I. Opening Items

A. Roll Call Attendance

B. Call the Meeting to Order

Kathleen Crawford called a meeting of the board of trustees of Foxborough Regional Charter School to order on Tuesday Jun 9, 2020 at 7:30 AM.

The meeting was called together by verifying all participants could hear and respond over the virtual platform.

II. Leadership Report

A. High School Graduation

- An in person graduation is planned for July 20th per the request of the class of 2020.
- This evening the school is celebrating the scholarships earned by the students with an online ceremony

B. Race & Social Justice

- There have been age appropriate discussions across the school district to open the lines of communication and support students and staff through a difficult time across the nation.
- We are working with a consultant to facilitate the discussions and this will continue through the summer and into the next school year. It has been more challenging to meet this need due to the closure of the physical facility but the dedication to this effort has just increased because of it.
- The demographics of our study body does not match the staff demographics however it is higher than other districts across the state to due to a recruitment effort on the part of the school to get closer to the student population.
- We are continuing to educate staff on racial issues

C. Re-Opening Planning

- The district does not expect any additional financial support from the state beyond the standard per pupil tuition that has not changed due to the pandemic.
- The board reviewed the equipment list that was in the board packet and discussed a few items. Of note the \$60,000 for temperature scanners does not seem to be needed as the correlation of fever is not a good indicator of COVID-19 illness.

D. Awards, Honors & Recognition

- The board reviewed the student and staff academic and sport accomplishments and competitions from this school year from the packet provided.
- There have been numerous partnerships throughout this school year from many companies across the area that the school greatly appreciates.
- There was a shout out to the staff at the end of the school year which was great to read through and the board expressed their appreciation for everyone's hard work through trying times.

III. Committees

A. Enrollment

- The school has been able to register 170 new students for the 2021/2022 school year. 70 more are scheduled to be registered this week.
- We are expected to enroll 1861 which is on track from previous year.
- Due to COVID-19 the enrollment team has been scheduling prospective students to come to an outdoor registration table.

B. Facility

- The facilities team is working on the logistics of summer as families report they need a break from remote learning.
- Playground has been completed and hydro seeding the areas has been done.
- Banners have been hung from the light posts that are both instructional and welcoming.

Matthew Yezukevich made a motion to approve the purchase of chrome books (\$332,000) for the middle and high school education program from Trinity3 Technology; up to \$125,000 may be used from the board capital account.

Reem Ozone seconded the motion.

- This is to support a one to one availability of chrome books to students
- They may also be used by staff if they need a chrome book at home
- Old equipment will go to the elementary school for their use
- The request for bid went through the states bid process
- The board discussed the approximate balance of the board capital account.
- The expected receipt of the chrome books is 8 weeks from the order date.

The board **VOTED** to approve the motion.
