III. Academic Excellence

A. Executive Director's Report

Student Achievement

- We are almost finished with our first round of assessment. This will help us have a better understanding of our students' learning gaps after last year.
- We had a great staff training with the BSD special education department. They are recommending that we wait until the end of the first 9 week grading period to begin any new formal evaluation requests so that teachers have time to assess learning gaps and start classroom interventions.
- Brief review of the school's learning plan. This is a required annual goal setting document that is shared with BSD and posted on our website.

Climate and Culture

- Update on Covid cases
- All teachers are now using Google Classroom regularly, and we've added live daily homework support with an instructional assistant for students who are in quarantine. If a whole class is quarantined, we are also offering daily Zoom classes with their regular teachers.
- Improvement with Proximity learning. We currently have 18 students working with Proximity Learning and 7 students who are using our teachers' Google Classroom lessons to do CDL without any additional live instruction.

Professional Development

- Chris is providing mentoring for new staff. His familiarity with Google Classroom has been extremely valuable in getting information out to people in an easily accessible way.
- Chris and I are having bi-weekly meetings with every teaching team to offer support and to monitor students of concern.

Hot Topics

- TSPC recently authorized emergency sub licenses to address the statewide substitute shortage. We are applying for licenses for 2 of our highly skilled instructional assistants to support in licensed positions.
- We have one open instructional assistant position to fill
- Rapid Covid tests available at school for symptomatic teachers or students. We do not have enough staffing to offer an at home testing program.
- I am attending the BSD board meeting on Monday to give an explanation of our request for a temporary waiver to the immersion ratios in our charter agreement.
- BSD is offering an information session for our 5th grade families on 10/26 to explain their dual language middle school options.
- We've received about \$31K so far in Gap Donations.

Seeking Input

1. Next steps and timeline regarding decision about offering 6th grade next year. Board needs idea of what families will return before we can make an informed decision. Will send survey in early November. Goal to have final decision by mid-February.
