C. Privilege of the Floor

II. Leadership Report

A. Deputy Executive Director Report

Ms. Berkowitz began her PowerPoint review of the disciplinary actions taken by administration. Mr. Martin stated that, in accordance with DESE regulations that the report is filed on an annual basis, the Board also required to review disciplinary actions on a timely basis. Ms. Berkowitz reviewed the three tiers of behaviors that trigger referrals for disciplinary action by school, grade level, percentage, demographic data and historical comparisons.

Discussion ensued including the following highlights:

- Inclusion of demographic data leads to understanding whether or not to which the district disproportionately applies discipline to students who need greater support.
- DESE requires demographic data and holds the district accountable to provide equitable discipline to marginalized populations.
- While the Board provides the tools for disciplinary action outlined in the student handbook, feedback from administration is crucial to ensure the policy is working.
- Regular review of the handbook is needed to address new circumstances that require attention; a review next December will look more closely at trends that may be developing on infractions in broader categories and categories.

- Data that tells the broader story put into context is needed, i.e. in one instance 78% of infractions caused by two students, and 70% of the school population is black/brown and 14% white, etc.

Ms. Foley, addressing her comments to the student contingent at the room, stated that the high school student population is both thoughtful and articulate, and is a "joy" to interact with them and "share my time with them."

B. Personnel Update

In Ms. St. Brice's absence, Ms. Berkowitz displayed the personnel report. She also updated the Board on the new software program tracking the details of personnel coverage.

C. Enrollment Update

Ms. Berkowitz reported that three new students were enrolled, well below the goal, with withdrawals continuing and backfilling of positions.

Mr. Yezukevich noted that the general trend of enrollment is a problem across charter and public schools. Ms. Crawford stated that she will reach to Erica Brown to make a presentation at the January meeting on the issue being experienced across the state.

III. Board Business

A. Board Business

Mr. Yezukevich began the discussion on the district's consideration to join the MIAA and ensuring that the district is in compliance with the various policies of the MIAA. Mr. McDonald, FRCS Director of Athletics, responded to the issue by stating the ways the district is in fact in compliance with the MIAA policies. He added that additional costs would be transportation in the estimated amount of \$10K, as well as the cost of \$2,450 for membership of ten sports.

Todd Tetreault made a motion to approve moving forward with the MIAA, pursuant to the required "form of vote", recognizing the role and authority of the MIAA and MIAC outlined therein.

Matthew Yezukevich seconded the motion.

Mr. McDonald will work with Ms. Calvert on shaping the motion for approval at a future meeting on the funding of the program.

Note: Mr. Martin had left the meeting at this point and was absent for the vote.

E. Interim Executive Director

Ms. Crawford reported that she had been in touch with Dr. Ingram, and he is making progress in his recovery, he will not return as Executive Director. She recognized that "his time with us.....was very productive." His calm manner was "caught" by many in the district.

Discussion ensued on whether the district needed another interim executive director. It was the consensus of the Board that because the district is in an entirely different place than it culturally was and was working more collaboratively, that the district will go forward on its own in search of a permanent executive director.

Ms. Foley noted that the district had been through an "enormous amount of change," and she advocated for more support from Board members and opportunities to dialogue in informal settings. Mr. Tetreault offered to commit to one hour of "unstructured time on campus." Discussion ensued on other ways to make this time "more fruitful" in connecting and transferring of information. Mr. Yezukevich noted that, insofar as he did not "get in the way" of people doing their jobs, he would be make himself available on campus for meeting with staff.

Ms. Berkowitz affirmed that the district is in fact in a different place climate-wise, and that it can move forward to the smooth transition of a new executive director.
