Amethod Public Schools Independent Study Policy

AMPS Charter School may offer independent study to meet the educational needs of pupils enrolled in the charter school. Independent study is an optional alternative education in which no student may be required to participate and is designed to teach the knowledge and skills of the core curriculum. AMPS will enforce the adopted Independent Study Policy in consideration that excessive leniency of these terms can result in pupils falling far behind their peers as to increase, rather than decrease, the risk of their dropping out of school. AMPS Charter School shall provide appropriate existing services and resources to enable pupils to complete their independent study successfully.

The following written policies have been adopted by the Board for implementation at the Charter School:

1. For pupils in all grade levels offered by the School, the maximum length of time that may elapse between the time an assignment is made and the date by which the pupil must complete the assigned work shall be five (5) school days.
2. The Principal or designee shall conduct an evaluation to determine whether it is in the best interests of the pupil to remain in independent study upon the following triggers:
 - a. When any pupil fails to complete three (3) assignments during any period of five (5) school days.
 - b. In the event the pupil's educational progress falls below satisfactory levels as determined by the Charter School's SST processes, which considers ALL of the following indicators:
 - i. The pupil's achievement and engagement in the independent study program, as indicated by the pupil's performance on applicable pupil-level measures of pupil achievement and pupil engagement set forth in Education Code Section 52060(d) paragraphs (4) and (5).
 - ii. The completion of assignments, assessments, or other indicators that evidence that the pupil is working on assignments.
 - iii. Learning required concepts, as determined by the supervising teacher.
 - iv. Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.

A written record of the findings of any evaluation conducted pursuant to this policy shall be treated as a mandatory interim pupil record. This record shall be maintained for a period of three years from the date of the evaluation and if the pupil transfers to another California public school, the record shall be forwarded to that school.

3. The Charter School shall provide content aligned to grade level standards that is substantially equivalent to in-person instruction. For high school grade levels this shall include access to all courses offered by the Charter School for graduation and approved by the UC or CSU as creditable under the A-G admissions criteria.
4. The Charter School has adopted tiered reengagement strategies* for the following pupils:
5. All pupils who are not generating attendance for more than 10 percent of required minimum instructional time over four continuous weeks of the Charter School's approved instructional calendar;
