**III. Board Communication**

**A. Accelerated Math Program Presentation**

J. Whatley communicated how she got into the accelerated math program. Post covid all math classes were heterogeneous for 6-8 and algebra was the only advanced class. Zearn allowed seamless grade level acceleration. In order to enroll in the AMP program they have to turn in all of their assignments and maintain a 2.8 or higher in math. She also showed how statistically the students come from all walks of life, all ethnicities, all genders and are progressing well according to the data. A. Price commended J. Whatley's efforts. J. Laird appreciated the race distribution but wondered about the gender distribution. C. Robie appreciated J. Whatley's humility in presenting. R. Rentschler asked if the agency AMP produces the results directly, J. Whatley expressed that AMP has helped students grades so she does see the benefits of it. C. Chilcott expressed her 2 daughters experiences in J. Whatley's AMP program and two different point of views in it and how they both benefitted from it. D. Forbes echoed the thanks and hopes the program expands.
