- 460 students in in 5th -8th grade

Challenges/Resolutions:

-Balancing adhering to the CDC guidelines and LDH guidelines for class size for Phase 2. On Monday, October 5th we were able to pull one on campus teacher to provide support for the virtual teacher. Making live sessions more impactful as well as providing time for the teachers to prepare high quality recorded sessions.

-Parent challenges with learning to navigate the learning platform, however those challenges have diminished significantly as parents are now more familiar with the Clever platform.

-Additionally, pulling one on campus teacher created an opportunity for our Spanish teacher to provide live lessons and activities for our K-2 virtual students. Based on feedback from parents the recorded lessons were too challenging.

-Recent parent survey data is indicating an improvement in parent comfortability with on campus safety. Our first survey had an average of 2.75 our most recent survey completed on Sept. 30th had an average of 4.33 out of 5.
