IV. Critical Issue Discussion

A. Student Enrollment and Attendance Updates

Sara provided the board with an update on enrollment and attendance trends.

The percentage of scholars with at least 90% attendance has been trending down since the start of school.

Sara noted that we will be working with Communities In Schools, which has a strong reputation of working with schools with attendance challenges.

Sara said her next steps will be to gather attendance comparisons to last year as well as tardy data.

As for enrollment, Sara shared a pivot table that the team has been using to track budgeted versus actual enrollment.

B. Academic Growth and Achievement Update

Gary shared a dataset outlining academic growth and achievement, including intervention to address gaps.

The data shows that there has been steady growth within all grades but 6th grade, which staff are working to identify why.

Separate to this conversation, Rick asked what future plans are for visual arts and music given the art teacher's recent notice of resignation. As for music, a Pinnacle's parent is working with staff to enhance music programming at the school.

Jill shared that there will not be a new art teacher hired this year, but two additional electives will be offered instead.

Jill said they still need to think through what the music program will look like and said she would appreciate the board's support. Blake volunteered to help as a board representative.

C. Competency Based Learning Framework

Jill shared a presentation about Master-Based Learning. Pinnacles Prep is part of Washington State's Mastery-Based Learning Consortium Cohort.

D. ALE Affiliate Program Update

Jill shared ideas that school administrative staff have been brainstorming to establish an Alternative Learning Environment program for scholars who may have additional needs that would be better addressed in an alternative setting.

Admin staff is proposing an affiliate ALE program, which would allow scholars to take virtual courses.

The ALE policy was approved by the board in tonight's consent agenda and next steps will be to submit an application to the Charter School Commission for approval.

V. Committee Reports

A. Finance

Matt provided a Finance Committee update, including a review of the current Financial Dashboard indicators:

- Student Recruitment Count: Green
- Public Revenue Received: Green
- Private Revenue Received: Yellow
- Expenditures to Date: Green
- Cash on Hand: Red
 - Currently materially below 60 days due to levy equalization payment delay & November is a smaller State payment

The color-coded statuses reflect areas of strength and those requiring continued monitoring.

B. Academic Excellence

Rick tabled academic excellence committee updates until January.

C. Development Committee

Jill shared the development budget goal is \$22,600 and we are 7% of the way there.

Jill also shared Pinnacles Prep has a corporate sponsorship package prepared and will begin reaching out to prospective donors in the coming weeks.
