- School year enrollment for 22/23 concluded at 93.6% of projected enrollment of year resulting in revenue declined that end resulted in use contingency funds to cover shortfall
- Public revenue receipt was slightly below annual forecast 74 vs 77%, private revenue was equal to annual forecast
- Expenses are currently 2% points higher than forecast but on track to finish year where expected
- Cash on hand is currently below 30 day cash requirement (by \$27k) but expected large payments in late July and August should remedy situation

Matt presented draft budget for 23/24 school year. Budget is currently \$13k short of 60 day cash on hand requirement that will begin next year. This is expected to balance by next month when the budget will be presented again for a board vote of approval. Matt's presentation packet contained high level income and expense categories and showed key comparisons against current year.

Sean Koester reported out on outcome of recently completed State Accountability Office (SAO) Audit. Positive report without any Findings except for the fact that Pinnacles completed the wrong version of their first Financial Audit. Pinnacles completed a FASB audit and needed a GASB audit. The school intends to correct this mistake in the 60 days and resubmit to the SAO office so not to negatively impact our final SAO report.

##### **A. Critical Issues Discussion**

Jill shared that all staff have now been hired for high school and that both the high school and middle school will open fully staffed.

Consultants from Teeter Crocker have been hired to help the school's leadership team open the high school.

Enrollment Update: Grades 6, 7, 8 are expected to open at full (60 to 62 students per grade) and the high school 9th grade class is expected to launch with approximately 45 students.

With so many new high school policies and procedures that need to be reviewed and approved Jill suggested that a Special Meeting be held to focus solely on high school policy adoption. Jill will follow up with board to schedule this meeting in August before school starts.

Lengthy discussion took place regarding new new high school facility challenges concerning city occupancy codes of classrooms at Wenatchee Valley College. Sean is working with Charter School Commission, City of Wenatchee Planning Department, and the Wenatchee Valley College to come up with a solution so that the school's 9th grade class will still be able to have afternoon programming take place on the WVC campus next school year.

#### **VI. Additional Business**

##### **A. Other Business**

Due to staff retreat at Tall Timbers that has been planned during the same time as the previously scheduled August 16th board meeting, the August board meeting has been rescheduled for a week later on August 23rd at the regular 6pm time at the school.

Jill concluded meeting by mentioning that the summer school program serving approximately 30 students has been going very well.

#### **VII. Closing Items**

**A. Adjourn Meeting**

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 8:19 PM.

Respectfully Submitted,  
R. Wray
