V. Academic Excellence

A. AcEx Committee Update

J. Korn reported that the AcEx committee has met twice this school year, and welcomed three new committee members. He reported that the committee has been reviewing academic data and comparing it to other schools across the state. New members will be coming to visit the schools soon.

B. Academic Update: MCAS and Accountability Data

T. DeLoach shared that the embargo on state MCAS data will be lifted on Tuesday, Sept. 24th, and the board will receive a more robust analysis after that release. She reviewed the series of interventions that have been put in place over the past two-plus years. She reported that academic performance levels are not yet where we had hoped.

A few factors that we are considering:

- pandemic era gaps in learning
- significantly larger number of scholars taking MCAS
- introducing 50 new sixth graders each year = these scholars are coming to Alma from district elementary schools
- more novice teachers leading classrooms

Academic goals/metrics will be set after we obtain new baseline data from Q1 assessments and Alma will begin using Aimsweb for reading levels as a replacement for STEP, which is no longer available.

C. Holley remarked that the approach to setting new metrics is motivating and the right approach for the organization based upon the most updated data.

VI. Development

A. FY24 Fundraising Results

B. Kurie reported that we are looking for at least two new members for Development Committee, as well as trustee recruitment.

B. FY24 Audit

J. Korn made a motion to accept the representations of management and the expression of the opinions made by Daniel Dennis & Company LLP as embodied in the combined financial statements and independent auditors' report for the year ended June 30, 2024. We also certify that the representations made by management and the disclosures in the combined financial statements are accurate and have been correctly and completely disclosed as required by accounting principles generally accepted in the United States of America and the Commonwealth of Massachusetts Charter School Audit Guide for the period ended June 30, 2024.
