III. Business I

A. Review of Comparable Compensation Data for Charter School CEOs/Executive Directors

Board Chair Rodolfo introduced a review of comparable compensation data for charter school CEOs and executive directors. This review is part of the IRS-required comparability study ahead of finalizing the CEO agreement. YM&C Legal conducted the study, comparing similar charter networks and public school districts of comparable size and scope. The analysis included organizations such as Making Waves, Leadership Public Schools, Lighthouse Community Public Schools, and others. The findings showed an average total compensation package of approximately \$297,219, with average base salaries around \$254,000, ranging from \$203,909 to \$340,067.

Board member Margie asked whether the compensation study includes data on the number of students served, the number of LEAs (Local Education Agencies) each organization oversees, or the number of school sites within each LEA. She states it would

be helpful determining expectations for the CEO that will work under four different authorizers and six different school sites.

Board chair Rodolfo noted that they can ask YM&C to clarify why certain organizations were included in the compensation study. He specifically requested the inclusion of comparable charter networks in Oakland, since the initial list lacked Oakland-based examples. As a result, Lighthouse Community Public Schools and Leadership Public Schools were added. He also mentioned that both Caliber and LPS appear to operate at least two sites.

He outlined the key terms: a one-year contract from July 1, 2025, to June 30, 2026; an annual salary of \$270,000; a one-time signing bonus of \$7,500; participation in health and retirement benefits (subject to eligibility); 160 hours of vacation annually (corrected from an earlier mention of 80); 12 days of sick leave; and a \$50,000 life insurance policy. He noted that the compensation aligns with the previously reviewed comparability study.

D.

Review and Consideration of Approval of Employment Agreement for Chief Executive Officer

Board Chair Rodolfo shares the CEO employment agreement which was prepared by Shameka, the HR consultant, in collaboration with YM&C Legal. He noted that it is a standard agreement, modeled after those used for previous AMPS CEOs.

Board member Jorge discussed amendments to the agreement, including updating language related to confidential information to reflect modern technology and ensuring that outside professional activities do not conflict with the CEO's duties.

The board also considered adding language to specify that board approval, rather than just the board chair's approval, is required for certain activities.

Vice chair Margie asked whether the organization has an existing system or tools for evaluating the CEO, or if a new evaluation process will need to be developed.

Board chair Rodolfo explained that his intent in including evaluation language in the CEO agreement was to collaboratively develop an evaluation process with the organization and the CEO, tailored to current goals and realities. He suggested forming a committee to help shape the evaluation framework and emphasized the importance of regular monitoring and support. He also proposed that going forward, all CEO contracts should include similar evaluation provisions.

R. Ornelas made a motion to approve Employment Agreement for Chief Executive Officer with admendments.

L. Martinez seconded the motion.

The board **VOTED** to approve the motion.

J. CEO Report

Adrienne shared insights from a recent educational trip to Finland with 35 educators, where they studied the Finnish and Swedish education systems. Key observations included Finland’s emphasis on hands-on learning, rule-based discipline, a 37.5-hour workweek for principals, and a focus on holistic learning and equity. Both Finland and

Sweden prioritize free education through college, teacher autonomy, shorter instructional periods, longer breaks, and skills-based learning. Sweden uses a voucher system, while Finland's neighborhood schools avoid rankings and early testing. Teachers in both countries typically hold master's degrees and enjoy flexibility between academic and trade pathways.

Additionally, Adrienne noted an upcoming leadership retreat scheduled for July 23-25. Teachers return to work on August 1, the AMPS Summit will be from August 5-7, first day of school on August 12, ACCS hearing on August 12, and a State Board of Education hearing on September 10-11.

VI. Closing Items
