Since September when it was approved for High School students to return to Face to Face learning, for Middle School students to move from class to class and students to begin eating in the cafeteria PCA has not had any new cases. Safety protocols seem to be working as there has not been a lot of spread in these cases. 26% of students at PCA are still virtually learning which is down from around 40%; 18% of students at SCCA are still virtually learning which is down from 29%. Our protocols are working, however, Kylie recommends that we continue to offer Distance Learning for second semester due to the increase in positive cases - state wide.
