G. Directors Report

T. McCoy arrived.

Student Achievement

- Our ELA team is working on more consistent use of the 6 +1 writing rubric as a tool for common, schoolwide writing assessments. This is part of our overall effort to develop more systematic school wide assessment procedures in Spanish, English and Math.
- We've completed screening for Talented and Gifted identification and will do follow up assessments for the students who qualify.

Climate and Culture

- We are working with teachers and families to address behavior concerns, particularly in middle school.

Professional Development

- Staff members led two excellent trainings on conflict resolution and equity during our November In-service day. In January, we will continue the equity work and we'll also offer subject specific training different employee groups.

Hot Topics

- Michelle and Chris had positive meeting with BSD to discuss possible pathways for middle school dual language options for Arco Students. Communication will go out to our 5th grade families. It sounds like there may be spots available, but we do not have formal confirmation on this. It is important to create these pathways regardless of the decision about the continuation of our middle school program.
- Michelle shared data from teacher feedback on proposal for blended middle school classes and on K-8 configuration.
- Chris shared his observations on our middle school program, and the challenges we face in providing middle school students with all of the opportunities a comprehensive middle school can offer.

Seeking Input

- I'd like to start attaching costs to potential future expenditures like raises for teachers, increasing our PD budget, curriculum adoption, and K-5 vs. K-8 staffing models. We will use up our ESSER funding by the end of the next school year. The finance committee helped generate a list of spending initiatives/costs to analyze and Tonya will work with me to gather financial data before our January meeting.

Decision Needed

1. Change the calendar to end school on June 17, move grading day to June 21, and give teachers June 22 as a day to clean classrooms and move if needed. This change still allows us to meet required instructional minutes.
2. Board agrees to end contract with proximity learning for semester 2. Michelle to inform remaining families so they can plan for 2nd semester.

S. Zephirin made a motion to Approve the revised calendar as presented.

C. Staudenraus seconded the motion.

Students will end on June 17th

June 22 a work day for teachers
