Information to Share

Student Achievement

- Comprehensive Distance Learning. Based on parent feedback and ODE guidelines, we plan to

change/improve the following:

- A weekly lesson schedule with consistent times for each subject. We'll have to submit this to

ODE as proof of our instructional hours.

- A Google Calendar or other type of document with all the weekly meeting links in one place.

- Consistent expectations for teachers for the amount of time it takes for them to respond to

student questions and grade assignments. We'll also offer office hours at least twice a week for

drop-in questions.

- Consistent lesson plans between teachers at the same grade level to facilitate home learning

Pods.

- Evening meeting options for working parents. We'll have to flex teacher schedules to make this possible.

- Daily attendance and regular grading rather than pass/incomplete.

- Starting the year with community building and assessment to connect students and teachers

and to give teachers the information they need to create learning plans.

Board discussed small group time and reception to proposed changes by staff.

Climate and Culture

- We have three new teachers and we did an onboarding session with them on Tuesday. It would be

great if board members could reach out to welcome them as well.

Professional Development

- Inservice week plan - TBD. We will focus heavily on the changes listed above for CDL. I'm still looking for good sources of remote PD, and I have a few leads. I've reached out

to our SLOP trainer and she is checking to see if they can do a one-day session on applying SLOP strategies in a remote learning environment.

Hot Topics

- Hiring update - Jaska [Arroyo] will sub for 4th grade until we find someone to replace Karen Garay.
- Purchasing update - the new technology is going to be hard to get by Sept. 8. This is not good. We're doing our best to see if we can speed things up.

Board discussed iPad tablet procurement.

Seeking Input

- Director's Goals. The top three goals from the board survey were:
 - Health and Safety - Manage and adjust the reopening plan to ensure compliance with safety protocols, stay abreast of new information, coordinate with BSD and with the local health department to align with other local schools in our area.
 - Distance Learning - Refine our model based on parent feedback, ensure equity between on-site and distance learning opportunities, provide staff with high quality training to improve distance learning strategies.
 - Parent Communication - Increase readership and parent participation by revising the newsletter, investigate alternative communication platforms (text alerts), provide frequent opportunities for virtual meetings, and translate a higher percentage of school communications into Spanish (I'd need to figure out where we are now to get a baseline).
- I need to know if the board is comfortable with these or if we should make adjustments based on our new reality of spending approximately ½ of the year in distance learning. The other suggested goals were:
 - Curriculum - Work with the leadership team to develop a curriculum review schedule and identify teacher leaders who can support this work in each content area. This will require extra duty contracts.
 - Teacher Evaluation - Increase the level of monitoring of both in-person and distance learning experiences provided by teachers, increase access to online training in effective practices for teachers who need remediation, increase the number of teachers on Directed Goals and/or Plans of Improvement.

- Equity and Inclusion - Involve staff and parents in an ongoing process of examining our practices through the lens of equity and inclusion, review our instructional materials to make sure they provide equitable representation for diverse races and differing lifestyles.

Board discussed Executive Director goals, competencies, weighted practices, and 6 month review.

Decision Needed

- T-Mobile can provide hotspots for \$20 per month on a one year contract. We'd like to purchase several of these if we have money remaining in the grant. We'll do a survey at the end of this week to find out how many families need internet service, and we'll explore the option of having them share the cost of the service, but I'd like to give them out for free if families can't pay. I need to know if the board approves
 - Using some grant funding to purchase hot spots OR
 - Approving the purchase of hot spots from our general fund if we do not have enough grant money left to cover the cost.

S. Marx left.

S. Marx arrived.

ACTION ITEM: Executive Director Michelle Herron to email Board iPad specs: 7th generation, 32GB, any color; quantity of 220. If procure, then write location purchased on the individual boxes.

ACTION ITEM: Executive Director Michelle Herron to list goals in document and share with the Board; and share from survey # of families who need wifi.

M. Barron made a motion to authorize Ms. Christa Billings and Ms. Shagun Trivedi to purchase up to \$5,000 of hotspots.

S. Marx seconded the motion.

The board **VOTED** unanimously to approve the motion.
