The Director from the Calhoun County Health Department was concerned about public restroom use, taking up tickets, and the number of guests allowed for each graduating student. With this graduation plan, graduation will occur on June 13, 2020 which is the day after the shelter in place directive for individuals over 65 expires but any directives in place at the time of graduation will be adhered to. Graduating seniors will be allowed 6 guests each which with administration staff present at the graduation would have the total count below 250 people. III. Facilities/Finance

A. FY 2021 Budget Update

Cheryl Weathersby informed the board that at this time the state still has not approved the state school budget for FY2021 but the state budget will be cut by 14% in response to the COVID-19 crisis which has resulted in a decline in revenue. Cheryl stated that she was not sure how these budget cuts would affect the upcoming school year but that a 14% cut from the state could result in a \$1.2 million cut in revenues between both schools.

B. Daycare Building Purchase

Cheryl informed the board that a sealed bid of \$88,000 was submitted to the City of Edison to purchase the day care building and she received notification that the bid was approved by the City of Edison. She is requesting that the purchase of this building be split between the two schools as this building will be used for a district office.

M. Tabb made a motion to approve the purchase of the day care building to be split between the two schools.

B. Brock seconded the motion.

C. PCA - CPF Financial Assessment Report

Cheryl presented the CPF Financial Assessment for March 2020 to the board. She informed the board that the Finance Committee had approved the March Financials but that according to the March financials, the departments for maintenance, operations, and student transportation were out of budget for the year thus far. She is intending to present April and May financials at the next board meeting and hopes that with school being out due to the COVID-19 crisis, these departments will come into budget for the year and there will be no need to present a budget for amendment.

D. PCA - Athletic Fields

Cheryl informed the board that Todd West, head football coach for the upcoming school year, has graciously volunteered to take over maintenance of the athletic fields and has been in contact with the contractor that built the athletic fields to determine needs to maintain the fields. Cheryl is currently working with the architect about fencing needs for the softball and baseball fields in hopes that pricing can be obtained to have fencing installed on the softball field so that home games can be held here rather than at Andrew College's softball fields in the fall.

At this time Marilyn Duke requested to speak for public comment. She inquired as to the funds received from the CARES Act paycheck protection loan and since this loan was awarded to the schools, if this would free up money within the budget to complete the athletic fields. Kylie informed Marilyn that without knowing what the budget cuts will look like from the state, this loan will be used to pay employees and that it will free up money for both schools if they potentially have a \$1.2 million cut from their budgets.

E. SCCA - CPF Financial Assessment Report

Cheryl presented the CPF Financial Assessment for March 2020 financials for SCCA. At this time, the budget for SCCA is on track and there are no concerns by the Finance Committee.

F. SCCA - Land Purchase Request

Cheryl informed the board that she has been approached by a real estate agent for Dollar General in inquiries to purchase 2 acres of land from SCCA for \$150,000. Cheryl informed the board that she will have many guidelines she will need to research to determine if SCCA could have a Dollar General that close. Board members stated that the sale of this lot of land would only be feasible if they would agree to purchase the lot and also install sewage to the school which would cost approximately half a million dollars to install.

G. SCCA - New Modular Building

Cheryl informed the board that she has submitted the plans to the State Fire Marshal's office for the addition of the modular building at the SCCA campus. At this time it could be two weeks or longer before the plans are finalized by the State Fire Marshal's office and that is dependent on their incoming plans needing approval as anything to do with COVID-19 takes precedence. Cheryl informed the board that turnaround time for installation of a modular building is roughly two weeks depending on weather conditions and that the re-entry plan will factor into time for installation.

Jeff Homan, representative of the GCSA and advisor for the governing board for PCA and SCCA, informed board members that the state commission will need to be notified of the potential sale of the 2 acre lot at the SCCA campus as well as the purchase of the day care building for a district office location for both schools.

At this time board members need to log into their accounts and complete their profiles.

Kylie informed the board that with Melissa Tabb resigning from the board at the end of June 2020, there will be two open positions on the board and so there will need to be a search conducted for replacements but focus needs to be on representation from the SCCA area as well as someone specializing in academics.
