III. Board Communications

A. Board Member Reports

C. Robie: The 10th Year Anniversary was fabulous, enjoyable.

R. Whittaker: About the Achievement Gap and Engagement with capital E.

What can we do to improve AoA students' academic success? Suggestion:

1. Identify & recruit a group (20–30) students who are low-performing.
2. Identify activities that enhance engagement. (Field trips options examples. Field trips have to connect with the curriculum.)
3. Identify a coordinator for such a group.

Follow-up in January–February. The strategy has to be designed to actually "move the needle".

R. Brown left.

M. Thorman left.

B. Executive Director Report

M. Huxley talked about the 10th Year Anniversary Dinner on Friday 11/15/2019 and thanked the Board for attending.

D. Middle School Data Report

The focus on presenting growth. Schoolzilla is the tool AoA uses for processing collected data and for creating graphs. In the January Board Meeting a snapshot of Middle School data will be presented.

M. Thorman gave a report on the assessment tools used at AoA:

- **ELA:** MAP, CAASPP, Course Grade, Teacher Recommendation.
- **MATH:** MAP, Double Math, Purchased Licenses, Additional IA Support, After-School Tutoring.

The slide on *CAASPP Data 2015–2018* showed a flattening of results across many sub-groups. Discussion on the possible reasons for the trend.

M. Thorman discussed how our strategic plan addresses the data - especially as it relates to deeply engaging students and went further into AoA's Theory of Action to increase student outcomes.

Example on Deep Learning from the recent conference in Vancouver: A teacher invited a local inventor to visit their school. The outcome was, that students suddenly felt more connected, and their engagement and performance increased.
