touching, assault, impeding or blocking movements

Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature made by someone from or in the work or educational setting when:

1. Submission to the conduct is made either expressly or by implication in terms or condition of any individual's employment.
2. Submission to or rejection of such conduct by an individual is used as the basis for an employment decision affecting the individual.
3. The conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or of creating an intimidating, hostile, or offensive working or educational environment, or of adversely affecting the student or employee's performance, evaluation, advancement, assigned duties, or any other condition of education, employment or career development.
4. Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

Other examples of sexual harassment, whether committed by a supervisor or any other employee, are:

1. Unwelcome leering, sexual flirtations or propositions.

Title IX provides for separate processes and procedures for sexual harassment and sexual assault when the type of conduct falls within the definitions of sexual harassment and sexual assault as provided in 34 C.F.R. § 106.30. In addition, the conduct must have taken place at school locations, events, or circumstances over which the School exercised substantial control over both the individual who has been accused of sexual harassment and/or assault and the context in which the sexual harassment occurs. For these types of complaints, the School will follow the Title IX policy processes and procedures, which may be found in the School's Title IX grievance policy. If the conduct does not fall within Title IX, this policy will be followed. There may be instances where the conduct falls within both policies and the School will follow both policies. Pacific Coast Academy – Safe Ingress and Egress

Pacific Coast Academy takes pride in providing a safe environment for all students, parents, and school employees. Our School will take measures to ensure safe ingress and egress to and from school activities and functions for pupils, parents, and school employees. Safe ingress and egress will be maintained by periodic reviews of the procedures for ingress and egress. The school will ensure that all passageways to and from our buildings, corridors within buildings and emergency exits remain clear of all obstruction to allow flow of pedestrian and vehicular traffic. The school will also ensure that potential obstructions and hazards are removed from such areas. To achieve this goal, the school works closely with local law enforcement agencies and the local city government to ensure that the school's immediate community is safe.

Through the joint efforts of Pacific Coast Academy office, site administrators, faculty, Safety Committee, PTSA, and other organizations, including consultants, Pacific Coast Academy has developed a plan to ensure the safe arrival and departure of students, staff, and visitors. Pacific Coast Academy encourages input from our community and reviews this plan on an annual basis.

Part 1: Anti-Intimidation Policy

Pacific Coast Academy – Bullying and Intimidation

The Pacific Coast Academy’s Board believes that all students have a right to a safe and healthy school environment. To that end, Pacific Coast Academy, schools and community have an obligation to promote mutual respect, tolerance, and acceptance. Pacific Coast Academy will not tolerate any act of intimidation including direct physical contact, gestures, comments, threats or actions, either written, verbal or physical, which cause, threaten to cause or are likely to cause bodily harm, social isolation, manipulation, or personal degradation on any ~~District~~ school campus, at any school activity whether on or off campus, while traveling to and from school or a school sponsored activity, or during the lunch period, whether on or off campus.

The consequences of these actions may include a broad range of disciplinary measures as appropriate; however, every effort will also be taken to provide or locate appropriate assistance for both the victim and the offender.

From Pacific Coast Academy Administrative Regulation 5131 - Conduct

Bullying occurs when one or more students threaten, harass, or intimidate another student through words, or actions including continual direct physical contact such as hitting or shoving intentionally.

These incidents will be acted upon when they occur on the school grounds at any time, en route to and from school or a school-sponsored activity, during the lunch period whether on or off campus.

A “school-related” or “school-sponsored” activity is an activity that is approved by the Executive Director or his/her designee and supervised by assigned school personnel.

For the purpose of this administrative regulation, bullying is, but is not limited to, making unsolicited and unwelcome written, verbal, physical and/or threatening visual gestures or contact.

Written – intimidating/threatening letters, notes, or messages

Initial Response and Reporting Expectations

The ~~District~~ **School** expects all employees, if they observe or become aware of an act of intimidation, to take immediate, appropriate steps to intervene.

If, in the opinion of the employee, the matter has not been resolved, then the situation shall be reported to an administrator for further investigation.

Pacific Coast Academy encourages students, parents and other community members who observe or become aware of a serious act of intimidation to report this act to a school administrator for further investigation.

Investigation and Response

Any incident, which may constitute an act of intimidation and is reported to the Executive Director, shall be thoroughly investigated by the site administrator or designee. Consequences shall be commensurate with the results of the investigation. This may include, but is not limited to, counseling, parent conference, detention, involuntary transfer, a formal suspension and/or expulsion of the offender. The parent or guardian shall be contacted and may be asked to attend a conference with school officials.

If the parent or guardian does not attend the conference, the site administrator shall send a letter informing the parent of the actions under consideration and notifying parent of all data pertinent to the action.

Depending on the severity of the incident, the administrator shall take appropriate steps to insure campus safety. This may include any or all of the following: Implement an immediate safety plan; isolate and supervise involved students; provide staff support for involved students as necessary; report incident to law enforcement if appropriate; notify the parents/guardians of both the offender and the victim and develop supervision plan with parents.

If the act of intimidation is deemed to warrant a suspension, expulsion, or involuntary transfer to another school, then the matter will be processed in accordance with the board policies ~~and [Enter Applicable Administrative Regulation] pertaining to the suspension/expulsion due process.~~

Assessment and Intervention

An administrative contact will be made with the victim and offender prior to resuming regular schedule of classes. If deemed necessary, the administrator or designee may convene a multidisciplinary team to further assess and determine the need for ongoing support for the victim of the offender.

Depending upon the severity of the intimidation, an investigation may include a review of school records, identification of parent/family issues, and interview with students, parents, and school staff. A multi-disciplinary team consisting of school staff, counselor/psychologist, parent, student, and other agency personnel as appropriate, shall develop a behavior support plan.

The support plan may include any or all of the following: a case manager (special education staff), counseling services (site, and/or community resources), parenting skills classes, and other additional support services as deemed appropriate. The case manager will maintain a record of the services provided.

Each site will identify community resources to be used before, during and after incidents of intimidation.

School Follow-up

The case manager has a responsibility to follow up and evaluate the behavior support plan. The case manager will compile a report to the site administrator on the process, resources used, and the follow up procedure involving the victim and the offender.

A copy of the behavior plan and follow-up report will then be forwarded to the ~~Coordinator of Pupil Services~~ **Students in Crisis Coordinator**.

Retaliation Prohibited

Employees must act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs **with the Threat Assessment Risk Form (TARF)**, and to prevent the immediate risk of a suicidal behavior, treatment of suicidal ideation is typically beyond the scope of services offered in the school setting. In addition, treatment of the mental health challenges often associated with suicidal thinking typically requires mental health resources beyond what schools are able to provide.

Additional professional development in suicide risk assessment and crisis intervention shall be provided to mental health professionals including, but not limited to the following: school counselors, school psychologists, **crisis coordinators**; employed by the school.

Intervention, Assessment, Referral

Staff

When a student is identified by a staff person as potentially suicidal, i.e., verbalizes about suicide, presents overt risk factors such as agitation or intoxication, the act of self-harm occurs, or a student self-refers, the parent, teacher, ~~Student Support Team~~, and possibly the student will be contacted by a **member of the Counseling or Student Support TeamMental Health Team** within the same school day to assess risk **with the Threat Assessment Risk Form (TARF)** and/or facilitate referral.

1. School staff will recommend that the student is continuously supervised to ensure their safety.
2. The ~~Mental Health Team and/or~~ Student Support Team(s) will be informed and alerted of the situation as soon as reasonably possible through one or more of the following:
 - Email the Students in Crisis Coordinator at: christie.markley@cabrillopointacademy.org ~~Email the Mental Health Team at: mentalhealthteam@inspireschools.org~~
 - ~~Complete the Mental Health Team's At-Risk Survey: [Student Mental Health Risk Report](#)~~
 - Complete the Students ~~Support Team's~~ in Crisis Survey: [Student in Crisis](#)
3. The ~~Mental Health Team and~~ Student Support Team will contact the reporting school staff, as well as the student's parent or guardian, and will provide community-based resources and recommendations. When appropriate, this may include calling emergency services or bringing the student to the local hospital emergency department.

Designated members of the ~~Mental Health~~Student Support Team should conduct a suicide risk assessment using the Threat Assessment Risk Form (TARF). The purpose of the assessment is to determine the level of risk and to identify the most appropriate actions to ensure the immediate and long-term safety and well-being of the student. This should be done by a team that **has received training in suicide risk assessment and crisis intervention** ~~includes a school-employed mental health professional~~.

Caregiver notification is a vital part of suicide prevention. The appropriate caregiver(s) must always be contacted when signs of suicidal thinking and behavior are observed. Typically, this is the student's parent(s); however, when child abuse is suspected protective services should be contacted. Even if a child is judged to be at low risk for suicidal behavior, schools may ask caregivers to sign a form to indicate that relevant information has been provided. Regardless, all caregiver notifications must be documented. Caregivers also provide critical information in determining level of risk. Whether a student is in imminent danger or not, it is strongly recommended that lethal means are (i.e. guns, poisons, medications, and sharp objects) removed or made inaccessible.

Refer to community services if warranted. Referral options to 24-hour community-based services should be

identified in advance. It is best to obtain a release from the primary caregiver to facilitate the sharing of information between the school and community agency.

The ~~Mental Health~~ Student Support Team shall maintain records and documentation of actions taken at the school for each case.

Supporting Students after a Mental Health Crisis

It is crucial that careful steps are taken to help provide the mental health support for the student and to monitor their actions for any signs of suicide for the rest of the school year. The following steps should be implemented after the crisis:

Treat every threat with seriousness and approach with a calm manner; make the student a priority.

Listen actively and non-judgmental to the student. Let the student express his or her feelings.

Acknowledge the feelings and do not argue with the student.

Offer hope and let the student know they are safe and that help is provided. Do not promise confidentiality or cause stress.

Explain calmly and get the student to a trained professional, school psychologist, school counselor, or designated staff to further support the student.

After a referral is made for a student, school staff shall verify with the Parent/guardian/caregiver that follow-up treatment has been accessed. Parents/guardians/caregivers will be required to provide documentation of care for the student prior to returning to school.

If follow-up care for the student is still not provided, school staff should consider contacting Child Protective Services (CPS) to report neglect of the youth.

A written authorization to exchange/release information should be completed by the parents/guardians/caregivers and appropriate school staff (e.g., **Students in Crisis Coordinator**, school psychologist, school counselor and/or nurse) should consult with outside mental health or medical treatment team.

Action Plan for In-School Suicide Attempts

Do not send the student away or leave them alone, even if they need to go to the restroom.

Listen and prompt the student to talk.

Review options and resources of people who can help.

Be comfortable with moments of silence as you and the student will need time to process the situation.

Provide comfort to the student.

Promise privacy and help, and be respectful, but do not promise confidentiality.

Student should only be released to parents/guardians/caregivers or to a person who is qualified and trained to provide help.

Action Plan for Out-of-School Suicide Attempts

If a suicide attempt by a student is outside of property, it is crucial to protect the privacy of the student and maintain a confidential record of the actions taken to intervene, support, and protect the student. The following steps should be implemented:

Contact the parents/guardians/caregivers and offer support to the family.

Discuss with the family how they would like the school to respond to the attempt while minimizing widespread rumors among teachers, staff, and students.

Obtain permission from the parents/guardians/caregivers to share information to ensure the facts regarding the crisis is correct.

Designate a staff member to handle media requests.

Provide care and determine appropriate support to affected students.

Follow procedures for re-entry to School After a Suicide Attempt.

Re-Entry to School After a Suicide Attempt

A student who threatened or attempted suicide is at a higher risk for suicide in the months following the crisis. Having a streamlined and well planned re-entry process ensures the safety and wellbeing of students who have previously attempted suicide and reduces the risk of another attempt. An appropriate re-entry process is an important component of suicide prevention. Involving students in planning for their return to school provides them with a sense of control, personal responsibility, and empowerment.

A student returning to school following hospitalization, including psychiatric and drug or alcohol inpatient treatment, must have written permission by the health care provider in order to attend school.

A written authorization to exchange/release information should be completed by the parents/guardians/caregivers and appropriate school staff (e.g., **Students in Crisis Coordinator** school psychologist, school counselor and/or nurse) should consult with the outside mental health or medical treatment team.

Comprehensive School Safety Plan

Pacific Coast Academy
Section J: Mental Health Guidelines
Part 2: Suicide Prevention, Intervention and Postvention Protocol

If the student has been out of school for any length of time, including mental health hospitalization, the school site administrator or designee should hold a re-entry meeting with key support staff, parent/guardian/caregiver and student to facilitate a successful transition back into school.

The re-entry meeting should include a review of the authorization for return and documentation provided by the outside mental health or medical treatment team.

The documentation provided should be considered in the development of a student safety plan for re-entry.

The school team should confer with student and parents/guardians/caregivers about any specific requests on how to handle the re-entry.

Inform the student's teachers about possible days of absences.

Allow accommodations for student to make up work (be understanding that missed assignments may add stress to student).

Mental health professionals or trusted staff members should maintain ongoing contact to monitor student's actions and mood as part of the student safety plan.

Work with parents/guardians/caregivers to involve the student in an aftercare plan.

POSTVENTION

A death by suicide in the school community (whether by a student or staff member) can have devastating consequences on students and staff. Therefore, it is vital to be prepared ahead of time in the event of such a tragedy. The following are general procedures for the school administrator/director in the event of a completed suicide:

Gather pertinent information

Confirm cause of death is the result of suicide, if this information is available.

Identify staff member to be the point of contact with the family of the deceased.

Information about the cause of death should not be disclosed to the school community until the family has been consulted and has consented to disclosure.

Assemble ~~district~~ school crisis response team

~~District~~ School crisis response team to determine initial response procedures and obtain consultation regarding number of personnel needed for initial response. It is helpful to have the following information available for consultation:

- Demographic information
- Siblings (If any within)
- School Profile
- Known friends/groups
- Identification of additional high risk students

Staff notification

Concerns and wishes of family members regarding disclosure of the death and cause of death should always be taken into consideration when providing facts to students, staff and parents. Some actions to consider:

Assess the extent and degree of psychological trauma and impact to the school community

Establish a plan to notify staff of death, once consent is obtained by the family of the deceased.

Notification of staff is recommended as soon as possible (In person if possible).

To dispel rumors, share accurate information and all known facts about the death.

Emphasize that no one event is to blame for suicide. Suicide is complex and cannot be simplified by blaming individuals, drugs, music and/or school.

Allow staff to express their own reactions and grief; identify anyone who may need additional support and provide resources.

Notification of students should be done in small group settings, such as in the classroom. Do not notify students using a public announcement system.

To the extent possible, students should be notified in the same time period to minimize rumors.

When possible, the news should be delivered by staff with whom the students are most familiar and comfortable.

Provide staff with a scripted notification of death for students and

Prepare staff for potential reactions and questions. Review student support plan making sure to clarify procedures and locations for crisis counseling.

Define triage procedures for students and staff who may need additional support in coping with the death.

Identify a lead crisis response staff member to assist with coordination of crisis counseling and support services.

Identify locations on campus to provide crisis counseling to students, staff and parents, as needed.

Identify a mental health professional **or trained school personnel (Students in Crisis Coordinator,** School psychologist or school counselor) to check in with students previously identified to be at risk for suicide.

Request substitute teachers, as needed.

Maintain sign-in sheets and documentation on individual's services for follow up, as needed.

Provide students, staff or parents/guardians/caretakers with after-hours resource numbers such as the 24/7 Suicide Prevention Crisis Line.

Refer students or staff who require a higher level of care for additional services such as a community mental health provider, or their health care provider. Indicators of students and staff in need of additional support and/or referral may include the following:

Persons who have experienced a loss over the past six months to a year, a traumatic event, have witnessed acts of violence, or have a history of suicide (Self or family member).

Persons who appear emotionally over-controlled (e.g., a student who was very close to the deceased but who is exhibiting no emotional reaction to the loss) or those who are angry when majority are expressing sadness.

Persons unable to control crying

Persons with multiple traumatic experiences may have strong reactions that require additional assistance.

Document

School administration shall maintain records and documentation of actions taken at the school site.

Monitor and manage

School administration with support from the ~~district~~ school crisis team should monitor and manage the situation as it develops to determine follow up actions and continued support plans.

Communicate with the larger school community about the suicide death;

Consider funeral arrangements for family and school community;

Respond to memorial requests in respectful and non-harmful manner; responses should be handed in a thoughtful way and their impact on other students should be considered. Memorials or dedications to a student who has died by suicide should not glamorize or romanticize either the student or the death.

Identify and monitor social media platforms students are using to respond to the suicide. Encourage parents to monitor internet postings regarding the death, including the deceased personal profile pages.

The charter schools may be referred to herein individually as the “Charter School” and collectively as the “Charter Schools.” The District and the Charter Schools may also be individually referred to as a “Party” and collectively referred to as the “Parties.”

RECITALS

WHEREAS, CPA and PCA are public charter schools authorized by the District in accordance with California law;

WHEREAS, MVA is a public charter school authorized by the Beaumont Unified School District;

WHEREAS, consistent with Education Code section 47604(a), the Charter Schools are operated by or as nonprofit public benefit corporations;

WHEREAS, the District is the owner of certain real property located at 4612 Dehesa Road, El Cajon, California 92019 (“Site”);

WHEREAS, the Charter Schools are jointly seeking use of a District facility for purposes of records management and storage, as well as to periodically conduct special education assessments of students enrolled in the Charter Schools;

WHEREAS, the District owns a modular classroom, designated as Building H-11, which is approximately 900 square feet, that is located on the westernmost portion of the Site adjacent to the field (“Facility”), as depicted in **Attachment 1**, attached hereto and incorporated herein by reference;

WHEREAS, the Facility is not currently needed or used by the District for classroom or other purposes;

WHEREAS, the Charter Schools requested, and the District desires, to grant use of the Facility to the Charter Schools for the purposes set forth herein;

WHEREAS, the District, pursuant to Section 17527(a) of the Education Code, is authorized to enter into agreements to make vacant classrooms or other space in operating school buildings available to nonprofit organizations, including during normal school hours if the school is in session;

WHEREAS, the District's Governing Board, pursuant to Section 17529 of the Education Code, has determined that the Charter Schools' use of the Facility will not (1) interfere with the educational programs or activities of the school or any classes conducted at the Site; (2) unduly disrupt the residents of the surrounding neighborhood; or (3) jeopardize the safety of the children at the Site; and

WHEREAS, the District, pursuant to Section 17531 of the Education Code, has determined that this Agreement is compatible with the educational purpose of the Site.

NOW, THEREFORE, in consideration of the covenants and agreements set forth herein, the Parties agree as follows:

1. **TERM.** The term of this Agreement shall begin as of the Effective Date of this Agreement, as defined below, and shall expire on June 30, 2024 ("Term"). The Charter Schools shall have access to the Facility as of June 1, 2021
 - a. **Early Termination for Convenience.** The District may terminate this Agreement for convenience upon ninety (90) calendar days' written notice to the Charter Schools.
 - b. **Default by Charter School(s).** This Agreement shall terminate, at the District's sole election, in the event of a default by one or more Charter Schools in accordance with Section 13 of this Agreement.
 - c. **Option for Early Termination by the District.** In the event that one or more of the Charter Schools cease to operate for any reason during the Term, including but not limited to voluntary closure, insolvency, non-renewal, or revocation following the exhaustion of any statutory rights of appeal, as applicable, the closed Charter School(s)' rights under this Agreement shall terminate and the closed Charter School(s) shall surrender possession of the Facility within thirty (30) calendar days. At that time, the District may also terminate this Agreement with respect to the remaining operational Charter Schools, except for those sections surviving termination or as otherwise set forth in this Agreement, and the Charter School(s) shall surrender possession of the Facility to the District within thirty (30) calendar days' written notice from the District of its intent to terminate the Agreement pursuant to Section 1(c). Should the District not elect to terminate the Agreement, the remaining operational Charter Schools shall continue to jointly maintain all rights, responsibilities, and obligations under this Agreement, including the responsibility for the full payment of the Use Fee described in Section 3 below.
 - d. **Option for Early Termination by the Charter School(s).** In the event that one or more of the Charter Schools cease to operate for any reason during the Term, including but not limited to voluntary closure, insolvency, non-renewal, or revocation following the exhaustion of any statutory rights of appeal, as applicable, the closed Charter School(s)' rights under this Agreement shall terminate and the closed Charter School(s) shall surrender possession of the

Facility within thirty (30) calendar days. Under such circumstances, the remaining operational Charter School(s) may terminate this Agreement, except for those sections surviving termination or as otherwise set forth in this Agreement, which shall be effective upon thirty (30) calendar days' written notice to the District and the other remaining operational Charter Schools. Should the remaining operational Charter Schools not elect to terminate the Agreement, the remaining operational Charter Schools shall continue to jointly maintain all rights, responsibilities, and obligations under this Agreement, including the responsibility for the full payment of the Use Fee described in Section 3 below.

- e. **Possession of and Title to Property.** Upon the expiration or earlier termination of this Agreement, possession of the Facility shall automatically revert to the District without the need for any further action on the Charter Schools' or the District's part. As titleholder to the Site and Facility, with the exception of any of the Charter School's equipment, materials, or furnishings designated as their own respective personal property, the District reserves the right at the termination of this Agreement to recoup the full rights and benefits of such ownership, including, but not limited to, use of such Facility for District programs and services.

2. SITE AND FACILITY.

- a. **Facility.** The Facility is a modular classroom located in Building H-11 on the westernmost portion of the Site, as more particularly depicted in Attachment 1.
- b. **Furnishings and Equipment.** The District will retain ownership of all furnishings and equipment provided to the Charter Schools and will expect all furnishings and equipment to be returned to the District at the expiration or earlier termination of the Term in the same condition as received, reasonable wear and tear excepted. An inventory of the District's furnishings and equipment provided with the Facility for the Charter Schools' use is listed in **Attachment 2**, attached hereto and incorporated herein by reference. Should the District provide the Charter Schools with additional furnishings and/or equipment during the Term of this Agreement, such furnishings and equipment shall be added to the inventory list included in Attachment 2.
- c. **Exclusive and Shared Use of Space.** During the Term and subject to the terms and conditions of this Agreement, the Charter Schools shall have exclusive use of the Facility. The Charter Schools may agree to specifically share and/or allocate space in the Facility amongst one another in any configuration they choose; provided, however, that the District shall have no duty to monitor or enforce any such agreement, allocation, or arrangement of space. The Charter Schools shall also have a non-exclusive right to use those portions of the Site reasonably required to access the Facility, as well as the staff restrooms located on the exterior of Building B1 and the student restrooms located in Building C at the Site, as depicted in **Attachment 1**.

- d. **District Access.** During the Term of this Agreement, the District shall have access to all areas of the Site and the Facility as necessary to allow the District to maintain the Site and to conduct any other District-sponsored or District-supported events or programs on the Site pursuant to and consistent with the terms of this Agreement, provided that the District's activities on the Site shall not unreasonably interfere with the Charter Schools' use of the Facility. As set forth in Section 8 below, to the extent practicable, the District will attempt to provide 24 hours' advance notice to the Charter Schools before entering the Facility, except in the case of an emergency, where no prior notice is required.

3. **FACILITIES USE FEE.**

- a. **Facilities Use Fee.** For the first year of this Agreement, the District will charge the Charter Schools a facilities use fee of \$1.95 per square foot for a total amount of \$1,755.00 per month ("Use Fee"). The Use Fee shall increase annually by a fixed two and a half percent (2.5%) of the prior year's Use Fee during the Term of this Agreement.
- b. **Payments.** Each Charter School shall be responsible for one-third (1/3), or 33.33%, of the then-current Use Fee, which Use Fee shall be paid to the District in quarterly installments on July 1st, October 1st, January 1st, and April 1st ("Payment") each year. Notwithstanding anything to the contrary herein, the Charter Schools may elect to split the Use Fee amongst the Charter Schools by another percentage in a manner that is commensurate with each Charter School's use of the Facility, provided that (i) the Charter Schools must inform the District of the percentage of the Use Fee for which each Charter School is responsible, and (ii) the District shall have no obligation to enforce or monitor any such agreement by the Charter Schools. Each Payment shall be sent to the District at the address set forth in the Notices section below. The Charter Schools shall pay the required Payments promptly to the District, without deduction, setoff, prior notice, or demand. The Charter Schools shall be jointly and severally liable for payment of the entirety of the Use Fee, and each Charter School absolutely and unconditionally guarantees to the District the prompt payment of the full Use Fee as the same becomes due.
- c. **Late Payments.** Late payment by any of the Charter Schools to the District will cause the District to incur costs not contemplated by this Agreement, the exact amount of which will be difficult and impracticable to ascertain. Therefore, if any Payment due from any of the Charter Schools is not received by the District within five (5) calendar days of the date such Payment is due, the late-paying Charter School shall pay to the District an additional sum of five percent (5%) of the overdue Payment amount as a late charge. The Parties agree that this late charge represents a fair and reasonable estimate of the costs that the District will incur by reason of a late Payment by any of the Charter Schools. The Charter Schools shall be jointly and severally liable for such late payments.

4. USE.

- a. **Use Right.** Subject to the terms and conditions of this Agreement, the District hereby grants to the Charter Schools the exclusive use of the Facility for the purposes described herein. The Charter Schools expressly acknowledge that a leasehold interest in the Facility is not being provided to the Charter Schools by the District.
- b. **Operations and Maintenance.** The Charter Schools shall comply with District policies, regulations, and practices including, but not limited to, any policies related to COVID-19, regarding the operations and maintenance of the Facility, including any furnishings and equipment therein.
- c. **Permitted Use.** The Facility shall be used and occupied by the Charter Schools for the sole purpose of maintaining the Charter Schools' records and conducting periodic special education assessments for students enrolled in the Charter Schools, and for no other purpose without the prior written consent of the District. The Charter Schools shall not carry on or house any other programs or activities at the Facility without the prior written approval of the District. The District is not aware of any defect in or condition of the Site or the Facility that would prevent their use for the Charter Schools' purposes.
- d. **Prohibited Uses.**
 - i. No Increase in Insurance. The Charter Schools shall not do or permit to be done anything which will invalidate or increase the cost of any fire, extended coverage or any other insurance policy covering the Site and the Facility, or which will make such insurance coverage unavailable on commercially reasonable terms and conditions, and the Charter Schools shall comply with all rules, orders, regulations and requirements of the insurers of the Site and Facility. Should the Charter Schools desire to initiate a use which would increase insurance premiums, the Charter Schools shall, prior to such use (which shall be subject to District approval), either pay for such increases or have the option to terminate the Agreement with thirty (30) calendar days' written notice.
 - ii. Compliance with Law. The Charter Schools shall not use the Facility or permit anything to be done in or about the Facility that will in any way conflict with any applicable law, statute, ordinance or governmental rule, or regulation or requirement of duly constituted public authorities now in force or which may hereafter be enacted or promulgated, including, but not limited to, federal, state, county, and local rules and regulations related to COVID-19. Should any discharge, leakage, spillage, emission, or pollution of any type occur upon or from the Facility resulting from the Charter Schools' use and occupancy thereof, the Charter Schools shall immediately notify the District and state/local agencies, as appropriate, and at their sole expense, shall be jointly obligated to clean all the property

affected to the reasonable satisfaction of the District and any governmental agencies having jurisdiction over the Site. If the Charter Schools fail to take steps to clean the Facility and Site or otherwise fail to comply with any requirements regarding the clean-up or amelioration of any discharge, leakage, spillage, emission, or pollution of any type, the District reserves the right to take over the clean-up and to take all necessary steps to recoup any and all costs associated therewith from the Charter Schools, which takeover shall not occur unreasonably.

- iii. No Nuisance or Waste. The Charter Schools shall not use or allow the Facility to be used for any unlawful purpose, nor shall the Charter Schools cause, maintain, or permit any nuisance or waste in, on, or about the Facility or the Site.
- iv. Restriction Against Use of Facility Address/Designation as Resource Center. The District is granting the Charter Schools exclusive use of the Facility for the limited purposes set forth herein. The Charter Schools expressly agree not to (1) list the District address, or (2) identify the Facility or the Site as a school site, resource center, satellite facility, or meeting space of the Charter Schools on their respective websites, school forms, or other informational/marketing materials available to the public. The Parties agree that the Facility is an administrative location and is not intended to serve as a school site, resource center, satellite facility, or meeting space of the Charter Schools for purposes of providing instruction to students enrolled in the Charter Schools

5. **TECHNOLOGY/TELECOMMUNICATIONS.** The Facility is wired for telephone and computer data connectivity including servers, routers, and switches, consistent with the District's school and offices.

6. **UTILITIES.** The District shall be responsible for the cost of all utilities used or consumed by the Charter Schools during the Term, including electricity, water, gas, and waste disposal, telephone systems, data lines, and related equipment. The District assumes sole responsibility for upkeep and maintenance of all telephone systems, data lines, and related equipment, software, and hardware it utilizes.

7. **MAINTENANCE AND REPAIRS; ALTERATIONS, ADDITIONS, AND IMPROVEMENTS.**

- a. **Condition of Property.** The District is not aware of any defect in or condition of the Facility that would prevent its use for the Charter Schools' purposes. The District has not received any notice of violation of statute, ordinance, regulation, order or holding from any state or federal agency with jurisdiction over the Site that calls into question the appropriateness or sufficiency of the Site and/or Facility for its intended purpose. The District, at its expense, shall remain responsible for compliance with all applicable laws regarding the Site and the Facility during the Term.

- b. Maintenance, Repairs, and Operations.** All maintenance and repairs at the Site and the Facility are the responsibility of the District; provided, however, that if such maintenance or repairs are necessitated by the actions of the Charter School(s) as a result of any alterations, additions, and/or improvements to the Facility by the Charter School(s) as set forth in Section 7.c. below, then such maintenance and repairs shall be the responsibility of the Charter School(s). The District shall have access to the Facility to perform repairs, maintenance, and inspections, and will coordinate such work with the Charter Schools' administration. The Charter Schools shall be responsible for notifying the District Superintendent immediately of any damage or defect in, at, or on the Facility that may require repair and/or maintenance. The District shall not be responsible for any injury, harm, or loss to persons or property resulting from any defects, damage, or conditions in or at the Facility for which the Charter Schools had knowledge and failed to provide timely notice to the District.
- c. Alterations, Additions, and Improvements.**
- i. Requirements. The Charter Schools shall not make, construct, or install any alterations, additions, or improvements at the Facility without obtaining the prior written approval of the District. The Charter Schools shall follow all competitive bidding requirements and Division of the State Architect requirements applicable to public school districts for any District-authorized alterations, additions, or improvements to the Facility. Contractors retained by the Charter Schools for the construction or installation of any authorized alterations, additions, or improvements shall be fully licensed and bonded as required by law and must maintain levels of casualty, liability, and workers' compensation insurance and performance and payment bonds consistent with District construction requirements. The construction or installation of any authorized alterations, additions, or improvements shall be performed at the Charter Schools' own expense, in a sound and workmanlike manner, and in compliance with all laws applicable to the Charter Schools, including prevailing wage laws. The District reserves the right to require that the Parties execute an addendum or a separate agreement regarding any approved alterations, additions, or improvements before the Charter Schools may commence construction or installation of the same.
 - ii. Property of District. All such alterations, additions or improvements shall, at the expiration or earlier termination of the Agreement, become the property of the District and remain upon and be surrendered with the Facility.
 - iii. Personal Property. All articles of personal property and all business and trade fixtures, machinery and equipment, cabinetwork, furniture, and movable partitions owned by the Charter Schools or installed by the Charter Schools at the Charter Schools' expense at the Facility shall be

and will remain the property of the Charter Schools and may be removed by the Charter School at any time during the Term.

8. **ENTRY BY THE DISTRICT.** The District reserves the right to enter the Facility for inspection; to supply any service to be provided by the District to the Charter Schools; and to alter, improve, or repair the Site. In furtherance of any alterations, improvements, or repair, the District may erect scaffolding and other necessary structures where reasonably required by the character of the work to be performed, always providing the entrance to the Facility shall not be blocked, and further providing that the business of the Charter Schools shall not be unreasonably interfered with. The District may enter the Facility at any time, but, to the extent practicable, will attempt to provide 24 hours' advance notice, except in the case of an emergency, where no prior notice is required. The Charter Schools hereby waive any claim for damages for any injury or inconvenience to or interference with the Charter Schools' business, any loss of occupancy or quiet enjoyment of the Facility during such activities. For each of the aforesaid purposes, the District shall at all times have and retain a key with which to unlock all of the doors to the Facility, excluding the Charter Schools' vaults, safes, and locked or secure storage (e.g., filing cabinets), and the District shall have the right to use any and all means which the District may deem proper to open said doors in an emergency to obtain entry to the Facility. Entry to the Facility obtained by the District under this section shall not be construed or deemed to be a forcible or unlawful entry into or a detainer of the Facility, or an eviction of the Charter Schools from the Facility or any portion thereof.

9. **INDEMNITY.**

- a. **Charter Schools' Indemnification.** The Charter Schools shall, to the fullest extent permitted by law, indemnify, hold harmless, and defend the District, its trustees, officers, employees, and agents from and against any and all claims, demands, actions, suits, losses, liability, penalties, expenses and costs for any injury, death, or damage to any person or property arising out of or related to obligations of the Charter Schools under this Agreement as they relate to the Facility or Site, or arising from the Charter Schools' use of the Facility or Site, or from any activity, work, or other things done, permitted or suffered by the Charter Schools in or about the Facility or Site, excepting those claims, demands, actions, suits, losses, liability, penalties, expenses, and costs caused by the negligence or intentional acts of the District, its employees, agents, officers, invitees, and visitors as they relate to the Facility and the Site.

The Charter Schools shall further indemnify, hold harmless, and defend the District from and against any and all third party claims arising from any breach or default in the performance of any obligation on the Charter Schools' part to be performed under the terms of this Agreement, or arising from any act, omission, or negligence of the Charter Schools, or any officer, agent, employee, invitee, or visitor of the Charter Schools, and from all costs, attorney's fees, and liabilities incurred in or about the defense of any such claim or any action or proceeding brought thereon, excepting those claims, demands, actions, suits, losses, liability,

penalties, expenses, and costs caused by the negligence or intentional acts of the District, its employees, agents, officers, invitees, and visitors as they relate to the Site. If any action or proceeding is brought against the District by reason of such claim (regardless of whether a claim is filed), the Charter Schools, upon notice from the District, shall defend the same at the Charter Schools' expense. The Charter Schools shall give prompt written notice to the District Superintendent in case of casualty or accidents in or at the Facility or Site.

- b. District's Indemnification.** The District shall, to the fullest extent permitted by law, indemnify, hold harmless, and defend the Charter Schools, their directors, officers, employees, and agents from and against any and all claims, demands, actions, suits, losses, liability, penalties, expenses, and costs for any injury, death, or damage to any person or property arising out of or related to obligations of the District under this Agreement as they relate to the Facility or the Site, or arising from the District's use of the Facility or Site, or from any activity, work, or other things done, permitted or suffered by the District in or about the Facility or the Site, excepting those claims, demands, actions, suits, losses, liability, penalties, expenses, and costs caused by the negligence or intentional acts of the Charter Schools, its employees, agents, officers, invitees, and visitors as they relate to the Facility and the Site.

The District shall further indemnify, hold harmless, and defend the Charter Schools from and against any and all third party claims arising from any breach or default in the performance of any obligation on the District's part to be performed under the terms of this Agreement, or arising from any act, omission, or negligence of the District, or any officer, agent, employee, invitee, or visitor of the District, and from all costs, attorney's fees, and liabilities incurred in or about the defense of any such claim or any action or proceeding brought thereon, excepting those claims, demands, actions, suits, losses, liability, penalties, expenses, and costs caused by the negligence or intentional acts of the Charter Schools, their employees, agents, officers, invitees, and visitors as they relate to the Facility. If any action or proceeding is brought against the Charter Schools by reason of such claim (regardless of whether a claim is filed), the District upon notice from Charter Schools shall defend the same at the District's expense.

10. INSURANCE.

- a. Property and Liability Insurance.** The Charter Schools' Governing Boards shall ensure that their respective Charter Schools retain appropriate property and liability insurance coverage. During the Term, each Charter School shall obtain and keep in effect property and liability coverage as follows:

- i. The District shall be named as additional insured on all of the Charter Schools' insurance policies. A copy of all required insurance policies evidencing the District named as an additional insured shall be provided to the District no later than seven (7) calendar days prior to occupancy and use of the Facility. The Charter Schools shall be responsible, at their sole expense, for separately insuring their owned or leased personal property.
- ii. The District will continue to maintain its current levels of insurance on the structures on the Site, which shall be secondary to the property insurance held by the Charter Schools pursuant to Section 10.a.i. above, with the exception of any loss that is caused by the negligence of the District or District's breach of its obligation to maintain the Facility and Site per Section 7.

- c. Insurance Policies.** The aforementioned minimum limits of policies shall in no event limit the liability of the Charter Schools hereunder. Said insurance shall be with companies having a rating of not less than "A-" in "AM Best's Insurance Guide," except that insurance through a California-authorized Joint Powers Authority shall satisfy this requirement. No such policy shall be cancelable or subject to reduction of coverage or other modification or cancellation except after thirty (30) calendar days prior written notice to the District by the insurer, or, if the insurer refuses to provide such notice to additional insureds, by the Charter Schools. Each Charter School shall, at least twenty (20) calendar days prior to the

expiration of such policies, furnish the District with renewals or binders. The Charter Schools shall have the right to provide such insurance coverage pursuant to blanket policies obtained by the Charter Schools, provided such blanket policies expressly afford coverage to the Facility and to the Charter Schools, as required by this Agreement. The failure of one or more Charter School(s) to comply with the requirements of this Section 10 shall constitute a breach of the Agreement.

- d. **Waiver of Subrogation.** The District and Charter Schools each hereby waive any and all rights of recovery against the other or against the officers, employees, agents, and representatives of the other, on account of loss or damage occasioned to such waiving party or its property or the property of others under its control to the extent that such loss or damage is insured against under any fire and extended coverage insurance policy which either may have in force at the time of such loss or damage. Each Charter School shall, upon obtaining the policies of insurance required under this Agreement, give notice to its respective insurance carrier or carriers that the foregoing mutual waiver of subrogation is contained in this Agreement.

11. DAMAGE OR DESTRUCTION.

- a. **Damage to the Site Generally.** Other than maintenance performed by the District as set forth in Section 7, the Charter Schools shall be financially responsible for any damage to the Site directly or indirectly caused by one or more of the Charter Schools (including any of their students, directors, employees, agents, contractors, invitees, or visitors). Further, other than maintenance performed by the District as set forth in Section 7, the Charter Schools shall be financially responsible for any damage to the Facility, except to the extent such damage is caused by the negligence or intentional acts of the District (including any of its students, directors, employees, agents, contractors, invitees, or visitors). The District shall have the sole discretion to determine whether to repair the damage at the Charter Schools' expense, or to authorize the Charter Schools to repair the damage at the Charter Schools' expense. Upon discovery of any damage to the Facility and/or the Site, the Charter Schools shall immediately notify the District.
- b. **Damage Covered by Insurance.** If the Facility is damaged by any casualty that is covered by the insurance required to be carried by the Charter Schools, the District shall assess such damage and make its decisions regarding restoration, replacement, or housing of the Charter Schools at one or more alternate locations. The District shall make reasonable attempts, but shall not be required, to provide the Charter Schools reasonably equivalent alternative space(s) after the date of the damage until the repair work is completed. If the Charter Schools agree to move to the alternative space(s) provided by the District during the period of repair, there shall be no diminution of the Use Fees during the period of restoration. Within thirty (30) calendar days of the occurrence of the damage, the District shall provide notice in writing of the estimated time required for repair or

restoration. The Charter Schools may, within thirty (30) calendar days of receipt of the District's notice, elect to terminate this Agreement by giving written notice to the District of such election, in which case this Agreement shall terminate immediately.

- c. **District's Obligations for Charter School Installations.** The District shall not be required to repair any injury or damage by fire or other cause, or to make any restoration or replacement of, any panels, decorations, partitions, office fixtures, or any other improvements or property installed in the Facility by the Charter Schools or at the direct or indirect expense of the Charter Schools. The Charter Schools may restore or replace same if damaged. The Charter Schools shall have no claim against the District for any damage suffered by reason of any such damage, destruction, repair, or restoration.

12. **ASSIGNMENT AND SUBLETTING.** The Charter Schools may not assign their rights or sublet any portion of the Facility without the prior written consent of the District.

13. **DEFAULT AND REMEDIES.**

- a. **Joint and Several Liability.** The Charter Schools are jointly and severally liable for each and every obligation set forth herein, and the District may treat a breach or default by one Charter School as a breach or default by all. However, in the event of a breach or default by only one Charter School, the District, in its sole discretion, may choose to treat the Charter Schools separately and continue the relationship with the non-defaulting Charter Schools by amending this Agreement or entering into a new agreement accordingly.
- b. **Default by the Charter Schools.** The occurrence of any of the following shall constitute a material default and breach of this Agreement by the Charter Schools:
 - i. Any failure by a Charter School to make the Payments of the Use Fee required to be paid hereunder, where such failure continues for forty-five (45) calendar days after written notice by the District to the respective Charter School.
 - ii. The abandonment or vacation of the Facility by the Charter Schools.
 - iii. A failure by a Charter School to observe and perform any other provision of this Agreement to be observed or performed by the Charter Schools, where such failure continues for thirty (30) calendar days after written notice thereof by the District to the Charter School(s); unless, however, the nature of the default is such that the same cannot reasonably be cured within said 30-day period. The Charter Schools shall not be deemed to be in default if the Charter Schools shall within such period commence such cure and thereafter diligently prosecute the same to completion.
 - iv. The making by one or more Charter Schools of any general assignment or general arrangement for the benefit of creditors; the filing by or against

one or more Charter Schools a petition to have the Charter School(s) adjudged bankrupt or of a petition for reorganization or arrangement under any law relating to bankruptcy (unless, in the case of a petition filed against one or more Charter Schools, the same is dismissed within sixty (60) calendar days); the appointment of a trustee or receiver to take possession of substantially all of one or more Charter Schools' assets located at the Facility or of one or more Charter Schools' interests in this Agreement, where possession is not restored to the Charter School(s) within thirty (30) calendar days; or the attachment execution or other judicial seizure of substantially all of one or more Charter Schools' assets located at the Site or of one or more Charter Schools' interest in this Agreement, where such seizure is not discharged within thirty (30) calendar days.

- v. The failure by one or more Charter Schools to utilize the Facility for the sole purpose of storing/managing records and conducting periodic special education assessments of students enrolled in the Charter Schools as set forth in this Agreement.
- c. **Remedies.** If the Charter Schools commit any such material default or breach, then the District may, at any time thereafter without limiting the District in the exercise of any right or remedy at law or in equity which the District may have by reason of such default or breach:
- i. Maintain this Agreement in full force and effect and recover the Use Fee payments and other monetary charges as they become due, without terminating the Charter Schools' right to possession irrespective of whether the Charter Schools shall have abandoned the Facility.
 - ii. Terminate the Charter Schools' right to possession by any lawful means, in which case this Agreement shall terminate and the Charter Schools shall immediately surrender possession of the Facility to the District. In such event, the District shall be entitled to recover from the Charter Schools all damages incurred by the District by reason of the Charter Schools' default.
 - iii. No remedy conferred or reserved to the District is intended to be exclusive and every remedy shall be cumulative and in addition to every other remedy given under this Agreement or existing at law or in equity. No delay or omission to exercise any right or power accruing upon any event of default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient. The District is entitled to exercise any remedy reserved to it and without giving notice other than such notice as is required under the Agreement. All remedies reserved to the District shall survive the termination of the Agreement.

- d. **Default by the District.** The District shall not be in default unless the District fails to perform obligations required of the District within a reasonable time, but in no event later than thirty (30) calendar days after written notice by the Charter Schools to the District specifying wherein the District has failed to perform such obligations; provided, however, that if the nature of the District's obligation is such that more than thirty (30) calendar days are required for performance, then the District shall not be in default if the District commences performance within such 30-day period and thereafter diligently prosecutes the same to completion. In the event of default by the District, the Charter Schools may terminate this Agreement and pursue all remedies available by law.

14. MISCELLANEOUS.

- a. **Captions.** The captions of the paragraphs of this Agreement are for convenience only and shall not be deemed to be relevant in resolving any question of interpretation or construction of any section of this Agreement.
- b. **Attachments.** Attachments, exhibits, addenda and schedules initialed by the Parties are deemed by attachment to constitute part of this Agreement and are incorporated herein.
- c. **Amendments.** This Agreement may only be amended in writing that specifically indicates its intent to modify and/or amend this Agreement. All amendments shall only be effective if executed by the Parties and approved by the Parties' respective governing boards.
- d. **Entire Agreement.** This Agreement, along with any exhibits and other attachments, constitutes the entire agreement between the District and the Charter Schools relative to the Facility. The Parties agree that all prior or contemporaneous oral agreements between and among themselves and their agents or representatives relative to the Facility are merged in or revoked by this Agreement.
- e. **Severability.** If any provision of this Agreement is determined by a court of competent jurisdiction to be invalid or unenforceable, then the remainder of this Agreement shall not be affected and the remaining terms and provisions of this Agreement shall remain enforceable to the fullest extent permitted by law.
- f. **Time of the Essence.** Time is of the essence with respect to the performance of every provision of this Agreement in which time of performance is a factor, except as to the conditions relating to the delivery of possession of the Facility to the Charter Schools.
- g. **Binding Effect, Choice of Law, Venue.** The Parties agree that all provisions of this Agreement are to be construed as both covenants and conditions. Subject to any provisions restricting assignment or subletting by the Charter Schools, all of the provisions of this Agreement shall bind and inure to the benefit of the Parties and their respective heirs, legal representatives, successors, and assigns. The laws

of the State of California shall govern this Agreement. Venue shall lie only in the County of San Diego.

- h. Waiver.** No covenant, term, or condition or the breach thereof shall be deemed waived, except by written consent of the Party against whom the waiver is claimed, and any waiver or the breach of any covenant, term, or condition shall not be deemed to be a waiver of any preceding or succeeding breach of the same or any other covenant, term or condition. Acceptance by the District of any performance by the Charter Schools after the time the same shall have become due shall not constitute a waiver by the District of the breach or default of any covenant, term or conditions unless otherwise expressly agreed to by the District in writing.
- i. Holding Over.** If the Charter School(s) remain in possession of all or any part of the Facility after the expiration of the Term, with or without the express or implied consent of the District, then such tenancy shall be from month to month only, and shall not constitute a renewal or an extension for any further term. In such case, payments of the Use Fee and any other monetary sums due hereunder shall be payable in the amount and at the time specified in this Agreement and such month-to-month tenancy shall be subject to every other term, covenant, and agreement contained herein.
- j. Supervision of Students/Fingerprinting.** The Charter Schools shall be solely responsible for ensuring the appropriate supervision and safety of any students enrolled in the Charter Schools that enter the Site. The Charter Schools shall also ensure compliance with all applicable fingerprinting and criminal background investigation requirements described in Education Code sections 45125.1 and 45125.2. The Charter Schools shall provide the District with verification in writing of compliance with the aforementioned fingerprinting and criminal background investigation requirements prior to each Charter School employee or other person's commencement of use of the Facility or Site, and prior to permitting contact with any students. The District shall be responsible for complying with all criminal background check laws for all employees or vendors that it directs to the Site and/or Facility for any work to be performed at its direction.

Independent Educational Evaluation Policy

Section: IV. Academic Excellence
Item: A. Independent Educational Evaluation Policy
Purpose: Vote
Submitted by:
Related Material: Independent Educational Evaluations - V1.pdf

BACKGROUND:

The following board policy will provide Pacific Coast Academy families, special education administration, and staff with a procedural guideline which includes the federal and state laws regarding Independent Educational Evaluations (IEEs) and best practices when working with parents/guardians and assessors when PCA has received a request for an IEE.

Parent Requests for Independent Educational Evaluations

Introduction

The following policy will provide Pacific Coast Academy families, special education administration and staff with a procedural guideline which includes the federal and state laws regarding Independent Educational Evaluations (IEEs) and best practices when working with parents/guardians and assessors when the LEA has received a request for an IEE.

Definitions

- “Independent Educational Evaluation” means an evaluation conducted by a qualified examiner who is not employed by Pacific Coast Academy.
- An IEE can be conducted in any area previously evaluated, or not, by Pacific Coast Academy.
- “Public expense” means that Pacific Coast Academy either pays for the full cost of the evaluation or ensures that the evaluation or evaluation components are otherwise provided at no cost to the parent/guardian.
- A “parent” is defined as the following:
 - A biological or adoptive parent of a child
 - A foster parent if the authority of the biological or adoptive parents to make educational decisions on the child’s behalf specifically has been limited by court order. (CFR 34, 300.30(b)(1) or (2)).
 - A guardian generally authorized to act as the child’s parent, or authorized to make educational decisions for the child, including a responsible adult appointed for the child. (Sections 361 and 726 of the Welfare and Institutions Code)
 - An individual acting in the place of a biological or adoptive parent, including a grandparent, stepparent, or other relative, with whom the child lives, or an individual who is legally responsible for the child’s welfare
 - A surrogate parent who has been appointed. (Section 7579.5 or 7579.6 of the Government Code, Section 300.519 of Title 34 of the Code of Federal Regulations, and Section 1439(a)(5) of Title 20 of the United States Code)

When May a Parent/Guardian Request an IEE?

A parent/guardian has the right to obtain an Independent Educational Evaluation (IEE) for their child at their own expense at any time (34 CFR 300.502(a)(1)). The parent/guardian of a student with a disability, or with an IEP, has the right to obtain an Independent Educational Evaluation at public expense, subject to the provisions of federal and state law, when the parent/guardian disagrees with an assessment obtained or conducted by the LEA within the last two years (34 CFR 300.502(b)(1) and (d)(2)(A), California Education Code Sec 56329(b), and (OAH Case No. 2012051153)).

A parent/guardian is only entitled to one IEE in response to each area of evaluation completed by the LEA within the last two years.

Procedures for Sharing a “Parent-Initiated IEE”

When a parent/guardian obtains an IEE at private expense, the results of the evaluation, if shared with Pacific Coast Academy:

- Shall be considered by Pacific Coast Academy, if it meets agency criteria, in any decision made with respect to the provision of a Free, Appropriate, Public Education (FAPE) to the student; and
- May be presented as evidence at a due process hearing regarding the child.

Responding to a Request for an IEE at Public Expense

Once a parent/guardian has requested an IEE at public expense, Pacific Coast Academy must provide the parent/guardian with a copy of their Procedural Safeguards, Prior Written Notice (PWN) and either:

- Provide the parent/guardian with the IEE Procedures and Resources for Parents packet which provides information about where an IEE may be obtained, the agency criteria applicable for IEEs, and expense information (34 CFR 300.502(a)(2)); or
- Initiate a due process hearing to show that Pacific Coast Academy’s evaluation is appropriate.

Pacific Coast Academy may request that the parent/guardian explain why s/he objects to the LEA’s evaluation or specific areas of evaluation. However, Pacific Coast Academy may not require the parent/guardian to provide an explanation and may not unreasonably delay providing the IEE at public expense.

Agency Criteria for Conducting an IEE

According to federal regulations, the criteria under which the IEE is obtained at public expense, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that Pacific Coast Academy uses when it initiates an evaluation (34 CFR 300.502(e)(1)). Pacific Coast Academy may not impose conditions or timelines related to obtaining an IEE at public expense (34 CFR 300.502(e)(2)).

Location

It is recommended to locate an evaluator within your county or neighboring counties. The IEE assessment must take place within a reasonable distance from the student’s residence (50 miles or less) unless extenuating circumstances exist (for example, if there is not an assessor in that student’s area.). Evaluators outside of this area will be approved only on an exceptional basis by Pacific Coast Academy if the parents/guardians or Pacific Coast Academy can demonstrate there is a unique need for a specialized evaluation and that there are no qualified evaluators within the specified area who can appropriately assess their child’s educational needs.

The IEE shall be administered by an evaluator in the same type of educational setting as that used by Pacific Coast Academy in providing similar evaluations including, but not limited to, classroom observations (California Education Code Section 56329(c)).

Guidelines for Determining Qualifications

All assessments shall be completed by persons competent to perform the assessment as determined by the LEA (California Education Code Section 56322). The IEE shall be administered by an evaluator who holds equivalent certifications, licenses, or other qualifications that would be required of the Pacific Coast Academy staff to provide similar evaluations.

Independent evaluators shall have the following minimum credentials issued by the appropriate agency or board within the State of California:

Type of Assessment	Minimum Qualifications
Academic Achievement	Credentialed Special Education Teacher Licensed Educational Psychologist (LEP)
Adaptive Behavior	Licensed Educational Psychologist
Adaptive Physical Education	Credentialed Adapted Physical Education Specialist
Assistive Technology	Certified Assistive Technology Specialist

Auditory Perception/Auditory Processing	Language, Speech and Hearing and Audiology Credential Clinical or Rehabilitative Services Credential Education Specialist Instruction Credential: Deaf and Hard-of-Hearing Licensed Educational Psychologist
Functional Behavioral Assessment	Credentialed Special Education Teacher Licensed Marriage and Family Therapist Licensed Clinical Social Worker Licensed Educational Psychologist Board Certified Behavior Analyst
Health	Licensed Physician Registered Nurse School Nurse Services Credential

Visual Acuity/Transition/Vocational	Credentialed Special Education Teacher Adult Education Credential with a Career Development Authorization
Developmental Vision	Licensed Optometrist Licensed Ophthalmologist Education Specialist Instruction Credential: Visual Impairments
Functional Vision	Education Specialist Instruction Credential: Visual Impairments

A parent/guardian shall have the opportunity to demonstrate that unique circumstances justify a waiver of any of the criteria listed above as defined by Pacific Coast Academy.

A parent/guardian may also request a list of suggested IEE evaluators who meet the Pacific Coast Academy criteria, but the parent/ guardian is not required to select from the list provided.

Conflict of Interest

Pacific Coast Academy should ensure there is no conflict of interest between the evaluator and service provider, or the evaluator and the family. After completing an IEE, the independent evaluator or their agency must not currently be under contract to provide services or assessments for Pacific Coast Academy. The Chosen assessor will also not be contracted to provide the service(s) recommended to the IEP team.

IEE Cost Determination

The cost determination for an IEE shall be comparable to the costs incurred by the Pacific Coast Academy when it uses its own employees or contractors to complete a similar assessment. An all-inclusive cost shall include:

- Observations;
- Review of student records
- Administration and scoring of assessments;
- Report writing; and
- Attendance in person, by phone, or virtually at the IEP meeting in which the IEE is presented.

The following cost limitations have been agreed upon by the Pacific Coast Academy School board:

Assessment Type	Maximum Cost
Assistive Technology	\$1300
Auditory Perception/Auditory Processing	\$ 700
Functional Behavioral Assessment	\$ 3000
Cognitive/ Full Psycho-Educational (Rate allowed depends on components tested such as academic, adaptive behavior, cognition, social-emotional, etc.) (Extras to include but not limited to Functional Behavior Assessment, ERMHS ect)	\$ 4000 with a 25% cap for extras
Occupational Therapy	\$1000
Physical Therapy	\$1000
Speech and Language	\$1200
Functional Vision	\$1000

A parent/guardian shall have the opportunity to demonstrate that unique circumstances justify a financial waiver of any of the cost determination criteria listed above as defined by Pacific Coast Academy.

Payment of IEE Costs

IEE Obtained at Public Expense:

Pacific Coast Academy shall issue payment to the independent evaluator for the cost of conducting the IEE following the Pacific Coast Academy's receipt of the following from the assessor:

- A written IEE assessment report prepared by the independent evaluator containing all necessary assessment and eligibility sections. The report shall be received by Pacific Coast Academy and the parent/guardian five days prior to the IEP meeting;

- The original assessment protocols utilized to conduct the IEE shall be provided to Pacific Coast Academy; and
- Detailed invoice(s), including dates of assessment, observation(s), and hourly rates.

Criteria for Accessing Private Insurance

When private insurance will cover all, or a portion of, the costs of the IEE, Pacific Coast Academy may request that the parent/guardian voluntarily have their insurance pay the costs of the IEE covered by their insurance. However, parents/guardians will not be asked to have private insurance cover the costs of an IEE if the process would result in a financial cost to the parent/ guardian including but not limited to:

- A decrease in available lifetime coverage or any other benefit under an insurance policy;
- An increase in premiums or the discontinuance of the policy; or
- An out-of-pocket expense such as payment of a deductible amount incurred in filing a claim.

IEE Assessment Results

The results of the IEE, whether obtained at public or private expense, will be considered by the IEP team when making a determination regarding the student's eligibility for special education and related services, educational placement, and other components of the student's educational program as required by federal and California special education laws and regulations. However, the results of an IEE will not control the IEP team's determinations and may not be considered if not completed by a qualified professional, as determined by Pacific Coast Academy.

Independent Evaluator Service Agreement

Pacific Coast Academy will complete a service agreement with the independent evaluator to ensure clarification regarding terms of the agreement.

Qualified Evaluator will need to submit the following requirements:

- Proof of Liability Insurance as indicated in the agreement
- Copy of Certification, Credential or License
- All-Inclusive Assessment Fee Schedule that meets the cap requirements

Public Random Drawing/Lottery Policy

Section: IV. Academic Excellence
Item: B. Public Random Drawing/Lottery Policy
Purpose: Vote
Submitted by:
Related Material: Public_Random_Drawing-Lottery_Policy- PCA_v5.pdf

BACKGROUND:

This policy has been revised by Jennifer McQuarrie to reflect the following:

- Each family gets entrance instead of each student.
- Students who do not have a completed intent to re-enroll by April 15, 2021 may be automatically withdrawn.

Public Random Drawing/Lottery Policy

Pacific Coast Academy is committed to providing quality education to all students who wish to attend, within the school boundaries. Based on available resources, it may be necessary to limit admissions, and in that event a Public Random Drawing/Lottery will be held to determine admission. Pacific Coast Academy ensures admission will not be based on any protected characteristics, including, but not limited to, disability, race, gender, national origin, and religion.

The purpose of the Pacific Coast Academy Governing Board approving the Public Random Drawing/Lottery Policy is to accomplish the following:

1. Establish the procedures under which the Pacific Coast Academy (“School”) will conduct the School’s public random drawing/lottery in the event that applications for enrollment exceed the School’s capacity.
- 1. Enrollment:** The School is a non-classroom based charter school that operates solely as an independent study program. Admission to the School is open to any student who resides within the boundaries of San Diego County or an adjacent county. The School will accept all students who wish to attend, so long as it has the capacity to serve them. The School’s Governing Board will annually determine the maximum enrollment for each school year based on, among other factors, the annual budget, staffing, and available resources prior to the start of the Open Enrollment Period. Limits may be established by county served, ~~grade level~~ and/or for the school as a whole.

The Board will set an Open Enrollment Period each year. Applications will be accepted during the publicly advertised Open Enrollment Period each year for enrollment during the following school year. Following the close of the Open Enrollment Period, applications shall be counted to determine whether the School has received more applications than maximum enrollment capacity. If the number of pupils who wish to attend the School exceeds the School’s capacity **overall or per county, for a specific grade level, enrollment in the impacted grade level or levels** enrollment will be determined by a Lottery conducted in accordance with the procedures set forth in this Policy and applicable law. Admission preferences will only be extended consistent with this Policy, the School’s charter, and applicable law.

Admission preferences will not be based on any protected characteristics, including, but not limited to, disability, race, gender, national origin, and religion. In addition, enrollment preferences will not limit enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, **or pupils based on nationality, race, ethnicity, or sexual orientation.**

2. **Lottery Procedures:** In the event that there are more students who wish to attend the School than there are spots available upon closure of the Open Enrollment Period, the School will conduct a Lottery during the Spring semester prior to the academic year for which enrollment is sought.

All pupils, except those who are guaranteed admission as provided in this Policy and the School's charter, who wish to enroll in the School must participate in the Lottery subject to the following:

1. Students who reside within the boundaries of the Dehesa Elementary School District ("District") will have their names placed in the Lottery pool twice.
2. Students who reside outside the boundaries of the District will have their names placed in the Lottery once.

The following students are exempt from the Lottery and are guaranteed enrollment in the School: (1) students currently enrolled in the School at the close of the Open Enrollment period; and (2) siblings of currently enrolled students. "Sibling" is defined as a pupil who has at least one biological or adoptive parent in common with the admitted pupil, or who has been legally adopted by or placed under the legal guardianship of at least one biological or adoptive parent of the admitted pupil. Step-siblings are only considered siblings if they reside at the same address as the sibling who is admitted into the School. In the event that the overall or county-specific capacity has been met and there are more siblings interested in attending than there are spaces available, the siblings will be placed in a "Sibling Lottery." The Sibling Lottery wait list will be exhausted before the School draws from the general Lottery. The School shall provide all legally required notices to siblings before holding the Sibling Lottery.

Public notice of the Open Enrollment Period and date of the general Lottery will be posted on the School's website and the notice will provide the date, time, and location of the Lottery at least 10 days prior to the commencement of the Open Enrollment Period, including providing a copy of the CDE's notice regarding the School's disenrollment and transfer practices pursuant to Education Code section 47605(e)(4)(D). Public notice and the date of the general lottery will also be included in application forms. The Lottery will be conducted by ~~the grade-level and~~ county served by the Executive Director or his/her designee using a random method of selection. Unique identifiers will be assigned to each applicant. The conduct of the Lottery will be open to the public and families are encouraged, but not required, to attend. The Executive Director or his/her designee will announce each applicant who is granted admission through the Lottery. Once the enrollment cap has been reached, the Executive Director or his/her designee will continue to draw applicants and will then be placed on the waitlist in the order drawn. Successful applicants will be notified electronically or by mail.

If a student is extended an offer of admission due to one of the preferences noted in this Policy or the School's charter, the School may request supporting documentation as part of the admission process. The School will conduct a verification of such documentation prior to finalizing the student's unconditional admission and may disenroll an applicant submitting materially false information.

After the Lottery process, and once an offer has been accepted by the family, additional information may be requested as part of the registration process. Following acceptance through the Lottery, students who are offered admission at the School at the time of the Lottery will have five (5) calendar days to complete the registration process. If a student fails to timely complete the process, the spot may be filled from the waiting list.

Enrollment offers are valid only for the academic year for which the Lottery is conducted. There is no option to defer an offer of enrollment. Students accepting enrollment must generally complete required independent study agreements within ~~five (5) seven (7)~~ days of the beginning of the school year, unless otherwise advised by the School.

- 3. Waitlist:** If a slot becomes available for student enrollment in the School ~~because an accepted student declines enrollment, fails to timely complete the enrollment process, a student leaves the School after the start of the academic year, or as spots become available,~~ the School may notify families on the applicable waitlist in the order they appear on the waitlist. In the School's sole discretion, and in light of capacity, budgetary considerations, and other factors, for the general lottery the School may also extend an enrollment invitation to a student's sibling(s) who is/are also on the waitlist, irrespective of their placement on the waitlist, to provide these siblings with the sibling preference.

Any student(s) drawn from the waitlist shall have five (5) school days to accept the enrollment slot (via telephone or email to the School) and proceed with the registration process. Applicants must complete a registration packet with all required documentation and by the deadline given by the School to confirm unconditional admission.

Students who are not offered a spot for the academic school year for which the Lottery was held may remain on the waitlist for that academic year unless the parent or guardian requests that the student be removed from the waitlist earlier. The waitlist shall not carry over from one year to the next.

Students who have not been admitted will be required to submit a new enrollment application for the next school year and are required to participate in the Lottery if space is limited.

- 4. Current Families Required to Confirm Intent to Return:** Families with currently enrolled students must submit a form/application to confirm their intent to return to the school next year by the date set by the Executive Director or designee to remain enrolled in the School for the following school year. If an enrolled student fails to provide this form/application, they will not have guaranteed admission for the following school year as a currently enrolled student. This means the student loses their spot and will have to submit another application if they are interested in enrolling in the School for the following school year. Failure to re-enroll and sign Master Agreement by the date set forth by the Senior Director will result in a voluntary disenrollment.

The CSEC committee will be presenting the final review of surveys taken in the two-month long CEO evaluation at the April board meeting. Special Board Meeting Date

Section: V. Other Business
Item: B. Special Board Meeting Date
Purpose: Vote
Submitted by:

BACKGROUND:

Before the current year ends in June, the president would like to plan one day-long strategy planning session, or several smaller sessions broken up over a few weeks. Previous information obtained by Jenn Faber indicates that Saturday, May 8th, is a possible day for a 9am -2pm meeting. Ms. Faber suggested that breaking up the planning sessions into smaller segments may work better for all board members and applicable staff. The president wishes to address the following subjects (and possibly others) at the planning meeting(s): committee creation (standing vs. task force), recruitment, onboarding and orientation, training current and future members, short-term and long-term board goals, and board evaluation.

The board is not obligated to select any applicant if, in the board's sole discretion, it does not believe the applicant possesses the requisite skills, availability, demeanor, etc., suitable for the director position even if that means the position will remain vacant. At least one member of the board of directors will be a community member or a parent of Pacific Coast Academy student.

Except as provided below, any director may resign by giving written notice to the chairman of the board, if any, or to the president, or the secretary, or to the board of directors. If a director's resignation is effective at a later time, the board may designate a successor to take office as of the date when the resignation becomes effective. Except upon notice to the Attorney General of California, no director may resign if the corporation would then be left without a duly elected director or directors in charge of its affairs.

Section 7. REMOVAL OF DIRECTORS. Any director may be removed at any time by a majority vote of directors then in office, with or without cause.

Section 8. VACANCIES. Vacancies on the board shall be filled by the vote of a majority of directors then in office. Each director so elected shall hold office until expiration of the term of the replaced director, if mid-term, and for the term if voted in at the beginning of a new term.

Section 9. PLACE OF MEETINGS AND MEETINGS BY TELEPHONE. Any meeting of the board of directors may be held at any place within the county in which the greatest number of pupils who are enrolled in the School reside that has been designated from time to time by resolution of the board or in the notice of the meeting. In the absence of such designation, meetings shall be held at the principal executive office of the corporation. Any meeting, annual, regular or special, may be held by conference telephone or similar communication equipment, so long as all directors participating in the meeting can hear one another and a majority of the members are within the county in which the greatest number of pupils who are enrolled in the School reside. All such directors shall be deemed to be present in person at such telephonic meeting. Prior written notice of any and all such meetings of the board of directors shall be provided to the directors at least seventy-two (72) hours prior to the time of the holding of the meeting.

Section 10. ANNUAL AND REGULAR MEETINGS. The annual meeting of the board of directors shall be held each year on the date and time as may be fixed by the board of directors. At such annual meeting, officers shall be elected and any other proper business may be transacted. Other regular meetings of the board of directors shall be held at such time as shall from time to time be fixed by the board of directors.

All meetings of the Board of Directors shall be called, held and conducted in accordance with the terms and provisions of the Ralph M. This Act requires that at least 72 hours before a regular meeting, and 24 hours before a special meeting, the Board of Directors or its designee shall post an agenda containing a brief general description of each item of business to be transacted or discussed at the meeting.

Section 11. SPECIAL MEETINGS. Special meetings of the board of directors for any purpose or purposes may be called at any time by the chairman of the board or a board majority.

Notice of the time and place of special meetings shall be delivered to each director personally or by telephone or sent by first-class mail, postage prepaid, or telegram, charges prepaid, or electronic transmission, addressed to each director at his or her address as it is shown on the records of the corporation. In case the notice is mailed, it shall be deposited in the United States mail at least four days prior to the time of the holding of the meeting. In case such notice is delivered personally or by telephone or telegraph, it shall be delivered personally or by telephone or to the telegraph company at least twenty-four (24) hours prior to the time of the holding of the meeting. Any oral notice given personally or by telephone may be communicated either to the director or to the person at the office of the director who the person giving the notice has reason to believe will promptly communicate it to the director.

Section 12. QUORUM. A majority of the authorized number of directors shall constitute a quorum for the transaction of business, except to adjourn as provided in Section 13 below. Every act or decision done or made by the board of directors requires a vote of the majority of the acting board of directors subject to the provisions of Section 5212 of the Code (appointment of committees), Section 5233 of the Code (approval of contracts or transactions in which a director has a direct or indirect material financial interest), Section 5234 of the Code (approval of certain transactions between corporations having common directorships), Section 5235 (compensation of directors or officers), and Section 5238(e) of the Code (indemnification of directors).

Section 13. WAIVER OF NOTICE; CONSENT. Notice of a meeting required by the Corporations Code need not be given to any director who, either before or after the meeting, signs a waiver of notice, a consent to holding the meeting, or an approval of the minutes of the meeting. The waiver of notice or consent need not specify the purpose of the meeting. All such waivers, consents, and approvals shall be filed with the corporate records or made a part of the minutes of the meeting. Notice of meeting shall also be deemed given to any director who attends the meeting without protesting, before or at the commencement of the meeting, the lack of notice to that director. Notice of all meetings shall be given in accordance with the requirements of the Ralph M. Brown Act, California Corporations Code sections 54950, *et seq.*

Section 14. ADJOURNMENT. A majority of the directors present, whether or not constituting a quorum, may adjourn any meeting to another time and place. Notice of the time and place of holding an adjourned meeting shall be given in the same manner as provided for special meetings, unless notice is waived as provided for special meetings. A copy of the notice of adjournment shall be conspicuously posted on or near the door of the place where the adjourned meeting was held within 24 hours after the time of the adjournment.

Section 15. FEES AND COMPENSATION. Directors and members of committees shall receive no compensation for their services; provided however, that directors and members of

committees may receive reimbursement of out-of-pocket expenses, as determined by resolution of the board of directors. Nothing contained herein shall be construed to preclude any director from serving the corporation in any other capacity as an officer, agent, employee, or otherwise, and receiving compensation for such services if compensation is awarded by the board of directors.

ARTICLE VII COMMITTEES

Section 1. **COMMITTEES OF DIRECTORS.** The board of directors may, by resolution adopted by a majority of the directors then in office, designate one or more committees, each consisting of two or more directors, to serve at the pleasure of the board. Appointments to such committees shall be by a majority vote of the directors then in office. The board may designate one or more directors as alternate members of any committee, who may replace any absent member at any meeting of the committee. Any such committee, to the extent provided in the resolution of the board, shall be advisory only.

Section 2. **MEETINGS AND ACTION.** Meetings and action of committees of the board shall be governed by, and held and taken in accordance with, the provisions of Article VI of these bylaws, Sections 8 (place of meetings and meetings by telephone), 9 (annual and regular meetings), 10 (special meetings), 11 (quorum), 12 (waiver of notice), 13 (adjournment) and 14 (action without meeting), with such changes in the context of those bylaws as are necessary to substitute the committee and its members for the board of directors and its members, except for the following: (a) the time of regular and annual meetings of committees may be determined by resolution of the board of directors as well as the committee; (b) special meetings of committees may also be called by resolution of the board of directors; and (c) notice of special meetings of committees shall also be given to all alternate members, who shall have the right to attend all meetings of the committee. Minutes of each meeting of any committee shall be kept and filed with the corporate records. The board of directors may adopt rules for the government of any committee not inconsistent with the provisions of these bylaws. If required by law, committee meetings shall be held in accordance with the Ralph M. Brown Act, California Government Code sections 54950, *et seq.*

ARTICLE VIII OFFICERS

Section 1. **OFFICERS.** The officers of the corporation shall be a president, a secretary, and a chief financial officer. The corporation may also have, at the discretion of the board of directors, a chairman of the board, one or more vice presidents, one or more assistant secretaries, one or more assistant treasurers, and such other officers as may be appointed in accordance with the provisions of Section 3 of this Article VIII. Any number of offices may be held by the same person, except that neither the secretary nor the chief financial officer may serve concurrently as the president or the chairman of the board.

- 7 -

Section 2. ELECTION. The officers of the corporation, except such officers as may be appointed in accordance with the provisions of Section 3 or Section 5 of this Article VIII, shall be chosen by the board of directors, and each shall serve at the pleasure of the board, subject to the rights, if any, of an officer under any contract of employment.

Section 3. OTHER OFFICERS. The board of directors may appoint, and may empower the president to appoint, such other officers as the activities of the corporation may require, each of whom shall hold office for such period, have such authority, and perform such duties as are provided in the bylaws or as the board of directors may from time to time determine.

Section 4. REMOVAL AND RESIGNATION. Subject to the rights, if any, of any officer under any contract of employment, any officer may be removed, either with or without cause, by the board of directors or, except in case of an officer chosen by the board of directors, by any officer upon whom such power of removal may be conferred by the board of directors.

Any officer may resign at any time by giving written notice to the corporation. Any such resignation shall take effect at the date of the receipt of such notice or at any later time specified therein; and, unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective. Any such resignation is without prejudice to the rights, if any, of the corporation under any contract to which the officer is a party.

Section 5. VACANCIES. A vacancy in any office because of death, resignation, removal, disqualification, or any other cause shall be filled in the manner prescribed in these bylaws for regular appointments to such office.

Section 6. CHAIRMAN OF THE BOARD. The chairman of the board, if such an officer be elected, shall, if present, preside at meetings of the board of directors and exercise and perform such other powers and duties as may be from time to time assigned to him or her by the board of directors or prescribed by the bylaws. If there is no president, the chairman of the board will in addition be the chief executive officer of the corporation and shall have the powers and duties prescribed in Section 7 of this Article VIII.

Section 7. PRESIDENT. Subject to such supervisory powers, if any, as may be given by the board of directors to the chairman of the board, if there be such an officer, the president shall be the chief executive officer of the corporation and shall, subject to the control of the board of directors, have general supervision, direction, and control of the activities and the officers of the corporation. He or she shall preside, in the absence of the chairman of the board, or if there be none, at all meetings of the board of directors. He or she shall have the general powers and duties of management usually vested in the office of president of the corporation and shall have such other powers and duties as may be prescribed by the board of directors or the bylaws.

Section 8. VICE PRESIDENTS. In the absence or disability of the president, the vice presidents, if any, in order of their rank as fixed by the board of directors or, if not ranked, a vice president designated by the board of directors, shall perform all the duties of the president, and

when so acting shall have all the powers of, and be subject to all the restrictions upon, the president. The vice presidents shall have such other powers and perform such other duties as from time to time may be prescribed for them respectively by the board of directors or the bylaws and the president or the chairman of the board.

Section 9. SECRETARY. The secretary shall keep, or cause to be kept, at the principal executive office or such other place as the board of directors may direct, a book of minutes of all meetings and actions of directors, and committees of directors, with the time and place of holding, whether regular or special, and, if special, how authorized, the notice thereof given, the names of those present at directors and committee meetings, and the proceedings thereof.

The secretary shall give, or cause to be given, notice of all meetings of the board of directors required by the bylaws or by law to be given, and he or she shall keep the seal of the corporation, if one be adopted, in safe custody, and shall have such other powers and perform such other duties as may be prescribed by the board of directors or by the bylaws.

Section 10. CHIEF FINANCIAL OFFICER. The chief financial officer shall keep and maintain, or cause to be kept and maintained, adequate and correct books and records of accounts of the properties and business transactions of the corporation, including accounts of its assets, liabilities, receipts, disbursements, gains, losses, capital, retained earnings, and other matters customarily included in financial statements. The books of account shall at all reasonable times be open to inspection by any director.

The chief financial officer shall deposit, or cause to be deposited, all monies and other valuables in the name and to the credit of the corporation with such depositaries as may be designated by the board of directors. He or she shall distribute, or cause to be disbursed, the funds of the corporation as may be ordered by the board of directors, shall render to the president and directors, whenever they request it, an account of all financial transactions and of the financial condition of the corporation, and shall have such other powers and perform such other duties as may be prescribed by the board of directors or the bylaws.

If required by the board of directors, the chief financial officer shall give the corporation a bond in the amount and with the surety or sureties specified by the board for faithful performance of the duties of his or her office and for restoration to the corporation of all of its books, papers, vouchers, money, and other property of every kind in his or her possession or under his or her control on the death, resignation, retirement, or removal from office of the chief financial officer.

ARTICLE IX INDEMNIFICATION OF DIRECTORS, OFFICERS, EMPLOYEES

Section 1. DEFINITIONS. For the purposes of this Article IX, the definition of the terms “agent”, “proceeding”, and “expenses” shall be governed by Section 5238 of the Code.

Section 2. INDEMNIFICATION IN ACTIONS BY THIRD PARTIES. The corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any proceeding (other than an action by or in the right of the corporation to procure a judgment in its favor, an action brought under Section 5233 of the Code, or an action brought by the Attorney General of California or a person granted relator status by the Attorney General of California for any breach of duty relating to assets held in charitable trust) by reason of the fact that such person is or was an agent of the corporation, against expenses, judgments, fines, settlements, and other amounts actually and reasonably incurred in connection with such proceeding if such person acted in good faith and in a manner such person reasonably believed to be in the best interests of the corporation and, in the case of a criminal proceeding, had no reasonable cause to believe the conduct of such person was unlawful. The termination of any proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in the best interests of the corporation or that the person had reasonable cause to believe that the person's conduct was unlawful.

Section 3. INDEMNIFICATION IN ACTIONS BY OR IN THE RIGHT OF THE CORPORATION. The corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending, or completed action by or in the right of the corporation, or brought under Section 5233 of the Code, or brought by the Attorney General of California or a person granted relator status by the Attorney General of California for breach of duty relating to assets held in charitable trust, to procure a judgment in its favor by reason of the fact that such person is or was an agent of the corporation, against expenses actually and reasonably incurred by such person in connection with the defense or settlement of such action if such person acted in good faith, in a manner such person believed to be in the best interests of the corporation, and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances. No indemnification shall be made under this Section 3 for any of the following:

(a) Any claim, issue, or matter as to which such person shall have been adjudged to be liable to the corporation in the performance of such person's duty to the corporation, unless and only to the extent that the court in which such action was brought shall determine upon application that, in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for the expenses which such court shall determine;

(b) Amounts paid in settling or otherwise disposing of a threatened or pending action, with or without court approval; or

(c) Expenses incurred in defending a threatened or pending action which is settled or otherwise disposed of without court approval, unless it is settled with the approval of the Attorney General of California.

Section 4. INDEMNIFICATION AGAINST EXPENSES. To the extent that an agent of the corporation has been successful on the merits in defense of any proceeding referred to in Sections 2 or 3 of this Article IX or in defense of any claim, issue, or matter therein, the agent shall be indemnified against expenses actually and reasonably incurred by the agent in connection therewith.

Section 5. REQUIRED DETERMINATIONS. Except as provided in Section 4 of this Article IX, any indemnification under this Article shall be made by the corporation only if authorized in the specific case, upon a determination that indemnification of the agent is proper in the circumstances because the agent has met the applicable standard of conduct set forth in Sections 2 or 3 of this Article IX by:

(a) A majority vote of a quorum consisting of directors who are not parties to such proceeding; or

(b) The court in which such proceeding is or was pending upon application made by the corporation or the agent or the attorney or other person rendering services in connection with the defense, whether or not such application by the agent, attorney, or other person is opposed by the corporation.

Section 6. ADVANCE OF EXPENSES. Expenses incurred in defending any proceeding may be advanced by the corporation prior to the final disposition of such proceeding upon receipt of an undertaking by or on behalf of the agent to repay such amount unless it shall be determined ultimately that the agent is entitled to be indemnified as authorized in this Article IX.

Section 7. OTHER INDEMNIFICATION. No provision made by the corporation to indemnify its directors or officers for the defense of any proceeding, whether contained in the articles of incorporation, bylaws, a resolution of directors, an agreement, or otherwise, shall be valid unless consistent with this Article IX. Nothing contained in this Article IX shall affect any right to indemnification to which persons other than such directors and officers may be entitled by contract or otherwise.

Section 8. FORMS OF INDEMNIFICATION NOT PERMITTED. No indemnification or advance shall be made under this Article IX, except as provided in Section 4 or Section 5(b), in any circumstance if it appears that:

(a) It would be inconsistent with a provision of the articles of incorporation, bylaws, or an agreement in effect at the time of the accrual of the alleged cause of action asserted in the proceeding in which the expenses were incurred or other amounts were paid, which prohibits or otherwise limits indemnification; or

(b) It would be inconsistent with any condition expressly imposed by a court in approving a settlement.

Section 9. INSURANCE. The corporation shall have the power to purchase and maintain insurance on behalf of any agent of the corporation against any liability asserted against or incurred by the agent in such capacity or arising out of the agent's status as such, whether or not the corporation would have the power to indemnify the agent against such liability under the provisions of this Article IX; provided, however, that the corporation shall have no power to purchase and maintain such insurance to indemnify any agent of the corporation for a violation of Section 5233 of the Code.

ARTICLE X RECORDS AND REPORTS

Section 1. MAINTENANCE OF CORPORATE RECORDS. The corporation shall keep (a) adequate and correct books and records of account kept either in written form or in any other form capable of being converted into written form and (b) minutes, in written form, of the proceedings of the board of directors and committees of the board. All such records shall be kept at the corporation's principal executive office, or if its principal executive office is outside the State of California, at its principal office in this state.

Section 2. MAINTENANCE AND INSPECTION OF ARTICLES AND BYLAWS. The corporation shall keep at its principal executive office, or if its principal executive office is not in the State of California, at its principal office in this state, the original or a copy of its articles of incorporation and bylaws, as amended to date, that shall be open to inspection by the directors at all reasonable times during office hours. If the principal executive office of the corporation is outside the State of California and the corporation has no principal office in this state, the Secretary shall, upon the written request of any director, furnish to such director a copy of the articles of incorporation or bylaws, as amended to date.

Section 3. INSPECTION. Every director shall have the absolute right at any reasonable time, and from time to time, to inspect all books, records, and documents of every kind and the physical properties of the corporation. Such inspection by a director may be made in person or by agent or attorney and the right of inspection includes the right to copy and make extracts.

Section 4. ANNUAL REPORTS. The board of directors shall cause an annual report to be sent to the directors within 120 days of the corporation's fiscal year end. That report shall contain the following information, in appropriate detail, for the fiscal year:

- (a) The assets and liabilities, including the trust funds, of the corporation as of the end of the fiscal year;
- (b) The principal changes in assets and liabilities, including trust funds;
- (c) The revenue or receipts of the corporation, both unrestricted and restricted to particular purposes;

(d) The expenses or disbursements of the corporation for both general and restricted purposes; and

(e) Any information required by Section 5 of this Article X.

The annual report shall be accompanied by any report thereon of independent accountants or, if there is no such report, by the certificate of an authorized officer of the corporation that such statements were prepared without audit from the books and records of the corporation.

Section 5. ANNUAL STATEMENT OF CERTAIN TRANSACTIONS AND INDEMNIFICATIONS. As part of the annual report to all directors, the corporation shall annually prepare and mail or deliver to each director within 120 days after the corporation's fiscal year end, a statement (described below) of any transaction or indemnification (i) in which the corporation was a party and (ii) in which an "interested person" had a direct or indirect material financial interest, if any such transaction occurred. For this purpose, an "interested person" is any director or officer of the corporation.

The statement shall include the following information:

(a) A brief description of any transaction during the previous fiscal year that involved more than \$50,000, or was one of a number of transactions in which the same interested person had a direct or indirect material financial interest involving, in the aggregate, more than \$50,000;

(b) The names of interested persons involved in such transactions described in the preceding paragraph (a), their relationship to the corporation, the nature of their interest in the transaction and, if practicable, the amount of that interest; provided, however, that if the transaction was with a partnership in which the interested person is a partner, only the interest of the partnership need be stated; and

(c) A brief description of the amount and circumstances of any indemnifications or advances aggregating more than \$10,000 paid during the fiscal year to any officer or director of the corporation under Article IX of these bylaws, unless that indemnification already has been approved by the directors under Section 5238(e)(2) of the Code.

ARTICLE XI GENERAL MATTERS

Section 1. CHECKS, DRAFTS, EVIDENCES OF INDEBTEDNESS. All checks, drafts, or other orders for payment of money, notes, or other evidences of indebtedness, issued in the name of or payable to the corporation, shall be signed or endorsed by such person or persons and in such manner as, from time to time, shall be determined by resolution of the board of directors.

Section 2. CORPORATE CONTRACTS AND INSTRUMENTS; HOW EXECUTED. Except as otherwise provided in these bylaws, the board of directors may authorize any officer or officers, agent or agents, to enter into any contract or execute any instrument in the name of and on behalf of the corporation, and such authority may be general or confined to specific instances; and, unless so authorized or ratified by the board of directors or within the agency power of an officer, no officer, agent or employee shall have any power or authority to bind the corporation by any contract or engagement or to pledge its credit or to render it liable for any purpose or for any amount.

Section 3. REPRESENTATION OF SHARES OF OTHER CORPORATIONS. The chairman of the board, the president, or any vice president, or any other person authorized by resolution of the board of directors or by any of the foregoing designated officers, is authorized to vote on behalf of the corporation any and all shares of any other corporation or corporations, foreign or domestic, standing in the name of the corporation. The authority granted to said officers to vote or represent on behalf of the corporation any and all shares held by the corporation in any other corporation or corporations may be exercised by any such officer in person or by any person authorized to do so by a proxy duly executed by said officer.

Section 4. CONSTRUCTION AND DEFINITIONS. Unless the context requires otherwise, the general provisions, rules of construction, and definitions in the Law shall govern the construction of these bylaws. Without limiting the generality of the foregoing, the singular number includes the plural, the plural number includes the singular, the masculine gender includes the feminine and neuter, and the term "person" includes both a corporation and a natural person. All references in these bylaws to the Law, the Law, or to the Code shall be deemed to be those in effect from time to time.

ARTICLE XII AMENDMENTS

The board may adopt, amend, or repeal bylaws unless doing so would be a prohibited amendment under the California Corporations Code. Any amendment to these bylaws will require a majority vote of the directors then in office; provided, however, that if the articles of incorporation of the corporation set forth the number of authorized directors of the corporation, the authorized number of directors may be changed only by an amendment of the articles of incorporation.
