A. Director's and Assistant Director's Report

Academic Excellence

- Wonders/Maravillas Literacy program. English-Spanish aligned literacy curriculum that is backed by research and aligns directly to state standards. Planning is basically done for the teacher. Staff are reviewing samples and we will revisit it in April. Chris working with reps for pricing based on what (how much) our program will need.

Staff Training and Retention

- Perla was at George Fox for a recruitment (Job Fair) last month. No solid local leads *yet* from this fair.
- Puerto Rico Recruitment trip (last month). Chris met with university staff at three (3) different locations. Developing a dialogue with the Dean of Education (over all campuses). Solid contact (Tenured Professor) at one campus that has about 150 students whose primary interest is K-6 education. Fair was successful, even though the focus was Engineering. 13 students indicated interest. 2-3 of those are possibilities.
- “Intent to Returns” will go out next week to our staff. (Deadline to return 4/7.) This will give us a better idea of what staffing positions we need to fill for the 2023-24 year.
- Peer/colleague observations. Based on our admin observations of teachers, we’ve decided many of our staff would benefit from focused peer observations (within teams). This will help some teachers with teacher goals as well. We secured a substitute for a two week period. Each teacher will be given 3 hours of coverage to observe their team members, collaborate, and strategize to improve their own teaching practice.
- Investigating summer professional development/training for teachers on Singapore Math. May partner with Hope Charter School.

Community Engagement and Positive School Culture

- Staff Cultural map project (hallway) presents our cultural diversity within staff at AI.
- 6pm tours are going well. 3 down, 4 more to go.
- Working on a language/SEL study with a teacher resource group with Spain & Universidad de Granada <https://proyectoleyla.eu/> Study focuses on the success of multilingual educational programs at different developmental age groups as it relates to teacher profiles. (What do teachers in this field need to be most successful?) Connection is with the spouse of one of our international teachers from Spain. Possibility that the research to be published in academic journals and forums. [LEyLA Castellano](#) [LEyLA English](#)

Financial Stability

- Open enrollment for 2023-24 has ended. March 14th ran the lottery. We will be good for K and 1st (w/waitlist). 2nd and up, we remain under cap. Marketing firm will help us target these grades.
