Academic Excellence

School Year 2024-2025

We've officially wrapped up another school year. As part of our academic commitments this year, we focused on:

- Implementing a new curriculum for ELA and SLA
- Prioritizing student interventions and support systems

Looking Ahead to 2025–2026

Our academic priorities for the upcoming year include:

- Strengthening curriculum implementation with greater fidelity and consistency across SLA, ELA, and Math
- Delivering targeted student interventions informed by data analysis

Summer Work & Professional Development

This summer, we will focus on developing a more robust professional development plan aligned to identified academic needs. Key areas will include:

- Analyzing both state assessment results and internal data (e.g., easyCBM) to better understand student performance and guide instructional planning
- Expanding teacher capacity in curriculum implementation—particularly in ELA, SLA, and Math

In addition to deepening expertise in SLA and ELA through targeted training and coaching, we will also strengthen our Math instruction through professional development focused on **Cognitive Guided Instruction (CGI)**.

Staff Training and Retention

As we reflect on our work this year and look ahead to 2025–2026, we want to share key highlights regarding staff support, growth opportunities, and next steps based on feedback and data.

Support for Staff Implemented in SY 2024–2025

- Mentorship Opportunities: Expanded through NWRESD and internal mentors.
- Professional Learning: \$1,000 reimbursement for coursework and personalized training opportunities.
- Instructional Growth: Regular classroom observation cycles and feedback.

- Targeted Training: Focused sessions based on school-wide needs, including SLA/ELA, Math, Intervention Systems, and Data Analysis.
- Expanded planning times/sessions to include Wednesday after school planning sessions.
- 5% COLA increases two years in a row
- Expanded option to cash out unused PTO from \$100 to \$200 for classroom teachers to increase attendance during school year

EOY Team Survey Highlights

While we recognize there is room to grow, staff continue to report overall positive support experiences this year:

“Do you feel supported at Arco Iris?”

- *Extremely/Quite:*
 - SY 2023–2024: 60%
 - **SY 2024–2025: 54.1%**
- *Somewhat:*
 - SY 2023–2024: 40%
 - **SY 2024–2025: 33.3%**

These results reflect how we’re addressing support needs, though we are not yet where we want to be. Continued growth in targeted training and responsive support systems will be a focus next year for our team.

Looking Ahead to SY 2025–2026

Our commitment to supporting staff continues, with a sharpened focus on:

- More intentional and differentiated training based on student outcomes and staff needs.
- Data-driven instructional support aligned with our academic priorities.

Staffing Updates

- Finalized Summative Evaluations for all instructional staff.
- Pending board approval, we are excited to welcome Agustín Mora Segura to our team. He has signed his employment offer and is currently beginning the process of securing his J-1 visa from Costa Rica.
 - Our partner agency, Cordell Hull, does not anticipate any significant challenges with the visa process at this time. However, we do have a pool of qualified additional candidates should there be any unforeseen delays or complications in securing a J-1 visa.
- Ongoing Hiring Efforts: We are in the process of finalizing candidates for:
 - One Physical Education teacher position.
 - One Instructional Assistant / Office Assistant position.

Community Engagement and Positive School Culture

Commitments Implemented in SY 2024–2025

This year, we deepened our efforts to strengthen communication and connection with families through the following actions:

- **Cultural Celebrations:** Expanded inclusion of cultural events throughout the school year to reflect and honor our diverse community.
- **Improved Accessibility:** Created additional pathways for families to reach teachers, administrative and support staff directly and efficiently. More days for conferences. More newsletters. Among other ways to increase this partnership with families.

Family Feedback & Survey Results

Initial results from our end-of-year family survey show an increased sense of support and community among respondents. We did have fewer families respond to this year's survey. Families expressed appreciation for:

- Regular communication and timely updates.
- A welcoming and responsive school culture.
- Opportunities to engage with student learning and community events.

Areas identified for growth include:

- Playground experience: Some concerns noted around not having a proper playground.
- Driveline logistics: Continued need for improved efficiency and clarity.
- Understanding of behavioral support systems: Families have requested greater transparency around our use of the Responsive Classroom approach to support students in need.

We will use this feedback to guide improvements for SY 2025–2026 wherever possible.

Updates on Traffic Commission and City Council meetings:

- Families and members of the Arco Iris Administrative Team proudly represented our school community at the recent Beaverton City Council meeting. Our goal was to request a fair and transparent appeal process in response to the Traffic Commission's decision from February.
- We're pleased to share that our efforts were successful — the City Council voted to remand the Traffic Commission's decision, granting us a new forum to present our case. This new opportunity will take place in August 2025, just before the start of the school year
- Jesus will send communication about the August traffic commission date.

Financial Responsibility

We are closing out the year in a strong financial position — operating responsibly and maintaining a debt ratio that meets required benchmarks. This reflects our continued commitment to sustainability and sound fiscal management as we grow.

Fundraising Efforts: SY 2025–2026

As of the end of May, our **Annual Fund Giving (AFG)** total stands at: **\$202,675.43**

We are grateful to our families and community partners for their generous contributions, which directly support staffing, programming, and enrichment opportunities for students.

Grant Opportunities & Updates

We are excited to share that **Arco Iris was recently awarded a Charter School Growth Fund grant** to support our expansion efforts.

- **Total Award:** \$800,000
- **Disbursement Timeline:** The grant will be distributed over the next three years, supporting key priorities such as staffing, facility needs, and instructional programming as we grow.

Enrollment Update

We continue to see strong interest in our school, reflecting confidence in our academic and cultural mission:

- **2024–2025 Enrollment:** 411 students
- **2025–2026 Enrollment Goal:** 422 students
- **Current Enrollment for 2025–2026:** 434 students

We are proud to report that we have exceeded our enrollment target for the upcoming school year.

Classroom Configuration Changes for '24-25

- 2 classrooms at 4th grade
- 3 classrooms at 5th grade

No splits this year. Change shared with 4th grade families and given opportunity for feedback.
