He explained why the team is focused on getting Alma's youngest scholars back into the building first and a sense of urgency around reading proficiency from learning loss experienced last spring/summer.

C. Arnold asked about PPE availability and whether staff could be provided masks to allow for double masking. B. Cunningham noted that the school has purchased a large amount of PPE for staff and in-person scholars, as well as air filters, hand washing stations, hand sanitizer stations, plexiglass shields and more.

J. Baptist asked that Alma's FHF Coordinator be ready to support eligible Alma family members with navigating the process to receive the COVID-19 vaccine.

C. Hicks asked when grades 3-8 may return for in-person learning. W. Gardner said that no plans have been announced as the team is very focused on a successful return for grades K-2 and a strong remote program for all teachers and scholars.

III. Academic Excellence

A. Academic Update

M. Kay shared a report from the Academic Excellence committee. She noted that scholar attendance in remote learning fluctuated over the holidays but is increasing again. She also reported on the staff's efforts to analyze interim data based on different population sub groups.
