- School year 2022/2023 we have received 600 applications since 01DEC2021 when the application opened.
- Current enrollment is 1667. The school cap is 1700 and budget number is 1675
 - This has been an unusual year for withdrawals. Karen Calvert reported that at the last MA Charter School meeting she attended schools have seen a drop in enrollment between 1-5% across the commonwealth.
 - When we make midyear offers we have not been able to also offer transportation due to the existing waitlist
 - We will continue to make offers through February but do not expect a high rate of acceptance at this point in the year.

B. Facilities

- The Board reviewed the materials submitted by Matt Harrington for discussion.
- The Elementary School Gym has not seen any progress in working with the companies that installed/manufactured it. The Board agreed it was time to involve our legal counsel. Matt Harrington will reach out to legal.
- The BARK System has been installed on the student network, which improves the school safety. BARK notifies the school administration and key staff to threats to the school as a whole or an individual considering self-harm. The BARK System works on school and personal devices. The system assesses the incident and rates it low, medium, or high concern, and alerts the school appropriately based on a set of criteria. Since the system was installed it triggered one escalation that resulted in a positive outcome for the student involved.
- The Board also briefly discussed the use of WIFI networks and the expectations of anyone using a network they do not personally own.
 - The Board asked Matt Harrington to have our legal counsel review the WIFI joining acceptance message since it has not been updated in a few years. The Guest, Staff & Student messages could be looked at differently.
