## 2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

The North Oakland Community Charter School (NOCCS) is a public school committed to fostering thoughtful, informed, and inquisitive citizens. Grounded in a vibrant and diverse learning community, we honor each child's unique intelligence and history, striving to deepen their intellectual and social capacities.

Guided by ten core principles, NOCCS is dedicated to:

Respect for children and their learning.

High expectations for academic excellence.

Cultivating a caring community of learners.

Valuing and embracing diversity.

Establishing meaningful connections to the world.

Upholding a commitment to equity.

Recognizing the vital contributions of families.

Respecting the significance of teachers and teaching.

Nurturing creativity.

Facilitating teaching for understanding.

These principles form the foundation of our educational approach, shaping NOCCS into a place where every child can flourish intellectually and socially.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent

<b>Total Teaching Positions</b>						

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## School Facility Conditions and Planned Improvements

In the Fall of 2023, Alameda, CA conducted a facility inspection at NOCCS, and we are pleased to share that NOCCS successfully passed each aspect of the inspection. The ongoing maintenance of our facility, both mechanically and aesthetically, ensures that it remains in good condition. Your dedication to maintaining a high-quality environment is truly appreciated.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**C. Engagement**

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
<p>One of the most noticeable aspects people see when entering our school is a wall filled with group portraits of nearly every family at NOCCS. We do this for much more than the stunning aesthetic value that it brings to the building – we do this because we firmly believe and want to demonstrate our history of and continuing commitment to involving the entire family in the education of our students and the life of our school community.</p> <p>NOCCS was founded by a group of parents and educators committed to the promise of public education. This commitment is evident throughout NOCCS’ history, and continues to thrive as a guiding principle and practice of our school today.</p> <p>NOCCS is also known throughout the area as a model of parent/family and community involvement. Our parents and families typically log over 7,000 volunteer hours per year. The volunteer services that our families provide are wide ranging, including teaching handwriting, organizing the gardening program, serving on our board of Trustees, teaching visual arts classes, directing fundraising efforts, and more. This level of involvement fosters a culture of shared responsibility and accountability for the school and the education of every child at NOCCS.</p> <p>In addition to volunteerism, parents and families play a critical role in the life of the school and community. From recreational activities, such as family dances, to involvement in the educational program through bi-annual family conferences and participation in the portfolio and performance assessment systems at NOCCS, families are intricately woven into the fabric of the school.</p>

## 2023-24 School Safety Plan

All staff, students, and families are well-acquainted with NOCCS Emergency Operations and School Safety Plan, detailed in the school handbook, posted in the office, and available in each classroom. Monthly drills for lockdowns, fires, and earthquakes are conducted, and emergency kits are collected for students at the beginning of each year. Furthermore, NOCCS is actively implementing and refining our "Comprehensive Peacemaking Program." This program includes proactive/educational measures, as well as individual and group interventions, designed to create, maintain, and support a physically, socially, and emotionally safe school environment for all community members.
