School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
California Pacific Charter - Los Angeles	19-75309-0132654	October 22, 2025	December 9, 2025

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by California Pacific Charter - Los Angeles for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

California Pacific Charter- Los Angeles's school plan describes a schoolwide program that includes the actions, services, and strategies that support high student achievement in Title 1 schools.

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Schoolwide Program

California Pacific Charter- Los Angeles's school plan describes a schoolwide program that includes the actions, services, and strategies that support high student achievement in Title 1 schools.

California Pacific Charter- Los Angeles (CPC-LA) is committed to meeting the requirements set forth by the Every Student Succeeds Act (ESSA) while seamlessly integrating our efforts with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs. The school's comprehensive plan is rooted in a student-centric approach and focuses on several key components:

Focused Support: We identify and support students who require additional assistance in order to meet academic standards. Our Title 1 program addresses the unique needs of these students, offering resources and interventions that foster growth and improvement.

Data-Driven Decision Making: We regularly assess student performance and progress through data analysis, allowing us to make informed decisions and adjust strategies as needed. This ensures that our efforts are aligned with ESSA requirements, LCAP priorities, and other educational mandates.

Family and Community Engagement: We recognize the importance of involving families and the local community in our educational endeavors. By fostering strong partnerships, we enhance student success and build a supportive network to bolster our Title 1 program.

Professional Development: Our educators receive ongoing training to stay informed about the latest research-based practices. This investment ensures that our instructional strategies are up to date and effective, aligning with ESSA and LCAP goals.

Fiscal Responsibility: We diligently manage our financial resources, ensuring that funds allocated for our Title 1 program are utilized efficiently and transparently, in accordance with federal, state, and local regulations.

Continuous Improvement: We maintain a culture of continuous improvement by assessing the outcomes of our Title 1 program and seeking ways to refine and enhance our approach in line with evolving ESSA requirements and LCAP goals.

CPC-LA's plan for effectively meeting ESSA requirements, in alignment with LCAP and other federal, state, and local programs, revolves around student-centered strategies, data-informed decisions, community collaboration, professional development, fiscal responsibility, and a commitment to continuous growth. This ensures that the Title 1 program plays a pivotal role in enhancing the academic outcomes and overall success of all students.

Educational Partner Involvement

How, when, and with whom did California Pacific Charter - Los Angeles consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

California Pacific Charter School has elicited education partner feedback through surveys and online meetings with administrators, teachers, staff, students and parents, including the School Site Council, which serves as the school's Parent Advisory Committee. CPCS solicited recommendations and comments from all education partners in order that they have the opportunity to provide input on the school's programs, communications, and related activities. Education partner feedback was reviewed by CPCS administration and considered before finalizing the School Plan for Student Achievement (SPSA).

Education partner surveys were distributed in Spring 2025.

Virtual staff meeting to review School Plan for Student Achievement was held on October 20, 2025.

Virtual School Site Council Meeting (Parent Advisory Committee) held to develop, review, and approve School Plan for Student Achievement (SPSA) on October 22, 2025.

The Governing Board held a virtual meeting for the adoption of the School Plan for Student Achievement on December 9, 2025.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

N/A. CPC-LA has not been identified for ATSI or CSI.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

CPC-LA in the state indicator area of CAASPP Math is overall in the Orange performance category.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

N/A

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

The College and Career Readiness dashboard indicator does not yet have a color due to not having comparable year over year dashboard data. However, CPC-LA identifies that CCI is in the low category.

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for California Pacific Charter - Los Angeles. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Grade 11	57	49	69
Grade 12	64	59	60
Total Enrollment	351	428	423

Conclusions based on this data:

1. CPC-LA continues to see manageable growth. The school goal is to continue to grow slowly while increasing the school's stability rate.
2. CPCS-LA is a school with diverse learners. White and Hispanic student groups comprise around 75% of enrolled students, CPC-LA enrolls approximately 11% African American students and 3% Asian students.
3. The majority of CPC-LA's enrollment is secondary students, particularly in grades 9-12, with the largest student population being in 12th grade. Therefore, improving the school's college and career readiness is a concentrated school initiative.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	22-23	23-24	24-25	22-23	23-24	24-25
English Learners	13	35	26	3.7%	8.2%	6.1%
Fluent English Proficient (FEP)	49	46	48	14.0%	10.7%	11.3%

Conclusions based on this data:

1. CPCS has not historically had a large percentage of the student population identified as English Learners. CPC-LA makes a concentrated effort to provide supports and services to the EL population and their families and to focus on EL progress.
2. In an effort to provide ongoing support for English learners, CPCS will continue to offer ELD curriculum and content support for all EL and RFEP students and will hold School Site Council meetings in the 24-25 SY. CPCS will make a concentrated effort to ensure communication with families is presented in the home language in order to improve school to home communication.
3. CPC-LA continues to focus on increasing the percentage of ELs who make progress each year, including a focus on reclassifying students as English Fluent Proficient.

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

1. CPC-LA met the goal of having a participation rate of over 95%.
2. Student academic performance in the area of ELA continues to be an area of need. CPC-LA will use internal assessments and academic intervention to continue to support student academic achievement. CPC-LA anticipates at least a 2% increase of students who meet or exceeded the standard in ELA in Spring 2024 when the CA Dashboard is released on December 1, 2024.
3. Increasing performance in the category of writing will continue to be a schoolwide initiative to support all students.

Conclusions based on this data:

- Overall, CPC-LA met the goal of 95% participation rate.
- Student academic performance in the area of Math continues to be an identified area of need. CPC-LA anticipates at least a 2% increase of students who meet or exceeded the standard in Math in Spring 2024 when the CA Dashboard is released on December 1, 2024.

3. CPC-LA will use internal assessments and academic intervention to continue to support student academic achievement in Math.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/eng/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

1. Students will continue to receive both integrated and designated ELD supports, with a focus on improving writing skills.
2. CPCS's K-8 ELD coordinator will be working with individual students to analyze ELPAC scores and identify areas of need in an effort to support English Learners and to increase reclassification rates.
3. CPCS's high school ELD teacher will be working with individual students to analyze ELPAC scores and identify areas of need in an effort to support English Learners and to increase reclassification rates.

School and Student Performance Data

Student Population

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2023-24 Student Population

Total Number of Students enrolled in California Pacific Charter - Los Angeles.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2023-24 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	35	8.2%
Foster Youth	0	0.0%
Homeless	4	0.9%
Socioeconomically Disadvantaged	288	67.3%
Students with Disabilities	86	20.1%

Filipino	6	1.4%
Hispanic	226	52.8%
Two or More Races	23	5.4%
Pacific Islander	0	0.0%
White	101	23.6%

Conclusions based on this data:

1. CPCS has a small percentage of students who are homeless or foster youth; however, each student is valued and important and has a place of belonging at CPCS. Our homeless and foster you liaison attended training so that our

school can continue to support and serve students in this group. CPCS is prepared to mobilize resources and continues to use the AB167/216 or AB1806 form to evaluate whether high school students in this group qualify for a 5th year of high school or reduced graduation requirements in an effort to graduate with their 4 year graduation cohort. CPCS continues to form and build community partnerships in an effort to support these at-promise students.

2. CPCS notes an achievement gap between socioeconomically disadvantaged students as compared to their grade level peers. The school has employed initiatives of support students social emotional needs, instilling hope, providing opportunities for students to connect, and providing academic support for increased student achievement. CPCS has launched a school-wide academic intervention program in an effort to close the achievement gap for these at promise youth. Goal setting meetings will be held with each student and their family to review scores and establish a supportive growth plan for each students this academic school year.

Conclusions based on this data:

1. Graduation rates have increased from prior years and the school has exited from CSI as a result.
2. Chronic Absenteeism rates have increased slightly but are still below the state average of 18.6%. This can be attributed to the school's robust attendance policy and Tiered Engagement systems to address needs in this area. CPC-LA meets AB130 requirements for offering opportunities for synchronous instruction and tiered reengagement for students not attending school or making expected academic progress in courses, as outlined in the school's independent study, attendance and adequate progress policies.
3. CPCS acknowledges the need for growth in the areas of College and Career readiness and Academic Performance. School goals, established programs, and allocation of resources demonstrate CPCS's commitment for ongoing improvement in these areas.

Conclusions based on this data:

- English Learners and Reclassified English learners are performing below standard at a higher rate as compared to their English only peers. This is an identified area of need that will be addressed through the K-8 and high school ELD programs and test readiness school initiatives.
- Socioeconomically disadvantaged students are performing below the standard at a higher rate as compared to their grade level peers. This student group improved from the previous year but remains an identified area of need that will be addressed through our academic intervention initiatives.
- Students with disabilities and Hispanic students are performing below the standard at a higher rate as compared to their grade level peers. These student groups experienced an increase from the previous year however, remains an identified area of need that will be addressed through academic intervention and through the special education department and with related service providers.

Conclusions based on this data:

1. Although at promise student groups of English Learners, homeless and foster youth don't have a statistically significant percentage of students to generate a performance color, we acknowledge that these groups perform below the standard in Math at a rate that is higher than their grade level peers. This is an identified area of need and will be addressed through programs and allocated resources and progress will be monitored on a monthly bases through Professional Learning Committee groups.
2. Socioeconomically disadvantaged students are performing below the standard at a rate higher than their grade level peers. This is an identified area of need and will be addressed through the academic intervention program, academic tutoring, individual student tutoring by highly qualified teachers and tutors, Math Paths in Middle School addressing skill gaps for each student, and PLC committees to innovate and employ interventions and monitor student progress.
3. Students with disabilities are performing below the standard at a higher rate compared to their grade level peers. This is an identified area of need that will be address through the IEP process with members of our special education department and with related service providers.

Conclusions based on this data:

1. This is an identified area of need for growth. CPCS has made efforts to grow and expand our CTE Pathways and has encouraged students to become Pathway completers. The number of students participating in CTE pathways has increased each school year.
2. CPCS will continue to offer rigorous, college preparatory courses that meet the A-G standards and will use these standards when completing course advisement with high school students. CPCS is committed to evaluating curriculum and providing professional development to teachers and counselors to support school initiatives for continued growth in this area.
3. CPCS has launched the "Pick Your Plus" initiative where school counselors, intervention teachers, homeroom teachers, and administrators meet with high school students to develop an individual path towards college and career readiness that can include A-G curriculum, CTE pathway enrollment, community college course enrollment, Advanced Placement course enrollment and exams, Seal of Biliteracy pathways, and preparing 11th grade students for the CAASPP assessment.

School and Student Performance Data

Academic Engagement Chronic Absenteeism

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

Conclusions based on this data:

1. CPC-LA decreased chronic absenteeism by 5.6% and is well below the state average at 8.9%. The school has developed and implemented a robust attendance policy and tiered engagement system to address student attendance.
2. CPC-LA meets AB130 requirements for offering opportunities for synchronous instruction and tiered reengagement for students not attending school or making expected academic progress in courses, as outlined in the school's independent study, attendance and adequate progress policies.

Conclusions based on this data:

1. CPC-LA has a graduation rate of 91.2% and has exited CSI. All student groups are in the GREEN performance color.
2. All student groups are in the GREEN performance color.
3. CPCS will continue to offer a rigorous courses and implement progress monitoring to ensure all students stay on track to graduate with their 4 year cohort.

Conclusions based on this data:

1. CPC-LA offers a virtual, independent study, program, there are fewer opportunities for students to engage in infractions that lead to suspensions. The school addresses discipline issues in the areas of academic honesty and plagiarism, or appropriate live session classroom behavior, but do not typically encounter behaviors that warrant student suspensions.
2. CPCS will continue to embrace a restorative justice model of addressing student behaviors.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Student Outcomes

This broad goal is established to improve student academic outcomes and provide diverse learning opportunities that prepare students for college and careers. The school will improve instructional practices through targeted support, professional development, instructional coaching, and enhanced resources like technology and academic intervention. These actions aim to boost statewide and local assessment performance across all student groups and prepare students for postsecondary success.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

This goal is aligned with LCAP Goal 1.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Based on a review of the CA Dashboard, areas of need are identified as College and Career Readiness and Mathematics. College/Career Readiness (Low): 17.9% of students are prepared for college and career, which is in the low category and indicates a need for stronger career guidance and programs ensuring students graduate college and career prepared. Mathematics Performance (Orange): The performance in mathematics scores 90.2 points below the standard and a decline of 8.4 points from the previous year. Additionally, 2 student groups (SED, SWD) are in the Red performance band. This suggests a continued need for enhanced math instruction and intervention programs.

Annual Review

SPSA Year Reviewed: 2024-25

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

There were no substantive differences in planned actions and actual implementation.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No material differences between budgeted expenditures and estimated actuals.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No changes will be made to goal 1.

Action 1.1 – Academic Performance Monitoring: The consistent use of assessment tools, including CAASPP, Renaissance STAR, and internal course completion tracking, has allowed staff to monitor progress and adjust instruction accordingly. This contributed to notable gains in CAASPP Math (+21.1 points) and modest gains in ELA (+9.6 points), as well as improved course completion rates across all grade spans.

Action 1.2 – Professional Development: Ongoing teacher training in standards-aligned instruction and data-driven practices likely supported improvements in statewide assessments and course pass rates. Growth in CAASPP performance and STAR Math (3.4% increase) suggests that instructional capacity is improving as a result of targeted PD efforts.

Action 1.3 – Academic Support for Student Groups: Interventions targeted at SED, SWD, and EL students contributed to increased access and support. While CAASPP scores for these groups remain in the yellow or red performance bands, the upward trend in overall scores and course completion (e.g., 6% increase in high school students earning 70% or higher) reflects some impact of these supports.

Action 1.4 – EL Progress Monitoring and Support: EL performance on ELPAC and STAR assessments remains an area of concern, with limited growth noted (only 9.1% progressed at least one ELPI level). However, the continued focus on EL progress monitoring sets a foundation for refining ELD supports to better meet student needs moving forward.

Action 1.5 – Comprehensive CTE Program: The 100% completion rate among students enrolled in CTE and the 11.9% increase in students identified as College and Career Prepared underscore the effectiveness of career pathway implementation. CTE engagement is clearly contributing to postsecondary readiness metrics.

Action 1.6 – Access to AP Exams: While the number of AP participants remains low, this action helped ensure equitable access. Continued efforts to expand AP offerings and support could further improve college readiness indicators in future years.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Conditions of Learning

This broad goal is established to enhance the conditions of learning by ensuring access to basic services, state standards, and course availability for all students, including expelled and foster youth. This will be achieved through hiring fully credentialed teachers, implementing professional development programs, and providing necessary instructional materials and resources to foster an inclusive and equitable learning environment.

This goal aligns with LCAP Goal 2.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

This goal was developed to support the whole child by improving the conditions of learning through access to basic services, state standards, curriculum, and technology. By providing comprehensive resources, including instructional materials, technological tools, and professional development for teachers, we ensure that all students receive the necessary support to succeed academically and personally. By strategically aligning actions and metrics, this goal focuses on creating an inclusive and supportive learning environment that enhances educational outcomes for all students.

Annual Review

SPSA Year Reviewed: 2024-25

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

There were no substantive differences in planned actions and actual implementation.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No material differences between budgeted expenditures and estimated actuals.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No changes will be made to Goal 2.

Action 2.1 – Staff Assignments: This action was highly effective, as the school successfully maintained 100% fully credentialed and appropriately assigned teachers for a second consecutive year. This ensures students are taught by qualified educators in their respective subject areas and contributes directly to the delivery of high-quality instruction across content areas.

Action 2.2 – Curriculum and Instruction: The LEA achieved full implementation and sustainability across most academic standards, including ELA, Math, ELD, and NGSS. Notably, improvements were made in professional learning systems, with the self-reflection ratings increasing from level 4 to level 5 in areas such as identifying teacher needs and providing support. This suggests that the curriculum and professional support systems are well-aligned and responsive to both student and educator needs.

Action 2.3 – Technology: The school ensured continued access to devices and connectivity for all students, particularly supporting low-income students who may lack access. This action helped sustain equitable access to instruction and promoted engagement in the virtual learning environment, especially important in a fully online instructional model.

Action 2.4 – Professional Development: Targeted PD sessions aligned with academic content and technology use were maintained and supported effective instruction. The high level of implementation reflected in the self-reflection tool confirms that PD was both accessible and impactful in building instructional capacity.

Action 2.5 – Vendor Services: Ensuring vendor alignment with safety and academic standards has supported compliance and consistent access to quality instructional services. This action helps safeguard the integrity and equity of the learning environment, especially when engaging external supports.

Goals, Strategies, & Proposed Expenditures

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Engagement

This broad goal is established to enhance engagement by fostering strong relationships with education partners including parents, students, and the community through effective communication, inclusive practices, and targeted efforts to ensure active participation and satisfaction among all education partners. The school's goal is to create a positive school climate which supports student engagement and success. Our comprehensive support system includes intervention programs, counseling, social-emotional learning support in order to foster an inclusive and equitable learning environment.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

This goal is aligned to LCAP Goal 3.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

This goal was developed to enhance education partner engagement, recognizing that strong relationships and effective communication are essential for student success. By fostering inclusive practices and ensuring active participation from all education partners, we aim to create a supportive and positive school climate. The actions and services grouped under this goal focus on parent involvement, student attendance and retention. By strategically aligning actions and metrics, this goal aims to support high levels of engagement and satisfaction, which are critical for achieving positive educational outcomes for all students.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Education Partner Surveys (input and perceptions)	Participants 71 parent responses. 236 student responses. Survey Results 98.6% of parents feel satisfied with opportunities to provide input and participate in their child's education. 97.2% of parents indicate that they feel their input is valued. 100% of students agreed that their teacher is available to them when they need help and support with their schoolwork. 100% of students agree that their teacher cares about their education and helps them succeed. 98.1% of students report that they feel safe at school. 96.8% of students report that they know they have someone at school to talk to for support if they have a problem. Annual Review

SPSA Year Reviewed: 2024-25

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

There were no substantive differences in planned actions and actual implementation.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No material differences between budgeted expenditures and estimated actuals.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No changes will be made to Goal 3.

Action 3.1 – Education Partner Input: This action was highly effective, as evidenced by high parent satisfaction (98.6%) and staff agreement (100%) regarding opportunities for engagement and participation. Regular input opportunities (e.g., SSC, IEP, 504 meetings) helped ensure voices were heard and incorporated.

Action 3.2 – Communication and Accessibility: Real-time communication, multilingual outreach, and tools like ParentSquare and Worldly helped improve parent connection and participation. These efforts likely supported the consistently strong perception metrics from families and students and helped remove barriers for English learner families.

Action 3.3 – School Safety Plan: Maintained implementation of a collaboratively developed school safety plan reflects continued success in promoting student safety. Nearly all students (98.1%) reported feeling safe at school.

Action 3.4 – School Climate: Investments in social-emotional learning, inclusive practices, and supportive programming contributed to high student satisfaction (98.7%) and increased the stability rate by 8.3%. The positive school environment is also reflected in 0% suspension and expulsion rates.

Action 3.5 – Professional Development (Cultural Competency): While not tied to a specific metric, this action supported the overall positive climate and perception data across all stakeholder groups, suggesting it has contributed to staff awareness and inclusiveness.

Action 3.6 – Attendance Monitoring: This action was less effective this year, as chronic absenteeism rose to 16.6% (RED). While monitoring systems and SARB processes were in place, increased supports or earlier intervention may be needed to address this challenge more effectively, especially for SED and SWD student groups.

Action 3.7 – Mental Health Support: This was a high-impact action, helping maintain strong perceptions of student support (96.8% of students report having someone to talk to). The expansion of counseling, referral services, and partnerships like Care Solace directly addressed SEL needs and contributed to improved graduation (+4%) and dropout (-0.7%) rates.

Action 3.8 – Student Group Engagement: This action effectively addressed the needs of unduplicated student groups and contributed to improved graduation rates (91.2%), especially for SED and Hispanic students. Increased attendance support and mentoring were key in maintaining high levels of student connection.

Action 3.9 – Transcript Review and Evaluation: Systematic transcript reviews, credit recovery options, and success tracking (e.g., “Plan Your Path – Pick Your Plus”) contributed to increased graduation and stability rates, as well as the school’s strong performance in ensuring students stay on track toward college and career goals.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 2 Secondary Students

Name of Members	Role
Ericka Zemmer	Principal
Amy Robinson	Classroom Teacher
Jasee Rana	Classroom Teacher
Michelle Ignacio	Classroom Teacher
Daisy Carlos	Other School Staff
Maria Ortiz-Flores	Parent or Community Member
Adesola Shokunbi	Parent or Community Member
Alicia De Lira	Parent or Community Member
Koa Salinas	Secondary Student
Anthony Flores	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on October 22, 2025.

Attested:

Principal, Ericka Zemmer on October 22, 2025

SSC Chairperson, Daisy Carlos on October 22, 2025

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- **Strategy/Activity #:** Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- **Description:** Describe the strategy/activity.
- **Students to be Served:** Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- **Proposed Expenditures:** List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- **Funding Sources:** List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
