**Student(s) reside in at-cap communities and cannot be extended offers at this time.*

Notes:

At the end of August, the Admissions team extended offers to all remaining siblings on our waitlist. 10 students were enrolled and started the first week of school.

At this time, the team is monitoring absences and tracking withdrawals and offer declinations. The team will extend offers in the coming week as seats become available in the grade levels where we have an existing waitlist.
