II. Finance

A. FY 22 Amended Budget Update

Cheryl informed the committee that she will be focusing on an amended general operating budgets for both schools to present to the committee in December and thus monthly financial reporting will be placed on hold until January.

B. PCA - CPF Financial Assessment Report

Cheryl presented the CPF Financial Assessment report to the committee based on September financials which concluded the first quarter for fiscal year 2022. Revenues are below the expected 25% mark for the first quarter but this is due to grant funds not being drawn down yet. Many areas of the expenses in the budget that are showing over the expected 25% percentages are due to either annual expenses already being paid or items not included in the original budget that will be corrected with the amended general operating budget once approved. Overall expenses are at 22.8% for the first quarter and the CPF financial assessment predictor for PCA is at 95%.

C. Pataula - football grandstands vendor selection

Cheryl presented the 8 bids for the construction of the grandstands and press box for the football fields and is recommending Dant Clayton as the vendor to award the contract to.

This is based on Dant Clayton presenting the lowest bid as Dant Clayton constructs the stands instead of outsourcing the construction, but also based on recommendations from the architect for the athletic field complex, IPG. Original cost projections for the grandstands were approximately \$270,000 but Dant Clayton's bid is at \$329,000 due to current market increases in supplies which in turn will impact the remaining items needed to complete the athletic field complex.

T. Bruner made a motion to approve the bid from Dant Clayton for \$329,000 to construct the football grandstands and press box for the PCA athletic field complex to be sent to the board for approval.

R. Collins seconded the motion.

The committee **VOTED** unanimously to approve the motion.

D.

District - Bus mechanic

Cheryl informed the committee that there was only one applicant for the district level bus mechanic. There is no budget update or approval needed for this. The committee decided, there would be no vote required.

E. District - Maintenance Coordinator

Cheryl informed the committee that there were 3 applicants for the open maintenance coordinator position. The top two candidates would both require a salary increase from what was approved at the last meeting. Cheryl is requesting the committee approve an additional \$5000 for this position. Tiffany Bruner's husband is a candidate, so she abstained from discussion and vote on this matter.

R. Collins made a motion to approve the increase of the district maintenance coordinator salary by \$5,000.

Cheryl found another vendor to supply the freezer, Webstuarant Store, and costs for the freezer are estimated at \$15,563. Cheryl is requesting the committee to approve the purchase of the freezer through Webstuarant Store as it is cheaper and will not require the construction of a cement floor instead of through the previous vendor.
