leaders are certified, with some staff awaiting Professional Standards Commission (PSC) approval. A March 31 deadline was noted for non-certified teachers to enroll in certification programs.

The proposed FY27 school calendar was introduced and will be shared with the Operations Committee for further review and feedback.

C. Finance Committee

Lisa Golphin shared the Finance Committee reported a December deficit of \$181,030.35, which was offset by a \$200,000 increase in January revenue due to a Title I grant. The board discussed financial variances, including Teacher Retirement System (TRS) savings of approximately \$103,000.

The board reviewed the status of a \$56,000 Give Back grant that had not yet been applied to expenses and discussed the possibility of reallocating eligible expenditures to the grant to offset operational overages. The importance of maintaining fiscal discipline amid budget constraints was emphasized.

D. Head of School Report

Barry Williams provided updates on enrollment, staffing, academics, and operations. Key discussion items included:

SPED Coordinator Role: The board discussed qualifications, salary expectations, and timing for hiring. The Head of School reported that TRS savings could offset the salary variance of approximately \$16,294 if the position is filled by February 13, 2026, allowing for prorated funding beginning March 3, 2026.

Teacher Certification Updates: The Head of School agreed to provide an update on teacher certifications and provisional certificates once feedback is received from the PSC.

Athletics: The board discussed professional development for athletic directors and alternatives to a formal athletic banquet, noting that student recognition will occur during the school's regular awards ceremony.
