Status of federal revenues: Expenses are drawn down when revenues are drawn down. Draw downs happen every couple of months. We are expected to receive all budgeted federal funds this fiscal year. The deficit will disappear as funds are received.

VII. Educational Consultant

A. Teacher Assessment Framework

Dr. McFarland stated that the Framework is "irrelevant" at this point in time as teacher assessments have been completed for this year.

B. Stipends

Stipends: The summary sheet provided in the email from Dr. McFarland shows what has been approved and already paid, and what is to be approved and paid for the remainder of the fiscal year, after assuring that stipend activities are completed. Summer program tuition income was collected and deposited in the 2015-16 fiscal year. It was included in 2015-16 revenue, but should have been included in 2016-17 revenue as the summer programs were offered and the related stipends paid in the 2016-17 fiscal year.

Referring to the uploaded document with charts re stipends: Money is left over from the London trip. It is recommended to allocate \$2200 from the London trip income to cover additional expenses (stipends for staff chaperones) rather than paying the London stipends with regular school stipend funds. It is recommended to move \$1900 of field trip teacher stipends to field trip line items.

Each stipend listed is approved to be paid.

Stipends is an area that needs to have more clearly defined operating procedures created by the Board of Directors.

Cathy Aldrich made a motion to account for the Summer camp income (\$4750) as 2016-17 revenue, instead of 2015-16 revenue.

Melissa Vlasak seconded the motion.

The board **VOTED** unanimously to approve the motion.

Cathy Aldrich made a motion to authorize the payment of stipends as presented in section #4 of the chart in the uploaded document.

Fraser Hamilton Sr seconded the motion.

The board **VOTED** unanimously to approve the motion.

Fraser Hamilton Sr made a motion to approve the stipend payments listed in section #5 of the chart, pending satisfactory completion of staff duties.

Melissa Vlasak seconded the motion.

The board **VOTED** unanimously to approve the motion.

C. Audit Reports

Last spring the Board asked the School Director to complete tasks related to the policies and procedures of student discipline. The Board asked for an audit report of disciplinary actions.

New software is being implemented that makes sure that we stay compliant with special education regulations and allows us to track students with IEPs or 504s.

D. Testing Schedule

AIR testing will begin next week with MAP testing to follow. D. Thompson reported that the MAP testing allows MPA to see the growth of students over time. October MAP testing provided a projected score for each tested student. Growth will be measured by comparing students' projected growth scores to their actual second test scores.

The results must be reported to the sponsor by June 2017.

E. Professional Development Update

Suzanne summarized Christian Long's visit. Seven teachers are part of the "Design Council." They are working with Mr. Long to begin to get a handle on all the things to be conceptualized to move to the new school building. Fraser arranged for teachers to see the new school building. Teachers were most excited about the amount of natural light in

the building. The Design Council will be reading three books and will be participating in Skype discussions. The next PD day will be led by the Design Council. Mr. Long also talked about ideas of how to convey Menlo's mission and "voice."

Rosetta Stone and MobileTech: We need to address bandwidth issues to maximize Rosetta Stone usage. Can we allocate more bandwidth to Rosetta Stone by making it a priority for online work?

Plans are being made to accomplish KRAs. Student activities are being planned to help them think about the transition to the new school building.

The event is expected to raise approximately \$2000. Fundraising revenue will still be \$10,000 below the projection for this school year.

Cathy Aldrich made a motion to approve the Spring fundraiser as presented.

Fraser Hamilton Sr seconded the motion.

The board **VOTED** unanimously to approve the motion.

Cathy Aldrich seconded the motion.

The board **VOTED** to approve the motion.

This will be a 1099 consultant. We are looking for someone to be paid for deliverables rather than hours. We do not know how much money is left in the DCRC budget to pay for a consultant. To meet the revenue projection we need to raise approximately another \$90,000. We might spend 20% of this on a consultant. Let's consider incentivizing the pay for this consultant.

XII. Governance Committee

A. Board/Committee Member Recruitment

GC reviewed the KRAs and the board calendar.

At this time, no new board members are being suggested for election. Due to the many changes at MPA this year it is suggested that we keep the status quo regarding board members. The long-term goal is to have the MPA board focus on the educational program and establish a separate 501c3 "Friends of Menlo" organization within 2 to 5 years.

The intent is to continue building strong committees and to recruit experienced committee members as future Board members.

All KRAs and related tasks are now entered into Board On Track to assist committees and staff in monitoring the completion of tasks and KRAs. A big Thank You to Laura Lusk, parent and committee member, for taking the time to enter all KRAs and tasks into BOT.

We need to ensure a Board book with Board and Committee meeting minutes and attachments, as well as updated policies and procedures, is kept in the business office.

B. Policy Development to Align with Policy Governance Philosophy

C. Leimbach noted that there is board work to be done to establish MPA-specific board policies. Policies related to compliance with educational law will be provided by A. Borman, an educational attorney with whom we have contracted.
