## **Record Attendance and Guests**

### **B. Call the Meeting to Order**

Teri Harrison called a meeting of the board of directors of Menlo Park Academy Governing Board to order on Thursday Sep 21, 2017 at 6:03 PM.

### **C. Public Comments**

Kelly Jackson is wondering about the possibility of making Menlo a Peanut/Tree nut free school. There are 2 students this year with airborne sensitivity to peanuts. There is a kindergartener with an extreme peanut allergy. She volunteered to find information that could provide more epi education for teachers regarding allergies. She suggested having a non-dedicated epi pen at school as 25% of people that need an epi pen at school have never before had a reaction so they don't have one.

Erin Stachnik expressed concerns that there are only 4 teachers on the K-1 floor while the student count exceeds 96. See her letter below.

Audrey Greiner trains the teachers for giving medication. It is important to double check the current school nursing laws to make sure the teachers are getting the proper training. Dwayne Hoyt would like more open communication to the parents for changes that affect the students.

Erin Armstrong encouraged the hiring of another teacher or teaching assistant for 3rd and 4th grades to lower the class sizes. She also would like the board to look into policy changes regarding scented air fresheners and markers, etc., to provide a healthier environment for children with asthma.

Jennifer Reglin also expressed concerns about the large class sizes in 3rd and 4th grades.

Erin Stachnik - My name is Erin Stachnik and my son Duncan, is in first grade. MPA's Class Size Policy #6320 adopted by the Board in 2013 was recently modified on September 7, 2017. The policy states that the school will maintain an instructional grouping size maximum of 24 students in grades K-4. There are 4 teachers for 99 students on the first floor in kindergarten and first grade combined. This ratio violates the instructional grouping size maximum applicable to core instructional courses by 3 students. I request the Board allow the School Director to hire an additional teacher for the first floor. Adding an additional teacher will allow teachers to provide quality instruction and allow the school to accept new students in order to meet the enrollment goal of 468. I would like my letter as written recorded in the minutes. Thank you.
