C. PCA - Recommendation to add 3 part-time intervention teachers for the 2021-2022 SY

20% of the American Rescue Plan Act grant fund that we are receiving must go toward making up learning loss. We also recognize the need for additional support for learning loss, based on standardized testing score. Kylie is recommending hiring 3 part-time Intervention Teachers to work toward this goal. These are temporary positions for this year only, and possible next year pending grant fund balance. This is not in the approved budget. However, PCA's anticipated surplus will cover these expenses while still maintaining a surplus.

R. Collins made a motion to Approve the hiring of 3 part-time Intervention Teachers at PCA for the 21-22 School year.

H. COVID-19 Update

We are following the new CDC guidance for individuals who are fully vaccinated that no longer requires wearing a mask. Faculty and staff are required to provide proof of vaccination to the Pandemic Coordinator. The Board has approved the plan for No Distance Learning next year, with those who may need a medical exemption required to return the Physician Documentation by July 1, 2021 for administrative approval. The Pandemic Coordinator is keeping abreast of all the CDC Guidance and will continue to make recommendations to admin. Administration has Board approval to make all policy changes regarding these recommendations without a Board vote.

I. Pataula Charter Academy Inc. Replication Plan

There is no new information requiring a vote since the Retreat. CSGF and the GCSA are working on funding sources. If the replication plan does not go forward the Board will discuss if/when we will need to form a separate Incorporation for SCCA.

D. PCA Architectural Services - Award Contract

The FY 22 general operating budget included a line item for a new gym to be constructed next school year. The first step in that process is to select an architect. We advertised the project on the GA Procurement Registry. IPG, the firm we currently use for the athletic complex, has entered a bid of 5.62% of the construction cost, for their Architectural Services. The Finance Committee is recommending we accept their bid based on price, it is the lowest bid, and school construction experience.

The Finance Committee suggest that we allow the athletic department and school leadership to drive the next steps in this process including priority order. This flyer may help the athletic director as he applies for grants to offset construction prices.

F. SCCA - CPF Financial Assessment Reports

SCCA CPF financials look well. We are meeting on some standards and approaching on some standards: SCCA is projected to fail on Debt to Asset ratio due to the fact that SCCA has more liability than assets. SCCA is 68% in budget spending in March and has 61% of revenue received with the mid term allotment and are waiting on federal Replication Grant funds. There have been some glitches in the report portion of the new financial software but these should be corrected with the next month reports.

G. SCCA - deficit reduction monthly report

The SCCA deficit reduction monthly report must be submitted to the State. The deficit is not going down as fast as the Finance Committee hoped due to the lag in revenue.

R. Collins made a motion to Approve the SCCA Deficit reduction monthly report to be sent to the State.

R. Lane seconded the motion.
