## IV. Business

**A. Fiscal Oversight Committee Report**

Board member Davis reported no actions were taken during the Fiscal Committee meeting and the committee asked detailed questions regarding the financials. He deferred the discussion to after budget is presented to the full board.

**B. CEO Report**

Adrienne, CEO discussed AMPS is moving forward with its charter renewal petitions and upcoming community engagement while adjusting DCA's projected enrollment and preparing for summer programming. Additionally, the network has onboarded its new Business Manager, celebrated various student and staff events, and successfully remained on top of its compliance deadlines.

**C. Current Financial Position Overview**

Prasanth, Director of Client Finance at Charter Impact, presented the monthly financial reports, highlighting that all schools are generally operating from a position of financial strength with strong cash balances and healthy fund reserves that exceed requirements. Downtown Charter Academy is trending according to plan and operating from a very healthy position, projected to end the year with $4.735 million in net assets, representing 81.5% of total expenses, and a small surplus of $14,074. John Henry High School is projected to end the year with $1.7 million in net assets, or 26.5% of annual expenses, which is well above the 5% requirement; despite a projected year-end deficit of $123,000, which is slightly higher than the second interim due to lower state aid, its cash balance remains strong at $3.913 million. Richmond Charter Academy is moving in the right direction with a projected year-end deficit of $190,000, which is lower than previously budgeted, and the school maintains a healthy year-end cash projection of $3.090 million, enough to cover roughly 7 months of expenses. At Benito Juarez Elementary, revenue and expenses are moving in line and trending better against the budget than expected, with a projected year-end surplus of $26,111, a fund balance of $3.145 million or 35%, and an excellent cash reserve capable of sustaining 7 months of operations. Finally, Oakland Charter Academy is facing an increased year-end deficit of $456,000 driven by lower-than-expected average daily attendance and lower state funding, but the school remains highly resilient, boasting $4.743 million in net assets, which represents 120% of annual expenses, and a massive cash balance projected at $4.977 million, sufficient to cover 15 months of expenses.

Board member Liz said during the fiscal committee meeting, the committee highlighted two main issues affecting the budget: lower than projected ADA and late invoices from prior year vendors. To address these, the committee recommended utilizing a rolling average of historic figures for more conservative ADA forecasting while prioritizing the reduction of chronic absenteeism, and they questioned the future use of consistently late vendors.

Board member Jorge requested a deeper analysis of how fluctuating ADA numbers impact the budget, and he asked for clarification on what the terms "cash position" and "cash balance" precisely mean in this financial context.

Board Chair Rodolfo requested a reflective presentation on their strategies to improve chronic absenteeism, specifically detailing what initiatives were tried, what will be done differently next year, and what the upcoming plan looks like.

**D. 2026-27 Budget Review**

Prasanth presented the preliminary 2026-2027 budget projections for multiple schools, utilizing a standard 2.87% COLA and prioritizing long-term financial right-sizing to yield growing surpluses and healthy fund balances in the out-years. For Downtown Charter Academy, Benito Juarez Elementary, and John Henry High School, the models project steady surpluses, stable or modestly growing enrollments, and strong cash positions with year-end fund balances scaling well above initial baselines. In contrast, while Richmond Charter Academy is running operationally lean and expects a surplus in the immediate 2026-2027 year, large depreciation charges are driving projected deficits in the following out-years; however, management is actively exploring pathways to mitigate this decline, and the school maintains a strong, growing cash position to meet its forward obligations.

Adrienne, CEO clarified that the depreciation at Richmond Charter Academy is tied to the property build-out, leading leadership to consider options like reducing the management fee to address the financial impact.

Board Chair Rodolfo questioned whether they should be more conservative and reduce the projected attendance rate at John Henry High School down, while also requesting a clearer picture of what the actual enrollment numbers look like for the upcoming year.

Board member Liz noted that the committee elected to use a rolling average for the forecast, but she was unsure whether that figure ended up being higher or lower than the actual P2 attendance results.

**E. Public Hearing: Local Control Accountability Plan (LCAP) - Downtown Charter Academy**

Mary, Senior Director of Student Services and Special Education announced that the board is conducting a public hearing to allow community feedback on the proposed LCAP

and annual budget before its final adoption in June. Developed using input gathered from students, families, staff, and stakeholders, the three-year plan outlines specific school goals, actions, services, and expenditures to address both state and local priorities. Across all schools, the LCAP focuses on three core goals: aligning instruction with rigorous academic standards to improve test scores, boosting parent and community engagement, and fostering safe, inclusive environments that support student social-emotional health.

Public hearing was opened for Downtown Charter Academy. No public comments were made.

**F. Public Hearing: Local Control Accountability Plan (LCAP) - John Henry High School**

Mary shared that John Henry High School shares the same three core LCAP goals, with a specific focus on building infrastructure to combat chronic absenteeism and improve student attendance processes. She highlighted positive trends, including an increased sense of student belonging, decreased suspension rates, and fewer high-visibility campus incidents. Moving forward, the school will emphasize proactive Student Attendance Review Team work, Tier 1 classroom implementations, leveled instructional coaching, and the consistent analysis of data and student work.

Public hearing was opened for John Henry High School. No public comments were made.

**G. Public Hearing: Local Control Accountability Plan (LCAP) - Oakland Charter Academy**

Mary shared that Oakland Charter Academy is successfully meeting growth targets for 64% of its English language learners and fostering a collaborative environment through transparent parent communication. To address areas needing improvement, the school is re-evaluating math intervention strategies and teacher office hours, intensifying family engagement and student incentives to combat chronic absenteeism, and strengthening restorative practices to reverse a recent increase in student suspensions.

Public hearing was opened for Oakland Charter Academy. No public comments were made.

**H. Public Hearing: Local Control Accountability Plan (LCAP) - Richmond Charter Academy**

Mary reported that Richmond Charter Academy staff feel highly supported through weekly live coaching and frequent professional development, while student agency has grown through a new Student Government Association that recently raised $2,200 to fund school incentives. To build on this collaborative culture, the school will continue to prioritize teacher recruitment and retention, refine its instructional coaching systems to

target student achievement gaps, and emphasize small-group, data-driven curriculum implementation.

Public hearing was opened for Richmond Charter Academy. No public comments were made.

**I. Public Hearing: Local Control Accountability Plan (LCAP) - Richmond Charter Elementary - Benito Juarez**

Mary highlighted that Benito Juarez Elementary uses iReady and AIMSweb data to drive precise, small-group interventions for student growth while supporting staff through weekly live coaching and individualized professional growth plans. She noted that the school has built a collaborative culture using transparent parent communication and high-impact events like an upcoming carnival, an SBAC testing parade, and "Danish with Dads." Moving forward, the school's primary areas of focus will include reducing chronic absenteeism, refining instructional coaching and scaffolding systems to target gaps in ELA and math, and sustaining curriculum alignment to meet state standards.

Public hearing was opened for Richmond Charter Elementary - Benito Juarez. No public comments were made.

**J. Enrollment Update**

Marisol, Senior Director of Operations provided a network-wide enrollment update, noting that as of May 8th, there were 480 accepted offers and a projected total network enrollment of 1,498 students across BJE, RCA, JHHS, and DCA. She highlighted that 9th-grade enrollment is the main area of struggle where most declined offers are concentrated, prompting the network to launch targeted digital marketing campaigns and conduct family exit interviews to address concerns like facilities, transportation, and IEP supports.

Board Chair Rodolfo expressed appreciation for the enrollment snapshot and requested that the team return in June with an updated presentation tracking the conversion from student acceptance to final registration, alongside the findings from their root-cause analysis to help understand why middle school students on the same campus are not transferring into the high school.

Board member Jorge expressed concern that the proposed 9th grade root-cause analysis sounded too clinical, suggesting that instead of just gathering data, the network should offer substantial and attractive incentives. Such as guaranteed college admissions or pipeline preferences to encourage students to stay.

**K. Presentation: Bay Area Air District: Local Community Benefit Fund (LCBF) Grant**

Marisol shared that the network is applying for a $5 million grant through the Local Community Benefit Fund, funded by fines levied against the Valero and Chevron

refineries. This is to upgrade HVAC and ventilation systems at Richmond Charter Academy, Benito Juarez, and John Henry High School to improve indoor air quality and energy efficiency.

### L. Review and Consideration of Approval of Kya Quote -Restroom Modernization Project for Downtown Charter Academy

Marisol, shared that Downtown Charter Academy needs to replace several restroom partitions and install proper vinyl flooring, partnering with Kya under the California Multiple Award Schedule (CMAS). The proposed project involves replacing 13 toilet compartments (along with an additional 6) for a total quoted price of $71,166.
R. Ornelas made a motion to approve Kya Quote -Restroom Modernization Project for Downtown Charter Academy.
D. Leung seconded the motion.
The board **VOTED** to approve the motion.

### M. Review and Consideration of Approval of Declaration of Need for Fully Qualified Educators (CL-500)- John Henry High School

Sally, HR Coordinator presented a Declaration of Need for fully qualified educators for the 2026-2027 school year to be submitted to the California Commission on Teacher Credentialing. This document requests authorizations for general limited assignments, CLAD permits, and English Language Learner authorizations to ensure teacher credential compliance at John Henry High School. ### U. Talent Acquisition Update

Adrienne presented a talent acquisition update focused on increasing hiring efficiency and reducing vacancies across AMPS. The network currently has 32 open roles but maintains a strong pipeline with 444 active candidates and over 400 re-engaged applicants from the previous school year. To accelerate hiring, their strategy utilizes the Teach Start Fellows program, strategic internal transfers, and tailored site-level workflows to consistently convert pipeline candidates into active hires.

Board member Liz asked for a rough breakdown of the current staffing vacancies by role type, such as teachers versus instructional support staff, and is clarifying whether the 32 open roles represent a stagnant number or a continuous influx of new job postings.

AMPS CEO Compensation Comparability Study (June 2026) (4929-6526-1490.v1).docx.pdf

**Governing Board of Amethod Public Schools**
**Summary of Compensation and Benefits Survey Data for**
**Chief Executive Officer**

**June 2026**

IRS rules require fair and reasonable compensation for nonprofit executives. In reviewing the reasonableness of compensation for nonprofit executives, the IRS considers "compensation" broadly and will look at the value of salary, as well as non-fixed compensation (incentive compensation/bonuses), and benefits.

Below is a summary of findings following review and comparison of a sampling of total compensation levels received by educational leaders in Northern California. Compensation figures are from the State Controller's Office or from the Internal Revenue Service (Form 990) for the 2024 or 2025 calendar or fiscal years (the most recent available). Student enrollment figures are from the California School Dashboard for the 2025 calendar year. The CEO of Amethod Public Schools oversees six charter schools in Alameda and Contra Costa Counties with a total population of approximately 1,976 students. The five charter schools and two school districts included in this study have an average student population of 1,609 students.

Of the positions sampled, the average total compensation package (base salary plus other compensation) is approximately $319,674. The average base salary is approximately $271,078. The range of base salary is $206,200 to $354,147. Salaries can range based on many factors such as experience, tenure at the school, student populations, staff size, and location of the charter school.

The compensation information below is from the 2024 and 2025 calendar or fiscal years. As a result, conservatively adding 3% for each year to reach updated figures for the 2026-27 school year would provide an average total compensation of $337,943, and an average base salary of $286,516.

# 2026–27 LCAP Federal Addendum Certification

**CDE Program Contact:**
Local Agency Systems Support Office, LCAPAddendum@cde.ca.gov, 916-323-5233

## Initial Application

To receive initial funding under the Every Student Succeeds Act (ESSA), a local educational agency (LEA) must have a plan approved by the State Educational Agency on file with the State. Within California, LEAs that apply for ESSA funds for the first time are required to complete the Local Control and Accountability Plan (LCAP), the LCAP Federal Addendum Template (Addendum), and the Consolidated Application (ConApp). The LCAP, in conjunction with the Addendum and the ConApp, serve to meet the requirements of the ESSA LEA Plan.

In order to initially apply for funds, the LEA must certify that the current LCAP has been approved by the local governing board or governing body of the LEA. As part of this certification, the LEA agrees to submit the LCAP Federal Addendum, that has been approved by the local governing board or governing body of the LEA, to the California Department of Education (CDE) and acknowledges that the LEA agrees to work with the CDE to ensure that the Addendum addresses all required provisions of the ESSA programs for which they are applying for federal education funds.

## Returning Application

If the LEA certified a prior year LCAP Federal Addendum Certification data collection form in the Consolidated Application and Reporting System, then the LEA may use in this form the same original approval or adoption date used in the prior year form.

# 2026–27 LCAP Federal Addendum Certification

**CDE Program Contact:**
Local Agency Systems Support Office, LCAPAddendum@cde.ca.gov, 916-323-5233

## Initial Application

To receive initial funding under the Every Student Succeeds Act (ESSA), a local educational agency (LEA) must have a plan approved by the State Educational Agency on file with the State. Within California, LEAs that apply for ESSA funds for the first time are required to complete the Local Control and Accountability Plan (LCAP), the LCAP Federal Addendum Template (Addendum), and the Consolidated Application (ConApp). The LCAP, in conjunction with the Addendum and the ConApp, serve to meet the requirements of the ESSA LEA Plan.

In order to initially apply for funds, the LEA must certify that the current LCAP has been approved by the local governing board or governing body of the LEA. As part of this certification, the LEA agrees to submit the LCAP Federal Addendum, that has been approved by the local governing board or governing body of the LEA, to the California Department of Education (CDE) and acknowledges that the LEA agrees to work with the CDE to ensure that the Addendum addresses all required provisions of the ESSA programs for which they are applying for federal education funds.

## Returning Application

In order to initially apply for funds, the LEA must certify that the current LCAP has been approved by the local governing board or governing body of the LEA. As part of this certification, the LEA agrees to submit the LCAP Federal Addendum, that has been approved by the local governing board or governing body of the LEA, to the California Department of Education (CDE) and acknowledges that the LEA agrees to work with the CDE to ensure that the Addendum addresses all required provisions of the ESSA programs for which they are applying for federal education funds.

# 2026–27 LCAP Federal Addendum Certification

**CDE Program Contact:**
Local Agency Systems Support Office, LCAPAddendum@cde.ca.gov, 916-323-5233

## Initial Application

To receive initial funding under the Every Student Succeeds Act (ESSA), a local educational agency (LEA) must have a plan approved by the State Educational Agency on file with the State. Within California, LEAs that apply for ESSA funds for the first time are required to complete the Local Control and Accountability Plan (LCAP), the LCAP Federal Addendum Template (Addendum), and the Consolidated Application (ConApp). The LCAP, in conjunction with the Addendum and the ConApp, serve to meet the requirements of the ESSA LEA Plan.

In order to initially apply for funds, the LEA must certify that the current LCAP has been approved by the local governing board or governing body of the LEA. As part of this certification, the LEA agrees to submit the LCAP Federal Addendum, that has been approved by the local governing board or governing body of the LEA, to the California Department of Education (CDE) and acknowledges that the LEA agrees to work with the CDE to ensure that the Addendum addresses all required provisions of the ESSA programs for which they are applying for federal education funds.

## Returning Application

If the LEA certified a prior year LCAP Federal Addendum Certification data collection form in the Consolidated Application and Reporting System, then the LEA may use in this form the same original approval or adoption date used in the prior year form.

State measures include chronic absenteeism, graduation rate, suspension rate, English learner progress, and academic performance

Local measures are reported based on data available only at the local level. These measures include clean and safe buildings, implementation of academic standards, school climate, parent and family engagement, and access to a broad course of study.

HONOR HARD WORK

All schools use the YouthTruth Survey for students, staff and families twice a year

| | |
|---|---|
| Downtown Charter | The implementation of the YouthTruth Survey and the increase in students reporting a stronger sense of connection to school reflect meaningful progress in strengthening overall school culture and climate. Through a more intentional and student-centered approach to culture, the school has seen improvements in attendance, behavior, student engagement, and perceptions of safety and belonging. These positive outcomes contribute directly to both academic achievement and personal growth, reinforcing the school's ongoing commitment to equity, inclusion, and whole-child development. |
| John Henry High | YouthTruth surveys were administered to gather student voice and inform school culture initiatives. Survey results showed an increase in students reporting that they feel connected to school, a trend that is further supported by improvements in chronic absenteeism data, indicating stronger student engagement and connection to the school community. The school also launched a Tier 1 PBIS framework with clearly defined school wide behavioral expectations to promote a positive and consistent learning environment. Additionally, restorative and progressive discipline procedures, including a behavior response matrix, were developed and implemented to ensure equitable, supportive, and instructional responses to student behavior. These efforts have contributed to a more positive school climate, increased student accountability, and stronger relationships among students and staff. |

All schools use the YouthTruth Survey for students, staff and families twice a year

| | |
|---|---|
| Oakland Charter | The YouthTruth Survey results was administered to gather student feedback and measure school climate. The survey successfully gathered critical student feedback to measure and evaluate school climate. The results highlighted a positive upward trend, specifically with an increased percentage of students reporting a stronger sense of connection and belonging to their school community. This intentional, student-centered approach to fostering an inclusive school culture has yielded meaningful progress, correlating with positive trends in overall student attendance, behavior, and active engagement. |
| Richmond Charter | The YouthTruth Survey was administered to gather student feedback and measure school climate. Results showed an increase in the percentage of students reporting that they feel connected to school, demonstrating progress in fostering a stronger sense of belonging and community. Through a focused and intentional approach to strengthening school culture, the school has seen positive trends in student attendance, behavior, engagement, and overall perceptions of the school environment. These outcomes support both academic achievement and personal growth while reinforcing the school's commitment to equity, inclusion, and whole-child development. In response to attendance and climate data, RCA has also formalized its Student Attendance Review Team (SART) process, implementing proactive strategies to identify and support students at risk of chronic absenteeism before attendance concerns become more significant. |
| Richmond Charter Elementary - Benito Juarez | The YouthTruth Survey results was administered to gather student feedback and measure school climate. The survey successfully gathered critical student feedback to measure and evaluate school climate. The school achieved exceptional results in cultivating a positive environment, notably placing in the 94th percentile nationally for School Culture with 86% of 3rd through 5th graders responding favorably. A strong sense of belonging anchors this community, as 81% of students feel genuinely connected to their school. Furthermore, this supportive atmosphere is reinforced by excellent community dynamics, reflected in highly positive ratings for Teacher-Student Relationships (87th percentile) and School Safety (88th percentile). |

# PRIORITY 7: ACCESS TO ABROAD COURSE OF STUDY

AMPS
HONOR HARD WORK

Standard:

- The Local Educational Agency (LEA) annually measure its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code for Grades 1-6 and Grades 7-12

# PRIORITY 7: ACCESS TO A BROAD COURSE OF STUDY

AMPS
HONOR HARD WORK

All students have access to a broad course of study

| | |
|---|---|
| Downtown Charter | Professional development was delivered as planned and aligned to the school's instructional priorities. Staff participated in training focused on questioning strategies (DOK), English learner strategies, and project-based learning. To provide targeted academic support, intervention tutoring in both mathematics and English Language Arts was implemented, and after-school tutoring opportunities were expanded and made available across all core subject areas. Small-group instruction and targeted interventions were utilized to address identified learning gaps and accelerate student growth. These actions supported the school's commitment to delivering a rigorous, standards-aligned curriculum, ensuring equitable access to a well-rounded educational experience, strengthening instructional practices through professional development, and providing academic support to meet the needs of all learners. |
| John Henry High | The school will continue to deepen teachers' understanding and effective implementation of standards-aligned units and instructional practices to ensure all students have access to a rigorous and engaging educational experience. Efforts will remain focused on strengthening curriculum implementation, increasing instructional effectiveness, and providing enrichment opportunities that support a broad and well-rounded course of study. In partnership with community organizations and the Coordinator of College and Career Readiness, the school will expand and enhance post-secondary opportunities, including college and career pathway programs, dual enrollment options, workforce development experiences, and career exploration opportunities to better prepare students for success beyond high school. |

# PRIORITY 7: ACCESS TO A BROAD COURSE OF STUDY

AMPS
HONOR HARD WORK

## All students have access to a broad course of study

| | |
|---|---|
| Oakland Charter | The school has strategically leveraged student and family feedback to enhance access to a broad course of Study. Feedback from the survey underscores the value of OCA's multi-faceted academic and enrichment program, which integrates a rigorous Common Core-aligned core curriculum with daily targeted intervention blocks in English and math. To complement this core instruction and ensure equitable access to well-rounded learning, OCA utilizes its survey data to guide expanded educational offerings. |
| Richmond Charter | The school strengthened instructional coherence through the use of backward planning and vertically aligned curriculum across core subject areas. Lesson activities were intentionally aligned and scaffolded to ensure students progressed toward mastery of the targeted standards and skills. Data-driven instruction remained a key focus, with grade-level teams participating in regular collaborative planning sessions, including dedicated Friday data analysis and intervention planning meetings. To support student achievement, the school implemented designated intervention blocks that provided targeted scaffolds, and small-group support based on student data. Teachers actively monitored individual student growth and adjusted interventions as needed to maximize effectiveness. Families were also engaged in the data-monitoring process to ensure strong communication, shared accountability, and alignment around student goals and progress. Evidence from student work samples, classroom observations, and instructional walkthroughs indicates increased standards-aligned tasks, and meaningful academic discourse across classrooms. |
| Richmond Charter Elementary - Benito Juarez | The school successfully ensured all students had full access to a broad course of study by strengthening instructional coherence through backward planning and vertically aligning the curriculum across core subject areas. Lesson activities were intentionally scaffolded to help students progress toward standards mastery, while grade-level teams utilized dedicated Friday data analysis meetings to drive data-driven instruction. To maximize student achievement, BJE implemented targeted intervention blocks and small-group support, actively monitoring individual growth and engaging families in the goal-tracking process to ensure shared accountability. |

**Related Material:** 2026-27_DCA_LCAP_Board_2026.06.11.pdf

BACKGROUND:

The Local Control and Accountability Plan (LCAP) is a three-year planning document required by the State of California that outlines the school's goals, actions, services, and expenditures designed to improve student outcomes and address state and local priorities. The LCAP is updated annually and developed through a process that includes stakeholder engagement with families, students, staff, and community members.

The 2026–2027 LCAP reflects stakeholder input, analysis of student performance data, and alignment with the school's mission, strategic priorities, and budget.

RECOMMENDATION:

Staff recommends that the Board of Directors review and approve the 2026–2027 Local Control and Accountability Plan (LCAP) as presented.

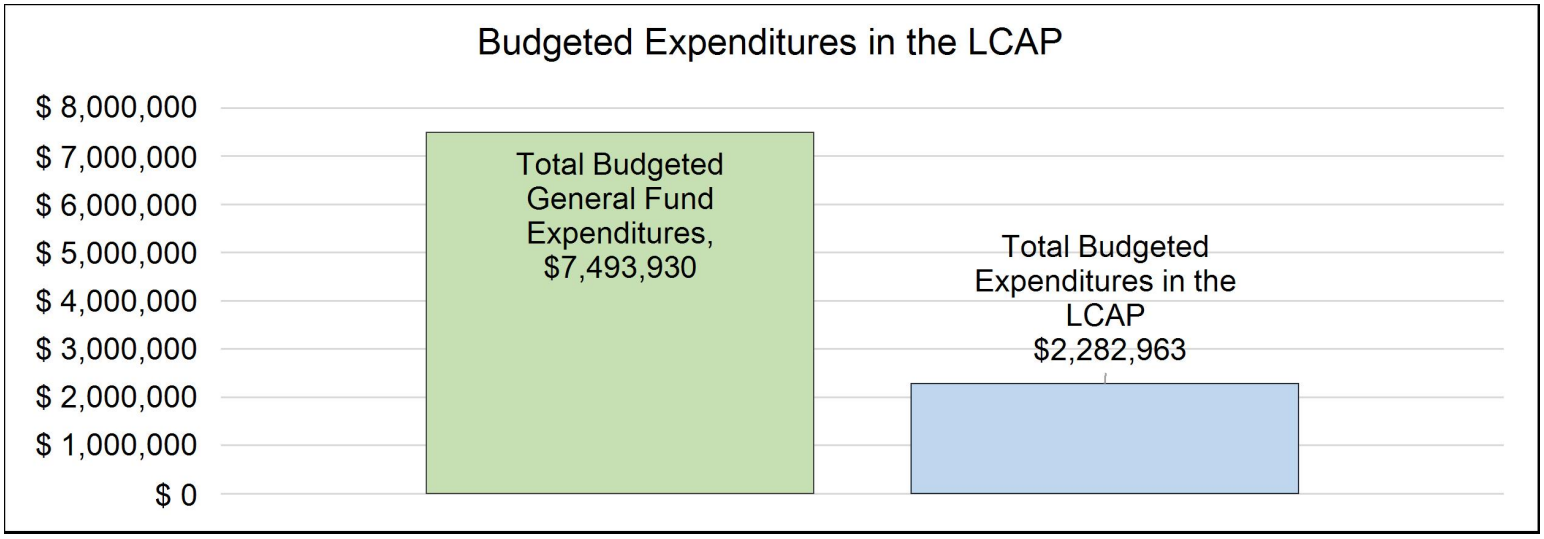
School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2026-27 School Year



This chart shows the total general purpose revenue Downtown Charter Academy expects to receive in the coming year from all sources.

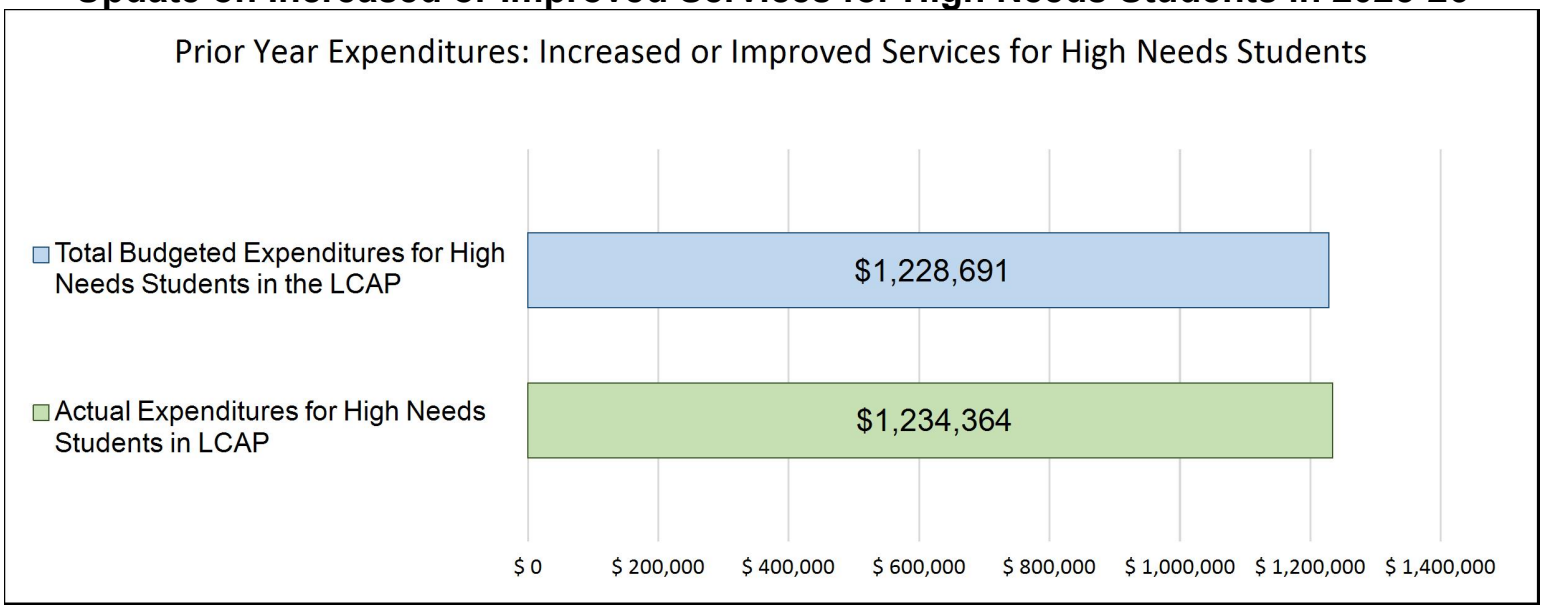
The text description for the above chart is as follows: The total revenue projected for Downtown Charter Academy is $7,563,316, of which $5315234 is Local Control Funding Formula (LCFF), $1897325 is other state funds, $104649 is local funds, and $246108 is federal funds. Of the $5315234 in LCFF Funds, $1251755 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Downtown Charter Academy plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Downtown Charter Academy plans to spend $7493930 for the 2026-27 school year. Of that amount, $2282962.73 is tied to actions/services in the LCAP and $5,210,967.27 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:



Expenditures reflected in the budget but not explicitly detailed in the LCAP represent other educational, operational and administrative costs necessary to support the overall functioning of the school.

## Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Downtown Charter Academy is projecting it will receive $1251755 based on the enrollment of foster youth, English learner, and low-income students. Downtown Charter Academy must describe how it intends to increase or improve services for high needs students in the LCAP. Downtown Charter Academy plans to spend $1497004.48 towards meeting this requirement, as described in the LCAP.

# Plan Summary [2026-27]

## General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

At Downtown Charter Academy (DCA), we are committed to our students' academic success and developing a strong community of learners. It is one of six schools under the Amethod Public Schools (AMPS) charter management organization. AMPS is a 501 (c)(3) nonprofit organization that was founded in Oakland with the intent to create charter schools that reduce the academic achievement disparity that exists among the different student subgroups. The organization’s flagship school, Oakland Charter Academy, founded i n 1993, is the oldest charter school in the City of Oakland, and the 14th school chartered in the state of California. For thirty years, AMPS has been serving thousands of Bay Area families through a small-scale school model focused on equipping students with the skills of diligence and personal responsibility. AMPS demonstrates through strong academic results that any child can be successful if they receive a high-quality, personalized education. Established in 2014, Downtown Charter Academy is located in the Downtown Oakland region where it quickly became a neighborhood middle school serving grades 6-8. Following the traits of the AMPS middle school model, but with the flare of Downtown Oakland's community aspects, DCA has quickly become one of the highest performing schools in the city achieving the California Department of Education Gold Ribbon Award in 2017 and 2018 and the California Distinguished Schools Award in 2021 and 2024. DCA serves 271 students. In 2022-23, DCA served a student body that was 75.7% Asian, 15.8% Hispanic/Latino, and 4.6% African-American/Black. 77.2% of students considered socioeconomically disadvantaged, 11.2% are students with disabilities, and 30.9% of students are multi-language learners.

DCA’s mission is to provide a rigorous college preparatory education and character development program that will prepare students from underserved communities to succeed in college and beyond. We believe all students can succeed when provided with effective educators,

personalized attention, and a disciplined commitment to academics. We believe in fostering a culture of hard work and preparing our students in a manner that will help them excel in life and attend the college of their dreams.
We are committed to our students' academic success and developing a strong community of learners. Our student-centered school allows us to target the needs of each student and to focus all efforts in helping them develop foundational skills by planning lessons and instructional moves that directly impact the skills students are ready to learn. DCA has a very active student body, and offers a multitude of additional programs that support the rigorous academics offered to every student. Additionally, our positive school culture works around 5 school values that provide the framework for all restorative practices. We have a high teacher retention rate so that the organizational memory provides students with a strong learning environment so all students can make continuous academic progress.

# Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

DCA students are achieving remarkable academic success. According to the most recent California Dashboard and CAASPP data, 73.08% of students met or exceeded standards in English Language Arts and 71.71% met or exceeded standards in mathematics, continuing to far exceed our goal of 50% proficiency. In recognition of these outcomes and our strong school culture. AMPS attributes this success to several key factors: DCA provides targeted tutoring and interventions for students in Tier 1 and Tier 2, along with intensive one-on-one support for our most vulnerable students through Tier 3 interventions. To ensure these supports are aligned to student needs, DCA developed a robust student-level data monitoring systems. Additionally, DCA implemented ongoing professional development focused on standards-aligned curriculum, data-driven instruction, differentiated learning strategies, and rigorous classroom instruction. These actions increased instructional time, streamlined lesson planning, strengthened collaboration among staff, and supported a positive and professional school culture. As a result, DCA maintained strong teacher retention and staff engagement.

DCA also continues to foster a positive and inclusive learning environment where students are recognized and celebrated for embodying the school's values. This is reinforced daily through our Positive Behavioral Interventions and Supports (PBIS) system, which contributed to DCA earning a Blue performance level on the 2024 California Dashboard for Suspension Rate. Assemblies, student recognition programs, and schoolwide engagement activities help students feel connected and valued. Throughout the year, DCA celebrates the diversity of our community through events such as Lunar New Year, Hispanic Heritage Month, Black History Month, Oral History Day, and our Multicultural Festival. Spirit Week activities provide students with opportunities for self-expression and community building. Students also participate in service-learning and leadership opportunities through activities such as food drives and Light the Night for Leukemia fundraising events, helping students develop empathy, leadership, and initiative.

DCA provides multiple opportunities for family engagement throughout the year, including whole-school family meetings offered both in person and virtually, cultural celebrations, and community engagement events. We have also strengthened partnerships within the Oakland community to expand learning opportunities and after-school programming for students. We are proud to continue offering a free after-school program that serves approximately 150 families annually.

DCA continues to maintain strong student engagement and attendance, with an Average Daily Attendance (ADA) rate of approximately 96%, significantly above state averages. This reflects the school's strong culture, student supports, family partnerships, and targeted attendance

interventions for students needing additional support.We continue to work closely with students and families through individualized attendance supports, regular family meetings, and counseling services. Our school counselor meets with identified students each morning to provide calming activities and emotional support before classes begin. We also assist families in building carpools and peer support systems to improve daily attendance. Through these continued efforts, DCA remains committed to ensuring every student feels safe, supported, and prepared to succeed academically and socially.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

| Educational Partner(s) | Process for Engagement |
|---|---|
| All educational partners including teachers, staff, parents, students, community members, and the Board | Throughout the year during regular meetings of the Board, all stakeholders are invited to participate in meetings discussing the school's academic progress, ongoing programs and activities, and budget updates. We have 2 parent meetings per month, one in the morning in person and one in the evening online. During these meetings parents are informed of student academic data, attendance, grant proposals. In addition, the ELD, SPED and School Counselor share best practices. We also host cultural events throughout the year such as the multicultural festival and Oral History Day where parents participate and provide support. Teachers contact parents on an ongoing basis to provide information and support to their students. We use these methods to engage parents of all students. |

We use these methods to engage our student body. |
| SELPA | In spring 2026, the school share the LCAP with our SELPA to collect feedback. |

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

This LCAP was developed in collaboration with our entire school community and was influenced in numerous ways, from the development of our three goals to the actions and expenditures dedicated to achieving each goal. More specifically, the actions in the LCAP were influenced based upon the below specific feedback from educational partners:

Our teachers are interested in continuous learning about equity practices. This year we worked on a few fronts to equip them with tools to uphold equity in their classrooms. We learned about Restorative Circles and demonstrated the practice for all students in every classroom

and gave teachers a few tools to run them on their own. In addition, we have used music, art, and readings to share what we think of equity. We also planned a workshop on unconscious bias where teachers presented the workshop and then we gave teachers the time to plan their own lessons together so that this practice/reflection reaches students in their classrooms. We plan to continue these kinds of efforts over the course of the next 3-year LCAP as a result of teachers' input and enthusiasm for this work. This feedback was incorporated into Action 3.4. Parents wanted us to help students develop leadership skills and as a result we are prioritizing this. They were also interested in us supporting students to develop their own voices. To accomplish these goals, teachers have planned Socratic seminars, debates, interview projects, and collaborative cross-curricular projects where students have to actively speak and present their own opinions on different topics. Parents also wanted us to offer field trips and we dedicated some G-1 grant funds to offer field trips to all students. In addition, parents wanted us to help students reduce the time they spend in front of the screen and we have offered workshops and information to support them with it. This feedback was incorporated into Action 3.2.

Students expressed the desire to get more sports at school. In response to their request, we added soccer and basketball clubs. They also wanted to have more art, so we added 2 more art classes during the after school program. This feedback was incorporated into Actions 3.1 and 3.2.

## Goal

| Goal # | Description | Type of Goal |
|---|---|---|
| 1 | Provide an academically rigorous, Common Core-aligned college preparatory program with support and interventions for students' academic development. | Broad Goal |

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Our school's mission is to provide a rigorous college preparatory education and character development program that will prepa re students from underserved communities to succeed in college and beyond. We believe all students can learn and achieve at high levels and adopt a data-driven culture to turn the focus from "what was taught" to "what was learned." Student achievement and progress monitoring are both at the core of this principle, which is why our first goal encompasses so many metrics in order to better understand overall student outcomes. Secondly, we know that breakthrough achievement happens in schools where every student is purposefully engaged in standards-aligned content, every day. Therefore, teaching at our school is purposeful, engaging, and differentiated for all learners. Professional development for our instructional team is focused on standards-based instruction as well as classroom management, student engagement, and multi¬tiered systems of targeted support for learners.

Goal 1 of our LCAP is a broad goal directed at promoting student achievement and postsecondary success in alignment with our school's mission and key state priorities. The priorities being addressed under this goal include provision of basic services, implementation of state academic standards, pupil achievement, access to a broad course of study, and outcomes in a broad course of study. It was developed in collaboration with our educational partners to ensure that the school is focused on students' academic preparedness. We will achieve this goal by implementing a rigorous academic program that is bolstered by high-quality professional development for teachers and differentiated supports for students. The metrics and actions outlined below ensure that we are providing a strong academic program with an emphasis on college preparation, in addition to the state priorities.

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Our planned actions and implementation of this goal were grounded in our mission to prepare every student for college, career, and life. These priorities focused on delivering a rigorous, standards-aligned curriculum, ensuring access to a well-rounded education, providing professional development for instructional staff, and offering differentiated academic support.

Planned: Provide targeted, ongoing professional learning focused on rigor, differentiation, and instructional strategies (more student talk and group work). Implement tiered interventions and expanded supports (e.g., academic tutoring, EL support, SPED modifications) and provide a paraprofessional to work within the classroom and targeted populations. Adding the use of engagement strategies and attendance at the Summit (network PD)

Implemented: Professional development was delivered as planned and included NWEA data-driven instruction, English learner strategies, project-based learning, differentiation, and tiered intervention practices through small-group instruction. Intervention tutoring in math and ELA showed positive results, and after-school tutoring was expanded across all core subject areas. Teachers participated in ongoing collaboration and planning sessions focused on analyzing student data, aligning instruction, sharing best practices, and monitoring interventions. Our planned actions continued to support the delivery of a rigorous, standards-aligned curriculum, access to a well-rounded education, professional development for instructional staff, and differentiated academic support for students. Classroom walkthroughs and student work samples reflected increased academic rigor through higher-order thinking tasks, standards-aligned instruction, academic discourse, and collaborative learning opportunities. All academic curricula remained standards-based, and teachers received ongoing professional development connected to curricular materials and instructional practices. All teachers attended the Summer Summit professional development event, where they analyzed student data and refined curriculum maps in preparation for the school year.

Implementing this goal has positioned the school on a strong trajectory toward improved student outcomes and college readiness. Tier 1 and Tier 2 students received weekly math and English tutoring and intervention support. Paraprofessionals played an essential role in supporting targeted student groups by providing small-group instruction, frontloading skills, reinforcing classroom learning, and offering additional support throughout the instructional day.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Weekly classroom observations and walkthroughs allowed instructional leaders to monitor classroom engagement strategies and provide timely feedback to teachers. Increased use of attention-getters and clear classroom routines helped improve student focus, ensuring students were tracking speakers and ready to receive instruction before lessons began. These practices contributed to stronger classroom management and increased student engagement during instruction.

Targeted supports for English learners continued throughout the year and provided students with additional academic assistance and language development opportunities. While progress was made in supporting identified English learners, English Language Development (ELD) remains an area for continued growth. Future efforts will focus on strengthening strategies to support recently reclassified students, refining instructional practices for language development across content areas, and continuing the development of standards-aligned ELD curriculum and supports.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Continue strengthening NWEA data-driven professional development with a focus on targeted student groups, including English learners, students receiving special education services, and Latino/a/x students. Expand tutoring and intervention supports while increasing instructional practices that promote student discourse, academic conversations, and deeper thinking through the use of higher-order questioning strategies.

Additional focus areas will include the continued development of standards-aligned ELD coursework and instructional resources, as well as the implementation of a progress-monitoring system to better track and support recently reclassified English learners to ensure continued academic success.

| 2 | Create an engaged parent community that is fully engaged in and actively connected to the school community. | Maintenance of Progress Goal |

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)

An explanation of why the LEA has developed this goal.

One of our greatest assets, and true agents of change, are the families and community members who support us. We are their public school system and we rely on them as our educated and nimble allies. We know that our families are prepared and motivated to rise to any occasion, and this goal is aimed at ensuring this foundational value is centered in our work. Parent engagement and communication are both at the core of this goal in the LCAP.

Parent engagement at our school is founded in knowing that parents are our collaborators when it comes to student learning. This means that we find ways to educate, empower, and involve parents in their child's education. Parent engagement and communication efforts are focused on building strong, positive relationships between school staff and families. We work to ensure that every parent knows what is happening with their student, both academically and non-academically. We host frequent community nights and school events that build community and infuse fun and connection into our school culture.

Goal 2 is a maintenance goal directed at upholding our standards for a strong parent community. The priorities being addressed under this goal include parent engagement and school climate. It was developed in collaboration with our educational partners to ensure that we continue our work regarding strong parent engagement. We will achieve this goal by implementing frequent family events and activities that are bolstered by parent involvement in school planning and decision-making. The metrics and actions outlined below ensure that we are building a strong parent community with an emphasis on connection and partnership.

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Our approach to parent engagement is grounded in the belief that families are essential partners in student learning. We are committed to educating, empowering, and involving parents in their children’s educational journeys. All parent engagement and communication efforts

focused on building strong, positive relationships between school staff and families while ensuring that parents remained informed about their child's academic progress and overall well-being. To foster a strong sense of community, we hosted frequent family events and school activities that celebrated our school culture and encouraged connection among students, staff, and families. These opportunities were designed to strengthen the relationship between home and school while reflecting the diversity and values of our school community.

Planned: Host regular community events and school activities that encourage family participation. Hold three Family Staff Team (FST) meetings, conduct a parent information survey, and facilitate individual meetings with families of students with IEPs to gather insight and feedback about the school experience.

Implemented: Held Family Staff Team (FST) using the bylaws and policies to ensure meaningful opportunities for parents to participate in school planning and decision-making. FST meetings were well attended, elected parent representative seats were filled, and the team provided valuable insight regarding school culture, community events, and budget priorities. Communication between school staff and families was strengthened through the use of the ParentSquare platform, weekly site director updates, and consistent multi-modal communication methods, including newsletters, text messages, applications, phone calls, and in-person meetings provided in home languages when possible. The school also conducted the YouthTruth survey to gather feedback and input from families and students regarding the overall school experience. In addition, the principal hosted monthly "Coffee with the admin" meetings in both the morning and afternoon to maximize family participation and create additional opportunities for open dialogue, feedback, and relationship-building with families.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The Family Staff Team (FST) was well attended throughout the year and provided meaningful opportunities for educational partners to actively participate in school planning and decision-making. Families provided direct input on the LCAP process, cultural events, the academic calendar, and other important school initiatives and activities. Participation data showed strong family engagement, with more than 75% of parents attending two or more meetings during the school year. This consistent participation strengthened communication between families and school staff and helped ensure that parent voices were reflected in schoolwide planning and community-building efforts.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Continue providing parent education workshops focused on student learning, social-emotional development, and available school and community resources. Expand support for families who experience barriers to accessing technology by offering workshops and hands-on assistance related to digital platforms and school communication tools. Additionally, continue developing and facilitating affirmative groups

and engagement opportunities that support targeted student populations and their families to strengthen inclusion, connection, and culturally responsive practices within the school community.

State Priorities addressed by this goal.

Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

We believe that a strong school culture is accomplished by having our network of teachers, scholars, and school leaders adhere to our foundational practices with consistency. Effective school leaders and faculty transform vision and values into meticulously built systems that operate in every single classroom and hallway. These core values and daily practices create a strong, supportive school community.

Our school culture is grounded in students feeling a strong sense of belonging at the school, as well as having a cohesive school environment that is safe and supportive. Student engagement and school culture efforts are focused on providing fun and creative opportunities for connection, exploration, and wellness. We partner with community organizations as much as possible to provide these opportunities to our students and families and create a culture of celebration by honoring students and their accomplishments throughout the year. We also center social justice in our work together and provide teachers with continuous learning to build their equity practices and cultural fluency.

Goal 3 is a broad goal focused on creating and maintaining this safe, inclusive, supportive school environment. The priorities being addressed under this goal include pupil engagement and school climate. It was developed in collaboration with our educational partners to ensure that we continue to prioritize student engagement and the culture of our school community. We will achieve this goal by implementing frequent school culture activities and positive behavioral intervention systems and social-emotional learning. The metrics and actions outlined below ensure that we are building a supportive school community fully invested in academic and non-academic outcomes.

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Our goal is to create and maintain a safe, inclusive, and supportive school environment that fosters a strong sense of belonging and engagement for all students. We are committed to supporting students' academic success alongside their social-emotional well-being through intentional school culture-building practices and systems of support. School climate and pupil engagement remain critical factors in student achievement and overall well-being.

Planned: Expand Positive Behavioral Interventions and Supports (PBIS) schoolwide to promote a positive behavioral culture and reduce disciplinary incidents. Host regular schoolwide culture-building activities, including spirit days, student assemblies, and recognition programs, to strengthen student connection and celebrate diversity. Analyze engagement and climate data, including attendance, discipline, and survey results, on an ongoing basis to identify trends and adjust practices accordingly.

Implemented: Implemented the YouthTruth survey to gather student feedback regarding school climate, engagement, and sense of belonging. Survey results indicated an increase in students reporting feeling connected to the school community. The school also continued to strengthen its overall approach to school culture through schoolwide activities, student recognition opportunities, and ongoing efforts to build positive relationships and inclusive practices across campus. As a result of these efforts, the school saw improvements in student attendance, behavior, engagement, and overall perception of school climate. These outcomes contributed directly to students' academic and personal growth and reinforced the school's commitment to equity, inclusion, and whole-child development.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Based on attendance data, 98% ada higest in Alameda County, suspension rates, student climate surveys, and feedback from educational partners, there is clear evidence of strength in the school's efforts to build student connection and a positive school culture. Data indicate improved student engagement and stability, reflected in consistent attendance patterns and reduced suspension rates. Student and family feedback further supports these outcomes, with many reporting that the school is an environment where they feel emotionally and physically safe, respected, and connected to a broader school community.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Provide ongoing professional development for staff focused on trauma-informed practices and effective student engagement strategies to better support the diverse needs of students with increasing diversity of student population. Continued implementation of Social-Emotional Learning (SEL) instruction across classrooms to build students' emotional literacy and independence.

As a result, they perform worse on these assessments in both ELA and math (7.1% and 10.6% proficient, respectively) compared to the overall average for students (21.7% in ELA and 21.4% in math). Feedback from parents of English learners, and our English learner students, indicate that English fluency and academic success remain a top priority. Our teachers have expressed a need for additional professional development that prepares them to effectively teach and support English learners in their classrooms.<br><br>**Scope:** | To target students' language fluency, we will utilize evidence-based ELD courses which meet the needs of multilingual learners at all proficiency levels—from newcomers to long¬term English learners—as the core curriculum for all ELD classes. | **1.9** | **Action:**<br>Supports for Homeless and/or Foster Youth<br><br>**Need:**<br>Although the number of foster youth and homeless students at our school is too small to be statistically significant on the California Schools Dashboard, data on these students nation-wide, as well as in the Bay Area, demonstrates there is a clear need for tangible supports such as resources, materials, and services that provide direct aid to students and their families. Foster youth and students experiencing homelessness are at a greater risk of "slipping through the cracks" compared to their peers. According to a California-based research study, the odds of homelessness for older youth were 44% lower for those who reported that they had "enough" people to turn to for tangible support. This includes those who can provide direct resources and/or practical assistance. Through outreach with students and families at our school, we have learned that there is need for additional communication and coordination between the school and some of our highest need families, including families of homeless students and foster youth. There is also a need for strong communication from a Spanish-language speaker as many of our families speak Spanish in their homes. | The bilingual role of Community Outreach Coordinator will promote strong connection and communication with all families, in addition to coordinating services for homeless students and foster youth. The coordinator will ensure that students and families have access to tangible resources from local organizations and nonprofits that can support them outside the classroom as well, such as Familias Unidas, Clinica de la Raza, Native American Health Center, Unity Council, Catholic Charities of the East Bay. Lastly, the after-school program provides students with a safe place to continue to learn, grow, and socialize after the school day has completed.<br><br>These actions are being provided on an LEA- wide basis because even if a student is not currently homeless or in foster care, they may be at risk of either of these and their families may benefit from the efforts of the Community Outreach Coordinator and some of the provided supplies and materials. Therefore, while this action is designed to principally serve the needs of these students, it may benefit other students as well, including SED students and English learners. | We will monitor progress in increasing the average daily attendance rates for homeless and foster youth. Feedback from students and families will shape the work of the Community Outreach Coordinator.<br><br>Metric 2: Parents will be provided regular opportunities to participate in school site decision-making. ## *Limited Actions*

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Feedback from parents of English learners, and our English learner students, indicate that English fluency and academic success remain a top priority. ## Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The additional concentration grant add-on funding identified above will be used to directly hire and pay for several key positions within the LEA that support the needs of foster youth, English learners, and low-income students. First, the funds will be used to provide after school tutors to improve student academic outcomes (Goal 1, Action 1.2). Secondly, the funds will be used to hire and retain a full-time paraprofessional who is dedicated to supporting English learners and long-term English learners (Goal 1, Actions 1.6 and 1.7).

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.*

# Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## *Purpose*

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

# Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

*EC* Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

**Reflections: Technical Assistance**

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

**Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

# Engaging Educational Partners

## *Purpose*

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

# Requirements

## *Requirements*

**School districts and COEs:** *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

Powered by BoardOnTrack

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

Powered by BoardOnTrack

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics

  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

# Goals and Actions

## *Purpose*

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

## *Requirements and Instructions*

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

**Requirement to Address the LCFF State Priorities**

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

## Focus Goal(s)

### Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

### Type of Goal

Identify the type of goal being implemented as a Focus Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

## Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

## Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

## Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.

- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.

- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.

    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:

    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or

    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.

    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

Powered by BoardOnTrack

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

## Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

## Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

## Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

## Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

## Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth***: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

### For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

### For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

### For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

### For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

# Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

## *Purpose*

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

### LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

## *Requirements and Instructions*

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

***Required Descriptions:***

**LEA-wide and Schoolwide Actions**

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools**: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

## Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

# Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## *Total Planned Expenditures Table*

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## *Calculations in the Action Tables*

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

## LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

**Related Material:** 2026-27_JHHS_LCAP_Board_2026.06.11.pdf

BACKGROUND:

The Local Control and Accountability Plan (LCAP) is a three-year planning document required by the State of California that outlines the school's goals, actions, services, and expenditures designed to improve student outcomes and address state and local priorities. The LCAP is updated annually and developed through a process that includes stakeholder engagement with families, students, staff, and community members.

The 2026–2027 LCAP reflects stakeholder input, analysis of student performance data, and alignment with the school's mission, strategic priorities, and budget.

RECOMMENDATION:

Staff recommends that the Board of Directors review and approve the 2026–2027 Local Control and Accountability Plan (LCAP) as presented.

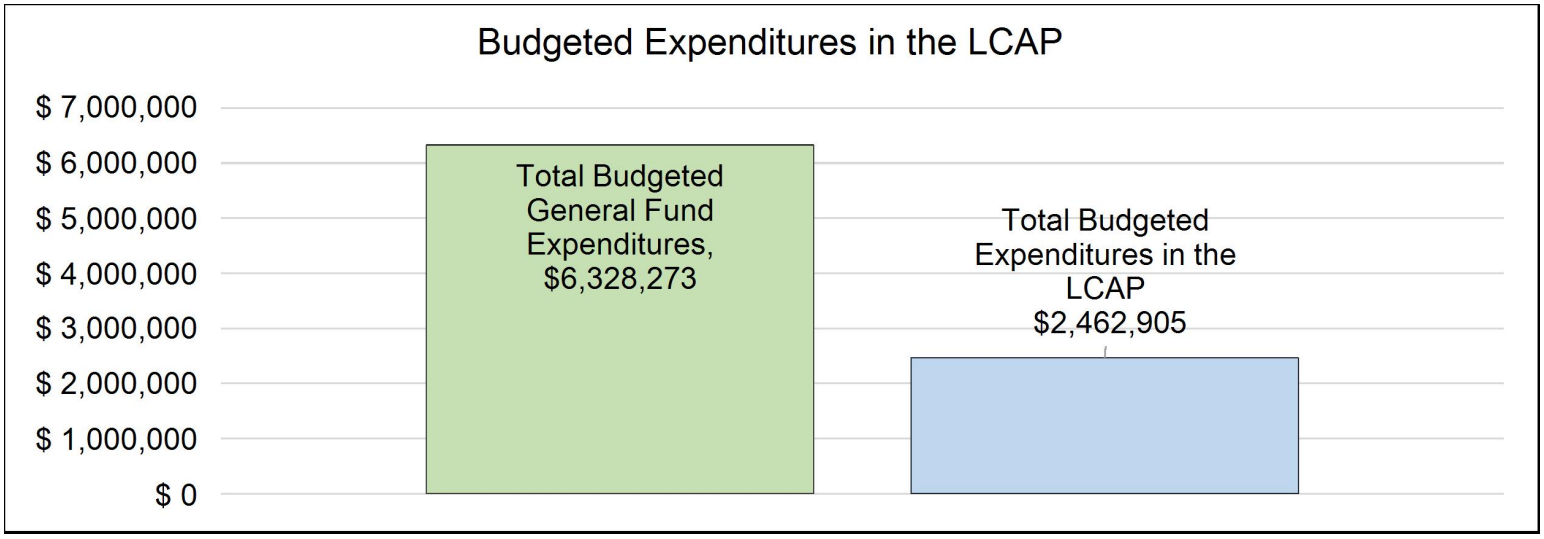
School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2026-27 School Year



This chart shows the total general purpose revenue John Henry High School expects to receive in the coming year from all sources.

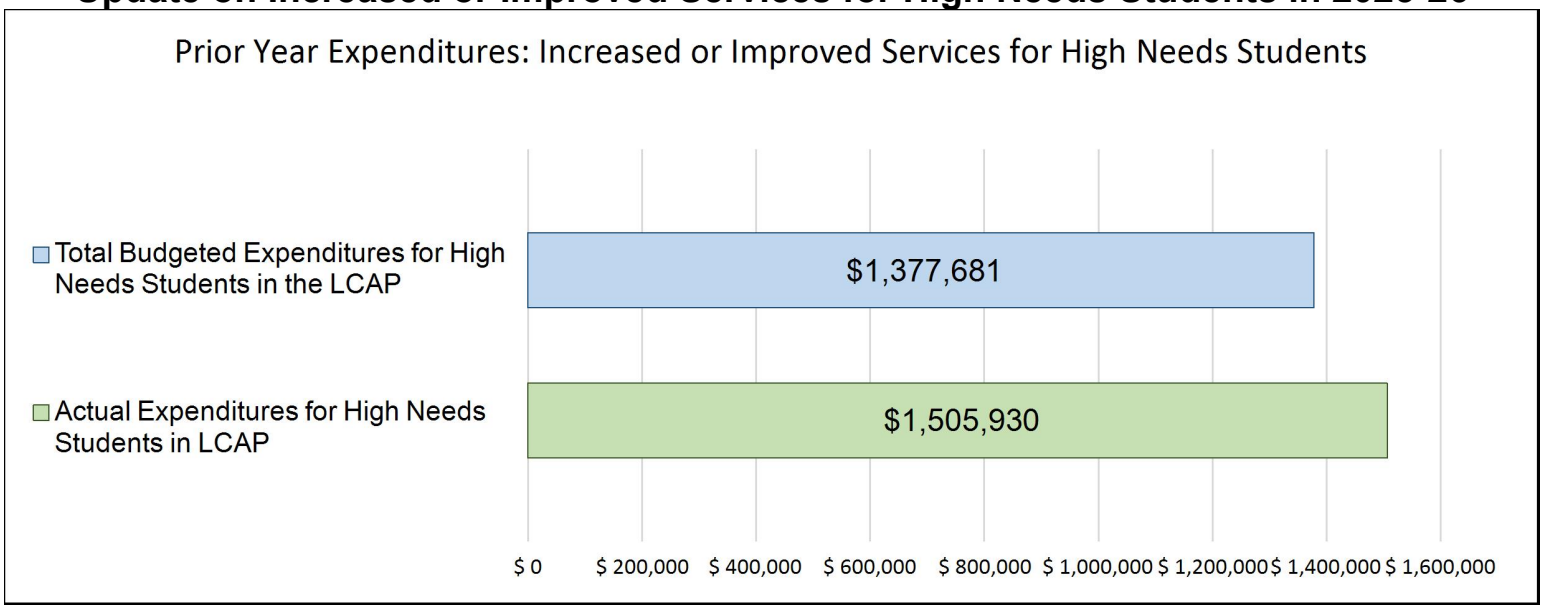
The text description for the above chart is as follows: The total revenue projected for John Henry High School is $6,433,834, of which $4871202 is Local Control Funding Formula (LCFF), $1189587 is other state funds, $101752 is local funds, and $271293 is federal funds. Of the $4871202 in LCFF Funds, $1079469 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much John Henry High School plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: John Henry High School plans to spend $6328273 for the 2026-27 school year. Of that amount, $2462905.08 is tied to actions/services in the LCAP and $3,865,367.92 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:



Expenditures reflected in the budget but not explicitly detailed in the LCAP represent other educational, operational and administrative costs necessary to support the overall functioning of the school.

## Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, John Henry High School is projecting it will receive $1079469 based on the enrollment of foster youth, English learner, and low-income students. John Henry High School must describe how it intends to increase or improve services for high needs students in the LCAP.  John Henry High School plans to spend $1437928.56 towards meeting this requirement, as described in the LCAP.

# Plan Summary [2026-27]

## General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

At John Henry High School (JHHS), we are committed to our students' academic success and developing a strong community of learners. JHHS is one of six schools under the Amethod Public Schools (AMPS) charter management organization. AMPS is a 501 (c)(3) nonprofit organization that was founded in Oakland with the intent to create charter schools that reduce the academic achievement disparity that exists among the different student subgroups. The organization’s flagship school, Oakland Charter Academy, founded in 1993, is the oldest charter school in the City of Oakland, and the 14th school chartered in the state of California. For thirty years, AMPS has been serving thousands of Bay Area families through a small-scale school model focused on equipping students with the skills of diligence and personal responsibility. AMPS demonstrates through strong academic results that any child can be successful if they receive a high-quality, personalized education. Established in 2014, JHHS is located in the beautiful Marina Bay area of Richmond, CA and serves 330 9 - 12 students in the 2023-24 school year.

At JHHS, we believe all students can succeed in a rigorous college-prep environment when provided with effective educators, personalized attention, and a disciplined commitment to academics. We use research-based teaching methodologies that emphasize the fundamentals; enhanced by technology, problem solving, cooperative learning, and critical thinking skills. Our academic program instills rigours and lifeling love of learning that carries our students throughout college career and beyond. JHHS offers students a wide range of extended learning opportunities. We also offer daily after-school activities including music and our homework club.

JHHS supports student excellence through our Multi-Tiered System of Supports (MTSS), which ensures that students are met at their current level and provided with the personalized academic, behavioral, health, and other supports they need. JHHS has a network of paraprofessional educators and tutors who offer individualized academic support and keep in touch with families to provide regular support, encouragement, and feedback. Student progress is measured continually, with grade-level meetings held monthly to share best practices, discuss possible intervention methods, and create action plans for teachers and students. Families are an integral part of our school and throughout the year we invite them to events including school college faires, college appiation, prom, spirit week and robust sports program

# Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

In analyzing John Henry High School's data from the past year, including both California Dashboard indicators and local measures, the school identified several areas of progress as well as persistent challenges that continue to require focused attention. While standardized testing results remained below the school's long-term goals and expectations, the leadership team used these outcomes as an opportunity to strengthen instructional systems and improve student supports. While the school did not see the gain for English learner reclassification, it signaled the need for more targeted language development supports and instructional alignment across content areas as a focus for the coming school years. As a result, the administration team conducted a comprehensive review of instructional practices and curriculum resources and determined that portions of the previously used curriculum were outdated and not fully aligned to current California standards and instructional expectations.
In response, John Henry High School implemented updated standards-aligned curriculum across core content areas and introduced more rigorous, evidence-based instructional materials that include embedded diagnostics, formative assessments, and progress-monitoring tools. These updated curricular resources allow teachers to more effectively assess student understanding, monitor growth, and adjust instruction based on student needs. In addition, the school launched a strengthened instructional coaching model designed to improve classroom practice and teacher development. Through regular coaching cycles, classroom observations, feedback conversations, co-planning, and professional learning opportunities, teachers receive ongoing support in standards-based instruction, lesson implementation, student engagement strategies, and data-driven instructional practices.

The school also prioritized the development of a more robust and structured COST (Coordination of Services Team) system to better support students academically, behaviorally, and socially-emotionally. JHHS established clearer intervention structures and protocols, including consistent meeting agendas, student data review processes, benchmark tracking systems, and action planning aligned to student outcomes. The enhanced COST process has strengthened collaboration among teachers, counselors, intervention staff, and administrators to ensure students receive timely and targeted supports. Additionally, the school increased its focus on benchmark assessments and routine data analysis cycles to monitor progress toward academic goals and identify students needing intervention earlier.

In addition to academic growth efforts, the school maintained several positive outcomes related to school climate and operations. JHHS continued to meet its goals for maintaining a low expulsion rate, ensuring access to standards-aligned instructional materials, and sustaining a safe, clean, and welcoming learning environment for students and staff. Although the school did not fully meet its attendance goal, attendance rates have steadily improved year over year, and the school remains on track to meet its long-term attendance targets during the next LCAP cycle. Similarly, while the school did not meet its ambitious suspension goal of 1% or lower, suspension rates remained relatively

low overall and continued trending downward as restorative practices, relationship-building strategies, and proactive behavioral interventions became more consistent schoolwide.

Through the implementation of updated curriculum, a strengthened instructional coaching model, enhanced data systems, and a more strategic COST intervention process, John Henry High School is building stronger instructional foundations and support structures to accelerate student achievement and improve outcomes for all student groups.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

This LCAP was developed in collaboration with our entire school community and was influenced in numerous ways, from the development of our three goals to the actions and expenditures dedicated to achieving each goal. More specifically, the actions in the LCAP were influenced based upon the below specific feedback from educational partners:
Teachers have expressed the desire to receive professional development for the proper process of instruction when teaching iReady Math lessons. Another request has been made for a Professional Development in the area of Classroom Management. The administration team provided the aforementioned requests and plans to increase consultant services and expenditures to offer more development opportunities next year.
Families provided feedback on issues ranging from academics to behavior. iReady was implemented to aid in filling in any academic gaps students had. We've established a PBIS system as positive reinforcement to good behavior. More teachers were requested and we hired or brought in long-term substitutes for classroom vacancies. All of this feedback from our teachers, staff, and parents was incorporated into Actions 1.4, 3.2, and 3.4.
Sports have been an expressed interest of students. We do have teachers who are willing to help with sports; the plan is to collaborate with the Internal Compliance office to properly implement future sporting programs. Students have also expressed interest in more fun activities at

school. Admin have implemented club day once a month. Field trips have also been brought up and every grade level coordinator has taken the task to plan field trips for their grade band, prior to the end of the year. This feedback was incorporated into Actions 3.1 and 3.2. Finally, the administration team desires to hire a CTE teacher to create an engaging environment for students, thus advancing the school towards becoming a STEM school. The plan is to purchase STEM equipment to include virtual reality, green screen, digital printing, Kinetic Sand Box, (augmented virtual reality), and other items including SEL digital technology with classroom lessons aligned with standards. We plan to have a big end-of-year carnival, as well as simple events to foster parent/student relationships like muffins with moms, donuts with dad, and others activities described in Action 3.2.

# Goals and Actions

## Goal

| Goal # | Description | Type of Goal |
|---|---|---|
| 1 | Provide an academically rigorous, Common Core-aligned college preparatory program with support and interventions for students' academic development. | Broad Goal |

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Our school's mission is to provide a rigorous college preparatory education and character development program that will prepa re students from underserved communities to succeed in college and beyond. We believe all students can learn and achieve at high levels and adopt a data-driven culture to turn the focus from "what was taught" to "what was learned." Student achievement and progress monitoring are both at the core of this principle, which is why our first goal encompasses so many metrics in order to better understand overall student outcomes. Secondly, we know that breakthrough achievement happens in schools where every student is purposefully engaged in standards-aligned content, every day. Therefore, teaching at our school is purposeful, engaging, and differentiated for all learners. Professional development for our instructional team is focused on standards-based instruction as well as classroom management, student engagement, and multi¬tiered systems of targeted support for learners.

Goal 1 of our LCAP is a broad goal directed at promoting student achievement and postsecondary success in alignment with our school's mission and key state priorities. The priorities being addressed under this goal include provision of basic services, implementation of state academic standards, pupil achievement, access to a broad course of study, and outcomes in a broad course of study. It was developed in collaboration with our educational partners to ensure that the school is focused on students' academic preparedness. We will achieve this goal by implementing a rigorous academic program that is bolstered by high-quality professional development for teachers and differentiated supports for students. The metrics and actions outlined below ensure that we are providing a strong academic program with an emphasis on college preparation, in addition to the state priorities.

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Our planned actions and implementation of this goal were grounded in our mission to prepare every student for college, career, and life. These priorities focused on delivering a rigorous, standards-aligned curriculum, ensuring access to a well-rounded education, providing professional development for instructional staff, and offering differentiated academic support.

Planned: Provide targeted, ongoing professional learning focused on rigor, differentiation, and instructional strategies aligned with academic standards. Implement tiered interventions and expanded supports, including academic tutoring, English learner support, Spec Ed. modifications, and paraprofessional support for targeted student populations. Continue to maintain above-average graduation rates and strengthen support for AP exam participation and success. Ensure all staff have access to standards-aligned instructional materials, and all English learners have access to designated ELD instruction.

Implemented: All classrooms implemented instructional materials aligned with state standards, including the introduction of ELD curriculum to better support English learners. Monthly professional development sessions focused on evidence-based instructional strategies aligned with California academic standards and effective classroom practices. Designated ELD blocks were implemented for all EL students, with ongoing progress monitoring using ELPAC data and formative assessments to guide instruction and support student growth. One full-time Instructional Assistant was assigned to provide push-in support in high-need classrooms and targeted student groups, strengthening small-group instruction and individualized support. Staff also participated in annual Summit professional development and received targeted training on new curriculum implementation. The school maintained an above-average graduation rate, reflecting continued success in supporting students toward postsecondary readiness and completion.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Internal assessment data showed overall student performance remained steady in math, with neither significant growth nor decline. This stability reflects the school's continued focus on improving instructional coaching systems and strengthening daily Tier 1 instruction across classrooms. While earlier staffing presented challenges, this year's consistent results indicate that efforts to refine instructional practices and increase coherence in teaching have helped maintain student performance levels. The school's emphasis on data-driven instruction, ongoing coaching, and improved Tier 1 delivery contributed to sustaining outcomes during a period of instructional improvement and systems strengthening.

Build our CTE program with in house courses as well as community college We will work to create a master schedule allowing for dual-enrolled coursework, and based on decreased English learner reclassification, work to identify appropriate intervention curricula for students with identified needs to supplement the core materials.

# Goals and Actions

## Goal

| Goal # | Description | Type of Goal |
|---|---|---|
| 2 | Create an engaged parent community that is fully engaged in and actively connected to the school community. | Maintenance of Progress Goal |

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)

An explanation of why the LEA has developed this goal.

One of our greatest assets, and true agents of change, are the families and community members who support us. We are their public school system and we rely on them as our educated and nimble allies. We know that our families are prepared and motivated to rise to any occasion, and this goal is aimed at ensuring this foundational value is centered in our work. Parent engagement and communication are both at the core of this goal in the LCAP.

Parent engagement at our school is founded in knowing that parents are our collaborators when it comes to student learning. This means that we find ways to educate, empower, and involve parents in their child's education. Parent engagement and communication efforts are focused on building strong, positive relationships between school staff and families. We work to ensure that every parent knows what is happening with their student, both academically and non-academically. We host frequent community nights and school events that build community and infuse fun and connection into our school culture.

Goal 2 is a maintenance goal directed at upholding our standards for a strong parent community. The priorities being addressed under this goal include parent engagement and school climate. It was developed in collaboration with our educational partners to ensure that we continue our work regarding strong parent engagement. We will achieve this goal by implementing frequent family events and activities that are bolstered by parent involvement in school planning and decision-making. The metrics and actions outlined below ensure that we are building a strong parent community with an emphasis on connection and partnership.

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

All of our parent engagement and communication efforts focus on building strong, positive relationships between school staff and families. We strive to ensure that every parent is informed about their child's academic progress and overall well-being. To foster a sense of

community, we host frequent family events and school activities that celebrate our school culture while promoting connection and engagement. These efforts are designed to strengthen the school-home relationship and reflect the diversity and values of our school community.

Planned: Host regular community events and school activities that encourage family participation. Hold three Family Staff Team (FST) meetings and administer a parent information survey to gather feedback and strengthen family voice.

Implemented: Held Family Staff Team (FST) using network bylaws and policies to ensure meaningful opportunities for parents to participate in school planning and decision-making, including LCAP, college electives, and culture events. A small group of representatives actively attended meetings and provided valuable feedback on the LCAP, school budget, and schoolwide events and initiatives. Two-way communication between school staff and families was strengthened through consistent use of the ParentSquare platform, along with multi-modal communication including newsletters, text messages, apps, and in-person updates provided in home languages to ensure accessibility. The YouthTruth survey was also administered to gather additional student and family feedback on school experience and engagement.

Attendance data and parent feedback indicate that these meetings and engagement opportunities were well-attended and that families consistently participated in FST meetings and school events. This reflects strong interest and involvement from families in schoolwide decision-making and community-building efforts.
YouthTruth survey data indicate that there is still work to be done in improving satisfaction with overall school operations. While engagement levels are strong, this feedback suggests a need to further strengthen communication, responsiveness, and clarity around school processes to better align family perceptions with the school's efforts and intentions.

State Priorities addressed by this goal.

Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

We believe that a strong school culture is accomplished by having our network of teachers, scholars, and school leaders adhere to our foundational practices with consistency. Effective school leaders and faculty transform vision and values into meticulously built systems that operate in every single classroom and hallway. These core values and daily practices create a strong, supportive school community.

Our school culture is grounded in students feeling a strong sense of belonging at the school, as well as having a cohesive school environment that is safe and supportive. Student engagement and school culture efforts are focused on providing fun and creative opportunities for connection, exploration, and wellness. We partner with community organizations as much as possible to provide these opportunities to our students and families and create a culture of celebration by honoring students and their accomplishments throughout the year. We also center social justice in our work together and provide teachers with continuous learning to build their equity practices and cultural fluency.

Goal 3 is a broad goal focused on creating and maintaining this safe, inclusive, supportive school environment. The priorities being addressed under this goal include pupil engagement and school climate. It was developed in collaboration with our educational partners to ensure that we continue to prioritize student engagement and the culture of our school community. We will achieve this goal by implementing frequent school culture activities and positive behavioral intervention systems and social-emotional learning. The metrics and actions outlined below ensure that we are building a supportive school community fully invested in academic and non-academic outcomes.

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Our goal is to create and maintain a safe, inclusive, and supportive school environment that fosters a strong sense of belonging and engagement for all students. We are committed to supporting students' academic success alongside their social-emotional well-being through intentional school culture-building practices and coordinated systems of support. A positive school climate remains a central driver of student engagement, attendance, and overall achievement, and we continue to refine practices that strengthen both student voice and connection to the school community.

Planned: Expand Positive Behavioral Interventions and Supports (PBIS) schoolwide to promote a consistent, positive behavioral culture and reduce disciplinary incidents. Implement regular schoolwide culture-building activities, including spirit days, student assemblies, recognition programs, and celebrations of student success, in order to strengthen belonging and honor student diversity. In addition, systematically analyze engagement and climate data—such as attendance, discipline, and survey results—on an ongoing basis to identify trends, respond to student needs, and continuously improve schoolwide practices and supports.

Implemented: The school implemented YouthTruth surveys to gather student perspectives on school climate and belonging. Results showed an increase in students reporting a stronger sense of connection to school, which is further supported by improvements reflected in chronic absenteeism data, indicating stronger student engagement and attendance patterns. A Tier 1 PBIS system was fully rolled out, establishing clear, schoolwide behavioral expectations and consistent reinforcement systems. In addition, restorative and progressive discipline procedures were implemented through a structured behavior matrix, supporting more consistent and relationship-centered responses to student behavior. Monthly data reviews, including attendance and discipline data, were embedded into leadership and site team meetings to ensure ongoing monitoring and timely response to emerging trends. School culture was further strengthened through ongoing student recognition programs and cultural celebrations. These included monthly assemblies and announcements that highlighted student achievements as well as culturally responsive events such as Hispanic Heritage Month celebrations, Black History Month showcases, and an International Night, all of which contributed to a more inclusive and connected school community.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Overall, schoolwide systems and culture-building efforts continue to demonstrate positive impact, particularly in student engagement, attendance patterns, and participation in school community activities. Increased implementation of PBIS systems, restorative practices, and schoolwide celebrations has contributed to a stronger sense of belonging and a more inclusive school environment. These indicators reflect growing student connection to the school and consistent participation in supportive school structures. Student perception data also shows an increase in students reporting that they feel safe at school. This improvement is likely connected to a decrease in high-impact incidents (such as fights or safety-related disruptions), which has contributed to a more stable and secure school environment. With fewer significant incidents disrupting the school day, students are experiencing greater consistency and predictability in their learning environment, which supports a stronger overall sense of safety and well-being. These outcomes suggest that the school's investments in proactive behavior systems, restorative practices, and coordinated student supports are contributing to both improved school climate and increased student feelings of safety.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Continue strengthening Tier 1 PBIS implementation with a focus on consistency across all classrooms and settings, ensuring that expectations are explicitly taught, reinforced, and monitored. Deepen staff training in restorative practices to further reduce the likelihood of

escalation and to support consistent, relationship-centered responses to student behavior. In addition, continue analyzing discipline and incident data in real time to identify patterns early and proactively address emerging concerns. The school should also expand proactive supervision structures and student relationship-building practices during high-risk transition times (e.g., passing periods, lunch, arrival/dismissal) to further reduce high-impact incidents and sustain improvements in student safety and school climate.

### *LEA-wide and Schoolwide Actions*

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

| **1.7** | **Action:**<br>Additional Supports for Long-term English Learners<br><br>**Need:**<br>Language barriers make academic assessments such as CAASPP extremely challenging for our English learners. As a result, they perform worse on these assessments in both ELA and math (7.1% and 10.6% proficient, respectively) compared to the overall average for students (21.7% in ELA and 21.4% in math). Feedback from parents of English learners, and our English learner students, indicate that English fluency and academic success remain a top priority. Our teachers have expressed a need for additional professional development that prepares them to effectively teach and support English learners in their classrooms.<br><br>**Scope:** | To target students' language fluency, we will utilize evidence-based ELD courses which meet the needs of multilingual learners at all proficiency levels—from newcomers to long¬term English learners—as the core curriculum for all ELD classes. We will also utilize intervention programs such as Lexia English to target specific skills and accelerate English proficiency.<br><br>These actions will also address teachers' need for additional, targeted trainings in the use of effective instructional strategies for these students by providing additional professional development time in this area. In addition, the school's ELD Specialist will work with teachers to co-plan lessons, conduct classroom observations, and provide one-on-one coaching to improve EL supports. We will hire and retain a full-time paraprofessional to work with ELs on academic success and reclassification. | We will analyze ELPI results annually and will use internal progress monitoring tools to assess each long-term English learner's progress towards reclassification during the school year. We will meet with families to discuss their student's progress towards reclassification and their input will inform the school's programs and supports for English learners and long-term English learners.<br><br>Metric 1 i: Increase percent of EL students growing at least one ELPI level/maintaining the highest ELPI level or meet the state average for baseline year. |

| **1.9** | **Action:**<br>Supports for Homeless and/or Foster Youth<br><br>**Need:**<br>Although the number of foster youth and homeless students at our school is too small to be statistically significant on the California Schools Dashboard, data on these students nation-wide, as well as in the Bay Area, demonstrates there is a clear need for tangible supports such as resources, materials, and services that provide direct aid to students and their families. Foster youth and students experiencing homelessness are at a greater risk of "slipping through the cracks" compared to their peers. According to a California-based research study, the odds of homelessness for older youth were 44% lower for those who reported that they had "enough" people to turn to for tangible support. This includes those who can provide direct resources and/or practical assistance. Through outreach with students and families at our school, we have learned that there is need for additional communication and coordination between the school and some of our highest need families, including families of homeless students and foster youth. There is also a need for strong communication from a Spanish-language speaker as many of our families speak Spanish in their homes. | The bilingual role of Community Outreach Coordinator will promote strong connection and communication with all families, in addition to coordinating services for homeless students and foster youth. The coordinator will ensure that students and families have access to tangible resources from local organizations and nonprofits that can support them outside the classroom as well, such as Familias Unidas, Clinica de la Raza, Native American Health Center, Unity Council, Catholic Charities of the East Bay. Lastly, the after-school program provides students with a safe place to continue to learn, grow, and socialize after the school day has completed.<br><br>These actions are being provided on an LEA- wide basis because even if a student is not currently homeless or in foster care, they may be at risk of either of these and their families may benefit from the efforts of the Community Outreach Coordinator and some of the provided supplies and materials. Therefore, while this action is designed to principally serve the needs of these students, it may benefit other students as well, including SED students and English learners. | We will monitor progress in increasing the average daily attendance rates for homeless and foster youth. Feedback from students and families will shape the work of the Community Outreach Coordinator.<br><br>Metric 2: Parents will be provided regular opportunities to participate in school site decision-making. Metric 3a: Attain 90% or greater Average Daily Attendance for all subgroups. |

Many of our families are low-income and face additional challenges in regard to mental and physical health, and in knowing the process for getting their student to college. | **3.5** | **Action:**<br>Supports for Graduation<br><br>**Need:**<br>Survey data and other local data has indicated a strong need from our parents and students to offer robust non- academic offerings to enrich students' education experience, provide opportunities to learn and growoutside the classroom, and make school a more fun and engaging experience overall. Feedback from our parents and students indicated a need for extracurriculars such as arts, athletics, clubs, field trips, and non-academic content learning (such as stress management, typing, and study skills). Like many schools across the nation since the pandemic, our attendance and chronic absenteeism data (available in the metric data under Goal 3) demonstrate that these are two areas of need. Qualitative data from the 2023- 24 survey provided some of the examples described above, and other survey data indicated that 79.0% of students indicated they "really feel like a part of my school's community."<br><br>**Scope:**<br>LEA-wide | As a result of our community partners' feedback, we will solicit detailed and ongoing feedback via survey to better identify which specific activities are of interest to the current student body. We will provide workshops for students on social skills, academic skills, and stress management, as well as workshops for students to explore interests that lead a healthy life, such as: Mindfulness, Yoga, Karate, sports, arts, clubs, and more. We will establish partnerships with a variety of community organizations and programs to provide resources for families and students, especially our most marginalized subgroups. We will host an annual event in partnership with community organizations, such as a community resource fair, park clean-up day, and/or civic engagement opportunities. On an ongoing basis throughout the school year, we will assess student attendance data and evaluate the progress of any student subgroups with a red dashboard indicator for chronic absenteeism. We will provide training and support resources for the School Attendance ReviewTeam to reduce chronic absenteeism.<br><br>These actions are being provided on an LEA- wide basis because all of our students and families contribute to the school culture and benefit from a close community and engaging learning experience. Many of our students struggle with absenteeism and can benefit from the interventions to support engagement and attendance. | Throughout the school year we will assess student attendance data and chronic absenteeism, as well have conversations with our students and families about the progress of this work via FSTmeetings and other parent/student engagement activities. Once per year we will analyze the survey results. Feedback from families and students will shape the implementation of the program, including specific workshop topics and field trip locations.<br><br>Metric 3a: 90% or greater Average Daily Attendance.<br><br>Metric 3b: Decrease student chronic absenteeism rate or meet the overall state average for baseline year.<br><br>Metric 3h: Increase the percent of students responding "agree" or "strongly agree" to "I really feel like a part of my school's community." |

## *Limited Actions*

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

|---|---|---|---|
| **1.6** | **Action:**<br>Supports for English Learners<br><br>**Need:**<br>Language barriers make academic assessments such as CAASPP extremely challenging for our English learners. As a result, they perform worse on these assessments in both ELA and math (7.1% and 10.6% proficient, respectively) compared to the overall average for students (21.7% in ELA and 21.4% in math). Feedback from parents of English learners, and our English learner students, indicate that English fluency and academic success remain a top priority. Our teachers have expressed a need for additional professional development that prepares them to effectively teach and support English learners in their classrooms.<br><br>**Scope:**<br>Limited to Unduplicated Student Group(s) | To target students' language fluency, we will utilize evidence-based ELD courses which meet the needs of multilingual learners at all proficiency levels—from newcomers to long-term English learners—as the core curriculum for all ELD classes. We will also utilize intervention programs such as Lexia English to target specific skills and accelerate English proficiency.<br><br>These actions will also address teachers' need for additional, targeted trainings in the use of effective instructional strategies for these students by providing additional professional development time in this area. In addition, the school's ELD Specialist will work with teachers to co-plan lessons, conduct classroom observations, and provide one-on-one coaching to improve EL supports. We will hire and retain a full-time paraprofessional to work with ELs on academic success and reclassification. | We will analyze ELPI results annually and will use internal progress monitoring tools to assess each long-term English learner's progress towards reclassification during the school year. We will meet with families to discuss their student's progress towards reclassification and their input will inform the school's programs and supports for English learners and long-term English learners.<br><br>Metric 1 i: Increase percent of EL students growing at least one ELPI level/maintaining the highest ELPI level or meet the state average for baseline year.<br><br>Metric 1L: Provide at least one paraprofessional to work with English learners. |

## Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The additional concentration grant add-on funding identified above will be used to directly hire and pay for several key positions within the LEA that support the needs of foster youth, English learners, and low-income students. First, the funds will be used to provide after school tutors to improve student academic outcomes (Goal 1, Action 1.2). Secondly, the funds will be used to hire and retain a full-time paraprofessional who is dedicated to supporting English learners and long-term English learners (Goal 1, Actions 1.6 and 1.7).

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.*

# Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## *Purpose*

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

# Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

*EC* Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

**Reflections: Technical Assistance**

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

**Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

# Engaging Educational Partners

## *Purpose*

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

# Requirements

## *Requirements*

**School districts and COEs:** *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

Powered by BoardOnTrack

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

Powered by BoardOnTrack

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## *Instructions*

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics

  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

# Goals and Actions

## *Purpose*

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

## *Requirements and Instructions*

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

**Requirement to Address the LCFF State Priorities**

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

## Focus Goal(s)

### Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

### Type of Goal

Identify the type of goal being implemented as a Focus Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

## Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

## Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

## Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

## Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

## Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

## Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

## Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

## Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth***: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

### For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

### For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

### For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

### For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Powered by BoardOnTrack

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

# Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

## *Purpose*

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

### LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

## *Requirements and Instructions*

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

***Required Descriptions:***

**LEA-wide and Schoolwide Actions**

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools**: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

## Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

# Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## *Total Planned Expenditures Table*

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

Powered by BoardOnTrack

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## *Contributing Actions Table*

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## *Annual Update Table*

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

## *Contributing Actions Annual Update Table*

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## *LCFF Carryover Table*

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## *Calculations in the Action Tables*

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

BACKGROUND:

The Local Control and Accountability Plan (LCAP) is a three-year planning document required by the State of California that outlines the school's goals, actions, services, and expenditures designed to improve student outcomes and address state and local priorities. The LCAP is updated annually and developed through a process that includes stakeholder engagement with families, students, staff, and community members.

The 2026–2027 LCAP reflects stakeholder input, analysis of student performance data, and alignment with the school's mission, strategic priorities, and budget.

RECOMMENDATION:

Staff recommends that the Board of Directors review and approve the 2026–2027 Local Control and Accountability Plan (LCAP) as presented.

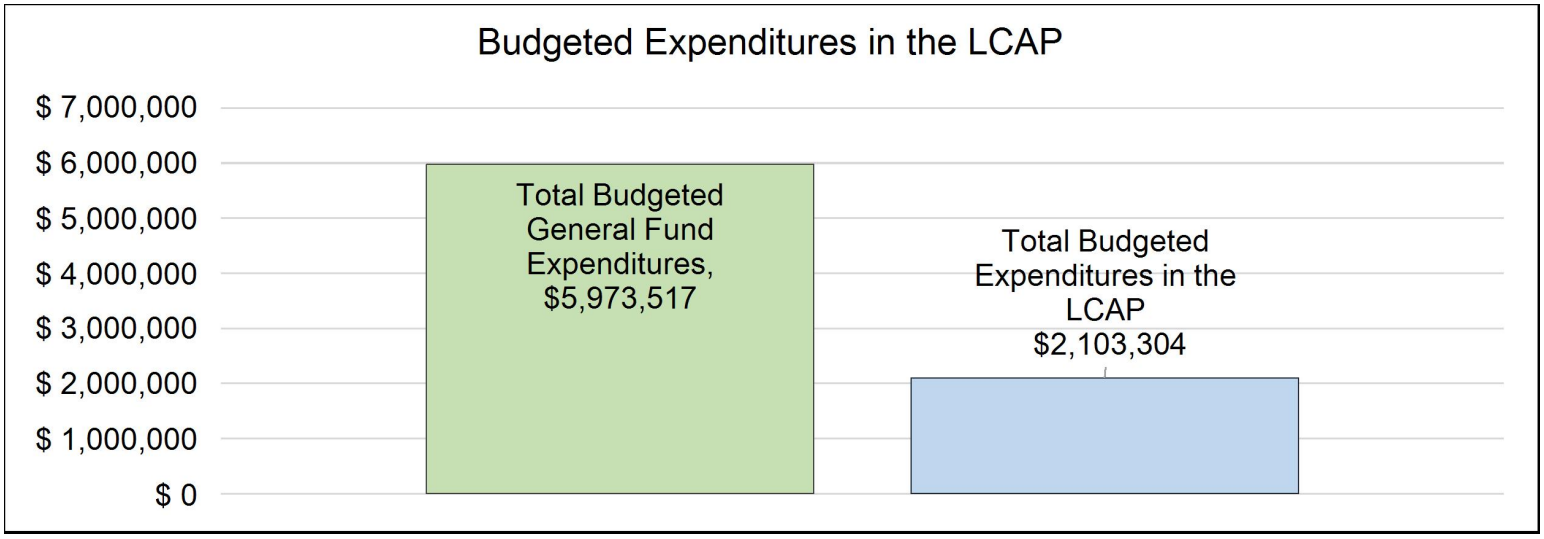
School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2026-27 School Year



This chart shows the total general purpose revenue Richmond Charter Academy expects to receive in the coming year from all sources.

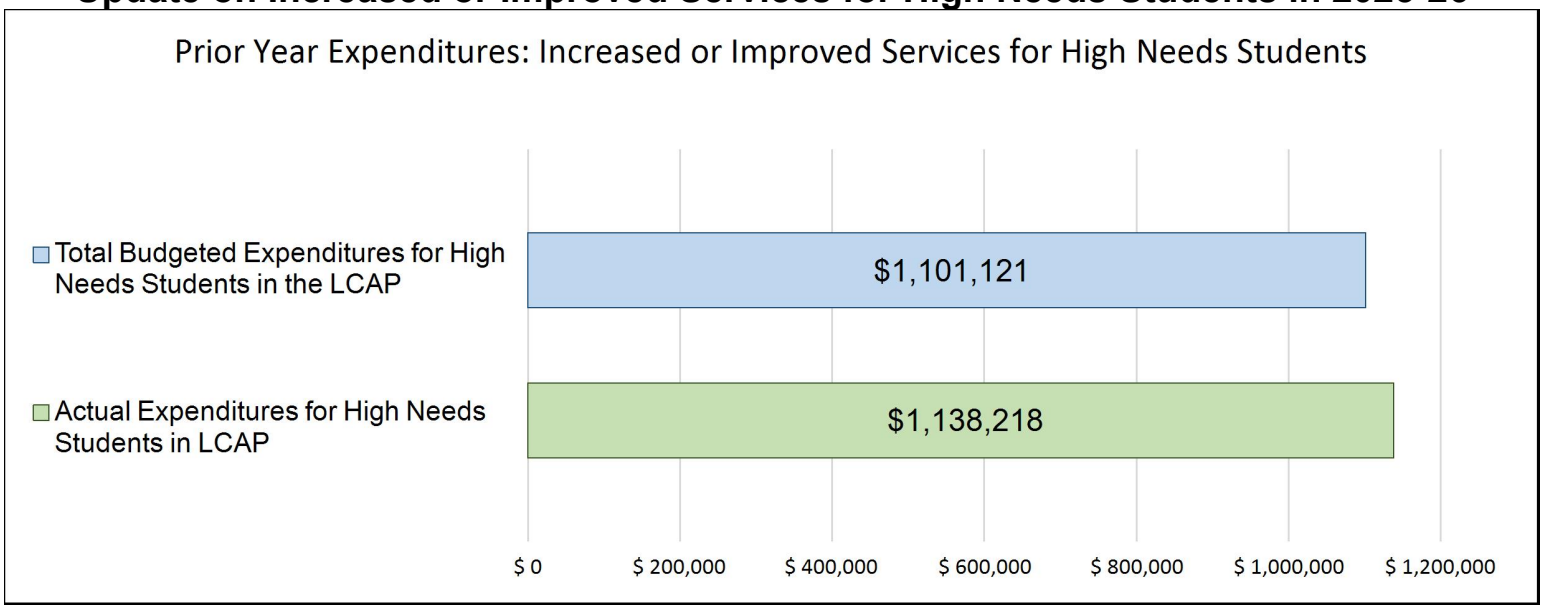
The text description for the above chart is as follows: The total revenue projected for Richmond Charter Academy is $6,019,735, of which $4214844 is Local Control Funding Formula (LCFF), $1433420 is other state funds, $90329 is local funds, and $281142 is federal funds. Of the $4214844 in LCFF Funds, $917231 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Richmond Charter Academy plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Richmond Charter Academy plans to spend $5973517 for the 2026-27 school year. Of that amount, $2103303.94 is tied to actions/services in the LCAP and $3,870,213.06 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:



Expenditures reflected in the budget but not explicitly detailed in the LCAP represent other educational, operational and administrative costs necessary to support the overall functioning of the school.

## Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Richmond Charter Academy is projecting it will receive $917231 based on the enrollment of foster youth, English learner, and low-income students. Richmond Charter Academy must describe how it intends to increase or improve services for high needs students in the LCAP.  Richmond Charter Academy plans to spend $1237083.13 towards meeting this requirement, as described in the LCAP.

# Plan Summary [2026-27]

## General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

At Richmond Charter Academy (RCA), we are committed to our students' academic success and developing a strong community of learners. RCA is one of six schools under the Amethod Public Schools (AMPS) charter management organization. AMPS is a 501 (c)(3) nonprofit organization that was founded in Oakland with the intent to create charter schools that reduce the academic achievement disparity that exists among the different student subgroups. The organization’s flagship school, Oakland Charter Academy, founded in 1993, is the oldest charter school in the City of Oakland, and the 14th school chartered in the state of California. For thirty years, AMPS has been serving thousands of Bay Area families through a small-scale school model focused on equipping students with the skills of diligence and personal responsibility. AMPS demonstrates through strong academic results that any child can be successful if they receive a high-quality, personalized education. RCA was established in 2012, and is located within the boundaries of West Contra Costa Unified School District (WCCUSD). In its first year of operation, RCA achieved an 812 API, making it the highest performing middle school in the history of WCCUSD, since the inception of the API and Public Schools Accountability Act of 1998. Richmond Charter Academy's mission is to advance students' motivation and belief in academic achievement while in pursuit of a thriving future.

RCA currently serves 324 students in grades 6-8. We believe that every child deserves a world-class education. RCA is open to all students who wish to attend, but seeks to serve families that have an income below the federal poverty line. RCA families take pride in their communities and strive to improve those around them. Education is a top priority for our families as many of our scholars are first generation high school graduates. In the 2022-23 school year, RCA served 84.3% socioeconomically disadvantaged students, 34.3% English learners, and 9.6% students with disabilities. Almost all students identify as students of color, including 92.0% that identify as Hispanic/Latino, and 4.0% as African-American/Black.

At RCA, we believe all students can succeed in a rigorous college-prep environment when provided with effective educators, personalized attention, and a disciplined commitment to academics. We believe in fostering a culture of hard work and preparing our students in a manner that will help them excel in life and attend the college of their dreams. RCA's academic schedule contains built in time for differentiated support and social and emotional development. We provide access to mental health services, mindfulness, and social support systems for faculty, students and families. We also offer students a wide range of extended learning opportunities. RCA is a proud partner of The John Hopkins University Center for Talented Youth that gives students the opportunity to participate in college-level summer programs and online courses. Additionally, through our ASES program students have daily access to activities including homework help, tutoring, music, art, chess, basketball and self-defense.

Families are an integral part of our school and throughout the year we invite them to events including school game nights, book fairs, food drives, festivals, sports events, student conferences, volunteer days and more. Parent University Nights, Coffee Chats are conducted to ensure students and families receive the information and support necessary to support being successful. After each quarter, homeroom teachers conference with families about their students' grades and how they can continue to grow in the classroom. Families and students receive yard signs, medals, and awards that remind them of their potential and amazing capabilities.

# Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Richmond Charter Academy (RCA) implemented a series of targeted academic and instructional initiatives focused on accelerating learning and improving outcomes for all students. The school returned to foundational instructional practices, including intentional lesson planning, the development of strong exemplars, use of exit tickets, and weekly data-analysis meetings to monitor student progress and drive instructional decisions. Additionally, teachers and staff participated in ongoing professional development focused on content knowledge, classroom management, differentiated instruction, and the implementation of consistent schoolwide systems and structures. As a result of these efforts, RCA has seen positive trends in internal assessment data, including growth in reading and mathematics achievement through NWEA and i-Ready benchmark assessments.

The most recent California Dashboard data reflects both areas of growth and areas requiring continued focus. RCA met several key goals related to school climate, student engagement, and facilities, while continuing to strengthen systems that support student wellness and belonging. The school attributes these successes to actions outlined in the LCAP, including creating a safe and healthy learning environment, implementing weekly social-emotional learning (SEL) lessons, expanding access to wellness counseling and mental health supports, and increasing parent communication and involvement. RCA also continued strengthening restorative practices and schoolwide behavior systems to support positive student behavior and reduce exclusionary discipline practices. While the school continues to address challenges related to chronic absenteeism and suspension rates, current-year data trends show improvement as interventions and supports have become more consistent and targeted.

The California School Dashboard identified several student groups requiring additional support, including students with disabilities and English learners. In response, RCA conducted a comprehensive analysis of student data and implemented targeted interventions to address the needs of each subgroup.

For students with disabilities, RCA strengthened attendance intervention plans and increased collaboration among families, teachers, support staff, and service providers to address barriers to attendance and engagement. The school expanded differentiated instruction, small-group learning opportunities, accommodations, and individualized behavioral and academic supports to ensure students could access grade-level curriculum in supportive classroom environments. These efforts, combined with restorative practices and proactive counseling supports, have contributed to a reduction in suspension rates during the current school year.

To support English learners, RCA expanded language-development supports through designated and integrated English Language Development (ELD) instruction, culturally responsive teaching practices, and increased collaboration between teachers and families. Staff focused on creating inclusive classroom environments where students feel valued, represented, and supported academically and socially. Additionally, the school implemented proactive behavioral interventions and restorative approaches to address behavioral concerns before they escalate, while building stronger relationships and a greater sense of belonging among students.

RCA also continues to support all students through culturally relevant curriculum materials, bilingual supports, and instructional practices that connect learning to students' lived experiences and backgrounds. The school emphasizes student engagement, confidence-building, collaboration, and family partnerships to strengthen academic achievement in both English language arts and mathematics.

RCA prioritized personalized instruction, targeted small-group interventions, tutoring supports, and expanded after-school learning opportunities. These programs provide additional academic assistance and enrichment while also increasing student engagement and motivation. The school continues to monitor data closely to ensure interventions are aligned to student needs and to measure progress toward improved academic outcomes, attendance, and school climate indicators.

Although RCA continues to face challenges in some Dashboard indicators, the school remains committed to continuous improvement and equitable outcomes for all students. Through ongoing instructional coaching, targeted intervention systems, family partnerships, and expanded social-emotional supports, RCA is building stronger systems that promote academic growth, positive school culture, and long-term student success.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

| SELPA | In spring 2026, the school share the LCAP with our SELPA to collect feedback For details on our program and supports for students with disabilities. |

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

This LCAP was developed in collaboration with our entire school community and was influenced in numerous ways, from the development of our three goals to the actions and expenditures dedicated to achieving each goal. More specifically, the actions in the LCAP were influenced based upon the below specific feedback from educational partners:
Teachers have expressed the desire to receive professional development for the proper process of instruction when teaching iReady Math lessons. Another request has been made for a Professional Development in the area of Classroom Management. The administration team provided the aforementioned requests and plans to increase consultant services and expenditures to offer more development opportunities next year.
Families provided feedback on issues ranging from academics to behavior. iReady was implemented to aid in filling in any academic gaps students had. We've established a PBIS system as positive reinforcement to good behavior. More teachers were requested and we hired or brought in long-term substitutes for classroom vacancies. All of this feedback from our teachers, staff, and parents was incorporated into Actions 1.4, 3.2, and 3.4.
Sports have been an expressed interest of students. We do have teachers who are willing to help with sports; the plan is to collaborate with the Internal Compliance office to properly implement future sporting programs. Students have also expressed interest in more fun activities at

school. Admin have implemented club day once a month. Field trips have also been brought up and every grade level coordinator has taken the task to plan field trips for their grade band, prior to the end of the year. This feedback was incorporated into Actions 3.1 and 3.2. Finally, the administration team desires to hire a CTE teacher to create an engaging environment for students, thus advancing the school towards becoming a STEM school. The plan is to purchase STEM equipment to include virtual reality, green screen, digital printing, Kinetic Sand Box, (augmented virtual reality), and other items including SEL digital technology with classroom lessons aligned with standards. We plan to have a big end-of-year carnival, as well as simple events to foster parent/student relationships like muffins with moms, donuts with dad, and others activities described in Action 3.2.

# Goals and Actions

## Goal

| Goal # | Description | Type of Goal |
|---|---|---|
| 1 | Provide an academically rigorous, Common Core-aligned college preparatory program with support and interventions for students' academic development. | Broad Goal |

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Our school's mission is to provide a rigorous college preparatory education and character development program that will prepa re students from underserved communities to succeed in college and beyond. We believe all students can learn and achieve at high levels and adopt a data-driven culture to turn the focus from "what was taught" to "what was learned." Student achievement and progress monitoring are both at the core of this principle, which is why our first goal encompasses so many metrics in order to better understand overall student outcomes. Secondly, we know that breakthrough achievement happens in schools where every student is purposefully engaged in standards-aligned content, every day. Therefore, teaching at our school is purposeful, engaging, and differentiated for all learners. Professional development for our instructional team is focused on standards-based instruction as well as classroom management, student engagement, and multi¬tiered systems of targeted support for learners.

Goal 1 of our LCAP is a broad goal directed at promoting student achievement and postsecondary success in alignment with our school's mission and key state priorities. The priorities being addressed under this goal include provision of basic services, implementation of state academic standards, pupil achievement, access to a broad course of study, and outcomes in a broad course of study. It was developed in collaboration with our educational partners to ensure that the school is focused on students' academic preparedness. We will achieve this goal by implementing a rigorous academic program that is bolstered by high-quality professional development for teachers and differentiated supports for students. The metrics and actions outlined below ensure that we are providing a strong academic program with an emphasis on college preparation, in addition to the state priorities.

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Our planned actions and implementation of this goal were grounded in our mission to prepare every student for college, career, and life. These priorities focused on delivering a rigorous, standards-aligned curriculum, ensuring access to a well-rounded education, providing professional development for instructional staff, and offering differentiated academic support.

Planned: Provide targeted, ongoing professional learning focused on rigor, differentiation, and instructional strategies aligned to academic standards. Implement tiered interventions and expanded supports, including academic tutoring, English learner support, SPED modifications, and paraprofessional support for classroom and targeted student needs.

Implemented: Strengthened instructional coherence through backward planning and vertically aligned curricula across core subjects. Teachers engaged in a structured backward-planning protocol to develop model student responses demonstrating mastery of standards. Instructional activities were intentionally scaffolded to align with target skills, ensuring clear alignment between standards, instruction, and assessment. Data-driven instruction and intervention practices were implemented, including weekly Friday planning sessions with grade-level teams focused on student performance data and instructional adjustments. Targeted interventions and scaffolds were delivered during designated intervention blocks, with teachers actively monitoring student progress and individualizing supports to ensure growth. Families were also engaged in the data-monitoring process to strengthen alignment and shared understanding of student progress. Classroom walkthroughs and student work samples indicate increased use of higher-order thinking strategies, standards-aligned tasks, and academic discourse across classrooms.

Despite having a limited number of fully credentialed staff, the school effectively leveraged Friday data cycles and dedicated intervention planning time to strengthen alignment between assessment data and instructional supports. These structured collaboration opportunities improved the consistency and precision of intervention planning across grade levels and content areas. As a result of tighter alignment between data analysis and instructional response, the school observed measurable improvements in student performance, including increases in test scores. This demonstrates that consistent use of data-driven practices and collaborative planning time had a positive impact on student academic outcomes, even in the context of staffing constraints.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

The school will strengthen its focus on teacher recruitment and retention efforts to ensure classrooms are staffed with highly qualified educators. In addition, instructional coaching systems will be refined and more intentionally targeted to address remaining instructional gaps. Coaching support will prioritize consistent implementation of standards-aligned instruction, effective use of data, and high-impact teaching strategies in order to further improve student outcomes and build instructional capacity across all grade levels.

| 2 | Create an engaged parent community that is fully engaged in and actively connected to the school community. | Maintenance of Progress Goal |

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)

An explanation of why the LEA has developed this goal.

One of our greatest assets, and true agents of change, are the families and community members who support us. We are their public school system and we rely on them as our educated and nimble allies. We know that our families are prepared and motivated to rise to any occasion, and this goal is aimed at ensuring this foundational value is centered in our work. Parent engagement and communication are both at the core of this goal in the LCAP.

Parent engagement at our school is founded in knowing that parents are our collaborators when it comes to student learning. This means that we find ways to educate, empower, and involve parents in their child's education. Parent engagement and communication efforts are focused on building strong, positive relationships between school staff and families. We work to ensure that every parent knows what is happening with their student, both academically and non-academically. We host frequent community nights and school events that build community and infuse fun and connection into our school culture.

Goal 2 is a maintenance goal directed at upholding our standards for a strong parent community. The priorities being addressed under this goal include parent engagement and school climate. It was developed in collaboration with our educational partners to ensure that we continue our work regarding strong parent engagement. We will achieve this goal by implementing frequent family events and activities that are bolstered by parent involvement in school planning and decision-making. The metrics and actions outlined below ensure that we are building a strong parent community with an emphasis on connection and partnership.

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Our approach to parent engagement is grounded in the belief that parents are essential collaborators in student learning. We are committed to educating, empowering, and involving families in their children's educational journeys. All of our parent engagement and communication efforts focus on building strong, positive relationships between school staff and families.

Planned: Host regular community events and school activities that encourage family participation. Hold three Family Staff Team (FST) meetings and a parent information survey to gather feedback and strengthen family voice in school decision-making.

Implemented: Held Family Staff Team (FST) using network created bylaws and policies to ensure meaningful opportunities for parents to participate in school planning (LACP) review, and decision-making. Bi-annual data meetings were held with parents, during which i-Ready assessment data was reviewed, and student-created academic goals were collaboratively established with parents and students. Ongoing two-way communication between school staff and families was strengthened through consistent use of the ParentSquare platform, with information shared regularly and translated into home languages to ensure accessibility. Monthly "Coffee with the Principal" meetings were also held to gather input, generate ideas for school-wide incentives, and address questions or concerns from families. In addition, the YouthTruth survey was administered to collect feedback from students and families regarding school experience and areas for improvement.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Attendance data and parent feedback indicate that these engagement opportunities were well received and consistently utilized by families. Participation in FST meetings, data conferences, and "Coffee with the Principal" sessions demonstrated strong family interest in school collaboration and student progress.
Feedback from parents reflects an increased sense of connection to the school community, as well as a greater understanding of their child's academic performance and goals. Overall, these engagement structures have strengthened communication between home and school and contributed to a more connected and collaborative school environment.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Continue expanding parent education workshops focused on student learning, social-emotional development, and available school and community resources. Strengthen access and equity by providing additional workshops and hands-on support for families who are unable to consistently access technology or digital school platforms.

In addition, establish and sustain affinity (affirmative) groups for targeted student and family populations to provide space for community building, shared learning, and culturally responsive engagement. These groups will help ensure that all families feel supported, heard, and meaningfully connected to the school community.

State Priorities addressed by this goal.

Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

We believe that a strong school culture is accomplished by having our network of teachers, scholars, and school leaders adhere to our foundational practices with consistency. Effective school leaders and faculty transform vision and values into meticulously built systems that operate in every single classroom and hallway. These core values and daily practices create a strong, supportive school community.

Our school culture is grounded in students feeling a strong sense of belonging at the school, as well as having a cohesive school environment that is safe and supportive. Student engagement and school culture efforts are focused on providing fun and creative opportunities for connection, exploration, and wellness. We partner with community organizations as much as possible to provide these opportunities to our students and families and create a culture of celebration by honoring students and their accomplishments throughout the year. We also center social justice in our work together and provide teachers with continuous learning to build their equity practices and cultural fluency.

Goal 3 is a broad goal focused on creating and maintaining this safe, inclusive, supportive school environment. The priorities being addressed under this goal include pupil engagement and school climate. It was developed in collaboration with our educational partners to ensure that we continue to prioritize student engagement and the culture of our school community. We will achieve this goal by implementing frequent school culture activities and positive behavioral intervention systems and social-emotional learning. The metrics and actions outlined below ensure that we are building a supportive school community fully invested in academic and non-academic outcomes.

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Our goal is to create and maintain a safe, inclusive, and supportive school environment that fosters a strong sense of belonging and engagement for all students. We are committed to supporting students' academic success alongside their social-emotional well-being through intentional school culture-building practices and systems of support.

Planned: Expand Positive Behavioral Interventions and Supports (PBIS) schoolwide to promote a positive behavioral culture and reduce disciplinary incidents. Host regular schoolwide culture-building activities (e.g., spirit days, student assemblies, recognition programs) to strengthen student connection and celebrate diversity. Analyze engagement and climate data (including attendance, discipline, and survey results) on an ongoing basis to identify trends and adjust practices accordingly.

Implemented: Administered the YouthTruth survey, which indicated an increase in students reporting a stronger sense of connection to school. As a result of ongoing school culture efforts, we anticipate continued improvements in student attendance, behavior, engagement, and overall perception of school climate. These outcomes support the school's commitment to equity, inclusion, and whole-child development. In addition, coordination with attendance teams, success agents, and community liaisons was strengthened through the

development of the COST (Coordination of Services Team). This structure supported earlier identification and intervention for at-risk students. Weekly attendance calls, personalized student check-ins, and home visits were implemented to improve attendance and re-engage students and families. The school also expanded access to mental health services and social-emotional supports to further address student well-being and remove barriers to learning.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

This year's decrease in chronic absenteeism reinforces the effectiveness of the school's multi-tiered attendance support system. The combination of proactive outreach, including weekly attendance calls, personalized student check-ins, and home visits, helped address both logistical and emotional barriers that impact student attendance.
Strengthened collaboration between attendance teams, success agents, community liaisons, and the COST team further improved the school's ability to identify at-risk students early and provide timely interventions. As a result, more students were able to attend school consistently, reflecting the positive impact of a coordinated and responsive approach to improving attendance and re-engagement.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Provide ongoing professional development for staff focused on trauma-informed practices, inclusive teaching strategies, and effective student engagement techniques to better support the diverse needs of all learners. Strengthen and ensure consistent implementation of Social-Emotional Learning (SEL) instruction across classrooms to build students' emotional literacy, empathy, self-awareness, and conflict-resolution skills. These efforts will further support a positive school climate and improve both student well-being and academic engagement.

Our school serves a high rate of SED students (83.5% in the 2023-24 school year). State and national data demonstrates that students from low socioeconomic backgrounds benefit from increased supports in achieving academic proficiency. There is a need for SED students to grow more than 1 year's worth of academic progress in a year's time in order to "catch up" to their more affluent peers and achieve proficiency. | Our multi-tiered levels of support will provide students with additional supports in the areas that they need it most. Each academic intervention is driven by student data to support learning and includes after school learning time and tutoring to target skill building, and the use of supplemental instruction programs such as IXL, iReady, Actively Learn, Lexia. | **1.9** | **Action:**<br>Supports for Homeless and/or Foster Youth<br><br>**Need:**<br>Although the number of foster youth and homeless students at our school is too small to be statistically significant on the California Schools Dashboard, data on these students nation-wide, as well as in the Bay Area, demonstrates there is a clear need for tangible supports such as resources, materials, and services that provide direct aid to students and their families. Foster youth and students experiencing homelessness are at a greater risk of "slipping through the cracks" compared to their peers. According to a California-based research study, the odds of homelessness for older youth were 44% lower for those who reported that they had "enough" people to turn to for tangible support. This includes those who can provide direct resources and/or practical assistance. Through outreach with students and families at our school, we have learned that there is need for additional communication and coordination between the school and some of our highest need families, including families of homeless students and foster youth. There is also a need for strong communication from a Spanish-language speaker as many of our families speak Spanish in their homes. | The bilingual role of Community Outreach Coordinator will promote strong connection and communication with all families, in addition to coordinating services for homeless students and foster youth. The coordinator will ensure that students and families have access to tangible resources from local organizations and nonprofits that can support them outside the classroom as well, such as Familias Unidas, Clinica de la Raza, Native American Health Center, Unity Council, Catholic Charities of the East Bay. Lastly, the after-school program provides students with a safe place to continue to learn, grow, and socialize after the school day has completed.<br><br>These actions are being provided on an LEA- wide basis because even if a student is not currently homeless or in foster care, they may be at risk of either of these and their families may benefit from the efforts of the Community Outreach Coordinator and some of the provided supplies and materials. Therefore, while this action is designed to principally serve the needs of these students, it may benefit other students as well, including SED students and English learners. | We will monitor progress in increasing the average daily attendance rates for homeless and foster youth. Feedback from students and families will shape the work of the Community Outreach Coordinator.<br><br>Metric 2: Parents will be provided regular opportunities to participate in school site decision-making. Metric 3a: Attain 90% or greater Average Daily Attendance for all subgroups. |

## Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The additional concentration grant add-on funding identified above will be used to directly hire and pay for several key positions within the LEA that support the needs of foster youth, English learners, and low-income students. First, the funds will be used to provide after school tutors to improve student academic outcomes (Goal 1, Action 1.2). Secondly, the funds will be used to hire and retain a full-time paraprofessional who is dedicated to supporting English learners and long-term English learners (Goal 1, Actions 1.6 and 1.7).

# Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.*

# Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## *Purpose*

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

# Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

*EC* Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

**Reflections: Technical Assistance**

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

**Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

# Engaging Educational Partners

## *Purpose*

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

# Requirements

## *Requirements*

**School districts and COEs:** *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

Powered by BoardOnTrack

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

Powered by BoardOnTrack

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
    - Inclusion of action(s) or a group of actions
    - Elimination of action(s) or group of actions
    - Changes to the level of proposed expenditures for one or more actions
    - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

# Goals and Actions

## *Purpose*

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

## *Requirements and Instructions*

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

**Requirement to Address the LCFF State Priorities**

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

## Focus Goal(s)

### Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

### Type of Goal

Identify the type of goal being implemented as a Focus Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

## Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Powered by BoardOnTrack

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

## Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

## Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

## Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

## Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

## Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

## Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

## Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth***: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

### For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

### For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

### For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

### For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

# Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

## *Purpose*

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

### LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

## *Requirements and Instructions*

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

***Required Descriptions:***

**LEA-wide and Schoolwide Actions**

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools**: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

## Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

# Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## *Total Planned Expenditures Table*

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## *Contributing Actions Table*

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## *Annual Update Table*

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

## *Contributing Actions Annual Update Table*

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## *LCFF Carryover Table*

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## *Calculations in the Action Tables*

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

## LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

# Plan Summary [2026-27]

## General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

At Benito Juarez Elementary (BJE), we are committed to our students' academic success and developing a strong community of learners. BJE is one of six schools under the Amethod Public Schools (AMPS) charter management organization. AMPS is a 501 (c)(3) nonprofit organization that was founded in Oakland with the intent to create charter schools that reduce the academic achievement disparity that exists among the different student subgroups. The organization’s flagship school, Oakland Charter Academy, founded in 1993, is the oldest charter school in the City of Oakland, and the 14th school chartered in the state of California. For thirty years, AMPS has been serving thousands of Bay Area families through a small-scale school model focused on equipping students with the skills of diligence and personal responsibility. AMPS demonstrates through strong academic results that any child can be successful if they receive a high-quality, personalized education. Established in 2014, BJE is located in the beautiful Marina Bay area of Richmond, CA and serves 459 K-5th grade students in the 2025-2026 school year.

BJE takes the name of the hero and first president of Mexico: Benito Juarez, and we emanate his core values by building community pride in the City of Richmond. We believe in fostering a culture of hard work and preparing our students in a manner that will help them excel in life and attend the college of their dreams. BJE is open to all students who wish to attend, but seeks to serve families that have an income below the federal poverty line. BJE families take pride in their communities and strive to improve those around them. Education is a top priority for our families as many of our scholars are first generation high school graduates. In the 2024-25 school year, BJE served 83.3% socioeconomically disadvantaged students, 49.2% English learners, and 9% students with disabilities. Almost all students identify as students of color, including 89.2% that identify as Hispanic/Latino, 2.4% as African-American/Black, and 2% as two or more races.

At BJE, we believe all students can succeed in a rigorous college-prep environment when provided with effective educators, personalized attention, and a disciplined commitment to academics. We use research-based teaching methodologies that emphasize the fundamentals; enhanced by technology, problem solving, cooperative learning, and critical thinking skills. Our academic program instills a love of learning that carries our students throughout their life. BJE offers students a wide range of extended learning opportunities. We also offer daily after-school activities including music and our homework club.

BJE supports student excellence through our Multi-Tiered System of Supports (MTSS), which ensures that students are met at their current level and provided with the personalized academic, behavioral, health, and other supports they need. BJE has a network of paraprofessional educators and tutors who offer individualized academic support and keep in touch with families to provide regular support, encouragement, and feedback. Student progress is measured continually, with grade-level meetings held monthly to share best practices, discuss possible intervention methods, and create action plans for teachers and students. Families are an integral part of our school and throughout the year we invite them to events including school carnivals, book fairs, food drives, festivals, sports events, student conferences, volunteer days and more.

# Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

In analyzing the school's data from the past year, including both dashboard data and local measures, we identified significant areas of progress alongside persistent challenges. While standardized testing results still sit below our ultimate goals, we are seeing a positive upward trend in several key areas.

Academic Performance & Curriculum
BJE has shown measurable improvement in core academic areas compared to the previous year. Most notably, the school moved away from the "Red" indicators seen in 2023: English Language Arts (ELA): The school moved from Red to Yellow, with an overall increase of 5.9 points. While we remain 65 points below standard, the shift indicates our curriculum updates are beginning to take hold. Mathematics: Similar to ELA, Math is now in the Yellow category, having increased by 10.6 points.

English Learner Progress: This is a major success story for the current year. Our English Learner Progress moved to Green, with 50% of students making progress, representing a substantial increase of 15.6%.
To sustain this, we continue to utilize the i-Ready ELA curriculum and a robust Response to Intervention (RTI) program. Our English learners, who make up 49.2% of our 480 students, benefit from targeted support via Lexia and routine scaffolding. These efforts are critical as 83.3% of our population is identified as socioeconomically disadvantaged.

Engagement & Climate
While we have met standards for local indicators—including Basics (Teachers, Materials, Facilities), Parent and Family Engagement, and Local Climate Survey—we continue to navigate challenges in student attendance.

Chronic Absenteeism: This remains a priority area, currently at the Orange level. While the rate declined slightly by 1.1%, the total percentage of chronically absent students stands at 35.2%. We are intensifying our engagement strategies to meet our long-term LCAP goals.

Suspension Rate: We achieved an exemplary Blue indicator in this category. The suspension rate declined by 1.4% to an incredibly low 0.2%, far exceeding our previous goals and maintaining a safe, welcoming environment for all students.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

This LCAP was developed in collaboration with our entire school community and was influenced in numerous ways, from the development of our three goals to the actions and expenditures dedicated to achieving each goal. More specifically, the actions in the LCAP were influenced based upon the below specific feedback from educational partners:
Teachers have expressed the desire to receive professional development for the proper process of instruction when teaching iReady Math lessons. Another request has been made for a Professional Development in the area of Classroom Management. The administration team provided the aforementioned requests and plans to increase consultant services and expenditures to offer more development opportunities next year.
Families provided feedback on issues ranging from academics to behavior. iReady was implemented to aid in filling in any academic gaps students had. We've established a PBIS system as positive reinforcement to good behavior. More teachers were requested and we hired or

brought in long-term substitutes for classroom vacancies. All of this feedback from our teachers, staff, and parents was incorporated into Actions 1.4, 3.2, and 3.4.
Sports have been an expressed interest of students. We do have teachers who are willing to help with sports; the plan is to collaborate with the Internal Compliance office to properly implement future sporting programs. Students have also expressed interest in more fun activities at school. Admin have implemented club day once a month. Field trips have also been brought up and every grade level coordinator has taken the task to plan field trips for their grade band, prior to the end of the year. This feedback was incorporated into Actions 3.1 and 3.2.
Finally, the administration team desires to hire a CTE teacher to create an engaging environment for students, thus advancing the school towards becoming a STEM school. The plan is to purchase STEM equipment to include virtual reality, green screen, digital printing, Kinetic Sand Box, (augmented virtual reality), and other items including SEL digital technology with classroom lessons aligned with standards. We plan to have a big end-of-year carnival, as well as simple events to foster parent/student relationships like muffins with moms, donuts with dad, and others activities described in Action 3.2.

# Goals and Actions

## Goal

| Goal # | Description | Type of Goal |
|---|---|---|
| 1 | Provide an academically rigorous, Common Core-aligned college preparatory program with support and interventions for students' academic development. | Broad Goal |

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Our school's mission is to provide a rigorous college preparatory education and character development program that will prepa re students from underserved communities to succeed in college and beyond. We believe all students can learn and achieve at high levels and adopt a data-driven culture to turn the focus from "what was taught" to "what was learned." Student achievement and progress monitoring are both at the core of this principle, which is why our first goal encompasses so many metrics in order to better understand overall student outcomes. Secondly, we know that breakthrough achievement happens in schools where every student is purposefully engaged in standards-aligned content, every day. Therefore, teaching at our school is purposeful, engaging, and differentiated for all learners. Professional development for our instructional team is focused on standards-based instruction as well as classroom management, student engagement, and multi¬tiered systems of targeted support for learners.

Goal 1 of our LCAP is a broad goal directed at promoting student achievement and postsecondary success in alignment with our school's mission and key state priorities. The priorities being addressed under this goal include provision of basic services, implementation of state academic standards, pupil achievement, access to a broad course of study, and outcomes in a broad course of study. It was developed in collaboration with our educational partners to ensure that the school is focused on students' academic preparedness. We will achieve this goal by implementing a rigorous academic program that is bolstered by high-quality professional development for teachers and differentiated supports for students. The metrics and actions outlined below ensure that we are providing a strong academic program with an emphasis on college preparation, in addition to the state priorities.

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Our planned actions and implementation of this goal were grounded in our mission to prepare every student for college, career, and life. These priorities are focused on delivering a rigorous, standards-aligned curriculum, ensuring access to a well-rounded education, providing professional development for instructional staff, and offering differentiated academic support.

Planned: Provide targeted, ongoing professional learning focused on rigor, differentiation, and instructional strategies aligned with academic standards. Implement tiered interventions and expanded supports (e.g., academic tutoring, EL support, SPED modifications) and provide a paraprofessional to work within the classroom and targeted populations. Professional development (summit) and curriculum materials.

Implemented: Professional development was delivered as planned, including data-driven instruction, English learner strategies, and Universal Design for Learning (UDL)  Intervention programs launched successfully in math and ELA, and after-school tutoring was expanded and successfully adopted in all core subjects.  Regular PD sessions focused on differentiation, EL strategies, and data use: tiered interventions and extended learning opportunities. Our planned actions to meet these priorities focused on delivering a rigorous, standards-aligned curriculum, ensuring access to a well-rounded education, providing professional development for instructional staff, and offering differentiated academic support.  Academic rigor: Student work samples and classroom walkthroughs indicate increased use of higher-order thinking strategies, aligned tasks, and academic discourse in classrooms.  Professional collaboration: Grade-level and content-area teams used data protocols and collaborative planning time to align instruction and share best practices. At the beginning of the year, all teachers attended a 3-day Network summit around network vision, instructional goals, and diving into the curriculum.

Implementing this goal has positioned the school on a strong trajectory toward improved student outcomes and college readiness. While some planned actions were adjusted due to resource limitations, the school has made substantial progress toward ensuring high-quality instruction, broad educational access, and support for all learners. Continued refinement and support, particularly in staffing and EL services, will be essential to sustain and deepen these improvements.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Classroom observations and student work samples show increased academic rigor through the use of standards-aligned tasks and higher-order questioning strategies.
Interim assessment data indicate steady improvement in ELA and math performance, particularly in grades with consistent curriculum use.
Teacher surveys report increased confidence in delivering differentiated instruction PD aligned with data-driven instruction has helped improve formative assessment practices.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

As team develops professional development and use of data, the administration teams need to address and work on  Integrating strategies for English Learners in the general education as well as build out the re-classification process and monitoring of long-term ELLs and newly re-classified.

| 2 | Create an engaged parent community that is fully engaged in and actively connected to the school community. | Maintenance of Progress Goal |

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)

An explanation of why the LEA has developed this goal.

One of our greatest assets, and true agents of change, are the families and community members who support us. We are their public school system and we rely on them as our educated and nimble allies. We know that our families are prepared and motivated to rise to any occasion, and this goal is aimed at ensuring this foundational value is centered in our work. Parent engagement and communication are both at the core of this goal in the LCAP.

Parent engagement at our school is founded in knowing that parents are our collaborators when it comes to student learning. This means that we find ways to educate, empower, and involve parents in their child's education. Parent engagement and communication efforts are focused on building strong, positive relationships between school staff and families. We work to ensure that every parent knows what is happening with their student, both academically and non-academically. We host frequent community nights and school events that build community and infuse fun and connection into our school culture.

Goal 2 is a maintenance goal directed at upholding our standards for a strong parent community. The priorities being addressed under this goal include parent engagement and school climate. It was developed in collaboration with our educational partners to ensure that we continue our work regarding strong parent engagement. We will achieve this goal by implementing frequent family events and activities that are bolstered by parent involvement in school planning and decision-making. The metrics and actions outlined below ensure that we are building a strong parent community with an emphasis on connection and partnership.

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Our approach to parent engagement is grounded in the belief that parents are essential collaborators in student learning. We are committed to educating, empowering, and involving families in their children's educational journeys. All of our parent engagement and communication efforts focus on building strong, positive relationships between school staff and families. We strive to ensure that every parent is informed about their child's academic progress and overall well-being.

To foster a sense of community, we host frequent family events and school activities that celebrate our school culture while promoting fun and connection. These events are designed to strengthen the school-home relationship and reflect the diversity and values of our school community.

Planned: Host regular community events and school activities that encourage family participation.
Hold 3 FST meetings, a parent information survey, and parent-teacher conferences.

Implemented: Development of Family Staff Team (FST) by laws and policies to ensure meaningful opportunities for parents to be involved in school planning and decision-making. Strengthen two-way communication between school staff and families with the use of the parent square portal and ensure consistent, multi-modal communication (newsletters, texts, apps, in-person) in home languages to keep families informed. Conducted a youth truths survey to obtain information and feedback. Teacher and parent conferences were held, and over 90% of parents attended. There were many cultural events, muffins with mom, danish with dad, Día de los Muertos, Black history month celebration, and an academic celebration.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Attendance data and parent feedback indicate that these meetings and opportunities were well-received, with many families reporting an increased sense of connection to the school community. Meetings held in multiple languages and scheduled at accessible times have improved inclusivity and participation across diverse family groups. Additionally, parent meetings connected to decision-making bodies—such as Family Staff Team (FST) and English Learner Advisory Committee (ELAC)—have empowered families to take active roles in shaping school policies and priorities. These meetings provide structured opportunities for parents to engage in dialogue about student achievement, school initiatives, and areas for growth. They also serve as an essential platform for gathering parent feedback, clarifying expectations, and sharing resources that support student success at home and in the classroom.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Provide parent education workshops on student learning, social-emotional development, and school resources. Hold parent workshops for parents who are unable to access technology. Hold affirmative groups of the target populations.

Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

We believe that a strong school culture is accomplished by having our network of teachers, scholars, and school leaders adhere to our foundational practices with consistency. Effective school leaders and faculty transform vision and values into meticulously built systems that operate in every single classroom and hallway. These core values and daily practices create a strong, supportive school community.

Our school culture is grounded in students feeling a strong sense of belonging at the school, as well as having a cohesive school environment that is safe and supportive. Student engagement and school culture efforts are focused on providing fun and creative opportunities for connection, exploration, and wellness. We partner with community organizations as much as possible to provide these opportunities to our students and families and create a culture of celebration by honoring students and their accomplishments throughout the year. We also center social justice in our work together and provide teachers with continuous learning to build their equity practices and cultural fluency.

Goal 3 is a broad goal focused on creating and maintaining this safe, inclusive, supportive school environment. The priorities being addressed under this goal include pupil engagement and school climate. It was developed in collaboration with our educational partners to ensure that we continue to prioritize student engagement and the culture of our school community. We will achieve this goal by implementing frequent school culture activities and positive behavioral intervention systems and social-emotional learning. The metrics and actions outlined below ensure that we are building a supportive school community fully invested in academic and non-academic outcomes.

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Our goal is to create and maintain a safe, inclusive, and supportive school environment that fosters a strong sense of belonging and engagement for all students. We are committed to supporting students' academic success alongside their social-emotional well-being through intentional school culture-building practices and systems of support. School climate and pupil engagement are critical factors in student achievement and well-being.

Planned: Expand Positive Behavioral Interventions and Supports (PBIS) schoolwide to promote a positive behavioral culture and reduce disciplinary incidents. Host regular schoolwide culture-building activities (e.g., spirit days, student assemblies, recognition programs) to strengthen student connection and celebrate diversity. Analyze engagement and climate data (including attendance, discipline, and survey results) on an ongoing basis to identify trends and adjust practices accordingly.

Implemented: Provided primarily training in PBIS curriculum (PBIS rewards) to better support students, see improvements in student attendance, behavior, engagement, and perception of school climate.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The suspension rate declined by 1.4% to an incredibly low 0.2%, far exceeding our previous goals and maintaining a safe, welcoming environment for all students. suspension rates dropped, student climate surveys, and feedback from educational partners, there is a demonstrated need to maintain and strengthen our efforts around student connection and school culture. Students thrive in environments where they feel emotionally and physically safe, respected, and part of a community.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Provide ongoing professional development for implementation of PBIS curriculum and materials inclusive teaching strategies, and student engagement techniques. Implement consistent Social-Emotional Learning (SEL) instruction to build students' emotional regulations.

We will hire and retain a full-time paraprofessional to work with ELs on academic success and reclassification. | We will analyze ELPI results annually and will use internal progress monitoring tools to assess each long-term English learner's progress towards reclassification during the school year. | **1.9** | **Action:**<br>Supports for Homeless and/or Foster Youth<br><br>**Need:**<br>Although the number of foster youth and homeless students at our school is too small to be statistically significant on the California Schools Dashboard, data on these students nation-wide, as well as in the Bay Area, demonstrates there is a clear need for tangible supports such as resources, materials, and services that provide direct aid to students and their families. Foster youth and students experiencing homelessness are at a greater risk of "slipping through the cracks" compared to their peers. According to a California-based research study, the odds of homelessness for older youth were 44% lower for those who reported that they had "enough" people to turn to for tangible support. This includes those who can provide direct resources and/or practical assistance. Through outreach with students and families at our school, we have learned that there is need for additional communication and coordination between the school and some of our highest need families, including families of homeless students and foster youth. There is also a need for strong communication from a Spanish-language speaker as many of our families speak Spanish in their homes. | The bilingual role of Community Outreach Coordinator will promote strong connection and communication with all families, in addition to coordinating services for homeless students and foster youth. The coordinator will ensure that students and families have access to tangible resources from local organizations and nonprofits that can support them outside the classroom as well, such as Familias Unidas, Clinica de la Raza, Native American Health Center, Unity Council, Catholic Charities of the East Bay. Lastly, the after-school program provides students with a safe place to continue to learn, grow, and socialize after the school day has completed.<br><br>These actions are being provided on an LEA- wide basis because even if a student is not currently homeless or in foster care, they may be at risk of either of these and their families may benefit from the efforts of the Community Outreach Coordinator and some of the provided supplies and materials. Therefore, while this action is designed to principally serve the needs of these students, it may benefit other students as well, including SED students and English learners. | We will monitor progress in increasing the average daily attendance rates for homeless and foster youth. Feedback from students and families will shape the work of the Community Outreach Coordinator.<br><br>Metric 2: Parents will be provided regular opportunities to participate in school site decision-making. ## *Limited Actions*

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

|---|---|---|---|
| **1.6** | **Action:**<br>Supports for English Learners<br><br>**Need:**<br>Language barriers make academic assessments such as CAASPP extremely challenging for our English learners. As a result, they perform worse on these assessments in both ELA and math (7.1% and 10.6% proficient, respectively) compared to the overall average for students (21.7% in ELA and 21.4% in math). Feedback from parents of English learners, and our English learner students, indicate that English fluency and academic success remain a top priority. Our teachers have expressed a need for additional professional development that prepares them to effectively teach and support English learners in their classrooms.<br><br>**Scope:**<br>Limited to Unduplicated Student Group(s) | To target students' language fluency, we will utilize evidence-based ELD courses which meet the needs of multilingual learners at all proficiency levels—from newcomers to long-term English learners—as the core curriculum for all ELD classes. We will also utilize intervention programs such as Lexia English to target specific skills and accelerate English proficiency.<br><br>These actions will also address teachers' need for additional, targeted trainings in the use of effective instructional strategies for these students by providing additional professional development time in this area. In addition, the school's ELD Specialist will work with teachers to co-plan lessons, conduct classroom observations, and provide one-on-one coaching to improve EL supports. We will hire and retain a full-time paraprofessional to work with ELs on academic success and reclassification. | We will analyze ELPI results annually and will use internal progress monitoring tools to assess each long-term English learner's progress towards reclassification during the school year. We will meet with families to discuss their student's progress towards reclassification and their input will inform the school's programs and supports for English learners and long-term English learners.<br><br>Metric 1 i: Increase percent of EL students growing at least one ELPI level/maintaining the highest ELPI level or meet the state average for baseline year.<br><br>Metric 1L: Provide at least one paraprofessional to work with English learners. |

## Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The additional concentration grant add-on funding identified above will be used to directly hire and pay for several key positions within the LEA that support the needs of foster youth, English learners, and low-income students. First, the funds will be used to provide after school tutors to improve student academic outcomes (Goal 1, Action 1.2). Secondly, the funds will be used to hire and retain a full-time paraprofessional who is dedicated to supporting English learners and long-term English learners (Goal 1, Actions 1.6 and 1.7).

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.*

# Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## *Purpose*

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

# Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

*EC* Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

**Reflections: Technical Assistance**

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

**Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

# Engaging Educational Partners

## *Purpose*

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

# Requirements

## *Requirements*

**School districts and COEs:** *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

Powered by BoardOnTrack

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## *Instructions*

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics

  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

# Goals and Actions

## *Purpose*

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

## *Requirements and Instructions*

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

**Requirement to Address the LCFF State Priorities**

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

## Focus Goal(s)

### Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

### Type of Goal

Identify the type of goal being implemented as a Focus Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

## Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

## Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

## Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.

- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.

- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.

    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:

    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or

    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.

    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

Powered by BoardOnTrack

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

## Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

## Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

## Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

## Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

## Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth***: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

### For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

### For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

### For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

### For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

# Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

## *Purpose*

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

### LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

## *Requirements and Instructions*

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

***Required Descriptions:***

**LEA-wide and Schoolwide Actions**

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

**How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis**

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

**Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools**: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

**Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

**How the Action(s) are Designed to Address Need(s)**

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

## Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

# Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## *Total Planned Expenditures Table*

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

Powered by BoardOnTrack

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## *Contributing Actions Table*

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## *Annual Update Table*

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

## *Contributing Actions Annual Update Table*

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## *LCFF Carryover Table*

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## *Calculations in the Action Tables*

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

## LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

## COMPENSATION DISCLOSURE

Marsh & McLennan Agency LLC ("MMA") prides itself on being an industry leader in the area of transparency and compensation disclosure. We believe you should understand how we are paid for the services we are providing to you. We are committed to compensation transparency and to disclosing to you information that will assist you in evaluating potential conflicts of interest.

As a professional insurance producer, MMA and its subsidiaries facilitate the placement of insurance coverage on behalf of our clients. As an independent insurance agent, MMA may have authority to obligate an insurance company on behalf of our clients and as a result, we may be required to act within the scope of the authority granted to us under our contract with the insurer. In accordance with industry custom, we are compensated either through commissions that are calculated as a percentage of the insurance premiums charged by insurers, or fees agreed to with our clients.

MMA engages with clients on behalf of itself and in some cases as agent on behalf of its non-US affiliates with respect to the services we may provide. For a list of our non-US affiliates, please visit: http://global.marsh.com/about/. In those instances, MMA will bill and collect on behalf of the non-US Affiliates amounts payable to them for placements made by them on your behalf and remit to them any such amounts collected on their behalf;

MMA receives compensation through one or a combination of the following methods:

· **Retail Commissions** – A retail commission is paid to MMA by the insurer (or wholesale broker) as a percentage of the premium charged to the insured for the policy. The amount of commission may vary depending on several factors, including the type of insurance product sold and the insurer selected by the client.

· **Client Fees** – Some clients may negotiate a fee for MMA's services in lieu of, or in addition to, retail commissions paid by insurance companies. Fee agreements are in writing, typically pursuant to a Client Service Agreement, which sets forth the services to be provided by MMA, the compensation to be paid to MMA, and the terms of MMA's engagement. The fee may be collected in whole, or in part, through the crediting of retail commissions collected by MMA for the client's placements.

· **Contingent Commissions** – Many insurers agree to pay contingent commissions to insurance producers who meet set goals for all or some of the policies the insurance producers place with the insurer during the current year. The set goals may include volume, profitability, retention and/or growth thresholds. Because the amount of contingent commission earned may vary depending on factors relating to an entire book of business over the course of a year, the amount of contingent commission attributable to any given policy typically will not be known at the time of placement.

· **Supplemental Commissions** – Certain insurers and wholesalers agree to pay supplemental commissions, which are based on an insurance producer's performance during the prior year. Supplemental commissions are paid as a percentage of premium that is set at the beginning of the calendar year. This percentage remains fixed for all eligible policies written by the insurer during the ensuing year. Unlike contingent commissions, the amount of supplemental commission is known at the time of insurance placement. Like contingent commissions, they may be based on volume, profitability, retention and/or growth.

· **Wholesale Broking Commissions** – Sometimes MMA acts as a wholesale insurance broker. In these placements, MMA is engaged by a retail agent that has the direct relationship with the insured. As the wholesaler, MMA may have specialized expertise, access to surplus lines markets, or access to specialized insurance facilities that the retail agent does not have. In these transactions, the insurer typically pays a commission that is divided between the retail and wholesale broker pursuant to arrangements made between them.

· **Other Compensation** – From time to time, MMA may be compensated by insurers for providing administrative services to clients on behalf of those insurers. Such amounts are typically calculated as a percentage of premium or are based on the number of insureds. Additionally, insurers may sponsor MMA training programs and/or events.

We will be pleased to provide you additional information about our compensation and information about alternative quotes upon your request. For more detailed information about the forms of compensation we receive please refer to our Marsh & McLennan Agency Compensation Guide at https://www.marshmma.com/resource/compensation-guide-for-client.pdf

MMA's aggregate liability arising out of or relating to any services on your account shall not exceed ten million dollars ($10,000,000), and in no event shall we be liable for any indirect, special, incidental, consequential or punitive damages or for any lost profits or other economic loss arising out of or relating to such services. In addition, you agree to waive your right to a jury trial in any action or legal proceeding arising out of or relating to such services. The foregoing limitation of liability and jury waiver shall apply to the fullest extent permitted by law.

We appreciate your business!

Measure Education

Client and Measure Education acknowledge and agree that pursuant to the Family Educational Rights and Privacy Act ("FERPA") and applicable state law, the Parties have certain obligations with regard to maintaining the security, integrity and confidentiality of "personally identifiable information" in student "education records", as those terms are defined by FERPA (referred to herein as "Student Records"). Measure Education shall use Student Records only for those purposes required or permitted by this Agreement. Measure Education may use Client data in de-identified and/or aggregated form for any lawful purpose, such as to operate, maintain, support, and improve Measure Education's services, provided that such data does not constitute personally identifiable information under FERPA.

Client agrees the provisions of this paragraph are reasonable terms to compensate Measure Education for its recruitment, training and placement of its Employees.

The Initial Term and any Renewal Term(s) are referred to as the Term.

Either Party may terminate this Agreement or any Statement of Work without penalty with ninety (90) days' written notice to the other Party. Measure Education shall not be responsible for results obtained by anyone other than Measure Education from the access, distribution, or use of such Deliverables and materials.

**10. Waiver.** The failure of either Party to enforce any provision of this Agreement shall not be construed as a waiver or limitation of that Party's right to subsequently enforce and compel strict compliance with every provision of this agreement.

**11. Relationship of Parties.** The Parties understand that Measure Education is an independent contractor with respect to Client. Client shall not provide fringe benefits, including health insurance benefits, paid vacation, workers' compensation coverage, or any other employee benefit, for Measure Education's benefit. **12. Governing Law**. This Agreement and any dispute relating to the Services shall be governed by and construed, interpreted and enforced in accordance with the laws of the State of California (United States of America), without giving effect to any provisions that would require the laws of another jurisdiction to apply. Measure Education and Client agree that any and all disputes or controversies of any nature relating to or arising at any time under this Agreement or otherwise in connection with the rights and obligations under this Agreement shall be resolved by binding arbitration, which shall constitute the sole forum for any disputes between the parties to this Agreement. This means by signing this Agreement, each party is waiving the right to take court action and is waiving the right to a jury. Each party also agrees to, and hereby does, waive any right to compel the other party to participate as a defendant, cross-defendant or in any other capacity in any court action, including any action for indemnity. Each party agrees to equally split the costs of the arbitration. Arbitration shall be governed by the JAMS Comprehensive Arbitration Rules and Procedures conducted in San Francisco, California (United States of America). The parties to this Agreement further agree that any arbitration demand must be filed with JAMS within 12 months from the time of any breach of this Agreement, and that any claim commenced or filed after that time shall be time-barred as a matter of law. With the mutual written consent of the parties, the parties may waive the arbitration requirement herein and pursue other methods of dispute resolution (e.g., mediation).

**13. Indemnification.** Each Party (an "Indemnifying Party") shall defend, indemnify, and hold harmless the other Party (an "Indemnified Party"), and their employees, officers, directors, and agents, from and against any liability, loss, claims, demands, damages, expenses, lawsuits, and costs (including attorneys' fees, expert witness fees, and other costs of litigation or other proceedings) of every kind or nature arising in any manner out of any breach of the Indemnifying Party's duties under this Agreement and/or negligence or willful misconduct of the Indemnifying Party, including that of its employees, officers, directors, and agents. In no event shall an Indemnifying Party be required to defend, indemnify or hold harmless an Indemnified Party for the Indemnified Party's sole negligence or willful misconduct. This term shall survive the termination of the Agreement.

4. Customer will promptly pay all invoices for services rendered according to the then current TET fee schedule as billed on a weekly basis. Overtime will be billed and paid at time and a half. If an invoice is not paid within 30 days of the invoice date then Customer will pay a late payment fee of 5% of the invoice amount plus a finance charge equal to the lesser of 1.5% per month or the maximum legal rate.

5. Customer will instruct and supervise the TET employee with respect to their responsibilities and compliance with the procedures and policies of Customer. Should Customer hire, or in any way utilize the services of (except through TET), a current or former TET employee introduced to Customer by TET (a "Candidate") within one (1) year of the Candidate's last assignment at any Customer location, then Customer will pay TET a placement fee according to TET's then current fee schedule. Customer will notify TET in writing and pay the placement fee prior to hiring a Candidate or utilizing a Candidate's services in any way except through TET. Customer agrees that the placement fee shall be doubled if Customer fails to provide written notice prior to hiring. An employee's resignation from TET does not relieve Customer of the obligation to pay the placement fee. Placement fees are non-refundable regardless of the duration of Candidate's employment with Customer.

7. In any action or proceeding involving a dispute between TET and Customer arising out of this Agreement, the prevailing party shall be entitled to recover its costs and attorney's fees. This agreement shall be binding on the successors and assigns of the parties. This agreement may be amended only by a written agreement signed by the parties. This agreement constitutes the entire agreement between the parties with respect to the subject matter hereof. Customer acknowledges the considerable expense incurred by Scoot to advertise, recruit, evaluate, train, and place its Educators.

Customer agrees it will not, without prior written consent from Scoot, hire an Educator, interfere with the employment relationship between Scoot and its Educators, or directly or indirectly cause an Educator to become employed by Customer or another temporary service provider.

If Customer, either directly or indirectly, solicits, offers employment, and/or hires an Educator as an employee or consultant in any position, or utilizes the Educator's services through another temporary or outsourcing service company, or any person or entity affiliated with Customer refers an Educator to any other employer and the Educator becomes employed by that employer: (i) at any time from the date such Educator is introduced to or placed with Customer by Scoot until twelve (12) months thereafter or (ii) within twelve (12) months after termination of Educator's temporary Assignment through Scoot with Customer, whichever is later, Customer agrees to pay Scoot a placement fee as specified below (the "Educator Placement Fees"). The Educator Placement Fee is based upon the category of the Educator, timing of hire, or number of days the Educator has worked at the Customer who is hiring the Educator during a single academic year. | 91 - 180 days worked | 5% of AGS to a minimum of $2,500 |
| 180+ days worked | $1,000 |

^Fee is based upon the AGS, including any additional allowances or benefits that can be monetized listed on employment contract between Customer and Educator.

**EXHIBIT A**
**BILL RATES FOR EDUCATORS**

The Bill Rates contained in Exhibit A herein are confidential and proprietary. Customer agrees not to disclose the contents of this Exhibit A to persons or entities not party to this Agreement without Scoot's written permission.

Educators will be assigned pursuant to one of the following positions and at the following bill rates, subject to additional overtime charges as specified below:

| Daily Educator Staffing | | | | | |
|---|---|---|---|---|---|
| **Customer Bill Rate+** | **Half-day rate (4 hours or less)** | **Half-day long-term rate (4 hours or less)#** | **Short-term day rate (up to 8.5 hours/day)** | **Long-term day rate (up to 8.5 hours/day)#** | **Building Substitute (4-week minimum)** |
| Support Position | $244 | $268 | $364 | $400 | N/A |
| Paraprofessional | $244 | $268 | $364 | $400 | N/A |
| Teacher (emergency 30-day substitute permit or California credential) | $292 | $321 | $435 | $478 | $430 |
| Special Education Credential in SpEd role | $350 | $385 | $522 | $574 | N/A |
| TeachStart Fellow | N/A | N/A | $478 | $478 | N/A |

+ Because Educators are non-exempt employees, additional charges over and above the standard Customer Bill Rate will apply in the event that an Educator is called upon to work overtime meaning a shift longer than eight and a half (8.5) hours, including a thirty (30) minute meal break, in a workday or more than forty (40) hours, excluding meal breaks, in a work week for the same Customer. Overtime is charged at 1.5x the prorated hourly Bill Rate according to the above table (e.g., overtime for a Support Position is charged at $364/8.5*1.5 per hour). Educators are instructed by Scoot that they should seek the approval of a duly designated supervisor at the Customer site before incurring overtime but, of course, the need to ensure proper supervision of pupils may necessitate an Educator staying over even if the designated supervisor is not immediately available. Consistent with professional best practices, Educators are directed to maintain supervision over assigned students until they are relieved by appropriate Customer personnel.

# An Educator will be considered in long-term status if the same Educator has been scheduled at a Customer location for an Assignment that is scheduled for more than fifteen (15) workdays or an Assignment has extended beyond fifteen (15) workdays (half-days and full-days are counted the same) in the same academic year.

⁺ Because Educators are non-exempt employees, additional charges over and above the standard Customer Bill Rate will apply in the event that an Educator works overtime meaning a shift longer than eight and a half (8.5) hours, including a thirty (30) minute meal break, in a workday or more than forty (40) hours, excluding meal breaks, in a work week for Customer. Overtime is charged at 1.5x the prorated hourly Bill Rate according to the above table. Educators are instructed by Scoot that they should seek the approval of a duly designated supervisor at the Customer site before incurring overtime but, of course, the need to ensure proper supervision of pupils may necessitate an Educator staying over even if the designated supervisor is not immediately available. Consistent with professional best practices, Educators are directed to maintain supervision over assigned students until they are relieved by appropriate Customer personnel.

^ Customer shall provide Hourly Educator staff who work more than five (5) hours in a work day with an uninterrupted thirty (30) minute meal period free from all duty to begin no later than the end of the fifth ($5^{th}$) hour of work and a second uninterrupted thirty (30) minute meal period free from all duty to begin no later than the end of the tenth ($10^{th}$) hour of work. Customer shall also provide Hourly Educators with the opportunity to take a net ten (10) minute rest period for

every four (4) hours worked (or a major fraction thereof). If Customer fails to provide any required meal period or rest break, Scoot will invoice Customer an additional one (1) hour at Scoot's hourly Bill Rate for each missed meal period and/or rest break.

**HOURLY EDUCATOR MEAL BREAK CHARGE RATE**

Scoot will **not** charge Customer for Hourly Educator time spent on duty free meal period(s), provided such breaks are compliant with California labor law requirements as described above.

**PARAPROFESSIONAL VOLUME DISCOUNT**

Customer is entitled to the following discount for any paraprofessional assigned to a Paraprofessional Volume Discount with Customer. Discounts are calculated based on size of Paraprofessional Volume Discount committed to according to the below table.

| | Quantity of Paraprofessionals in Volume Discount | | |
|---|---|---|---|
| | **10-29** | **30-49** | **50+** |
| **Discount** | 3% | 4% | 5% |

The following terms apply to a Paraprofessional Volume Discount:

1. Customer must commit to the Paraprofessional Volume Discount from its start date until the conclusion of Customer's academic year, unless negotiated otherwise.
2. If a Paraprofessional Volume Discount becomes larger in size than originally committed to by Customer, the larger discount will be applied according to the above table.
3. If a Paraprofessional Volume Discount is smaller in size than originally committed to by Customer due to Scoot being unable to source the requested number of Educators, the originally agreed discount will be applied.
4. Educators assigned to a Paraprofessional Volume Discount are expected to be utilized in long-term Assignments rather than being used in day-to-day roles.
5. Paraprofessional Volume Discounts may be canceled should an uncontrollable event force Customer to close its location(s) for a prolonged period (e.g., closure due to a pandemic or government order).
6. Paraprofessional Volume Discounts are active on any instructional day, non-student days are not included.
7. TeachStart Fellows cannot be included in a Paraprofessional Volume Discount.

## Review and Consideration of Approval of 26-2027 Swing Education Substitute Contract

**Section:** V. Business II
**Item:** AB. Review and Consideration of Approval of 26-2027 Swing Education Substitute Contract
**Purpose:** Vote
**Submitted by:**
**Related Material:** 2025-2026 Amethod Schools- Swing Agreement.pdf

This **Platform & Services Agreement** ( “Agreement”) is entered into on the Effective Date of July 1, 2026 by and between Swing Education, Inc. (“Swing Education”, “Company”, “we” or “us”) and the School(s) listed on the signature page (“School” “or “District” or “you”). Swing Education agrees to provide you with access to the Swing Education Platform & Services (“Platform & Services” or “Platform”), which allows the School and School representatives to post and manage Requests for substitute teachers and related professionals (“SwingSubs”) on the Swing Education Website at www.swingeducation.com (“Website”). This Agreement will apply regarding the obligations and relationships between School, Swing Education and each SwingSub (though SwingSubs are not party to this Agreement). Each SwingSub will be a W-2 employee as a prerequisite to being able to see and fill your Requests on the Platform and for purposes of processing wages/payroll taxes, workers’ compensation, and health or other benefits as applicable.

**1. Services.** Swing Education agrees to provide you with:

(a) **Access to the Services**, which allows authorized School users to post Requests for SwingSubs (“Requests”) on the Platform, track and manage those Requests, and view information about the SwingSubs.

(b) **Access to Our Verification Services - California**

i. **Teaching Credentials.** Swing Education verifies whether a SwingSub teaching professional holds a substitute teaching permit or standard professional teaching credential, by having the SwingSub upload or submit such document to the Platform. Swing Education marks such SwingSubs as credentialed (or similar language) on the Platform. Swing Education also tracks the expiration date (if one exists) of such document. If such document expires, Swing Education will shortly thereafter label the SwingSub as non-credentialed (or similar language). Note that School is responsible for ensuring accuracy of SwingSub Requests where a permit or credential is or is not required.

ii. **CA DOJ Live Scan Fingerprint Background Check**. Swing Education verifies that a SwingSub working in California is eligible to work as a teacher before the SwingSub is allowed to fill Requests on the Website. Swing Education does this by reviewing the results of the individual’s completed Live Scan check issued by the State of California Department of Justice (DOJ) using California Education Code guidelines. Subsequent changes to the SwingSub’s status are sent from the DOJ to Swing Education. Swing Education prevents a SwingSub from filling Requests and/or removes the SwingSub from the Platform if changes render the SwingSub ineligible to teach, shortly after receiving notice of such changes.

iii. **TB Risk Assessment**. Swing Education requires all SwingSubs to obtain the TB Risk Assessment in accordance with CDPH requirements before allowing a SwingSub to fill Requests on the Website.

iv. **Child Abuse Reporting - Mandated Reporter.** Swing Education will make all SwingSubs aware of their child and dependent adult abuse reporting obligations. Swing Education will also require all SwingSubs to confirm that they have undergone CA state Mandated Reporter Training within 6 weeks of completion of their first assignment through the Platform and annually thereafter, by signing a Suspected Child Abuse Reporting Acknowledgement Form. A copy of each signed form will be kept on file with Swing Education.

v. **Harassment Prevention Training**. Company shall provide sexual harassment and abusive conduct prevention training to all California-based employees in accordance with California Government Code Section 12950.1, as amended by Assembly Bill 1825 and Senate Bill 1343.

(c) **Verification Process**. Swing Education reserves the right to change any of the verification processes described above if such process become impossible or impractical to carry out as described.

(d) **Relationship with SwingSubs**. Swing Education withholds and pays payroll taxes on SwingSub wages but does not exercise any control over their schedules or daily work. School issues work Requests for SwingSubs to fill. School works with SwingSubs on-site and in person and thus has direct oversight of, and feedback and information on, the actions and performance of SwingSubs. Note that Swing Education makes no warranty or representation as to the effectiveness, competence, skill, background, record, or behavior of the SwingSubs beyond what is covered by the Verification Services above.

**2. Acceptance of Related Terms.** By signing this Agreement, you also agree to the terms in any Appendix, Schedule, or Exhibit included with this Agreement as well as: (i) the Standard Service Terms available on the Swing Education website at www.swingeducation.com/st and (ii) the Website Master Terms of Service and Privacy Policy available on the Swing Education Website at www.swingeducation.com/tc. In the event of a conflict of any terms, the terms of this Agreement shall control.

**3. Payments.** Payments will be made to Swing Education according to the following:

(a) **Work Requests, Daily Wage & Hourly Rates.** School shall fill out work Requests for SwingSubs, specifying the work stop and start times for each work day of the Request. The School works with Swing Education via the Website and/or by separate communication with Swing Education and/or as listed below, to designate (i) a “Daily Wage” or “Wages” for the SwingSubs, and/or (ii) an “Hourly Rate” or “Rates” for the SwingSubs. All such Wages and Rates must meet minimum wage requirements. For the avoidance of doubt, School and Swing may change these sub Wages and/or Rates by mutual written consent or in order to ensure compliance with wage and hour laws. The “Half Daily Wage” is 50% of the Daily Wage or as otherwise agreed upon by School and Swing. The Daily Wage applies to any Day over four (4) and no more than eight (8) hours (“Full Day”) and the Half Daily Wage applies to any Day of four (4) hours or less (“Half Day”). A “Short-Term” Request is a Request up to and including 21 days, and a “Long-Term” Request is a Request that exceeds 21 days unless otherwise agreed upon in writing by School and Swing. For Hourly Rate positions, SwingSubs will record their actual hours worked via timesheet. School acknowledges that the hours recorded by the SwingSub in their timesheet, as may be reconciled pursuant to Section 3(e), will serve as the basis for calculating all amounts owed to Swing Education for such positions.

(b) **Service Fee & Amounts Due.** School will also pay Swing Education a Service Fee, which is a designated surcharge percentage of the Daily Wage or Hourly Rate, as applicable. For Hourly Rate positions, the Service Fee will be calculated as a percentage of the Hourly Rate multiplied by the actual hours worked as recorded by the SwingSub in their timesheet, as may be reconciled pursuant to Section 3(e). The "Estimated Daily Amount" is based on the Hourly Rate multiplied by actual hours worked or the Daily Wage or Half Daily Wage (as applicable), plus the Service Fee, for each Day of the Request. Swing Education will adjust each Estimated Daily Amount with relevant surcharges for overtime, to meet applicable minimum wage requirements and/or if SwingSubs are not given legally-required meal or rest breaks to arrive at "Amount Due" for each Day of the Request, for which Swing Education will invoice School. For the avoidance of doubt, Swing Education's Service Fee applies to all compensable time recorded by the SwingSub, regardless of whether such time differs from the hours specified in the original Request.

(c) **Cancellation**. Request(s) accepted by a SwingSub, then canceled by School more than 24 hours before the Request start time, are not subject to any fees. If a Request is canceled by

School less than 24 hours before the Request start time, School shall pay the Amount Due for the first Day of the Request.

(d) **Invoicing.** Payment will be made to Swing Education in accordance with Exhibit A: Payment.

(e) **Deviations from Request.** While SwingSubs will be instructed to track and record their actual time worked, School must also inform Swing Education of any Work Deviations (from School's point of view) between the work times in a Request and actual time worked (including Work Deviations from mandated breaks) by 11:59pm on Friday of the same week of the relevant day for such Work Deviations to be reflected on an invoice, via the appropriate interface on the Platform. SwingSubs shall also have the right to submit such Work Deviations, and the actual invoice will be reconciled using all known facts about the actual time worked.

(f) **Invoice Disputes.** School must identify any invoice item dispute to Swing Education within fourteen (14) days of the invoice date by emailing support@swingeducation.com. Swing Education will review and respond to each dispute within fourteen (14) days of receipt. All known facts about the actual time worked shall be considered in resolving such disputes. Undisputed portions of any invoice remain payable in accordance with this Agreement.

**4. Recruitment & Off-Platform Use; Exclusivity**.

(a) **Recruitment & Off-Platform Use.** If you wish to hire or contract directly with a SwingSub, you agree to pay Swing Education a $2,500 finder's fee. This recruitment fee does not apply to SwingSubs who are: (i) hired at the school full time and (ii) previously worked directly for the School; nor SwingSubs who are: (i) hired at the school full time and (ii) work at District through Swing for more than 60 school days. School shall not issue off-Platform Requests to SwingSubs, including by communicating directly with a SwingSub. Making such an off-platform request is grounds for Termination for Cause. If School wishes to provide an additional (bonus) wage to a SwingSub, School will make prior arrangements with Swing Education by emailing support@swingeducation.com or via other means as directed by Swing Education. Swing Education will invoice School for such additional (bonus) wages. For additional (bonus) wages made through means other than those outlined above, Swing Education will invoice School for such additional (bonus) wage(s) plus an additional $250 administrative fee per occurrence.

(b) **Exclusivity.** During the Term of this Agreement, Swing Education shall be the exclusive third-party provider of Instructional Substitute Teachers (Instructional Substitute Teachers means certified teachers, non-certified paraprofessionals, and/or instructional aids) to School. School shall not engage, contract with, or use any other third-party staffing agency, platform, or service provider to obtain Instructional Substitute Teachers. This exclusivity provision does not restrict School from utilizing its own internal substitute personnel or School district employees. School acknowledges that Swing Education has invested significant resources in developing and maintaining the Platform and Services, and this exclusivity provision is essential to Swing Education's ability to provide cost-effective services. Violation of this exclusivity provision constitutes a material breach of this Agreement and grounds for immediate termination pursuant to Section 5. School agrees that any breach of this exclusivity provision would cause irreparable harm to Swing Education for which monetary damages would be inadequate, and Swing Education shall be entitled to seek equitable relief, including injunctive relief, without the necessity of proving actual damages or posting bond.

**5. Term, Termination, Rollover.**

(a) **Term**. This Agreement shall be in effect for one year from the Effective Date. Thereafter, this Agreement shall automatically renew on a yearly basis unless either party provides written notice of termination at least ninety (90) days prior to the end of the then-current term.

(b) **Termination for Cause**. Notwithstanding the foregoing, either party may terminate this Agreement if (i) the other party breaches a material provision of this Agreement and such breach is not cured within thirty (30) days following written notice thereof; or (ii) in the case of a breach

that by its nature cannot be cured within thirty (30) days, the breaching party has not instituted reasonable measures to cure such breach within ten (10) days and fully cured such breach within ninety (90) days.

(c) **Effect of Termination**. Termination does not extinguish obligations to pay or rights to seek payment for Invoices outstanding under this Agreement. Upon termination, Swing Education shall have 30 days to reconcile all payments due, and return any remaining funds. All or any portion of remaining funds may be used by Swing Education to (i) cure School's default in payment of invoices and (ii) fpay all Amounts Due for all services rendered at the School.

**6. Disclaimer of Warranties.** The Platform & Services are provided "as is" without any warranty and Swing Education expressly disclaims any and all warranties, express, implied or statutory, including warranties of title, noninfringement, merchantability, and fitness for a particular purpose. Except as expressly set forth herein, Swing Education expressly disclaims, and you expressly release Swing Education from, any and all liability whatsoever for any damages, suits, claims and/or controversies that have arisen or may arise from and/or in any way relate to any acts or omissions of users on or off the Platform, including without limitation the provision of any services by any SwingSub. Furthermore, beyond the Verification set forth above and except as expressly set forth herein, Swing Education makes no warranty, representation or condition as to the effectiveness, competence, skill, background, record, or behavior of the SwingSubs. Except as expressly set forth herein (including Swing Education's indemnification obligations under Section 8) you hereby release Swing Education from any and all liability whatsoever for any damages, suits, claims, and/or controversies that have arisen or may arise from and/or in any way relate to any acts or omissions of the SwingSubs while they are engaged by you, on your premises, and/or performing the duties for which you engage with them.

**7. Insurance.** Swing Education shall, at its own cost and expense, acquire and maintain at all times while Swing Education is providing services to School, sufficient insurance to adequately protect the respective interests of the parties, including:

(a) **Commercial General Liability** insurance, including Product Completed Operations, Personal Injury and Advertising Injury insurance of $1M per occurrence, $2M aggregate

(b) **Umbrella Liability** insurance of $2M Each Occurrence and in the Aggregate

(c) **Professional (Errors and Omissions) Liability** insurance covering Swing Education's legal liability for damages arising out of Swing Education's performance of the services of $2M per claim

(d) **Sexual Abuse & Molestation** insurance of $2M per occurrence and $4M in the aggregate

(e) **Workers' Compensation** insurance

(f) Upon School's written request, Swing Education shall (i) name School as an additional insured on its Commercial General Liability policy, (ii) provide School with certificates of insurance evidencing the coverages required under this Section 8, and (iii) provide School with at least thirty (30) days' prior written notice of any cancellation or material change in such policies.

**8. Indemnification and Limitation of Liability.** Swing Education takes its verification responsibilities seriously. Our verification responsibilities are limited to those specifically outlined in Section 1, and we cannot ensure the accuracy of the results we receive from any third party.

(a) **Indemnification by Swing Education.** Swing Education shall indemnify, defend, and hold harmless School and its governing board, officers, employees, and agents from and against any and all third-party claims, demands, losses, damages, liabilities, and expenses (including reasonable attorneys' fees) arising out of or resulting from bodily injury, property damage, or other harm caused by the negligent acts, errors, omissions, or willful misconduct of SwingSubs or other Swing Education employees in connection with the performance of services under this Agreement. This indemnity shall not apply to claims arising from the negligence or misconduct of School or its employees, agents, or representatives.

(b) **Indemnification by School.** School shall indemnify, defend, and hold harmless Swing Education and its affiliates, and each of their respective officers, employees, and agents from and against any and all third-party claims, demands, losses, damages, liabilities, and expenses (including reasonable attorneys' fees) arising out of or resulting from bodily injury, property damage, or other harm caused by the negligent acts, errors, omissions, or willful misconduct of School's employees, agents, or representatives in connection with this Agreement. This indemnity shall not apply to claims arising from the negligence or misconduct of Swing Education, its employees, SwingSubs, or contractors.

(c) **Notice and Cooperation.** The Party seeking indemnification shall promptly notify the indemnifying Party in writing of any claim or threatened claim and shall cooperate fully in the defense and resolution of such claim. Failure to provide prompt notice shall not relieve the indemnifying Party of its obligations except to the extent such failure materially prejudices the indemnifying Party's ability to defend.

(d) **Limitation of Liability.** Each Party's aggregate liability under this Section 8 shall not exceed $3,000,000 or the limits of such Party's applicable insurance coverage, whichever is greater.

(e) **LIMITATION ON DAMAGES.** IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER PARTY FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES, INCLUDING LOSS OF PROFITS, REVENUE, DATA, OR BUSINESS OPPORTUNITY, ARISING OUT OF OR RELATED TO THIS AGREEMENT, REGARDLESS OF THE THEORY OF LIABILITY, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION SHALL NOT APPLY TO DAMAGES ARISING FROM A PARTY'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.

**9. Federal & Other Mandated Obligations to SwingSubs.**

(a) Swing Education is the employer of SwingSubs and is responsible for all applicable state, local and federal payroll taxes, for payment of SwingSubs' wages and maintenance of payroll records, SwingSubs' workers compensation insurance as required by law, and any healthcare and other benefits as required by law. SwingSubs shall not be eligible to participate in any School benefits plans, including without limitation healthcare, retirement, bonus, vacation, severance or otherwise.

(b) While Swing Education will be the employer of SwingSubs, because School determines the schedules of SwingSubs, and oversees and directs them as to the manner and means of work on a daily basis, School agrees to treat SwingSubs similar to employees with respect to all relevant federal and other laws protecting the rights of employees. These obligations include but are not limited to:

(i) Neither School nor Swing shall subject any person to unlawful discrimination based on a protected class including but not limited to race, color, gender, age, religion, national origin, U.S. military veteran status, marital status, sexual orientation, disability, source of income, or political affiliation in programs, activities, services, benefits, or employment in connection with this Agreement.

(ii) Unless otherwise agreed to, School acknowledges that all SwingSubs are hourly, non-exempt employees and that School shall provide compliant meal and rest breaks to SwingSubs.

(iii) School shall provide a safe, clean work environment that complies with all applicable local, state and federal laws, including but not limited to, federal OSHA and equivalent state agency requirements. School agrees to treat SwingSubs in a manner similar to its own employees with respect to any situation which Swing Education cannot address due to the nature of the working relationship of the parties (e.g., Swing Education has no presence on or control of work sites); This includes but is not limited to providing SwingSubs with (i) adequate information, training, and safety equipment with respect to hazardous substances and any inherent dangers of the workplace (including known

violent students, as allowed by applicable law), (ii) emergency procedures, (iii) school rules and protocols, policies and procedures regarding student disciplinary actions, and confidentiality of student records, and (iv) any additional training appropriate to the needs, duties, responsibilities or knowledge unique to the School or otherwise different than would generally be appropriate in other Schools. School Requests will include and incorporate any required training time so that SwingSubs will be compensated for such training.

(iv) School shall promptly report to Swing any suspicious, unusual, inappropriate behavior or unsatisfactory performance and School and Swing will work together to conduct investigation(s) and take any necessary measures as appropriate and in compliance with all relevant laws.

(v) In order to provide certain SwingSubs who are obtaining the required initial or renewal State certifications, depending upon state requirements, School recognizes that it may be required to execute certificate/permit/license applications and other related documents, such as a criminal history request as a representative of or on behalf of the Company. If necessary, the School designates Swing as its designee to submit SwingSub credentials to the county or state department of education office to obtain the SwingSub certifications. School recognizes that it may be required to execute certain documents to allow Swing to perform its function as its designee.

School and Swing shall indemnify and hold each other harmless against and from any claims made or brought by a SwingSub or a third party as a result of the other party's breach of its obligations in this section except in case of a workers' compensation claim finding under which Swing Education's workers' compensation policy will govern.

**10. Third Parties and Subsidiaries.** School understands that Swing Education may use third parties, such as its own subsidiaries, as well as administrative organizations ("ASOs"), and professional employer organizations ("PEOs"), to carry out its obligations under this Agreement.

**11. Notices.** All notices required or permitted under this Agreement shall be in writing and shall be delivered by email or by nationally recognized overnight courier to the addresses set forth on the signature page of this Agreement. Notices shall be deemed given: (a) when sent by email, upon transmission without bounce-back error notification (or, if sent after 5:00 p.m. local time of the recipient, on the next business day); or (b) when sent by nationally recognized overnight courier, one (1) business day after deposit with the courier. Either party may change its notice address by providing written notice to the other party in accordance with this Section.

**12. Assignment.** Neither party may assign this Agreement or any of its rights or obligations hereunder without the prior written consent of the other party, which consent shall not be unreasonably withheld or delayed and shall be provided or denied within fifteen (15) business days of the requesting party's written request (failure to respond within such period shall be deemed consent); provided, however, that Swing Education may assign this Agreement without School's consent to an Affiliate or to a successor entity in connection with a merger, acquisition, corporate reorganization, or sale of all or substantially all of Swing Education's assets, so long as the assignee assumes all of Swing Education's obligations under this Agreement. For purposes of this Section, "Affiliate" means any entity that directly or indirectly controls, is controlled by, or is under common control with Swing Education, where "control" means the ownership of fifty percent (50%) or more of the voting securities or equivalent ownership interest of the controlled entity.

**13. Entire Agreement.** This Agreement constitutes the sole and entire agreement with respect to the subject matter contained herein, and supersedes all others, both written and oral, except as otherwise

explicitly provided above. This Agreement is valid only if signed by School within 60 days of the date this Agreement is first delivered to School by Swing Education.

## Exhibit A: Payment

Swing Education charges a Service Fee or Fees set as a percentage of the Daily Wage or Hourly Rate as applicable, according to the below:

(a) Swing Education will invoice School for Amounts Due on a regular basis. School shall pay all Amounts Due under each invoice within 30 days of the invoice date. Upon execution of this Agreement, Swing Education will invoice the School the Deposit Amount in the amount estimated to accurately approximate the School's total financial obligation (i.e., Amounts Due) for two months of usage of the Platform & Services (the "Deposit Amount"). School shall pay the Deposit Amount within thirty (30) days of the invoice date. If the Deposit Amount is not paid within 30 days, Swing Education reserves the right to suspend or terminate School's use of the Services, or switch the School to another payment option with a higher Service Fee, with notice. The Deposit Amount will be held by Swing Education against Requests that are made by School in the last two calendar months of the School year beginning on May 1 (the "Deposit Period"). During the Deposit Period, Swing Education will draw down against the Deposit Amount for Requests (Swing Education will provide regular usage statements, as a way of maintaining ongoing records). Any funds remaining of the Deposit Amount will be rolled over to the following school year unless: (i) School terminates the Agreement, in which case such funds will be Reimbursed within 30 days after termination, or (ii) School submits a request at www.swingeducation.com/support that such funds be reimbursed. Reimbursement request(s) should be submitted on or before May 31, in which case any remaining funds will be reimbursed as soon as is practical after the Deposit Period, and in no case later than June 30. No interest will accrue or be paid on any of the Deposit Amount, including the remaining funds reimbursed to School. If the Deposit Amount is insufficient to cover the Requests during the Deposit Period, Swing Education will invoice School and School will pay such invoices as provided for above. Swing Education will Invoice the School a Deposit Amount every July beginning the first July immediately proceeding the first Deposit Amount payment; That annual Deposit Amount may be adjusted as appropriate to accurately approximate School usage over two months, and School will pay the annual Deposit Amount within 30 days of Swing Education's Invoice and prior to any services being provided. All invoices submitted by Swing Education shall include the following, to the extent applicable: invoice date, dates of service, description of services provided, applicable daily &/or hourly rates, total payment due, and Swing Education's remittance address and contact information.

(b) Swing Education reserves the right to increase the Deposit Amount during a given school year in order to more accurately approximate School usage over two months based upon actual usage. In such case, Swing Education will invoice the School for the Additional Amount needed to meet the new Deposit Amount. If the Additional Amount is not paid within 30 days, Swing Education reserves the right to suspend or terminate School's use of the Services, or switch School to another payment option with a higher Service Fee, with notice.

(c) School and Swing will work together to decide which SwingSub roles will be designated as a Daily Wage role and which SwingSub roles will be designated as an Hourly Rate role.

(d) Swing Education will charge a Service Fee according to one of the below options:

☐ **Option 1 - Standard Pricing**

Under the Standard Pricing option, the Service Fee is 40%. Current sub pay rates and estimated total rates are indicated in the below chart for easy reference:

| Request Type | | Pay to Sub | Service Fee | Invoice Rate |
|---|---|---|---|---|
| Credentialed Substitute | Full Day | $290 | 40% | $406 |
| | Half Day | $145 | 40% | $203 |

| Request Type | | Pay to Sub | Service Fee | Invoice Rate |
|---|---|---|---|---|
| Long Term Credentialed Substitute | Full Day | $320 | 40% | $448 |
| | Half Day | $160 | 40% | $224 |

| Request Type | | Pay to Sub | Service Fee | Invoice Rate |
|---|---|---|---|---|
| Non-Credentialed Substitute | Full Day | $240 | 40% | $336 |
| | Half Day | $120 | 40% | $168 |

| Request Type | | Pay to Sub | Service Fee | Invoice Rate |
|---|---|---|---|---|
| Long Term Non-Credentialed Substitute | Full Day | $260 | 40% | $364 |
| | Half Day | $130 | 40% | $182 |

☐ **Option 2 - Volume Pricing**

Under the Volume Pricing option, the Service Fee is based on the volume of Filled Days per month. As used in this section, a "Filled Day" means each calendar day on which a SwingSub successfully fills all or any portion of a Request, regardless of whether the SwingSub works a Full Day or a Half Day. For Hourly Rate positions, each calendar day on which a SwingSub records compensable time shall constitute one Filled Day. Swing Education will charge a tiered Service Fee for each Request Filled according to the volume of Filled Days in the applicable month, as outlined below:

| Volume Tiers (applied monthly) | Discount | Total Service Fee | Filled Days Per Month Tier |
|---|---|---|---|
| Tier 1 | 0% | 40% | 0-50 |
| Tier 2 | -2% | 39% | 51-100 |
| Tier 3 | -4% | 38% | 101-150 |
| Tier 4 | -5% | 37% | 151-250 |
| Tier 5 | -6% | 36% | 251-400 |
| Tier 6 | -7% | 35% | 401+ |

**Please note:**

1. The Service Fee is calculated on a marginal basis: each Tier's rate applies only to the Filled Days within that Tier's range.
2. At the end of each month, Swing Education will calculate a single blended average Service Fee percentage, which will be applied uniformly across all Requests filled during that month.
3. Volume tiers reset at the beginning of each calendar month.
4. Unless otherwise specified, the current Request Type(s), Pay-to-Sub Rates per Hour (Hourly Rate), and Pay-to-Sub Rates per Day (Daily Wage) are those listed in the chart in the Standard Pricing section immediately above.

The Service Fee under the Volume Pricing option is determined monthly as a single blended percentage, calculated as follows:

Each volume tier's Service Fee percentage applies to the Filled Days that fall within that tier's range, as set forth in the table above. At the end of each calendar month, Swing Education will calculate a blended average Service Fee percentage by multiplying each tier's Service Fee percentage by the number of Filled Days within that tier's range, summing the results across all applicable tiers, and dividing by the total number of Filled Days for the month. The resulting blended average Service Fee percentage is the Service Fee for that month and will be applied uniformly to all Requests filled during that month, regardless of Request type, Daily Wage, or Hourly Rate. Volume tiers reset at the beginning of each calendar month. If a School who was already billed in a calendar month later reaches a higher volume tier (resulting in a lower blended average Service Fee for that month), Swing Education will reconcile any overpayment as follows:

(a) For Requests filled during that month that have not yet been invoiced, Swing Education will apply the correct blended average Service Fee for that month to such Requests on the applicable invoice;

(b) For Requests filled during that month that have already been invoiced at a higher Service

Fee, Swing Education will issue a credit memo reflecting the difference between the amount previously invoiced and the correct blended average Service Fee for that month, which credit memo will be applied to future invoices; and

(c) Swing Education will regularly review volume thresholds to ensure timely adjustments.

(f) **Late Payments.** Any invoice not paid within 30 days will be considered late. Late payments shall accrue interest at a rate equal to the lesser of 5 percent (5%) per month or the maximum rate permitted by applicable law, from due date until paid, plus Swing Education's reasonable cost of collection. Unless otherwise noted, this Agreement is perpetual from the date signed on page 1. The above bill rate includes all Contractor costs, including but not limited to, Individual State Department of Education Compliance, Administrative Costs, Liability, and Bonding Premium Payments. The bill rate will increase by 4% annually beginning on the subsequent new school year after the signing of this Agreement, regardless of the original signing date of this Agreement, but in all cases, within 12 months of the signing of this Agreement. Neither party is required to continue ordering or servicing, respectively at the conclusion date of this Agreement. Either party may terminate this Agreement upon providing sixty (60) days written notice.

ISS and CLIENT When/if applicable agree that during the effective term of the Agreement, ISS may increase worker pay, subject to the approval of the CLIENT. Such an increase shall be billed by ISS and paid by CLIENT by increasing the bill rates above under job classes. The term CLIENT shall include the CLIENT named on page 1 and any pricing schedules of this Agreement. It shall also include any affiliates, subsidiaries, parent companies, management companies, or related companies. In addition, related staffing or employment companies or professional employment organizations (PEO) companies hired to serve as the employing entity of the CLIENT as defined above shall be considered part of the CLIENT.

Fill Rate Accelerator: ISS uses an order management system identified as the Sub Teacher Source Absence Management System (STS). The Client has the option to increase the rate paid to the substitute for one day or multiple day assignments. This feature is designed to incentivize ISS staff to accept hard to fill CLIENT positions when specified. All increases initiated by the CLIENT will be paid to ISS staff and charged to CLIENT at the exact amount put in and will not include a markup.

**NOW, THEREFORE, the parties agree as follows:**

1. Service and Operation.
    1.1. CLIENT shall not hold ISS responsible or liable for failure to provide staff as requested if prevented by war, labor dispute, fires, acts of God, accidents, or any other causes beyond the control of ISS.
    1.2. Where an ISS substitute has been assigned or has accepted a position, CLIENT must provide a minimum of two (2) hours' notice prior to the start time of any order if that order is canceled. Failure to provide at least two (2) hours' notice for a canceled order will result in the minimum of 1/2-day sub pay rate being billed to the CLIENT.
    1.3. CLIENT agrees to complete a weekly timecard and submit an approved timecard to ISS indicating the time/assignment worked based on the assignment types and any additional pay for bonus, fill rate or overtime. Submission of an approved timecard authorizes ISS to execute payment to substitutes and to invoice CLIENT based on the time/assignment approved. CLIENT shall not be entitled to credits from ISS for errors in approvals, once approved timecards have been finalized, approved and sent to ISS.
    1.4. Substitute staff or any staff assigned at a daily rate or ½ daily rate will be billed to CLIENT for a minimum of ½ day of work for any hours up to 4 hours of work from the worker's reporting to an assignment. Any time that exceeds 4 hours from the worker's reporting will be billed at the full day rate as designated in the rate section of this Agreement.
    1.5. Substitute staff will be counted as Long-Term or Building/District Substitutes based on the initial request from CLIENT or if they are expected to fulfill the duties of a Long-Term Substitute or Building/District Substitute. If for any reason, substitutes are initially requested as daily substitutes or Building/District substitutes for the same classroom for 20 consecutive assignments, they will be deemed as a Long-Term Substitute on the next billable day (billing may be retroactive to this period if subsequently discovered to have met the conditions of a long-term assignment). If CLIENT orders a daily substitute or series of daily substitute orders (regardless of

any individual name) for the same district or school for 2 consecutive weeks, irrespective of the number of days worked, they will be classified as a Building/District Substitute, based on the duties and type of assignment on the following billing cycle.

1.6. Long Term Substitute duties may include, but are not limited to, the following:

The long-term substitute may be responsible for providing classroom coverage for a teacher who is absent for an extended period. The long-term substitute works the regular hours of the absent classroom teacher, if specified, during his/her absence. Essential Duties may include:

1.6.1. Teaches content and skills in subject area utilizing curriculum designated by the Client and other appropriate learning activities.

1.6.2. Develops lesson plans and supplementary materials compatible with the Client's instructional requirements provides individualized and small group instruction to adapt the curriculum to the needs of each student and subgroups of students.

1.6.3. Evaluates academic and social growth of students, prepares report cards, keeps appropriate records to include attendance reports, checklists, census forms, and other recordkeeping activities, as necessary.

1.6.4. Evaluates each student's progress in meeting the course standards.

1.6.5. Establishes and maintains standards of student behavior needed to provide an orderly, productive classroom environment.

1.6.6. Communicates with parents, counselors, and administration on student progress.

1.6.7. Supervises students in assigned out-of-classroom activities during the working day.

1.6.8. Participates in faculty committees and the sponsorship of student activities.

1.6.9. Administers testing in accordance with division testing practices.

1.7. The Building/District substitute is responsible for providing teaching or teacher support to any class in need, except classes requiring special training or certification. CLIENT is responsible for directing the Building/District substitute to the class or building in need of support. The Building/District Substitute is responsible for providing classroom coverage for a teacher that is absent for a short period of time and to work the regular hours of that teacher. If the Building/District substitute is serving in the capacity of a District substitute, the substitute is responsible for floating to school buildings within the district that may be in need, on any given day and will be directed by appropriate district/school staff as to the location of the school and details of the assignment. If any school or district has a consecutive period of ordering at least 1 daily open substitute for a total of 10 consecutive working days, ISS will automatically open a position as a Building/District Substitute, and once that position is filled, the length of service for that filled position will initially be scheduled as a 20-working day cycle. The school can extend that position for as long as they believe the position is needed. If that Building/District substitute serves in the same classroom for 20 consecutive assignments, they will be deemed as a Long-Term Substitute, and the assignment will be switched to Long Term. All staff Classified as District Subs will be billed to the Administration Building or an alternative home building location and allocated internally by CLIENT for accounting purposes.

1.8. If applicable, a paraprofessional substitute may be responsible for providing small group or one-on-one support, assisting a teacher with lessons or classroom activities, and performing related instructional duties as directed by the school administration or supervisory staff. This

includes, but is not limited to, facilitating educational tasks, reinforcing learning concepts, and ensuring a supportive classroom environment conducive to student learning. The paraprofessional will function primarily as an instructional assistant, aiding in educational settings under the supervision of certified staff. Paraprofessional substitutes are not authorized to undertake certain responsibilities. These include toileting or diaper changing duties, safe sleep practices, feeding, leading whole group instruction, developing whole group lesson plans, and intervening in severe behavior situations. Such tasks remain the responsibility of certified teachers or designated personnel trained for these specific roles.

2. Fees

2.1. CLIENT shall pay to ISS ALL CHARGES on or before the due date of each invoice, (as billed and with attached approved staff timecards, signifying CLIENT approval of billed staff time) through the STS portal. ISS will update the CLIENT of the payment entity that will receive banking transactions or receive payment from the CLIENT and this company may be different from ISS. Invoices will be emailed weekly no later than each Wednesday. **All invoice payments must be received by ACH Electronic Payment initiated by CLIENT and received by ISS within fourteen (14) calendar days after receipt of weekly invoice.** ISS reserves the right to cancel or suspend services to client schools with unpaid balances beyond the terms outlined above. In the event of chronic non-funded or late transactions, ISS may declare a material breach of this Agreement and terminate the Agreement.

At the conclusion of the normal school year, all outstanding invoices must be paid in full by the due date established above. ISS shall have the right to terminate subsequent year services to CLIENT if any invoice is unpaid by the due date established in this agreement, inclusive of the final invoice for the school year.

Payments for any Conversion fees associated with the substitute hiring (conversion) or provision contained in Section 5 shall be due within seven (7) Calendar days after invoicing, regardless of regular service payment terms and shall be non-refundable.

If a payment is received and is returned due to non-sufficient funds (NSF), all bank charges and fees associated with any NSF or non-payment or $50, whichever is greater, will be charged to CLIENT. If weekly invoice payments are not received within seven days after the due date of the invoice, CLIENT will be responsible for a five percent (5%) fee on all unpaid funds. Additionally, any payments that are not received 30 days past the original due date of the invoice will be subject to late charges based on 2% per month on invoices meeting this specification. This provision does not prevent ISS from cancelling or suspending services and any charges under this provision are separate from, and in addition to any collection expenditures charged back to CLIENT. These charges where applicable shall revert to the maximum usury rate allowed by law, if lower.

CLIENT will be responsible for any fees that ISS incurs for outside collection agencies, attorneys, court or arbitration fees along with an administrative fee of a minimum of $200 or 5% of the outstanding amount owed, whichever is higher.

All approved timecards or electronic approval of weekly timecards must be submitted within STS, for each assigned substitute or other personnel provided is due to ISS no later than 5 pm on each Friday. If weekly timecards are not approved and returned to ISS via STS by Monday at 10 am, for ISS substitutes or other personnel supplied to CLIENT, ISS reserves the right to suspend services until payroll approval has been given by the Client.

2.2. All Substitute Teachers classified as long-term or long-term building substitutes shall be entitled to all originally assigned days declared as Building Closure days at the school or district determined to be closed by Building Closure. Paid closure days will be based on the school/district closing for a declared building closure for weather or maintenance issues and notification to ISS. ISS will bill for these closure days at the normal billing rate for the classification of that substitute teacher.

2.3. All hourly workers will be paid at 1.5 times their regular rate of pay for hours worked over Eight (8) hours per day and 40 hours per week or at their daily rate of pay, or at the daily overtime equivalent rate based on CLIENT's daily bill rate.

3. Unsatisfactory Performance and Termination of Contractors

3.1. The CLIENT shall report and give notice to ISS of all concerns regarding the conduct or performance of workers supplied to the CLIENT by ISS as soon as possible.

3.2. The CLIENT reserves right to reject any teacher/staff member referred to the CLIENT by ISS, in which case such teacher/staff member shall not be assigned to work at CLIENT.

4. Administration

4.1. It is understood and agreed that ISS is an independent contractor. ISS is responsible for all applicable administrative employment matters. ISS shall pay all applicable salaries, wages, benefits, payroll, and other taxes to or on account of such employee arising out of or resulting from services performed pursuant to this Agreement. CLIENT shall not be liable for the payment of any such salaries, wages, benefits, payroll, or other taxes to or on account of any such employee. ISS staff shall not receive any compensation, benefits, or other amenities in any form from CLIENT, including but not limited to mileage and conference fees. Direct compensation received from CLIENT that has not been approved by ISS, will be interpreted as an unauthorized attempt at conversion and will subject CLIENT to the highest fees stated in section 5, regardless of the number of days completed by that substitute. ISS agrees to hold CLIENT harmless from all out-of-pocket expenses of CLIENT, which CLIENT may suffer because of ISS' failures with respect to the above.

4.2. ISS will comply with all applicable federal, state, and local laws concerning its staff, including, but not limited to, tax laws, laws relating to discrimination, workers compensation, and state Specific Department of Education requirements to work in a the individual state’s public school system, including but not limited to, licenses and certifications as required by the position and providing the information required for the state specific Department of Education. ISS shall work with the Client School in providing all the necessary records needed, at the Client School's request, to meet compliance review audits as required by the Individual State Department of Education, Authorizer, and/or federal and state governments.

4.3. In any state that requires FBI maintained Criminal History Record Information (CHRI) and those records are not housed and managed by a state agency or state law enforcement agency, CLIENT agrees to process “CHRI” fingerprint background information as required by that state department of education or appropriate law enforcement agency responsible for directing those

activities. CLIENT will act and perform duties of a Local Agency Security Officer (LASO) and ISS will be directed to interact with appropriate CLIENT staff serving in that capacity. Upon submission of CHRI submission documents to CLIENT by ISS on behalf of intended staff, CLIENT will immediately issue a “Red Light/Green Light” letter or a similar document indicating the eligibility status of any ISS submitted candidate as it relates to criminal background checks. CLIENT will immediately update ISS upon the successful processing of this data. CLIENT will also in its capacity as LASO, perform fingerprint transfer services for requesting districts for any ISS staff members that are included under CLIENT for LASO services and where CLIENT appointed staff receive a proper fingerprint transfer request. CLIENT staff will maintain CHRIS documentation and update ISS of any subsequent status changes for any ISS staff members that are included under CLIENT for LASO services, including any notifications indicating that staff has become ineligible to provide substitute staffing services. ISS will seek to function as its own LASO in states that allow staffing agencies to do so and where ISS meets the conditions of the office.

4.4. ISS Staff

4.4.1. ISS shall process and pay its staff from ISS' own account, based upon reported hours by CLIENT with respect to the work assignments performed by ISS' workers.

4.4.2. Administration and payment of any applicable workers' benefit plans adopted by ISS and workers' compensation insurance.

4.4.3. COBRA compliance and continuation of health benefits to terminated staff members and dependents of ISS who qualify as applicable.

4.4.4. Completion, reporting, and maintenance of payroll and benefit records, except for recordation of actual hours or days worked for CLIENT, which shall be kept and verified by CLIENT.

4.5. ISS agrees to be responsible for workers' compensation insurance for the staff members assigned to work at CLIENT. If any workers' compensation claim is asserted against CLIENT, CLIENT shall notify ISS within ten (10) days of receipt of claim.

4.6. CLIENT agrees to use the STS portal as its management tool for order entry, order cancellation, timesheet review and approval, and other substitute staffing order management functions. CLIENT also agrees that it will use the STS portal as its sole source for receipt of substitute qualification file submission, related to ISS staff at CLIENT schools. CLIENT shall indicate staff that will be responsible to utilize the STS portal and will not authorize any person outside of District employees and will not authorize any CLIENT employees that do not have a functional need and duty to utilize the STS portal.

4.7. Client recognizes that ISS staff assigned are placed for instructional duties primarily and are not to be re-assigned to roles with primary responsibilities related to janitorial, cleaning, lunch roles, athletic coaching, chaperone duties, preschool childcare, toileting and diaper changing, etc. Additionally, ISS staff will not participate in active athletic participation for any gym or recess activities. CLIENT recognizes that their roles are purely instructional in those instances.

4.8. CLIENT will direct all non-emergency injuries to its school nurse or other assigned school medical professional staff, prior to dispatch to medical clinics or urgent care centers. CLIENT will complete an incident report and immediately contact ISS upon any report of an injury to ISS assigned staff.

4.9. CLIENT school shall be responsible for loss or damage to equipment, computer equipment and software, school documents or other materials furnished by the Client school to ISS substitutes, which may be used on school property or taken off school property. ISS is not liable for any losses or damage to any machinery, equipment, computer hardware, software or any other school property.

4.10. CLIENT agrees to review the photo ID of each arriving substitute teacher to confirm that the arriving substitute teacher matches the assigned substitute teacher. Picture IDs are included in STS.

5. Prohibition Against Hiring or Contracting

5.1. CLIENT recognizes that ISS will incur various costs and expenses related to recruitment, certification, and qualification of staff assigned to CLIENT by ISS. CLIENT agrees that it will not, directly or indirectly, solicit or employ any staff members of ISS or induce any of ISS' staff to leave ISS' employment. This provision and related language under item 5 and sub-provisions thereof and covers any form of employment or contracting directly or indirectly with CLIENT or affiliates whether during business hours or outside of business hours, whether related to the assignment classification or un-related. Prohibitions under item 5 and sub-provisions thereof also include the prohibition of directing of ISS staff to other contractors or vendors of CLIENT, serving in any capacity for CLIENT to diminish or eliminate ISS' ability to conduct commerce with CLIENT or other ISS clients and not have interference with its relationship between ISS and the appointed staff to CLIENT. If ISS staff initiates interest or conversations regarding open positions at the CLIENT or any affiliate of CLIENT or any contractor of CLIENT as they may become aware of while working at CLIENT location or remotely for CLIENT, CLIENT will refrain from engaging in such discussions and will refer ISS staff member to appropriate ISS representatives as well as update ISS as to the nature of the inquiry. All violations of the prior circumstances or similar circumstances will subject the CLIENT to the fees outlined in section 5.2 of this Agreement.

5.2. If CLIENT or any affiliate or related party of CLIENT employs, solicits, discusses, or directs ISS staff member to other vendors, agencies or any other arrangement of providing services to CLIENT other than through the contractual arrangement between ISS and CLIENT without prior ISS approval, either directly or indirectly prior to the staff member(s) completing a minimum of 160 working days within three (3) consecutive school semesters and proper notice to ISS, CLIENT agrees to pay STS $17,500 dollars per staff member hired, solicited or directed by your organization, which shall represent reimbursement to ISS for the costs and expenses incurred as noted above. CLIENT must notify and give at least 30 days' notice of its intent to convert ISS staff whether the staff member has fulfilled the time requirement or not.

5.3. CLIENT shall be given the option to hire a contracted ISS staff member through ISS once that staff member completes a minimum of 90 working days, but less than 160 working days within the same school year. CLIENT agrees to pay ISS $7,500 dollars per staff member hired during a communicated plan with the appropriate ISS Management and codified in writing. If CLIENT employs, solicits, discusses, or directs any ISS staff member to other vendors, agencies or any other arrangement of providing services to CLIENT other than through the contractual arrangement between ISS and CLIENT or without the prior knowledge and approval of ISS, CLIENT will be subject to the fees outlined in section 5.2 of this Agreement. CLIENT must notify and give at least 30 days' notice of its intent to convert ISS staff whether the staff member has fulfilled the time requirement or not.

5.4. If any current or prior staff of ISS that has been introduced to CLIENT, including but not limited to a placement for an assignment or interview, terminates their work relationship with ISS voluntarily or involuntarily, CLIENT or any affiliate or related party of CLIENT shall be prohibited from hiring such Contractor for a period of one (1) year following the conclusion of the last day of their work relationship with ISS whether placed at CLIENT or any affiliate or related party of CLIENT or any other CLIENT of ISS at the time of termination. Violation of this clause will make the Client subject to the fees referenced in section 5.2 of this Agreement.

5.5. Direct Hire Services- Prior to the introduction of a staff member from ISS to CLIENT, CLIENT may opt to hire staff directly from a current pool of ISS educational staff members or candidates that ISS is engaged to recruit for specific positions for CLIENT. In those cases, CLIENT agrees to a fee arrangement of 25% of the first year agreed to salary or annualized compensation for an hourly employee. In all cases, this fee will be at a minimum of $10,000, regardless of the negotiated compensation. CLIENT will be allowed one replacement if requested in the first 60 days of employment and with the timely payment of Direct Hire Fees. Any hiring request must be in writing and accompanied by a job description, compensation package, start date and hiring protocol of CLIENT. If CLIENT refuses to conduct an active and engaged selection process in the estimation of ISS, the engagement for that position may be discontinued by ISS without any further responsibilities by ISS for continued search or recruiting efforts by ISS, solely based on the judgement of ISS. Specialized searches and Executive level searches that CLIENT may request would be outside of the scope of this agreement and would require an amendment to this agreement. Staff members that have been assigned to CLIENT prior to the request to consider for a position covered under this section will be referred to sections 5.1 through 5.4. CLIENT may not consider staffing management personnel, such as account managers, recruiters, payroll and accounting representatives and others responsible for delivering overall staffing services to CLIENT, for direct hire or other employment relationships, without the written approval of Senior Management of ISS.

6. Student Records ISS understands that it may have access to Client School's student records and other personally identifiable information regarding its students ("education records") that are protected by the Family Educational Rights and Privacy Act of 1974 ("FERPA"), 20 U.S.C. §1232(g), and its implementing regulations, 34 C.F.R. §99.1 et seq. ISS warrants that all substitutes are provided with and instructed on the requirements of FERPA.

7. Indemnification To the extent permitted by law, the Client School will defend, indemnify and hold harmless ISS and all its officers, managers, members, Contractors, agents, and representatives from and against any and all claims, liabilities, damages, losses, costs, and expenses (including litigation expenses and reasonable attorneys' fees) arising out of or resulting from the breach of any representation, warranted by the CLIENT school of this Agreement. CLIENT will indemnify ISS for any bodily injury claims asserted by students, their parents or representatives, CLIENT personnel or business invitees or other third parties from actions of assigned staff by ISS. These indemnification obligations shall survive termination of the Agreement.

8. Insurance ISS or its affiliates shall present evidence to the Client School that it maintains the requisite insurance. The insurance policy shall provide that the Client School receives from the insurer a minimum of thirty (30) days written notice of termination or change of said policies. The Client School shall be named as additional insured. ISS shall maintain the following insurance:

8.1. General Liability-ISS shall maintain separate general liability insurance, as applicable. General liability insurance must have at least $1,000,000 coverage per occurrence.

9. Arbitration Any and all disputes between the parties concerning any alleged breach of this Agreement or arising out of or relating to the interpretation of this Agreement shall first be communicated in writing to the other party and mutually discussed between the parties with an opportunity to cure. If no resolution can be ascertained through that mutual discussion, then the matter will be submitted to a single arbiter mutually agreed upon by the parties, or if no single arbiter can be agreed upon, an arbiter shall be selected in accordance with the rules of the American Arbitration Association and such dispute, difference, or disagreement shall be settled by arbitration in accordance with the then prevailing Commercial Rules of the American Arbitration Association.

9.1. The arbitration shall be conducted at the Detroit office of the American Arbitration Association. Any award, order, or judgment made pursuant to the arbitration shall be deemed final and may be entered by either party in any court having authority over the enforcement of the award or judgment. The parties agree to submit to the jurisdiction of any appropriate court for purposes of enforcement of the award, order, or judgment.

9.2. The arbitrator's award, which shall include a written explanation as to the final decision and award, shall be final and binding.

10. Interpretation Competent businesspersons are entering into this Agreement, and the parties have reviewed this Agreement. Therefore, any ambiguous language will not be construed against the drafter of this Agreement. The parties intend that this Agreement shall be construed and interpreted in a consistent manner.

11. Reasonable Attorney and Arbitration Filing Fees If a dispute arises between the CLIENT and ISS, the prevailing party may be awarded reasonable attorney fees and costs as well as Arbitration Filing and Registration fees incurred while advocating its case.

12. Governing Law This Agreement shall be construed in accordance with Michigan law.

13. Entire Agreement and Amendments This Agreement constitutes the entire Agreement between the parties with respect to the subject matter, and no other agreement, statement, promise or practice between the parties expands or alter the terms of this Agreement. Only a written instrument signed by the parties may modify this Agreement.

14. Partial Invalidity Should any term, warrant, covenant, condition or provision of this Agreement be held to be invalid or unenforceable, the balance of this Agreement shall remain in full force and effect as if the unenforceable part did not exist.

15. Captions The captions and paragraph headings in this Agreement are for reference only and shall not be considered in the interpretation of this Agreement.

16. Modifications No changes or modifications of this Agreement shall be valid unless it is in writings and signed by both parties.

17. Contagious Disease Provisions At any school or district requiring placed staff to work from a district or school facility where students or staff are present in addition to ISS placed staff members, and the following shall apply. If any placed staff is forced to quarantine at home and is unable to work from

home (due to illness symptoms related to a declared local or national communicable disease outbreak or other Federal Center for Disease Control health outbreak warning) while on assignment at the school/district, where the exposure can be directly traced to the school/district, CUSTOMER will be billed for that staff member's equivalent assignment category for the period recommended by the state health department or Centers for Disease Control in the absence of State Health Department guidance. If any placed staff is notified after the period of their assignment that there was a potential exposure during their assignment at the school/district that necessitates a period of quarantine, CUSTOMER will be billed for that staff member's equivalent assignment category for the period recommended by the state health department or Centers for Disease Control in the absence of State Health Department guidance. CLIENT will immediately notify ISS of any outbreaks at that district or school, occurring within the School District, whether occurring on a student, staff member, or vendor that has been in contact with the district. CLIENT will also enforce the State Health Department best practices and provisions to reduce infection transmission, such as hand washing, mask wearing and social distancing. ## GENERAL PROVISIONS

### 1. MASTER CONTRACT

This Master Contract (or "Contract") is entered into on July 1, 2026, between Amethod Public Schools, hereinafter referred to as the local educational agency ("LEA"), a member of the El Dorado Charter SELPA and Aya Healthcare, Inc. (nonpublic, nonsectarian school or agency), hereinafter referred to as NPS/A or "CONTRACTOR" for the purpose of providing special education and/or related services to students with exceptional needs under the authorization of California Education Code sections 56157, 56361 and 56365 *et seq*. and Title 5 of the California Code of Regulations section 3000 *et seq*., AB 490 (Chapter 862, Statutes of 2003) and AB 1858 (Chapter 914, Statutes of 2004). It is understood that this agreement does not commit the LEA to pay for special education and/or related services provided to any student, or CONTRACTOR to provide such special education and/or related services, unless and until an authorized LEA representative approves the provision of special education and/or related services by CONTRACTOR.

Upon acceptance of a student, LEA shall submit to CONTRACTOR an Individual Service Agreement (hereinafter referred to as "ISA"). Unless otherwise agreed in writing, these forms shall acknowledge CONTRACTOR's obligation to provide all relevant services specified in the student's Individualized Education Program (hereinafter referred to as "IEP"). The ISA shall be executed within ninety (90) days of a student's enrollment. LEA and CONTRACTOR shall enter into an ISA for each student served by CONTRACTOR. As available and appropriate, the LEA shall make available access to any electronic IEP system and/or electronic database for the development of the ISA and invoices.

Unless placement and/or services is made pursuant to an Office of Administrative Hearings (hereinafter referred to as "OAH") order, a lawfully executed settlement agreement between LEA and parent or authorized by LEA for a transfer student pursuant to California Education Code section 56325, LEA is not responsible for the costs associated with NPS placement or NPS/A services until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent.

### 2. CERTIFICATION AND LICENSES

CONTRACTOR shall be certified by the California Department of Education (hereinafter referred to as "CDE") as a NPS/A. All NPS/A services shall be provided consistent with the area of certification and licensure specified by CDE Certification and as defined in California Education Code, section 56366 et seq and within the professional scope of practice of each provider's license, certification, and/or credential. A current copy of CONTRACTOR's NPS/A certification or a waiver of such certification issued by the CDE pursuant to Education Code section 56366.2 must be provided to LEA on or before the date this Agreement is executed by CONTRACTOR. This Master Contract shall be null and void if such certification or waiver is expired, revoked, rescinded, or otherwise nullified during the effective period of this Master Contract.

Total student enrollment shall be limited to capacity as stated on CDE certification and in Section 24 of the Master Contract.

In addition to meeting the certification requirements of the State of California, a CONTRACTOR that operates a program outside of this State shall be certified and all staff persons providing services to pupils shall be certified and/or licensed by that state to provide, respectively, special education and related services and designated instruction and related services to pupils under the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.).

If CONTRACTOR is a licensed children's institution (hereinafter referred to as "LCI"), CONTRACTOR shall be licensed by the state, or other public agency having delegated authority by contract with the state to license, to provide nonmedical care room and board to children, including, but not limited to, individuals with exceptional needs. The LCI must also comply with all licensing requirements relevant to the protection of the child, and have a special permit, if necessary, to meet the needs of each child so placed. If the CONTRACTOR operates a program outside of this State, CONTRACTOR must obtain all required licenses from the appropriate licensing agency in both California and in the state where the LCI is located.

With respect to CONTRACTOR's certification, failure to notify the LEA and CDE in writing of any changes in: (1) credentialed/licensed staff; (2) ownership; (3) management and/or control of the agency; (4) major modification or relocation of facilities; or (5) significant modification of the program may result in the suspension or revocation of CDE certification and/or suspension or termination of this Master Contract by the LEA.

## 3. COMPLIANCE WITH LAWS, STATUTES, REGULATIONS

During the term of this Master Contract, unless otherwise agreed, CONTRACTOR shall comply with all applicable federal, state, and local statutes, laws, ordinances, rules, policies and regulations. CONTRACTOR shall also comply with all applicable LEA policies and procedures unless, taking into consideration all of the surrounding facts and circumstances, a policy or policies or a portion of a policy does not reasonably apply to CONTRACTOR. CONTRACTOR hereby acknowledges and agrees that it accepts all risks and responsibilities for its failure to comply with LEA policies and shall indemnify LEA under the provisions of Section 16 of this Agreement for all liability, loss, damage and expense (including reasonable attorneys' fees) resulting from or arising out of CONTRACTOR's failure to comply with applicable LEA policies (e.g., those policies relating to; the provision of special education and/or related services, facilities for individuals with exceptional needs, student enrollment and transfer, student inactive status, corporal punishment, student discipline, and positive behavior interventions).

CONTRACTOR acknowledges and understands that LEA may report to the CDE any violations of the provisions of this Master Contract; and that this may result in the suspension and/or revocation of CDE nonpublic school/agency certification pursuant to California Education Code section 56366.4(a).

## 4. TERM OF MASTER CONTRACT

The term of this Master Contract shall be from July 1, 2026, to June 30, 2027 (Title 5 California Code of Regulations section 3062(a)) unless otherwise stated. Neither the CONTRACTOR nor the LEA is required to renew this Master Contract in subsequent contract years. The parties acknowledge that any subsequent Master Contract is to be re-negotiated prior to June 30, 2027 (Title 5 California Code of Regulations section 3062(d)). In the event the contract negotiations are not agreed to by June 30th, the most recently executed Master Contract will remain in effect for 90 days (Education Code 56366(c)(1)). If, after 60 days the Master Contract or individual services agreement has not been finalized, as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent of schools is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract; or the Superintendent, if the county superintendent of schools is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent of schools or the Superintendent, or the individual designee, shall mediate the formulation of a contract, which shall be binding upon both parties (Education Code 56366 (c) (2)). No

Master Contract will be offered unless and until all of the contracting requirements have been satisfied. The offer of a Master Contract to a CONTRACTOR is at the sole discretion of the LEA.

The provisions of this Master Contract apply to CONTRACTOR and any of its employees or independent contractors. Notice of any change in CONTRACTOR's ownership or authorized representative shall be provided in writing to LEA within thirty (30) calendar days of change of ownership or change of authorized representative.

CONTRACTOR shall provide the LEA with information as requested in writing to secure a Master Contract or a renewal.

At a minimum, such information shall include copies of current teacher credentials and clearance, insurance documentation, and CDE certification. The LEA may require additional information as applicable. If the application packet is not completed and returned to District, no Master Contract will be issued. If CONTRACTOR does not return the Master Contract to LEA duly signed by an authorized representative within ninety (90) calendar days of issuance by LEA, the new contract rates will not take effect until the newly executed Master Contract is received by LEA and will not be retroactive to the first day of the new Master Contract's effective date. If CONTRACTOR fails to execute the new Master Contract within such ninety-day period, all payments shall cease until such time as the new Master Contract for the current school year is signed and returned to LEA by CONTRACTOR. (California Education Code section 56366(c)(1) and (2)). In the event that this Master Contract expires or terminates, CONTRACTOR shall continue to be bound to all of the terms and conditions of the most recent executed Master Contract between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized students at the discretion of the LEA

**6. INDIVIDUAL SERVICE AGREEMENT ("ISA")**

This Agreement shall include an ISA developed for each student to whom CONTRACTOR is to provide special education and/or related services. An ISA shall only be issued for students enrolled with the approval of the LEA pursuant to Education Code section 56366 (a)(2)(A). An ISA may be effective for more than one contract year provided that there is a concurrent Master Contract in effect. In the event that this Master Contract expires or terminates, CONTRACTOR, shall continue to be bound to all of the terms and conditions of the most recent executed ISAs between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized students.

Any and all changes to a student's educational placement/program provided under this Master Contract and/or an ISA shall be made solely on the basis of a revision to the student's IEP or by written agreement between the parent and LEA. At any time during the term of this Master Contract, a student's parent, CONTRACTOR, or LEA may request a review of a student's IEP subject to all procedural safeguards required by law.

Unless otherwise provided in this Master Contract, the CONTRACTOR shall provide all services specified in the IEP unless the CONTRACTOR and the LEA agree otherwise in the ISA. (California Education Code sections 56366(a) (5) and 3062(e)). In the event the CONTRACTOR is unable to provide a specific service at any time during the life of the ISA, the CONTRACTOR shall notify the LEA in writing within five (5) business days of the last date a service was provided. CONTRACTOR shall provide any and all subsequent compensatory service hours awarded to student as a result of lack of provision of services while student was served by the NPS/A.

If a parent or LEA contests the termination of an ISA by initiating a due process proceeding with the OAH, CONTRACTOR shall abide by the "stay-put" requirement of state and federal law unless the parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code. CONTRACTOR shall adhere to all LEA requirements concerning changes in placement.

Disagreements between LEA and CONTRACTOR concerning the formulation of an ISA or the Master Contract may be appealed to the County Superintendent of Schools of the County where the LEA is located, or the State Superintendent of Public Instruction pursuant to the provisions of California Education Code section 56366(c) (2).

CONTRACTOR shall provide to LEA upon request a copy of its current bylaws and a current list of its Board of Directors (or Trustees), if it is incorporated. CONTRACTOR and any member of its Board of Directors (or Trustees) shall disclose any relationship with LEA that constitutes or may constitute a conflict of interest pursuant to California Education Code section 56042 and Government Code Section 1090 including, but not limited to, employment with LEA, provision of private party assessments and/or reports, and attendance at IEP team meetings acting as a student's advocate. Pursuant to California Education code section 56042, an attorney or advocate for a parent of an individual with exceptional needs shall not recommend placement at CONTRACTOR's facility if the attorney or advocate is employed or contracted by the CONTRACTOR, or will receive a benefit from the CONTRACTOR, or otherwise has a conflict of interest.

The LEA shall neither execute an ISA with CONTRACTOR nor amend an existing ISA for a student when a recommendation for special education and/or related services is based in whole or in part on assessment(s) or reports provided by CONTRACTOR to the student without prior written authorization by LEA. This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report is prepared (i.e., before or after the student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the student is performed or a report is prepared in the normal course of the services provided to the student by CONTRACTOR. To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may not fund services through the evaluator whose IEE the LEA agrees to fund. When no other appropriate assessor is available, LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall not admit a student living within the jurisdictional boundaries of the LEA on a private pay or tuition free "scholarship" basis and concurrently or subsequently advise/request parent(s) to pursue funding for the admitted school year from the LEA through due process proceedings.

**20. NON-DISCRIMINATION**

CONTRACTOR shall not, in employment or operation of its programs, unlawfully discriminate on the basis of gender, nationality, national origin, ancestry, race, color, ethnicity, ethnic group affiliation, religion, age, marital status, pregnancy or parental status, sex, sexual orientation, gender, gender identity or expression, physical or mental disability, genetic information or any other classification protected by federal or state law or the perception of one or more of such characteristics or association with a person or group with one or more of these actual or perceived characteristics.

## EDUCATIONAL PROGRAM

The LEA shall provide CONTRACTOR with a copy of the IEP including the Individualized Transition Plan (hereinafter referred to as "ITP") of each student served by CONTRACTOR. CONTRACTOR shall provide special education and/or related services (including transition services) to each student within the NPS/A consistent with the student's IEP and as specified in the ISA. If CONTRACTOR is a NPS, CONTRACTOR shall not accept a student if it cannot provide or ensure the provision of the services outlined in the student's IEP. If student services are provided by a third party (i.e. Related Services Provider), CONTRACTOR shall notify LEA if provision of services cease.

Unless otherwise agreed to between CONTRACTOR and LEA, CONTRACTOR shall be responsible for the provision of all appropriate supplies, equipment, and/or facilities, as specified in the student's IEP and ISA. LEA shall provide low incidence equipment for eligible students with low incidence disabilities when specified in the student's IEP and ISA. Such equipment remains the property of the SELPA/LEA and shall be returned to the SELPA/LEA when the IEP team determines the equipment is no longer needed or when the student is no longer enrolled in the NPS. CONTRACTOR shall ensure that facilities are adequate to provide LEA students with an environment which meets all pertinent health and safety regulations. CONTRACTOR shall adhere to all LEA requirements concerning parent acknowledgment of financial responsibility.

CONTRACTOR shall not award a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

When CONTRACTOR is a NPA and/or related services provider, CONTRACTOR's general program of instruction and/or services shall utilize evidence-based practices and be consistent with LEA and CDE guidelines and certification, and provided as specified in the student's IEP and ISA. The NPA providing Behavior Intervention services shall develop a written plan that specifies the nature of their NPA service for each student within thirty (30) days of enrollment and shall be provided in writing to the LEA. School-based services may not be unilaterally converted by CONTRACTOR to a substitute program or provided at a location not specifically authorized by the IEP team. Except for services provided by a CONTRACTOR that is a Licensed Children's Institution (LCI), all services not provided in the school setting require the presence of a parent, guardian or adult caregiver during the delivery of services, provided such guardian or caregiver have a signed authorization by the parent or legal guardian to authorize emergency services as requested. LCI CONTRACTORS shall ensure that appropriate and qualified residential or clinical staff is present during the provision of services under this Master Contract. CONTRACTOR shall immediately notify LEA in writing if no parent, guardian or adult caregiver is present. CONTRACTOR shall provide to LEA a written description of the services and location provided prior to the effective date of this Master Contract. **24. CLASS SIZE**

When CONTRACTOR is a NPS, CONTRACTOR shall ensure that class size shall not exceed a ratio of one teacher per twelve (12) students, unless CONTRACTOR and LEA agree otherwise in writing. Upon prior written approval by an authorized LEA representative, class size may be temporarily increased by a ratio of 1 teacher to fourteen (14) students when necessary, during the regular or extended school year to provide services to students with disabilities.

In the event a NPS is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the CDE Certification of that school, the NPS shall develop a plan to ensure appropriate coverage of students by first utilizing existing certificated staff. The NPS and the LEA may agree to one 30 school day period per contract year where class size may be increased to ensure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a NPA.

CONTRACTOR providing special education instruction for individuals with exceptional needs between the ages of three and five years, inclusive, shall also comply with the appropriate instructional adult to child ratios pursuant to California Education Code sections 56440 et seq.

**25. CALENDARS**

When CONTRACTOR is an NPS, CONTRACTOR shall submit to the LEA/SELPA a school year calendar with the total number of billable days not to exceed one hundred and eighty (180) days for the regular school year, plus twenty (20) extended school year billable days or the equivalent number of days as the LEA's extended school year calendar, if different. Billable days shall include only those days that are included on the submitted and approved school calendar, and/or required by the IEP (developed by the LEA) for each student. CONTRACTOR shall not be allowed to change its school calendar and/or amend the number of billable days without the prior written approval of the LEA. CONTRACTOR must submit any calendar changes to LEA in writing at least ten (10) business days prior to proposed change in order to be eligible for payment based upon the new calendar, if approved. Nothing in this Master Contract shall be interpreted to require the LEA to accept any requests for calendar changes.

Unless otherwise specified by the student's IEP or ISA, educational services shall occur at the school site. A student shall only be eligible for extended school year services as determined by the IEP team and the provision of such is specifically included in the ISA. Extended school year shall consist of twenty (20) instructional days, unless otherwise agreed upon by the IEP team convened by the LEA. Any days of extended school year in excess of twenty (20) billable days must be mutually agreed to, in writing, prior to the start of the extended school year.

Student must have actually been in attendance during the regular school year and/or during extended school year and received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPS service. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

CONTRACTOR shall observe the same legal holidays as LEA. Those holidays are Labor Day, Veteran's Day, Thanksgiving Day, Christmas Day, New Year's Day, Martin Luther King Jr. Day, President's Day, Memorial Day, Juneteenth, and Independence Day. With the approval of LEA, CONTRACTOR may revise the date upon which CONTRACTOR closes in observance of any of the holidays observed by the LEA.

CONTRACTOR herein agrees to observe holidays as specified in the LEA-developed/approved calendar. CONTRACTOR shall provide services pursuant to the LEA-developed/approved calendar; or as specified in the LEA student's IEP and ISA. Unless otherwise specified

in the LEA student's ISA, CONTRACTOR shall provide related services to LEA students on only those days that the LEA student's school of attendance is in session and the LEA student attends school. CONTRACTOR shall bill only for services provided on billable days of attendance as indicated on the LEA calendar unless CONTRACTOR and the LEA agree otherwise, in writing. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

**26. DATA REPORTING**

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate software, user training and proper internet permissions to allow adequate access.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

**27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT**

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

**28. STATEWIDE ACHIEVEMENT TESTING**

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), the Alternative English Language Proficiency Assessments for California ("Alternative ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

**29. MANDATED ATTENDANCE AT LEA MEETINGS**

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

**30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS**

CONTRACTOR shall comply with the requirements of Education Code sections 49000, *et seq.,* 49005, *et seq*., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with state and federal law and implementing regulations. If the IEP team determines that a student's behavior impedes the individual learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Emergency interventions are those interventions used with a student during the time they present a serious, dangerous behavior that staff has determined to be present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique. Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency intervention is used ; or when a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. A behavior emergency report form must be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall also notify Parent within twenty-four (24) hours via telephone. If the student's IEP

does not contain a BIP, CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If applicable, the IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both. If the student already has a BIP, and the incident involved a previously unseen or new serious behavior, or if preexisting behavioral interventions in the BIP were ineffective, CONTRACTOR shall schedule with LEA an IEP meeting to review and determine the need to modify the BIP.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;
9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code sections 49005.8, 56521.1 and 56521.2. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone restraint, including but not limited to prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

**31. STUDENT DISCIPLINE**

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

When CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth ($10^{th}$) day of suspension

**32. IEP TEAM MEETINGS**

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052; (2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of the individual IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. CONTRACTOR shall provide to LEA assessments and written assessment reports by service providers upon request and/or pursuant to LEA policy and procedures. It is understood that attendance at an IEP meeting is part of CONTRACTOR'S professional responsibility and is not a billable service under this Master Contract.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the

system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

If CONTRACTOR is an NPS, CONTRACTOR shall ensure private and confidential communication, including telecommunication, between a pupil of the NPS and members of the pupil's IEP team and the CDE's Constituent Services Office, at the pupil's discretion.

The LEA shall annually notify the CONTRACTOR who the LEA has designated as the educational liaison for foster children. When a pupil in foster care is enrolled in a NPS by the LEA any time after the completion of the pupil's second year of high school, the CONTRACTOR shall schedule the pupil in courses leading towards graduation based on the diploma requirements of the LEA unless provided notice otherwise in writing pursuant to Section 51225.1.

**34. DUE PROCESS PROCEEDINGS**

CONTRACTOR shall fully participate in special education due process proceedings including mediations and hearings, as requested by LEA. Participation further includes the willingness to make CONTRACTOR's staff available for witness preparation and testimony as is necessary to facilitate a due process hearing. CONTRACTOR shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency. Full participation shall include, but in no way be limited to, cooperating with LEA representatives to provide complete answers raised by any investigator and/or the immediate provision of any and all documentation that pertains to the operation of CONTRACTOR's program and/or the implementation of a particular student's IEP/Individual and Family Service Plan ("IFSP").

**35. COMPLAINT PROCEDURES**

CONTRACTOR shall maintain and adhere to its own written procedures for responding to parent complaints. CONTRACTOR shall include verification of these procedures to the LEA. CONTRACTOR shall immediately notify LEA of any complaints filed against it related to LEA students and provide LEA with all documentation related to the complaints and/or its investigation of complaints, including any and all reports generated as a result of an investigation.

## 36. STUDENT PROGRESS REPORTS/REPORT CARDS AND ASSESSMENTS

Unless LEA requests in writing that progress reports be provided on a monthly basis, CONTRACTOR shall provide to parents at least four (4) written progress reports/report cards. At a minimum, progress reports shall include progress over time towards IEP goals and objectives. A copy of the progress reports/report cards shall be maintained at the CONTRACTOR's place of business and shall be submitted to the LEA and LEA student's parent(s) quarterly.

The CONTRACTOR shall also provide an LEA representative access to supporting documentation used to determine progress on any goal or objective, including but not limited to log sheets, observation notes, data sheets, pre/post tests, rubrics and other similar data collection used to determine progress or lack of progress on approved goals, objectives, transition plans or behavior intervention plans. The LEA may request such data at any time within five (5) years of the date of service. The CONTRACTOR shall provide this data supporting progress within five (5) business days of request. Additional time may be granted as needed by the LEA.

CONTRACTOR shall complete academic or other evaluations of the student ten (10) days prior to the student's annual or triennial review IEP team meeting for the purpose of reporting the student's present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA's sole discretion.

It is understood that all billable hours must be in direct services to pupils as specified in the ISA. For NPA services, supervision provided by a qualified individual as specified in Title 5 Regulation, subsection 3065, shall be determined as appropriate and included in the ISA. The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. If the individualized education program team determines that the pupil would benefit from the postponement of the inclusion of appropriate measurable postsecondary goals and transition services until 16 years of age, rather than when the pupil begins their high school experience, the individualized education program team shall appropriately justify the basis for that postponement. (EC section 56043(h).)

In addition, final payment may be withheld by the LEA until completion of a review or audit, if deemed necessary by the LEA. Such review or audit will be completed within ninety (90) days. The final payment may be adjusted to offset any previous payments to the CONTRACTOR

determined to have been paid in error or in anticipation of correction of documentation deficiencies by the CONTRACTOR that remain uncorrected.

The amount which may be withheld by LEA with respect to each of the subparagraphs of the preceding paragraph are as follows: (a) the value of the service CONTRACTOR failed to perform; (b) the amount of overpayment; (c) the portion of the invoice for which satisfactory documentation has not been provided by CONTRACTOR; (d) the amount invoiced for services provided by the individual not appropriately credentialed, licensed, or otherwise qualified; (e) the proportionate amount of the invoice related to the applicable pupil for the time period from the date the violation occurred and until the violation is cured; or (f) the amount paid to CONTRACTOR by Medi-Cal or another agency or funding source for the service provided to the student.

If LEA determines that cause exists to withhold payment to CONTRACTOR, LEA shall, within ten (10) business days of this determination, provide to CONTRACTOR written notice that LEA is withholding payment. Such notice shall specify the basis or bases for LEA's withholding payment and the amount to be withheld. Within thirty (30) days from the date of receipt of such notice, CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies that form the basis for LEA's withholding payment or submit a written request for extension of time to correct the deficiencies or submit to LEA written documentation demonstrating that the basis or bases cited by the LEA for withholding payment is unfounded. Upon receipt of CONTRACTOR's written request showing good cause, LEA shall extend CONTRACTOR's time to correct deficiencies (usually an additional thirty (30) days), otherwise payment will be denied.

If after subsequent request for payment has been denied and CONTRACTOR believes that payment should not be withheld, CONTRACTOR shall send written notice to LEA specifying the reason it believes payment should not be withheld. LEA shall respond to CONTRACTOR's notice within thirty (30) business days by indicating that a warrant for the amount of payment will be made or stating the reason LEA believes payment should not be made. If LEA fails to respond within thirty (30) business days or a dispute regarding the withholding of payment continues after the LEA's response to CONTRACTOR's notice, CONTRACTOR may invoke the following escalation policy.

After forty-five (45) business days: The CONTRACTOR may notify the Authorized LEA's Representative of the dispute in writing. The LEA Authorized Representative shall respond to the CONTRACTOR in writing within fifteen (15) business days.

After sixty (60) business days: The LEA or CONTRACTOR may appeal to the County Superintendent of Schools so long as the County Superintendent of Schools is not participating in the Local Plan involved in the NPS/A contract, or a mutually agreed upon mediator. Both parties agree to pay for their own costs and expenses arising out of such mediation. Each party agrees to act in good faith in participating in any mediation process agreed to by the parties.

## 58. PAYMENT FROM OUTSIDE AGENCIES

CONTRACTOR shall notify LEA when Medi-Cal or any other agency is billed for the costs associated with the provision of special education and/or related services to students. Upon request, CONTRACTOR shall provide to LEA any and all documentation regarding reports, billing, and/or payment by Medi-Cal or any other agency for the costs associated with the provision of special education and/or related services to students. CONTRACTOR shall provide prior written notice of the rights and protections required by Title 34 of the Code of Federal Regulations section 300.154(d) whenever it seeks to use the LEA students' public benefits to pay for special education and related services. Such notice shall be provided before seeking payment from Medi-Cal for the first time and annually.

## 59. PAYMENT FOR ABSENCES

NONPUBLIC SCHOOL STAFF ABSENCE

Whenever a classroom teacher employed by CONTRACTOR is absent, CONTRACTOR shall provide an appropriately credentialed substitute teacher in the absent teacher's classroom in accordance with California Education Code section 56061. CONTRACTOR shall provide to LEA documentation of substitute coverage pursuant to the LEA Procedures. Substitute teachers shall remain with their assigned class during all instructional time. LEA will not pay for instruction and/or services unless said instruction or service is provided by an appropriately credentialed substitute teacher.

Whenever a related service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute. LEA will not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided unless otherwise agreed in student's IEP.

NONPUBLIC SCHOOL STUDENT ABSENCE

If CONTRACTOR is a nonpublic school, no later than the tenth ($10^{th}$) cumulative day of a student's unexcused absence, CONTRACTOR shall notify the LEA of such absence.

Criteria for a billable day for payment purposes is one (1) day of attendance as defined in California Education Code, sections 46010, 46010.3 and 46307. LEA shall not pay for services provided on days that a student's attendance does not qualify for Average Daily Attendance (ADA) reimbursement under state law. *Per Diem* rates for students whose IEPs authorize less than a full instructional day may be adjusted on a pro rata basis in accordance with the actual proportion of the school day the student was served. LEA shall not be responsible for payment of related services for days on which a student's attendance does not qualify for Average Daily Attendance ("ADA") reimbursement under state law, nor shall student be eligible for make-up services.

NONPUBLIC AGENCY STAFF ABSENCE

When CONTRACTOR is a nonpublic agency and CONTRACTOR's service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute, unless LEA provides appropriate coverage in lieu of CONTRACTOR's service providers. LEA shall not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided. CONTRACTOR shall not "bank" or "carry over" make up service hours under any circumstances, unless otherwise agreed to in writing by CONTRACTOR and LEA. In the event services were not provided, reasons for why the services were not provided shall be included.

NONPUBLIC AGENCY STUDENT ABSENCE

If CONTRACTOR is a nonpublic agency, it shall notify LEA of the absence of a student no later than the fifth ($5^{th}$) consecutive service day of the student's absence. LEA shall not be responsible for the payment of services when a student is absent.

**60. LEA and/or NONPUBLIC SCHOOL CLOSURE DUE TO EMERGENCY**

The following shall apply in the event of a LEA or NPS school closure due to an emergency consistent with guidelines followed by LEAs in accordance with Education Code sections 41422 and 46392:

a. If CONTRACTOR remains open, if allowed, during an emergency and serves students appropriately as delineated in the ISA, CONTRACTOR shall receive payment, regardless of whether a sending LEA is open or closed.

b. NPS School Closure- In the event of a NPS School Closure for the reasons set forth in Education Code section 41422, if the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance due to CONTRACTOR'S school closure.

If the LEA is unable to obtain an alternative placement, CONTRACTOR shall receive payment consistent with the student's approved ISA, as though the student were continuing their regular attendance, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions.

c. LEA and NPS School Closure- In the event of the LEA and NPS School Closures, on days the LEA is funded, CONTRACTOR shall receive payment consistent with the student's approved ISA, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions. If the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance with CONTRACTOR due to CONTRACTOR'S school closure.

When the emergency school closure is lifted, CONTRACTOR shall notify the LEAs it serves of any lost instructional minutes. CONTRACTOR and LEAs shall work collaboratively to determine the need for make-up days or service changes, and shall work together to amend IEP and ISA paperwork as appropriate.

**61. INSPECTION AND AUDIT**

The CONTRACTOR shall maintain and the LEA shall have the right to examine and audit all of the books, records, documents, accounting procedures and practices and other evidence that reflect all costs claimed to have been incurred or fees claimed to have been earned under this Agreement.

CONTRACTOR shall provide access to LEA to all records including, but not limited to: student pupils as defined by California Education Code section 49061(b); registers and roll books of teachers; daily service logs and notes or other documents used to record the provision of related services; Medi-Cal/daily service logs and notes used to record provision of services provided by instructional assistants, behavior intervention aides, bus aides, and supervisors; absence verification records (parent/doctor notes, telephone logs, and related documents); bus rosters; staff lists specifying credentials held, business licenses held, documents evidencing other qualifications, , dates of hire, and dates of termination; staff time sheets; non-paid staff and volunteer sign-in sheets; transportation and other related service subcontracts; school calendars; bell/class schedules when applicable; liability and worker's compensation insurance policies; state NPS/A certifications; by-laws; lists of current board of directors/trustees, if incorporated; other documents evidencing financial expenditures; federal/state payroll quarterly reports Form 941/DE3DP; and bank statements and canceled checks or facsimile thereof. Such access shall include unannounced inspections by LEA. CONTRACTOR shall make available to LEA all budgetary information including operating budgets submitted by CONTRACTOR to LEA for the relevant contract period being audited.

CONTRACTOR shall make all records available at the office of LEA or CONTRACTOR's offices (to be specified by LEA) at all reasonable times and without charge. All records shall be provided to LEA within five (5) working days of a written request from LEA. CONTRACTOR shall, at no cost to LEA, provide assistance for such examination or audit. LEA's rights under this section shall also include access to CONTRACTOR's offices for purposes of interviewing CONTRACTOR's employees. If any document or evidence is stored in an electronic form, a hard copy shall be made available to the LEA, unless the LEA agrees to the use of the electronic format.

CONTRACTOR shall obtain from its subcontractors and suppliers written agreements to the requirements of this section and shall provide a copy of such agreements to LEA upon request by LEA.

If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Master Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis or bases for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as a result of CONTRACTOR's over billing and/or failure to perform, in whole or in part, any of its obligations under this Master Contract, as determined by

an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm. CONTRACTOR shall make such payment to LEA within thirty (30) days of receipt of LEA's written notice demanding payment.

**62. RATE SCHEDULE**

The attached rate schedule (Exhibit A) limits the number of students that may be enrolled and maximum dollar amount of the contract. It may also limit the maximum number of students that can be provided specific services. Per Diem rates for students whose IEPs authorize less than a full instructional day may be adjusted proportionally. In such cases only, the adjustments in basic education rate shall be based on the required minimum number of minutes per grade level as set forth in paragraph 23, above, and in California Education Code Section 46200-46208.

Special education and/or related services offered by CONTRACTOR shall be provided by qualified personnel as per State and Federal law, and the codes and charges for such educational and/or related services during the term of this contract, shall be as stated in Exhibit A.

**63. DEBARMENT CERTIFICATION**

By signing this agreement, the CONTRACTOR certifies that:

(a) The CONTRACTOR and any of its shareholders, partners, or executive officers are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency, and

(b) Have not, within a three-year period preceding this contract, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses.

**64. PAYMENT FOR ROOM AND BOARD**

When CONTRACTOR is an NPS associated with an RTC (NPS/RTC), CONTRACTOR shall be eligible for Room and Board payments on dates that the student was actually in attendance and received Room and Board services, payable for up to a maximum of 365 billable days or 366 days during a leap year, which may include a maximum of ten (10) days per Contract year when the student's bed is unoccupied due to home visits of a therapeutic nature, unless otherwise mutually agreed upon by CONTRACTOR and LEA. Any payment for additional days in special circumstances, such as a student's hospitalization or extended home visits exceeding ten (10) days in a Contract year, requires prior written approval from both the LEA and the CONTRACTOR.

The parties hereto have executed this Contract by and through their duly authorized agents or representatives. This contract is effective on the 1st day of July, 2026 and terminates at 5:00 P.M. on June 30, 2027, unless sooner terminated as provided herein.

(nonpublic, nonsectarian school or agency), hereinafter referred to as NPS/A or "CONTRACTOR" for the purpose of providing special education and/or related services to students with exceptional needs under the authorization of California Education Code sections 56157, 56361 and 56365 *et seq*. and Title 5 of the California Code of Regulations section 3000 *et seq*., AB 490 (Chapter 862, Statutes of 2003) and AB 1858 (Chapter 914, Statutes of 2004). It is understood that this agreement does not commit the LEA to pay for special education and/or related services provided to any student, or CONTRACTOR to provide such special education and/or related services, unless and until an authorized LEA representative approves the provision of special education and/or related services by CONTRACTOR.

Upon acceptance of a student, LEA shall submit to CONTRACTOR an Individual Service Agreement (hereinafter referred to as "ISA"). Unless otherwise agreed in writing, these forms shall acknowledge CONTRACTOR's obligation to provide all relevant services specified in the student's Individualized Education Program (hereinafter referred to as "IEP"). The ISA shall be executed within ninety (90) days of a student's enrollment. LEA and CONTRACTOR shall enter into an ISA for each student served by CONTRACTOR. ### 2. CERTIFICATION AND LICENSES

CONTRACTOR shall be certified by the California Department of Education (hereinafter referred to as "CDE") as a NPS/A. All NPS/A services shall be provided consistent with the area of certification and licensure specified by CDE Certification and as defined in California Education Code, section 56366 et seq and within the professional scope of practice of each provider's license, certification, and/or credential. The LCI must also comply with all licensing requirements relevant to the protection of the child, and have a special permit, if necessary, to meet the needs of each child so placed. If the CONTRACTOR operates a program outside of this State, CONTRACTOR must obtain all required licenses from the appropriate licensing agency in both California and in the state where the LCI is located.

With respect to CONTRACTOR's certification, failure to notify the LEA and CDE in writing of any changes in: (1) credentialed/licensed staff; (2) ownership; (3) management and/or control of the agency; (4) major modification or relocation of facilities; or (5) significant modification of the program may result in the suspension or revocation of CDE certification and/or suspension or termination of this Master Contract by the LEA.

## 3. COMPLIANCE WITH LAWS, STATUTES, REGULATIONS

During the term of this Master Contract, unless otherwise agreed, CONTRACTOR shall comply with all applicable federal, state, and local statutes, laws, ordinances, rules, policies and regulations. CONTRACTOR hereby acknowledges and agrees that it accepts all risks and responsibilities for its failure to comply with LEA policies and shall indemnify LEA under the provisions of Section 16 of this Agreement for all liability, loss, damage and expense (including reasonable attorneys' fees) resulting from or arising out of CONTRACTOR's failure to comply with applicable LEA policies (e.g., those policies relating to; the provision of special education and/or related services, facilities for individuals with exceptional needs, student enrollment and transfer, student inactive status, corporal punishment, student discipline, and positive behavior interventions).

## 4. TERM OF MASTER CONTRACT

The term of this Master Contract shall be from July 1, 2026, to June 30, 2027 (Title 5 California Code of Regulations section 3062(a)) unless otherwise stated. The parties acknowledge that any subsequent Master Contract is to be re-negotiated prior to June 30, 2027 (Title 5 California Code of Regulations section 3062(d)). In the event the contract negotiations are not agreed to by June 30th, the most recently executed Master Contract will remain in effect for 90 days (Education Code 56366(c)(1)). If, after 60 days the Master Contract or individual services agreement has not been finalized, as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent of schools is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract; or the Superintendent, if the county superintendent of schools is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent of schools or the Superintendent, or the individual designee, shall mediate the formulation of a contract, which shall be binding upon both parties (Education Code 56366 (c)(2)). No Master Contract will be offered unless and until all of the contracting requirements have been satisfied. The offer of a Master Contract to a CONTRACTOR is at the sole discretion of the LEA.

The provisions of this Master Contract apply to CONTRACTOR and any of its employees or independent contractors. Notice of any change in CONTRACTOR's ownership or authorized representative shall be provided in writing to LEA within thirty (30) calendar days of change of ownership or change of authorized representative.

At a minimum, such information shall include copies of current teacher credentials and clearance, insurance documentation, and CDE certification. The LEA may require additional information as applicable. If the application packet is not completed and returned to District, no Master Contract will be issued. If CONTRACTOR does not return the Master Contract to LEA duly signed by an authorized representative within ninety (90) calendar days of issuance by LEA, the new contract rates will not take effect until the newly executed Master Contract is received by LEA and will not be retroactive to the first day of the new Master Contract's effective date. If CONTRACTOR fails to execute the new Master Contract within such ninety-day period, all payments shall cease until such time as the new Master Contract for the current school year is signed and returned to LEA by CONTRACTOR. (California Education Code section 56366(c)(1) and (2)). **17. INDEPENDENT CONTRACTOR**

Nothing herein contained will be construed to imply a joint venture, partnership or principal-agent relationship between the LEA and CONTRACTOR. CONTRACTOR shall provide all services under this Contract as an independent contractor, and neither party shall have the authority to bind or make any commitment on behalf of the other. Nothing contained in this Contract shall be deemed to create any association, partnership, joint venture or relationship of principal and agent, master and servant, or employer and employee between the parties or any affiliates of the parties, or between the LEA and any individual assigned by CONTRACTOR to perform any services for the LEA.

If the LEA is determined to be a partner, joint venture, co-principal, employer or co-employer of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that holding.

**18. SUBCONTRACTING**

CONTRACTOR shall provide written notification to LEA before subcontracting for special education and/or related services pursuant to this Master Contract. In the event LEA determines that it can provide the subcontracted service(s) at a lower rate, LEA may elect to provide such service(s). If LEA elects to provide such service(s), LEA shall provide written notification to CONTRACTOR within five (5) days of receipt of CONTRACTOR's original notice and CONTRACTOR shall not subcontract for said service(s).

CONTRACTOR shall incorporate all of the provisions of this Master Contract in all subcontracts, to the fullest extent reasonably possible. All Certificates of Insurance must reference the LEA contract number, name of the school or agency submitting the certificate, indication if NPS or NPA, and the location of the school or agency submitting the certificate. The LEA shall neither execute an ISA with CONTRACTOR nor amend an existing ISA for a student when a recommendation for special education and/or related services is based in whole or in part on assessment(s) or reports

provided by CONTRACTOR to the student without prior written authorization by LEA. This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report is prepared (i.e., before or after the student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the student is performed or a report is prepared in the normal course of the services provided to the student by CONTRACTOR. To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may not fund services through the evaluator whose IEE the LEA agrees to fund. When no other appropriate assessor is available, LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall not admit a student living within the jurisdictional boundaries of the LEA on a private pay or tuition free "scholarship" basis and concurrently or subsequently advise/request parent(s) to pursue funding for the admitted school year from the LEA through due process proceedings.

**20. NON-DISCRIMINATION**

The NPA providing Behavior Intervention services shall develop a written plan that specifies the nature of their NPA service for each student within thirty (30) days of enrollment and shall be provided in writing to the LEA. School-based services may not be unilaterally converted by CONTRACTOR to a substitute program or provided at a location not specifically authorized by the IEP team. Except for services provided by a CONTRACTOR that is a Licensed Children's Institution (LCI), all services not provided in the school setting require the presence of a parent, guardian or adult caregiver during the delivery of services, provided such guardian or caregiver have a signed authorization by the parent or legal guardian to authorize emergency services as requested. In the event a NPS is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the CDE Certification of that school, the NPS shall develop a plan to ensure appropriate coverage of students by first utilizing existing certificated staff. The NPS and the LEA may agree to one 30 school day period per contract year where class size may be increased to ensure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a NPA.

CONTRACTOR shall not be allowed to change its school calendar and/or amend the number of billable days without the prior written approval of the LEA. CONTRACTOR must submit any calendar changes to LEA in writing at least ten (10) business days prior to proposed change in order to be eligible for payment based upon the new calendar, if approved. Nothing in this Master Contract shall be interpreted to require the LEA to accept any requests for calendar changes.

Unless otherwise specified by the student's IEP or ISA, educational services shall occur at the school site. A student shall only be eligible for extended school year services as determined by the IEP team and the provision of such is specifically included in the ISA. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

**26. DATA REPORTING**

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate software, user training and proper internet permissions to allow adequate access.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

**27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT**

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

**28. STATEWIDE ACHIEVEMENT TESTING**

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), the Alternative English Language Proficiency Assessments for California ("Alternative ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

**29. MANDATED ATTENDANCE AT LEA MEETINGS**

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities,

transition services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

**30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS**

CONTRACTOR shall comply with the requirements of Education Code sections 49000, *et seq.,* 49005, *et seq*., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with state and federal law and implementing regulations. If the IEP team determines that a student's behavior impedes the individual learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Emergency interventions are those interventions used with a student during the time they present a serious, dangerous behavior that staff has determined to be present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique. Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency intervention is used ; or when a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. A behavior emergency report form must be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall also notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If applicable, the IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both. If the student already has a BIP, and the incident involved a previously unseen or new serious behavior, or if preexisting behavioral interventions in the BIP were ineffective, CONTRACTOR shall schedule with LEA an IEP meeting to review and determine the need to modify the BIP.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;

6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;
9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code sections 49005.8, 56521.1 and 56521.2. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.
4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone restraint, including but not limited to prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

## 31. STUDENT DISCIPLINE

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

When CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth ($10^{th}$) day of suspension

## 32. IEP TEAM MEETINGS

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052;

(2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of the individual IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. CONTRACTOR shall provide to LEA assessments and written assessment reports by service providers upon request and/or pursuant to LEA policy and procedures. It is understood that attendance at an IEP meeting is part of CONTRACTOR'S professional responsibility and is not a billable service under this Master Contract.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

If CONTRACTOR is an NPS, CONTRACTOR shall ensure private and confidential communication, including telecommunication, between a pupil of the NPS and members of the pupil's IEP team and the CDE's Constituent Services Office, at the pupil's discretion.

## 34. DUE PROCESS PROCEEDINGS

CONTRACTOR shall fully participate in special education due process proceedings including mediations and hearings, as requested by LEA. Participation further includes the willingness to make CONTRACTOR's staff available for witness preparation and testimony as is necessary to facilitate a due process hearing. At a minimum, progress reports shall include progress over time towards IEP goals and objectives. A copy of the progress reports/report cards shall be maintained at the CONTRACTOR's place of business and shall be submitted to the LEA and LEA student's parent(s) quarterly.

The CONTRACTOR shall also provide an LEA representative access to supporting documentation used to determine progress on any goal or objective, including but not limited to log sheets, observation notes, data sheets, pre/post tests, rubrics and other similar data collection used to determine progress or lack of progress on approved goals, objectives, transition plans or behavior intervention plans. The LEA may request such data at any time within five (5) years of the date of service. The CONTRACTOR shall provide this data supporting progress within five (5) business days of request. Additional time may be granted as needed by the LEA.

CONTRACTOR shall complete academic or other evaluations of the student ten (10) days prior to the student's annual or triennial review IEP team meeting for the purpose of reporting the student's present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA's sole discretion.

It is understood that all billable hours must be in direct services to pupils as specified in the ISA. For NPA services, supervision provided by a qualified individual as specified in Title 5 Regulation, subsection 3065, shall be determined as appropriate and included in the ISA. Supervision means the direct observation of services, data review, case conferencing and program design consistent with professional standards for each professional's license, certification, or credential.

CONTRACTOR shall not charge the student's parent(s) or LEA for the provision of progress reports, report cards, evaluations conducted in order to obtain present levels of performance, interviews, and/or meetings. It is understood that all billable hours have limits to those specified on the ISA consistent with the IEP. It is understood that copies of data collection notes, forms, charts and other such data are part of the pupil's record and shall be made available to the LEA upon written request.

**37. GRADES, HIGH SCHOOL COURSE CREDITS, & TRANSCRIPTS**

The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. Consistent with the LEA, should it become evident to the NPS the pupil is in danger of failing a course, the CONTRACTOR must initiate a parent conference, and the LEA representative must be in attendance.

When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in EC Section 49066.5, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

CONTRACTOR shall prepare transcripts at the close of each semester, or upon student transfer, for students in grades nine (9) through twelve (12) inclusive, and submit them on LEA approved forms to the student's school of residence for evaluation of progress toward completion of diploma requirements as specified in LEA Procedures. If the individualized education program team determines that the pupil would benefit from the postponement of the inclusion of appropriate measurable postsecondary goals and transition services until 16 years of age, rather than when the pupil begins their high school experience, the individualized education program team shall appropriately justify the basis for that postponement. (EC section 56043(h).)

CONTRACTOR shall submit invoices and related documents to LEA for payment, for each calendar month when education or related services were provided. Invoices and related documents shall be properly submitted electronically and in addition, on an LEA form with signatures in the manner prescribed by LEA. At a minimum, each invoice must contain the following information: month of service; specific days and times of services coordinated by the LEA approved calendar unless otherwise specified in the IEP or agreed to by the LEA; name of staff who provided the service; approved cost of each invoice; total for each service and total for the monthly invoice; date invoice was mailed; signature of NPS/NPA administrator authorizing that the information is accurate and consistent with the ISA, CDE certificates and staff notification; verification that attendance report is attached as appropriate; indication of any made-up session consistent with this contract; verification that progress reports have been provided consistent with the ISA (monthly or quarterly unless specified otherwise on the ISA); and name or initials of each student for when the service was provided.

Invoices shall be submitted no later than thirty (30) days after the end of the attendance accounting period in which the services were rendered. LEA shall make payment to CONTRACTOR based on the number of billable days of attendance and hours of service at rates specified in this contract within forty-five (45) days of LEA's receipt of properly submitted hard copy of invoices prepared and submitted as specified in California Education Code Section 56366.5 and the LEA. CONTRACTOR shall correct deficiencies and submit rebilling invoices no later than thirty (30) calendar days after the invoice is returned by LEA. LEA shall pay properly submitted re-billing invoices no later than forty-five (45) days after the date a completely corrected re-billing invoice is received by LEA.

In no case shall initial payment claim submission for any Master Contract fiscal year (July through June) extend beyond December 31st after the close of the fiscal year. In no case shall any rebilling for the Master Contract fiscal year (July through June) extend beyond six (6) months after the close of the fiscal year unless approved by the LEA to resolve billing issues including re-billing issues directly related to a delay in obtaining information from the Commission on Teacher Credentialing regarding teacher qualification, but no later than twelve (12) months from the close of the fiscal year. If the billing or re-billing error is the responsibility of the LEA, then no limit is set provided that the LEA and CONTRACTOR have communicated such concerns in writing during the 12-month period following the close of the fiscal year. LEA will not pay mileage for NPA employees.

**57. RIGHT TO WITHHOLD PAYMENT**

LEA may withhold payment to CONTRACTOR when: (a) CONTRACTOR has failed to perform, in whole or in part, under the terms of this contract; (b) CONTRACTOR has billed for services rendered on days other than billable days of attendance or for days when student was not in attendance and/or did not receive services; (c) CONTRACTOR was overpaid

by LEA as determined by inspection, review, and/or audit of its program, work, and/or records; (d) CONTRACTOR has failed to provide supporting documentation with an invoice, as required by EC 56366(c)(2); (e) education and/or related services are provided to students by personnel who are not appropriately credentialed, licensed, or otherwise qualified; (f) LEA has not received prior to school closure or contract termination, all documents concerning one or more students enrolled in CONTRACTOR's educational program; (g) CONTRACTOR fails to confirm a student's change of residence to another district or confirms the change of residence to another district, but fails to notify LEA within five (5) days of such confirmation; or (h) CONTRACTOR receives payment from Medi-Cal or from any other agency or funding source for a service provided to a student. It is understood that no payments shall be made for any invoices that are not received by six (6) months following the close of the prior fiscal year, for services provided in that year.

Final payment to CONTRACTOR in connection with the cessation of operations and/or termination of a Master Contract will be subject to the same documentation standards described for all payment claims for regular ongoing operations. In addition, final payment may be withheld by the LEA until completion of a review or audit, if deemed necessary by the LEA. Such review or audit will be completed within ninety (90) days. The final payment may be adjusted to offset any previous payments to the CONTRACTOR determined to have been paid in error or in anticipation of correction of documentation deficiencies by the CONTRACTOR that remain uncorrected.

The amount which may be withheld by LEA with respect to each of the subparagraphs of the preceding paragraph are as follows: (a) the value of the service CONTRACTOR failed to perform; (b) the amount of overpayment; (c) the portion of the invoice for which satisfactory documentation has not been provided by CONTRACTOR; (d) the amount invoiced for services provided by the individual not appropriately credentialed, licensed, or otherwise qualified; (e) the proportionate amount of the invoice related to the applicable pupil for the time period from the date the violation occurred and until the violation is cured; or (f) the amount paid to CONTRACTOR by Medi-Cal or another agency or funding source for the service provided to the student.

If LEA determines that cause exists to withhold payment to CONTRACTOR, LEA shall, within ten (10) business days of this determination, provide to CONTRACTOR written notice that LEA is withholding payment. Such notice shall specify the basis or bases for LEA's withholding payment and the amount to be withheld. Within thirty (30) days from the date of receipt of such notice, CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies that form the basis for LEA's withholding payment or submit a written request for extension of time to correct the deficiencies or submit to LEA written documentation demonstrating that the basis or bases cited by the LEA for withholding payment is unfounded. Upon receipt of CONTRACTOR's written request showing good cause, LEA shall extend CONTRACTOR's time to correct deficiencies (usually an additional thirty (30) days), otherwise payment will be denied.

If after subsequent request for payment has been denied and CONTRACTOR believes that payment should not be withheld, CONTRACTOR shall send written notice to LEA specifying the reason it believes payment should not be withheld. LEA shall respond to CONTRACTOR's notice within thirty (30) business days by indicating that a warrant for the amount of payment will be made or stating the reason LEA believes payment should not be made. If LEA fails to respond within thirty (30) business days or a dispute regarding the withholding of payment continues after the LEA's response to CONTRACTOR's notice, CONTRACTOR may invoke the following escalation policy.

After forty-five (45) business days: The CONTRACTOR may notify the Authorized LEA's Representative of the dispute in writing. The LEA Authorized Representative shall respond to the CONTRACTOR in writing within fifteen (15) business days.

After sixty (60) business days: The LEA or CONTRACTOR may appeal to the County Superintendent of Schools so long as the County Superintendent of Schools is not participating in the Local Plan involved in the NPS/A contract, or a mutually agreed upon mediator. Both parties agree to pay for their own costs and expenses arising out of such mediation. Each party agrees to act in good faith in participating in any mediation process agreed to by the parties.

**58. PAYMENT FROM OUTSIDE AGENCIES**

CONTRACTOR shall notify LEA when Medi-Cal or any other agency is billed for the costs associated with the provision of special education and/or related services to students. Upon request, CONTRACTOR shall provide to LEA any and all documentation regarding reports, billing, and/or payment by Medi-Cal or any other agency for the costs associated with the provision of special education and/or related services to students. CONTRACTOR shall provide prior written notice of the rights and protections required by Title 34 of the Code of Federal Regulations section 300.154(d) whenever it seeks to use

the LEA students' public benefits to pay for special education and related services. Such notice shall be provided before seeking payment from Medi-Cal for the first time and annually.

## 59. PAYMENT FOR ABSENCES

NONPUBLIC SCHOOL STAFF ABSENCE

Whenever a classroom teacher employed by CONTRACTOR is absent, CONTRACTOR shall provide an appropriately credentialed substitute teacher in the absent teacher's classroom in accordance with California Education Code section 56061. CONTRACTOR shall provide to LEA documentation of substitute coverage pursuant to the LEA Procedures. Substitute teachers shall remain with their assigned class during all instructional time. LEA will not pay for instruction and/or services unless said instruction or service is provided by an appropriately credentialed substitute teacher.

Whenever a related service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute. LEA will not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided unless otherwise agreed in student's IEP.

NONPUBLIC SCHOOL STUDENT ABSENCE

If CONTRACTOR is a nonpublic school, no later than the tenth ($10^{th}$) cumulative day of a student's unexcused absence, CONTRACTOR shall notify the LEA of such absence.

Criteria for a billable day for payment purposes is one (1) day of attendance as defined in California Education Code, sections 46010, 46010.3 and 46307. LEA shall not pay for services provided on days that a student's attendance does not qualify for Average Daily Attendance (ADA) reimbursement under state law. *Per Diem* rates for students whose IEPs authorize less than a full instructional day may be adjusted on a pro rata basis in accordance with the actual proportion of the school day the student was served. LEA shall not be responsible for payment of related services for days on which a student's attendance does not qualify for Average Daily Attendance ("ADA") reimbursement under state law, nor shall student be eligible for make-up services.

NONPUBLIC AGENCY STAFF ABSENCE

When CONTRACTOR is a nonpublic agency and CONTRACTOR's service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute, unless LEA provides appropriate coverage in lieu of CONTRACTOR's service providers. LEA shall not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided. CONTRACTOR shall not "bank" or "carry over" make up service hours under any circumstances, unless otherwise agreed to in writing by CONTRACTOR and LEA. In the event services were not provided, reasons for why the services were not provided shall be included.

NONPUBLIC AGENCY STUDENT ABSENCE

If CONTRACTOR is a nonpublic agency, it shall notify LEA of the absence of a student no later than the fifth ($5^{th}$) consecutive service day of the student's absence. LEA shall not be responsible for the payment of services when a student is absent.

## 60. LEA and/or NONPUBLIC SCHOOL CLOSURE DUE TO EMERGENCY

The following shall apply in the event of a LEA or NPS school closure due to an emergency consistent with guidelines followed by LEAs in accordance with Education Code sections 41422 and 46392:

a. If CONTRACTOR remains open, if allowed, during an emergency and serves students appropriately as delineated in the ISA, CONTRACTOR shall receive payment, regardless of whether a sending LEA is open or closed.

b. NPS School Closure- In the event of a NPS School Closure for the reasons set forth in Education Code section 41422, if the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance due to CONTRACTOR'S school closure. If the LEA is unable to obtain an alternative placement, CONTRACTOR shall receive payment consistent with the student's approved ISA, as though the student were continuing their regular attendance, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions.

c. LEA and NPS School Closure- In the event of the LEA and NPS School Closures, on days the LEA is funded, CONTRACTOR shall receive payment consistent with the student's approved ISA, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions. If the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance with CONTRACTOR due to CONTRACTOR'S school closure.

When the emergency school closure is lifted, CONTRACTOR shall notify the LEAs it serves of any lost instructional minutes. CONTRACTOR and LEAs shall work collaboratively to determine the need for make-up days or service changes, and shall work together to amend IEP and ISA paperwork as appropriate.

**61. INSPECTION AND AUDIT**

The CONTRACTOR shall maintain and the LEA shall have the right to examine and audit all of the books, records, documents, accounting procedures and practices and other evidence that reflect all costs claimed to have been incurred or fees claimed to have been earned under this Agreement.

CONTRACTOR shall provide access to LEA to all records including, but not limited to: student pupils as defined by California Education Code section 49061(b); registers and roll books of teachers; daily service logs and notes or other documents used to record the provision of related services; Medi-Cal/daily service logs and notes used to record provision of services provided by instructional assistants, behavior intervention aides, bus aides, and supervisors; absence verification records (parent/doctor notes, telephone logs, and related documents); bus rosters; staff lists specifying credentials held, business licenses held, documents evidencing other qualifications, , dates of hire, and dates of termination; staff time sheets; non-paid staff and volunteer sign-in sheets; transportation and other related service subcontracts; school calendars; bell/class schedules when applicable; liability and worker's compensation insurance policies; state NPS/A certifications; by-laws; lists of current board of directors/trustees, if incorporated; other documents evidencing financial expenditures; federal/state payroll quarterly reports Form 941/DE3DP; and bank statements and canceled checks or facsimile thereof. Such access shall include unannounced inspections by LEA. CONTRACTOR shall make available to LEA all budgetary information including operating budgets submitted by CONTRACTOR to LEA for the relevant contract period being audited.

CONTRACTOR shall make all records available at the office of LEA or CONTRACTOR's offices (to be specified by LEA) at all reasonable times and without charge. All records shall be provided to LEA within five (5) working days of a written request from LEA. CONTRACTOR shall, at no cost to LEA, provide assistance for such examination or audit. LEA's rights under this section shall also include access to CONTRACTOR's offices for purposes of interviewing CONTRACTOR's employees. If any document or evidence is stored in an electronic form, a hard copy shall be made available to the LEA, unless the LEA agrees to the use of the electronic format.

CONTRACTOR shall obtain from its subcontractors and suppliers written agreements to the requirements of this section and shall provide a copy of such agreements to LEA upon request by LEA.

If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Master Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis or bases for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as a result of CONTRACTOR's over billing and/or failure to perform, in whole or in part, any of its obligations under this Master Contract, as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm. CONTRACTOR shall make such payment to LEA within thirty (30) days of receipt of LEA's written notice demanding payment.

**62. RATE SCHEDULE**

The attached rate schedule (Exhibit A) limits the number of students that may be enrolled and maximum dollar amount of the contract. It may also limit the maximum number of students that can be provided specific services. Per Diem rates for students whose IEPs authorize less than a full instructional day may be adjusted proportionally. In such cases only, the adjustments in basic education rate shall be based on the required minimum number of minutes per grade level as set forth in paragraph 23, above, and in California Education Code Section 46200-46208.

Special education and/or related services offered by CONTRACTOR shall be provided by qualified personnel as per State and Federal law, and the codes and charges for such educational and/or related services during the term of this contract, shall be as stated in Exhibit A.

**63. DEBARMENT CERTIFICATION**

By signing this agreement, the CONTRACTOR certifies that:

(a) The CONTRACTOR and any of its shareholders, partners, or executive officers are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency, and

(b) Have not, within a three-year period preceding this contract, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses.

**64. PAYMENT FOR ROOM AND BOARD**

When CONTRACTOR is an NPS associated with an RTC (NPS/RTC), CONTRACTOR shall be eligible for Room and Board payments on dates that the student was actually in attendance and received Room and Board services, payable for up to a maximum of 365 billable days or 366 days during a leap year, which may include a maximum of ten (10) days per Contract year when the student's bed is unoccupied due to home visits of a therapeutic nature, unless otherwise mutually agreed upon by CONTRACTOR and LEA. Any payment for additional days in special circumstances, such as a student's hospitalization or extended home visits exceeding ten (10) days in a Contract year, requires prior written approval from both the LEA and the CONTRACTOR.

The parties hereto have executed this Contract by and through their duly authorized agents or representatives. This contract is effective on the 1st day of July, 2026 and terminates at 5:00 P.M. on June 30, 2027, unless sooner terminated as provided herein.

# NONPUBLIC, NONSECTARIAN SCHOOL/AGENCY SERVICES MASTER CONTRACT

## GENERAL PROVISIONS

### 1. MASTER CONTRACT

This Master Contract (or "Contract") is entered into on July 1, 2026, between Amethod Public Schools, hereinafter referred to as the local educational agency ("LEA"), a member of the El Dorado SELPA and Seneca Family of Agencies (nonpublic, nonsectarian school or agency), hereinafter referred to as NPS/A or "CONTRACTOR" for the purpose of providing special education and/or related services to students with exceptional needs under the authorization of California Education Code sections 56157, 56361 and 56365 *et seq*. and Title 5 of the California Code of Regulations section 3000 *et seq*., AB 490 (Chapter 862, Statutes of 2003) and AB 1858 (Chapter 914, Statutes of 2004). It is understood that this agreement does not commit the LEA to pay for special education and/or related services provided to any student, or CONTRACTOR to provide such special education and/or related services, unless and until an authorized LEA representative approves the provision of special education and/or related services by CONTRACTOR.

Upon acceptance of a student, LEA shall submit to CONTRACTOR an Individual Service Agreement (hereinafter referred to as "ISA"). Unless otherwise agreed in writing, these forms shall acknowledge CONTRACTOR's obligation to provide all relevant services specified in the student's Individualized Education Program (hereinafter referred to as "IEP"). The ISA shall be executed within ninety (90) days of a student's enrollment. LEA and CONTRACTOR shall enter into an ISA for each student served by CONTRACTOR. As available and appropriate, the LEA shall make available access to any electronic IEP system and/or electronic database for the development of the ISA and invoices.

Unless placement and/or services is made pursuant to an Office of Administrative Hearings (hereinafter referred to as "OAH") order, a lawfully executed settlement agreement between LEA and parent or authorized by LEA for a transfer student pursuant to California Education Code section 56325, LEA is not responsible for the costs associated with NPS placement or NPS/A services until the date on which an IEP team meeting is convened, the IEP team determines that a NPS placement is appropriate, and the IEP is signed by the student's parent.

### 2. CERTIFICATION AND LICENSES

CONTRACTOR shall be certified by the California Department of Education (hereinafter referred to as "CDE") as a NPS/A. All NPS/A services shall be provided consistent with the area of certification and licensure specified by CDE Certification and as defined in California Education Code, section 56366 et seq and within the professional scope of practice of each provider's license, certification, and/or credential. A current copy of CONTRACTOR's NPS/A certification or a waiver of such certification issued by the CDE pursuant to Education Code section 56366.2 must be provided to LEA on or before the date this Agreement is executed by CONTRACTOR. This Master Contract shall be null and void if such certification or waiver is expired, revoked, rescinded, or otherwise nullified during the effective period of this Master Contract.

Total student enrollment shall be limited to capacity as stated on CDE certification and in Section 24 of the Master Contract.

## 4. TERM OF MASTER CONTRACT

The term of this Master Contract shall be from July 1, 2026 to June 30, 2027 (Title 5 California Code of Regulations section 3062(a)) unless otherwise stated. At a minimum, such information shall include copies of current teacher credentials and clearance, insurance documentation and CDE certification. The LEA may require additional information as applicable. If the application packet is not completed and returned to District, no Master Contract will be issued. If CONTRACTOR does not return the Master Contract to LEA duly signed by an authorized representative within ninety (90) calendar days of issuance by LEA, the new contract rates will not take effect until the newly executed Master Contract is received by LEA and will not be retroactive to the first day of the new Master Contract's effective date. If CONTRACTOR fails to execute the new Master Contract within such ninety-day period, all payments shall cease until such time as the new Master Contract for the current school year is signed and returned to LEA by CONTRACTOR. (California Education Code section 56366(c)(1) and (2)). **17. INDEPENDENT CONTRACTOR**

Nothing herein contained will be construed to imply a joint venture, partnership or principal-agent relationship between the LEA and CONTRACTOR. CONTRACTOR shall provide all services under this Contract as an independent contractor, and neither party shall have the authority to bind or make any commitment on behalf of the other. Nothing contained in this Contract shall be deemed to create any association, partnership, joint venture or relationship of principal and agent, master and servant, or employer and employee between the parties or any affiliates of the parties, or between the LEA and any individual assigned by CONTRACTOR to perform any services for the LEA.

If the LEA is determined to be a partner, joint venture, co-principal, employer or co-employer of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that holding.

**18. SUBCONTRACTING**

CONTRACTOR shall provide written notification to LEA before subcontracting for special education and/or related services pursuant to this Master Contract. In the event LEA determines that it can provide the subcontracted service(s) at a lower rate, LEA may elect to provide such service(s). If LEA elects to provide such service(s), LEA shall provide written notification to CONTRACTOR within five (5) days of receipt of CONTRACTOR's original notice and CONTRACTOR shall not subcontract for said service(s).

CONTRACTOR shall incorporate all of the provisions of this Master Contract in all subcontracts, to the fullest extent reasonably possible. Pursuant to California Education code section 56042, an attorney or advocate for a parent of an individual with exceptional needs shall not recommend placement at CONTRACTOR's facility if the attorney or advocate is employed or contracted by the CONTRACTOR, or will receive a benefit from the CONTRACTOR, or otherwise has a conflict of interest.

The LEA shall neither execute an ISA with CONTRACTOR nor amend an existing ISA for a student when a recommendation for special education and/or related services is based in whole or in part on assessment(s) or reports provided by CONTRACTOR to the student without prior written authorization by LEA. This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report is prepared (i.e., before or after the student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the student is performed or a report is prepared in the normal course of the services provided to the student by CONTRACTOR. To avoid conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may not fund services through the evaluator whose IEE the LEA agrees to fund. When no other appropriate assessor is available, LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall not admit a student living within the jurisdictional boundaries of the LEA on a private pay or tuition free "scholarship" basis and concurrently or subsequently advise/request parent(s) to pursue funding for the admitted school year from the LEA through due process proceedings.

CONTRACTOR shall not, in employment or operation of its programs, unlawfully discriminate on the basis of gender, nationality, national origin, ancestry, race, color, ethnicity, ethnic group affiliation, religion, age, marital status, pregnancy or parental status, sex, sexual orientation, gender, gender identity or expression, physical or mental disability, genetic information or any other classification protected by federal or state law or the perception of one or more of such characteristics or association with a person or group with one or more of these actual or perceived characteristics.

## EDUCATIONAL PROGRAM

**21. FREE AND APPROPRIATE PUBLIC EDUCATION (FAPE)**

The LEA shall provide CONTRACTOR with a copy of the IEP including the Individualized Transition Plan (hereinafter referred to as "ITP") of each student served by CONTRACTOR. CONTRACTOR shall provide special education and/or related services (including transition services) to each student within the NPS/A consistent with the student's IEP and as specified in the ISA. If CONTRACTOR is a NPS, CONTRACTOR shall not accept a student if it cannot provide or ensure the provision of the services outlined in the student's IEP. If student services are provided by a third party (i.e. Related Services Provider), CONTRACTOR shall notify LEA if provision of services cease.

Unless otherwise agreed to between CONTRACTOR and LEA, CONTRACTOR shall be responsible for the provision of all appropriate supplies, equipment, and/or facilities, as specified in the student's IEP and ISA. CONTRACTOR shall make no charge of any kind to parents for special education and/or related services as specified in the student's IEP and ISA (including, but not limited to, screenings, assessments, or interviews that occur prior to or as a condition of the student's enrollment under the terms of this Master Contract). LEA shall provide low incidence equipment for eligible students with low incidence disabilities when specified in the student's IEP and ISA. Such equipment remains the property of the SELPA/LEA and shall be returned to the SELPA/LEA when the IEP team determines the equipment is no longer needed or when the student is no longer enrolled in the NPS. CONTRACTOR shall ensure that facilities are adequate to provide LEA students with an environment which meets all pertinent health and safety regulations. CONTRACTOR may charge a student's parent(s) for services and/or activities not necessary for the student to receive a free appropriate public education after: (a) written notification to the student's parent(s) of the cost and voluntary nature of the services and/or activities; and (b) receipt by the LEA of the written notification and a written acknowledgment signed by the student's parent(s) of the

cost and voluntary nature of the services and/or activities. CONTRACTOR shall adhere to all LEA requirements concerning parent acknowledgment of financial responsibility.

Voluntary services and/or activities not necessary for the student to receive a free appropriate public education shall not interfere with the student's receipt of special education and/or related services as specified in the student's IEP and ISA unless the LEA, CONTRACTOR, and PARENT agree otherwise in writing.

## 22. GENERAL PROGRAM OF INSTRUCTION

All NPS/A services shall be provided consistent with the area of certification specified by CDE Certification and as defined in California Education Code section 56366 et seq.

The NPA providing Behavior Intervention services shall develop a written plan that specifies the nature of their NPA service for each student within thirty (30) days of enrollment and shall be provided in writing to the LEA. School-based services may not be unilaterally converted by CONTRACTOR to a substitute program or provided at a location not specifically authorized by the IEP team. Except for services provided by a CONTRACTOR that is a Licensed Children's Institution (LCI), all services not provided in the school setting require the presence of a parent, guardian or adult caregiver during the delivery of services, provided such guardian or caregiver have a signed authorization by the parent or legal guardian to authorize emergency services as requested. **24. CLASS SIZE**

When CONTRACTOR is a NPS, CONTRACTOR shall ensure that class size shall not exceed a ratio of one teacher per twelve (12) students, unless CONTRACTOR and LEA agree otherwise in writing. Upon prior written approval by an authorized LEA representative, class size may be temporarily increased by a ratio of 1 teacher to fourteen (14) students when necessary, during the regular or extended school year to provide services to students with disabilities.

In the event a NPS is unable to fill a vacant teaching position responsible for direct instruction to students, and the vacancy has direct impact on the CDE Certification of that school, the NPS shall develop a plan to ensure appropriate coverage of students by first utilizing existing certificated staff. The NPS and the LEA may agree to one 30 school day period per contract year where class size may be increased to ensure coverage by an appropriately credentialed teacher. Such an agreement shall be in writing and signed by both parties. This provision does not apply to a NPA.

CONTRACTOR providing special education instruction for individuals with exceptional needs between the ages of three and five years, inclusive, shall also comply with the appropriate instructional adult to child ratios pursuant to California Education Code sections 56440 et seq.

**25. CALENDARS**

When CONTRACTOR is an NPS, CONTRACTOR shall submit to the LEA/SELPA a school year calendar with the total number of billable days not to exceed one hundred and eighty (180) days for the regular school year, plus twenty (20) extended school year billable days or the equivalent number of days as the LEA's extended school year calendar, if different. Billable days shall include only those days that are included on the submitted and approved school calendar, and/or required by the IEP (developed by the LEA) for each student. CONTRACTOR shall not be allowed to change its school calendar and/or amend the number of billable days without the prior written approval of the LEA. CONTRACTOR must submit any calendar changes to LEA in writing at least ten (10) business days prior to proposed change in order to be eligible for payment based upon the new calendar, if approved. Nothing in this Master Contract shall be interpreted to require the LEA to accept any requests for calendar changes.

Unless otherwise specified by the student's IEP or ISA, educational services shall occur at the school site. A student shall only be eligible for extended school year services as determined by the IEP team and the provision of such is specifically included in the ISA. Extended school year shall consist of twenty (20) instructional days, unless otherwise agreed upon by the IEP team convened by the LEA. Any days of extended school year in excess of twenty (20) billable days must be mutually agreed to, in writing, prior to the start of the extended school year.

Student must have actually been in attendance during the regular school year and/or during extended school year and received services on a billable day of attendance in order for CONTRACTOR to be eligible for

payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPS service. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

CONTRACTOR shall observe the same legal holidays as LEA. Those holidays are Labor Day, Veteran's Day, Thanksgiving Day, Christmas Day, New Year's Day, Martin Luther King Jr. Day, President's Day, Memorial Day, Juneteenth, and Independence Day. CONTRACTOR shall bill only for services provided on billable days of attendance as indicated on the LEA calendar unless CONTRACTOR and the LEA agree otherwise, in writing. Student must have actually been in attendance and/or received services on a billable day of attendance in order for CONTRACTOR to be eligible for payment. It is specifically understood that services may not be provided on weekends/holidays and other times when school is not in session, unless agreed to by the LEA, in writing, in advance of the delivery of any NPA service provided by CONTRACTOR. Any instructional days provided without this written agreement shall be at the sole financial responsibility of the CONTRACTOR.

## 26. DATA REPORTING

CONTRACTOR shall agree to provide to the LEA all data related to student information and billing information with LEA. CONTRACTOR shall agree to provide data related to all sections of this contract, including student discipline as noted below, and requested by and in the format required by the LEA. It is understood that all NPS/A shall utilize the LEA approved electronic IEP system for all IEP development, service tracking documentation, and progress reporting, unless otherwise agreed to by the LEA. Additional progress reporting may be required by the LEA. The LEA shall provide the CONTRACTOR with appropriate software, user training and proper internet permissions to allow adequate access.

Using forms developed by the CDE or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Code sections 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code sections 48900 and 48915.

The LEA shall provide the CONTRACTOR with approved forms and/or format for such data including, but not limited to, invoicing, attendance reports and progress reports. The LEA may approve use of CONTRACTOR'S provided forms at their discretion.

## 27. LEAST RESTRICTIVE ENVIRONMENT/DUAL ENROLLMENT

CONTRACTOR and LEA shall follow all LEA policies and procedures that support Least Restrictive Environment ("LRE") options and/or dual enrollment options if available and appropriate, for students to have access to the general curriculum and to be educated with their nondisabled peers to the maximum extent appropriate.

CONTRACTOR and LEA shall ensure that LRE placement options are addressed at all IEP team meetings regarding students for whom ISAs have been or may be executed. This shall include IEP team consideration of supplementary aids and services, goals and objectives necessary for placement in the LRE and necessary to enable students to transition to less restrictive settings.

When an IEP team has determined that a student should be transitioned into the public school setting, CONTRACTOR shall assist the LEA in implementing the IEP team's recommended activities to support the transition.

**28. STATEWIDE ACHIEVEMENT TESTING**

When CONTRACTOR is a NPS, per implementation of Senate Bill 484, CONTRACTOR shall administer all statewide assessments within the California Assessment of Student Performance and Progress ("CAASPP"), Desired Results Developmental Profile ("DRDP"), California Alternative Assessment ("CAA"), achievement and abilities tests (using LEA-authorized assessment instruments), the Fitness Gram, , the English Language Proficiency Assessments for California ("ELPAC"), the Alternative English Language Proficiency Assessments for California ("Alternative ELPAC"), and as appropriate to the student, and mandated by LEA pursuant to LEA and state and federal guidelines.

CONTRACTOR is subject to the alternative accountability system developed pursuant to Education Code section 52052, in the same manner as public schools. Each LEA student placed with CONTRACTOR by the LEA shall be tested by qualified staff of CONTRACTOR in accordance with that accountability program. LEA shall provide test administration training to CONTRACTOR'S qualified staff. CONTRACTOR shall attend LEA test training and comply with completion of all coding requirements as required by LEA.

**29. MANDATED ATTENDANCE AT LEA MEETINGS**

CONTRACTOR shall attend District mandated meetings when legal mandates, and/or LEA policy and procedures are reviewed, including but not limited to the areas of: curriculum, high school graduation, standards-based instruction, behavior intervention, cultural and linguistic needs of students with disabilities, dual enrollment responsibilities, LRE responsibilities, transition services, data collection, and standardized testing and IEPs. LEA shall provide CONTRACTOR with reasonable notice of mandated meetings. Attendance at such meetings does not constitute a billable service hour(s).

**30. POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS**

CONTRACTOR shall comply with the requirements of Education Code sections 49000, *et seq.,* 49005, *et seq*., 56521.1 and 56521.2. LEA students who exhibit behaviors that interfere with their learning or the learning of others must receive timely and appropriate assessments and positive supports and interventions in accordance with state and federal law and implementing regulations. If the IEP team determines that a student's behavior impedes the individual learning or the learning of others, the IEP team is required to consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations. This could mean that instead of developing a Behavior Intervention Plan ("BIP"), the IEP team may conclude it is sufficient to address the student's behavioral problems through the development of behavioral goals and behavioral interventions to support those goals.

CONTRACTOR shall maintain a written policy pursuant to California Education Code section 56521.1 regarding emergency interventions and behavioral emergency reports. CONTRACTOR shall ensure that all of its staff members are trained in crisis intervention, emergency procedures, and evidenced-based practices and interventions specific to the unique behavioral needs of the CONTRACTOR's pupil population. The training shall be provided within 30 days of employment to new staff who have any contact or interaction with pupils during the school day, and annually to all staff who have any contact or interaction with pupils during the school day. The CONTRACTOR shall select and conduct the training in accordance

with California Education Code section 56366.1. CONTRACTOR shall maintain written records of the training and provide written verification of the training annually and upon request.

Emergency interventions are those interventions used with a student during the time they present a serious, dangerous behavior that staff has determined to be present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique. Pursuant to Education Code section 56521.1, emergency interventions shall not be used as a substitute for a BIP, and shall not be employed longer than necessary to contain the behavior. Emergency interventions may only be used to control unpredictable, spontaneous behavior that poses clear and present danger of serious physical harm to the individual with exceptional needs, or others, and that cannot be immediately prevented by a response less restrictive than the temporary application of a technique used to contain the behavior. If a situation requires prolonged use of emergency intervention, staff must seek assistance from the school site administrator or a law enforcement agency.

CONTRACTOR shall complete a behavior emergency report when an emergency intervention is used ; or when a physical intervention has not been used, but an injury or serious property damage has occurred. Personal Safety Techniques may or may not have been used. A behavior emergency report form must be completed and submitted to the LEA within twenty-four (24) hours for administrative action. CONTRACTOR shall also notify Parent within twenty-four (24) hours via telephone. If the student's IEP does not contain a BIP, CONTRACTOR shall schedule with LEA an IEP meeting within two (2) days to review the behavior emergency report, determine if there is a necessity for a functional behavioral assessment, and to determine an interim plan. If applicable, the IEP team shall document the reasons for not conducting the functional behavioral assessment, not developing an interim plan, or both. If the student already has a BIP, and the incident involved a previously unseen or new serious behavior, or if preexisting behavioral interventions in the BIP were ineffective, CONTRACTOR shall schedule with LEA an IEP meeting to review and determine the need to modify the BIP.

Pursuant to Education Code section 56521.2, CONTRACTOR shall not authorize, order, consent to, or pay for the following interventions, or any other interventions similar to or like the following:

1. any intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric-shock;
2. an intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual;
3. an intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities;
4. an intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma;
5. restrictive interventions that employ a device, material, or objects that simultaneously immobilize all four extremities;
6. prone restraint;
7. locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room;
8. an intervention that precludes adequate supervision of the individual;
9. an intervention that deprives the individual of one or more of the individual's senses.

CONTRACTOR shall comply with Education Code sections 49005.8, 56521.1 and 56521.2. Specifically, Contractor shall not do any of the following:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.
2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use a locked room.
3. Use a physical restraint technique that obstructs a pupil's respiratory airway or impairs the pupil's breathing or respiratory capacity, including techniques in which a staff member places pressure on a pupil's back or places the staff member's body weight against the pupil's torso or back.

4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, using a pillow, blanket, carpet, mat, or other item to cover a pupil's face.
5. Use prone restraint, including but not limited to prone containment.
6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the pupil or others.

CONTRACTOR shall keep constant, direct observation of a pupil who is in seclusion, which may be through observation of the pupil through a window, or another barrier, through which the educational provider is able to make direct eye contact with the pupil. This observation shall not be through indirect means, including through a security camera or a closed-circuit television.

CONTRACTOR shall afford pupils who are restrained the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the pupil and others.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior, consistent with Section 1414(d)(3)(B)(i) and (d)(4) of Title 20 of the United States Code and associated federal regulations.

All restraint practices must be reviewed and revised when they have an adverse effect on a student and are used repeatedly for an individual child, either on multiple occasions within the same classroom or multiple uses by the same individual. CONTRACTOR shall notify the student's parent/guardian when any type of physical or mechanical restraint or seclusion has been used. Upon the use of any type of physical or mechanical restraint or seclusions of an LEA student, CONTRACTOR shall complete a BER per the reporting and notification requirements listed above.

## 31. STUDENT DISCIPLINE

CONTRACTOR shall maintain and abide by a written policy for student discipline that is consistent with state and federal law and regulations. Using forms developed by the California Department of Education or as otherwise mutually agreed upon by CONTRACTOR and LEA, CONTRACTOR shall provide LEA, on a monthly basis, a written report of all incidents in which a statutory offense is committed by any LEA student, regardless if it results in a disciplinary action of suspension or expulsion. This includes all statutory offenses as described in Education Codes 48900 and 48915. CONTRACTOR shall also include incidents resulting in the use of a behavioral restraint and/or seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915.

When CONTRACTOR seeks to remove a student from his/her current educational placement for disciplinary reasons, CONTRACTOR shall immediately submit a written discipline report to the LEA. Written discipline reports shall include, but not be limited to: the student's name; the time, date, and description of the misconduct; the disciplinary action taken by CONTRACTOR; and the rationale for such disciplinary action. A copy of the student's behavior plan, if any, shall be submitted with the written discipline report. CONTRACTOR and LEA agree to participate in a manifestation determination at an IEP meeting no later than the tenth ($10^{th}$) day of suspension

## 32. IEP TEAM MEETINGS

An IEP team meeting shall be convened at least annually to evaluate: (1) the educational progress of each student placed with CONTRACTOR, including all state assessment results pursuant to the requirements of Education Code section 52052; (2) whether or not the needs of the student continue to be best met at the NPS; and (3) whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting. (California Education Code sections 56366 (a) (2) (B) (i) and (ii)) and pursuant to California Education Code section 56345 (b) (4).)

If the LEA student is to be transferred from a NPS setting into a regular class setting in a public school for any part of the school day, the IEP team shall document a description of activities provided to integrate the student into the regular education program, including the nature of each activity as well as the time spent on the activity each day or week and a description of the activities provided to support the transition of the student from the special education program into the regular education program. Each student shall be allowed to provide confidential input to any representative of the individual IEP team. Except as otherwise provided in the Master Contract, CONTRACTOR and LEA shall participate in all IEP team meetings regarding students for whom ISAs have been or may be executed. At any time during the term of this Master Contract, the parent, the CONTRACTOR or the LEA may request a review of the student's IEP, subject to all procedural safeguards required by law, including reasonable notice given to, and participation of, the CONTRACTOR in the meeting. Every effort shall be made to schedule IEP team meetings at a time and place that is mutually convenient to parent, CONTRACTOR and LEA. CONTRACTOR shall provide to LEA assessments and written assessment reports by service providers upon request and/or pursuant to LEA policy and procedures. It is understood that attendance at an IEP meeting is part of CONTRACTOR'S professional responsibility and is not a billable service under this Master Contract.

It is understood that the CONTRACTOR shall utilize the approved electronic IEP system of the LEA for all IEP planning and progress reporting at the LEA's discretion. The LEA or SELPA may provide training for any CONTRACTOR to ensure access to the approved system. The CONTRACTOR shall maintain confidentiality of all IEP data on the approved system and shall protect the password requirements of the system. When a student dis-enrolls from the NPS/NPA, the NPS/NPA and LEA shall discontinue use of the approved system for that student.

Changes in any student's educational program, including instruction, services, or instructional setting provided under this Master Contract, may only be made on the basis of revisions to the student's IEP. In the event that the CONTRACTOR believes the student requires a change of placement, the CONTRACTOR may request a review of the student's IEP for the purposes of consideration of a change in the student's placement. Student is entitled to remain in the last agreed upon and implemented placement unless parent agrees otherwise or an Interim Alternative Educational Setting is deemed lawful and appropriate by LEA or OAH consistent with Section 1415 (k)(1)(7) of Title 20 of the United States Code.

If CONTRACTOR is an NPS, CONTRACTOR shall ensure private and confidential communication, including telecommunication, between a pupil of the NPS and members of the pupil's IEP team and the CDE's Constituent Services Office, at the pupil's discretion.

The LEA shall annually notify the CONTRACTOR who the LEA has designated as the educational liaison for foster children. When a pupil in foster care is enrolled in a NPS by the LEA any time after the completion of the pupil's second year of high school, the CONTRACTOR shall schedule the pupil in courses leading towards graduation based on the diploma requirements of the LEA unless provided notice otherwise in writing pursuant to Section 51225.1.

## 34. DUE PROCESS PROCEEDINGS

CONTRACTOR shall fully participate in special education due process proceedings including mediations and hearings, as requested by LEA. Participation further includes the willingness to make CONTRACTOR's staff available for witness preparation and testimony as is necessary to facilitate a due process hearing. CONTRACTOR shall also fully participate in the investigation and provision of

documentation related to any complaint filed with the State of California, the Office of Civil Rights, or any other state and/or federal governmental body or agency. Full participation shall include, but in no way be limited to, cooperating with LEA representatives to provide complete answers raised by any investigator and/or the immediate provision of any and all documentation that pertains to the operation of CONTRACTOR's program and/or the implementation of a particular student's IEP/Individual and Family Service Plan ("IFSP").

**35. COMPLAINT PROCEDURES**

CONTRACTOR shall maintain and adhere to its own written procedures for responding to parent complaints. At a minimum, progress reports shall include progress over time towards IEP goals and objectives. A copy of the progress reports/report cards shall be maintained at the CONTRACTOR's place of business and shall be submitted to the LEA and LEA student's parent(s) quarterly.

The CONTRACTOR shall also provide an LEA representative access to supporting documentation used to determine progress on any goal or objective, including but not limited to log sheets, observation notes, data sheets, pre/post tests, rubrics and other similar data collection used to determine progress or lack of progress on approved goals, objectives, transition plans or behavior intervention plans. The LEA may request such data at any time within five (5) years of the date of service. The CONTRACTOR shall provide this data supporting progress within five (5) business days of request. Additional time may be granted as needed by the LEA.

CONTRACTOR shall complete academic or other evaluations of the student ten (10) days prior to the student's annual or triennial review IEP team meeting for the purpose of reporting the student's present levels of performance at the IEP team meeting as required by state and federal laws and regulations and pursuant to LEA policies, procedures, and/or practices. CONTRACTOR shall provide sufficient copies of its reports, documents, and projected goals to share with members of the IEP team five (5) business days prior to the IEP meeting. The CONTRACTOR is responsible for all evaluation costs regarding the updating of goals and objectives, progress reporting and development of present levels of performance. All assessments resulting from an assessment plan shall be provided by the LEA unless the LEA specifies in writing a request that CONTRACTOR perform such additional assessment. Any assessment and/or evaluation costs may be added to the ISA and/or approved separately by the LEA at the LEA's sole discretion.

It is understood that all billable hours must be in direct services to pupils as specified in the ISA. For NPA services, supervision provided by a qualified individual as specified in Title 5 Regulation, subsection 3065, shall be determined as appropriate and included in the ISA. Supervision means the direct observation of services, data review, case conferencing and program design consistent with professional standards for each professional's license, certification, or credential.

CONTRACTOR shall not charge the student's parent(s) or LEA for the provision of progress reports, report cards, evaluations conducted in order to obtain present levels of performance, interviews, and/or meetings. It is understood that all billable hours have limits to those specified on the ISA consistent with the IEP. It is understood that copies of data collection notes, forms, charts and other such data are part of the pupil's record and shall be made available to the LEA upon written request.

**37. GRADES, HIGH SCHOOL COURSE CREDITS, & TRANSCRIPTS**

When CONTRACTOR is a NPS, CONTRACTOR is responsible for assigning grades for any course of instruction taught at the NPS. The grades each pupil receives in all courses of instruction taught by the NPS shall be reported to the parents and the LEA on a quarterly basis. Consistent with the LEA, should it become evident to the NPS the pupil is in danger of failing a course, the CONTRACTOR must initiate a parent conference, and the LEA representative must be in attendance.

When CONTRACTOR serves students in grades nine (9) through twelve (12) inclusive, LEA shall provide to CONTRACTOR a specific list of the course requirements to be satisfied by the CONTRACTOR leading toward graduation or completion of LEA's diploma requirements. CONTRACTOR shall not recommend awarding a high school diploma to students who have not successfully completed all of the LEA's graduation requirements.

Pupils enrolled in high school during the 2020-2021 academic year may request a Pass or No Pass grade as permitted in EC Section 49066.5, which may be reflected on the student's transcript and shall not negatively affect the pupil's grade point average.

CONTRACTOR shall prepare transcripts at the close of each semester, or upon student transfer, for students in grades nine (9) through twelve (12) inclusive, and submit them on LEA approved forms to the student's school of residence for evaluation of progress toward completion of diploma requirements as specified in LEA Procedures. CONTRACTOR shall submit to the LEA names of students and their schools of residence for whom transcripts have been submitted as specified by the LEA.

INDIVIDUAL TRANSITION PLANNING – AB 438, Approved on September 28, 2024

Effective July 1, 2025, if determined appropriate by the pupil's IEP team, beginning when the pupil starts their high school experience and not later than when the pupil is 16 years of age or younger, as appropriate, and annually thereafter, a statement of needed transition services shall be included in the pupil's individualized education program. If the individualized education program team determines that the pupil would benefit from the postponement of the inclusion of appropriate measurable postsecondary goals and transition services until 16 years of age, rather than when the pupil begins their high school experience, the individualized education program team shall appropriately justify the basis for that postponement. (EC section 56043(h).)

**38. STUDENT CHANGE OF RESIDENCE**

Within five (5) school days from the date CONTRACTOR becomes aware of a student's change of residence, CONTRACTOR shall notify LEA, in writing, of the student's change of residence. CONTRACTOR shall comply with any known court orders regarding parental visits and access to LEA students.

CONTRACTOR shall allow LEA representatives access to its facilities for additional periodic monitoring of each student's instructional program. LEA shall have access to observe each student at work, observe the instructional setting, interview CONTRACTOR employees and student(s) placed by the LEA, and review each student's records and progress. Such access shall include unannounced monitoring visits. When making site visits, LEA shall initially report to CONTRACTOR's site administrative office. CONTRACTOR shall be invited to participate in the review of each student's progress.

CONTRACTOR understands that LEA reserves the right to institute a program audit with or without cause. CONTRACTOR shall submit invoices and related documents to LEA for payment, for each calendar month when education or related services were provided. Invoices and related documents shall be properly submitted electronically and in addition, on an LEA form with signatures in the manner prescribed by LEA. At a minimum, each invoice must contain the following information: month of service; specific days and times of services coordinated by the LEA approved calendar unless otherwise specified in the IEP or agreed to by the LEA; name of staff who provided the service; approved cost of each invoice; total for each service and total for the monthly invoice; date invoice was mailed; signature of NPS/NPA administrator authorizing that the information is accurate and consistent with the ISA, CDE certificates and staff notification; verification that attendance report is attached as appropriate; indication of any made-up session consistent with this contract; verification that progress reports have been provided consistent with the ISA (monthly or quarterly unless specified otherwise on the ISA); and name or initials of each student for when the service was provided.

Such an invoice is subject to all conditions of this contract. At the discretion of the LEA, an electronic invoice may be required provided such notice has been made in writing and training provided to the CONTRACTOR at no additional charge for such training.

Invoices shall be submitted no later than thirty (30) days after the end of the attendance accounting period in which the services were rendered. LEA shall make payment to CONTRACTOR based on the number of billable days of attendance and hours of service at rates specified in this contract within forty-five (45) days of LEA's receipt of properly submitted hard copy of invoices prepared and submitted as specified in California Education Code Section 56366.5 and the LEA. CONTRACTOR shall correct deficiencies and submit rebilling invoices no later than thirty (30) calendar days after the invoice is returned by LEA. LEA shall pay properly submitted re-billing invoices no later than forty-five (45) days after the date a completely corrected re-billing invoice is received by LEA.

In no case shall any rebilling for the Master Contract fiscal year (July through June) extend beyond six (6) months after the close of the fiscal year unless approved by the LEA to resolve billing issues including re-billing issues directly related to a delay in obtaining information from the Commission on Teacher Credentialing regarding teacher qualification, but no later than twelve (12) months from the close of the fiscal year. If the billing or re-billing error is the responsibility of the LEA, then no limit is set provided that the LEA and

CONTRACTOR have communicated such concerns in writing during the 12-month period following the close of the fiscal year. LEA will not pay mileage for NPA employees.

**57. RIGHT TO WITHHOLD PAYMENT**

LEA may withhold payment to CONTRACTOR when: (a) CONTRACTOR has failed to perform, in whole or in part, under the terms of this contract; (b) CONTRACTOR has billed for services rendered on days other than billable days of attendance or for days when student was not in attendance and/or did not receive services; (c) CONTRACTOR was overpaid by LEA as determined by inspection, review, and/or audit of its program, work, and/or records; (d) CONTRACTOR has failed to provide supporting documentation with an invoice, as required by EC 56366(c)(2); (e) education and/or related services are provided to students by personnel who are not appropriately credentialed, licensed, or otherwise qualified; (f) LEA has not received prior to school closure or contract termination, all documents concerning one or more students enrolled in CONTRACTOR's educational program; (g) CONTRACTOR fails to confirm a student's change of residence to another district or confirms the change of residence to another district, but fails to notify LEA within five (5) days of such confirmation; or (h) CONTRACTOR receives payment from Medi-Cal or from any other agency or funding source for a service provided to a student. It is understood that no payments shall be made for any invoices that are not received by six (6) months following the close of the prior fiscal year, for services provided in that year.

Final payment to CONTRACTOR in connection with the cessation of operations and/or termination of a Master Contract will be subject to the same documentation standards described for all payment claims for regular ongoing operations. In addition, final payment may be withheld by the LEA until completion of a review or audit, if deemed necessary by the LEA. Such review or audit will be completed within ninety (90) days. The final payment may be adjusted to offset any previous payments to the CONTRACTOR determined to have been paid in error or in anticipation of correction of documentation deficiencies by the CONTRACTOR that remain uncorrected.

The amount which may be withheld by LEA with respect to each of the subparagraphs of the preceding paragraph are as follows: (a) the value of the service CONTRACTOR failed to perform; (b) the amount of overpayment; (c) the portion of the invoice for which satisfactory documentation has not been provided by CONTRACTOR; (d) the amount invoiced for services provided by the individual not appropriately credentialed, licensed, or otherwise qualified; (e) the proportionate amount of the invoice related to the applicable pupil for the time period from the date the violation occurred and until the violation is cured; or (f) the amount paid to CONTRACTOR by Medi-Cal or another agency or funding source for the service provided to the student.

If LEA determines that cause exists to withhold payment to CONTRACTOR, LEA shall, within ten (10) business days of this determination, provide to CONTRACTOR written notice that LEA is withholding payment. Such notice shall specify the basis or bases for LEA's withholding payment and the amount to be withheld. Within thirty (30) days from the date of receipt of such notice, CONTRACTOR shall take all necessary and appropriate action to correct the deficiencies that form the basis for LEA's withholding payment or submit a written request for extension of time to correct the deficiencies or submit to LEA written documentation demonstrating that the basis or bases cited by the LEA for withholding payment is unfounded. Upon receipt of CONTRACTOR's written request showing good cause, LEA shall extend CONTRACTOR's time to correct deficiencies (usually an additional thirty (30) days), otherwise payment will be denied.

If after subsequent request for payment has been denied and CONTRACTOR believes that payment should not be withheld, CONTRACTOR shall send written notice to LEA specifying the reason it believes payment should not be withheld. LEA shall respond to CONTRACTOR's notice within thirty (30) business days by indicating that a warrant for the amount of payment will be made or stating the reason LEA believes payment should not be made. If LEA fails to respond within thirty (30) business days or a dispute regarding the withholding of payment continues after the LEA's response to CONTRACTOR's notice, CONTRACTOR may invoke the following escalation policy.

After forty-five (45) business days: The CONTRACTOR may notify the Authorized LEA's Representative of the dispute in writing. The LEA Authorized Representative shall respond to the CONTRACTOR in writing within fifteen (15) business days.

After sixty (60) business days: The LEA or CONTRACTOR may appeal to the County Superintendent of Schools so long as the County Superintendent of Schools is not participating in the Local Plan involved in the NPS/A contract, or a mutually agreed upon mediator. Both parties agree to pay for their own costs and expenses arising out of such mediation. Each party agrees to act in good faith in participating in any mediation process agreed to by the parties.

LEA will not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided unless otherwise agreed in student's IEP.

Criteria for a billable day for payment purposes is one (1) day of attendance as defined in California Education Code, sections 46010, 46010.3 and 46307. LEA shall not pay for services provided on days that a student's attendance does not qualify for Average Daily Attendance (ADA) reimbursement under state law. *Per Diem* rates for students whose IEPs authorize less than a full instructional day may be adjusted on a pro rata basis in accordance with the actual proportion of the school day the student was served. LEA shall not be responsible for payment of related services for days on which a student's attendance does not qualify for Average Daily Attendance ("ADA") reimbursement under state law, nor shall student be eligible for make-up services.

NONPUBLIC AGENCY STAFF ABSENCE

When CONTRACTOR is a nonpublic agency and CONTRACTOR's service provider is absent, CONTRACTOR shall provide a qualified (as defined in Section 7 of this agreement and as determined by LEA) substitute, unless LEA provides appropriate coverage in lieu of CONTRACTOR's service providers.

LEA shall not pay for services unless a qualified substitute is provided and/or CONTRACTOR provides documentation evidencing the provision of "make-up" services by a qualified service provider within thirty (30) calendar days from the date on which the services should have been provided. CONTRACTOR shall not "bank" or "carry over" make up service hours under any circumstances, unless otherwise agreed to in writing by CONTRACTOR and LEA. In the event services were not provided, reasons for why the services were not provided shall be included.

NONPUBLIC AGENCY STUDENT ABSENCE

If CONTRACTOR is a nonpublic agency, it shall notify LEA of the absence of a student no later than the fifth (5th) consecutive service day of the student's absence. LEA shall not be responsible for the payment of services when a student is absent.

**60. LEA and/or NONPUBLIC SCHOOL CLOSURE DUE TO EMERGENCY**

The following shall apply in the event of a LEA or NPS school closure due to an emergency consistent with guidelines followed by LEAs in accordance with Education Code sections 41422 and 46392:

a. If CONTRACTOR remains open, if allowed, during an emergency and serves students appropriately as delineated in the ISA, CONTRACTOR shall receive payment, regardless of whether a sending LEA is open or closed.

b. NPS School Closure- In the event of a NPS School Closure for the reasons set forth in Education Code section 41422, if the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance due to CONTRACTOR'S school closure. If the LEA is unable to obtain an alternative placement, CONTRACTOR shall receive payment consistent with the student's approved ISA, as though the student were continuing their regular attendance, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions.

c. LEA and NPS School Closure- In the event of the LEA and NPS School Closures, on days the LEA is funded, CONTRACTOR shall receive payment consistent with the student's approved ISA, until an alternative placement can be found and CONTRACTOR shall implement LEA student's IEP in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions. If the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance with CONTRACTOR due to CONTRACTOR'S school closure.

When the emergency school closure is lifted, CONTRACTOR shall notify the LEAs it serves of any lost instructional minutes. CONTRACTOR and LEAs shall work collaboratively to determine the need for make-up days or service changes, and shall work together to amend IEP and ISA paperwork as appropriate.

**61. INSPECTION AND AUDIT**

The CONTRACTOR shall maintain and the LEA shall have the right to examine and audit all of the books, records, documents, accounting procedures and practices and other evidence that reflect all costs claimed to have been incurred or fees claimed to have been earned under this Agreement.

CONTRACTOR shall provide access to LEA to all records including, but not limited to: student pupils as defined by California Education Code section 49061(b); registers and roll books of teachers; daily service logs and notes or other documents used to record the provision of related services; Medi-Cal/daily service logs and notes used to record provision of services provided by instructional assistants, behavior intervention aides, bus aides, and supervisors; absence verification records (parent/doctor notes, telephone logs, and related documents); bus rosters; staff lists specifying credentials held, business licenses held, documents evidencing other qualifications, , dates of hire, and dates of termination; staff time sheets; non-paid staff and volunteer sign-in sheets; transportation and other related service subcontracts; school

calendars; bell/class schedules when applicable; liability and worker's compensation insurance policies; state NPS/A certifications; by-laws; lists of current board of directors/trustees, if incorporated; other documents evidencing financial expenditures; federal/state payroll quarterly reports Form 941/DE3DP; and bank statements and canceled checks or facsimile thereof. Such access shall include unannounced inspections by LEA. CONTRACTOR shall make available to LEA all budgetary information including operating budgets submitted by CONTRACTOR to LEA for the relevant contract period being audited.

CONTRACTOR shall make all records available at the office of LEA or CONTRACTOR's offices (to be specified by LEA) at all reasonable times and without charge. All records shall be provided to LEA within five (5) working days of a written request from LEA. CONTRACTOR shall, at no cost to LEA, provide assistance for such examination or audit. LEA's rights under this section shall also include access to CONTRACTOR's offices for purposes of interviewing CONTRACTOR's employees. If any document or evidence is stored in an electronic form, a hard copy shall be made available to the LEA, unless the LEA agrees to the use of the electronic format.

CONTRACTOR shall obtain from its subcontractors and suppliers written agreements to the requirements of this section and shall provide a copy of such agreements to LEA upon request by LEA.

If an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Master Contract, LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis or bases for such demand. Unless CONTRACTOR and LEA otherwise agree in writing, CONTRACTOR shall pay to LEA the full amount owed as a result of CONTRACTOR's over billing and/or failure to perform, in whole or in part, any of its obligations under this Master Contract, as determined by an inspection, review, or audit by LEA, a state agency, a federal agency, and/or an independent agency/firm. CONTRACTOR shall make such payment to LEA within thirty (30) days of receipt of LEA's written notice demanding payment.

**62. RATE SCHEDULE**

The attached rate schedule (Exhibit A) limits the number of students that may be enrolled and maximum dollar amount of the contract. It may also limit the maximum number of students that can be provided specific services. Per Diem rates for students whose IEPs authorize less than a full instructional day may be adjusted proportionally. In such cases only, the adjustments in basic education rate shall be based on the required minimum number of minutes per grade level as set forth in paragraph 23, above, and in California Education Code Section 46200-46208.

Special education and/or related services offered by CONTRACTOR shall be provided by qualified personnel as per State and Federal law, and the codes and charges for such educational and/or related services during the term of this contract, shall be as stated in Exhibit A.

**63. DEBARMENT CERTIFICATION**

By signing this agreement, the CONTRACTOR certifies that:

(a) The CONTRACTOR and any of its shareholders, partners, or executive officers are <u>not</u> presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency, and

offenses.

**64. PAYMENT FOR ROOM AND BOARD**

When CONTRACTOR is an NPS associated with an RTC (NPS/RTC), CONTRACTOR shall be eligible for Room and Board payments on dates that the student was actually in attendance and received Room and Board services, payable for up to a maximum of 365 billable days or 366 days during a leap year, which may include a maximum of ten (10) days per Contract year when the student's bed is unoccupied due to home visits of a therapeutic nature, unless otherwise mutually agreed upon by CONTRACTOR and LEA. Any payment for additional days in special circumstances, such as a student's hospitalization or extended home visits exceeding ten (10) days in a Contract year, requires prior written approval from both the LEA and the CONTRACTOR.

The parties hereto have executed this Contract by and through their duly authorized agents or representatives. This contract is effective on the 1st day of July, 2026 and terminates at 5:00 P.M. on June 30, 2027, unless sooner terminated as provided herein.

**Addendum to NPS Master Contract**

This document serves as an Addendum to the NPS Master Contract for the 2025 – 2026 school year, currently signed between Party Name and Seneca Family of Agencies. Both parties hereby agree to modify the existing contract agreement to include the following changes.

**Section 14, paragraph 2 is hereby deleted and replaced in its entirety with:**

**14. TERMINATION**

To terminate the Master Contract either party shall give no less than twenty (20) calendar days prior written notice (California Education Code section 56366(a)(4)). At the time of termination, CONTRACTOR shall provide to LEA any and all documents CONTRACTOR is required to maintain under this Master Contract. ISAs are void upon termination of this Master Contract, as provided in Section 5 or 6. To terminate the ISA, either party shall give twenty (20) calendar days prior written notice.

**Section 24, paragraph 1 is hereby deleted and replaced in its entirety with:**

**24. CLASS SIZE**

When CONTRACTOR is a NPS, CONTRACTOR shall ensure that class size shall not exceed a ratio of one teacher per twelve (12) students. Class size may be temporarily increased by a ratio of 1 teacher to fourteen (14) students when necessary during the regular or extended school year to provide services to students with disabilities.

**Section 25, paragraph 1 is hereby deleted and replaced in its entirety with:**

**25. CALENDARS**

When CONTRACTOR is an NPS, CONTRACTOR shall submit to the LEA/SELPA a school year calendar with the total number of billable days at least equal to one hundred and eighty (180) days for the regular school year, plus twenty (20) extended school year billable days or the equivalent number of days as the LEA's extended school year calendar, if different. Billable days shall include only those days that are included on the submitted and approved school calendar, and/or required by the IEP (developed by the LEA) for each student. CONTRACTOR shall not be allowed to change its school calendar and/or amend the number of billable days without the prior written approval of the LEA. Nothing in this Master Contract shall be interpreted to require the LEA to accept any requests for calendar changes.

**The definition of "emergency interventions" in Section 30, paragraph 3 is hereby amended as follows:**

Emergency interventions are those interventions used with a student during the time they present an imminent, serious, dangerous behavior that staff has determined to present a clear and present danger to self or others, which requires a non-violent physical intervention to protect the safety of student, self, or others that cannot be prevented by use of a less restrictive technique.

**Section 40, paragraph 4 is hereby deleted and replaced in its entirety with:**

**40. PARENT ACCESS**

Seneca supports robust communication between families, districts, and our school team through regular notification around student progress and needs. We believe that students are best supported when all parties can work together. As such, Seneca will provide the LEA with updates related to the following concerns when they are reported to parents:

- Concerns about attendance
- Concerns about a student being in danger of failing a class
- Concerns about student incidents where a BER is required
- Concerns about transportation safety
- Concerns about the appropriateness of placement

**Section 42 is hereby deleted and replaced in its entirety with:**

**42. STUDENT MEALS**

Seneca Non-Public Schools provide access for all students to a balanced, nutritious breakfast and lunch.

**Section 43, paragraph 7 is hereby deleted and replaced in its entirety with:**

**43. MONITORING**

CONTRACTOR shall allow LEA representatives access to its facilities for additional periodic monitoring of each student's instructional program with at least 24 hours advance notice. LEA shall have access to observe each student at work, observe the instructional setting, interview CONTRACTOR employees and student(s) placed by the LEA, and review each student's records and progress. When making site visits, LEA shall initially report to CONTRACTOR's site administrative office. CONTRACTOR shall be invited to participate in the review of each student's progress.

**Section 56, paragraph 7 is hereby deleted and replaced in its entirety with:**

**56. ENROLLMENT, CONTRACTING, SERVICE TRACKING, ATTENDANCE REPORTING, AND BILLING PROCEDURES**

Invoices shall be submitted no later than thirty (30) days after the end of the attendance accounting period in which the services were rendered. LEA shall make payment to CONTRACTOR based on the number of billable days of enrollment and hours of service at rates specified in this contract within forty-five (45) days of LEA's receipt of properly submitted hard copy of invoices prepared and submitted as specified in California Education Code Section 56366.5 and the LEA. CONTRACTOR shall correct deficiencies and submit rebilling invoices no later than thirty (30) calendar days after the invoice is returned by LEA. LEA shall pay properly submitted re-billing invoices no later than forty-five (45) days after the date a completely corrected re-billing invoice is received by LEA.

**Due to Seneca's Daily Non-Public School rate, which is invoiced based on days of enrollment in the program (as opposed to being based on the number of days of attendance in the program), Section 59, NONPUBLIC SCHOOL STUDENT ABSENCE is hereby deleted and replaced in its entirety with:**

NONPUBLIC SCHOOL STUDENT ABSENCE

If CONTRACTOR is a nonpublic school, no later than the tenth (10th) cumulative day of a student's unexcused absence, CONTRACTOR shall notify the LEA of such absence.

**The following language is hereby added and made part of Section 9 of this agreement:**

**DATA SHARING**

**Purpose** - In our work with students and families, Seneca family of agencies uses a number of data platforms to track the provision of school-wide and student services, service-related goals, and goal progress. The overall goal of our data-informed practices is to determine the effectiveness of the academic, behavioral, and clinical services provided by Seneca and to receive ongoing data-based feedback throughout the year on the student's individual and group plans. The data tracked will be used to support service decisions aimed at improving students' academic achievement and engagement, decreasing problem behavior and discipline issues, and improving social-emotional wellness, school climate, and parent engagement.

**Scope and Data Elements** - Seneca will access and import following data sets for all enrolled students into the appropriate databases for service and progress tracking purposes: School Name, School ID, Student ID (SSID), State Student ID, Last Name, First Name, Middle Name, Date of Birth, Gender, Grade, Teacher, Race/Ethnicity, ELL status, Home Language, and Special Education Status.

**Transfer of Data** - The School/District and Seneca shall use a secure, mutually agreed upon means and schedule for transferring confidential information.

**Contractor Responsibilities**

1. Seneca acknowledges that these data are confidential data and proprietary to the school/district, and agree to protect such information from unauthorized disclosures and to comply with all applicable District, Local, State and Federal confidentiality laws and regulations including but not limited to the California Education Code and the Family Education Rights and Privacy Act (FERPA).
2. Seneca will use appropriate safeguards to prevent the use or disclosure of the information other than as provided by this data use agreement.
3. Seneca shall not re-disclose any individual-level data with or without identifying information to any other requesting individuals, agencies, or organizations without prior written authorization from the school/district.
4. Seneca shall keep all information furnished by the school/district in space physically and electronically secure from unauthorized access. Information and data shall be stored and processed in a way that unauthorized persons cannot retrieve nor alter the information by means of a computer, remote terminal, or other means.

**The following language is hereby added and made part of Section 17 of this agreement:**

**PARTNERSHIP STAFFING**

In recognition of the current staffing shortages across the state and the investment that each entity makes to identify, train, support and retain staff; both parties hereby agree as follows:

Seneca Family of Agencies and Party Name agree that during the Term and for a period of twelve months following the termination or expiration of this Agreement, they will not directly or indirectly solicit or recruit the other Party's employees. For the purposes of this clause, a general advertisement or notice of a job listing or opening or other similar general publication of a job search or availability to fill employment positions distributed by any legal means, including on the internet, shall not be construed as a solicitation or recruitment effort. Furthermore, the hiring of any person who freely responds to any such notice or advertisement shall not be a breach of this clause even if such person was an employee or contractor of the other party immediately preceding such hiring or at any time

during the prior twelve months. The parties agree that none of their employees is barred from applying to the other party for a job at any time and this clause shall not be interpreted in a way that would prevent an employee of either party from engaging in their profession with the employer of their choice in violation of any applicable law.

All other conditions in the original contract dated July 1, 2026 will remain in effect as agreed unless Seneca Family of Agencies and/or the contracting LEA, Party Name both agree to make future changes, which would require future addendums.

The parties hereto have executed this contract by and through their duly authorized agents or representatives.

## Construction Assumptions

1) The designated area for our structures will be accessible by drive-up for unloading of our trucks and equipment, including personnel man-lifts, forklifts, etc. Should a crane be required and direct access not available, additional costs for such will be submitted by a Change Order.

2) Our pricing is based on the ability to perform all of our work with clear, sequential, and continuous access without interruption during normal daytime working hours. We have assumed one mobilization for the installation of foundations, steel and fabric; if additional mobilizations are required, there will be an additional charge. We will require exclusive access to the area for our work during the construction process.

3) Our pricing does not include daily site delays accessing the work areas. USA SHADE will submit a Change Order for any delays caused by other trades which interfere or cause us to stop working.

4) We will require site sanitary facilities and refuse containers by others within 200 feet of our work.

5) USA SHADE will leave its work and materials in a clean condition at the conclusion of our work.

6) Barricades and public security requirements are not included.

7) Unless specifically included in this proposal, this agreement does not include, and Company will not provide, services, labor, or materials for any of the following work: (a) removal and disposal of any materials containing asbestos or any hazardous materials as defined by the EPA; (b) moving Owner's property around the installation site; (c) repair or replacement of any Purchaser or Owner-supplied materials; or (d) repair of damage to existing surfaces that may occur when construction equipment and vehicles are being used in the normal course of construction.

8) Pricing for foundation design is based on drilled pier footings. In the event the geotechnical report requires an alternate configuration, any additional costs incurred will be submitted to the client by a Change Order.

9) Digging of our foundations will not be constrained by any existing concrete or utilities. USA SHADE will not be responsible for moving or repairing any underground utility lines such as electrical, telephone, gas, water, or sprinkler lines that may be encountered during installation.

10) Any additional costs incurred as a result of hard rock conditions requiring extra equipment, utility removal or repair, resulting in delay, will result in additional charges unless they are

detailed on as-built site drawings provided to USA SHADE or marked on the ground and communicated to USA SHADE in writing prior to installation.

## GENERAL TERMS & CONDITIONS AND WARRANTY

1) **Proposal:** The above proposal is valid for **30 days** from the date first set forth above. After 30 days, we reserve the right to increase prices due to the rise in cost of raw materials, fuel, or other cost increases. When applicable, USA SHADE & Fabric Structures reserves the right to implement a surcharge for significant increases in raw materials, including, but not limited to; fuel, steel, and concrete. Due to the duration of time between proposals, contracts, and final installation, USA SHADE & Fabric Structures reserves the right to implement this surcharge, when applicable.

2) **Purchase:** By executing this proposal, or submitting a purchase order pursuant to this proposal (which shall incorporate the terms of this agreement specifically by reference) which is accepted by USA SHADE & Fabric Structures (the "Company"), the purchaser identified above ("you" or the "Purchaser") agrees to purchase Shade Structures brand shade structures ("Structures") and the services to be provided by the Company, as detailed in the "Structure Pricing" and "General Scope of Work" sections of this agreement, above, or in the relevant purchase order accepted by the Company, for use by Purchaser or for installation by Company or Purchaser on behalf of a third-party who will be the ultimate owner of the Structures (the ultimate owner of a Structure, whether Purchaser or a third-party, being the "Owner").

3) **Short Ship Claims:** Purchaser has 15 days from receipt of the structures to file a short ship report in writing to its sales representative. Company will not honor claims made after this time.

4) **Short Ship Claims:** Purchaser has 15 days from receipt of the structures to file a short ship report in writing to its sales representative. Company will not honor claims made after this time.

5) **Bonding Guidelines:** If Purchaser will use or provide the Structures and Services for an Owner other than Purchaser (including, without limitation, as a subcontractor of Purchaser), Purchaser will include the following statement in Purchaser's contract with Owner:

> "The manufacturer's warranty for the Shade Structures brand shade structures is a separate document between USA SHADE & Fabric Structures and the ultimate owner of the Shade Structures brand shade structures, which will be provided to the ultimate owner at the time of completion of the installation and other services to be provided by USA SHADE & Fabric Structures. Due to surety requirements, any performance and/or payment bond will cover only the first year of the USA SHADE & Fabric Structures warranty."

6) **Insurance Requirements**: Company is not required to provide any insurance coverage in excess of Company's standard insurance. A copy of theCompany's standard insurance is available for your review prior to acceptance of the Company's proposal.

7) **Payment**: Terms of payment are defined in the "Pricing Details" section and are specific to this contract. For purposes of this agreement, "Completion" is defined as being the point at which the Structure is suitable for its intended use, the issue of occupancy consent, or a final building department approval is issued, whichever occurs first. Progress billing and payment will be required. All payments must be made to Shade Structures, Inc., P.O. Box 734158, Dallas, TX 75373-4158. Company may use all remedies available to it under current laws including, but not limited to, filing of liens against the property and using a collection agency or the courts to secure the collection of the outstanding debt.

8) Lien Releases: Upon request by Owner, Company will issue appropriate partial lien releases as corresponding payments are received from Purchaser, but prior to receiving final payment from Purchaser or Owner. Company will provide a full release of liens upon receipt of final payment. In accordance with state laws, Company reserves the right to place a lien on the property if final payment has not been received 10 days prior to the filing deadline for liens.

9) **Site Plan Approval, Permit/s, Permit Fees, Plans, Engineering Drawings, and Surveying:** Site plan approval, permits, permit fees, plans, engineering drawings, and surveying are specifically excluded from this agreement and the Services unless specified under the "General Scope of Work". The Company does not in any way warrant or represent that a permit or site plan approval for construction will be obtained. Sealed engineered drawings that are required but not included in the "General Scope of Work" will result in an additional cost to Purchaser.

10) **Manufacturing & Delivery:** Manufacturing lead-time from Company's receipt of the "Notice To Proceed" is approximately 6 to 8 weeks for standard structures, and 8 to 12 weeks for custom structures. Delivery is approximately 1 week thereafter. Delivery of structures may be prior to or at start of assembly. Please note that these timelines do not include approval or permitting timeframes.

11) **Return Policy for USA Shade:** At USA Shade, we strive to provide high-quality shade structures that are built to order and tailored to meet the unique needs of our customers. Due to the nature of our business and the customization involved, we have implemented the following return policy:

    2. **No Returns:** Due to the customized nature of our shade structures, we do not accept returns. Once the order has been delivered and installed, it is considered a final sale. We encourage customers to thoroughly assess their requirements and specifications before ordering.
    3. **Product Quality Assurance:** We take pride in delivering high-quality shade structures that meet industry standards. Our products undergo rigorous quality control measures to ensure they meet or exceed customer expectations. In the

unlikely event that there is a manufacturing defect or an issue with the product, please get in touch with our customer service department immediately for assistance.

4. **Warranty Coverage:** Our shade structures are backed by a warranty against manufacturing defects or material faults. If you encounter any issues the warranty covers, please take a look at our warranty policy for more instructions on how to proceed.
5. **Customer Support:** We are committed to providing excellent customer service throughout your purchasing journey. It is essential for customers to understand and acknowledge these terms and conditions before placing an order with USA Shade. Customers agree to abide by this return policy by proceeding with a purchase.

12) **Concealed Conditions:** "Concealed conditions" include, without limitation, water, gas, sprinkler, electrical and sewage lines, post tension cables, and steel rebar. This agreement is based solely on observations the Company was able to make either by visual inspection or by drawings and/or plans submitted by Owner at the time this agreement was bid. If additional Concealed Conditions are discovered once work has commenced, which were not visible at the time this proposal was bid, Company will stop work and indicate these unforeseen Concealed Conditions to Purchaser or Owner so that Purchaser and Company can execute a Change Order for any additional work. In any event, any damage caused by or to unforeseen Concealed Conditions is the sole responsibility of the Purchaser and Company shall not be held liable for any such damage. Soil conditions are assumed to be soil that does not contain any water, hard rock (such as limestone, caliche, etc.), rocks larger than 4 inches in diameter, or any other condition that will require additional labor, equipment and/or materials not specified by the Purchaser or Owner in the bidding process. Any condition requiring additional labor, equipment, and/or materials to complete the drilling or concrete operations will require a Change Order before Company will complete the process. Price quotes are based on a drilled pier footing. Any variation will incur additional charges (i.e. spread footings, concrete mat, sand, water, landfill, etc.). Costs for footing and installation do not include any allowance for extending below frost lines (the additional costs for which vary by geographical region)

13) **Changes in the Work:** During the course of this project, Purchaser may order changes in the work (both additions and deletions). Additionally, an approving agency may require changes in the work from the original design or engineering quoted and provided by the Company (both additions and deletions.) The cost of these changes will be determined by the Company, and a Change Order form must be completed and signed by both the Purchaser and the Company, which will detail the "General Scope of the Change Order". Should any Change Order be essential to the completion of the project, and the Purchaser refuses to authorize such Change Order, then Company will be deemed to have performed its part of the project, and the project and services will be terminated. Upon such termination, Company will submit a final billing to Purchaser for payment, less a labor allowance for work not performed but including additional charges incurred due to the stoppage. No credit will be allowed for materials sold and supplied, which will remain the property of the Purchaser.

14) **Indemnification:** To the fullest extent permitted by law, Purchaser shall indemnify, defend, and hold harmless the Company and its consultants, agents, and employees or any of them from and against claims, damages, losses and expenses, including, but not limited to, attorneys' fees related to the installation of the Structure or performance of the services, provided that such claim, damage, loss, or expense is attributable to bodily injury to, sickness, disease, or death of a person, or to injury to or destruction of tangible property, but only to the extent caused by the negligent acts or omissions of the Purchaser or its agents, employees, or subcontractors, or anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity that would otherwise exist as to a party or person described in Section 15.

15) **Statement of Limited Warranty:**

- Labor for the removal, assembly, and/or freight charges will only be covered by Company in instances where the structures supplied and installed by Company are determined by the Company to be defective. Any fixture(s), e.g., playground, pools, etc., that the structures are to be assembled over must also be detailed, along with their peak heights (if applicable).

18) **Site/Use Review by Purchaser:** Company relies on the Purchaser to determine that the structures ordered are appropriate and safe for the Owner's installation site and/or intended use. Company can recommend, or supply at additional cost, padding for posts from a third party manufacturer.

In the event that Company is not notified and incurs an expense in attempting to execute the assembly, a re-mobilization charge may be charged to Purchaser before Company will reschedule the assembly.

20) **Delegation: Subcontractors:** The services and the manufacturing and assembly of the structures may be performed by subcontractors under appropriate agreements with the Company.

22) **Dispute Resolution**: Any controversy or claim arising out of or related to this agreement must be settled by binding arbitration administered in Dallas, TX by a single arbitrator selected by the parties or by the American Arbitration Association, and conducted in accordance with the construction industry arbitration rules. 24) **No Third-Party Beneficiaries:** This agreement creates no third-party rights or obligations between Company and any other person, including any Owner who is not also a Purchaser. It is understood and agreed that the parties do not intend that any third party should be a beneficiary of this agreement.

25) **Governing Law:** The agreement will be construed and enforced in accordance with the laws of the State of Texas.

26) Assignment: Purchaser may not assign this agreement, by operation of law or otherwise, without the prior written consent of Company. The agreement shall be binding upon and insure to the benefit of the Company and the Purchaser, and their successors and permitted assigns.

## Terms & Conditions

1. Scope. These Customer Terms and Conditions are a legal agreement between Amplify Education, Inc. ("Amplify") and the local education agency or authority, school district, school network, independent school, or other regional education system ("Customer") for the license and use of one or more of Amplify products or services (the "Products"), as specified in the receipt, price quote, proposal, renewal letter, or other ordering document containing the details of this purchase (the "Quote"). These Customer Terms and Conditions, all addenda, attachments, and the Quote, as applicable (together, the "Agreement"), constitute the entire agreement between the parties relating to the subject matter hereof. The provisions of this Agreement will supersede any conflicting terms and conditions in any Customer purchase order, other correspondence or verbal communication, and will supersede and cancel all prior agreements, written or oral, between the parties relating to the subject matter hereof.

2. Agreement Acceptance. This Agreement becomes effective at the earliest of the following: (i) issuing a purchase order, shipment request, or payment against the Quote; (ii) accessing, downloading, or using the Products; or (iii) otherwise accepting this Agreement. This term of the Agreement will be as specified in the Quote and may be renewed or extended by mutual agreement of the parties. Customer represents and warrants that: (1) Customer is of legal age to accept this Agreement; (2) Customer is authorized to accept

this Agreement and to access and use the Products; and (3) Customer's use of the Products will comply at all times with Amplify's Acceptable Use Policy available at amplify.com/acceptable-use ("AUP"). The Customer may not access, download, or use the Products if the Customer does not agree to this Agreement.

3. License. Subject to the terms and conditions of the Agreement, Amplify grants to Customer a non-exclusive, non-transferable, non-sublicensable license to access and use, and permit Authorized School Users, as defined below, to access and use the Products in accordance with the AUP, for the duration specified in the Quote (the "Term"), and for the number of Authorized School Users specified in the Quote for whom Customer has paid the applicable fees to Amplify. "Authorized School User" means the K–12 students registered or authorized for instruction with Customer and the educators, agents and staff members who use the Products as authorized by Customer who Customer permits to access and use the Products subject to the terms and conditions of the Agreement, solely while such individual is so employed or so registered. Each Authorized School User's access and use of the Products will be subject to the AUP in addition to the terms and conditions of the Agreement. Violations of this Agreement or the AUP may result in suspension or termination of the applicable account.

Customer also agrees that any works created in violation of this section are derivative works, and, as such, Customer agrees to assign, and hereby assigns, all right, title, and interest in such works to Amplify. The Products and derivatives thereof may be subject to export control laws, restrictions, regulations, and orders of the U.S. and other jurisdictions (together, "Export Laws"). Customer agrees to comply with all applicable Export Laws, and will not, and will not permit Authorized School Users to, export, or transfer for the purpose of re-export, any Product to any prohibited or embargoed country in violation of any U.S. export law or regulation. The software and associated documentation portions of the Products are "commercial items" (as defined at 48 CFR 2.101), comprising "commercial computer software" and "commercial computer software documentation," as those terms are used in 48 CFR 12.212. Amplify Products are protected by patents (see amplify.com/virtual-patent-marking). Amplify reserves the right to update or modify the Products at any time and to discontinue the Products upon reasonable notice.

6. Payments. In consideration of the Products, Customer will pay to Amplify (or other party designated on the Quote) the fees specified in the Quote in full within 30 days of the date of invoice, except as otherwise agreed by the parties or for those amounts that are subject to a good faith dispute of which Customer has notified Amplify in writing. Customer will be responsible for all state or local sales, use or gross receipts taxes, and federal excise taxes unless Customer provides a then-current tax exemption certificate in advance of the delivery, license, or performance of any Product, as applicable.

7. Shipments. Unless otherwise specified on the Quote, physical Products will be shipped FOB origin in the US (Incoterms 2010 EXW outside of the US) and are deemed accepted by Customer upon receipt. Upon acceptance of such Products, orders are non-refundable, non-returnable, and non-exchangeable, except in the case of defective or missing materials reported to Amplify by Customer within 60 days of receipt. In such case, Customer may not return Products without Amplify's written authorization.

8. Account Information. For subscription Products, the authentication of Authorized School Users is based in part upon information supplied by Customer or Authorized School Users, as applicable. Customer will and will cause its Authorized School Users to (a) provide accurate information to Amplify or a third-party service as applicable, and promptly report any changes to such information, (b) not share login credentials or otherwise allow others to use their account, (c) maintain the confidentiality and security of their account information, and (d) use the Products solely via such authorized accounts. Customer agrees to notify Amplify immediately of any unauthorized use of its or its Authorized School Users' accounts or related authentication information. Amplify will not be responsible for any losses arising out of the unauthorized use of accounts created by or for Customer and its Authorized School Users.

9. Confidentiality. Customer agrees (a) not to use Confidential Information for any purpose other than use of the Products in accordance with this Agreement and (b) to take all steps reasonably necessary to maintain and protect the Confidential Information of Amplify in strict confidence. Confidential Information shall not include information that, as evidenced by Customer's contemporaneous written records: (i) is or becomes publicly available through no fault of Customer; (ii) is rightfully known to Customer prior to the time of its disclosure; (iii) has been independently developed by Customer without any use of the Confidential Information; or (iv) is subsequently learned from a third party not under any confidentiality obligation.

10. Student Data. The parties acknowledge and agree that in the course of providing the Products to the Customer, Amplify may collect, receive, or generate information that directly relates to an identifiable student of Customer ("Student Data"). Student Data may include personal information from a student's "educational records," as defined by the Family Educational Rights and Privacy Act of 1974 ("FERPA"). Student Data is owned and controlled by the Customer and Amplify receives Student Data as a "school official" under Section 99.31 of FERPA for the purpose of providing the Products hereunder. Individually and collectively, Amplify and Customer agree to uphold our obligations, as applicable, under FERPA, the Children's Online Privacy Protection Act ("COPPA"), the Protection of Pupil Rights Amendment ("PPRA"), and applicable state laws relating to student data privacy. Issuance of a purchase order or payment pursuant to this Price Quote, or usage of the products specified herein, shall be deemed acceptance of such Terms & Conditions.

## Terms & Conditions

1. Scope. These Customer Terms and Conditions are a legal agreement between Amplify Education, Inc. ("Amplify") and the local education agency or authority, school district, school network, independent school, or other regional education system ("Customer") for the license and use of one or more of Amplify products or services (the "Products"), as specified in the receipt, price quote, proposal, renewal letter, or other ordering document containing the details of this purchase (the "Quote"). These Customer Terms and Conditions, all addenda, attachments, and the Quote, as applicable (together, the "Agreement"), constitute the entire agreement between the parties relating to the subject matter hereof. The provisions of this Agreement will supersede any conflicting terms and conditions in any Customer purchase order, other correspondence or verbal communication, and will supersede and cancel all prior agreements, written or oral, between the parties relating to the subject matter hereof.

2. Agreement Acceptance. This Agreement becomes effective at the earliest of the following: (i) issuing a purchase order, shipment request, or payment against the Quote; (ii) accessing, downloading, or using the Products; or (iii) otherwise accepting this Agreement. This term of the Agreement will be as specified in the Quote and may be renewed or extended by mutual agreement of the parties. Customer represents and warrants that: (1) Customer is of legal age to accept this Agreement; (2) Customer is authorized to accept this Agreement and to access and use the Products; and (3) Customer's use of the Products will comply at all times with Amplify's Acceptable Use Policy available at amplify.com/acceptable-use ("AUP"). The Customer may not access, download, or use the Products if the Customer does not agree to this Agreement.

3. License. Subject to the terms and conditions of the Agreement, Amplify grants to Customer a non-exclusive, non-transferable, non-sublicensable license to access and use, and permit Authorized School Users, as defined below, to access and use the Products in accordance with the AUP, for the duration specified in the Quote (the "Term"), and for the number of Authorized School Users specified in the Quote for whom Customer has paid the applicable fees to Amplify. "Authorized School User" means the K–12 students registered or authorized for instruction with Customer and the educators, agents and staff members who use the Products as authorized by Customer who Customer permits to access and use the Products subject to the terms and conditions of the Agreement, solely while such individual is so employed or so registered. Each Authorized School User's access and use of the Products will be subject to the AUP in addition to the terms and conditions of the Agreement. Violations of this Agreement or the AUP may result in suspension or termination of the applicable account.

4. Restrictions. Customer may access and use the Products solely for non-commercial instructional and administrative purposes. Guidelines for such purposes may be set forth at https://amplify.com/amplify-program-usage-guidelines/ and additional guidelines may be detailed in materials associated with the Product the Customer is accessing. Further, Customer may not, except as expressly authorized by Amplify: (a) copy, modify, translate, distribute, disclose, or create derivative works based on the contents of, sell, or otherwise exploit, the Products, or any part thereof; (b) decompile, disassemble, reverse engineer the Products, or otherwise use the Products to develop functionally similar products or services; (c) modify, alter, or delete any of the copyright, trademark, or other proprietary notices in or on the Products; (d) rent, lease, or lend the Products or use the Products for the benefit of any third party; (e) avoid, circumvent, or disable any security or digital rights management device, procedure, protocol, or mechanism in the Products; (f) use any content from the Products, including but not limited to text, images, videos, assessments, lesson plans, or code, as input or training material for any machine learning or artificial intelligence system, including large language models, neural networks, or other algorithmic models, for any purposes, commercial or non-commercial; or (g) permit any Authorized School User or third party to do any of the foregoing. Customer also agrees that any works created in violation of this section are derivative works, and, as such, Customer agrees to assign, and hereby assigns, all right, title, and interest in such works to Amplify. The Products and derivatives thereof may be subject to export control laws, restrictions, regulations, and orders of the U.S. and other jurisdictions (together, "Export Laws"). Customer agrees to comply with all applicable Export Laws, and will not, and will not permit Authorized School

Users to, export, or transfer for the purpose of re-export, any Product to any prohibited or embargoed country in violation of any U.S. export law or regulation. Further, Customer represents that it is not a party subject to sanctions by the U.S. Office of Foreign Assets Control or included on any restricted party list maintained by the U.S. Bureau of Industry and Security. The software and associated documentation portions of the Products are "commercial items" (as defined at 48 CFR 2.101), comprising "commercial computer software" and "commercial computer software documentation," as those terms are used in 48 CFR 12.212. Accordingly, if Customer is the U.S. Government or its contractor, Customer will receive only those rights set forth in this Agreement in accordance with 48 CFR 227.7201-227.7204 (for Department of Defense and their contractors) or 48 CFR 12.212 (for other U.S. Government licensees and their contractors).

5. Reservation of Rights. SUBSCRIPTION PRODUCTS ARE LICENSED, NOT SOLD. Subject to the limited rights expressly granted hereunder, all rights, title, and interest in and to all Products, including all related IP Rights, are and will remain the sole and exclusive property of Amplify or its third-party licensors. "IP Rights" means, collectively, rights under patent, trademark, copyright, and trade secret laws, and any other intellectual property or proprietary rights recognized in any country or jurisdiction worldwide. Customer must promptly notify Amplify of any violation of Amplify's IP Rights in the Products, and will reasonably assist Amplify as necessary to remedy any such violation. Amplify Products are protected by patents (see amplify.com/virtual-patent-marking). Amplify reserves the right to update or modify the Products at any time and to discontinue the Products upon reasonable notice.

6. Payments. In consideration of the Products, Customer will pay to Amplify (or other party designated on the Quote) the fees specified in the Quote in full within 30 days of the date of invoice, except as otherwise agreed by the parties or for those amounts that are subject to a good faith dispute of which Customer has notified Amplify in writing. Customer will be responsible for all state or local sales, use or gross receipts taxes, and federal excise taxes unless Customer provides a then-current tax exemption certificate in advance of the delivery, license, or performance of any Product, as applicable.

7. Shipments. Unless otherwise specified on the Quote, physical Products will be shipped FOB origin in the US (Incoterms 2010 EXW outside of the US) and are deemed accepted by Customer upon receipt. Upon acceptance of such Products, orders are non-refundable, non-returnable, and non-exchangeable, except in the case of defective or missing materials reported to Amplify by Customer within 60 days of receipt. In such case, Customer may not return Products without Amplify's written authorization.

8. Account Information. For subscription Products, the authentication of Authorized School Users is based in part upon information supplied by Customer or Authorized School Users, as applicable. Customer will and will cause its Authorized School Users to (a) provide accurate information to Amplify or a third-party service as applicable, and promptly report any changes to such information, (b) not share login credentials or otherwise allow others to use their account, (c) maintain the confidentiality and security of their account information, and (d) use the Products solely via such authorized accounts. Customer agrees to notify Amplify immediately of any unauthorized use of its or its Authorized School Users' accounts or related authentication information. Amplify will not be responsible for any losses arising out of the unauthorized use of accounts created by or for Customer and its Authorized School Users.

9. Confidentiality. Customer acknowledges that, in connection with this Agreement, Amplify has provided or will provide to Customer and its Authorized School Users certain sensitive or proprietary information, including software, source code, assessment instruments, research, designs, methods, processes, customer lists, training materials, product documentation, know-how, or trade secrets, in whatever form ("Confidential Information"). Customer agrees (a) not to use Confidential Information for any purpose other than use of the Products in accordance with this Agreement and (b) to take all steps reasonably necessary to maintain and protect the Confidential Information of Amplify in strict confidence. Confidential Information shall not include information that, as evidenced by Customer's contemporaneous written records: (i) is or becomes publicly available through no fault of Customer; (ii) is rightfully known to Customer prior to the time of its disclosure; (iii) has been independently developed by Customer without any use of the Confidential Information; or (iv) is subsequently learned from a third party not under any confidentiality obligation.

10. Student Data. The parties acknowledge and agree that in the course of providing the Products to the Customer, Amplify may collect, receive, or generate information that directly relates to an identifiable student of Customer ("Student Data"). Student Data may include personal information from a student's "educational records," as defined by the Family Educational Rights and Privacy Act of 1974 ("FERPA"). Student Data is owned and controlled by the Customer and Amplify receives Student Data as a "school official" under Section 99.31 of FERPA for the purpose of providing the Products hereunder. Individually and collectively, Amplify and Customer agree to uphold our obligations, as applicable, under FERPA, the Children's Online Privacy Protection Act ("COPPA"), the Protection of Pupil Rights Amendment ("PPRA"), and applicable state laws relating to student data privacy. Amplify's Customer Privacy Policy at amplify.com/customer-privacy ("Privacy Policy") will govern collection, use, and disclosure of Student Data collected or stored on behalf of Customer under this Agreement. In addition, Amplify has entered into the data privacy agreements listed at amplify.com/privacy-security aligned with state and national templates to facilitate compliance with applicable state laws and help expedite Customer's student data privacy documentation process. Customer is responsible for providing notice and obtaining appropriate consents under

applicable laws to authorize Authorized School Users' use of the Products, including making a copy of the Privacy Policy available to the parents or guardians of users who are under the age of 13.

11. Customer Materials and Requirements. Customer represents, warrants, and covenants that it has all the necessary rights, including consents and IP Rights, in connection with any data, information, content, and other materials provided to or collected by Amplify on behalf of Customer or its Authorized School Users using the Products or otherwise in connection with this Agreement ("Customer Materials"), and that Amplify has the right to use such Customer Materials as contemplated hereunder or for any other purposes required by Customer. Customer is solely responsible for the accuracy, integrity, completeness, quality, legality, and safety of such Customer Materials. Customer is responsible for meeting hardware, software, telecommunications, and other requirements listed at amplify.com/customer-requirements.

12. Warranty Disclaimer. PRODUCTS ARE PROVIDED "AS IS" AND WITHOUT WARRANTY OF ANY KIND BY AMPLIFY. AMPLIFY EXPRESSLY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY AS TO TITLE, NON-INFRINGEMENT, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE OR USE. CUSTOMER ASSUMES RESPONSIBILITY FOR SELECTING THE PRODUCTS TO ACHIEVE CUSTOMER'S INTENDED RESULTS AND FOR THE ACCESS AND USE OF THE PRODUCTS, INCLUDING THE RESULTS OBTAINED FROM THE PRODUCTS. WITHOUT LIMITING THE FOREGOING, AMPLIFY MAKES NO WARRANTY THAT THE PRODUCTS WILL BE ERROR-FREE OR FREE FROM INTERRUPTIONS OR OTHER FAILURES OR WILL MEET CUSTOMER'S REQUIREMENTS. AMPLIFY IS NEITHER RESPONSIBLE NOR LIABLE FOR ANY THIRD-PARTY CONTENT OR SOFTWARE INCLUDED IN PRODUCTS, INCLUDING THE ACCURACY, INTEGRITY, COMPLETENESS, QUALITY, LEGALITY, USEFULNESS, OR SAFETY OF, OR IP RIGHTS RELATING TO, SUCH THIRD-PARTY CONTENT AND SOFTWARE. ANY ACCESS TO OR USE OF SUCH THIRD-PARTY CONTENT AND SOFTWARE MAY BE SUBJECT TO THE TERMS AND CONDITIONS AND INFORMATION COLLECTION, USAGE, AND DISCLOSURE PRACTICES OF THIRD PARTIES.

13. Limitation of Liability. TO THE EXTENT SUCH LIMITATION IS NOT PROHIBITED BY APPLICABLE LAW, IN NO EVENT WILL AMPLIFY BE LIABLE TO CUSTOMER OR TO ANY AUTHORIZED SCHOOL USER FOR ANY INCIDENTAL, SPECIAL, CONSEQUENTIAL, PUNITIVE, RELIANCE, OR COVER DAMAGES, DAMAGES FOR LOST PROFITS, LOST DATA OR LOST BUSINESS, OR ANY OTHER INDIRECT DAMAGES, EVEN IF AMPLIFY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. TO THE EXTENT SUCH LIMITATION IS NOT PROHIBITED BY APPLICABLE LAW, AMPLIFY'S ENTIRE LIABILITY TO CUSTOMER OR ANY AUTHORIZED USER ARISING OUT OF PERFORMANCE OR NONPERFORMANCE BY AMPLIFY OR IN ANY WAY RELATED TO THE SUBJECT MATTER OF THIS AGREEMENT, REGARDLESS OF WHETHER THE CLAIM FOR SUCH DAMAGES IS BASED IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, MAY NOT EXCEED THE AGGREGATE OF CUSTOMER'S OR ANY AUTHORIZED USER'S DIRECT DAMAGES UP TO THE FEES PAID BY CUSTOMER TO AMPLIFY FOR THE AFFECTED PORTION OF THE PRODUCTS IN THE PRIOR 12-MONTH PERIOD. UNDER NO CIRCUMSTANCES WILL AMPLIFY BE LIABLE FOR ANY CONSEQUENCES OF ANY UNAUTHORIZED USE OF THE PRODUCTS BY AN AUTHORIZED SCHOOL USER THAT VIOLATES THIS AGREEMENT OR ANY APPLICABLE LAW OR REGULATION.

14. Termination. Without prejudice to any rights either party may have under this Agreement, in law, equity, or otherwise, a party will have the right to terminate this Agreement if the other party (or in the case of Amplify, an Authorized School User) materially breaches any term, provision, warranty, or representation under this Agreement and fails to correct the breach within 30 days of its receipt of written notice thereof. Issuance of a purchase order or payment pursuant to this Price Quote, or usage of the products specified herein, shall be deemed acceptance of such Terms & Conditions.

## Terms & Conditions

1. Scope. These Customer Terms and Conditions are a legal agreement between Amplify Education, Inc. ("Amplify") and the local education agency or authority, school district, school network, independent school, or other regional education system ("Customer") for the license and use of one or more of Amplify products or services (the "Products"), as specified in the receipt, price quote, proposal, renewal letter, or other ordering document containing the details of this purchase (the "Quote"). These Customer Terms and Conditions, all addenda, attachments, and the Quote, as applicable (together, the "Agreement"), constitute the entire agreement between the parties relating to the subject matter hereof. The provisions of this Agreement will supersede any conflicting terms and conditions in any Customer purchase order, other correspondence or verbal communication, and will supersede and cancel all prior agreements, written or oral, between the parties relating to the subject matter hereof.

2. Agreement Acceptance. This Agreement becomes effective at the earliest of the following: (i) issuing a purchase order, shipment request, or payment against the Quote; (ii) accessing, downloading, or using the Products; or (iii) otherwise accepting this Agreement. This term of the Agreement will be as specified in the Quote and may be renewed or extended by mutual agreement of the parties. Customer represents and warrants that: (1) Customer is of legal age to accept this Agreement; (2) Customer is authorized to accept this Agreement and to access and use the Products; and (3) Customer's use of the Products will comply at all times with Amplify's

Acceptable Use Policy available at amplify.com/acceptable-use ("AUP"). The Customer may not access, download, or use the Products if the Customer does not agree to this Agreement.

3. License. Subject to the terms and conditions of the Agreement, Amplify grants to Customer a non-exclusive, non-transferable, non-sublicensable license to access and use, and permit Authorized School Users, as defined below, to access and use the Products in accordance with the AUP, for the duration specified in the Quote (the "Term"), and for the number of Authorized School Users specified in the Quote for whom Customer has paid the applicable fees to Amplify. "Authorized School User" means the K–12 students registered or authorized for instruction with Customer and the educators, agents and staff members who use the Products as authorized by Customer who Customer permits to access and use the Products subject to the terms and conditions of the Agreement, solely while such individual is so employed or so registered. Each Authorized School User's access and use of the Products will be subject to the AUP in addition to the terms and conditions of the Agreement. Violations of this Agreement or the AUP may result in suspension or termination of the applicable account.

4. Restrictions. Customer may access and use the Products solely for non-commercial instructional and administrative purposes. Guidelines for such purposes may be set forth at https://amplify.com/amplify-program-usage-guidelines/ and additional guidelines may be detailed in materials associated with the Product the Customer is accessing. Further, Customer may not, except as expressly authorized by Amplify: (a) copy, modify, translate, distribute, disclose, or create derivative works based on the contents of, sell, or otherwise exploit, the Products, or any part thereof; (b) decompile, disassemble, reverse engineer the Products, or otherwise use the Products to develop functionally similar products or services; (c) modify, alter, or delete any of the copyright, trademark, or other proprietary notices in or on the Products; (d) rent, lease, or lend the Products or use the Products for the benefit of any third party; (e) avoid, circumvent, or disable any security or digital rights management device, procedure, protocol, or mechanism in the Products; (f) use any content from the Products, including but not limited to text, images, videos, assessments, lesson plans, or code, as input or training material for any machine learning or artificial intelligence system, including large language models, neural networks, or other algorithmic models, for any purposes, commercial or non-commercial; or (g) permit any Authorized School User or third party to do any of the foregoing. Customer also agrees that any works created in violation of this section are derivative works, and, as such, Customer agrees to assign, and hereby assigns, all right, title, and interest in such works to Amplify. The Products and derivatives thereof may be subject to export control laws, restrictions, regulations, and orders of the U.S. and other jurisdictions (together, "Export Laws"). Customer agrees to comply with all applicable Export Laws, and will not, and will not permit Authorized School Users to, export, or transfer for the purpose of re-export, any Product to any prohibited or embargoed country in violation of any U.S. export law or regulation. Further, Customer represents that it is not a party subject to sanctions by the U.S. Office of Foreign Assets Control or included on any restricted party list maintained by the U.S. Bureau of Industry and Security. The software and associated documentation portions of the Products are "commercial items" (as defined at 48 CFR 2.101), comprising "commercial computer software" and "commercial computer software documentation," as those terms are used in 48 CFR 12.212. Accordingly, if Customer is the U.S. Government or its contractor, Customer will receive only those rights set forth in this Agreement in accordance with 48 CFR 227.7201-227.7204 (for Department of Defense and their contractors) or 48 CFR 12.212 (for other U.S. Government licensees and their contractors).

5. Reservation of Rights. SUBSCRIPTION PRODUCTS ARE LICENSED, NOT SOLD. Subject to the limited rights expressly granted hereunder, all rights, title, and interest in and to all Products, including all related IP Rights, are and will remain the sole and exclusive property of Amplify or its third-party licensors. "IP Rights" means, collectively, rights under patent, trademark, copyright, and trade secret laws, and any other intellectual property or proprietary rights recognized in any country or jurisdiction worldwide. Customer must promptly notify Amplify of any violation of Amplify's IP Rights in the Products, and will reasonably assist Amplify as necessary to remedy any such violation. Amplify Products are protected by patents (see amplify.com/virtual-patent-marking). Amplify reserves the right to update or modify the Products at any time and to discontinue the Products upon reasonable notice.

6. Payments. In consideration of the Products, Customer will pay to Amplify (or other party designated on the Quote) the fees specified in the Quote in full within 30 days of the date of invoice, except as otherwise agreed by the parties or for those amounts that are subject to a good faith dispute of which Customer has notified Amplify in writing. Customer will be responsible for all state or local sales, use or gross receipts taxes, and federal excise taxes unless Customer provides a then-current tax exemption certificate in advance of the delivery, license, or performance of any Product, as applicable.

7. Shipments. Unless otherwise specified on the Quote, physical Products will be shipped FOB origin in the US (Incoterms 2010 EXW outside of the US) and are deemed accepted by Customer upon receipt. Upon acceptance of such Products, orders are non-refundable, non-returnable, and non-exchangeable, except in the case of defective or missing materials reported to Amplify by Customer within 60 days of receipt. In such case, Customer may not return Products without Amplify's written authorization.

8. Account Information. For subscription Products, the authentication of Authorized School Users is based in part upon information supplied by Customer or Authorized School Users, as applicable. Customer will and will cause its Authorized School Users to (a)

provide accurate information to Amplify or a third-party service as applicable, and promptly report any changes to such information, (b) not share login credentials or otherwise allow others to use their account, (c) maintain the confidentiality and security of their account information, and (d) use the Products solely via such authorized accounts. Customer agrees to notify Amplify immediately of any unauthorized use of its or its Authorized School Users' accounts or related authentication information. Amplify will not be responsible for any losses arising out of the unauthorized use of accounts created by or for Customer and its Authorized School Users.

9. Confidentiality. Customer acknowledges that, in connection with this Agreement, Amplify has provided or will provide to Customer and its Authorized School Users certain sensitive or proprietary information, including software, source code, assessment instruments, research, designs, methods, processes, customer lists, training materials, product documentation, know-how, or trade secrets, in whatever form ("Confidential Information"). Customer agrees (a) not to use Confidential Information for any purpose other than use of the Products in accordance with this Agreement and (b) to take all steps reasonably necessary to maintain and protect the Confidential Information of Amplify in strict confidence. Confidential Information shall not include information that, as evidenced by Customer's contemporaneous written records: (i) is or becomes publicly available through no fault of Customer; (ii) is rightfully known to Customer prior to the time of its disclosure; (iii) has been independently developed by Customer without any use of the Confidential Information; or (iv) is subsequently learned from a third party not under any confidentiality obligation.

10. Student Data. The parties acknowledge and agree that in the course of providing the Products to the Customer, Amplify may collect, receive, or generate information that directly relates to an identifiable student of Customer ("Student Data"). Student Data may include personal information from a student's "educational records," as defined by the Family Educational Rights and Privacy Act of 1974 ("FERPA"). Student Data is owned and controlled by the Customer and Amplify receives Student Data as a "school official" under Section 99.31 of FERPA for the purpose of providing the Products hereunder. Individually and collectively, Amplify and Customer agree to uphold our obligations, as applicable, under FERPA, the Children's Online Privacy Protection Act ("COPPA"), the Protection of Pupil Rights Amendment ("PPRA"), and applicable state laws relating to student data privacy. Amplify's Customer Privacy Policy at amplify.com/customer-privacy ("Privacy Policy") will govern collection, use, and disclosure of Student Data collected or stored on behalf of Customer under this Agreement. In addition, Amplify has entered into the data privacy agreements listed at amplify.com/privacy-security aligned with state and national templates to facilitate compliance with applicable state laws and help expedite Customer's student data privacy documentation process. Customer is responsible for providing notice and obtaining appropriate consents under applicable laws to authorize Authorized School Users' use of the Products, including making a copy of the Privacy Policy available to the parents or guardians of users who are under the age of 13.

11. Customer Materials and Requirements. Customer represents, warrants, and covenants that it has all the necessary rights, including consents and IP Rights, in connection with any data, information, content, and other materials provided to or collected by Amplify on behalf of Customer or its Authorized School Users using the Products or otherwise in connection with this Agreement ("Customer Materials"), and that Amplify has the right to use such Customer Materials as contemplated hereunder or for any other purposes required by Customer. Customer is solely responsible for the accuracy, integrity, completeness, quality, legality, and safety of such Customer Materials. Customer is responsible for meeting hardware, software, telecommunications, and other requirements listed at amplify.com/customer-requirements.

12. Warranty Disclaimer. PRODUCTS ARE PROVIDED "AS IS" AND WITHOUT WARRANTY OF ANY KIND BY AMPLIFY. AMPLIFY EXPRESSLY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY AS TO TITLE, NON-INFRINGEMENT, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE OR USE. CUSTOMER ASSUMES RESPONSIBILITY FOR SELECTING THE PRODUCTS TO ACHIEVE CUSTOMER'S INTENDED RESULTS AND FOR THE ACCESS AND USE OF THE PRODUCTS, INCLUDING THE RESULTS OBTAINED FROM THE PRODUCTS. WITHOUT LIMITING THE FOREGOING, AMPLIFY MAKES NO WARRANTY THAT THE PRODUCTS WILL BE ERROR-FREE OR FREE FROM INTERRUPTIONS OR OTHER FAILURES OR WILL MEET CUSTOMER'S REQUIREMENTS. AMPLIFY IS NEITHER RESPONSIBLE NOR LIABLE FOR ANY THIRD-PARTY CONTENT OR SOFTWARE INCLUDED IN PRODUCTS, INCLUDING THE ACCURACY, INTEGRITY, COMPLETENESS, QUALITY, LEGALITY, USEFULNESS, OR SAFETY OF, OR IP RIGHTS RELATING TO, SUCH THIRD-PARTY CONTENT AND SOFTWARE. ANY ACCESS TO OR USE OF SUCH THIRD-PARTY CONTENT AND SOFTWARE MAY BE SUBJECT TO THE TERMS AND CONDITIONS AND INFORMATION COLLECTION, USAGE, AND DISCLOSURE PRACTICES OF THIRD PARTIES.

13. Limitation of Liability. TO THE EXTENT SUCH LIMITATION IS NOT PROHIBITED BY APPLICABLE LAW, IN NO EVENT WILL AMPLIFY BE LIABLE TO CUSTOMER OR TO ANY AUTHORIZED SCHOOL USER FOR ANY INCIDENTAL, SPECIAL, CONSEQUENTIAL, PUNITIVE, RELIANCE, OR COVER DAMAGES, DAMAGES FOR LOST PROFITS, LOST DATA OR LOST BUSINESS, OR ANY OTHER INDIRECT DAMAGES, EVEN IF AMPLIFY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. TO THE EXTENT SUCH LIMITATION IS NOT PROHIBITED BY APPLICABLE LAW, AMPLIFY'S ENTIRE LIABILITY TO CUSTOMER OR ANY AUTHORIZED USER ARISING OUT OF PERFORMANCE OR NONPERFORMANCE BY AMPLIFY OR IN ANY WAY RELATED TO THE SUBJECT MATTER OF THIS AGREEMENT, REGARDLESS OF WHETHER THE CLAIM FOR

SUCH DAMAGES IS BASED IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, MAY NOT EXCEED THE AGGREGATE OF CUSTOMER'S OR ANY AUTHORIZED USER'S DIRECT DAMAGES UP TO THE FEES PAID BY CUSTOMER TO AMPLIFY FOR THE AFFECTED PORTION OF THE PRODUCTS IN THE PRIOR 12-MONTH PERIOD. UNDER NO CIRCUMSTANCES WILL AMPLIFY BE LIABLE FOR ANY CONSEQUENCES OF ANY UNAUTHORIZED USE OF THE PRODUCTS BY AN AUTHORIZED SCHOOL USER THAT VIOLATES THIS AGREEMENT OR ANY APPLICABLE LAW OR REGULATION.

14. Termination. Without prejudice to any rights either party may have under this Agreement, in law, equity, or otherwise, a party will have the right to terminate this Agreement if the other party (or in the case of Amplify, an Authorized School User) materially breaches any term, provision, warranty, or representation under this Agreement and fails to correct the breach within 30 days of its receipt of written notice thereof. Upon termination, Customer will: (a) cease using the Products, (b) return, purge, or destroy (as directed by Amplify) all copies of any Products and, if so requested, certify to Amplify in writing that such surrender or destruction has occurred, (c) pay any fees due and owing hereunder, and (d) not be entitled to a refund of any fees previously paid, unless otherwise specified in the Quote. Customer will be responsible for the cost of any continued use of the Products following termination. Upon termination, Amplify will return or destroy any Student Data provided to Amplify hereunder. Notwithstanding the foregoing, nothing will require Amplify to return or destroy any data that does not include Student Data, including de-identified information or data that is derived from access to Student Data but which does not contain Student Data. Sections 3–14 will survive the termination of this Agreement.

15.
Miscellaneous. This Agreement may not be modified except in writing signed by both parties. All defined terms in this Agreement will apply to their singular and plural forms, as applicable. The word "including" means "including without limitation." For United States-based Customers, this Agreement will be governed by and construed and enforced in accordance with the laws of the U.S., state, commonwealth, or territory in which Customer resides based on the address set forth in the Quote, without regard to that state's, commonwealth's, or territory's choice of law rules. For Customers based outside of the United States, this Agreement will be governed by the laws of the U.S., state of New York, without giving effect to the choice of law rules thereof. This Agreement will be binding upon and inure to the benefit of the parties and their respective successors and assigns. The parties expressly understand and agree that their relationship is that of independent contractors. Nothing in this Agreement will constitute one party as an employee, agent, joint venture partner, or servant of another. Each party is solely responsible for all of its employees and agents and its labor costs and expenses arising in connection herewith. Neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned or delegated by Customer or any Authorized School User without the prior written consent of Amplify. If one or more of the provisions contained in this Agreement will for any reason be held to be unenforceable at law, such provisions will be construed by the appropriate judicial body to limit or reduce such provision or provisions so as to be enforceable to the maximum extent compatible with applicable law. Amplify will have no liability to Customer or to third parties for any failure or delay in performing any obligation under this Agreement due to circumstances beyond its reasonable control, including acts of God or nature, fire, earthquake, flood, epidemic, pandemic, strikes, labor stoppages or slowdowns, civil disturbances or terrorism, national or regional emergencies, supply shortages or delays, action by any governmental authority, or interruptions in power, communications, satellites, the Internet, or any other network. Each party represents and warrants that it has all necessary right, power, and authority to enter into this Agreement and to comply with the obligations hereunder.

The Customer may not access, download, or use the Products if the Customer does not agree to this Agreement.

3. License. Subject to the terms and conditions of the Agreement, Amplify grants to Customer a non-exclusive, non-transferable, non-sublicensable license to access and use, and permit Authorized School Users, as defined below, to access and use the Products in accordance with the AUP, for the duration specified in the Quote (the "Term"), and for the number of Authorized School Users specified in the Quote for whom Customer has paid the applicable fees to Amplify. "Authorized School User" means the K–12 students registered

or authorized for instruction with Customer and the educators, agents and staff members who use the Products as authorized by Customer who Customer permits to access and use the Products subject to the terms and conditions of the Agreement, solely while such individual is so employed or so registered. Each Authorized School User's access and use of the Products will be subject to the AUP in addition to the terms and conditions of the Agreement. Violations of this Agreement or the AUP may result in suspension or termination of the applicable account.

4. Restrictions. Customer may access and use the Products solely for non-commercial instructional and administrative purposes. Guidelines for such purposes may be set forth at https://amplify.com/amplify-program-usage-guidelines/ and additional guidelines may be detailed in materials associated with the Product the Customer is accessing. Further, Customer may not, except as expressly authorized by Amplify: (a) copy, modify, translate, distribute, disclose, or create derivative works based on the contents of, sell, or otherwise exploit, the Products, or any part thereof; (b) decompile, disassemble, reverse engineer the Products, or otherwise use the Products to develop functionally similar products or services; (c) modify, alter, or delete any of the copyright, trademark, or other proprietary notices in or on the Products; (d) rent, lease, or lend the Products or use the Products for the benefit of any third party; (e) avoid, circumvent, or disable any security or digital rights management device, procedure, protocol, or mechanism in the Products; (f) use any content from the Products, including but not limited to text, images, videos, assessments, lesson plans, or code, as input or training material for any machine learning or artificial intelligence system, including large language models, neural networks, or other algorithmic models, for any purposes, commercial or non-commercial; or (g) permit any Authorized School User or third party to do any of the foregoing. Customer also agrees that any works created in violation of this section are derivative works, and, as such, Customer agrees to assign, and hereby assigns, all right, title, and interest in such works to Amplify. The Products and derivatives thereof may be subject to export control laws, restrictions, regulations, and orders of the U.S. and other jurisdictions (together, "Export Laws"). Customer agrees to comply with all applicable Export Laws, and will not, and will not permit Authorized School Users to, export, or transfer for the purpose of re-export, any Product to any prohibited or embargoed country in violation of any U.S. export law or regulation. Further, Customer represents that it is not a party subject to sanctions by the U.S. Office of Foreign Assets Control or included on any restricted party list maintained by the U.S. Bureau of Industry and Security. The software and associated documentation portions of the Products are "commercial items" (as defined at 48 CFR 2.101), comprising "commercial computer software" and "commercial computer software documentation," as those terms are used in 48 CFR 12.212. Accordingly, if Customer is the U.S. Government or its contractor, Customer will receive only those rights set forth in this Agreement in accordance with 48 CFR 227.7201-227.7204 (for Department of Defense and their contractors) or 48 CFR 12.212 (for other U.S. Government licensees and their contractors).

5. Reservation of Rights. SUBSCRIPTION PRODUCTS ARE LICENSED, NOT SOLD. Subject to the limited rights expressly granted hereunder, all rights, title, and interest in and to all Products, including all related IP Rights, are and will remain the sole and exclusive property of Amplify or its third-party licensors. "IP Rights" means, collectively, rights under patent, trademark, copyright, and trade secret laws, and any other intellectual property or proprietary rights recognized in any country or jurisdiction worldwide. Customer must promptly notify Amplify of any violation of Amplify's IP Rights in the Products, and will reasonably assist Amplify as necessary to remedy any such violation. Amplify Products are protected by patents (see amplify.com/virtual-patent-marking). Amplify reserves the right to update or modify the Products at any time and to discontinue the Products upon reasonable notice.

6. Payments. In consideration of the Products, Customer will pay to Amplify (or other party designated on the Quote) the fees specified in the Quote in full within 30 days of the date of invoice, except as otherwise agreed by the parties or for those amounts that are subject to a good faith dispute of which Customer has notified Amplify in writing. Customer will be responsible for all state or local sales, use or gross receipts taxes, and federal excise taxes unless Customer provides a then-current tax exemption certificate in advance of the delivery, license, or performance of any Product, as applicable.

7. Shipments. Unless otherwise specified on the Quote, physical Products will be shipped FOB origin in the US (Incoterms 2010 EXW outside of the US) and are deemed accepted by Customer upon receipt. Upon acceptance of such Products, orders are non-refundable, non-returnable, and non-exchangeable, except in the case of defective or missing materials reported to Amplify by Customer within 60 days of receipt. In such case, Customer may not return Products without Amplify's written authorization.

8. Account Information. For subscription Products, the authentication of Authorized School Users is based in part upon information supplied by Customer or Authorized School Users, as applicable. Customer will and will cause its Authorized School Users to (a) provide accurate information to Amplify or a third-party service as applicable, and promptly report any changes to such information, (b) not share login credentials or otherwise allow others to use their account, (c) maintain the confidentiality and security of their account information, and (d) use the Products solely via such authorized accounts. Customer agrees to notify Amplify immediately of any unauthorized use of its or its Authorized School Users' accounts or related authentication information. Amplify will not be responsible for any losses arising out of the unauthorized use of accounts created by or for Customer and its Authorized School Users.

9. Confidentiality. Customer acknowledges that, in connection with this Agreement, Amplify has provided or will provide to Customer and its Authorized School Users certain sensitive or proprietary information, including software, source code, assessment instruments, research, designs, methods, processes, customer lists, training materials, product documentation, know-how, or trade secrets, in whatever form ("Confidential Information"). Customer agrees (a) not to use Confidential Information for any purpose other than use of the Products in accordance with this Agreement and (b) to take all steps reasonably necessary to maintain and protect the Confidential Information of Amplify in strict confidence. Confidential Information shall not include information that, as evidenced by Customer's contemporaneous written records: (i) is or becomes publicly available through no fault of Customer; (ii) is rightfully known to Customer prior to the time of its disclosure; (iii) has been independently developed by Customer without any use of the Confidential Information; or (iv) is subsequently learned from a third party not under any confidentiality obligation.

10. Student Data. The parties acknowledge and agree that in the course of providing the Products to the Customer, Amplify may collect, receive, or generate information that directly relates to an identifiable student of Customer ("Student Data"). Student Data may include personal information from a student's "educational records," as defined by the Family Educational Rights and Privacy Act of 1974 ("FERPA"). Student Data is owned and controlled by the Customer and Amplify receives Student Data as a "school official" under Section 99.31 of FERPA for the purpose of providing the Products hereunder. Individually and collectively, Amplify and Customer agree to uphold our obligations, as applicable, under FERPA, the Children's Online Privacy Protection Act ("COPPA"), the Protection of Pupil Rights Amendment ("PPRA"), and applicable state laws relating to student data privacy. Amplify's Customer Privacy Policy at amplify.com/customer-privacy ("Privacy Policy") will govern collection, use, and disclosure of Student Data collected or stored on behalf of Customer under this Agreement. In addition, Amplify has entered into the data privacy agreements listed at amplify.com/privacy-security aligned with state and national templates to facilitate compliance with applicable state laws and help expedite Customer's student data privacy documentation process. Customer is responsible for providing notice and obtaining appropriate consents under applicable laws to authorize Authorized School Users' use of the Products, including making a copy of the Privacy Policy available to the parents or guardians of users who are under the age of 13.

11. Customer Materials and Requirements. Customer represents, warrants, and covenants that it has all the necessary rights, including consents and IP Rights, in connection with any data, information, content, and other materials provided to or collected by Amplify on behalf of Customer or its Authorized School Users using the Products or otherwise in connection with this Agreement ("Customer Materials"), and that Amplify has the right to use such Customer Materials as contemplated hereunder or for any other purposes required by Customer. Customer is solely responsible for the accuracy, integrity, completeness, quality, legality, and safety of such Customer Materials. Customer is responsible for meeting hardware, software, telecommunications, and other requirements listed at amplify.com/customer-requirements.

12. Warranty Disclaimer. PRODUCTS ARE PROVIDED "AS IS" AND WITHOUT WARRANTY OF ANY KIND BY AMPLIFY. AMPLIFY EXPRESSLY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY AS TO TITLE, NON-INFRINGEMENT, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE OR USE. CUSTOMER ASSUMES RESPONSIBILITY FOR SELECTING THE PRODUCTS TO ACHIEVE CUSTOMER'S INTENDED RESULTS AND FOR THE ACCESS AND USE OF THE PRODUCTS, INCLUDING THE RESULTS OBTAINED FROM THE PRODUCTS. WITHOUT LIMITING THE FOREGOING, AMPLIFY MAKES NO WARRANTY THAT THE PRODUCTS WILL BE ERROR-FREE OR FREE FROM INTERRUPTIONS OR OTHER FAILURES OR WILL MEET CUSTOMER'S REQUIREMENTS. AMPLIFY IS NEITHER RESPONSIBLE NOR LIABLE FOR ANY THIRD-PARTY CONTENT OR SOFTWARE INCLUDED IN PRODUCTS, INCLUDING THE ACCURACY, INTEGRITY, COMPLETENESS, QUALITY, LEGALITY, USEFULNESS, OR SAFETY OF, OR IP RIGHTS RELATING TO, SUCH THIRD-PARTY CONTENT AND SOFTWARE. ANY ACCESS TO OR USE OF SUCH THIRD-PARTY CONTENT AND SOFTWARE MAY BE SUBJECT TO THE TERMS AND CONDITIONS AND INFORMATION COLLECTION, USAGE, AND DISCLOSURE PRACTICES OF THIRD PARTIES.

13. Limitation of Liability. TO THE EXTENT SUCH LIMITATION IS NOT PROHIBITED BY APPLICABLE LAW, IN NO EVENT WILL AMPLIFY BE LIABLE TO CUSTOMER OR TO ANY AUTHORIZED SCHOOL USER FOR ANY INCIDENTAL, SPECIAL, CONSEQUENTIAL, PUNITIVE, RELIANCE, OR COVER DAMAGES, DAMAGES FOR LOST PROFITS, LOST DATA OR LOST BUSINESS, OR ANY OTHER INDIRECT DAMAGES, EVEN IF AMPLIFY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. TO THE EXTENT SUCH LIMITATION IS NOT PROHIBITED BY APPLICABLE LAW, AMPLIFY'S ENTIRE LIABILITY TO CUSTOMER OR ANY AUTHORIZED USER ARISING OUT OF PERFORMANCE OR NONPERFORMANCE BY AMPLIFY OR IN ANY WAY RELATED TO THE SUBJECT MATTER OF THIS AGREEMENT, REGARDLESS OF WHETHER THE CLAIM FOR SUCH DAMAGES IS BASED IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, MAY NOT EXCEED THE AGGREGATE OF CUSTOMER'S OR ANY AUTHORIZED USER'S DIRECT DAMAGES UP TO THE FEES PAID BY CUSTOMER TO AMPLIFY FOR THE AFFECTED PORTION OF THE PRODUCTS IN THE PRIOR 12-MONTH PERIOD. UNDER NO CIRCUMSTANCES WILL AMPLIFY BE LIABLE FOR ANY CONSEQUENCES OF ANY UNAUTHORIZED USE OF THE PRODUCTS BY AN AUTHORIZED SCHOOL USER THAT VIOLATES THIS AGREEMENT OR ANY APPLICABLE LAW OR REGULATION.

14. Termination. Without prejudice to any rights either party may have under this Agreement, in law, equity, or otherwise, a party will have the right to terminate this Agreement if the other party (or in the case of Amplify, an Authorized School User) materially breaches any term, provision, warranty, or representation under this Agreement and fails to correct the breach within 30 days of its receipt of written notice thereof. Upon termination, Customer will: (a) cease using the Products, (b) return, purge, or destroy (as directed by Amplify) all copies of any Products and, if so requested, certify to Amplify in writing that such surrender or destruction has occurred, (c) pay any fees due and owing hereunder, and (d) not be entitled to a refund of any fees previously paid, unless otherwise specified in the Quote. Customer will be responsible for the cost of any continued use of the Products following termination. Upon termination, Amplify will return or destroy any Student Data provided to Amplify hereunder. Notwithstanding the foregoing, nothing will require Amplify to return or destroy any data that does not include Student Data, including de-identified information or data that is derived from access to Student Data but which does not contain Student Data. Sections 3–14 will survive the termination of this Agreement.

15.
Miscellaneous. This Agreement may not be modified except in writing signed by both parties. All defined terms in this Agreement will apply to their singular and plural forms, as applicable. The word "including" means "including without limitation." For United States-based Customers, this Agreement will be governed by and construed and enforced in accordance with the laws of the U.S., state, commonwealth, or territory in which Customer resides based on the address set forth in the Quote, without regard to that state's, commonwealth's, or territory's choice of law rules. For Customers based outside of the United States, this Agreement will be governed by the laws of the U.S., state of New York, without giving effect to the choice of law rules thereof. This Agreement will be binding upon and inure to the benefit of the parties and their respective successors and assigns. The parties expressly understand and agree that their relationship is that of independent contractors. Nothing in this Agreement will constitute one party as an employee, agent, joint venture partner, or servant of another. Each party is solely responsible for all of its employees and agents and its labor costs and expenses arising in connection herewith. Neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned or delegated by Customer or any Authorized School User without the prior written consent of Amplify. If one or more of the provisions contained in this Agreement will for any reason be held to be unenforceable at law, such provisions will be construed by the appropriate judicial body to limit or reduce such provision or provisions so as to be enforceable to the maximum extent compatible with applicable law. Amplify will have no liability to Customer or to third parties for any failure or delay in performing any obligation under this Agreement due to circumstances beyond its reasonable control, including acts of God or nature, fire, earthquake, flood, epidemic, pandemic, strikes, labor stoppages or slowdowns, civil disturbances or terrorism, national or regional emergencies, supply shortages or delays, action by any governmental authority, or interruptions in power, communications, satellites, the Internet, or any other network. Each party represents and warrants that it has all necessary right, power, and authority to enter into this Agreement and to comply with the obligations hereunder.
