This will increase parking for athletic and other events by approximately 60 spaces. It will also help with erosion as we continue with construction at the Athletic Complex.

After further discussion regarding the graveling to increase parking size and help with erosion issues; It was determined that more graveling will be needed for safety issues and to prevent further erosion from traffic around the Athletic Complex. These items need to be completed before Friday's football game for safety reasons, as well to stop further damage to the parking area due to erosion issues so this is considered an emergency purchase.

G. Flowers made a motion to Approve emergency funding of \$19,500 expenditure for a gravel parking lot as well as additional funding for gravel extension on the driveway around the complex due to erosion and safety reasons.

J. Sanders seconded the motion.

The board **VOTED** unanimously to approve the motion.

C. Pataula Athletic Field Expense

The Board had previously approved \$200,000 toward PCA's Athletic Field concession stand and plaza project. Due to erosion concerns additional sod was needed as well as additional labor for installation of the sod and for storm drain maintenance. Cheryl is requesting permission to purchase 2 Multi Function School Activity Buses at a purchase price of \$175,500. This price includes a 60 month warranty and delivery fee from Kentucky. The company expects delivery in November. Drivers with a CDL will not be needed for these buses. Conflicting athletic events and the lack of CDL licensed drivers contribute to the need for these buses. Cheryl will craft a policy for drivers of these buses to include: drug testing, physicals, GADOE Safety training.
