FRCS Instructional Vision

	Curriculum	Instruction	Assessment & Feedback*	Learning Environment	Learning Partnerships
Transparent Communication	1. We believe in transparency when communicating the learning objectives and plans of our standards-aligned curriculum so that staff, students, and families develop a shared understanding of what is being taught and why.	1. We believe in clear and consistent communication between and among educators, students and families about our instructional purpose and strategies, to promote a shared responsibility for learning.	1. We believe students can best demonstrate their learning when educators know and communicate what, why and how learning will be assessed - advise teaching.	1. We believe that timely, direct, and consistent communication in the school community and classroom environments builds trust, manages conflict, and prepares all learners to rise to high expectations.	1. We believe in reciprocal, balanced communication with students, families, educators, and partners because it strengthens relationships, builds trust, keeps everyone informed and enables us to accomplish our shared goals for students.
Integrity	2. We believe in representing our curriculum with integrity so that students are taught what they are expected to learn, as defined by the standards.	2. We believe in designing and delivering instruction that fosters integrity where students lead and contribute to our community, reflecting our core values.	2. We believe in designing assessments with integrity where students are assessed on what they have been taught and given a choice of expression. Educators analyze assessments with integrity when they take ownership for student data and outcomes.	2. We believe in learning environments where everyone acts with integrity by showing empathy, being honest about mistakes, and taking responsibility when our actions negatively affect others.	2. We believe that students, families, educators, and partners make decisions with integrity, given the data they have, and act with the best interests for children.
Respect	3. We believe in treating students with dignity and respect by ensuring them in rigorous, grade level curriculum because we believe every learner is capable of reaching high standards.	3. We respect all learners by supporting them to reach high-standards, by supplying learners with disabilities, learning differences and those for whom English is not their first language; and by empowering learners to make decisions about their education.	3. We believe in providing respectful feedback that is timely, specific, actionable, and always protects learners' well-being, so that learners maintain a growth mindset about themselves and feel safe taking risks.	3. We believe learners will take academic risk and achieve success when the school and classroom environment is physically, socially and intellectually safe - where everyone respects one another's rights, feelings, ideas, culture and experiences.	3. We believe in building relationships between and among educators, families, and partners where all act with mutual respect as learning partners and respect beliefs, experience and unique perspectives.
Diversity & Equity	4. We believe in a diverse and equitable curriculum in which learners see themselves in what they are being taught, gain exposure to other cultures, and engages them as global citizens.	4. We believe in culturally responsive instruction in which educators ground research-based lessons and interventions in students' interests, experiences and cultures so that all students are engaged, feel affirmed and validated.	4. We believe in designing and analyzing assessments in a fair, equitable, and culturally responsive way so that bias does not influence interpretations or actions.	4. We believe that students and families want to come to school where there is a welcoming, safe learning environment that celebrates diversity and promotes equity .	4. We believe highly collaborative environments exist where educators, families, and partners work together and share responsibility and accountability for reaching a common goal.
Teamwork	5. We believe in a curriculum that provides opportunities for teamwork where students and educators collaborate and feel a shared responsibility for one another as they work towards a common goal.	5. We believe that instruction is a team effort where educators, students and families learn and grow together.	5. We believe, as a team, in giving and receiving feedback as a way of continuously learning.	5. We believe the school and classroom environment is a shared team space where we provide opportunities for everyone's voices, value all contributions, and together, engage in meaningful service projects that make an impact on our community and the world.	5. We believe diversity is our strength. We proactively remove barriers to engagement so that students, families, educators, and partners feel seen, welcomed, accepted and genuinely valued.
Growth	6. We believe in reviewing and adopting high-quality, evidence-based curriculum to ensure student growth and achievement.	6. We believe every learner "grows" when there are high expectations, growth, and choice.	6. We believe assessments provide an opportunity for all students to show growth and progress, and that feedback provides direction for a learner to grow. In other assessment our feedback should be used as a trap or punishment.	6. We believe school and classroom learning environments are places to nurture and celebrate the perseverance, growth and achievement of every learner.	6. We believe families and students are the primary advocates in a child's growth and development and hold knowledge, experience and wisdom that educators and partners need so that they can help students develop socially, emotionally, and academically.

*Assessment & Feedback #7: We believe all students are capable of demonstrating high-level **creative thinking** and the assessments given should measure these higher-order skills.

100 INTRODUCTION

In 1993, the Commonwealth of Massachusetts enacted Massachusetts General Laws (MGL) Chapter 71, Education Reform Act, Section 89, which authorized the establishment of charter schools within the Commonwealth. Additionally, Chapter 46 of the Acts of 1997 required each charter school to keep an accurate account of all its activities and provide for an annual independent audit of its financial statements. The Board of Trustees, acting as public agents authorized by the Commonwealth, are responsible for management of the school, which includes developing and adopting fiscal policies and procedures.

In an effort to achieve and ideally surpass these requirements, the Trustees of the Foxborough Regional Charter School have developed this Policies and Procedures manual.

The Board of Trustees acknowledges the guidance provided by the Massachusetts Department of Education during the development of this document. For further information please see ["Massachusetts Charter School Recommended Fiscal Policies and Procedures Guide"](#) (November 2005) issued by the Massachusetts Department of Education. PART I – POLICIES

200. INTERNAL CONTROL POLICIES

The Foxborough Regional Charter School, under the direction of the Board of Trustees, is required to establish and maintain adequate accounting records and internal control procedures. Internal control consists of five components: control environment, risk assessment, control activities, information and communication, and monitoring. The objectives of internal control relate to financial reporting, operations, and compliance.

The Foxborough Regional Charter School and all levels of management are responsible for preventing and detecting instances of fraud and related misconduct and for establishing and maintaining proper internal controls that provide security and accountability of the resources of the school. Management is also responsible for recognizing risks and exposures inherent to these areas of responsibility and for being aware of indications of fraud or related misconduct.

Any employee with a reasonable basis for believing fraudulent or related misconduct has occurred should report such incidents to the designated authorities within the school ([Executive Director, Director of Finance](#)) or the Office of the Inspector General as stated in M.G.L Chapter 12A, §14 'Complaints by public employees; investigation.' As such, in addition to this manual, the Trustees have promulgated and published a separate "*Fraud Detection and Mitigation Policy*" document. The reader is referred to this document for further information relative to the Trustees' specific policies and procedures pertaining to detecting and preventing episodes of fraud.

Internal control policies provide the Foxborough Regional Charter School with the foundation to properly safeguard its assets, implement management's internal policies, provide compliance with state and federal laws and regulations and produce timely and accurate financial information. The following policies highlight the areas of internal control that the Foxborough Regional Charter School has considered:

201. *Compliance with Laws*

The Foxborough Regional Charter School will follow all the relevant laws and regulations that govern Charter Schools within the Commonwealth of Massachusetts. Foxborough Regional Charter School Policies & Procedures Manual

100 INTRODUCTION

In 1993, the Commonwealth of Massachusetts enacted Massachusetts General Laws (MGL) Chapter 71, Education Reform Act, Section 89, which authorized the establishment of charter schools within the Commonwealth. Additionally, Chapter 46 of the Acts of 1997 required each charter school to keep an accurate account of all its activities and provide for an annual independent audit of its financial statements. The Board of Trustees, acting as public agents authorized by the Commonwealth, are responsible for management of the school, which includes developing and adopting fiscal policies and procedures.

In an effort to achieve and ideally surpass these requirements, the Trustees of the Foxborough Regional Charter School have developed this Policies and Procedures manual.

The Board of Trustees acknowledges the guidance provided by the Massachusetts Department of Education during the development of this document. For further information please see [*"Massachusetts Charter School Recommended Fiscal Policies and Procedures Guide"*](#) (November 2005) issued by the Massachusetts Department of Education.

101 *Scope and Organization*

This manual consists of three sections: Part I contains the recommended policies; Part II contains the recommended procedures; and the Appendices contain the Chart of Accounts and sample forms.

102 *Purpose of Policies and Procedures Manual*

- A. The Policy and Procedures Manual is the official document for the accounting and administrative functions conducted by the Foxborough Regional Charter School.
- B. The Policy and Procedures Manual provides standards and directives for sound management and promotes consistent, prudent financial and administrative practices. It also provides guidance to the school in the application of various federal and Massachusetts laws and regulations and the Department of Education's requirements for the administration of grants and contracts awarded by the U.S. Government and other funding sources.
- C. The Policy and Procedures Manual is used in conjunction with and referenced to the Foxborough Regional Charter School's existing personnel policy manual, job descriptions and other policy manuals maintained by the school.

103 *Amending the Guide*

This document contains the essential fiscal policies and procedures for the Foxborough Regional Charter School, as of the above date of promulgation. From time to time, as additional matters require changes to this document, the management of the Foxborough Regional Charter School shall amend this essential document.

Foxborough Regional Charter School Policies & Procedures Manual

PART I – POLICIES

200 INTERNAL CONTROL POLICIES

The Foxborough Regional Charter School, under the direction of the Board of Trustees, is required to establish and maintain adequate accounting records and internal control procedures. Internal control consists of five components: control environment, risk assessment, control activities, information and communication, and monitoring. The objectives of internal control relate to financial reporting, operations, and compliance.

The Foxborough Regional Charter School and all levels of management are responsible for preventing and detecting instances of fraud and related misconduct and for establishing and maintaining proper internal controls that provide security and accountability of the resources of the school. Management is also responsible for recognizing risks and exposures inherent to these areas of responsibility and for being aware of indications of fraud or related misconduct.

Any employee with a reasonable basis for believing fraudulent or related misconduct has occurred should report such incidents to the designated authorities within the school (Executive Director, Director of Finance) or the Office of the Inspector General as stated in M.G.L Chapter 12A, §14 ‘Complaints by public employees; investigation.’ As such, in addition to this manual, the Trustees have promulgated and published a separate “*Fraud Detection and Mitigation Policy*” document. The reader is referred to this document for further information relative to the Trustees’ specific policies and procedures pertaining to detecting and preventing episodes of fraud.

Internal control policies provide the Foxborough Regional Charter School with the foundation to properly safeguard its assets, implement management’s internal policies, provide compliance with state and federal laws and regulations and produce timely and accurate financial information. The following policies highlight the areas of internal control that the Foxborough Regional Charter School has considered:

201 *Compliance with Laws*

The Foxborough Regional Charter School will follow all the relevant laws and regulations that govern Charter Schools within the Commonwealth of Massachusetts. Additionally, U.S. Government laws and regulations that relate to grant funding will be adopted as the grant funding is received. The following are specific policies of the Foxborough Regional Charter School:

A. Political Contributions

No funds or assets of the Foxborough Regional Charter School may be contributed to any political party or organization or to any individual who either holds public office or is a candidate for public office. The direct or indirect use of any funds or other assets of the Foxborough Regional Charter School for political contributions in any form, whether in cash or other property, services, or the use of facilities—is strictly prohibited. The Foxborough Regional Charter School also cannot be involved with any committee or other organization that raises funds for political purposes.

Following are examples of prohibited activities:

1. Contributions by an employee that are reimbursed through expense accounts or in other ways.

Foxborough Regional Charter School Policies & Procedures Manual

2. Purchase by the organization of tickets for political fundraising events.
3. Contributions in-kind, such as lending employees to political parties or using the school's assets in political campaigns.

B. Record Keeping

To provide an accurate and auditable record of all financial transactions, the school's books, records, and accounts are maintained in conformity with generally accepted accounting principles as required by the Commonwealth's statutes, applicable to Charter Schools.

Further, the school specifically requires that:

1. No funds or accounts may be established or maintained for purposes that are not fully and accurately described within the books and records of the school.
2. Receipts and disbursements must be fully and accurately described in the books and records.
3. No false entries may be made on the books or records nor any false or misleading reports issued.
4. Payments may be made only to the contracting party and only for the actual services rendered or products delivered. No false or fictitious invoices may be paid.

202 *Organizational Conflict of Interest or Self-Dealing (Related Parties)*

The Foxborough Regional Charter School may not be operated for the benefit of an affiliated or unaffiliated organization or an individual in his or her own private capacity or individuals related to the Foxborough Regional Charter School or members of its management, unless the private benefit is considered merely incidental. The Foxborough Regional Charter School will follow M.G.L. Chapter 268A and M.G.L. Chapter 71, §89(v) conflict of interest laws and disclosures which restrict public officials and employees from taking advantage of their position to gain improper benefits for themselves, relatives, their associates, or their friends. The law also restricts board members from voting on matters affecting their financial interest and limits the circumstances under which they can receive anything of value because of their official position. A board member may not vote or enter into any discussion if one of the following groups will receive financial benefit:

- A. The Trustee, his/her immediate family, or his/her business partner;
- B. A business organization in which the Trustee is serving as an officer, director, trustee, partner or employee; or
- C. Any person or organization with which the Trustee is negotiating or has any arrangement concerning prospective employment (M.G.L. Chapter 268a, §6).

The private benefit preclusion will extend to:

- A. Sale or exchange, or leasing, of property between the school and an affiliated or unaffiliated organization or a private or related individual.
- B. Lending of money or other extension of credit between the school and an affiliated organization (excluding component units) or unaffiliated organization or a private or related individual.
- C. Furnishing of goods, services or facilities between the school and an affiliated organization (excluding component units) or unaffiliated organization or a private or related individual.

Foxborough Regional Charter School Policies & Procedures Manual

- D. Payment of compensation, unless authorized by the Board of Trustees or its governing body, by the school to an affiliated or unaffiliated organization or a private or related individual.
- E. Transfer to, use by, or for the benefit of a private or related individual of the income or assets of the school.

Thus, the Foxborough Regional Charter School will be guided by the principle of arms-length standards with all affiliated or unaffiliated organizations or with a private or related individual(s). Annually, the Board of Trustees will file a financial disclosure form as required by M.G.L. Chapter 71, section 89(v).

Related party transactions shall include transactions between a school and members of the board, management, contracted management organization, employees, related individuals and affiliated companies. Related individuals within the scope of this definition include spouses, parents, children, spouses of children, grandchildren, siblings, father-in-law, mother-in-law, sister-in-law and brother-in-law of a board member or school employee.

203 *Board of Trustees Authorities*

The Board of Trustees is responsible for the operation of the Foxborough Regional Charter School in accordance with the provisions of M.G.L. c.71, §89 and all other state and federal laws and regulations and conditions as the Board or Commissioner of Education may establish from time to time. The Board of Trustees is also responsible for operating the school in accordance with the representations made in its charter school application submitted to and approved by the Board of Education.

Specifically, the Board of Trustees shall have the sole authority to approve and will incorporate into its own minutes such matters as (i) change of the School's name, with the Department of Education's Charter School office approval (ii) adoption of the annual operating and capital budgets, (iii) selection or termination of Executive Director (iv) Executive Director salary and salary changes, (v) incurrence of debt, mortgages or other encumbrances and their covenants and restrictions, within the terms of the charter (vi) investment policies, (vii) depository and investment banks, (viii) purchase or sale of property (ix) opening up or closing checking or savings accounts, and (x) selection of the Foxborough Regional Charter School's certified public accountants and (xi) other activities associated with the operations of the Foxborough Regional Charter School.

The Board of Trustees will meet regularly to ensure that its fiduciary duty is maintained. The Board will review the following: prior meeting minutes, business items, educational items, subcommittee reports, Executive Director report, new business and other items. For additional guidance on the regulatory and statutory obligations of a Board of Trustees, please refer to the Commonwealth of Massachusetts Department of Education's publication, *The Charter School Administrative and Governance Guide: An Overview of the Laws and Regulations that Boards of Trustees and Charter Schools Need to Know*, which can be found at <http://www.doe.mass.edu/charter/governance>.

204 *Signature Authorities*

To properly segregate duties within the Foxborough Regional Charter School, the Executive Director, the Deputy Executive Director, Director of Finance, Director of Teaching and Learning are the only individuals with signatory authority. Individual checks require dual signatures prior to check issuance. 206 *Security of Financial Data*

- A. The school's accounting software should be reviewed to ensure that general and application controls to unauthorized access to data is precluded (i.e., proper password protection and authorizations for inquiry or browse only functions.)

- B. The system's accounting data is backed up daily by cloud software AccuFund Online Services to ensure the recoverability of financial information in case of hardware failure. Specifically, AccuFund provides daily backup of software, which is kept for five days. Weekly Friday data is kept for four weeks and the last day of month data is kept for twelve months.

- C. All other financial data, petty cash box, unused checks and unclaimed checks are secured by the Director of Finance from unauthorized access.

207 *Security of School Documents*

Originals of the following corporate documents are maintained and their presence is verified on a periodic basis:

- A. Charter and all related amendments
- B. Foxborough Regional Charter School by-laws
- C. Minutes of the Board of Trustees and subcommittees
- D. Banking agreements
- E. Leases
- F. Insurance policies
- G. Vendor invoices
- H. Grant and contract agreements
- I. Fixed asset inventory list
- J. Contracts

208 *Use of School Assets*

School employees should not use any of the school's assets for personal use without prior approval of the Board of Trustees and with proper justification.

209 *Use Of School Credit Cards*

Foxborough Regional Charter School credit cards should only be used following the formal FRCS Credit Card Use Policy and with proper justification and approval by the Director of Finance. The cost/benefit to the Foxborough Regional Charter School should be fully reviewed to ensure that no other method is appropriate. A credit card is assigned to the Director of Finance and should be used only for school-related expenditures. All charges must be supported by invoices or travel reports to be eligible for payment by the Foxborough Regional Charter School.

Foxborough Regional Charter School Policies & Procedures Manual

Monthly credit card statements are reconciled to invoices and travel reports and are approved by the Foxborough Regional Charter School Director of Finance.

300 FINANCIAL MANAGEMENT POLICIES

Charter schools are granted a charter by the Board of Education of the Commonwealth of Massachusetts under MGL Chapter 71, §89. Charter schools are considered *special purpose government entities* that engage in *business type activities*, and all of the financial activity of the school is recorded in an enterprise fund within the proprietary fund group. As such, the accounting policies and financial reporting adopted by the school should be consistent with a special purpose governmental entity that engages in business type activities. The Board of Trustees has oversight of the management of a charter school inclusive of establishing the governance structure and the financial management policies as set forth in the charter school application.

301 *Basis of Accounting*

The Foxborough Regional Charter School will maintain its accounting records and related financial reports on the accrual basis of accounting.

302 *Accounting Policies*

The accounting policies and financial reporting adopted are consistent with the special purpose governmental entity requirements of the Governmental Accounting Standards Board (GASB), including Statement of Governmental Accounting Standards No. 34 – *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*. GASB is the recognized standard setting body for establishing governmental accounting and financial reporting principles. Pursuant to GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the school has elected to apply the provisions of all relevant pronouncements of Financial Accounting Standards Board (FASB) that do not conflict with or contradict GASB pronouncements.

303 *Basis of Presentation*

The accounts of the Foxborough Regional Charter School are organized as a special purpose governmental entity that engages in *Business-type Activity*, which is considered to be a separate accounting entity. The operations are accounted for by providing a separate set of self-balancing accounts, which comprise its assets, liabilities, net assets, revenues and expenditures. The Foxborough Regional Charter School uses the following fund:

Enterprise Fund - This fund of the Foxborough Regional Charter School is used to account for all financial resources associated with the operation of the school.

Note on Component Units: All non-profit agencies associated with the Foxborough Regional Charter School should be evaluated during the planning stage of the audit to determine if they should be included as a component unit of the school. If they are considered a component unit, then all of their financial information should be reported in conjunction with the Foxborough Regional Charter School's financial statements and accounted for in accordance with *GASB No. 14 and 39*. If they do not meet the criteria of a component unit, then all the transactions incurred between the non-profit and the School should be evaluated as related party transactions and disclosed in accordance with GAAP and the *Guide*. DOE

Foxborough Regional Charter School Policies & Procedures Manual

requires that all related party transactions, whether material or immaterial, be disclosed in the notes to the financial statements.

307 *Incurred Costs*

For the purpose of invoicing funding sources for allowable costs under cost reimbursement grants or contracts the term "costs incurred" is defined as follows: costs related to items or services incurred directly for the grant or contract and received at the time of the request for reimbursement and not specifically disallowed by the funding source.

310 *Grant/Contract Invoicing*

In accordance with state finance regulation 815 CMR 2:00, section 2.05 (4)(b), *Grant Effective Start Date*, grant recipients may expend state, federal, and other grant funds only as of the date their grant (the Standard Contract Form) was executed by the authorized signatory of the Department of Education. Foxborough Regional Charter High School Competency Determination and Graduation Requirement Policy Proposed, Fall 2025

1. **Purpose** - To earn a diploma in Massachusetts, MA Education Reform Law of 1993 requires that a student must (1) meet a Competency Determination (CD) standard that shows mastery of skills and completion of standards aligned coursework, and (2) meet their school district's graduation requirements. This policy establishes both standards: the Foxborough Regional Charter School (FRCS) requirements for demonstrating competency in English Language Arts, Mathematics, Science, and U.S. History in accordance with Massachusetts state guidance, and also outlines the FRCS graduation requirements. This policy further ensures that all students, including students with disabilities, English learners have equitable access to pathways for meeting CD requirements and earning an FRCS diploma, and establishes an appeals process.

2. **FRCS Competency Determination Requirements** - As described in Massachusetts regulations, the Competency Determination (CD) represents two accomplishments: (a) showing a mastery of skills in English language arts, mathematics, and science; and (b) the satisfactory completion of relevant coursework aligned to the standards measured by the high school English language arts, mathematics, and science MCAS assessments administered in 2023. 5. **Appeals Process** - Students are eligible to file an appeal if it is determined that have not yet met the CD requirements by the principal. Students and their families may submit an appeal of this determination to the Executive Director or their designee.

The student and/or family should submit relevant transcripts, report cards, measures of mastery and/or additional documentation necessary to document the grounds for their appeal. The appeal should be submitted electronically to the Executive Director via email, and they or their designee will review the appeal provide a determination in writing within 10 business days.

- 6. Diploma Requests for Former Students** - Former students from the Classes of 2024 and earlier who met all local FRCS graduation requirements but did not receive a diploma solely due to prior MCAS CD requirements may request a review.

Former student submits a written request to the High School Principal via email. The School Guidance office will confirm their achievement of the current CD determination standard based on their academic record, as well as meeting FRCS graduation requirements. The Principal will then review eligibility and issue a decision. If eligible, FRCS will issue a diploma and updated transcript reflecting the original year of completion.
