- MTSS/RTI Systems
- PBIS Interventions
- Social-Emotional Learning
- Research-Based Practices--EVIDENCE-DRIVEN

The board reviewed the presentation and asked a number of questions about the program.

Strategic Goals: Finance

Due to the number of questions asked during the School Culture and Climate portion of the meeting Karen Calvert graciously agreed to present her goals next month.

III. Committees

A. Enrollment

School Year 2020/2021

- Current enrolment 1688
- Mid year withdrawals are lower this year than previous years.

School Year 2021/2022

- Annual lottery was held last week. There was a human error that occurred during the presentation. The procedure was stopped until the error could be corrected. It was determined that the order of students selection was not impacted. It was then verified by the disinterested party that there was no impact to the lottery that would impact the order in which each student's number were selected.
- 130 prospective students have signed up for a registration appointment.
- Kindergarten acceptance night is next week
- Applications are down this year by 25% but charter schools are experiencing this across the state at a rate of 40%
- The 2021/2022 enrollment recommendation was reviewed

Matthew Yezukevich made a motion to approve the 2021/2022 enrollment recommendation as presented via a roll call vote.

Susanna Girard seconded the motion.

The board **VOTED** to approve the motion.

B. Facility

UV Lights installed in the air handling system

- Has been installed in all three sections of the district. Project CLOSED!

2021/ 2022 Technology needs

- Chromebooks have been budgeted for FY21 and will be billed after the start of FY22
- K-1 iPads have been ordered

Food Services

- Interviewing consultants to review our food services and assist in the bidding process to prepare for next school year. Focus will be on nutrition and their ability to adhere to the state guidelines.

Devices for Staff

- We are waiting on the demo units to come in for evaluation

Recent tech issues

- This week the internet was interrupted due to an issue on Verizon's end. It has been repaired and we are back up and running
- Last week the service was interrupted after a heavy wind storm caused a power outage. The Uninterrupted Power Supply (UPS) failed and our power was lost until it was restored locally. The UPS has been replaced.

C. Finance

2020/2021 Budget

- We are tracking well to budget as the administration is watching what we spend.
- We do not know what the per pupil revenue will be but it is expected to be lowered
- Revenue is down from last year
- The teachers have an excess of PTO (~698 days) remaining for this school year. Many people during the pandemic are taking days off at a lower rate across many industries. This is not unique to FRCS or schools. The administration is considering paying the staff for a PTO day at the substitute teacher rate (\$125 for a day). Should a large number of teachers take a well deserved day off all on the same day it would be difficult to cover their absence given the number of substitute teachers we have. This would not require a vote from the board as this would be a transfer of money from one line item to another.

2021/2022 Budget

- There is a meeting this Friday for the Senior Leadership Team to review next year's budget.
- Karen Cavert and Krisan Pope met with Tufts to provide coverage to staff for medical insurance. Our current utilization of insurance has projected a lowering of our rate by 1%.

Matthew Yezukevich made a motion to authorize Karen Calvert to negotiate the 2021/2022 contract with Tufts for our insurance coverage.

Reem Ozone seconded the motion.

The board **VOTED** to approve the motion.

B. New State Guidance for In-Person Learning

- The new guidance is to have all K-5 students be on campus 5 days a week starting April 5th and grades 6-8 by April 28th. There is no current guidance for HS.
- The space between desks has been reduced to 3 feet
- Masks and social distancing must still be in place
- Parents can still opt to keep their children virtual for this school year, 2020/21.
- The school needs to evaluate if they can meet the space requirements and will return to the Board of Trustees on 23MAR2021 with and update
- The board was asked if they felt it was still necessary to update the health metric charts for review on a weekly basis when they come out. Given the state is guiding us to open regardless of the Red, Yellow & Green indicators the board agreed it a not needed any longer.
- The board reviewed the current guidelines for in person indoor meetings and given we would be above the current 10 person max we will remain holding board meetings virtually
